SUGGESTERS TO GET BONUSES DURING DIAMOND JUBILEE YEAR

In commemoration of General Electric's Diamond Anniversary this year, plans to award bonuses along with the suggestion awards issued during 1953 were announced today by the Fort Wayne Suggestion Committee.

In outlining the plan, A. C. Hartman, chairman of the committee, explained that all suggesters who receive \$25 or more for their adopted suggestions will also be awarded a suitably inscribed Zippo lighter.

On each suggestion idea that pays \$75 or more, an electric clock will be presented in addition to the lighter. These bonus awards will be made only once to each individual becoming eligible for them, the committee revealed.

The plan, for which regular Suggestion System rules will prevail, is for single and not accumulative suggestions. All suggestions received as of today will be considered.

"With this added bonus incentive, it is our goal to receive one or more suggestions from each of the employees of the Fort Wayne and branch

plants during 1953," Mr. Hartman stated.

"If an employee has an idea and needs some assistance in preparing his suggestion, he may secure aid from his foreman or supervisor," the chairman of the committee said.

Proof of the value of a suggestion was shown recently when an employee of the Schenectady plant submitted an idea that he thought would make his job easier. When the idea was investigated, it was found that the suggestion not only made his job easier, but would eliminate some very costly repair and replacement expense. He was awarded \$5,000 for an idea, for which he expected to receive \$25, Mr. Hartman said.

The local Suggestion System was formalized in 1923, with C. H. Matson serving as first chairman. Since that time, over 148,000 suggestions have been submitted by Fort Wayne and branch plant employees. Over one-half million dollars has been paid to the suggesters. During the past few years,

G-E Club Square Dance Set for Tomorrow Nite; Kiddies Movies Jan. 10

The third in the series of ten square dances sponsored by the G-E Club will begin at 8:30 o'clock tomorrow evening in the Club auditorium. Free of charge to employees and their friends, the informal dance will feature Johnny Lukens and his Rhythm Rascals and Bill (Cookie) Lee as caller. It will continue until 11:30 p.m.

Dates of the remaining square dances scheduled for the 1953 Club year are: January 17 and 31, February 14 and 28, March 14 and 28, and April 18.

The third movie program for employees' children is slated for Saturday, January 10, beginning at 9:30 a.m. in the auditorium. Featured at this program will be the full-length movie "Ride Tenderfoot Ride", with Gene Autry. The third episode of the serial "Trail of the Royal Mounted" will be shown along with assorted short subjects and a color cartoon.

Chester Kleinknight New Pilot of Decatur Sup'r, Foremen's Club

Chester Kleinknight is the new president of the Decatur Supervisors' and Foremen's Club. He was elected at the Club's annual Christmas Party, Saturday, Dec. 20.

Other newly elected officers who will assume their duties along with the president today are, Lew Nelson, vice president, and Raymen Johnston, secretary-treasurer.

A TIME TO SET NEW GOALS — CORDINER

Departments Name Committees For Anniversary Celebration

Anniversary committees have been set up within the various departments to help further plans for a year-long 75th anniversary celebration within the Company. They are as follows: Electric Sink and Laundry, H. E. Priwer, chairman, A. K. Scripture, M. L. Beck, L. L. Ray, and E. C. Throndsen.

Specialty Motor, E. F. Rhodes, chairman, F. L. Gale, R. B. Parker, and M. D. Barrows.

General AC Motor, W. R. Bog-gess, chairman, Paul Merkey, Carl Olson, and Jim Walley.

Hermetic Motor, A. E. Leider, chairman, W. H. Connor, F. H. Fleischer, and G. M. Raith.

Specialty Transformer and Bal-last, C. D. Pease, chairman, R. W. Barker, R. F. Rowe, and C. P. Gnaul.

G-E President Ralph J. Cordiner has made the following anniversary statement:

"Seventy-five years ago, next October 15th, Thomas A. Edison formed a company for the purpose of developing and manufacturing an electric light. This was the first of the companies which, in 1892, became the General Electric Company in its present corporate form.

"To the men and women within our Company, this birthday observance can be an occasion for many things . . . a time for celebrating, with honest pride and satisfaction, the tremendous contributions the General Electric Company has made to Electrical Living in America; a time for recounting the exciting adventures the Company has made into the realms of scientific research and creative engineering; a time for gaining further

G-E Establishes New Fellowship Program At Purdue University for Math Teachers

The General Electric Company has established a mathematics fellowship program under which high school mathematics teachers may take summer courses for graduate credit at Purdue University, university officials announced today.

Dr. Frederick L. Hovde, president of Purdue, said that there will be 50 fellowships awarded to teachers from 11 middle west and east central states for a six-week program from June 22 through Aug. 1, 1953.

The program is designed to familiarize secondary school mathematics teachers with the application of mathematics to the various fields of human endeavor. It will be conducted by the Purdue faculty in cooperation with General Electric scientists and engineers, he explained.

The grant of each fellowship by the General Electric Company includes tuition fees, maintenance at Purdue during the six-week period, and traveling expenses, which will include special trips to the Fort Wayne plant.

The program will provide classroom and laboratory instruction for the teachers in addition to various

Elex Jan. 12 Meeting to Have 'Europe Here We Come' Theme

Monday, January 12, Elex Club will open its 1953 calendar of events with its first meeting of the year, Roqua Wibbel, president, announced today. "Europe Here We Come" is the theme of the meeting, which will begin at 4:45 p.m., when dinner will be served in the G-E Club auditorium.

Mary Gordon, travel advisor of the TWA airlines, will be the guest

speaker at the program which will begin at 6 p.m.

An attendance prize of a round-trip flight to Chicago via TWA airlines will be awarded by the Club.

Miss Gordon will present highlights of places to be visited on the Elex-sponsored trip to Europe this summer, suggestions on types of wardrobes to be considered for air travel to Europe, and a luggage packing demonstration. Miss Gor-

Keep the Children Safe

Over 2,000,000 American children will lose their lives or be injured next year as the results of accidents in the home. A study now being made of four thousand actual home accidents by the Institute for Safer Living of the American Mutual Liability Insurance Company shows that 50 per cent of all disabling home accidents happen to children under 15—that nearly one and a quarter million of these mishaps will occur to children under five.

What are the most common of these child accidents? Falling out of windows, says the Institute, leads all other types by far among children less than five years old. Burns and scalds, and poisons rank about equal and a second major class of these little tot accidents. In the five to fourteen year age group, broken glass leads all others.

The number of ways in which children succeed in getting hurt seems to be without limit, according to the accident records of the Institute. There are large numbers of cases reported of children getting hurt seems to be without limit, according to the accident records of the Institute. There are large numbers of cases reported of children getting their hands caught in washing machine wringers and electric kitchen mixers, many more of children eating or drinking the most unpalatable of substances—kerosene, paint, lye, washing soda, shellac, insecticides, even ant poison. There are a surprising number of instances of children being maimed by power mowers or falling down abandoned wells, or electrocuting themselves by playing with home wiring systems, or smothered by locking themselves in abandoned refrigerators. They fall out of trees, impale themselves on picket fences, fall off roofs and porches, engage in dangerous target practice with bow and arrow and slingshot.

What is the answer? Can these accidents be prevented? Yes, says the Institute for Safer Living, they can be stopped. But, it takes constant safety thinking, safety supervision, safety management on the part of the parents who are responsible for the lives and welfare of their children.

According to a recent publication of WATCH published by the Institute, there are 158 ways in which children are being hurt every day. Study of this survey discloses, however, that prevention of most of these accidents can be assured by observing the following simple rules the Institute recommends for the attention of every parent:

1. Place furniture so that children cannot climb close to windows. Have windows

screened for protection.

2. Keep matches, knives, broken glass, household bleaches, poisons, electrical appliances and cords beyond the reach of young children.
3. Keep children away from hot liquids. Turn handles of hot utensils on stove where child cannot grasp them.
4. Never leave younger children unattended while bathing them.
5. Keep medicines and cleaning fluids where youngsters can't get at them.
6. Don't allow children to operate power equipment—such as washing machines, wringer, dishwasher or motor-driven tools.
7. Have rugs secured against slipping.
8. Keep stairways uncluttered.
9. Make sure that children's play areas are in good repair and 100 per cent safe.
10. See that porches, grounds, fences, stairways and floors are in good safe condition.

Ramblings

Bldg. 31-2

by Julie Rice

Well, to start the new year off right, I'm going to break my solemn resolution to be on time and wish everyone a belated "Happy New Year." . . . Congratulations are in order for Mr. and Mrs. Phil Potts who became the proud parents of a baby girl, Deborah Kay, on December 23; Dick Hanson, who received a \$200 suggestion award on the 22nd; and Chick Waltemath who was released from the hospital around Christmas after a serious lung operation. We hope for his speedy recovery. . . . Since the year has drawn to a close we had some last minute vacationers in the past week. These lucky souls were Helen Moeschberger, Magdalen Beck, and Ray Pumphrey. And, speaking of vacations, Elga Ginder went to New York a couple of weeks ago on Navy business and says he likes it so well he plans to go back next summer for a second look. . . . In case you were wondering why Earl Elwonger has been encased like a mummy recently, here is the dope as I get it from the

Flying HIGH

BUILDING 6-4

by Ivy Mills

We hear Kathy's father and sister have been visiting her over the holidays. They are from down Mississippi way, so Kathy elected her dad to be chief cook so that she would get her fill of all that luscious southern cooking. Bet a Yankee wouldn't know what the conversation was about if he would have been around. Do you know what she calls a tangrine? A satsummon. I asked her how she spelled it. "I dunno", she says. . . . When Doris McGuire says she is going to get a crewcut, she really means it. Reason for said cut? So she won't have to comb her hair. . . . If anyone needs to put on about 15 pounds in one night, just eat a piece of Marie Johnson's pecan cream pie. It is guaranteed to put on weight. . . . The answer to my little problem last week about the doghouse builders is 15/7 days. . . . Ralph Christman wrapped up a box of broken glass real purty for his wife for Christmas. Everytime she shook the box, she got a different rattle and each rattle gave her a different idea. Wonder what idea she had when she opened the box? . . . Harold Stith needs to carry maps with him when he is out joy riding. He can't seem to find his way around after he gets ten miles outside the city limits. . . . Bob Chroninger bought a photograph for his children. He wanted to fix it so he could hook it up to his radio. Charlie Hoffman said he'd fix it for him. When Charlie finished, the phonograph played through the radio all right, but the radio wouldn't work at all. Now poor Bob has to hire a repair man to fix the radio for him. . . . New decorations have been added to Walt Wohlford's apron strings—chicken bones. . . . Rosie has a new way of making coffee, just her own magnetic personality, they say. . . . Glad to have my gal Friday, Thelma, back after her session with the flu bug. . . . Esther Johnson has been off ill for several weeks. Hope you are able to come back soon, Esther. . . . Remember the nursery rhyme: There was a Fred Springer who lived in a shoe? Seems Fred's family has been enlarged by four members now, and with groceries at the price they are, too. . . . What are you laughing at, Warren, the same thing happened to you, too. . . . Everyone around seems to be such a good poet, thought I'd try a lil' myself. I realize it doesn't compare with Walt's, but after all, there is only one Walt and I am new at the business.

On 6-4 there is a guy named Pete. As a tester he can't be beat. But put him on inspection, Oh my goodness, the rejections. Please, oh please! keep him on test, So that the repair gals can have a rest. I promise, Pete, I'll never do it again. . . . Jimmy Andrews, a former inspector and brother of Tommy Andrews, came up to see us over the holidays. He is stationed at Camp Le Jeune, N. C. It was good to see Jim again. He sure does make a sharp looking Marine.

grapevine. The pilot light on his gas heater went out and when he tried to light it, it blew up causing a slight decomposition of the skin on his left hand. . . . By the way, in case you would like to buy a ping pong table, see Homer Conrad. That's his sideline.

SICK LIST

The following people have been reported on the sick list, dismissed from the hospital, and returned to work:

Sick List

Virginia Frank, Doris Durr, George Breedlove, Harold Canfield, Joan Trott, Edward Huhn, Eugene Miller, Alma Raymer, James Monroe, Virgil Reinig, Esther Walters, Rennie Phelps, Jack E. Smith, Helen Pyle, Sadie Wolf, Richard Krebs, Rosella Dove, Lorenzo Upson, Dorothy Conner, Norma Smith, Zara VanSkyock, Nadine Russell, Alma Wilkinson, Elmer Lontz, Agnes Akins, Delores Roberts, Marguerite Dasher, and Wilda Miller.

Dismissed from Hospital

Anni Fett, Ronold Blodgett, Ethel Koontz, Harry Babcock, Dortha Beasley, and Charles Waltemath.

Returned To Work

Margaret Parisot, Peter Mueller, Wallace Clayton, Guliea Brown, John Haberkorn, Ammie Fett, Herman Ebel, Carmen Dominguez, Addie Belcher, Margaret Stillwell, and Opal Bates.

The "Secret Pal" group, the accounting, inspection, and planning sections, celebrated Christmas Thursday noon, Dec. 18. They had their gift exchange and enjoyed a dinner of "Chicken on Wheels." . . . Friday, Dec. 19 the girls who work for Paul Kissinger had their gift exchange and expected to enjoy a dinner of "Chicken on Wheels" but to date the chicken has not arrived. The girls' dinner consisted of celery, carrot sticks, cake, and coffee. I imagine the candy machine got a good workout that p.m. . . . W. M. Kase certainly can be called a magician after drawing the lucky number enabling his wife to win the attendance prize at the accounting department Christmas party. . . . Saturday, Dec. 20 the group from the draft-

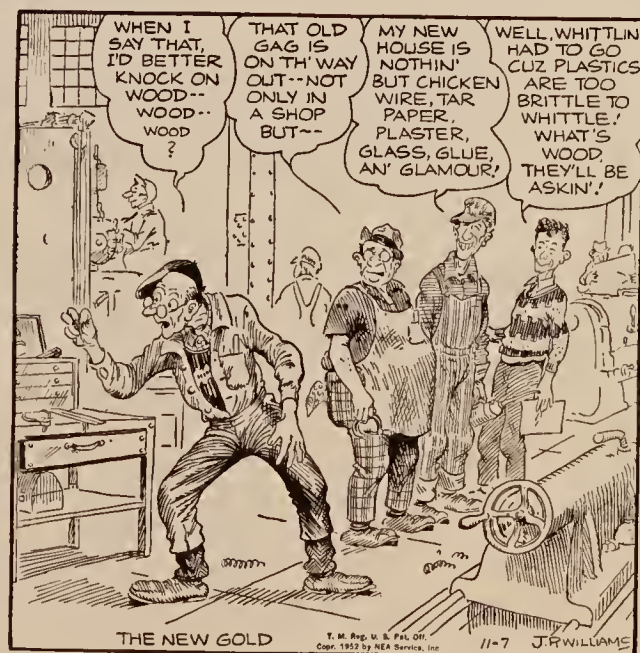

Have you forgotten that New Year's resolution already? . . . Happy birthday greetings to Luella Masson, whose birthday was Dec. 27. . . . The tiers on line two had a dinner party and Christmas exchange at the Van Orman Hotel. . . . We wish lots of luck to Edna Pennycoff, who left us to take up a full time job making tiny garments. . . . Just call her "wrong way Zirkle." Mary was driving the wrong way on one of our one way streets. . . . Leona Hollis was Christmas caroling the girls. She can't understand why no one gave her a treat. . . . Glen Carpenter left us last week to go to Apprentice School. Don't forget the apple for the teacher. . . . Shades of coffee grinder days. Virginia Pelz forgot to get her coffee ground, so when she got home she had to hunt up the old coffee grinder before she could have coffee for supper. . . . Our "We wish you happiness mat" is out for Dale Bixler and Iva Mullins, who have announced they said "I do." . . . HOLIDAY BRIDES. We also wish happiness to Mary Frantz, who middle-aided it Dec. 26. Betty Fulk went to Missouri, where her bridegroom is stationed, to be married during the holidays. . . . Congratulations to grandma Margaret Zumbun! It's a new granddaughter. . . . Wonder what Virginia Longardner was thinking of the other day when she went to lunch? She took her sweater off and left her apron on instead of the opposite. . . . By the time this goes to press we hope that Florence Miller and Myrtle Hamilton are off the sick list.

ing room had a Christmas party at the Squares Hall. From what I hear, everyone who attended enjoyed themselves immensely. . . . These poor expectant fathers! Everytime the phone rings Les Fanning breaks out in a cold sweat. He is hoping to be a proud papa before the New Year. . . . We want to wish Ed Ellenburg a very happy birthday. . . . I hear George Dykhuizen has turned out to be quite a musician by pulling dead mice out of his pants pocket.

OUT OUR WAY

Supervisors Book Humorist for Meeting

Velma Goelz Elected GeCode Club President

Velma Goelz has been elected president of the Decatur GeCode Club. Other 1953 officers are: Lucille Foor, vice president; Ethel Schlickman, secretary, and Pearl Kreischer and Virginia Harvey, directors.

The newly elected officers will be installed at the club's annual setting-up conference Sunday, Jan. 11 at the Moose Home. Irene Meyers, supervisor of women's activities, will be the installing officer.

The following conference schedule was announced today by the new and outgoing officers who are in charge of the annual meeting:

Sunday, January 11
10:30 a.m. Registration
11:00 a.m. Installation
12 noon Dinner

Business Session in the afternoon.

Chairmen of the organization's various committees will be announced by the new president and the program for the club year will be planned.

It's the start of a New Year, as Christmas of "51" is past history. As we look back there is usually one thought that comes to our minds and I'm sure this was an experience to many. . . . It was early Christmas Eve and last minute touches were being made to the tree so everything would look nice for Santa Claus. The children were very excited. Amazingly enough, they asked to go to bed about eight o'clock and you thought happily to yourself that the time had come for you to relax. At 10:00 o'clock you prepared a snack for Santa and made ready to help him, when all of a sudden you heard footsteps and someone said "I am coming down for a drink of water." You got him a drink, tucked him into bed, and had just begun your chores when again you heard footsteps. Then someone peeking around the corner asked why you hadn't gone to bed yet. You explained that you were waiting for Santa. You tucked him into bed once again and after everything was quiet you started once more. This time, without interruption, you succeeded in finishing what you had started. It was nearly midnight when you dropped into bed for a few winks. At five o'clock Christmas morning, when you were enjoying the most wonderful sleep, BOOM! BANG! Johnny came running into your bedroom pounding on a drum and shouting, "Look what Santa Claus brought me!" Susie was ringing the bell on her tricycle and screaming her excitement. Groa-n-n-n! With sleep heavy in your eyes you forced yourself up and sat on the edge of the bed. There was nothing to do but get up and help them celebrate, so you pulled yourself up, thinking how much fun the angels (devils!) were having. But as you stepped into the living room a quick survey of things instantly changed your mind. The kids were having a MERRY CHRISTMAS.

MOTOR and GENERATOR

Daffinitions: Bachelor: "Man who will get married as soon as he can find a girl who will love him as much as he does." **Prejudice:** "Frozen emotion." **Old-Timer:** "Man who remembers having to go to the store with his wife because she couldn't carry home \$10 worth of groceries." **Good Times:** "Era when you accumulate debts you're unable to pay in bad times." **Psychiatrist:** "Fellow who can train you to be unhappy intelligently." **Tax Payers:** "The cross section of the American public." **Optimist:** "Any woman who pursues a middle-aged bachelor." **The Dollar:** "Money that talks in every foreign tongue." **Tactful Girl:** "One who can make a slow boy think he's a fast worker." **Babies:** "Nice little humans who don't bore you by telling all the cute things their papas and mammas have said." . . . **Clara Sez.** Here's hoping everyone has a wonderful new year and that you receive the good things of life.

Musie Hour."

Feb. 2, The Rev. Stanley Manoski, "European Holiday."

Feb. 9, Mrs. Mabel G. Edwards, of Koerber's Jewelers, "The Romance of Silver." A movie on silver will be shown also.

Feb. 16, Mr. Robert Schowe, of the Cottage Shop, "Floral Arrangements."

Charm Classes Open Jan. 12

Open to both members and non-members, Elex Club's 1953 series of charm classes will begin Monday, Jan. 12.

Persons interested in enrolling in the series should register with either Lois Miller, Women's Activities Office, Bldg. 18-1, or Evelyn Blakley, Taylor St. Women's Activities Office. Enrollment fee is \$1 for members and \$2 for non-members.

The course will consist of six classes conducted Monday evenings in Bldg. 16-3, Room 20 from 7:30 to 8:30 p.m.

The following program of guest speakers and subjects has been planned for the series:

Jan. 12, Mrs. Colby, of the Grand Leader department store, "Your Right Hat."

Jan. 19, Mrs. Harry Hogan, "Contributions to One's Charm."

Jan. 26, Mrs. Charles Bishop, of Tom Berry's Music Shop, "The

To Hold Annual Dinner Meeting At 6:30 p.m. in Van Orman Hotel

Dr. Tennyson Guyer, philosopher and humorist, will be the guest speaker at the annual meeting of the Supervisors' Club, Jan. 12 at the Van Orman Hotel, outgoing president, Charles E. Slater, announced today.

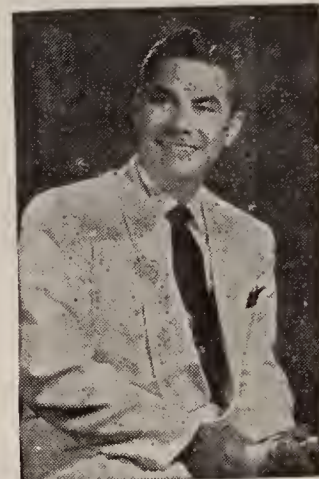

The meeting will begin at 6:30 p.m., when dinner will be served in the banquet room on the mezzanine. The 1953 officers will be installed at the annual event, which is being planned by the outgoing officers and administrators.

Newly elected officers are: Jerry C. Duryee, president; Arthur W. Bireley, vice president; Louis N. Brunner, secretary, and Arnold C. White, treasurer.

Known as "Ohio's Ambassador of Good Will," Dr. Guyer is executive assistant and public relations man at the Cooper Tire and Rubber Company of Findlay, O. He also has a weekly radio broadcast in that location.

Identified as a salesman for the American way of life, Dr. Guyer has appeared before audiences in many sections of the country. In a Chicago Tribune review, his speeches were described as "gripping, inspirational, humor-spiced, and common-sensed." Major General Lewis Hershey said of him that he is "A captivating spell-binder who left his Washington audience thinking, talking, and applauding."

Members should make reservations with contact men as soon as possible.

Dr. Tennyson Guyer

Elex Club Opens Reservations for Trip to Europe

Reservations for the two Elex-sponsored tours of Europe arranged for this summer during the vacation shutdown are now being taken, Irene Meyers, club advisor, announced today.

To make a reservation for either of the two trips, a \$100 deposit fee is required. Deadline for making reservations is June 1. Final payments must be made by June 15.

Doris McKeefer will serve as European Tour Consultant, Miss Meyers announced also. Broadway plant employees should make reservations with Miss McKeefer, and Taylor St. employees should contact Evelyn Blakley.

One of the trips, the two-week tour, will leave Fort Wayne July 25 by TWA airlines and return August 8. This tour is \$879.

The other tour consists of three weeks beginning July 25 and continuing until August 15. Total cost of this trip is \$1022.

Prices on both of the trips, which include tours of six countries and a stop-over in Ireland, covers TWA Trans-Atlantic Air, railway, motor-coach, and cross channel and local steamer transportation; hotel accommodations; tour escorts; meals; sightseeing programs; transfers; taxes and tips, and baggage. The six countries to be visited by members of both tours are: England, Holland, Germany, Switzerland, Italy, and France.

Persons desiring further information should contact Miss McKeefer, Bldg. 18-1, Ext. 454 or 555, or Miss Blakley, Taylor St., Ext. 2519.

NEW YEAR'S LETTERS—As part of the policy of the four Sub-Departments to maintain close relationship with all of their customers at all times, New Year's greeting letters were sent this week to several hundred customer representatives by the four managers. Signing letters to be sent out to Specialty Motor customers is J. J. Clarkson, general manager. Lisle D. Hodell, general manager of the General AC Motor Sub-Department, receives several bundles of letters to sign from Betty Williams, who assisted in preparing the greetings.

Kowalski Named Hermetic Advanced Planning Specialist

Chester S. Kowalski has been appointed advanced planning specialist in Hermetic Motor Sub-Department's manufacturing engineering unit, Willard Connor, manufacturing engineer, announced this week.

In 1942, Mr. Kowalski joined the Company and entered plant engineering in the mechanical section. One year later, he transferred to the Winter St. plant where he was in plant engineering. He entered the U. S. Navy in 1943 and served in the Pacific theater of action.

After his discharge from the Service in 1946, Mr. Kowalski returned to plant engineering. In 1947, he entered the shipping and receiving section in the Wire Mill

Chester S. Kowalski

at Taylor St. He was named assistant general foreman in shipping and receiving in that location in 1948.

In 1949, he transferred to the office of the general superintendent. Mr. Kowalski entered the Advanced Manufacturing Training program in February, 1951. He completed the program prior to his present appointment.

A graduate of the University of Louisville, Mr. Kowalski received his B.S.M.E. degree in 1942. Mr. and Mrs. Kowalski and their three children live at 4821 S. Calhoun St.

The switch girls say they have news but are just too tired to report it . . . Claude Landin took his hat off for Christmas and the girls were surprised to see that Claude really does have hair on his head. . . . Cuddles Watt has a new name. Just call her Dippy. . . . The stock room welcomes Ed Wiley and hopes he will like his new work. . . . Santa Claus brought Russ Galloway an Oldsmobile for Christmas. . . . Ed Brockalls' son received a 20 gauge shot gun for Christmas. We wonder if the gun is for Ed or the boy? . . . We wish Eno Richter a safe journey to Florida on his third week vacation. He and his family are going to visit near Clearwater. . . . The girls in the lead section were entertained at a Christmas exchange and party at the home of Laura Adams. . . . Our sincere sympathy to Mr. and Mrs. Herb Richter on the death of Mrs. Richter's mother, Mrs. Harges.

SMOKE HOUSE Sayings:

Bldg. 22

by George Winans

We are real proud of Mellie Rietdorf's howling. She had a score of 221 one game and 540 for all three games. Mellie has to make her new bowling ball pay off. . . . Lloyd Garrison is the lucky guy this week, he enjoyed the Holidays on his third weeks vacation. . . . The 17x510 group had their Christmas exchange at Bonnie's. The lunch was delicious, Bonnie. We will be back for some more sometime. . . . Thelma is quite happy, she is going to spend several days of the New Year holiday with her husband at Camp Gordon, Georgia. . . . What's this we hear about your husband surprising you with a TV set, Mamie? . . . Dorothy Bunsold's husband was home two days last week with the flu. . . . Lucy Ramm received a billfold in the Christmas exchange and she is very proud of it. . . . Violet Renkenherger and her husband each received a watch from their son in Germany. . . . Donna Smith had a Christmas Party at her home. Six of the girls, and Donna, enjoyed a wonderful potluck and their hostess gave each of them a tea apron. . . . Ruth Sparks found Santa a little early and has a beautiful new wedding ring. . . . Harriet Palmer had an exciting time when ten cokes she started to pick up dropped to the floor. . . . Tracey Bartle has a new deep frywell, won't that be handy? . . . Margaret Turney is real proud of her new electric roaster. . . . Mable Shinn was surprised with a birthday supper when her relatives had a carry in lunch for her. . . . Mary Biehl spent Christmas Day in Muncie with her son and family.

Anniversary

(Continued from page 1)

recognition of our contributions to industry, electric utilities, farming, labor, transportation, communication, home-making, and so many other facets of our American way of life. Certainly it can be a time for setting new goals for our Company in production and sales; employee, community, customer and public relationships; research, engineering and scientific achievements.

"This 75th year of progress can be a time for General Electric men and women to re-affirm the moral strengths and virtues which they possess to such a great degree and which, down through the years, have made General Electric a good corporate citizen in every sense of the word.

"A birthday observance is a wonderful opportunity to add up the score of past achievements and pledge even greater progress. May this 75th anniversary be an inspiration to all General Electric employees to do these things in the spirit and measure of our traditions."

Our sympathy to Ferroll Hill on the death of his sister. . . . Johnny August and Hill are taking their third week's vacation over the holidays. Hill wanted to go ice fishing but there was no ice because of the warm weather. What a shame, cause those fish would have got a big laugh out of looking up through that hole at him. . . . Thank you Brownie, for your Christmas card to the gang from Florida. . . . Waymon Morton would like to thank Henry for the nice Christmas gift, a pair of shoes in a cage. . . . Bouncy Becker is now doing a little ushering on the side. He must look very distinguished bouncing up and down the aisle in his stripped pants and a cut-a-way coat. . . . Just a little tip to Mildred Merrer. Talk faster and finish your sentences when ordering your dinner so they will know for sure what you want. . . . Ralph Garrett received a Christmas card and a present from some secret admirer. The present was one slightly dead rodent in a paper sack. . . . Al (Shorty) Klinerichard also received a Christmas card reeking with perfume, from a gal named Bertha. Shorty's only problem now is which Bertha. . . . Becker's little girl asked him a good question the other evening. "Daddy," she said, "what would you do if you saw mommy kissing Santa Claus?"

The office girls in Bldg. 4-1 are glad the holidays are over. With everyone bringing them candy and cookies, Bess, Helen and Mary were worrying about their waistlines! . . . We're happy to report that Charles Strebis is well enough to be home from the hospital. . . . George Hahn wishes he could win a bet once in a while on Central's basketball team. Art Holterman is taking all his money. . . . Did Howard Stephans ever find anyone to cook that chicken he won? . . . Fred Pyle has stopped taking Norm Burkhalter's towels, since Norm has been nailing them to the bench. . . . Happy birthday wishes to Bob Watson and Ed Fruit. . . . Ted Slough and Herman Lankenau both enjoyed their third week vacation Christmas week. . . . Doesn't Bob Hoffman like candy anymore? He's been dropping candy bars all over Bldg. 4-1. . . . The girls in Bldg. 17-1 would like to know if Harley Bottorff has filled the money sock he received at the Christmas party. . . . For the people who work in Bldg. 4-1, the following are your new MBA officers: chairman, Reinhold Frede; vice chairman, Arnold Linnemeier; board of directors, James Bender and Frank Lawrence; secretary, Imo G. Pitts. . . . Harry Smith is the new dispatcher in Bldg. 2-E replacing Joe Trentadue who will be dispatcher in 4-2. . . . When Norm Current was driving an old hot rod, he passed everything. Now that he has a new Pontiac Catalina, we hear he can't even pass a filling station! . . . A MEMO - Running people down is a bad habit, whether it's by talking or with a car.

Often Cheaper to Leave Fluorescent Lights Turned On Says G-E Engineer

Elx Meeting

(Continued from page 1)

don has been associated with TWA for eight years and has lived in Europe for five years.

Two color sound movies, "Flight to England" and "Flight to Switzerland", will be shown. The countries of England and Ireland will be featured in the decorations.

Members may secure reservations with contact girls or at either the Women's Activities office at Broadway, Bldg. 18-1, or Taylor St. Reservation fee is \$1.25 for the dinner. Deadline for making reservations is Thursday, Jan. 8.

Glenn Kaylor's niece, Flora May Bauer, was home for a visit over the Christmas Holidays. She is serving with the Marine Corp. at Camp Cherry, Virginia. . . . Has anyone seen Bill Gepfert's new dinner pail? He spent about two months trying to get it done before Christmas. The day after Christmas Bill came in with it. Do your lunches taste any better, Bill? . . . Loren Dunlap was presented with a pen and pencil set, also a nice billfold from the boys in Bldg. 24. Loren leaves us to join the armed services of Uncle Sam. He is the son of Glen Dunlap of 26-B. Glen, we hear, is laid up with a very sore foot caused by stepping on a rusty nail. We hope he is back to work very soon. . . . The boys wish to thank Ted Mullen for being such a grand guy in taking Jim Stauffer's place as foreman while Jim was on vacation. . . . Dorothy Ann and Bonna Lou planned a pot-luck dinner for the leading operators, with the foreman, Bob Mann, and Bob Hunt as guests of honor.

Bert Gruber lost her billfold a year ago. Bert wants to thank the fellows on second trick who recently found her billfold between the conveyors. . . . Someone tell Mary Jane Mertz that her clock number is still the same. Look for your number instead of the name people are beginning to think you need glasses. By the way, Mary Jane, why did you jump up and leave the table so fast Thursday? One of the fastest exits we've ever seen. . . . Wimpy, Darrell, Ernie, and Archie rate high on nights. Wimpy received a sack of popcorn and a wrist watch. Darrell a tie, tie clasp, and a gift certificate. Ernie received a swell shirt and pants to match. Archie got a bright yellow shirt. You can see him coming now! . . . A number of potluck dinners held. The finishers and stockers had five chickens! They claim Louie Sordetlet ate most of them. In the gift exchange Louie received a shirt, tie, and socks. . . . Norh Sordetlet received a plaid shirt to keep him warm on those ice fishing trips. . . . Ced Persing received a Parker pen and pencil set from the hermetic group. They also had a feast and gift exchange. . . . Clarence Trout is taking a week's vacation.

During the recent presidential campaign Gov. Adlai Stevenson, to illustrate his zeal for economy, told of his practice of turning out lights in the statehouse at Springfield.

For the guidance of future candidates and the public in general, a General Electric lighting engineer was inspired to analyze the economics involved in the turning off of lamps as opposed to letting them burn.

"The problem is a real one in the case of fluorescent lamps," according to A. L. Hart, the engineer. "Unlike incandescent lamps, the fluorescents' lives are determined to a large extent by the frequency and number of times they are turned on and off. Thus, the saving in electric energy cost must be weighed against the increase in lamp cost."

Generally speaking, lowest overall lighting cost results if fluorescent lamps are turned off when a room is unoccupied for longer than 10 or 15 minutes, Hart's studies revealed.

But if the room is unoccupied for shorter periods, turning out the lights is more costly than letting them remain on.

Bonus

(Continued from page 1)

approximately 40 per cent of all suggestions have been adopted. During 1951, the Fort Wayne plant had the largest number of suggestions submitted and adopted of any G-E plants.

Fellowships

(Continued from page 1)

trips through G-E plants and laboratories in the area. It will be under the direction of Dr. Ralph Hull, professor of mathematics and head of the Department of Mathematics at Purdue, in cooperation with L. C. Swager, manager of employee and plant community relations.

President Hovde said that announcement of the recipients of the 1953 awards for the fellowship program will be made in the spring. The awards will be made by a special committee set up by the University.

To be eligible for one of the 50 fellowships, a secondary school mathematics teacher must have experience in the field, hold at least a bachelor's degree representing substantial undergraduate courses in mathematics, and teach within designated states. These states are Illinois, Indiana, Iowa, Kentucky, Michigan, Minnesota, Missouri, Ohio, Tennessee, West Virginia, and Wisconsin.

The mathematics fellowship program at Purdue is the fourth fellowship program for high school teachers that the Company has established. Each year 100 secondary school science teachers are awarded fellowships for a six-week summer period at Union College, Schenectady, and Case Institute of Technology, Cleveland; and 50 teachers of mathematics from 12 eastern states are awarded fellowships for a similar program at Rensselaer Polytechnic Institute, Troy, N. Y.

What we would like to see in 1953: our nation at peace; a year without lost time accidents; less snow on Howard Demsey's TV set; Ed Schafenacker pull a good one on Jim Buchheit; continued good health for our pensioners; an abundance of work all year in the Tool Section; the draftsmen wear those bow ties again next Christmas; Clayton Racquet take Bob Mosshammer fishing; Walt Esterline really catch some of those big blue-gills he's always talking about; Earl Brandon stay out and see all of the Komets hockey games; Bob Pickett keep his fingers away from his grinding wheel; Russ Kensill finish his garage; a tool room picnic; Julius Doster stock lower Long Lake with wall eyes; Ralph Steward buy a new Ford. . . . **SOME NEW YEAR'S RESOLUTIONS:** Willy Garman says milk is 22 cents a quart and beer 22 cents a pint. He's going to drink milk in '53. Carl Ahlersmeyer has resolved to quit squirming and stalling on playing that game of golf with the Shipman, Yentes, Dunlap combination. No one remembers how many years he has been a fainaiguer. Kenny Doell wants to see more of the Christian theme put into the G-E Club Christmas program for our children next year. Ed Stahl resolves, "To do the best I can with what I have wherever I am." Chet Rennecker and Carl Zion each promise to lose 10 lbs.? Ned

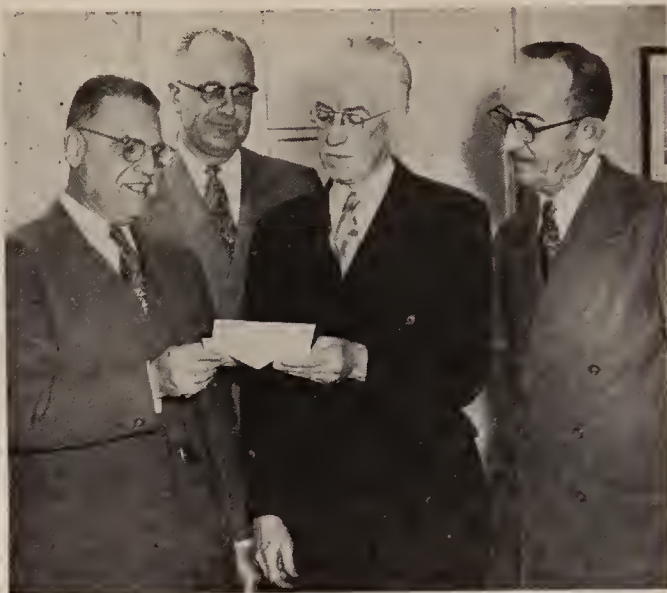

Gruelach resolves to quit smoking and Jim Brand wants to gain the 20 pounds that Chet and Carl are going to lose. Bob Bryan resolves to get married as soon as he gets his house done in '53 and I resolve to send a copy of that resolution to his girl friend. Joe Mettler resolves not to razz Bernie Byanski about his Nash and Bernie resolves never to buy another "Klunker." Paul Brinkroeger and Bob Truelove both resolve not to make any resolutions. Mart Walsh gives us an iron clad guarantee that he won't give away any more wild cats or dogs to his friends. Art Dicke and Woody Hursh are going to quit spinning fish stories without the fish. Henry Frey quit smoking last April so he already has a flying start on his resolutions. Herb Ort wanted a special fishing pole for Christmas, but Harold Cutler had bought the last in town. Herb's spirits were low when his wife informed him the poles were sold. Little did Herb know that Mrs. Ort had arranged for Harold to buy one of them for Herb and did he perk up Christmas! The second shift boys presented Willie Bohn and his new wife with a G-E mixer for a wedding gift. Congratulations, Willie. . . . Ronald Blodgett wants to be back to work soon. The operation on his leg was successful. . . . John Snyder, who helps the needy, saw a dog that wandered into the tool room at lunch time and bought him his supper from the soup wagon. . . . Start the New Year right by helping and cooperating with the new safety committeemen for 1953. . . . Howard Markey's first thoughts on greeting the New Year: "Gee—only 11 months till the deer hunting season."

PICK-UPS

from Bldg. 26-3

by Jack Sweet

Congratulations to Dolores Stapleton. Dolores won a new Chevrolet Sunday night, Dec. 21 at the Memorial Coliseum. Now Dolores wants to trade her old '49 Chevy in for a husband. Leap year may be over, Dolores, but with that bait you shouldn't have too much trouble. . . . Arnold Manz has left us to go back to school at the Tri State College. Arnold is working toward a degree in mechanical engineering. . . . Murray Sherman must be making too much money, he has to have two television sets. . . . Speaking of television, one day a week or so ago, inspector John Collins was asking Audrey Oberley which tap to pull and Audrey, blank faced, turned around and said, "Channel No. 5." Audrey must be suffering from that contagious disease, TVitis. . . . Orville Shallenberger is now known as block head. Bernie put a wooden wedge in Shally's hair and he carried it all day until Levi noticed it and took it out. . . . Jay Speice was bragging how quick his new car started. The very next day after he got it, Jay went out in the morning and it wouldn't start. Things are rough all over. . . . Gary Pequignot must like crackers. Whenever there are any crackers left over from his lunch he sticks them in his pocket and brings them back to work. . . . Notice to Donald

REACHES 30 YEARS—William G. Demsey (second from left) reached the 30-year mark with General Electric Dec. 12. Mr. Demsey, who is a foreman of distribution at Taylor St., was a packer in Bldg. 6-3 when he joined the Company. Congratulating him are (l-r) John J. Welch, James H. Oman, Mr. Demsey, and L. W. Kuttner.

Freistroffer: The next time you induce a transformer, keep your fingers off of the leads. . . . Gene Davis, all you have to do to turn the heat lamp on is to flip the switch. You don't have to go around borrowing other bulbs. . . . Bill Mowery's little daughter is just old enough to know what not to do around Christmas time. She got under the tree, a couple of days before Christmas, and opened five

packages before someone saw her and stopped her. . . . The Friday before Christmas Ed Lauer's section was taking up a collection for Ed and when he saw the box coming around, put some money in the box and started to sign his name before he noticed it was for him. . . . Our deepest sympathy to Millie Haslup whose father died Dec. 24 and to Blanche Kanning whose brother died Dec. 21.

G-E CLUB

Kiddies'

Christmas PARTY

1952

Inquiring Reporter:

WHAT DO YOU CONSIDER THE MOST IMPORTANT EVENT DURING 1952?

FRIEDA COPELAND

Bldg. 4-3

"I think the most important event of 1952 was the election of Dwight Eisenhower to become our next President. I think he is well informed in the affairs of our government."

CHARLES E. MARTIN

Bldg. 26-4

"I consider the most important event during 1952 was the people electing Eisenhower President and his going to Korea to try and end the war."

CLAUDE X. CHARLES

Bldg. 31-2

"The people of the United States electing a Republican, Eisenhower, President is the most important event of 1952. This will change the trend of affairs and will have a great influence on our nation and to some extent other nations of the world."

JOHN ROEMER

Bldg. 19-5

"I believe the election of General Eisenhower to the presidency of the United States was the most eminent feature of 1952."

JO BARR

Taylor St.

"I think the presidential election was the most important event of 1952. The record turnout of voters indicated that more Americans than ever are taking an active interest in seeing that responsible, dignified men are chosen to govern them."

30-YEAR-MAN—Walter Duhn (second from right) receives congratulations from a group of his co-workers on the occasion of his 30th anniversary with General Electric. Left to right are C. W. Hale, K. D. Strong, Mr. Duhn, and J. E. Laisure. Mr. Duhn joined G-E in 1922 as a student. At present he is an engine lathe operator in Bldg. 19-2.

Maybe Irmgard Gehle can be her normal self now that Christmas is over . . . she was trying to mail her Christmas cards with Christmas seals! . . . How lucky can you get? Esther Pape happened to notice her drivers license the other day and discovered that it had expired almost a year ago. She even drove to Florida without one! Several days later, after having discovered this, she received a special delivery package containing a pair of glasses, with a note attached saying, "Compliments of the license bureau." Wonder who was so thoughtful? . . . Sympathy is extended to Vickie Hyre in the recent death of her father. . . . We also extend our sympathy to the Jack Walton family. He was a former Section 1 employee. . . . Ray O'Brian, Margaret Bopp, Louie Barrow, Louella Hockemeyer, and Veva Healy were all on their vacations this past week. . . . Sam Taylor is in Texas visiting his daughter and he says that when he comes back he will be a big oil man from Texas! . . . A contest is going to be staged to see if Jake Kugler sneezes louder than Ed Kirschner yawns. . . . John Figley hopes dreams don't come true. I'd suggest you not change parties, John. . . . Al Anspach is going to trade his car in on a horse and buggy. . . . Stella Mailand went to a Christmas dinner and when she got there she didn't see anyone she knew. When she called one of the ladies' husbands she found out she was at the wrong place. . . . Hazel and Chris Stauffer are sure happy. Their son Jim is home on leave. . . . Dale Lauer and Herb Heddon returned from a fishing expedition at Holton Lake, Mich. Reports of the trip are excellent. . . . Warning! Don't let Butch Claymiller work on your Christmas tree. He made a very little tree out of a big one that needed trimming. . . . Willforn Kinsey was seen at the

hockey game Saturday. . . . Bill Charlston has a sure sign to tell when his wife is feeling better, she asks for money to go shopping. . . . Tom Pauley has his car back on the street after a recent encounter with the snow, an elm tree, and another car. . . . Anyone wanting to buy a new manure loader at a reasonable price may do so by contacting Dave Dunfee. If you don't have an extra heavy tractor, Dave has weights available at extra cost. We might also add that Mr. Dunfee has had a very attractive offer from the Ford Motor Co. for his invention, which he has not as yet accepted. . . . Ralph Mennewisch had Santa bring him a TV set for Christmas. . . . Deloris Germano just moved so we've all invited ourselves over for a house warming. . . . Our sympathy to Fred Couture in the death of his grandson. . . . If anyone wants to know where Fern Hollowell is going, just ask Eileen Brown as she has all the information. . . . Carl Metker sure makes a beautiful blond. Wonder if his wife looks as good in the clothes as he did? This all happened at the Section 1 Christmas Party for salaried folks. At the style show "Roberta" Spitler, "Eladona" Moodie and "Herberta" Tilbury made very lovely models in their creations. . . . Doris Weinman had an early Christmas when her husband came home on leave. . . . Savilla Welch is the new girl in Section 1 office. Welcome to Fort Wayne from Arkansas. . . . Howard Hubbard received the most beautiful hose and necktie from all his girl friends. He especially enjoyed all his Christmas cards. . . . Congratulations to Glen Castly! He is a proud new grandpa. . . . It is nice to see Esther Harkenrider back to work and she wants to thank everyone for all they did for her. . . . Bea Davis almost tore off the sleeve of Florence Byers' coat at a hockey game recently. . . . Gladys Strong's son, Paul, is home for the holidays from the Air Corps. Need I say that they are very happy? . . . When Unis Steinbarger gets the seven turkeys the girls are going out for dinner. . . . What has Martha Scherzinger got that the rest of us lack? Martha was the only one at a recent

Auto Accident Fatal To Loretta Reinhard

Services for Loretta May Reinhard, 18, were conducted Sunday at her home two miles north of Bluffton and at the Christian Apostolic Church. The Rev. Samuel Aeschliman officiated. Burial was in the church cemetery.

Miss Reinhard died instantly Wednesday, Dec. 24, at 1:30 p.m. when she was struck by an automobile while crossing State Rd. 1 in front of her home.

In August last year, Miss Reinhard joined the Company as a kitchen helper at the Taylor St. cafeteria. December 10, 1952, she transferred to Sub-Section 14, where she worked on finishing, connecting, and welding.

Survivors include her parents, Mr. and Mrs. Ezra Reinhard.

party who was asked to dance. Class, that's it. . . . Among others who are on vacation are Clarice Fryock, who is in New York, Evelyn Best, who is in Florida, and Reggie Engeman, who is at home, also on vacation is Clara Frede and Ray Soest. . . . Good luck to Joe Lee Zimmerman who is leaving us. . . . Lucky Edith Minnich won a turkey for her Christmas dinner. . . . We wonder if Alma Doctor remembers the time she chased the chicken down Anthony Blvd. She finally cornered it in a bush. . . . We are glad Clarabell Sapp is back at work. . . . One of the nicest Christmas parties yet was held at the home of Pat Hatch for the girls in the lead section. They enjoyed the turkey and all the other good foods. . . . Neva Scott won two prizes, and Pat Gardner and Mary Parent each won a prize. . . . We wonder if Thelma Wyss thought the elevator was a dressing room? She started taking off her coat and her blouse came off with it. . . . Edna Gaff made a pecan pie for the girls she works with and her poor husband had to eat a store bought cherry pie. . . . Birthday greetings to Pauline Denny.

Interdivision Cage Play Resumes Tuesday After Holiday Vacation

by Marc Junk

Action in the Interdivision Basketball League will resume Tuesday, Jan. 6, when the Squares and Transformer No. 1 tangle at 6:30 p.m. at the G-E Club gym. This game will be followed by a contest between Airliners and Taylor St. at 7:45 p.m.

A much improved Transformer No. 2 squad will meet the tough luck Motor-Generator team at 9 p.m. to wind up the evening's activities.

Thursday, Jan. 8, play will continue with both Apprentice teams taking the floor. The Punks engage Small Motor at 6:30 p.m. and the Pros meet the Test Engineers in the after-match.

Sportliners...

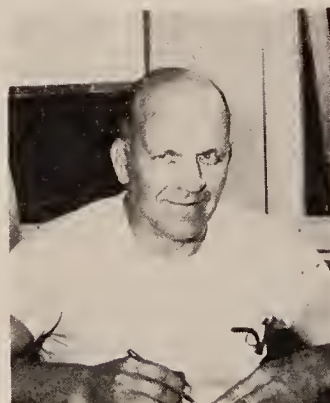

by Earl D. Stauffer

There are about 5,000 boys and grown men in this area who have been fortunate to have known a real friend in our Sportliner of the week, Frank Newport. Few men outside of athletic coaches have had more of an influence on the physical and mental attitudes of so many boys. He has even taught the art of boxing to some second generation lads. He says that when the third comes along, it will be time to retire.

Frank hails from Fort Worth, Tex., where he was a stellar athlete. Football, wrestling, rowing, and boxing were among his participating sports. He played football at three different high schools, and also during a stint in the Navy.

Before coming to the General Electric Co. in 1928, he lived "on the road" doing a song and dance act in vaudeville.

In 1930 when the Golden Gloves got its start in Fort Wayne, Frank along with E. A. (Daddy) Barnes, Andy Snodgrass, William Wehrs, Walter Dryer, Sam Newlin, and Nick Little composed the first boxing committee for the G-E Club. This was the beginning of a career that is still going for the

Frank Newport

venerable Newport.

The sectional winners of that first year were as follows: Flyweight, Ben Speaker; bantamweight, William Edward; featherweight, Clarence Welsh, lightweight, Saul Fett; welterweight, Bob Hosler; middleweight, Sheldon Wallace; light heavyweight, John Ballard; and heavyweight, Howard Meyer.

Frank took over as the coach in 1938 and added the championship to his duties in 1940. He has retained both posts ever since.

"All of the lads who have gone to Chicago carrying the Fort Wayne banner have given a good account of themselves," says Frank.

A lot of boys were outstanding according to Frank, but the apple of his eye was the two-time national champion Bob Burns. "He had everything that was required in the ring," says Frank. Among the other lads high in his esteem are Bob Crosley and Jimmy Blake.

Frank is married and has four sons and one daughter, ranging in age from 8 to 17. He told me that his greatest thrill came while watching one of his sons play football for St. Peters grade school team.

He is a St. Louis Cardinal baseball fan from way back. He also cheers for the Chicago Bears football team. There are a great many of the boxing and baseball greats whom he knows personally.

If you ever have the opportunity to talk to this real sportsman, you will find as I did that it will be one of the brightest spots in your sports memory.

Interdivision League

Kinney Koncession had a hard time doing it, but they finally won the first half championship in the Interdivision bowling league. They won it by the close margin of one-half game. Kinney's boys and the Central Dairy team rolled each other last Wednesday with Central Dairy taking 2 games, losing one game by just 9 pins. If Central Dairy had won all three, they would have been champs. Tom Anderson of Central Dairy had a nice 625 count on games of 214, 210, and 201. Art Glass, of the Dairy team, had an even 200 count. Paul Perry and Les Shroyer of Kinney's Koncession had games of 219 and 202.

Old Crown Beer and Ale made a clean sweep over the Deadheads by winning all three games. Dick Sholl of the Deadheads has a new way to bowl. He tries it by sitting down just in back of the foul line.

Brothers won two games from Transformer. Ed Dickey had a first game of 127, then rolled a 202, and finally ended up with a 211. What was wrong the last two games, Ed?

Jets took two games from Kiels Tavern. Tools took two games from the Gutterdusters. Hermetics won two games from Harvey Bros.

In the final team standing only 4 games separated the first five teams. Final Standings:

Kinney Koncessions	Won	Lost
Central Dairy	31	14
Hermetics	30 1/2	14 1/2
Brouwers	28 1/4	16 1/2
Old Crown Beer and Ale	28	17
Tools	27	18
Harvey Bros.	25	20
Transformer	22	23
Deadheads	20	25
Kiels Tavern	14	31
Gutterdusters	14	31
Jets	10	35

Apparatus

In the Apparatus league it is team No. 1 out in front with 26 1/2 wins and 15 1/2 losses. In a tie for second are teams No. 5, 4, and 10, each having won 26, while losing 16. It was a night for converting splits. Bob Dicke converted the 2-7-10, while Joe Laisure converted the 4-5-7 and the 3-7-10. Paul Perry converted the 5-9. George Horner rolled a 231; Charlie Townsend, 225; and Ed Bienz, 202. Chicken winners included Ed. Reece, Don Stanley, Louie Clubertson, Bob Stute, Glenn Goshorn, and Charlie Briggs.

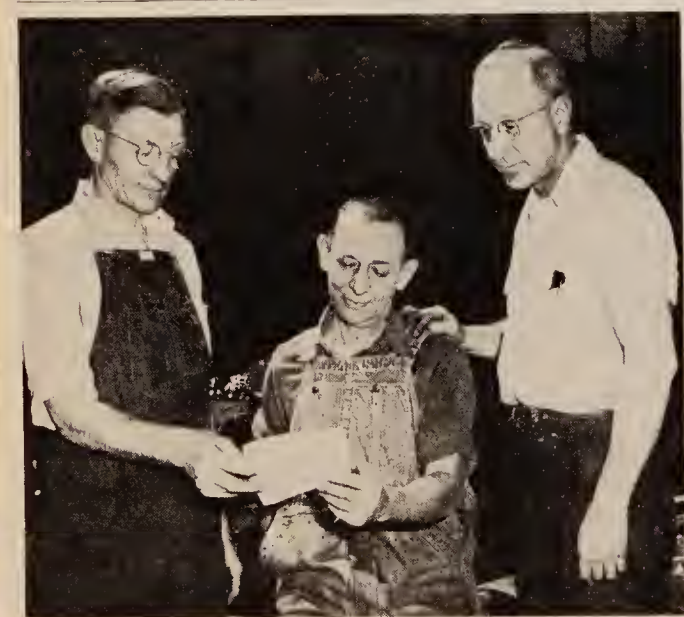

Friday Night Ladies

Old Crown is out in front with a 31 won and 11 lost record. In second place is team No. 2 having a record of 28 1/2 and 13 1/2. Tommie

Monday Night Ladies

It is all tied up for the top sopt between Holeymollers and Twisters, with records of 32 won and 16 lost. Scatterpins have won 29 and lost 16 and Keglerettes have won 28, while losing 20. Dorothy Fuhs rolled a 179; Esthev Muzzillo, 186; Ann Lee, 192; and Pearl Houtz, 192.

Don't forget mixed doubles tomorrow night, Saturday, Jan. 3. Squads will roll at 6 and 8:30 p.m.

WITH G-E 35 YEARS—A 35-year service record was set Dec. 17 by Guy Miller (center). Mr. Miller is an assembler in Bldg. 19-I at the present time. Offering him best wishes on his anniversary are Edward Branning (left) and Willard Smith.

MIXED DOUBLES TOURNAMENT

Saturday, Jan. 3
6 and 8:30 p.m.
at the G-E Club

HONORED ON ANNIVERSARY—Clarence James (center) rang up 30 years as a General Electric employee December 12. Roy Bracht (left) and Neil Allen, were on hand to offer him best wishes. He joined the Company in 1922, and is now a universal mill operator in Bldg. 4-2.

The following appeared in the Central Catholic school paper. It was written by Joe Eifrid III whose father works in Section 17: "Last year on the Saturday before Christmas, I had the experience of playing Santa Claus for a group of pre-school children. That may sound like a very dull performance. It did to me, at least before I got started.

It gave me a very warm feeling to watch the children and the expressions on their faces. I wish that I, too, could still believe in the jolly man with the long whiskers and a red sleigh, pulled by eight reindeers.

I found myself trying to recall their names, Dancer, Prancer, Donner, Blitzen, Comet, Cupid, ???? and ????.

To watch the 'wise ones' was comical. There were two children who really tickled me. They went in a corner where they thought that I couldn't see them. Then they just stood there staring at me, trying their hardest to find out who I really was.

The part that touched me the most happened about half way through the performance. The teacher walked up to me with a little girl, who was holding on to the teacher's hand as if it were a matter of life or death. At first I didn't notice anything special about her, though she did act rather different.

This little tot asked if she could feel my whiskers. I didn't know what to answer. If she was one of those 'wise ones' who would pull my whiskers, I would really be in a spot. But finally I said 'Yes.'

She rubbed her hand over the long whiskers. Then she felt the 'fur' on my coat. She looked up at me, exclaiming with joy, 'You are real, aren't you?'

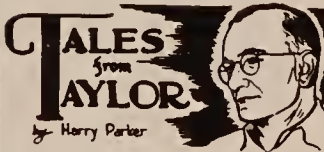

I answered, 'Why sure, what makes you ask such a silly question? Sure, I'm real!'

She said, 'I heard some kids

talking and one said, 'Isn't it funny how little children believe in Santa Claus?' Another answered, 'It sure is, and those old fogies who play Santa Claus! Aren't they a scream? Not too much of a fake!'

She was still brushing my whiskers contentedly as I replied, 'Well, it just goes to show that you can't believe everything you hear!'

This little girl was blind. She helped me to realize that the best thing about Christmas is the part that one can't see."

The holiday season surely produces many items of interest. For instance, Ralph Dunlap won the

booby prize at a pre-Christmas card party. The prize was an over-size powder puff which he tried to hide from his wife, but she discovered it tucked away in one of his shoes. He had a tough time explaining it being there. He told her that he intended sneaking it into Harold Hart's pocket and thereby putting him in the doghouse, but Ralph put one over on Harold by listening in on an extension phone to a conversation between Harold and Mrs. Dunlap. It seems that Harold wanted her to do a little Christmas shopping for him in the form of a black silk night gown for his wife. Ralph has his doubts as to whether that gorgeous black nightie was for mama. We will have more to report on this comedy of powder puffs and sleek black nighties as Ralph intends to find out for sure who got the nightie. . . . Clarence Stove has lost his "puddy tat" and nowhere can it be found. This cat was of the super-duper variety and was prized highly by the family. He is hoping someone will bring him a replacement. He wishes all his friends would gather up all the stray alley cats in their neighborhoods and bring them to his house, so he can select a replacement. . . . Gail Bird is a young man who likes well-groomed hair. In fact, he takes special interest in anyone, man or woman, who takes good care of his crowning glory. He also is very particular about the appearance of his own hair, and combs it many times during the day. One day, we put a close check on him. Reports found that he had used the comb no less than 27 times that day. In the course of a year that will add up greatly. We wonder how many combs he wears out in a 12-month period? . . . Several Sundays ago, Herb Sauer was busy around the kitchen helping mama get dinner. She told him to take care of the pressure cooker in which beans were being cooked. Since he is a dutiful husband, he placed the cooker in the sink turning cold water upon it to reduce the steam pressure, but he did not let the cold water run long enough. He started to remove the lid then it let go spewing beans all over the ceiling and Herb's face. Now he looks as though he had small pox with those hot bean spots all over his map.

ROUNDS OUT 30 YEARS—On the occasion of his 30th anniversary with the General Electric Company, Alfred T. Rebber (center) receives congratulations from Rudolph Zelt (left) and Charles Griffith. Mr. Rebber first worked in Bldg. 26-2, when he joined G-E in 1922. He is now a cylindrical grinder in Bldg. 4-4.

TRANSFORMER TATTLES

Bldg. 26-4

by Rosemary Anderson

Doris S. is a very lucky girl especially before Christmas. She won a \$150 award for a suggestion she turned in. Congratulations, Doris. . . . It seems everyone had a wonderful time at the Christmas party Bldg. 26-4 held Friday night at Gerke's Barn. The Melody Rangers played for us. . . . Eva Johnson celebrated her birthday this week and Irene Kintz will celebrate her birthday on Dec. 29th. Happy birthday to both of you. . . . Sharon Helbert was married Dec. 20. Her name is now Christlieb. Congratulations, Sharon. . . . Wilda Miller has been off the last three or four weeks because of illness. Hope to see you back at work soon, Wilda. . . . Richard Pottee wore his bathing trunks to work today. Were you figuring on going swimming after work, Dick? . . . Ed Englert went to the Transformer party and his wife had to drive him home. Why, Ed? . . . Congratulations to Lowell Neuen-schwander and his wife on the ar-

rival of their baby boy. . . . Robert Ends is also a proud father this month. He has a baby girl. Congratulations, Bob. . . . When Ron Mennewisch is late to work, he sneaks in the back door, but when he is on time you can hear him all over the floor. . . . Ralph Braden was hunting a piece of brass last Tuesday. Go in the office said Les Vachon (that's where the brass is. . . . The girls worried last Tuesday noon. It looked like Wanda Keller and Eloise Mills had run out on them and eaten their Christmas dinner. . . . If Fay Russell would watch his spark plug, his wife wouldn't have to walk one-half mile in a downpour of rain. What have you got on your wife, Fay, to get her to do the walking instead of you? . . . Anybody want a rabbit? They are saying that Buzz Hyser is catching them now with his teeny weenie little hands. . . . I would like to mention the fact that everyone who went to the Perma-fil Christmas Dinner had a wonderful time. Bill Krouse, Buzz Crove and Paul Peterson were treated like one of the gang and they enjoyed themselves as much as we did. . . . I also want to wish a happy birthday to Francis Nelson and Robert Weihr. May you have many more of them.

Night Views

in Bldg. 26-4

by Lucille Keller

The east end girls had a potluck and exchanged gifts. Which one of you got the goldfish? . . . Say, Clark Schied, why must you take a shower at the water fountain? Isn't the water at home any good? . . . Question of the week: Why did Rex Bonstead shave off his mustache? Only his wife knows the answer to that. . . . Wade Bowman makes a perfect model for ties and gloves, but what was this about things not matching? . . . Sana Naler, Leoda Brower, Vernell Williams, and Doris Dady have joined from Bldg. 26-5. Hope you will like it here with us, girls. . . . Annie Cerene was really worried when someone hid her gift from the Christmas grab bag. Doris Jones was really enjoying it, weren't you Doris? . . . Reddt, did you like that piece of turkey you received from the testers pot-luck. A little turkey from the back, way back wasn't it, Red?

If you can't be a star, don't be a fog to stand in the way of those who are.

CELEBRATES 35 G-E YEARS—Receiving best wishes on his 35th General Electric anniversary is Amel Beck (right). Mr. Beck was an insulator in Bldg. 17-3 when he came to the Company. He is now an insulator in the Wire Mill at Taylor St. Shown with him are (l-r) Harry Beltz, Herbert Thompson, and Charles Brubaker.

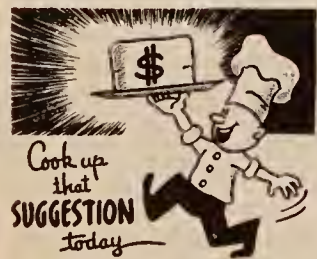

Signed _____

Location _____

A lot of big things happened over the Holidays and about the biggest of all was the fact that three of our boys gave their girls diamond rings for Christmas. Tom Ahr is now engaged to Ellie Libamoff, Jack Olinske is engaged to Wilma Christie, and Tom Burley is engaged to Norma Jean Durnell. . . . Mahlon Hutchison was hired into the Apprentice School last week. Mahlon graduated from Elmhurst High School in 1948. He has just come home after serving as a sergeant in the Air Force. . . . Jack Becker and John Blair really showed Harold Wilkerson and Karl Hofacker who the best Euchre players were. The other day Jack and John played five games in a half hour winning two by skunks and three more by a large margin. . . . I guess Paul Rosenhahn is going back to driver's training school pretty soon. He must have been a wee bit too close to Jim Weber's Mercury, when Jim stopped all of a sudden Paul mashed his grill and fenders into Jim's rear bumper. . . . As you all know, every Friday morning the fire siren blows and everyone expects it. But the Friday after Christmas Harry Ecenbarger forgot, and when the siren blew Harry took off down the aisle. As he whizzed past the boys he noticed everyone laughing and by the time he got to the door he realized it was Friday morning and he slowly walked back to work. . . . There were a few changes made in the school last week. Bob Smith is working in the lathe section now, and Paul Zook is back in the mill section learning the arts of milling. . . . Stanley Williams and Bill Owen were in to visit us over the Holidays. Stan is serving in the signal corps at Fort Monmouth, New Jersey. He is in school studying micro wave transmission. Bill is going to basic in Indiantown Gap learning the arts of hand to hand combat. . . . Jerry Gibson was driving down the street the other evening when all of a sudden a police car came up behind him with his siren blowing and his red light flashing. Jerry stopped and the officers approached asking to see Jerry's license. When Jerry

Well folks, now since Christmas has come and gone for another year, and Santa was good to you all, we'd like now to wish everyone a very HAPPY NEW YEAR to you and yours. Maybe some of us didn't have a very good year this last year, but we hope the New Year will bring everybody a lot of good health, cheer, and happiness. . . . We'd like to thank everybody from the floor for sending their Christmas Greetings and would like to wish you all a Happy New Year. . . . "Peace and Quiet Reigns Supreme"—Clarence Nussel is off this week, on vacation that is. Also on vacation this week: Russel Noll, Ray Greek, and Red Braden. We hear that Harold Freidrick is a little richer this week. He collected from Mike Lowe and Rollie Miller on the North Side game. . . . Ed Klomp's section gave him a very nice Christmas gift and he was quite surprised. Tommy Ambrose also received a gift from the gang and he was very pleased. . . . Clarence Nussel had been warned that something would happen on his last day of work and he was very much in the dark as to what it would be. Well, he finally found out that a few had gotten together and bought him a real nice bow tie. I wonder if he will wear it or try to exchange it? . . . DID YOU KNOW: That Ezra Garringer is a proud grandpa again, a baby boy. . . . That Butch Lydy got a pin for 10 years of service as a fireman. . . . We are all glad to see Bill Meek back with us again and we'd like to wish our sick from the floor a very special HAPPY NEW YEAR. . . . We'd like to express our deepest sympathy to Carl Chadwick in the recent death of his granddaughter.

COPYRIGHT 1952 CARTOONS-OF-THE-MONTH

WANTED—A ride from Broadway plant to Glendale Drive, 7 a.m. to 3:30 p.m. One mile off Taylor St., one way only. H-65248 after 6 p.m.

Surprise, Surprise! Jack August and Ty Frye announced their marriage. Jack was seen at the Moose Home with a ball and chain fastened to his leg, and Ty stated that she had a rolling pin. . . . We had just recovered from that announcement when Mina Lampy announced her marriage to Bill Stevens. Bill doesn't work here, but many of us have met him at various G-E functions. Congratulations and best wishes to both couples. . . . That bright light you see in the Finish Department on second shift is none other than Bonnie Roe. Bonnie is sporting a diamond on her left hand, third finger. The lucky fellow is Bob Noll, Bldg. I. . . . Emma Goldner celebrated her birthday Dec. 19 by passing out cookies and candy. Happy Birthday, Emma. . . . It must be very disappointing to get a bar of candy and then have someone else eat it, but what could you expect when you begged an old shrivelled worm eaten apple

Nurse Loxwilda Rabberman and Ruth Ward in the dispensary at the Bridgeport Works.

FOR STEADY PAY— AND SAFER JOBS

How much is your health and well-being worth—to you and to your family? Dollars and cents don't begin, of course, to tell the story—but last year absenteeism cost GE families an estimated \$40,000,000.

That's why General Electric's health and safety programs are so important to you and to those who depend on you. These programs are designed to help you stay on the job—to help you to earn a full week's pay, and to help you to earn it regularly.

GE health and safety programs are designed to protect your family's most precious assets—*your* health and safety.

EMPLOYEE AND PLANT COMMUNITY RELATIONS

GENERAL  ELECTRIC

THESE 21 GE "JOB DIVIDENDS" BENEFIT AND PROTECT GE EMPLOYEES—AND THUS THEIR FAMILIES TOO

1. \$25 to \$40 a week Sickness and Accident Benefits.
2. Up to \$1,600 for Hospital Extras; up to \$700 for Hospital Room.
3. Maternity Benefits of \$150 (for normal delivery); \$75 and \$225 for others.
4. Up to \$175 for Physicians' Visits in the Hospital.
5. Up to \$175 for Surgical Bills.
6. \$2,000 Minimum Life Insurance (Average over \$4,500).
7. \$2,000 Additional Accidental Death and Dismemberment Benefit.
8. GE pensions; guaranteed minimum retirement incomes of as much as \$125 a month for long-service employees.
9. Up to \$500 Hospital and Surgical Benefits after Normal Retirement Age.
10. Disability Pensions.
11. Pension Plan loans up to \$300 for illness or lack of work.
12. GE Savings and Stock Bonus Plan.
13. \$14,000,000 paid in Unemployment Insurance taxes (1951).
14. \$11,000,000 paid in Social Security taxes (1951).
15. Up to 7 Paid Holidays.
16. Up to 3 Weeks Paid Vacations.
17. Employee Discounts Worth \$5,000,000 (1951).
18. \$700,000 Military Duty Allowances (1951).
19. \$3,000,000 Workmen's Compensation Payments (1951).
20. Educational Grants.
21. Suggestion Plan — \$500,000 Paid Out in 1951.

Volume 36

FRIDAY, JANUARY 9, 1953

No. 2

THE EFFORT THAT TAXES—is arriving at an income tax total that is less than savings, says George R. Girod, Taylor St. employee, as his wife, Shirley, also employed at Taylor St., helpfully shows him that the solution lies in their piggy bank savings. The Girods get an early start in filling out their Indiana Gross Income Tax, which is due Saturday, Jan. 31.

Withholding Tax Statements To Be Distributed Monday

Withholding tax statements (Form W-2) will be distributed to all Fort Wayne General Electric employees Monday by their foremen and supervisors, paymasters of the various departments reported today.

Included on the statements are the figures of total wages paid during the calendar year 1952, the amount of money withheld for Federal Income Tax, and the amount deducted for social security.

Employees who receive more than one Form W-2 statement must add the amounts together in order to arrive at the total earnings and tax withheld for 1952. These statements are helpful in completing

Economics Course

The Elex Club will sponsor a special ten-weeks course in business economy, Irene Meyers, club advisor, announced today. The discussion will be under the direction of L. C. Swager, manager of employee and plant community relations. It will begin Tuesday, February 3, at 4 p.m. All sessions will be held in the Bldg. 18-2 conference room.

Apprentice Alumni Group Announces Calendar of Events for New Year

The Apprentice Alumni Association's calendar of events for the first half of 1953 and names of committee chairmen were announced this week by the organization's executive board.

The following four events have been scheduled:

February 10, Spring Banquet, Smorgasbord at the Chamber of Commerce.

March 20, Spring Square Dance at the Lunz Barn, with John Wright and orchestra.

April 22, Theatre Party at the Civic Theatre.

May 8, Stag Fish Fry at the Southwest Conservation Club.

The following committee chairmen have been appointed for the 1953 club year:

Entertainment: John Leffers, Bldg. 4-6.

Membership: Wayne Boester, Bldg. 4-4.

Sick and Welfare: Charles Bracht, Bldg. 19-4.

(Continued on page 4)

ELEX CLUB SECOND SHIFT TO HEAR BOOK REVIEW AT JANUARY 20 MEETING

Second shift members of Elex Club will open their 1953 club year Tuesday, January 20, at a luncheon meeting at the YWCA. Kathryn Turney Garten will present a review of the book "The Houses In Between" by Howard Spring. A copy of the novel, autographed by Miss Garten, will be presented as an attendance prize.

The luncheon will begin at 12 noon. Reservations may be made with contact girls, at the Women's Activities Office in Bldg. 18-1, or with Evelyn Blakley, Taylor St. The luncheon is \$1.25 per person. Deadline for securing reservations is Thursday, January 15.

The story of an extraordinary woman, "The Houses In Between" is a panoramic novel of life over the past century. Author Spring is

well known for his books, "My Son, My Son" and "There Is No Armour."

First shift Elex members will meet Monday, January 12, at the G-E Club when Mary Gordon, travel advisor of the TWA airlines, will be the guest speaker. An attendance prize of a round-trip flight to Chicago via TWA airlines will be awarded by the Club. Dinner will be served from 4:45 p.m. until 5:45 p.m.

Children's Movie at G-E Club Tomorrow Features Gene Autry

"Ride Tenderfoot Ride", featuring Gene Autry, will be the main attraction at the third in a series of movie programs for employees' children tomorrow morning at the G-E Club.

Beginning at 9:30 a.m., tomorrow's program will include the third episode of the "Trail of the

Royal Mounted", a ten-episode serial, and assorted short subjects including a color cartoon.

The remaining schedule of children's movies is as follows:

January 24, 1953

"Bowery Bombshell," Bowery Boys.

"Trail of the Royal Mounted," (4th episode).

Assorted Short Subjects.
(Continued on page 4)

Hospitals Say 'Thanks, G-E'

In a letter to Fort Wayne General Electric, Clyde C. Cover, chairman of the joint campaign committee for the Lutheran and Parkview hospitals, expressed his gratitude to General Electric people for their recent contributions to the building funds of the two hospitals.

Parkview Memorial Hospital is over two-thirds complete based upon funds paid out, according to Mr. Cover. Contracts will be let soon for the companion development of a nursing school building and dormitory. Mr. Cover stated that it is expected that the hospital and the nursing school structures will be completed and dedicated in the fall of this year.

The Lutheran development is in the advance blueprint stage. It is hoped that actual construction may be started in late spring.

In thanking General Electric for their gifts, Mr. Cover said:

"It is a fact commonly known and appreciated in the community that your company and employee gifts were outstanding in the history of this community. Together they constitute nearly one-fourth of the total goal of \$2 million and nearly one-fifth of the total subscription of \$2,643,000. With those contributions and those which preceded in 1950 (\$80,000) and in 1943 (\$21,000), General Electric has attained its rightful preeminence in this community, not alone industrially, but civically as well.

"While we cannot hope to personally thank all the people of your organization for the friendship and confidence that has been extended to the Lutheran and Methodist Hospitals in their programs of enlargement, we trust you will make known our gratitude to every man and woman in General Electric for their direct or indirect contribution to the sum total of the magnificent gifts."

THE NEED FOR ENGINEERS

An Opportunity for Youth

America needs engineers! Next June some 19,000 young men and women will be graduated from U. S. engineering schools, and will enter positions in the engineering profession at starting salaries well above average.

But 19,000 are not enough. There is an immediate demand for more than 40,000 college trained engineers now and an additional 30,000 new college graduates will be needed each year to enter the profession. Because the low birth rate during the depression years has resulted in fewer numbers of young people today, there is little likelihood of filling this demand for some time to come. More than 19,000 are expected to graduate in 1953, 17,000 in 1954, and less than 20,000 in 1955.

With this country building for peace in the age of the atom and at the same time arming to defend our way of life, the immediate and long-range demands for college trained, specialized technologists offer young people an excellent opportunity in a field that has become one of the most important and critical in America today.

From the security aspect alone parents are urged to seek out information and help from educational authorities to guide their children toward professional engineering training. This training is one of the important things a child can have for his own future good, because the only true security is in a marketable ability. And engineering training can lead to interesting and useful work—from rocket design and TV operation to city planning and salesmanship.

Industry and civilian-government activities alone need 40,000 engineers. Engineering colleges need still more thousands to help train the engineers of tomorrow.

Preparation for a career in the engineering profession should begin in the grade schools with parents and school officials offering young students guidance, advice and training to best prepare qualified young men and women for engineering colleges.

There are aptitude tests to indicate whether a child is fitted for engineering and there are scholarships for those who can qualify—many provided by industry in the top engineering colleges of the country.

A PRAYER

Grant me a steady hand and watchful eye,
That no one may be hurt as I pass by.
Thou gavest life and I pray no act of mine,
May take away or mar that gift of thine.

Shelter those, dear Lord, who bear me company,
From evils of fire and all calamity.
Teach me to use my car for other's need,
Nor miss, through love of speed,
The beauties of Thy world; that thus I may
With joy and courtesy go on my way.

Amen.

—Unknown.

Al Arlic clipped the above prayer from an automotive journal. I am sure we could all find use for courtesy while driving and being courteous does bring feeling of joy inside. Have you tried it lately? . . . Here's wishing Marion Williams an early recovery during his leave of absence. We miss you, Marion. Bernie English has recently returned from a vacation in St. Petersburg, Fla. He reports that Bill Holmes sends his regards to all his friends. . . . The office welcomes Sally Ann Eubank to the Cost Unit. . . . Some generals don't fade away. We think Ed Steward looked fine on his visit

SICK LIST

The following people have been reported on the sick list, dismissed from the hospital, and returned to work.

Sick List

Gloria Irvin, Harry Kessler, Merritt Hartman, Dorothy Fletcher, Donna Erhardt, Joanne Brott, Wendel Hogle, Harold Drage, Stanley Deel, Russell Grim, John Laymon, Antoinette Lause, Cletus Schinenk, Walter Lipscomb, Martha Naugle, Lucille Quirk, William Castro, Esther Bailey, Theodore Schroeder, Mary Caruso, Josephine Durnell, Frank Livingston, Wesley Pritchett, Ruth Craig, Louis Hickernell, Alberta Hudson, Martha Bendergrass, William Burke, Harry Goheen, Helen Kaufman, Catherine Salmon, Adolfo Machado, Virgil Howell, Helen Howell, Virginia Decker, Nelle Warfel, James Love-day, Minnie Kendricks, Mae Jones, Maude Mason, Myrtle Hamilton, and Emilio Hernandez.

Dismissed from Hospital

Robert Nibarger, Edward Huhn, Walter Greiner, Harold Drage, Katherine Dolan, Harry Goheen, Dorothy Conner, Patricia Anselman, and Richard Krebs.

Returned to Work

Alma Raymer, Eugene Miller, Lorenzo Smith, Victoria Variell, Virgil Reing, Mildred Young, Genevieve Mathias, Beverly Willig, Clarence Miller, Forrest Rupright, Andrew Nichter, Kenneth Thompson, George Webb, Orlena Shaw, Alton Carson, George Felts, Verda Deal, James Alexander, Ruth Fulk, Edward Huhn, Herbert Dornte, Edith Graybill, Warren Harding, Anthony Crow, William Bennett, Arthur Heckber, Edward Bangert, Joseph Cochoit, Adele Kuckuck, Edna Biddle, Marguerite Dasher, and Viola Brooks.

during the holiday weeks. . . . Maurice Guenther started the year right with a new car and a fishing trip to Houghton Lake. He is thrilled with the 11-inch bluegills he caught, but we will be polite and not mention the size of his eight-inch bass. . . . Ned Gruelach is happy since he traded for a Chevy. . . . Gus Ausderan still insists that he bought that train for his boys. He has no answer, however, for why he bought himself an engineer's cap and a red bandana. . . . Can anyone tell Louis Pieper what could have been in his thermos bottle to make it go boom just after New Year's? Louie didn't know what or where the explosion was, so therefore he was afraid to leave home until his wife discovered the broken thermos the next morning. . . . There is one pup that's really getting around. First he lived with Paul Auman, then Mart Walsh, next "Bud" Dunlap, and now Russell Jones. "Bud" named him "Marty" after Mart Walsh, but the Jones call him "Smarty" still named after Mart Walsh. That's quite a tribute, Mart. . . . The lathe hands welcome Bob Smith. . . . Ed Sharp is now working in the grinding unit. . . . Gerry Widner has been collecting peanut sacks for a long time. The big pay off came Tuesday before Christmas, however, when Maury Sordelet gave Gerry a big package which was wrapped as a Christmas present. What do you think was in the box? You guessed it. It contained several hundred cellophane peanut bags (the kind Gerry has been saving to get color books.) Gerry claims he had a very Merry Christmas after such a swell gift. . . . Our sympathy is extended to Mr. and Mrs. James Schartz in the death of their new born son. . . . Happy birthday to Max Poling. We understand that Max's parents celebrated their silver wedding anniversary on that date also, and in all the excitement, Max's birthday was almost forgotten. . . . We welcome Walt Greiner back to work after a week's illness. . . . Gene Denig made a sandwich of the excess meat in his meal at the cafeteria, thinking of an afternoon snack. However, he forgot to keep the sandwich when he placed his tray on the dish conveyor. Gene observed his manners and didn't climb on the conveyor to retrieve it. We think he was afraid he might end up in the dishwasher. . . . Komical Komet, Ed Kammeyer, claims the Komets don't have to win. They still get their full houses

Pvt. Lyle D. Freimuth, formerly employed in Bldg. 2-1, is serving in Germany with the 28th Infantry Division, according to a recent release from the U. S. Army News Center. The Division is part of the North Atlantic Treaty Organization Army that is guarding western Europe. Freimuth, who entered the Army in February, 1952, is a radio and telephone operator in the 107th Field Artillery Battalion.

Now in Kentucky
Atterbury until his recent move.

His present address is:

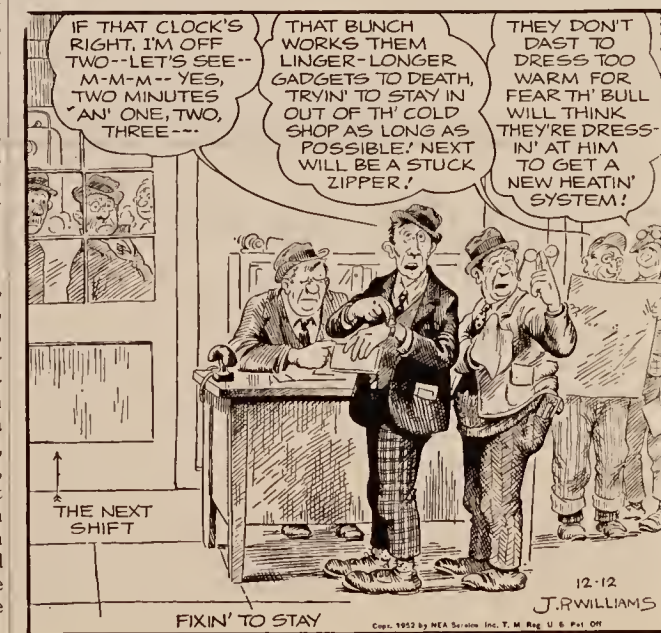

Pvt. James L. Dwyer
U.S. 55304672 2nd plt. Co. A
701 M. P. Bn. Fort Knox, Kentucky

The following employees have entered the Armed Forces: William W. Butler, Don A. Gordon, W. Edward Goodhart, Emmett E. Bachellor, Billy W. Hare, Guy L. Geiger, Jack Tomlinsen, Robert Johnson, Joyce A. Baumgartner and French Z. McQuain.

anyway. For being a dyed-in-the-wool basketball fan, we are amazed that you are turning to hockey, Ed. . . . The ice fishing season is on now. Bob Truclove got 14 big bluegills on Piggy Back Lake. . . . Congratulations to Mr. and Mrs. Paul Brinkroeger on their 19th wedding anniversary. . . . It wasn't raining inside, Charlie Gatten just managed to spill his glass of water all over the guests at his table in the cafeteria. . . . Carl Einsiedel claims he likes a lot of snow. He told me he hopes we get three feet of snow this week. I think we've got a place for him, don't you?

35-YEAR HANDSHAKE—Henry Nagel (left) gets a congratulatory handshake from Charles Backofen on his 35th anniversary with the General Electric Company. He came to G-E first in 1917, as a Bldg. 17-3 employee. He is a bench machinist in Bldg. 19-4 at the present time.

75th Anniversary Celebration Launched With National Ads

General Electric's Diamond Anniversary got off to a flying start nationally this week with the publication of an eye-catching, four-page, four-color advertisement calling attention to 15 outstanding General Electric "firsts" in the January 10 issue of The Saturday Evening Post.

The advertisement, designed to point up some of the Company's major contributions to "75 Years of Electrical Progress", will appear also in the February 10 issue of Look magazine, as well as in full page form in many of the major G-E plant city newspapers on January 16.

First in Series

The kick-off ad is the first in a series of advertisements, promotions, and publicity devices that will be used throughout the year to tell the American public and particularly General Electric customers, share owners, and employees of the Diamond Anniversary celebration which is being carried on in all components of the Company.

Plans for anniversary celebration programs in the Fort Wayne plant, as well as in each of the other divisions of the Company were getting under way this week with various activities being conducted in each phase of the divisions' business. Programs will be conducted throughout the Company until October 15 which is the birthday date.

Aimed at Company

W. H. Robinson, Jr., chairman of the Company's 75th Anniversary Committee, pointed out that the celebration will primarily be conducted within the Company and at the local level, although the public will be made aware of the occasion through normal public relations, community relations and advertising channels.

Employees Invited to Audition For G-E Club Chorus Jan. 20

In making preparations for the G-E Chorus 1953 program, Russel J. Hirth, director, has extended an invitation to all G-E employees and members of their immediate families interested in joining the organization to an audition.

Interested persons should either contact Mr. Hirth, Bldg. 26-2, Ext. 699, or attend the next rehearsal to be conducted Tuesday, Jan. 20, in Bldg. 16-3, Room 20, beginning at 7 p.m. Auditions will be held at 8:30 p.m. immediately following the rehearsal. Voices in all four section, soprano, alto, tenor, and bass, are needed, the director stated. Persons who do specialty numbers are also invited to attend the audition, he added.

Plans for the 1953 program thus far include radio appearances, a spring concert, and a Christmas program. Forthcoming programs will include presentation of songs written by Eric Gawehn, Bldg. 31-2 employee, as well as semi-classical and popular selections.

Officers of the organization are: Warren Berkheiser, president; Bob Knepple, vice president; Margie Shaffer, secretary; Jo Quinn, treasurer, and Glenice Blume, librarian.

The General Electric chorus has been organized for a year.

Squares Wives To Meet Jan. 13 In Club Rooms

Members of the Women's Division of the G-E Squares will have their first meeting of the year Tuesday, Jan. 13, at the Squares' club room, Mrs. M. E. Hamilton, chairman, announced today.

"There's a First Time for Everything" is the theme of the party, which will begin at 8 p.m.

Committee members assisting the chairman are: Mrs. H. W. Fisher, Mrs. G. C. Harvey, Mrs. E. M. Standberry, Mrs. W. Pringle, Mrs. Rensen Chatterly, Mrs. Bruce Rohn, Mrs. Clyde Nicholson, Mrs. N. D. McMullin, and all new members of the organization.

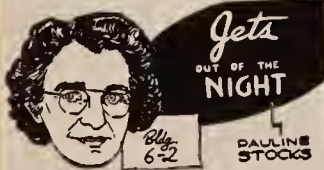

Fort Wayne Engineers Club Open 1953 Program Jan. 15

The Fort Wayne Engineers Club will open its 1953 program Thursday, January 15, Robert F. Rowe, program chairman, announced this week. Members will meet at the new building housing engineering facilities of the Motor Truck Division of International Harvester Co. at 7:45 p.m.

William D. Reese, manager of engineering of IHC's Motor Truck Division, has been scheduled to address the group. Other features of the program include a tour of the new building and its truck engineering facilities and a color film of the division's proving ground facilities in Phoenix, Ariz. titled "Desert Whipping Post."

Members of local chapters of the Society of Automotive Engineers and the American Institute of Electrical Engineers will be the guests of the organization at the meeting.

glad to see Marjorie Cook who came in for a visit. She tells us the baby daughter is doing fine. . . . Esther Meeks got a raise or else a Christmas present. She looked real nice in the new dress. . . . Did Joneal Gunkel deliberately break the machine? We heard her say she was tired of working. We are sure it was quite accidental. . . . You would never know Marie Bruggencote if you met her now. She has a new permanent and a new squirrel fur coat. Lucky girl, Marie. . . . Allan Klinger has it made. He tells us they had a weiner bake New Year's Eve. Sure, in the fireplace in the basement. That's quite all right, Al. . . . We all enjoyed the strong man act performed by Merle Bennett, especially bending of the air hose. Quite a trick, Merle. . . . Willie Mertens informs us he is just loaned out to Bldg. 6-2 and if we don't treat him nice, he'll go back to Bldg. 4-2.

Joneal Gunkel is a sure shot or a poor shot anyway. Throw straight next time, Jo, instead of hitting Esther Meeks in the head. . . . Ed Proegler has been called lots of names, but the last one, "mother," Ed really tops the list. Quite a thrill, Ed. . . . Allen Klinger celebrated her 40th wedding anniversary December 27. . . . Joe Vega visited his family in Puerto Rico for the holidays. . . . Overheard this remark before New Year's Eve: Margaret Talbert—"Jerry will you marry me?" Jerry Colkins—"Who me?" . . . Pearl Mackey wishes to thank all the girls for her lovely Christmas presents. Pearl is our matron. . . . Lelah Ryan complained about being so tired she couldn't even think straight. We know she couldn't talk straight. . . . We wish to put out the welcome mat for Mary Boyd, and also say so long to Marylyn Pattee, who has taken a transfer. . . . We wish to extend our sympathy to Blanch Montz in the death of her daughter. . . . The group in department 810 really enjoyed the lovely chocolate cake Verl Pribble brought them. Sure, Verl liked it. Thanks a lot. . . . We are glad to see Al Farrow back with us after recuperating from an auto accident. . . . The group was

80 YEARS OF SERVICE—William Eisenacher (second from left) and William Straub (second from right) both reached the 40-year mark in their General Electric careers last week. Congratulating them are (l-r) E. J. Vosburgh, (Mr. Eisenacher), Ab Martin, Pres Slack, Vern Castle, (Mr. Straub), and Herbert Cook. Mr. Straub is a dispatcher in Bldg. 6-2 and Mr. Eisenacher is supervisor of cost in Bldg. 2-3. Both joined the General Electric organization in 1912.

James R. Pugh

James Pugh Appointed Foreman in Training In Specialty Sect. 1

The appointment of James R. Pugh as a foreman in training of the White Armature Group in Specialty Motor Sub-Department's Sub-Section 1 was announced this week by Robert L. Spittler, superintendent.

When he joined the Company in 1947, Mr. Pugh became a tester in Bldg. 26-5. He transferred to Bldg. 17-4 where he entered experimental test. In 1948, he went into the Apprentice School and graduated from the machinist-toolmaker course in 1951.

After graduation, Mr. Pugh entered the tool room in Bldg. 26-2. In February last year, he transferred to Bldg. 4-3 where he was a toolmaker at the time of his present appointment.

Mr. Pugh served in the U. S. Navy from 1943 until 1945. He was in the European theater of action for 14 months. He is a member of the Apprentice Alumni Association.

Movies

MOTOR and GENERATOR

Thought for the week: "A job becomes work only when you worry about it."
—Josephine Schaeffer.

CLARA SEZ: Right off the bat I want to welcome Devonna Britton and Hilda Reising into the fold. We are sorry to see Gene Fox (a really swell guy) leave the gang. Come back and see us often, Gene. . . . Good luck to Carole Franke on her new job. She will be working for George Murray. We'll miss you, kiddo. ART GALLERY: Al Phillips and the other fellows in Bldg. 19-B really go in for the finer things of life, as witnessed by their art collection. I think Al was keeping the month of December all for himself (you sly one). . . . I've been told that Bill Hoelle of Test has a weakness for babies. (The little ones, that is.) . . . Pop, what kind of beverage was that you were telling Otto about? From snatches that I could hear it sounded yummy to me. . . . FAMOUS LAST WORDS: Are you positive about that, officer? . . . But they said they were seven-point favorites. . . . So this is the bride. I thought it was her mother. . . . He tried to drown his sorrows in drink, but discovered that they were all expert swimmers. . . . Don't give me that Admiral routine, Knucklehead. The Admiral is home in bed. . . . How come this bank statement doesn't show the \$100 deposit you made last week? . . . When the car coming toward us didn't dim his lights, we turned ours back on bright. . . . DAFFYNITIONS: Arch villain: Flat feet. . . . Retired detective: Bull put out to pasture. . . . Acoustic: Pool player's fond of money. . . . Barbed wire: Comic telegram. . . . Mid-afternoon sandwich: Pause that refreshes. . . . Haircut price: Shear madness. . . . Bridge Club: Sallying forth to be a silly fourth. . . . Hula skirt: Fringe adjustment. . . . Office manager: For whom the belles toil. . . . Speed trap: Snow in a side street. . . . Counterfeit: Reaction from food costs. . . . Paratrooper: Guy who pulls strings to hold his job. . . . Critic: Tsk, Tsk jockey. . . . Economy: Spending money without benefit of fun.

HITS 30 YEAR MARK—Joining the ranks of 30-year employees last week was Samuel T. Buckley (right). He receives best wishes on his anniversary from Paul Boyer and True Sheets. Mr. Buckley was employed in 1922 as a machine hand. At the present time he is a foreman in Bldg. 4-2.

RETIREES WITH 44 YEARS OF SERVICE—Emily Guth shows a scrapbook containing highlights of her General Electric career and best wishes for the future to some of her co-workers in the Employment Office. They are (l-r) W. E. Beer, Robert Hodel, Hubert Myers, and Otto Brunner. Miss Guth joined the Company as a stacker in 1908. Prior to her retirement she was a secretary in Bldg. 21.

Apprentice Alumni

(Continued from page 1)

Athletics: Marc Junk, Bldg. 19-5.

Members of the executive board are the newly elected officers who will assume their duties at the February meeting. They are: Don Greenler, president; Walter Buesking, vice president; Leon Ahnman, financial secretary; Thomas Roberts, recording secretary; Harry Eckenbarger, treasurer; and Chales Biggs, Donald Dimke, Carl Lomms-tzsch, and John Jennings, directors.

A famous French dress designer was finally cornered in Paris and asked his reaction to current dress styles. "Well," he commented, sadly, "several years ago the dresses used to touch the floor. Today they also touch the floor, but it's the top of the dress that does the touching!"

PICK-UPS

from Bldg. 26-3

by Jack Sweet

Writing the Pick-Ups from Bldg. 26-3 is a task, you'll have to agree. But if it wasn't for Dee, Joe and Bob, I am sure I would have had a bigger job. I want to thank them all for their help in '52. In writing this column, just for you. I hope that with their help again in '53, we continue writing Pick-Ups from Bldg. 26-3.

A TRIBUTE TO A FRIEND

A friend came to work at the G-E. She worked in the lead section, 26-3. Never wore a frown, nor was she disagreeable.

She later was transferred to 26-4. Where she made friends by the score. She always wore a smile, Which was well worthwhile.

On December the second, in fifty-two, She with others turned sixty, too. She retired on a Wednesday, from the G-E.

To gain new friends, we'll agree.

When you leave to go to fields anew, May all you wish and try to do, Bring you success and happiness, as at the G-E. Good-luck, from Cornelia and friends on 26-3.

Now we know! We have often wondered what Willard K. Lenz's middle name is. We have learned from unofficial sources that his name is Willard Wolfeschlegelsteinhausenbergerdorff Lenz. . . . We want to welcome Ralph Wilder to Ed Lauer's stacking section and say goodbye to Janice Kincaid who left us to take a full time job as a housewife. . . . Levi Carpenter is the proud owner of a television set. . . . Zelma relaxed with ease while she took her third week of vacation a couple of weeks ago. . . . George, what did your wife have to say about the hair net and curler you received for Christmas? . . . Congratulations to Betty Rider who received a beautiful engagement ring recently. . . . Welcome back to Clarence Gerbitz, who was on a sick leave. Clarence is working 2nd trick for Willard Lenz, testing jets in the lab. . . . Clear the streets, I've got my Ford running again!

Rivers to Head Specialty Motor Accounting Sect.

Leslie B. Rivers

Leslie B. Rivers has been appointed supervisor-accounting in the Specialty Motor Sub-Department financial section, Paul M. Deal, manager-finance, announced this week.

In 1947, Mr. Rivers joined General Electric and entered the business training course at the Schenectady plant. Upon completion of the course, he entered the corporate accounts section in the general office at Schenectady.

Mr. Rivers transferred to the Arcrods Corporation in Baltimore in 1950, where he was an accountant. In May, 1951, he entered the U. S. Air Force. After he was discharged in November last year, he came to the Fort Wayne plant where he was appointed to his present position.

A graduate of Boston University, Mr. Rivers received his B.S. degree in business administration.

Heart Attack is Fatal To Joseph C. Rich, 65

A retired Decatur plant employee, Joseph C. Rich, 65, died January 1 at his home in Monroe, Ind. after a heart attack. Services were conducted Saturday, Jan. 3 at his home and at the Monroe Methodist Church. The Rev. Ralph Johnson officiated. Burial was in the Decatur Cemetery.

A native of Monroe Township, Mr. Rich retired from the Decatur plant June 1, 1949.

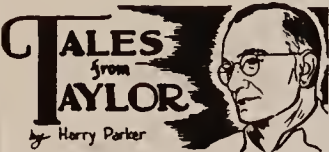

Survivors include his wife, Vera, and one daughter, Jeanette, teacher of voice in Fort Wayne's Forest Park School.

SMOKE HOUSE Sayings:

Bldg. 22

by George Winans

Henry Wells got a new flash camera for Christmas and he has been like a kid with a new toy. His new baby is the most photographed child in town. Henry says it's a swell camera but it must have a short in it because the bulbs keep burning out. There's a pile of used bulbs three feet high out behind Henry's garage. . . . Al Mason had a new bow tie on last week, but confidentially on him it didn't look so good. It didn't camouflage his bay window like the conventional fore in hand. He may be trying to imitate H. Carlton Smith. . . . Kenny Strong, Dick Hartigan and Adam Farrell would like to know who put the stickers on the seats of their trousers when they came in to wish us a Merry Christmas. . . . Charlie Castle got a new outfit to wear to work so we can't call him "raggedy Charlie" anymore. Charlie had quite a shock the other noon when he was washing up for lunch. He thought he was losing his eyesight but it turned out that he had forgotten to remove his glasses and had them all soaped up. Still trying to get rid of those bubbles, eh Charlie? . . . Vern Pease has done it again. He's got another new Studebaker, a V-8 this time. . . . Our idea of a technicolor picture would be Frank Walker eating an orange.

Cletus Speith got out of bed bright and early last Sunday morning, went to the bath room and shaved, then to the kitchen where he prepared his own breakfast and packed his lunch, and headed for the Plant. But on his way he observed many people going home from early Mass. It dawned upon him that it was Sunday and not Monday. He immediately did an about face and headed for home, crawling back into the hay without disturbing his wife. He told us that these holidays have got him all mixed up and hopes that they do not come in the middle of the week again soon. . . . Art Brandenberger is now in the market for a helicopter and is making arrangements with the Company for a landing spot at the Plant. He tells us that he is getting tired of battling snow, fog, and icy roads and intends to take to the air if at all possible. We are of the opinion that he already has an ample supply of air and the operation of a helicopter should not be too difficult for him. . . . Weisell Woodward bought his son an elaborate erector set for Christmas but has not allowed him to play with it. He remains up half the night playing with it himself, then before leaving for work in the morning he cautions his young son not to meddle with the set until he returns home in the evening. When he takes over he gets rough with the youngster if he even as much as touches a piece of the set. . . . Now that he has obtained a moving picture camera and projector, Virgil Foland is rapidly becoming a cinematographer extraordinary and tells us that he is striving to become past perfect so as to be able to photograph his grandchild after its arrival, sometime in February.

APPRENTICE BROADCAST

by Mel Guillaume

We understand that Tom (Bubbles) McCrea has become pretty particular about certain things since he has been married. Tom refuses to bathe now unless he can use his wife's Apple Blossom Bubble Bath. . . . Stan Reidenbach has resolved not to bet on the Central Tigers anymore. He has already lost \$10 on those unpredictable Tigers. Don Taylor was the lucky fellow who collected the money. . . . The Fort Wayne Komets have many enthusiastic followers here at the Apprentice School. Probably the most enthused is Paul Zook. At the last Komets-Cincinnati game, Paul became so enraged at a call of the official that he picked up a coke cup and hit the official on the head with it. Nice shot, Paul. . . . It sure was good to see Bill Owens, Stan Williams, Jack Enyeart, Bob Hill, Dick Rodenbeck, and Brice Brown who were home from the service during the holidays. . . . Three boys have left school this week. Roger Elston is headed for Ohio State University where he will take a course in engineering. Tom Burly and Paul Zook are the other two who are leaving the school. Tom has enlisted in the Navy and Paul has chosen the Air Force. Both of these boys were members of the Apprentice Pros basketball team

and will be missed by their teammates. . . . The Apprentice School welcomes Dave Laney, who is a new member of the manufacturing training program. Dave graduated from Alabama Polytechnical Institute. We hope he enjoys his stay here in Fort Wayne. . . . Don Batchelder, who has been writing this column since returning from the Coast Guard, was transferred last week to Bldg. 19-4. Don deserves a lot of credit for getting the Apprentice Broadcast back in the G-E NEWS. . . . Two other apprentices were transferred last week. Gene Ralstin was transferred to Taylor Street and Jack Becker became a member of the lathe section here at school. . . . Harold Wilkerson and Karl Hoffacker wish that John Blair and Jack Becker would give them some competition in their noon euchre games. It seems that last Wednesday they euchred John and Jack five straight times. Maybe John and Jack should take lessons from the old pro, Glenn Camp. . . . Now that the holiday season is over, everyone is settling down to their studies again. This is a break for George Hockenberry's son because up until now, dad has monopolized his electric train. . . . Ten couples celebrated New Years Eve at Tom Ahr and Jake Auer's apartment. I understand that Jerry (Don Juan) Gibson was the life of the whole party. . . . It sure was a happy New Year's Day for Jake Gongaware. When Jake got home early that morning, his mom informed him that he had won a new Nash Rambler from High Quality Gasoline Inc. He won the new car by buying 19 cents worth of kerosene at that gas station. Congratulations, Jake.

Memos from Taylor St. Shipping

by Barbara Harper

Belated birthday wishes to Denelda Blessing who celebrated her birthday Jan. 3. . . . Lily Minnear is a real momma's little helper, but she is very apt to get things a bit mixed up. For instance when she answers Mr. Kruekeberg's phones. . . . You've heard of the "Tattooed Lady"? Dick Carney claims he's her brother. At times, it is easy to believe. . . . Lost! One heart. Ruth Steir was nearly frantic when she lost a tiny gold heart that she had received when a small child. But with nearly a dozen people crawling around the floor on their hands and knees it was sure to be found. It was, and Ruth was happy again. . . . Leonard Krumbigel received a wonderful surprise from Santa at our Christmas exchange. He opened up a beautifully wrapped gift to find a lovely hat. Trouble was, it was the very same hat he wore to work that morning. Wonder if Santa found it at the North pole? . . . Vi and Gene LeFavour haven't been buying cokes or candy bars this week. Could be they lost a few pennies in a friendly card game Sunday night. . . . I don't think I would care to spend an evening at Helen Friddle's home. She has a husband who sets the alarm clock so his company knows when it's time to leave. Helen assures me though, that he is only joking. Such an idea has it's good points when you come to think about it. Mr. Friddle might be starting a new fad. . . . Grace Taylor doesn't have to be here 15 minutes in the morning before her face is nearly covered with hectograph. It makes her look like she's been working all day. Maybe that's the idea.

Inquiring Reporter:

WHAT DO YOU THINK OF STALIN'S OFFER TO TALK PEACE WITH EISENHOWER?

FRED B. LAHRMAN
Bldg. 27

"In my opinion, Stalin would like to lead Eisenhower to believe he wants peace. Past experience with Stalin proves he wants more time to build up a greater army."

RITA SHERWOOD
Bldg. 6-4

"I think Stalin's offer to talk peace presents a huge problem, as past records show he has won great concessions toward the expansion of Communism."

CLAUDE BAKER
Bldg. 10

"I think it is a good idea, but on our terms only. We must keep up our guard. It might be a trick to slow down our defense program and at the same time build up Russia's."

ALMA GIEM
Bldg. 26-3

"If Premier Stalin is sincere in his desire to arrive at some agreeable solution for peace in this world, I think that the meeting should be held, but he should give some indication that he is sincere."

HERBERT L. RICHTER
Taylor St.

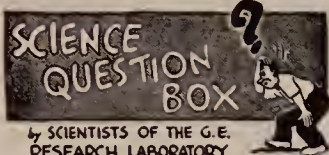

"I have no confidence in anything from Stalin. However, a proposal by him to talk peace should be handled by Eisenhower to the satisfaction of all of us."

2-2 TALES

by Billy Buchan

Now that the holidays are over, maybe we can get down to real work, and perhaps Jess Hahn can find time to play with that electric train. Don't think that all of us wouldn't like to own that train. . . . The reason that all of the girls in the office kept running in and out of Bob Tuerschman's office, was a big box of Christmas candy. . . . Floyd Garland went all out this year in spreading Christmas cheer, but he says that next year he is going to be a wee bit more conservative. . . . Back from vacation and looking very perk are Eldon Vosburgh and Hugh Reynolds. . . . Audrey Hickernell is back after a bout with the flu; but we understand that her husband Louie is still at home ill. . . . We welcome to the office Clinton Neumann, who is connected with our production section.

by SCIENTISTS OF THE G.E. RESEARCH LABORATORY

- Q. When I bring large, heavy pieces of equipment indoors at night from the cold air outside, how much oil must be burned to heat the metal up to room temperature?
- A. Assuming the heating is done with kerosene, it would take 1/400th gallon to raise the temperature of a ton of steel one degree. If it were minus 20 F outside and 60 F inside, it would take a fifth of a gallon to warm one ton of steel. It also takes about 1/400th gallon to melt one and a third pounds of ice, so any ice on the equipment should be removed before bringing it in. Most of the oil would be required to restore the heat lost when the doors are opened to bring in the machinery, so they should not be opened more than necessary.
- Q. Are there planets revolving around other stars, like those of the solar system?
- A. It is likely that there are. Astronomical opinion has changed in recent years, for it used to be thought that the formation of planets was an extremely rare event. Now it is believed to be part of a normal development. No telescope is powerful enough to show actual planets around other stars, though some evidence has been found for them. In such a case a star moves in a somewhat irregular manner, apparently on account of the pull of another body which is dark and much smaller in size and revolves around the visible star. Such a small dark body would really be a large planet.
- Q. What causes a small egg to be found inside a large one?
- A. This may happen when a yolk or embryo comes down the chicken's oviduct, and is covered with the white and the shell but, for some reason, becomes stunted and remains at that

DOUBLE 30-YEAR CELEBRATION—Two 30-year anniversaries were celebrated in Bldg. 4-5 last week. Arthur Bottoms (second from right) and Clifford Combes (left) congratulate one another on their service records. Mr. Bottoms joined the Company in 1922 as a handyman and is now a bench lathe operator. Mr. Combes was a stock clerk in Bldg. 26-2 when he first joined G-E. He is now a boring milling machine operator in Bldg. 17-1. With the two 30-year men are Charles Reinbold (left) and Herbert Cook (second from right).

point. Then another yolk may come along and, together with the previous undeveloped egg, become encased in white and the new shell, which then proceeds to the exit and is laid. Poultry experts say that such accidents are fairly common.

Q. What is ozone?

A. Ozone is a form of oxygen. A molecule of ordinary oxygen is made of two oxygen atoms, while the ozone molecule consists of three such atoms. It is produced by the action on common oxygen or an electrical discharge, or of ultraviolet rays. However, it does not remain in the air very long, since it quickly combines with water vapor, which is always present, to form hydrogen peroxide.

Q. What causes a plastic bowl cover to turn dark after it has been used over food stored in the refrigerator?

A. This might occur if the food it covered contained eggs, which produce a gas called hydrogen sulfide. The vinyl plastic film, of which such covers are usually made, contains a lead compound which is added as a stabilizer to keep it from turning brittle on exposure to light and heat. This compound reacts with the hydrogen sulfide to form lead sulfide, which causes the dark stain. There is no easy way of removing it.

Sleuthing in 4-6

by Gil Baker

HAPPY BIRTHDAY: To Betty Puff on January 7. . . . **A SO LONG AND A WELCOME:** We say goodbye to Doran Hershberger, who is now working in the DC Specialty Department and welcome to Don Knight, who works for Fred Suhr. . . . **NO MORE VACATIONS FOR ME:** Herb Osborne had quite a vacation. He tried to fix the floor and drove a nail through the water pipe; then he tried to solder the pipe but no luck—just more trouble. He burnt his arm in the process of soldering. . . . **FAREWELL:** Eric Nordquist is leaving this week. . . . **KAT EATS PARAKEET:** Poor Bonnie Leazier was in the doghouse. Her cat ate her kid sister's Christmas present, a sassy parakeet. Now Bonnie has to buy her another one. If I were you, Connie, I'd get rid of the cat. Cats may have nine lives, but parakeets have only one. . . . **BIRTHDAYS:** We wish a belated birthday to Johnny Reuille January 4, and to Richard Heard, Wednesday, January 7; also to Ozzie Lacerte, today. . . . **NEWCOMERS:** We'd like for you to meet our two new "A" Course men: Dudley McCurdy, working in Bob Loveland's group, and Earl Borner, working for Max Barrows. Dudley's hometown is Crafton, Pa. He is single and likes sports and singing. Earl's home town is Prescott, Wis. He is also single and likes music, swimming, volleyball, and bowling. . . . **HAPPY TO**

HAVE YOU: We are very happy to have Irv Cirks as a permanent member of our Department. Sue Walton returned the Monday after Christmas for another eight-week session with G-E. You still look the same, Sue! . . . **COODBYE:** To Bob Graffe today. Good luck in your next assignment! What will Sonny Boy do without your moral support? . . . **BETTER LATE THAN NEVER:** Seems like Gwen Griffith paid the penalty last Friday for being absent the day before Christmas. The aggressors were Dick Heard, George Schroeder, and Johnny Taylor, only Dick Heard won though. Did the ink ever come out of your shirt, George? . . . **NOTE:** From the many reports on the absence of our column last week, it seems people really do read it, so how about some co-operation in the future by reporting items to your floor-reporter, Cil Baker, Bldg. 4-6.

Those who do not complain are never pitied.—Jane Austen.

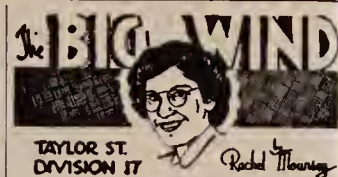

Federspiel Named Purchasing Agent For Electric Sink and Laundry

Harold J. Federspiel has been appointed purchasing agent in the Electric Sink and Laundry Motor Sub-Department, Elton C. Thronsdon, manager-production, announced this week.

In 1927, Mr. Federspiel came to General Electric and entered the production department at Winter St. as a schedule clerk. He transferred to the Large Motor and Generator Department in 1939 and continued in production work, becoming production leader in Bldg. 19-3 in 1942.

After moving to Bldg. 18-4 in 1945, Mr. Federspiel was named a leader in orders and stores in the purchasing section. He was appointed staff assistant in this section in 1946. Two years later, he transferred to Fractional Horsepower Motor purchasing, where he was a buyer. In September, last year, he was named a buyer in Electric Sink and Laundry Motor and held this position at the time of his present appointment.

Mr. and Mrs. Federspiel have one son, in the Armed Forces.

Our deepest sympathy to Virginia Buesking in the recent death of her father, and to John Haggengos in the loss of his brother-in-law. . . . Hoy Bastian was honored at a dinner last week and was presented with a casting rod, and all that goes with it, for his retirement. We wish him happiness in his retirement. . . . Happy birthday to Lena Stumpf. She was in South Bend over the week-end. . . . We wish Delores Schinabeckle a lot of luck and happiness and hope she gets what she wants from the stork. . . . Louise Beamer enjoyed her third week vacation over the holidays. . . . Ruth Bonham and Theo Olsen have left their household pile up now that they both have new TV sets. . . . Congratulations to Ruby DeBolt, she has gained a son-in-law. Her daughter Norma Jean was married New Year's Day. . . . Now that Christmas is over the stories can be told. Reba Boyer always wanted to know how Santa comes in the house when nobody is home. Reba ordered a spring and mattress from Santa. When she got home the packages were in the house but there was no window glass in the window. Santa always finds a way. . . . Virginia Reed saw a lot of boxes going around before Christmas and thought she would start one of her own. The box started gathering up all the nicknacks. When it finally came back to Virginia it had everything in it including a pretzel, used clothing, nuts, bolts, balloons, candy, used gum, old slippers, and a greeting card. . . . We have a little girl in our department that goes by the name of "Honest Kate" O'Conner. She found a purse that belonged to Fredia Meyers. Before Fredia knew that she had lost it, Kate had it back to her. . . . Bob Boone is making extra money again since it started to snow. Bob has his horse working pulling sleighs. For a small sum you can hire Bob's horse to pull your sled for your children.

HERE 35 YEARS—James Kline (center) rang up a service record of 55 years the day after Christmas. Howard Knight (left) and Gilbert Brown (right) talk over some of the high spots in the past 35 years with Mr. Kline. He was first employed as a machine hand in Bldg. 6-2, and is presently a cylindrical grinder at Taylor St.

Harold J. Federspiel

The following poem was written by Christine Burns and I thought you would enjoy reading it.

not remit cash or stamps. Sign your return and remittance, seal in an envelope, and mail to the Indiana Gross Income Tax Division, 141 South Meridian St., Indianapolis.

Christmas is gone and so is my money. And the headache I have is surely a honey. My presents don't fit, my gloves are too tight. So now I must change them. I don't think it's right. So here's to the New Year, may it never grow old. Then we'll all save some money and be rolling in gold.

Happy birthday, Ruth Emerson, I am sorry I forgot to wish you one last week. Celebrating birthdays for this month are Sharon Dasher and Rosemary Anderson. If there are any more I wish you would tell me. Happy birthday to all! . . . Mary Irene Schlaus has joined the sealers. Welcome, Mary. . . . Another new face that has appeared in our section is a young man called Jim Klopfenstine. He is taking Bill Fritz's place. Hope

you like us, Jim. . . . We are sorry to hear that Ruth (Billie) Craig was in an automobile accident on Christmas eve. Hope you recover soon, Billie. We all miss you. . . . Notice to Jerry Moore: No refunds from the Indiana theater. You should know you cannot get a refund after seeing one feature just because you don't like the last half of the last feature. . . . We wonder if Buzz Groves has become a man yet? . . . Alfred H. Topp, Inc. have now expanded their already large field of operation to real estate. Anyone interested in buying, selling, or renting apartments see A. H. Topp in person. . . . Norman Shane went to surprise night at the Clyde New Years Eve. The increase in the price was the surprise. Won-

der why Norman got out of line and went home? . . . Amy Rupp's son Quentin couldn't understand why it was so dark in the Holland Tunnel. When he got through the Tunnel he became aware that he was wearing his sun glasses. If you want to see be sure and take off your sun glasses before entering the Tunnel. . . . Pat Pepple is one of the happiest sealers we have right now. Her husband is home on leave. He will be home until Jan. 19 then he will be shipped to Germany. . . . Annabelle Ungerer was transferred from second trick to first on sealing. Glad to have you with us. . . . Hope all of you have a Very Happy New Year, all year long.

Sportliners...

by Earl D. Stauffer

Last week we had a picture of Professor Frank Newport; this week, we give a verbal going over to his pupil, Bob Crosley.

Bob must have been an apt pupil, because he carried the banner to the Chicago Golden Gloves tourney five times and never failed to win at least one fight in the Windy City.

Hoagland and Hanna grade schools and South Side High claim this string bean lad. Bob says that he just couldn't play enough ball of any kind in those days.

Golden Gloves boxing was Bob's main sport, but he was also good enough to win awards for his prowess in basketball and softball at G-E.

Bob recalls that in his first Golden Gloves bout he was so afraid of making his opponent angry, he didn't throw any punches. It was a long time from that first fight in 1933 under Nick Little's direction until he retired as an amateur in 1945.

In 1937, he won his first local crown, as a featherweight. He gained a few pounds and won as a bantamweight in 1938, and then as a featherweight again, in 1940. He was out of competition in 1941 and 1942, but he came back in 1943 and 1944 to dominate the featherweight class and in 1945 as the lightweight champ.

It was in 1945 that Bob had his biggest year. He lost a very close split decision in the semi-finals of the Chicago bouts and thereby was chosen as an alternate of the Windy City team against the New York team. His greatest thrill came in this bout as he won a K. O. over his New York opponent.

Bob made many benefit performances and it was during these occasions that he met boxing greats Joe Louis, Jack Dempsey, and Batt Nelson who refereed.

He figures he has had 125 three and four round fights in all, and for all of these scraps, he is unmarked. As a matter of fact, Bob had to be a fighter. His brothers, Max and Lee, were also Golden Glovers.

Bob Burns was his toughest opponent. He recalls that he saw a lot of leather on that occasion.

It was good to see Johnny Wetzel home on leave, he was packing motors until he decided to take a three year hitch in the army. He is stationed at Ft. Monmouth, N. J. Johnny used to be a big guy with a wee bit of a tummy, that was before his basic training. Now he is just a big guy and mighty sharp looking too. How's that for a write up, John? . . . Dewey surprised all of us the other night, he would only speak when spoken to. The reason for his unusual actions? He got his new choppers. He says they sure are a mouthful to get used to. . . . Bill Winders was the unlucky person who got hit by a car as he was walking across Fairfield Ave. He really had the wind knocked out of him. Guess the traffic light should have been working instead of on caution. . . . George Shearer celebrated his birthday on Dec. 30, 64 down and 1 to go. Sure sounded beautiful to hear the testers singing Happy Birthday to him, not a person was

Our deepest sympathy to Aaron Mountz on the death of his sister, Mrs. Joyce Kellermeier. . . . Virgil Howell has returned to work following injuries suffered in an automobile accident. We're glad to see you back, Virgil. . . . Maybe you don't recognize the one in the picture, but he is known as "The Outdoor Type". It is Dewey Wisner getting a little snooze after a day of fishing. . . . Slim Walters said his red eye was caused by a burst blood vessel, which we believe, but do you suppose his wife had anything to do with it? . . . Charlie Brubaker is having his share of

in tune. . . . The workings of a zipper has Fred Springer befuddled. There is really nothing to it, Fred, just take hold of the tab and either pull up or down. . . . We have a little news on two of our third shift boys. Victor Timmerman, our little red headed tester, started the new year out right. He took the fatal step on Jan. 3. They went to Tennessee on their honeymoon. Victor believes two can live as cheaply as one and with his added exemption he will be in the money. Well, he can dream can't he? . . . Charley Dockery is proud of his '46 Buick, especially since he won a recent race over a '52 Pontiac. Who cares for a burned up motor when it only costs \$200 to have it fixed? . . . Glad to hear

troubles, especially on Christmas and New Year's Eve. One night he managed to get home late and the other evening he received a cute

Outdoor Type

pink ticket for parking at the wrong time on Calhoun Street. I suppose he'll do his shopping in South Whitley from now on. . . . Here are some 1953 resolutions:

To quit smoking cigars—Cigar Smoker Club.

To refuse birthday cakes—Birthday Club.

To increase friendship with Ray Kierspe—Clarence Coulter.

To quit taking pipe cleaners—Bill Irwin.

To double the value of suggestions—Suggestion Committee.

To increase the rates for bonus awards—Harry Adams.

To treat all second trick employees to a coke—T. R. Buckles.

To bury the hatchet with George Miller—Aaron Schoenefeld.

To work for a National Safety Award—Al Hambrock.

To give fewer stories for the Wire Ravelings column—Try and find out who!

The Grapevine

by Ruth McBride

One thing we especially enjoy around the holiday season are the visits here at the shop from some of our former co-workers. Loyal and Bill Decker came in from Lewiston, Mich. to say hello. They're very enthusiastic about life in the north woods, but like to come back occasionally to see their friends. Clyde Crabill stopped in January 2, and Monday night he got together with some of the fellows for a little party. Home on leave from Lackland Air Force Base is Jack Ladig, who came in to say hello and goodbye. Jack goes to a new station at the end of his leave. . . . Congratulations and our very best wishes to Mr. and Mrs. Norman Burkhalter, who were married in Angola December 27. Mrs. Burkhalter was formerly Phyllis McEntarfer. . . . Did everyone see the sign on Bob Walsh's eye "closed for the season?" It happened on New Year's day and if you want to know how, ask Bob! . . . Willa Smith decided to take a little nap before going to New Year's Eve Watch services at her church. Next thing she knew the bells were ringing and whistles blowing. She'd slept right through until midnight! . . . No, Virgil Best hasn't been sitting under a sun lamp. He just got back from a two weeks vacation in Florida! . . . Harold Becker says the new Mercury's don't come equipped with window scrapers, so he had to make his own. . . . Kurt Harz would like to consult an astrologist to see when he's going to win on the basketball pool. . . . As soon as the weather moderates, Ernie Riley is going to try another fancy haircut. . . . Joe Robinson has made a New Year's resolution. No more cake! . . . Can anyone tell Levi Mercer how to slow down his Plymouth? He says it costs too much and he always did hate being locked up. . . . Andy Shepelock is on days after all these years. Wake up, Andy! . . . Question of the week: Did Ed Lilac will Ed Hines his locker? . . . Jack Mossburg couldn't get to Art Holterman's party because of that trip to Kentucky. . . . Carl Fisher received a new billfold for Christmas and threw his old one away. The day after Christmas, he frantically called his wife and asked her to salvage the old billfold. He had forgotten to take the money out of the secret compartment! P. S. It wasn't too late.

I KEEP THE RECORDS

Paul PERRY

DRAFTSMAN IN BLDG. 31-2

PAUL WAS RECENTLY ELECTED SECRETARY OF THE FORT WAYNE CAMERA CLUB !!

With the holidays past, the bowling leagues are once again getting down to action at the G-E Club alleys. In the Office League it is Pawlisch Shoe Repair and M and G Sales tied for the top spot, each with three wins and no losses.

Gil Baker rolled the highest count to date at the G-E alleys, a 276 score. Gil started with a 186, had a second game of 189, and then rolled the 276 for a 651 series. Rudy Zelt put together games of 179, 220, and 201 for a 600 series. Dick Bucher scored a 225; Les Grove, 224; Skeet Lahrman, 216; Erv Aumann, 211; Ed Wahl, 210, and Carl Hattendorf, 209. Pawlisch Shoe Repair, paced by Gil Baker's 276, rolled a single game of 1076.

The office league ended the first half with Small Motor Development on top with a record of 38 wins and 13 losses. Pawlisch Shoe Repair finished in second, having won 35 games while losing 16. Frank Schlink rolled a 606 count on games of 221, 202, and 183. Bob Kallmyer kegled a 212; Bob Knepple, 204; Ed Whipple, 201; Charlie Briggs, 220, and Wendell Miller, 206.

Transformer League

The M's are in front with a record of 13 wins and 5 losses. In second place are Autos with 12 won and 6 lost. U-I is third with an 11 and 7 record, while E-I is fourth with a 10 and 8 record. Berry kegled a 213 count and Parlow a 202 score.

Ladies Monday Night

In the Monday night Ladies' League it is the Scatterpins leading the league with a record of 6 wins and no losses. The Skotters are in second place, having won 5, while losing only 1 game. The Bowlettes, Twisters, and Gutterbells are all tied up for the third spot with identical records of 4 won and 2 lost. Esther Muzzillo found the alleys to her liking and kegled a 525 series on games of 181, 202, and 142. Kay Bade put

together games of 187, 180, and 140 for a 507 series. Dorothy Fuhs had games of 190 and 173; Donna Lommatzsch, 173; Jeanne Brown, 171; Marilyn Parker, 172; Maryann Goodman, 171; Jerry Stolp, 177; Bertha Marr, 194, and Francis Miller, 171.

All G-E Club bowlers are urged to participate in the Polio Sweepstakes. You not only contribute to a good cause, but have the opportunity of winning a nice amount of money.

Another mixed doubles tournament will be held tomorrow night at the G-E Club. Squads will roll at 6 and 8:30 p.m. Don't forget to enter.

Opal Bates became the bride of Al Runyon in a ceremony in the Lutheran Church of Our Saviour Saturday, Dec. 20. Following the ceremony the family was served dinner at Manochios restaurant. We wish you both many years of happiness and we wish to congratulate Ed Glusenkamp on his success as Cupid's helper. . . . Alice Snyder is enjoying her daughter Jerry's 15-day furlough from Lackland Air Base. . . . Willie Dominique and Mildred Carpenter have joined the rank of new TV owners. . . . Stan Posey and his wife enjoyed a week's vacation with his family in Fort Worth, Tex. . . . If any of you girls have difficulty making pancakes, see Al Miller. He says he makes the best pancakes in Fort Wayne. . . . Birthday greetings to

Newport Reports Good Turnouts For Golden Gloves Practice Bouts

Good turnouts for Golden Gloves practice sessions, particularly in the heavyweight class, have been reported by Frank Newport, G-E Club boxing chairman. Newport said that four or five heavyweights from Fort Wayne were working out nightly in the G-E Club gym.

In the lightweight division, two employees have entered the annual classic, McKinley Davis, Bldg. 19-3, and Al Campbell, Bldg. 6-4.

Salisbury Holds Grip on Top Spot In Industrial Owl Cage League

by Howard Colby

In three games played Thursday morning, Dec. 18, at the G-E Club, G-E dropped its second straight game in two weeks, while Salisbury tightened its grip on first place by beating G-E 46 to 36.

In other games of this session Indiana Rod drubbed Zollner to the tune of 36 to 19, as Eckrich kept the F. O. P. team in the cellar by gaining a 35 to 29 decision over the Cops.

The lid was on the basket for the Club team in this one, as shot after shot started through the hoop, but popped out again. This was by far the toughest game for our men when it came to keeping the ball in the hoop.

We saw a mighty well played ball game, despite the bulge in the score. The game was very close until the last few minutes, when Salisbury hit a flurry of baskets to ice the game. Etter again led the team in scoring with 11 points.

In games played at the Club Tuesday, Dec. 30, G-E came back to win a game defeating Zollner, 48 to 33.

Indiana Rod took Eckrich 42 to 37 while Salisbury handed F. O. P. a 51 to 33 setback.

The Club team kept even with Zollner in a tight ball game in which neither team seemed to catch fire until the second half, when G-E breezed through to take the game.

The first period ended 7 to 9 in favor of Zollner. At the half it was 18 all, in the third and fourth periods G-E took the lead and behind the scoring punch of Gene Etter and Johnnie Wilson, with 11 and 10 points respectfully, kept the Zollner team out.

Luella Guy. . . . Don LaMaster came to work at 9 a.m. one morning last week. He was hunting a lost pig. If anyone sees a stray pig, please inform Don. Maybe we can persuade him to have a pork barbecue and invite all of us. . . . It would be almost impossible to refrain from commenting on the Christmas happenings although we seemingly are a trifle late. In a pre-Christmas spirit George Seabold wished to show how nicely he had decorated the Christmas tree, so he invited the little neighbor girls in the house to view the tree. When he switched on the lights, the lights must have all been on one side of the tree, for when they were turned on the tree fell over. George just can't explain how it happened. . . . Argend Denny can thank Santa Claus for the many ties he received. Of course, these neckties belonged to Denny originally. He had given them to the members of the Planning Section last spring. The ties coming back were enough; but to help Santa out, Bill Turner equipped the box with a spring which helped the ties out of the box. . . . Santa brought Lillie Pion several nice and useful gifts including a roller of the weight reducing type. Bill Schuler is starting an addition to his home to hold his trophies that Santa brought him. . . . Ilo Motter received a very nice gift direct from the farm, including the straw.

Three Bowlers Needed
Friday Night Winter St.
League, 8:15 p.m.

A Man's Best Friend . . .

or a woman's for that matter, when illness creeps up unexpectedly is the GE Insurance Plan. Your supervisor can help you either to enroll in the plan, or with the details of filing and collecting your claims under the plan.

Defiance and Auburn coaches also report good participation. Ten or twelve boys are preparing to enter the classic from Defiance and Auburn expects to have at least six entries.

"At the present time, it looks as though we may have to schedule 25 or 26 fights on each night of the tournament," Newport stated.

The annual classic will be held Wednesday, Jan. 28, and Wednesday, Feb. 4, at North Side High School gymnasium. It is co-sponsored this year by Radio Station WKJG and the G-E Club. The tournament is open to all Fort Wayne area boxers who are at least 16 years of age.

Training sessions are held Monday through Friday beginning at 7 p.m. in the G-E Club. All amateur boxers are invited to take part in these sessions, whether or not they have entered the tournament. All facilities, except personal equipment, are furnished free of charge.

There are no entry requirements except to appear for the physical examination and matchmaking the day of the first round of fights.

Bouts are limited to three two-minute rounds, with one minute rests between rounds. The two-minute rounds, instead of the professional three minute ones are designed to protect participants. Amateurs also use 10-ounce gloves in place of the professional six-ouncers. All gloves are padded with sponge rubber.

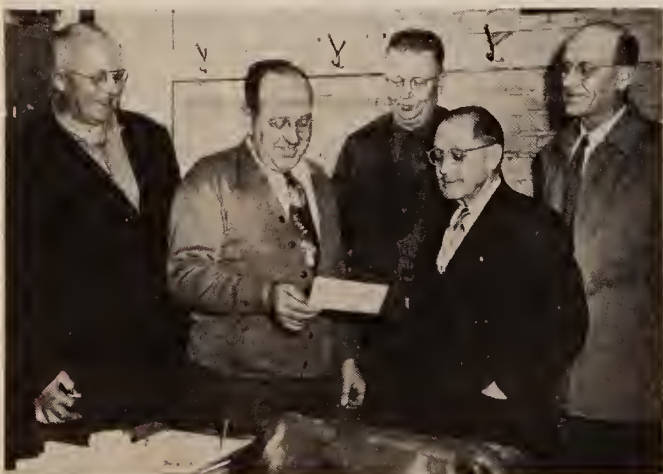

Other safety measures in the amateur bouts require a knock down count of eight and a thorough physical examination by competent physicians. Boys see action only once a night until they reach the semi-finals. They may then be called upon to fight twice a night with long intervals between bouts.

MIXED DOUBLES TOURNAMENT
Saturday, January 10
6 and 8:30 p. m.
at the G-E Club

BUILDS 30 YEARS OF SERVICE—Ed Trabel (second from left), foreman in the carpenter shop, Bldg. 10-1, reached his 30th year as a G-E employee January 2. Mr. Trabel started with the Company as a helper in Bldg. 10-1. Congratulating him are (l-r) Elmer Mesing, Mart Mache, Bill Altekruze, and Elton Swank.

Zella Witte received an orchid plant for Christmas with seven orchids. There is nothing like having an orchid for each day of the week. . . . If anyone finds an extra tube of lipstick return it to Sarah Moore. She lost hers and has gone without rosy lips for two days. . . . Gladys Pantazin went home with Sarah Moore to see her Christmas tree and get a Christmas treat but Gladys was disappointed because Sarah forgot to treat her. . . . The girls would like to know where Jackie Keller buys Ralph's pretty loud sox. . . . We extend our sincere sympathy to Virginia Buesching on the death of her father. . . . Sec. 17x51 welcomes Maude Coomer, Triva Leeth, Alitza Reinholt, and Garnet Marshall on the day shift, and Marjorie Miller on second shift. . . . We are happy to have Helen Howell back with us after being injured in an automobile accident. . . . Andy Woods learned the hard way that sometimes it pays to be in a hurry. . . . It was lucky that Pauline Settle had good bumpers on her automobile when it was hit last week. The car wasn't damaged at all. . . . Eno Richter must have been very tired when he arrived in Florida according to the card received by the group. They say if he had arm rests in his car he wouldn't have been so tired. . . . Selma Voigt spent the weekend in Effingham, Ill. attending the wedding of her cousin. Selma attended as maid of honor.

Birthday greetings to Ruth Taylor and Mildred Huntine. . . . Congratulations to Stella Kempf and Jack Dobson for being with the Company 25 years. . . . Harry Rinker must be practicing up for daylight saving time. The other day he came to work an hour early. . . . Glad to see Verda Deal back in the groove after a long absence. . . . Also glad to report that Faye Kitteridge is improving. Hope to see her back soon. . . . Max Fielitz, being the fatherly type, knows that all girls like diamonds. He took an old ring, a hunk of solder, a piece of glass, and made Lorena Buuck a beautiful diamond. . . . Evelyn Affolder was trying to make staters real pretty by winding her apron along with the wire. . . . Eugena Stultz has trouble with her chair running away. Is that why she keeps it chained? . . . Ellen Williamson was a happy girl New Year's Eve. Her husband called her from Honolulu. . . . Vicky Clayton went to the grocery to get the makings of potato salad, but she forgot to get the potatoes. . . . Our welcome mat is out for all our newcomers. Hope you like us. . . . It's a good thing the bus driver knows where Ida Sinn is supposed to get off the bus. The other evening she fell asleep and he had to awaken her to tell her she was home. . . . We're so glad Inex Drummer went to Florida, every day we have tangerines and oranges. . . . We wish a speedy recovery to Beulah Huff, who is on the sick list.

Firemen's Winter Banquet—Thirty-five G-E volunteer firemen were honored at the organization's annual winter banquet last month for completing ten years of service on the force. Donald Brayer, second from left, presented pins to the following men (l-r): Roland Parker, Robert Holman, Paul Kleinrichert, Lawrence Huffman, Walter Lydy, Arthur Hiser, Ora Martin, and Harold Kramer. Robert Wylie, manager-contributing manufacturing section, General A-C, watches the presentation.

G-E fire chief, Ernie Hanauer, presents pins to the following (l-r): Leo Reffelt, Russell Poorman, Ervin Rinard, Ray Soughan, William Smith, Roy Taylor, William Tracy, and Edward Sordlet.

Other volunteer firemen to receive ten-year pins from Mr. Brayer are (l-r): Emil Fagg, Harold Gebhart, Thomas Fox, Frank Follmar, Claude Gill, Robert Gebhart, Paul Hazelett, Frank Gitter, and Elmer Hart. Mr. Wylie looks on.

Robert Wylie presents pins to (l-r): Paul Arnold, Ira Dennis, Jacob Alkstetter, Carl Banks, Glenn Boatman, Fred Boehm, Raymond DeBolt, Harry Ecenbarger, and Walter Dial. Bert Meintz, who also completed ten years with the organization, was absent when the pictures were taken.

ECHOES

from Bldg. 19-2

by Fred McIntyre

Bldg. 19-2 welcomes the following new employees to the Motor-Generator division: Ronald Parish Frosch. . . . Gene Miller has returned to work after an operation. . . . John Winstels' new car shows signs of old age already, it has several wrinkles in the fenders. He says a tree jumped out to meet him. . . . Tommy Russell captured a possum alive and brought it to work in a burlap sack to exhibit it to Bldg. 19-2 employees last week. . . . Frieda Krine had an enjoyable time in Milwaukee, Wis. spending the holidays with her daughter and family. . . . Lona Cook is armature coils group's newest grandmother. Her grandson, Robert Morgan, weighing in at 8 lbs. 3 oz., was born at Indianapolis, Ind. on Dec. 30. . . . The things that men do live after them in one form or another. For proof of this statement ask Homer Hibler to show you the picture of his handiwork. . . . New Years Day was a financial success for Don August. His number came up in a football pool. . . . In keeping an appointment one should remember three things, the time, date, and place. Lee Anderson had an appointment but could only recall two points, the time and the date. He forgot the place.

6-4 AIRLINERS

by ELLEN BAUER

Marcie must have had a howling good time over the New Years holiday as she came to work Friday and couldn't talk above a whisper. . . . Jim Kelly had the misfortune of having the front end of his car damaged on New Years eve while at a party, and it was parked too, so he says. . . . Moe asked me to explain to you people what his given first name is. Here it is folks! It is Garl. . . . Carl Metker came in to work Friday morning holding his two little eyes open with his fingers. We asked him what was the matter and he said after setting for about eight hours on New Years Day in one spot, and watching TV, his eyes needed a little help. . . . When Carl Brenner, our drummer boy, was asked if he had a rough New Years he reported, "Yea, pretty rough but no blood." . . . I received a report that Esther Muzello really found the groove at the Club alleys last week. She hit a 202 game and a series of 525. Nice bowling, Esther. . . . Here's a new one girls! It seems Alice F. was a little chilly the other day so she put her earrings on to get warm. . . . CONGRATULATIONS to Ida Witte who has been taken out of circulation and took the marriage vows on New Years Eve. Heres hoping you many years of happiness, Ida. . . . Johnny Whetzel was here to see the gang and he sure was looking swell. Be sure and see us whenever you can Johnny, we sure enjoyed seeing you.

Congratulations to Mr. and Mrs. Andy Anderson who celebrated their 19th wedding anniversary on New Years Day. We hope you have many more of them.

AD-LETS

FOR SALE
WANTED
FOR RENT
LOST & FOUND

"Lost" and "Found" articles must be cleared through the Plant Protection office, Bldg. 10-2, or the Plant receptionist, who will place the Ad-let and otherwise advertise the article.

No ad will be received over the telephone.

Only one ad per employee may be inserted. Each ad must be limited to 20 words and cannot be repeated. All articles mentioned must be personal property of the employee. Ads will not be accepted unless accompanied by the name, pay number, and division of the employee. No plant building or telephone number may appear in any ad except transportation ads, only the home telephone number or address.

Send all ads to G-E NEWS office, Bldg. 18-1.

CLOSING DATE
Monday Noon, January 12, 1953

MISCELLANEOUS

Would like middle aged couple to share my home while husband is away. A-26372.

DITTIES FROM DISTRIBUTION

by Ruth Sorg

SHIPPING: 'Twas good to see the smiling face of Robert Gebert, who just got out of the service and will be back with us soon. Congratulations to the new bride-to-be, Pat Tarney. She will be married Feb. 14. . . I guess you would say Claudine Gladbach is a sleepy head. She went to church the other Sunday and slept all the time she was there. . . **TELEGRAPH:** We welcome Joan Gausepohl to the telegraph department. . . Mary Ann Laurent was hostess to all the telegraph girls on New Years Day. The dinner was certainly delicious. Thanks again Mary Ann and Mrs. Laurent. . . Belated birthday wishes to Joy Hoffert, the cake and ice cream were very good. . . For the next few weeks it may be a bit quiet in the office. Mary Ann Laurent will be working over in Bldg. 18. Hurry back, kid. . . Toadie Durnell finally came back to the office. We were beginning to think she was going to make Bldg. 18 her permanent address. . . **MAILING:** Welcome to the new messenger boy, Clark Fagen.

FLOOR LORE
from Bldg. 4-4
by Louisa Fortson

Did anyone see Paul Winters' broom running around last Friday? Paul lost his broom, even after he tries to hide it so well when he goes home. The latest grandma to show a picture of a granddaughter is Myrtle Barfell. We don't blame her either, she is a beautiful baby. . . Ruth Barnes is proud of their baby too, and had a very nice picture of their boy. . . Jack Payton was wearing a bow tie he received for Christmas from his grandson, and we think the boy has better taste than Jack. . . Bill Putt's nephew surprised him by stopping at his home the other night. He is on a 30 day furlough from the Marines down at San Diego. . . Edith Venrick, who is spending several weeks in sunny California, has been sending us some very beautiful picture cards. When we last heard from Edith she was going down into old Mexico sight seeing. . . Leon Radamaker was up at Houghton lake again fishing, and as usual Roddy didn't do too well, but did have a good time. Roddy says that they could have had a better time if they hadn't spent so much time out in the fresh air. It made them sleepy at night. . . Clarence Roth is counting the days until his daughter and family will be home from South America. They will live with the Roths until they receive their next assignment.

TOP FLOOR TOPICS
by JACK LEA

Happy birthday to me! Also to Susie Dove and Gwen R. A little late, but Happy Birthday to us anyhow. . . Don Zumbrun fell through the ice while fishing New Year's day. He sure was wet, before and after falling in! . . . Elaine Nicodemus had a little trouble Wednesday night. She rang out her time card upside down. . . Lillian Mallo claims their lake cottage is finished. Come summer all they have to do is fish. I might suggest an open house or house warming. . . Ellen Henry and Gertrude Stuckey are both on the sick list. . . Several of the folks in the hermetic line saw the New Year in with red noses, due to a cold that is! . . . Harold Niemeyer evidently is on a diet. He brings bowling shoes in for lunch. The real story is that Harold picked up a sack holding the shoes, and left his lunch on the table. He created quite a stir when he spread his lunch out at the noon hour. . . **COMMENT FOR THE DAY:** "A hearty laugh is worth at least 500 groans."

Thisa & Thala
'SPECIALTY MOTOR'
Helen Cagle

Joe Eifred retired last Wednesday to lead a life of Riley and watch the carp turn flip-flops in the river near his house. . . Clarence Rump wants everyone to know that he got a new cigarette lighter for Christmas and that he has no use for matches at all. . . Willard Smith is still on the sick list with his sore shoulder. . . The duel in the game of euchre was held at the home of Henry Grepke Friday night. Hank Shirley and Red met the challengers, Charlie Griffin and Rudy Zelt. After winning nine straight, the aggressors lost to the challengers by two games. Ray O'Brien was used as a spare in the game. . . Welcome back to Henry Grepke, who has been on the sick list for some time. . . Here is a list of some of the January birthdays: Carl Kable, Jan. 3; Bernard Christie, Jan. 19; Martha Beugnot, Jan.

25; Ruth Moodie, Jan. 26; Russell Blackburn, Jan. 29; and Doris Weinman, Jan. 31. . . Rodger Williams is such a cat lover that he risked his neck and got up an hour early to bring one down from a tree. . . Glad to know that Ralph Gilbert's daughter is getting along so well since her serious eye operation. . . Emery Tucker is on the sick list. Hurry and get well, Emery. . . Leonard Floyd must have figured that Monday was a good day to go ice-fishing. Wonder if he caught any? . . . Since Avery Spade is helping out in Sam Taylor's place, while Sam basks in the sun in Texas, he is getting gray from all the worry. . . Roxie Murray is on a Florida vacation with her husband. . . Margaret Beugnot received a beautiful diamond for Christmas, but hasn't told the big day yet.

THE NIGHT WIND
DIVISION 17
Taylor Miller

Irene Drabenstot had a wonderful time dressing up and playing Santa Claus for her grandchildren. . . We understand Tracey Bartle was very pleased with her Christmas present from work. . . Evelyn Turner visited in Richmond and enjoyed turkey and television. . . Press Chaney gave his wife a trip to Buffalo, N. Y. for Christmas. . . Dorothy Hart's pin, earrings, and necklace are very pretty. . . Katherine Dull baked pies for Christmas and then wouldn't serve them. . . Edith DeMuth was surprised when she arrived home the other night and there was a new refrigerator in her kitchen. . . Barbara Toles is very happy with the new diamond she is wearing. . . Maxine Insley's mother-in-law is visiting in their home. . . Harriett Palmer spent Christmas in Elkhart. . . Mary Stewart's parents are here visiting from Alabama. . . Ask Ruth LaPradd which piece of the turkey her husband likes the best. . . Rita Wolf's boy friend returned to camp on Tuesday and Rita is down hearted. Cheer up, Rita, he'll be back. . . We wish to welcome Howard McVay as our second shift general foreman. . . Congratulations to Mr. and Mrs. Joe Weber, who were married Dec. 27 in Ligonier. Coy wore a pink dress with black accessories. Her flowers were pink and white. The couple was attended by Coy and Joe's fathers.

DECATURITES
by GEORGE LAURENT

Murry and Zula Holloway celebrated their 30th wedding anniversary, Tuesday, Dec. 23. . . Jim Staley celebrated his birthday, Dec. 25, Christmas day. It makes it nice for Hilda as she only has to buy one gift. . . Dave Emblar was given several cigars for Christmas. Some were from "feudin' friends" and others from "questionable characters". He smoked a couple of cigars and decided they were OK. Later on he was in the basement and decided to smoke another. The next thing Dave knew his wife was calling him to see what had exploded and poor Dave couldn't even see to get out of the basement. The sad part is that Dave doesn't know which friend gave him the cigar. . . Bob Miller, of the tool room, has returned to work after a short illness. Nice to see you back on the job, Bob. . . Among those receiving birthday gifts along with their Christmas gifts are: Henry Dellinger and Luther Brokaw, who celebrated on Christmas day, and True Miller, who celebrated on Dec. 26. . . Other folks who have celebrated their birthdays recently are Milt Chronister, Rufus Roop and Henry Krueckeberg on Dec. 23; Lloyd Kreischer on Dec. 24 and Ann Werst on Dec. 27. A very happy birthday to all you folks. . . Norma Johnson was sure she was getting crystal from her boy friend for Christmas. Was she ever surprised when he gave her a beautiful diamond! The lucky boy is Rog Gentis. When is the big day, Norm?

From 17-4
Stormy Weather
by Maxine Baker

Since we missed the holiday issues, we'll hurry up and wish you a year blessed with the best. . . Rumor has it that there are only 197 days till vacation. How's that for rushing the season? . . . Our sick list is not much smaller this week. Dorothy Raucci and Howard Brooks returned on Monday, but the rest of our sick folks are still on the list. . . Misfortune seems to like Charley Kensill, in fact so well that he now has a broken arm to match the broken foot he had before. Mrs. Kensill is looking for a glass cage to keep him in. Any of you folks have one to spare? . . . Ray Bowers and Marion Sprague are still among the missing. Hurry up and get well, the gang misses you. . . Now we've seen everything, have you? We mean the mustache Clarence Musel brought back from vacation with him. His new name is Groucho. He is also said to be advertising for DeSoto. . . Barbara O'Connor is proud of her new electric typewriter, it makes the words go faster. . . The sudden blaze of light in the South end can be seen only when Alice Pfueger wears her new patchwork apron. Nearest rival is the bright red one Clara Kleint wore on Monday. . . Note of gloom. Gloom is the word for the atmosphere at Ed Martin's house since their pet parakeet died. . . The coon skin cap Rallie Miller held in his arm really looked alive, even Huston thought so. . . Well folks, all we need in 1953 is lots of news for the column, why don't you help us?

"Later, dear. I believe daddy's planning to read to mother now"

COPYRIGHT 1953 CARTOONS-OF-THE-MONTH

The GE Purchasing Plan makes room for an "extra" in the budgets of Ellen and Michael Gorelick. He's a Bridgeport Works foreman.

FOR HOME BUDGETS—DISCOUNTS

Every penny counts when it's time to balance the family budget—and sometimes there's not much room for "extras."

That's when the General Electric Employee and Pensioner Purchasing Plan comes in handy for GE families.

GE employees and pensioners may buy GE products under the plan at substantial discounts. In a single year, these discounts were worth more than \$5,000,000.

The GE Purchasing Plan adds many dollars every year to the *real* income of GE families. That's just one more of the 21 extra dividends the GE job pays—over and above weekly earnings.

EMPLOYEE AND PLANT COMMUNITY RELATIONS

GENERAL  ELECTRIC

THESE 21 GE "JOB DIVIDENDS" BENEFIT AND PROTECT GE EMPLOYEES—AND THUS THEIR FAMILIES TOO

1. \$25 to \$40 a week Sickness and Accident Benefits.
2. Up to \$1,600 for Hospital Extras; up to \$700 for Hospital Room.
3. Maternity Benefits of \$150 (for normal delivery); \$75 and \$225 for others.
4. Up to \$175 for Physicians' Visits in the Hospital.
5. Up to \$175 for Surgical Bills.
6. \$2,000 Minimum Life Insurance (Average over \$4,500).
7. \$2,000 Additional Accidental Death and Dismemberment Benefit.
8. GE pensions; guaranteed minimum retirement incomes of as much as \$125 a month for long-service employees.
9. Up to \$500 Hospital and Surgical Benefits after Normal Retirement Age.
10. Disability Pensions.
11. Pension Plan looms up to \$300 for illness or lack of work.
12. GE Savings and Stock Bonus Plan.
13. \$14,000,000 paid in Unemployment Insurance taxes (1951).
14. \$11,000,000 paid in Social Security taxes (1951).
15. Up to 7 Paid Holidays.
16. Up to 3 Weeks Paid Vacations.
17. Employee Discounts Worth \$5,000,000 (1951).
18. \$700,000 Military Duty Allowances (1951).
19. \$3,000,000 Workmen's Compensation Payments (1951).
20. Educational Grants.
21. Suggestion Plan — \$500,000 Paid Out in 1951.

NOW HEAR THIS—Mail call is a time when every member of the Armed Forces likes to answer roll, Navyman James Wrisk reminds us. Like our other G-E G I's Jim, who worked in Bldg. 26-3, enjoys receiving letters from his former co-workers. Addresses of employees now in the Service are on file in the G-E NEWS office, Bldg. 18-1. Receiving mail works both ways, for we like to hear from our guys and gals serving Uncle Sam.

OFFICERS OF Q-C FOR '53—At a joint meeting of the retiring and newly elected officers of the Quarter Century Club last week, last year's pilots installed the 1953 officers who are seated (l-r): Alma Witte, director; Wallace E. Beer, president; Carl F. Hattendorf, director, and Arthur Kabisch, director. Standing (l-r): Edwin C. Reese, treasurer; Elmer Wagner, director; G. Ray Lindemuth, secretary, and Joe A. Henry, vice president. George Buckley, Decatur plant Q-C director, was a'sent when the picture was taken.

MAKING HIS WEIGHT—John Dennis (left) and Frank Newport (right) check the weight of a young fighter at a Golden Gloves training session in the G-E Club. Frank and John, both Bldg. 19-1 employees, are veteran members of the Club boxing committee. Frank also serves as coach for the young pugilists. The opening round of fights is slated for Wednesday, Jan. 28. Tickets for the annual classic may be reserved now at the G-E Club.

It Can't Be Made in Washington

Before the election, one side kept telling us that we never had such a wonderful era of prosperity as it had "given" us. The other side answered that the so-called prosperity was not nearly as good as it might look—with its marked-down dollars and high taxes.

There's no point in rehashing here the argument about whether we've had it so good because there's so much money around, or bad because the money is cheap and taxes are high. What puzzles us is that nobody seemed to question whether prosperity really is made in Washington, or if the 150,000,000 and more American people have something to do with it.

No matter which political party is making the claims, it is a chilling prospect if all of us have to wait patiently like sheep to see whether government is going to herd us into greener pastures or lead us astray into barren ground.

Government Can Help

This is not to ignore the fact that the federal government can do many things, for better or worse, that affect our lives, but most people would agree that the best things government can do are to keep us out of war, to keep the value of our money from going down, to tax us no more than necessary, and to enforce our basic laws and regulations so as to protect the rights of all individuals.

A government that can't or won't do these things certainly can mess up the whole country. If it does do them—well, from that point on, prosperity depends mostly on the efforts of the people themselves.

Every business has to begin with an idea. Perhaps a big idea, like the automobile or radio. Or smaller ones, like paper clips or zippers. It takes an idea to start a laundry or a service station. How many ideas for businesses ever have been supplied by a government?

Courage and determination are necessary to carry out an idea. Government has or should have these qualities—but it can't give them out like free booklets.

Ideas Need Money

It takes money to develop an idea for a business. Government has made loans to business in special cases, but compared with the immense amounts of savings risked by the people as business investment, government loans are less than a drop in the bucket. Besides, it was the people's money that was lent.

Once a business is under way, it is kept going by the people who buy its products. Government buys a lot of production in war or cold-war times, but few Americans (and no good ones) want to rely on war threat and catastrophe to produce false prosperity.

A prosperity that will be more solid next year and in ten years than it is today depends on how successfully millions of individual Americans create ideas, work, save, buy, and invest.

Government can help us to do all these with confidence and goodwill. It still remains for us to do them and if we "have it good," we shall owe government our thanks for an assist, but not for giving us the game.

* * *

We or They?

Check yourself on this one. When a new product is being produced, do you say, "We are getting out a new timesaver"? Or is it, "They are getting out, etc."?

Do you tell your neighbor, "We are taking on some new men," or "They are taking on some new men?"

The difference between the two words is only a couple of letters, but which one you use tells a lot about the way you feel toward your job and your company.

The General Electric Company wants you to feel, whatever your job may be, that you "belong." If you can't say "we," instead of "they," ask yourself why—the reason may be something easily corrected.

It is "we" or "us" to the people of our town or state—and company people are even closer.

Two former G-E employees, who worked in the die plant section, Bldg. 19-5, proved the theory that it's a small world when they met in the State of Washington recently. Now members of the U. S. Army,

Stationed in Wash.

both Pvt. Oliver D. Lambert and Pvt. John C. Schuchhardt, are now stationed at Ft. Lorton, Wash. To record their meeting, they sent the above picture to their former co-workers. Pvt. Lambert's present address is:

Pvt. Oliver D. Lambert
U.S. 5529898
Casual Eul. Sect.
Ft. Lorton, Wash.

Pvt. Schuchhardt's address is:

Pvt. John C. Schuchhardt
RA 16406990
Casual Sec.
Ft. Lorton, Wash.

Yeoman Crist

Kermit Crist, a former employee of FHP Section 14, Taylor St. and now in the U. S. Navy, visited the plant recently. Yeoman Crist has spent the last 18 months in Sasebo, Japan.

On his return trip to the U. S., the ship he was on was in a typhoon for three days. The passengers made three attempts to reach another ship across a high line to no avail. They finally managed to return to Japan for another ship. In all, they spent 28 days on the water. After his 30-day leave, Crist will report to San Diego for reassignment.

A change of address has been reported by Pvt. Vernon D. Burkett, who worked in Bldg. 4-4 before entering the Service. His new address is:

Pvt. Vernon D. Burkett U.S. 55274520
Prov. Co. 2342, APO 872
c/o P.M.
New York, N. Y.

James Wrisk, whose picture appears on page 1 of this issue, is now stationed in Florida. He is the son of Charles Wrisk, Bldg. 19-4 employee. Jim's present address is:

James M. Wrisk S N
430-57-67
Post office hanger-19
United States Naval Station
Green Cove Springs, Fla.

The following employees have entered the Armed Forces: Loren G. Dunlap, George E. Kruse, and Donald G. Searce.

Let's Talk About Europe!

by Doris McKeefe

RELAX! Mary Gordon said. How can we? We only have six months till we'll be winging our way across the Atlantic. Six months doesn't seem anytime at all with the million and one things a person has to do before the BIG TRIP.

If you've stopped by the Women's Activities Office in the

past week, you'll know what I mean. Even if you're not planning to make the trip this summer, you should stop in and talk about Europe. Armchair traveling is next to the real thing.

Monday night at the Elex meeting, Mary Gordon, who is TWA's travel advisor, gave us the last word on packing for a flight abroad. (She is not a tissue paper packer; she picks non-wrinkable fabrics instead. Nor is she the squirrel-type packer who hides little items in shoe toes.)

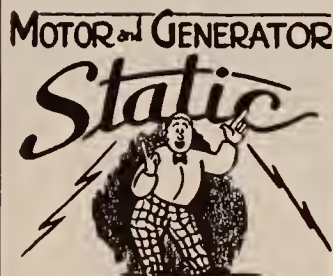

Helen Wood, W&D's travel advisor, set her class series off with a bang Monday night, too. Helen's first class centered around luggage and clothes selection, but questions and chatter ranged from vaccinations to airsick pills.

One of Helen's bits of valuable

advice was for gals to take long coats with them. To quote Helen there's always the chance you might have to use your coat for a blanket, and can you picture yourself curling up under a shorty?

Reservations are pouring in from all over. At press time, and we've only been open two weeks for reservations, five girls from Decatur, two from Cleveland, one from Erie and three from DeKalb had joined the 114 signed up from Fort Wayne. A REMINDER — Down payments are due during January and February — \$100 will get you space on the trip of your dreams.

Hope to have some especially good news for you about small pox vaccinations and to tell you how you'll get across the German border next week.

Thought For The Week: "The best way to make your dreams come true is to wake up."—Tilley Schlesinger.

Clara Sez: Nice going to Emil Fagg and Ora Martin on receiving pins for their firemen's volunteer services. . . . Jim Blake claims that he and Bob Buck are getting fat from not working so hard. Oh, I wouldn't say that feller. I think you two do your share. . . . Art Braun almost had an experience, which if it had happened, would have been very embarrassing. I don't dast print it till I get his permission, if he does give it. If he doesn't, well. . . . Margie Messer stopped me on the floor the other day, and asked me if I thought she

looked like a horse. I said "Of course not, tweetie pie." She said, "Well they sure work me like one."

. . . What's this about Charlie Waltemath writing letters to certain people in Bldg. 31. Don't tell me you are pulling a Harry Truman, Charlie. . . . We hear you're feeling better, Foley. That sounds good to us. I'll try to help keep the column going, but it won't be the same without your loyal support. . . . Sorry to hear that Russell Grim and George Forrester are on the accident list. Here's to a speedy recovery. . . . Think I'll get serious for a moment and leave with this thought. No truer words were spoken than these: "As a man thinketh in his heart, so is he." DAFFYNITIONS: Confusion: A word preceded by "utter" . . . Middle age: When a man would rather not have a good time than have to get over it . . . Taxpayers: Patriots . . . Horse sense: Saying "neigh" at the right time . . . Junk yard: Chinese naval base . . . Deficit: Difference between the amount of taxes the government wants and the amount it has the nerve to collect.

OUT OUR WAY

Bret Young Receives Appointment To STAB Inventory Control Post

Bret R. Young has been appointed inventory control specialist in the Specialty Transformer and Ballast Department, H. F. Briggeman, production manager and purchasing agent, announced this week.

After graduation from the Apprentice School in 1929 as an electrical draftsman, Mr. Young entered the STAB drafting section. He remained in that location for a short time before joining a planning group.

In 1933, he was assigned to the Winter St. plant on wage rate work. When he returned to STAB in 1946, Mr. Young became assistant supervisor of wage rate. Two years later, he was named wage rate supervisor.

Appointed staff assistant in STAB in July, 1951, Mr. Young was named assistant to the superintendent of manufacturing in Div. 97 in November that same year. Prior to his present appointment, he was on special assignment on the staff of the superintendent of Sec. 94.

Mr. Young is a member of the G-E Squares Club. The Youngs live on Reckeweg Rd.

Bret R. Young

D. S. Moore to Address Decimal Minute Men

Douglas S. Moore, counsel of the Law Department, Component Products Division, will be the guest speaker at the monthly meeting of the Decimal Minute Men, Monday, Jan. 19 at the Chamber of Commerce. The meeting is slated to begin at 7:30 p.m., Gene Foster, chairman announced.

"Time Study Phase of Division Counsel" is the theme of Mr. Moore's address. A question and answer session will conclude the meeting.

Partizans Announce Jan. 20 Meeting Plans

Partizan Chapter members will convene at the gas kitchen Tuesday, Jan. 20, for their first meeting of the year, Mrs. Denver Druesedow, chairman, reported this week.

The monthly meeting will begin at 1:30 p.m. Assisting the chairman with arrangements for the meeting are Mrs. Lee Hastings, Mrs. Adolph Pentz, and Mrs. Paul Rodenbeck.

Notice to all the little foxes around Monroeville! You'd better watch out or Joe Trentadue will get you! Someone has offered to loan Joe two 37 MM guns for the Conservation Club fox hunt. . . . Happy Birthday to William Bennett, Clarence Bower and Kurt Harz. . . . Have you heard the long sad story about Fred Pyle? That first icy morning he started out with his lunch, got only as far as the steps of his house when down he went, breaking his thermos bottle. He salvaged the rest of his lunch, got a ride with his neighbor and on arriving at work, there was his lunch spilled all over the back

GOIN' FISHIN'—Hoy Bastian tests the fishing equipment given him by his co-workers at his retirement party this month. Mr. Bastian and his wife (at left) have three sons employed here, John, David, and Wayne (at right). All are Taylor St. employees. Mr. Bastian joined the Company in 1919 and was an inspector in Sec. 17 when he retired.

Employees May Make Reservations Now for Two-Day Winter Excursion

Plans for a mid-winter, weekend trip to Niagara Falls, sponsored by Elex Club, were revealed today by Roqua Wibel, president. Scheduled for Saturday, Feb. 21, and Sunday, Feb. 22, the two-day excursion is open to both members and non-members.

Fund Constitution Distributed To Employees Today

Copies of the Constitution and By-Laws of the Employees' Community Services Fund of Fort Wayne General Electric are being distributed this week to all employees, according to K. W. Michael, manager of community relations.

The Fund was established to coordinate gifts to Allen County non-profit, charitable, health, and social welfare agencies from General Electric employees. The Fund is operated through payroll deduction and is administered by 16 administrators, 12 of which are elected by employees and four appointed by management.

Any employees who have not as yet joined the Fund may do so by contacting their foreman or supervisors.

Ball, Rosemary Kelso, Mary Garrett, Leander Knapp, Walter Leonard, Jeanette Worth, Cherie DePew, Willis Mettler, Erma Manor, Matilda Nuttle, Ruth Lester, Anna Lowe, Lucile Orr, Emil Smith, Berniece Scheumann, Carl Miller, Barbara Dillon, LaPaloma Shull, Gustave Dressler, Clifford Ferris, Harold Hershey, Clyde Allen, Angela Speth, Lucy Alexander, Jose Villanueva, Edith Mennewisch, Beulah Huff, Violet

Price of the trip is \$23 per person for members and \$24 for non-members. This amount includes: train fare round trip to Niagara Falls, Ontario, Canada via Nickle Plate railroad; hotel reservations for Saturday night at the General Brock in Canada; transportation from train to hotel and return; sightseeing bus, and breakfast on train Saturday morning.

The group will leave Fort Wayne at 2:46 a.m. Central Standard Time, Saturday, Feb. 21, and arrive in Niagara Falls at 10:40 a.m. CST, Saturday. Departure time from Niagara Falls is 6:30 p.m. CST Sunday, with the group arriving in Fort Wayne at 3:20 a.m. CST Monday.

A special train with different departure and arrival times will be charted if the number of persons taking the trip grows too large, Miss Wibel stated.

Reservations may be made with contact girls or with Mary Jane Horrell, Women's Activities office, Bldg. 18-1, or Evelyn Blakley, Taylor St. A \$5 down payment secures a reservation. Deadline for reservations is Monday, Feb. 16. Payments should be completed by Feb. 20.

Those interested in the excursion are asked to make their reservations as soon as possible so that a special train may be secured if necessary, the president said.

Martz, and Alfred Snawder.

Dismissed from Hospital
Beulah Huff, Donna Erhardt, Nora Ridley, Myron Poinsette, Martha Naugle, and Charles Strebig.

Robert E. Hull

Robert Hull Appointed Foreman in Training In FHP Sub-Section 17

The appointment of Robert E. Hull as a foreman in training in Sub-Section 17 of the Specialty Motor Sub-Department was announced this week by P. Frank Peternell, superintendent of Sub-Section 17. Mr. Hull is on the second shift in 10-frame Form G and 11-21 frame assembly, packing and repairs.

When he came to General Electric in 1934, Mr. Hull was a messenger boy and later went into stock work. In 1942, he became a dispatcher in Fractional Horsepower Motor Sub-Sections 1 and 17. Prior to his present appointment, Mr. Hull worked in priority regulations control in Sub-Section 17.

Mr. and Mrs. Hull and their five children live at 614 Home Ave.

KINDLING AVAILABLE

Kindling orders are now being taken at the Employee Store, Ray Fischbach, store manager, said today. Price is \$2 per load.

WIRE Ravelings

Art Risor

Cletus Lothamer expressed his thanks to everyone who helped in making his Christmas a "merry" one. I'm sure he would like to thank each person individually, but he is still unable to return to work. We hope to see him soon. . . . Joe Taylor has returned to work after a brief period of illness. . . . It was a 9 lb., 4 oz. boy, born Dec. 16, to Mr. and Mrs. Harold Parkison. A little early for Christmas but in time for a '52 deduction. . . . We welcome Bonnie Johnson to the production section. Bonnie transferred from the Taylor St. shipping department. . . . A welcome also to Barbara Konger in the cost section. . . . The Birthday Club is willing to break its resolution. If someone will bring in a cake they will gladly take care of it. . . . Virgil Howell invites everyone to hunt on his farm. He saw a lot of rabbits last Sunday, but they looked rather thin from being holed up all during the hunting season. . . . Ever since Bill Brandt started the basketball pool he hasn't won one time. Will someone please give him a tip on the next game or let him have first choice? . . . The new pair of coveralls that Mark (Tiny) Wright is wearing really have him covered. Salvaged they would be big enough to make his boy two pairs.

COUNT OFF

10-20-30
TAYLOR ST. DIVISION 17
by Margaret Stahl

We are sorry to have Bob Robertson leave us for his new venture and wish him all the success possible. . . . If you see traffic all tied up think nothing of it for it is probably Louie Kintz learning to drive his new car. Just honk your horn and be patient. . . . Clarabelle Whiteman lost her whistle last Monday when the new sweater girl came in. She turned out to be Gladys Pantazin. . . . Congratulations to Mary Shreve, who is celebrating 25 years with G-E today. . . . Roger Isnogle was wearing a broad smile the other day. Could it be because Ossian won the Wells County Basketball Tourney? . . . Linda Walmer spent Saturday in Huntington. She says since she has been riding around in a new Mercury she is getting the fever. . . . Selma Voigt gave us all a surprise last week when she came in with a beautiful new sparkler. Best wishes from all of us, Selma. . . . We wish George Marshand, who is a patient at the Methodist hospital recovering from an operation, a speedy recovery and hope he will soon be back with us. . . . Ralph Kaller is ill with the flu and we hope he will soon be able to return to work. . . . Eno Richter enjoyed his vacation in Florida, only wishes he had a little more time to spend there. . . . Our sympathy to Norman Hughes on the death of his father.

Remember
to visit
your
PENSIONER
friends once in a while!

RETIREMENT PARTY—A retirement party for Brittain J. Skevington was held in the Taylor St. cafeteria Dec. 31. Among those on hand for the special occasion were (l-r) his son John, his wife Cathryn, Mrs. Mae Skevington, his sister-in-law who is visiting from England, Mr. Skevington, and George Reker. Mr. Skevington joined G-E as an assemblor in Bldg. 19-5. He was employed in Sec. 13 at Taylor St.

Best wishes to Mrs. Frank DeGrau, who is now on her honeymoon. She was formerly Fern Wallace. Bonnie Wolf of the office was her attendant. . . . The Supervisors and Foremen's Club took in the hockey game Saturday night. Their good behavior was attributed to the fact they had their wives with them. . . . Happy birthday to Augusta Gallmeyer and Pete Alles. Belated greetings to Ruby Cunningham and Betty Froebe. . . . Fern Painter was really surprised on her birthday. Her co-workers held a pot-luck dinner at her house. . . . We are sorry to hear that Edna Dowden's husband is ill again and hope for a speedy recovery. . . . Pearl Michial sure is happy. She became grandmother for the third time. . . . Glad to have Eleanor Huffman back on days and Mary Lindemuth back in 1x79. . . . Since Edith Minnich is supposed to be on a diet who ate all the turkey she won? . . . Say, did anyone notice how glamorous Mildred Green is looking lately, also, Virginia Roemer. Must be the new permanents. . . . We all will miss Pat Gardner who left us for South America. She will be there for a year. . . . Clarabelle Sapp would like to have some of her missing scissors back. . . . she is going to get real angry one of these days. . . . Irene Kreger is on the sick list. . . . Mary Alice Williams had a surprise birthday party for her husband. . . . Well, Edna Goffs' husband isn't quite as neglected as we thought. Julia Hohnhaus baked him a nice cherry pie. . . . We are wondering if, along with her other duties, Julia Hohnhaus has acquired a new job delivering the mail. . . . Martha Bulliet had a wonderful time in Louisville, Ky., visiting her sister. . . . Welcome back to Marg Michalawski. . . . Billy Gawthrop is happy again. They finally hooked up her telephone. . . . Does anyone know where Ed Robbins could win a television set? He did not win the one at Meyers and what ever will

he do with that beautiful antenna? . . . We all enjoyed the candy Mildred Walkenstein gave out on her birthday. Many more happy ones, Mildred. . . . Frank Voirol has been coming to work wearing green eyeshades, the exact color of his living-room walls. . . . Bob Rodges is very happy cause Abe Richter has been buying most of the cokes the past week. It is pinching Abes' pocket book since he bought that '46 Chevrolet. . . . Herb Sullivan has been singing "Smoke Gets In My Eyes" since his oil burner went on the blind. Incidentally, he is available for oil furnace repair anytime, day or night. . . . Mike Kramer and Herb Sullivan were both worried about not getting home due to the ice. The boys were wondering where they could get a bed in town that would come with the necessary aromas, found on a farm, so they could sleep at night. . . . Bob Pierce must have meant he had a '49 motor in that '40 Olds he had advertised. . . . Paul Hendricks Jr. is a patient at a local hospital. He has been back from Korea for only a month. He hopes to be back at work shortly. . . . Sam Taylor, the oil man, is back from Texas. Instead of bringing an oil well back he brought a mule, and since John Figley has the spurs we think they had better get together on the deal. . . . John Figley jumped from fear when he opened his tool box and a mouse jumped out at him. . . . Leonard Floyd said he didn't catch any fish last Monday. . . . We were wondering who took a nip out of Ralph Waikels neck when he showed up at work all bandaged up. We discovered he had a mole removed. . . . Frieda Knoche has a new great niece. The only drawback is she's in Germany and she won't get to see her for some time. . . . Bill Berning is back with us again after a seige of army life. He also acquired a wife while he was in the service. . . . Mollie Dickover and Lois Facks are both back at work after being on the sick list. . . . Bill Widdfield was late two mornings last week. He says the old Ford wouldn't go over 20 miles an hour. We suggest he leave home earlier. . . . Ivan Parrish sure was proud of his son last week. He plays on the Concordia basketball team and he made 19 out of the 25 points made in the first half.

DITTIES FROM DISTRIBUTION

by Ruth Sorg

SHIPPING: What is this we hear about Ed David? The other morning when it was real slick out he told his wife to be careful and then went out in a few minutes and fell down. Next time Ed when it's slick out, you had better be careful. We wish Ed David a happy birthday next Sunday. . . . Welcome to Bonnie Johnson, the new girl on the open file. . . . We say so long to Sharon Hite who was transferred to Section 19. Good luck to you, Sharon. . . . When it comes to "breaking a record," Eva Westrick believes in really doing the job up, but proper. . . . Eva stopped after work and purchased the popular recording "Outside of Heaven." She continued merrily on her way on the icy sidewalks, and oops---Eva said for an instant she thought she was just "Outside of Heaven," as she saw so many pretty stars! Lucky Eva, she escaped with only hurt pride, but she really did "break a record." . . . TELEGRAPH: If you see a girl driving down the street in a new Bel Air Chevrolet, it is only Cholene Schlabaugh. . . . Deiores Widner, let's try not to cut the corners so short next time. . . . Congratulations to Norma Drunnell on the engagement ring she received for Christmas. . . . RECEIVING: We said goodbye to our old pal Sam King, who retired last Friday. The gang presented him with a gift, and Ed Lallak brought Sam a shillelagh. He presented it in a novel way, just like he was going to bash him with it, but it was all in a spirit of good fun. . . . Carol Linnemeier left us too. Jean Neheby is taking over Carol's work. . . . Will some one please tell Frank Goetz that Christmas is over? He is still looking for that certain \$50 bill. . . . Marie Renz had some trouble with a cigarette lighter. She lighted it, and it burst into flames. She ran to the kitchen and threw the blazing lighter on the floor, then fearful lest it ruin the linoleum, she managed to pick it up and toss it in the sink and turn water on it. Now she's in the market for a lighter with a built-in fire extinguisher and first aid compartment.

Night Views

in Bldg. 26-4

by Lucille Keller

We would all like to congratulate the Allen Dairy Bowling team. They placed first in the first half of the bowling league. The Swiftly Connet's placed second, and the Chocolate Bar girls have the highest score for a three game series, a 1,875. . . . There is one person on the finishing table that really believes in the sign of her horoscope, at least since last Thursday. She received a beautiful diamond wrist watch. . . . What was all the commotion at the potluck table for Veronica Cook? Could it have been the price tag on Faye Patton's blouse? . . . Congratulations to Margie Goble, who acquired a new daughter-in-law over the holidays. . . . Minnie Washington received many useful gifts in a surprise kitchen shower from the girls on the cleaning table. Blanche, are you sure you gave her a kitchen gift? . . . It seems Jan Miller has taken a liking to a certain girl up here. How about that, Jan? Don't let the girls on the sealing table find out or you will be in hot water. . . . If you don't believe it's cold in the green room (Breezy Corner) take a look at Blanche Norman. She wears a skirt, blouse, and a dress over that. Are you sure it's that cold, Blanche? . . . Vera Everett has turned to nature. For lunch she had mint tea washed down with alfalfa juice! Some combination, Vera. If we hear you singing "Cow Cow Boogie" we'll know it was just too much for you. . . . It's rumored that: Cass is doing push-ups to regain his girlish figure. . . . Mike's wife has to drag him out on Sundays. . . . Sana is lonesome over a guy from Bldg. 26-1. . . . Everytime the phone rings Helen F. jumps up automatically. . . . Henry is afraid Annie will bite. . . . Pete would like to see everyone at his or her station at 11:30. (We should see the day, Pete.) . . . We are sorry that Wade Bowman left the wind-

ing section as set-up man. We wish him lots of luck on his new job. He received a nice going away gift, a new billfold with fifteen new crisp dollar bills. The winders would like to welcome Delmar Grotrian, who is taking Wade's place. . . . The winding section has one main groan, no more paid holidays until vacation. Too bad isn't it, since they are so nice! . . . TO BE OR NOT TO BE: Should Harvey Carper's first name be "Flash." The reason? Just watch him when the fire bell rings! . . . Say Fern, I've heard of weird dreams and nightmares but are you sure which yours was? . . . From the looks of Peg Toy her Christmas vacation did her a lot of good. Nice to have you back on the old grind. . . . We hate to say it, but we lost a good finisher and a swell girl. Donna Murphy has gone back upstairs. Hope you are back soon, Donna. . . . On behalf of all of us I would like to say good-bye and good-luck to Mary Lou Fellers. She left us to become a full time housewife and to await the blessed event. As a going away gift she received a high-chair, a yellow shawl, and we must not forget the plush teddy bear.

TOP floor TOPICS
By JACK LEA

Mertz astounded a few onlookers by wiping his glasses with a ten dollar bill. However, he didn't throw it away. . . . The bushing table section looks empty, four girls are off for illness. They are Bertha Wollert, Lucille Orr, Thelma Kistler, and Dorothy Fletcher. . . . We wish to extend our sympathies to Ed Krominaker, whose father died recently. . . . A note to Jordan Gunkel: You are not supposed to throw lighted matches away. Blow them out first, it's easier on the eyes. . . . We are losing one of our fellows from the hermetic line. Jim Cox will be leaving for the Army in the near future. . . . Herman Garvis would like to get rid of the dead mice around here, as he's tired of seeing Rita Zuber with a clothes pin on her nose. . . . NOTE: Kate Somers spends her time at home minding her own business. . . . COMMENT FOR THE DAY: "Life isn't just one darn thing after another, it's a million darn things after a million others."

FLOOR LORE
from BLDG. 4-4
by IOWANA FERRON

Bill Morton's son-in-law, Paul Counterman, left France Dec. 26 to be discharged from Service, and should be home in a very few days. . . . Cece Onion would go ice fishing if he could keep his hands warm. . . . Louie Pfueger is making his debut ice fishing this weekend and has been gathering information, how to bait poles, etc., all week. We hope he does better than he did on his first hunting trip last fall. . . . Bill Putt received his first mess of fish from Leon Radamaker after four years of promises. But it seems that Roddy didn't catch the fish after all. . . . Ice Bound—Grace Kliene stayed in town last Thursday as it was too icy to get home. Anita Slusher couldn't get out of her driveway last Thursday. When they finally made it the following day, Anita was at the wheel and hubby was pushing. When Anita reached the highway it was so icy she couldn't get stopped and she left hubby running down the road after her. He finally caught up with her and got to work on time. . . . Bill Putt nearly passed out the other day after smoking one of Cece Onion's Cuban cigarettes. . . . Bert Brown's bowling was so bad last week that the fellows couldn't get a word out of him. Bert told me that same day he was going to see if a bowling ball would float or sink in the river. . . . Frank Fogwell didn't have his lunch the other day. He became so interested in putting a bucket of ashes in his car, in case he got stuck, he forgot the lunch kit. Everyone was trying to get a snack from Frank that day. . . . It seems a few persons were interested in Eldridge Gillum's California letter and Frank Fogwell was the only one who got to read it. . . . Elmer Heemsoth tried to drive to work the other day without a battery in his car but it just wouldn't start, so he had to borrow Ray Schuckel's car. . . . Grady was so preoccupied the other day that when the car in front of him stopped, Grady didn't. . . . The girls at the Decatur Plant were worried, afraid that Wilma Bischoff was loafing since she left

down there. Wilma has been here all the time and passed out candy for the birthday she celebrated last week. A little late but Happy Birthday, Wilma. . . . Margaret Parisot also had a birthday last week and passed out candy bars. Many more of them, Margaret. Birthdays don't make any difference to Margaret Parisot. She was heard playing "Butter and Eggs" with Gladys Stahly. Most of the girls knew the trick. It seems Gladys just can't keep a secret anymore. ,

TOOL BITS

by Don Clark

Our hats are off to Robert Benz for his interest in civic affairs. He has now been elected president of the Northwest Community Association. . . . Peter Cottontail is making his appearance early this year, as Bob Palmer and Dave Bartle will readily agree. . . . Lowell Welker didn't mind seeing last year depart but hated to lose his favorite calendar. . . . Kenny Doell is noted for his active part in the Waynedale community life. Now we hear that he has another interest—he is a first rate baby sitter. A fine accomplishment, Kenny. . . . When the Vernon Burke's retired last Sunday evening they set the alarm but failed to put the cat out. About midnight a terrific crash woke them up. The kitty had jumped up on the night stand and knocked the clock to the floor, breaking it beyond use. That's Vernon's alibi for being late on Monday. . . . We welcome Jim Schwartz and Anthony Chrystler to the office. . . . Leap year's over and boys are chasing girls again. Bud Harter has given his girl a diamond ring. . . . Howard Markey took his television set up to the lake. Now he spends his time at the lake watching TV instead of ice fishing, like he first intended. . . . At the rate Harold Blauvelt is trapping mink it won't be long before Mrs. Blauvelt will be wearing a mink coat. . . . After seeing the new Chevy Dick Hemrick has developed that new car look in his eyes. . . . Herb Ort can't wait until spring to try out that new fish pole he received for Christmas. A trip to Florida would help, Herb. . . . John and Mrs. Stetler had a very pleasant surprise last Sunday when their son, Ronald Dean, returned home from Japan. The presents he brought back included a fine fly rod for John. . . . Our sympathy goes out to Gus Ausderan and family in the death of his mother. . . . Paul Brinkroeger is a whiz at rattling long scientific names of his tropical fish. Paul has his own aquarium stocked with many rare species. . . . The Tool Room volleyball team crashed into the win column with some spectacular spiking by Charley Shipman and some great plays by Chet Burgette, Paul Yentes, Don Alcott, Bob Bryan, and Glenn Staight. . . . Joe Mettler told Bernie Byanski that he had the flu when he was absent one day last week. The Buick started as usual, claimed Joe. . . . Elmer Ueber's five-year-old son tells him cowboys don't ride horses anymore, they ride a-straddle, and he has convincing proof. It's in the record, Elmer.

Corporate profits taxes have been increased three times since mid-1950, the Committee for Economic Development (CED) says, pointing out that the average Federal tax load of all corporations is approximately 60 per cent of their net income.

Spot Lights
from BLDG. 4-2
by ESTELLA PETTIBONE

We are glad Eileen Foor has recovered from injuries received in an auto accident several months ago and is now back with us again. . . . Several friends of Charlotte Clover have received letters saying she is able to be about some. And she is enjoying visits and letters from co-workers. . . . Mark Brindle has a photo of the beautiful Christmas scenery he had erected at his home. Anyone who was not fortunate enough to see the scenery may see the photo. We hope he will put it up again next year and all will be privileged to see it. . . . Joan France has already broken one of her New Year's resolutions. . . . Betty Denny treated co-workers to popcorn Friday. It's fortunate that most of us aren't on a diet. . . . The case of the misplaced paper clips has not been completely solved although the clips were found. Lillie Pion would like to know how they got in her gloves. . . . We don't know how it happened but the Komets won a game and Iko Motter was at the game. If they can just beat Cincinnati Ilo will be happy. . . . Don Strobel's new greeting is "any SM bulbs at the Employee Store today?" . . . We are glad to have Ben Fleek from Taylor St. working in the planning section. . . . If you have any duck feathers Louie Pooler is in the market. He was seen wrapping up some yellow duck feathers the other day. . . . Bernice Fortman was the lucky person who won the check pool last week. First time she has ever won anything. . . . The noon pinochle game must be getting Andy Lee down. He was seen taking home some bingo buttons. . . . Gale Rhinehart is the other new face in Bldg. 4-2 office. Gale is on special assignment for Frank Gamec. . . . We are sorry that Francis Fitch is ill with flu but wish her a speedy recovery.

2-2 TALES
by Belle Buchanan

It's real funny to watch Ralph Arney and Harry Chism, second shift foremen, walk very slowly up the aisle past the time clerks, then bolt for the exit door. Never, but never, do they get out without being called back to answer questions for all of us. . . . Red (Harold) Braden was almost mistaken for his famous brother, John, by an admiring youngster the other day. But Harold doesn't mind, he sort of likes being the brother of that big Redhead. . . . This is to tell all of our visitors in the office that if you think you hear bells tingling in the back of the office, don't get worried and consult a psychiatrist, it is just the new teletype machine trying to get the attention of Marty Weeks, who, by the way, is doing a swell job on the machine. . . . I haven't mentioned my boss, Vern Castle, for a long time. Maybe it is because he is getting hard to see since he went on a diet. No fooling, he looks and feels much better since he quit eating lunches. . . . Florence Polk, a former time clerk in this office, said in her letter recently, that she reads the G-E NEWS, faithfully. This is a good time to say hello to her and tell her that as soon as we all get a breathing spell we will write. Florence now has a small son and lives in Decatur, Ill.

Inquiring Reporter:

DO YOU BELIEVE, AS CHURCHILL DOES, THAT THE "CENTER OF GRAVITY" IN THE COLD WAR IS ALONG THE IRON CURTAIN IN EUROPE AND NOT IN KOREA?

WILFORD J. FETT

Bldg. 26-1

"I believe that the center of gravity is along the Iron Curtain. Without Russia to support them, the Chinese Reds would not have dared enter the Korean conflict; and without the Reds, the Korean war would have reached a speedy conclusion."

GARNET M. MARSHALL

Taylor St.

"We have been told for months that the trouble lies in the center of Moscow, Russia rather than in Europe or Korea."

THEODORE A. BAUMAN

Bldg. 27

"As far as Stalin's desires for minerals and oil fields are concerned, the center of gravity may be in Europe because there isn't much material gain for him in Korea. However, as long as our boys are fighting and dying in Korea, that is the center for us."

ILDA D. WOODS

Bldg. 4-5

"I believe that the greater share of our interests today lie in Korea rather than in Europe."

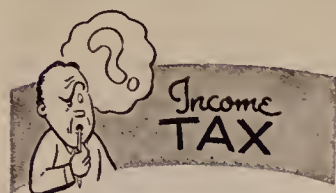

PAUL V. BELTZ

Bldg. 28-1

"I am of the opinion that the 'Center of Gravity' in the cold war is not based on one central position. It appears rather to be applied to several areas—Europe, Korea, Indonesia, Iran, Egypt, and what next?"

TAXES ARE NO JOKE!

That's why you should take seriously the job of preparing your federal income tax return.

Editor's note: It is important for you to make sure you pay the right tax—neither too much nor too little. This is a serious job, but it helps if we keep our sense of humor. This article, based on material furnished by the American Institute of Accountants, the national professional society of certified public accountants, is designed to help you with your tax return.

Don't tackle your tax return without knowing the basic rules of the game. You could find it expensive. If you short-change yourself, you cannot rely on the government to find your mistakes and refund your money. Remember, you don't need to pay more than your legal minimum. Do any of the following situations apply to you?

1. Saving by Supporting Relatives

John Sour's wife's aunt moved in with them last May, to help take care of their new baby (she said). John thinks she was looking for a free rent. She has some \$500 coming in every year from insurance. He can prove it costs him \$1,000 extra to support her. Can he take her as a dependent on his tax return?

The aunt is not closely enough related to John to qualify on his individual return, but if she is Mrs. Sour's aunt by blood, rather than marriage, she can be listed on a joint return, PROVIDED:

- (1) John furnishes more than half her support,
- (2) her own income is less than \$600,
- (3) she has not filed a joint return with her husband,
- (4) she is a U. S. citizen or a resident of the U. S., Canada or Mexico.

THE RULE: CHECK YOUR EXEMPTIONS CAREFULLY—EACH SAVES YOU THE TAX ON \$600 OF YOUR INCOME.

2. Your Tax Form Counts

Harold Gargle's mind goes blank whenever he has to fill out a form. Should Harold save himself a lot of anguish on his taxes, and merely fill out the simplified form 1040A?

Not if an hour's mental struggle can save him the equivalent of a couple of days' pay. The trick is to use both forms. On the long form 1040 he itemizes all his deductions, and he can claim the full total. But on either the simplified form 1040A, or the short form 1040, there is no itemizing. Harold gets, instead, the standard deduction of 10 per cent of his adjusted gross income. By trying both the short and long forms, Harold will find out which one saves him money.

THE RULE: TRY YOUR TAX ON THE LONG FORM AS WELL AS THE SIMPLIFIED OR SHORT FORM, TO SEE WHICH GIVES YOU THE LARGER DEDUCTION.

3. Medical Expenses May Be a Balm

Bill Short's wife had her appendix out last fall, but he hasn't paid the bill yet. Can he list this bill among the medical expenses that he plans to deduct on his 1952 return?

No. Bill's deduction is that part of the family's total medical expenses PAID DURING THE TAX YEAR, which exceeds 5% of his adjusted gross income. If he or his wife had reached 65 before the end of the year the 5% subtraction rule would apply only to medical expenses, as explained in the tax instructions. cal expenses for dependents other than his wife. In any case

THE RULE: IF YOU HAD HIGHER-THAN-AVERAGE MEDICAL EXPENSES LAST YEAR, GO OVER THEM CAREFULLY. THEY MAY HELP REDUCE YOUR TAX.

4. Good Records Are a Good Idea

Henry Slick plans to take a lot of deductions this year—\$200 for gifts to charities, \$150 for medicines, and several hundred more for state gasoline taxes, sales taxes, union dues and tools he has to buy in his job as a machinist. Henry doesn't believe in keeping records, and throws away his receipts and cancelled checks. He goes on the theory that "the sky's the limit" when it comes to claiming deductions and doesn't bother himself about proof. Is he safe in assuming the government will take his word because he looks honest?

Henry's honest face will get him nowhere. Unless he keeps written records, such as receipts or cancelled checks, his claims to deductions are likely to be disallowed. In the case of a fraudulent return he could be subjected to severe penalties, as well.

THE RULE: HAVE RECORDS TO SUPPORT YOUR RETURN. IF YOU ARE UNSURE ABOUT SOME TAX QUESTION, GET ADVICE FROM A QUALIFIED PERSON.

5. Inflation and the Extra Dollar

Willis Watt, who works as a company electrician, has felt the pressure of inflation and is making money on the side repairing radio and TV sets. He does the work in a back room of his house. Last year he made \$500 from the sideline. Willis thinks that, since this is less than \$600, it is tax-free and he doesn't have to report it on his return. Is he right?

He is mistaken. It is only when TOTAL income is less than \$600 that it is tax-free. If the total income is \$600 or more a return must be filed and ALL income must be included.

Since Willis is his own employer to the extent of his sideline business, he can deduct business expenses related to his sideline business. For instance, he could deduct a proportionate part of the cost of maintaining his home, since he uses one room for the sideline business.

If, instead of working at home for himself, Willis was required to work at home under the terms of his employment with his full-time employer, he would also be entitled to deduct the related home expenses, provided there was no reimbursement by the employer.

THE RULE: INCOME FROM "OUTSIDE" WORK MUST BE INCLUDED IN YOUR RETURN. BUT REMEMBER THAT BUSINESS EXPENSES MAY BE DEDUCTIBLE.

6. No Place Like Home

Herbert Wise sold his home at a loss—because a repair bill for his storm-wrecked garage and porch had taken all his ready cash, and he felt he couldn't pay his property taxes and keep up his mortgage payments. On his tax return, he plans to deduct (1) the loss on the sale, (2) the repair bill, (3) 1952 property taxes and (4) the mortgage he has paid. Is Herbert headed for Leavenworth?

Herbert's freedom is not in jeopardy, but he'd better lay some of the house money aside

for the tax collector. The deduction for loss on the sale of the home will be disallowed, with consequent additional tax and interest. His deductions for property taxes and interest on mortgage are O. K. So is the repair bill if it is a fair measure of the storm loss and the storm loss was not covered by insurance. Note that the repair bill is deductible as a casualty loss, not as repairs.

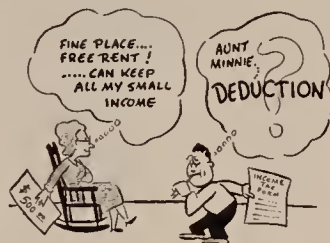

Selling your home presents a tax problem. You cannot deduct a loss—and you may have to pay tax on a profit. You do not have to pay a tax on the profit if you buy another home which costs as much as you received for the first one; you must do this, however, within one year before or after the sale of the first.

THE RULE: DO NOT NEGLECT DEDUCTIONS THAT RESULT FROM YOUR OWNING YOUR OWN HOME. THEY CAN HELP REDUCE YOUR TAX.

A Quick Check-List

Here is a check-list of dates and information about filing.

1. File early—before the March 16th deadline. The deadline is extended one day this year because March 15 falls on Sunday. Avoid the last-minute mistakes that can lead to overpaying your tax. The government doesn't want that any more than you do.
2. If any member of your family had taxes withheld, even on an income of less than \$600, he should file a return. That is the only way to get a refund of the tax withheld from pay.
3. If a Declaration of Estimated Income for 1953 is due from you, file it when you file your 1952 return. You have to file a declaration if:
 - Your total income will be more than \$4500 plus \$600 for each of your exemptions, or—
 - You have income of over \$100 from any source other than wages from which your employer has withheld tax, and your total income will be \$600 or more.
4. If you have questions you can get help from the local office of the Bureau of Internal Revenue. If you have complex problems you will need professional advice.

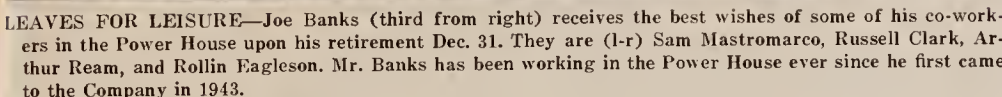

Congratulations to Della Zulch, a former co-worker of ours. She gave birth to a 7 lb. 6 oz. baby girl, Jan. 8. . . . We wish to welcome VeEtte Gray to our division. . . . Martha Arnold was so excited the other day that she came to work with two different kinds of hose on. Could it be her getting married the 24th day of this month that caused it? . . . We wish Lucille Quirk a speedy recovery from her recent fall. . . . Lenora Brown, once again, is having an increase in her family. Last count she had 17 new little pigs. . . . We hear Pearlina Webber practically slid into work last Friday. . . . We were glad to hear that Ilene Case had a way to work and home too. She sure was surprised. . . . After 38 years of married life Fred Adams still has trouble with these new fangled zippers, or that's what his wife tells us. What's the rest of this, Fred? . . . Attention! There will be a big farewell party in the office for Gene Foster. After many years in Div. 17 Gene is moving to greener pastures. Good luck, Gene. . . . When it comes to money bowling, Rose Libby really comes through. Rose and her partner finished fourth in the G-E mixed doubles. Rose claimed she got more strikes than she has had all season. . . . Group 17x700 can go back to normal again. D. Patton and J. Haggengos are back. . . . There is no report on Bob Boone and his horse on the money they made on the last snowfall.

PICK-UPS

from Bldg. 26-3

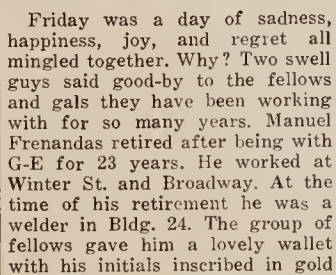

by Jack Sweet

Fishing is fine, says Ed Lauer after catching a nice mess of crappies through the ice at Rome City last weekend. . . . Gertrude Kummerant will have to stop antagonizing the testers. Frank Jordan and Shally were so upset last Saturday that they didn't make it to work last Monday. . . . Will someone please explain to Art Roll the difference between Company time, personal time, and spare time? . . . Welcome back to Beverly Willig and Mary Williamson. Beverly has returned after recuperating from a siege of illness. Mary has been taking care of her daughter and grandchildren, while her daughter was seriously ill in the hospital. . . . Another member of our family has joined the ranks of the Safety Cab Co. Bill Mowery is driving at nights, part time now. . . . What's this a new pad? . . . Lorraine Papp was seen last Monday, wearing a light blue shade of fingernail polish. . . . Jay Spiece wouldn't let his future son-in-law drive his car for fear he would wreck it. If he didn't drive it Jay, how did your fender get mashed in? . . . Lucille Aikens is back with us again after being off for a year. Lucille is working for Al Rieman on first trick.

Now that the New Years resolutions are in order we have a lot of resolving in this section. First of all Harold Hart and Ralph Dunlap are going to cease trying to get each other in bad with their respective wives (this will be a relief to all of us). . . . Clarence Stove was threatened with sudden death if he did not stop talking about fishing through the ice, so has decided to stop it as of now (a great relief). . . . Red Snapper Renz and Herschel Foreman have resolved to get here on time every morning this year. This will be a great relief to their foremen. . . . George England promises not to carry both sets of car keys with him when he comes to work, thereby giving the members of his family a chance to use the car. . . . Arthur Brandenberges is going to stop his yelling. One could hear him from one end of this building to the other (oh, happy day). . . . Loyal Liddy wants it known that he absolutely will not dress any more fowl for friends and neighbors. . . . Buck Adams has resolved to quit garbling up his

work this year (the inspectors are going to be greatly disappointed). . . . Mable Miller promises to refrain from chewing on chicken necks and is going to gnaw on backs instead. . . . Preston Peter Hille assured us that he too is going to get here on time every morning this year, and is going to cease his morning grouching around. . . . Edwin Moodie promises to smoke a sweeter smelling brand of tobacco in that Horn of Plenty pipe he sprung on us a few weeks ago.

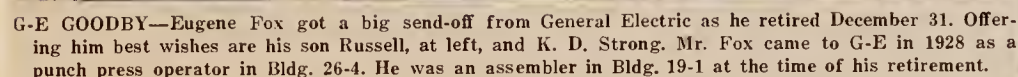

and the letters G-E. Inside were a few green leaves (\$) to help in the lonesome days to follow. I asked him if there was anything he would like to have in the paper for him and he only looked at me with tears in his eyes and said, "I'll let you say it for me." So, for Ferdie, thanks to all my good friends and fellow workers, it's been swell with you all these years." . . . Oh yes, we can't leave out another good fellow. Frank Mennewisch has worked diligently for G-E for a little over 46 years. He too received some very nice gifts from his fellow workers. The motor drill will help him pass his time away while he is at home. He also received a very nice billfold with a little ready cash for those off days. The hammer and copper bar he used for so many years were painted a fire engine red and presented to him. Where does the straw hat fit in a sprinkle can? Well, we will let Frank decide that. . . . Merle (Eddie) Byers has left us after 13 years to work in Bldg. 27. We will miss his singing. . . . Paul Nofze says he is the official banker for Charlie Baker. Charlie borrowed money from Paul on Monday and Wednesday he repaid it. He forgot he had paid Paul and Friday he paid him again. So Paul said if he wants to borrow any more it will be Charlie's own money.

In 1894, the newly-organized General Electric Company began negotiations for purchase of the Fort Wayne company. With the acquisition of the physical properties in Fort Wayne, the General Electric Company also obtained the inventive genius of Mr. Wood.

It is interesting to note that a large percentage of awards made were for suggestions on which there were not tangible savings. These suggestions were for improved working conditions, safety, etc. The awards made for suggestions on which there were savings are approximately 15 per cent of the first year's gross savings.

Records of the Broadway General Electric plant show that Bldg. 2 is the oldest building now standing. It was erected in 1890. The size of the building has not been changed since that date. Bldg. 7 is the second oldest. It was built in 1893.

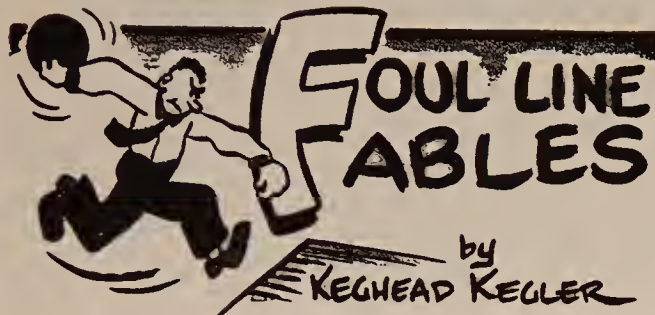

It is not necessary to sign your name. If your question is of general interest, it will be answered in the NEWS. If not, we will send you a personal answer, providing you have signed your name and address.

Location.....

MIXED COUPLES WIN MIXED DOUBLES

Office League

With a record of 5 wins and only 1 loss, Reproduction is leading the Office league. All tied up for the next spot are Pawlisch Shoe Repair, M and G Sales, and Plant Engineering, each having a 4 and 2 record. The big gun on the alleys Monday night was Carl Hattendorf. Carl blistered the alleys for a 216, 189, and ended up with a 235, for a series of 640. Charlie (Pappy) Briggs kegled a 234; Dick Buckner, 223; Gil Baker, 218 and 200; Hal Fanning, 212; Dan Ewing, 208; Earl Morrell, 206; Dean Burgemeister and Don Waldrop each kegled 203 counts; while Bob Kallmyer and Charlie Shipman rolled 202 scores.

Apparatus

Team No. 1 won the first half championship in the Apparatus league by a one-half game margin, just edging out Team No. 5. Team No. 1 ended the half with a record of 28½ wins and 16½ losses. Team No. 5 had a record of 28 and 17. Charlie (Pappy) Briggs was troubled with splititis, having 4 splits in the first 5 frames. Pappy converted 3 of the 4 splits, including the 5-7, the 6-7-10, and 3-10. The 8-10 was too wide to convert. Bill Johnson picked up the 5-10 split. The holiday layoff proved too much for some of the bowlers, they just couldn't get the range. Double century scores were kegled by Herb Langer, 236; Don Alcott, 212; Don Greenler, 208; Lloyd Parring, 206, and Ed Reese, 204.

Owl League

In the Saturday morning Owl League bowling at the G-E Club alleys it is Team No. 1 with 26 wins and 7 losses leading the league. In the second spot it is Team No. 7 with a record of 24 and 9. Having won 23 games while losing 10 landed Team No. 9 in third spot. H. Uhrick had his sights set right and kegled a big 668 series on games of 213, 265, and 190. George Soule found the range and rolled 201, 243, and 156 for an even 600 series. R. Buckner rolled a 606 on games of 234, 184, and 188. O. Johnson couldn't get enough pins on his third game for his 600 count. He rolled 204, and 216. Other double century counts include R. Junk, 225; P. Billman, 221; H. Vance, 203; T. Carteaux, 202, and T. Cowan, 221.

Ladies Friday Night

With a record of 5 wins and 1 lost the Old Crown team is leading the league. In second place with a 4 and 2 record is Team No. 4. Hitting 500 per cent in the win column Team No. 3, 5 and 7 are tied for third place, with 3 wins and 3 losses each. Charlotte Stanford hit the maples for a 527 count on games of 175, 153, and 199. Liz Shearer rolled 178, 183, and 165 for a 526 score. Tommie Williams

kegled a 502 series on games of 147, 184, and 171. Virginia Mollet scored a 197; Lyn Blauvelt, 196; Betty Thompson, 193; Betty Campbell, 182; Evelyn Zimmerlee, 173; Emma Vaughn, 171, and Ida Yahne, 170. The new secretary of the Ladies Friday Night league is Virginia Mollet.

Masonic League

The Squares are leading the league with a 6 won and no loss record. Ionic is in second place with a record of 5 and 1. We find the Plumbs, Corinthians, Trowels, and Fellowcraft tied up for the next spot with a record of 4 wins and 2 losses each. May kegled the high game, a 215 count; Braden, 213; Peters, 208; Biedenweg, 210; Somers, 210 and 200, Junghaus, 205; L. Huges, 201, and Lautenberg, 200. Pillars won the first half championship in the Masonic League.

by NORMA ARNOLD

Chuck Strecker entered the office Monday with a wide grin and a box of cigars and candy. An eight and one-half pound baby boy made his arrival on Saturday evening. . . . We wish to welcome Melvin Hancock to the drafting room. . . . Have you noticed the proud expression on Les Fanning's face? He became the father Jan. 1, of a baby boy named Les Jr. . . . Did you know we had two brilliant inventors in the drafting room? Last week Dick Neher and Ed Ellenburg invented a very useful gadget, a spiral paper clip holder, which every draftsman needs (so I hear). But, like most inventions, they couldn't get a patent on it. . . . Del Hartman sure wore a flashy shirt Monday. He said he had it tailor made, because he has such broad shoulders. . . . We wondered why Bob Henry came to work Monday barely able to perambulate and then we found out he turned "strong arm moving man" over the weekend and it was too much of a shock to his muscles. . . . Help! Eve Strain desires some amiable suggestions on how not to have blue fingernails. She just can't get her fingers out of the files before the drawer closes shut. . . . What's this I hear about the officers of the G-E Squares having a difficult time getting in the Squares Hall last Thursday?

Mary Jane Kramer and Henry Vance rolled a 1286 count to win first place in the third of a series of mixed doubles bowling tournaments held at the G-E Club Saturday night. Two squads rolled, the first at 6 p.m. and the second at 8:30 p.m. Top place paid \$16.

Gladys Vance and Joe Kramer kegled at 1267 score to win the second place prize of \$12. Bea Lantz and Ed Whipple took third place with a 1234 count. This score netted them \$8. Fourth place and \$7 went to Rose Liby and Joe Eifred for a 1224 count.

The Saylor, Mae and Jay, rolled a 1214 count which landed fifth place and a \$6 prize. A. Zoller and N. Gerding had a 1206 score, and tied Margaret and Morris Parisot. The four split the sixth spot's \$5 prize.

High scores for the ladies were as follows:

Mary Jane Kramer, 190 and 183; Gladys Vance, 187 and 179; Rose Liby, 169; Mae Saylor, 161 and 161; Anne Lee, 170; Mary Koorsen, 166 and 163; Jeanne Brown, 157, and Evelyn Jackson, 146.

The high single game for the men was rolled by Joe (Keghead) Kramer, 206; Ed Whipple collected a 202; Walter Jackson, 201; Serge Schuster, the fireman, an even 200; Bob Kallmyer, 193; and Joe Eifred, 190.

Henry Vance rolled the high series, a 589 on games of 197, 201, and 191. The next mixed doubles tournament will be held February 7. Interested bowlers may sign up now at the desk in the G-E Club.

SMOKE HOUSE Sayings:

Bldg. 22

by George Winans

Bldg. 22 extends a hearty welcome to two new employees, Frank Bailey and Jaunza Kurtz. . . . Dick Bodkins is back from vacation in Florida with a beautiful tan. Dick spent many enjoyable hours on the beach eyeing the bathing beauties until it happened. By I mean the misfortune he encountered. Dick saw his first honest to goodness French bathing suit! It took a chiropractor and an eye specialist two hours to get his eyeballs back in their sockets. . . . Congratulations to Mr. and Mrs. Charles Castle who were married 29 years ago. Jan. 5. That is a long time, Ma Castle, to be married and be a silent partner. . . . Can you remember those stories in your school readers about the chimney sweeps over in the old country? Well, we have a chimney sweep right here in Fort Wayne. It is none other than our own Raymond Morton. Our hero was seen the other morning at 4 a.m. up on the roof, dangling a milk bottle in the chimney. Waymon says the chimney draws fine now, so if any one has any trouble with their flues you know whom to call on. . . . Al Mason has a brand new Dodge and Mike Sorgen has a new suit. . . . Pappy Wright has a pipe that he says has gone half-way around the world. By the smell of it I'd say it went under its own power, too!

Memos from Taylor St. Shipping

by Barbara Harper

That isn't little Jack Horner
Sitting in that crowded corner,
There's a flag saying "Lily is here."
Could that flag mean Lily Minniear?

Herman Norr lost his secretary, Carolyn Peterson, last Friday. He looked everywhere, even under the desk. Carolyn, who was on the other side of the office, saw him searching frantically for something and quickly went to his aid. Was her face red when she discovered that it was she he was looking for! . . . Best wishes to Judy Krebs who will be celebrating her birthday Jan. 19, and belated wishes to Lily Minniear, who had a birthday Jan. 12. . . . Sharon Dougherty, Grace Taylor, Pat Norman, Vi LeFavour, and Barbara Harper represented our office at the Elex dinner, Monday night. I'm sorry that more of our girls weren't able to attend. We had a very enjoyable evening. . . . I received a lovely letter from Maxine Peterson and her husband, telling me that they are expecting an addition to their household in March. They have names picked for a girl. Here's hoping they get their wish. . . . Judy Krebs just hasn't been the same these last few days. She seems to be walking on clouds. It could be because her fiancé, Vern Smith, is out of the service now and their wedding plans are getting under way. The date isn't definite yet but it is expected to be sometime in March. . . . The desks have been moved around again and that means the shifting of waste baskets. Herman Norr was pleased to find a brand new basket under his desk. He claimed it immediately. However, it wasn't long before Cliff Harnes changed Herman's mind. Cliff just happened to be missing a brand new basket.

We miss those tunes that you played for us, Betty. . . . Bldg. 18-5: That sparkling smile Dorothea Kempf wears is only a reflection from that ring placed on her left hand by John Rinehart, from Butler. Congratulations, Dorothea. . . . Everyone extends their sympathy to Irma Lucas and Lillian Miller in the death of their mother.

"Mind closing the drawer?
This is a private conversation!"

Upset Leaders in Interdivision Loop As All Teams Resume Court Action

by Marc Junk

Two major upsets were registered in the Interdivision Basketball League as the teams returned to action after the holiday vacation. Both of the previously undefeated leaders, Airliners and Transformer No. 1, were the victims. This turn of events keeps the blue chips on the table for their Jan. 20 meeting.

Another game could be considered as a mild upset; the Test Engineers downed the Apprentice Pros in a one point decision.

The Squares-Transformer No. 1 game was close all the way until the last two minutes. Transformer's leading scorer, Miller, got into foul trouble early and had to play conservatively. Milt DeJean led the Squares scoring with 14 points for the only double figures of the game. The rest of the point making was fairly well balanced.

Playing in iron-men roles, the five members of the Taylor St. team outlasted the Airliners and also outscored them 42-35. The winner led most of the time as the Airliners had trouble making their shots stick. Bash's scoring and rebounding was the big factor in deciding the winner with Imbody's 10 points helping the cause greatly. Airliners scoring was pretty well split.

It was Blosser vs Skole as Transformer No. 2 met M-G in the final game on Tuesday. Transformer won the game as Blosser tossed in 25 points. Skole topped him by one, with 26 for the losers. Spice and J. Turner also hit double figures for the victors, with 14 and 12 points respectively.

Bob Creclius' return to action for Small Motor also marked the return of his shooting eye as he poured through 10 baskets and 2 free throws to lead his team to a 74-47 pasting of the Apprentice Punks. He had help from Wehrle's 11 and Zimmerlee's 10 points. The Punks, who trailed far behind the whole game, were led by Leo Castle and Jake Auer with 16 and 14 points respectively.

The hustling TE's, who never give up, eked out a one point 40-39 win over the Apprentice Pros. The lead changed hands several times in the last minute. Bill Borah's two free throws with 15 seconds remaining was the high spot of the contest. Borah's 14 points put him next to Ken George's 16 for scoring honors. Freidrich with 13 and Ahr with 12 led the Pros in a losing cause.

G-E Moves Into Second Place Tie In Industrial Owl League Race

by Howard Colby

In a red-hot race for second position in the Owl League standings, G-E moved right back into a second place tie with Indiana Rod last Thursday morning by handing the F.O.P. a 45 to 23 setback, while Salisbury was nicking the Indiana Rod team 51 to 46.

The Zollner Club kept Eckrich down with a 54 to 30 stinging.

If the first quarter score was any indication of what the final outcome of the game would be, we couldn't blame Fred Phillips, the Club's coach, for steaming the way he was at the end of the quarter. It ended 5 to 3, with the F.O.P. team on top.

The second quarter picked up tempo somewhat with the Club men ending the half with a 17 to 12 lead.

In the third quarter, the roof fell in for our City policemen, as the Club scored 13 points, while holding the Cops scoreless (for the second time this season) to end the third period 30 to 12.

In the final stanza the teams played on pretty even terms, with

G-E getting 15 points and FOP netting 11, to wind up the game with G-E on top with a 45 to 23 victory.

The Club team was paced in scoring this week by Hass and Somers, each having 8 points.

Standings at the end of the 10 game round of play are as follows:

Salisbury					W. L.
G-E					8
Ind. Rod					6
Zollner					6
Eckrich					5
F.O.P.					2
					0

Ramblings Bldg. 31-2

by Julie Rice

We are fast running out of eligible men up here these days, two more gone. Herman Kern and Carl Satterthwaite got themselves engaged during the holidays. . . . It has reached me, through certain channels, that Mr. Stough and Mr. Hartigan had a rather hectic trip back from Schenectady last week. Just as they were going out to dinner (in Schenectady) Mr. Hartigan, for some unknown reason, rechecked his tickets and found that they had just minutes to catch the early train on which, through a misunderstanding, they had reservations. They caught the train, but Mr. Stough was in for still another surprise. Yes, that figure standing in the snow the next morning calling "Marie" was he—locked out of his own apartment. Honestly though, Mr. Stough, Margaret is

sorry. . . . And now news from the world abroad. Margaret Schneider received a very interesting letter the other day from her daughter, who just arrived in Japan. . . . We want to wish Harold Fremion a lot of luck on his new job at Winter Street. Today is his last day here. . . . At latest report Chick Waltemath is recovering beautifully and we all hope it continues that way. . . . Two cases from our mystery files were solved last week. One was the case of Charlie Brown's missing lunch pail. He swore that he had it when he left the parking lot but when he arrived at his desk he was minus one lunch pail. A telephone call (in mid-morning) told him that it was out in the factory. The other day is the long-standing case of why Paul Perry had his picture taken about a month ago. Last week's issue gave us the answer. It featured a sketch of him in the "G-E People in the News."

What Is an Excise Tax? A tax levied on a specified type of goods, commodities or services produced within the country where they are consumed.

Golden Gloves Tickets

Employees may make ticket reservations now with Charlie Wilt at the G-E Club or purchase them directly from the Main Auto Marine Division, 214 West Berry.

Reserved seat tickets are \$2 for ringside and first balcony and \$1.50 for the second balcony. There will also be general admission tickets available at the door.

The amateur clashes will open Wednesday, Jan. 28, in the North Side gym. The second round of flights is slated for Wednesday, Feb. 4.

Frank Newport, coach, reports good turnouts for the evening training sessions in the G-E Club. He said entries are coming in very well. Three G-E employees have entered the tourney so far this year. Sherman Billingsly, who was runner-up in the light heavy class in Chicago last year, has also been working out this past week.

The Golden Gloves local tournament is sponsored this year by Radio Station WKJG and the G-E Club.

Sportliners... by Earl D. Stauffer

At the ripe old sports age of 44, most men confine their athletic activity to the sidelines. This week's sportliner, however, has no intention of doing any such thing. Melvin (Mel) Kestner, GAC Section 17 at Taylor St., is just like Old Man River, he just keeps rolling along. Players on Mel's team are glad that this fierce competitor is on their side. Nobody I know of plays any game as hard or with as much fervor as Mel. This crowd-pleaser, whether you boo or cheer him, always gives everything he's got.

Mel is a hometown boy who had to quit school after completing the eighth grade to go to work. Baseball has always been his mainstay, for he really excelled in this sport. At 16, he started playing the outfield for Dudlo of the old shop league. When he joined the G-E family at Winter St. in 1926, he played the outfield and took his turn on the pitcher's mound for G-E.

Mel Kestner

In 1930, Mel went to Chicago to play with the Duffy Florals of that city. Moving up the line in 1933, he played in the Mississippi Valley league with Keokuck, Iowa, as outer pasture gardner. The next year, he played with Springfield, Mo., a St. Louis Cardinal farm club in the Western Association.

The home ties brought Mel back to Fort Wayne, where he played with various clubs around town. When John Braden needed an experienced utility man for the Voltmen, he called on Mel. With this fine club, he played almost every position, except pitcher. In a game against the Eighth Army team, old Mel did a very creditable job

behind the plate.

His greatest thrill came in a game against the Great Lakes Naval Training team, managed by Mickey Cochran. It came when he clouted a home run against Vern Olsen, Chicago Cub pitcher for the Navy lads.

Ham league softball, Federation league baseball, interdepartment softball and volleyball now keep this real spotliner in top shape, long after most athletes suffer with fallen arches and chests.

"I won't quit playing," Mel says, "until I can't run anymore and they have to wheel me around."

VOLLEYBALL NEWS

by Art Razor

Transformer and Taylor St. "A" will meet for the first half championship. They had a record of 18 wins and no defeats. They will play the last game of the first half. Small Motor has taken third place, with their record of 12 wins and 6 losses. Motor-Generator is in fourth place, with 8 wins

and 10 losses. Taylor St. "B" and Tool Room are tied for fifth place, with 5 wins and 13 losses. Test Engineer's won two games from

Tool Room to make their record 3 wins and 12 losses. In last place, with no wins, is the Apprentice School with 15 losses.

We wish to welcome all the newcomers on second shift and third shift to our division. . . . Lela Line missed her calling, she should have been a telephone operator. How about a telephone on your table, Lela? . . . Coy Weber wants to thank everyone for all the nice things everyone has done for her. . . . Iva Vaughn spent a week in Kentucky visiting relatives. . . . Congratulations to Mr. and Mrs. Morris Siples. They are the parents of a new baby boy. . . . Did you notice Velora Drury's hair-do last Friday? . . . Roy Orr goes around accusing all the fellows of taking his allen wrenches and then finding them in his drawer. The fellows want to suggest painting them so he can see them. . . . Junior Workman is the lucky guy with the new two-tone '53 Ford. . . . If you think Willie Jones was happy last Saturday evening it was because he was expecting his wife home from Hot Springs, Ark. . . . We want to welcome Betty McChesney to the 17x54 group and Jean Winters to the 17x450 group. . . . The bubble gum queens are Norma Hicks and Rita Wolf. . . . Dorothy Hart is in the movies now. She was starring at the Palace last week. . . . Ruth LaPradd's little grandson fell and hurt his knee, and was operated on. Hope he is well real soon.

Twin boys were born to Mrs. Corwin Beeler on Dec. 30. Corwin was all smiles, although still somewhat nervous, as he passed out cigars and candy to his co-workers in Bldg. No. 1. Mrs. Beeler is the former Frances Kraner, an employee of Bldg. No. 2. Congratulations and best wishes to Corwin and Frances. . . . Paul Fallows has returned to work in Bldg. No. 2 after two years in the service of Uncle Sam. Paul spent most of his service with the U. S. Army in Germany. We are very happy to have you back Paul. . . . Helen Mowery is the recent addition to the personnel office, where she is serving as receptionist-secretary to G. F. Laurent. Helen will be remembered as the peppy little personality, who served as yell-leader for Decatur High School in recent years. . . . Ardella Heare, personnel office secretary for several years, has taken over the duties as secretary to J. F. Welch, Decatur Plant Manager. We wish to offer congratulations and best wishes to both Ardella and Helen on their new assignments. . . . Frank Conn visited us the other day, following his release from military service. Frank says "hello" to all of his G-E friends and expects to see them soon, when he returns to work. . . . Samantha Andrews is back with us after an extended absence. Welcome back, Samantha. . . . Shirley McKenna is recovering satisfactorily from recent surgery. Shirley expects to resume her duties in the office about Feb. 1. . . . Our sincere sympathies to Imogene Coffee upon the death of her mother; to Ruth Debolt and Gretchen Foreman upon the death of their brother; to Louis Shook upon the death of his mother, and to Martha Myers upon the death of her

RETIREES WITH BEST WISHES—With 30 years of General Electric service, Joseph M. Eifret retired Dec. 31. Mr. Eifret (second from right) has been with the Company since 1922 and was employed as a cylindrical grinder in Bldg. 4-4 when he retired. Shown giving him their G-E farewells are (l-r) Russell Rose, Floyd Steinbacher, and Gustave Rutz.

brother. . . . Wedding bells rang recently for Betty Hough and her sister Marcella Hough. Both Betty and Marcella work the second trick on the winding lines. Betty became the bride of Edward Huey, while Marcella became Mrs. Kenneth Doherty. Best wishes and many many years of wedded bliss to Betty and Ed, and to Marcella and Kenneth. . . . A miscellaneous shower was given recently in honor of Janet Seitz, bride elect of Jan. 25, at the home of Earleen Steffen. An enjoyable evening was had by the office girls and Janet received many lovely gifts. Janet says that her mother is excited over the weddings she is having in the near future. Now, why shouldn't she be? Janet is getting married the 25th of this month and her brother, Ray, who works in Bldg. 1, is getting married Feb. 1 to Barbara Marbaugh, of Willshire, Ohio. . . . Ken Beard is sporting a new Plymouth. Nice going, Ken! . . . Evohn Snyder treated the girls to home-made fudge the other day. The occasion was her birthday. Happy birthday, Evohn, and may you have many many more. . . . We wish a speedy recovery to Junior Lake who has undergone surgery at our local hospital. . . . Bernice Weisz is wearing a beautiful diamond. We don't know who the fellow is but we do know that he is a very lucky fellow.

APPRENTICE BROADCAST

by Mel Guillaume

George Hockenberry, who is normally a brunette, surprised everyone one day last week when his hair turned a bright yellow. However, George didn't peroxide it, he was turning textolite pieces on his lathe and the dust settled in his hair. . . . There was quite a rarity in our noon euchre game the other day. We had three consecutive skunk games. My partner, Glenn Camp, and I won two of them, and George Hagginjos and Ken Johnson won the other one from us. . . . Several of our apprentices have become interested in new hobbies. Don Batchelder has resolved to have no more dates until he has enough money saved to buy an airplane. Maybe Don thinks it's safer

to fly since he got the side of his convertible smashed several weeks ago. We understand that Bob Doelling is becoming quite interested in horses. . . . Workers in Bldg. 19-5 mill section saw a new phenomenon last Friday; namely, flying cutters. After a thorough examination, Tom McCrea was discovered to have been the cause of all the excitement. Tom needed a special cutter, which was in the center of a bar containing about 70 cutters, and in the process of obtaining it he dropped all the cutters on the floor. . . . Two new apprentices entered school last week and one apprentice left. George Hagginjos and Ken Johnson are the new apprentices. Ken just returned from the Army and George served four years with the Air Force. Donald Keller was the boy who left the school. . . . There have been many transfers the last several weeks. Don Bohner is now a member of the mill section, Jack Olinski is running a screw machine, and Woody Trostel has replaced Don Beitz in the office. Tom Ahr went to Bldg. 17-2, and Andy Chrysler was switched from the grinding section in Bldg. 19-4 to the office in Bldg. 19-5. Charles Spear transferred from the

toolmaker course to the drafting course. . . . Another new manufacturing trainee joined us last week. He is George Sterne from Ohio State University. We hope he enjoys his brief stay here at the school. Louie LaPierre, also a trainee, left us last Friday and is now working in motor-generator. . . . Last Thursday many apprentices were late to work because of the icy streets and highways. Even Bob Barnes couldn't make it here on time from that big ranch of his. To make things worse Woody Trostel locked his keys in his car. However, Woody, being an expert toolmaker, made an ingenious device whereby he could open one of his side ventilators. . . . Jim Patzinger and Ralph Scheiwe were home from service last week. Jim is in the Navy and Ralph is serving in the Army. Ralph has ten days' leave and then he is being sent to Japan. Ralph informed us that he and Janet Albersmeyer were married last Thanksgiving Day. Congratulations to Ralph and Janet. . . . George Constantine, a manufacturing trainee now working in transformer division, became engaged several weeks ago to Bonnie Warner, an air lines hostess.

WITH COMPANY 30 YEARS—Robert Kimmell (right) was honored on his 30th anniversary with the General Electric Company Jan. 7. Congratulating him are Joe Dahman and George Weikart. Mr. Kimmell came to G-E as a student in 1922. He is now employed in Bldg. 27 as a boring mill operator.

Flying HIGH

BUILDING 6-4

by Ivy Mills

We have a walking newspaper in our midst. Victor Wiegand should change his profession from a tester to a radio commentator. News travels so much faster on the radio than it does via the grapevine. . . . Kathy can't get used to this Indiana weather, she wears her boots everyday expecting it to snow. Everyday, that is, but when needed most. When we had the wonderful slippery sleet storm in comes Kathy with no boots and she couldn't understand why her feet were wet. . . . As you pass Esther Weeks' winding machine give her a helping hand, won't you? Poor Esther is the barefoot gal with shoes on. She's so broke she can't afford to buy bobby socks for work, so just drop a nickel in the pot, boy, it sure will be appreciated. . . . The next time a certain party, whoever you are, hangs a squirrel's tail on Ivy's waist band, please make it a nice bushy tail instead of an old moth-eaten one, won't you? . . . Lynn Faught, 1X10, expected his new watch to be completely shock proof. He gave his sick little boy his brand new watch to play with and now he is trying to sell it 'cause the crystal dropped out when the apple of his eye bounced it on the floor. Says the watch can't be much good if it won't take a little bouncing now and then. . . . While Harold Wiedeman was having a party the other night there was a big explosion, scaring everyone half out of their wits. They say it sounded like an atom bomb had blown up in his fireplace. Upon investigation as to the cause of the explosion it was found that Harold had stored some beverage in a secret compartment in his fireplace and when it got too warm, BOOM went the bottles. . . . Ginny Curtis's husband, Bruce, had her engagement ring all fixed up for her for Christmas. When she tried it on it was too small. She could only wear it on her little finger. Figuring the jeweler had made a mistake she took it back and told him it was too small. After measuring her finger and the ring he looked at Ginny and said, "Whatsa matter with you, this ring is a perfect fit?" Ginny looked at him and said, "Whatsa matter with you, this ring is too small, I can't even get it on my finger?" Was her face red! The ring slid right on the ring finger and was a perfect fit. Now Ginny blames Alva Biggs, says he makes her work so hard her hands swell up to twice their normal size. . . . We are happy to have Ginny Strait back with us again. Guess she can't get along without us. . . . Victor Timmerman sure looked wonderful and very happy after his honeymoon. . . . Sorry to see Tom Fleckenstein leave us. He is now working days in Bldg. 4-4. He sure was a swell person to work with and Bldg. 4-4 has gained a mighty good inspector. . . . Jim Kelly has now joined the third shift testers group, and with Victor and Charles will make a grand threesome. . . . Please don't forget the March of Dimes, remember polio isn't snobbish about where it strikes, you or yours may be next.

The great Chicago Fire occurred Oct. 8-11, 1871. It did not claim as many lives as another fire that occurred that same year on Oct. 9 in which 1,152 lives were taken by the fire that leveled Peshtigo, Wis.

Baby sitting, available day or night. Young married girl. Carol. A-78365. Will baby sit in your home during first shift. Near G-E. A-95122.

TRANSPORTATION

WANT RIDE—From Ghurubusco, 8 to 4:30 p.m. Ghurubusco 5786 or ext. 2380.

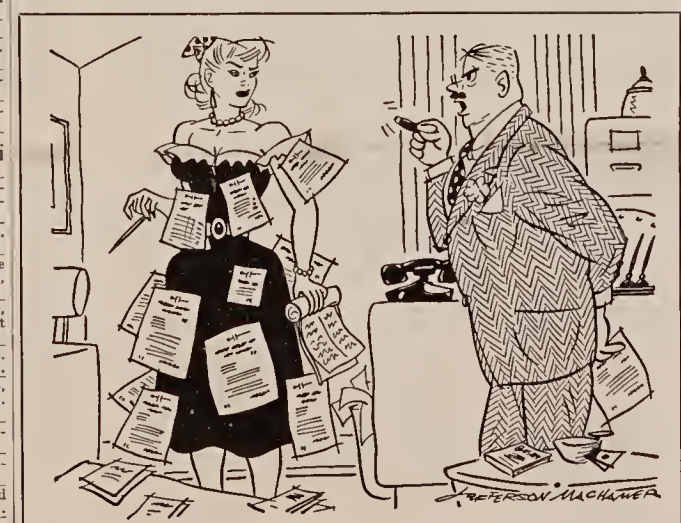

WANTED

BEGINNER'S AGGORDION—Student. H-57413.

VICE—H-64462.

Getting down to bare facts, Don Macon would pick the day it was zero outside to get hung up on the conveyor and have a little posterior exposure. . . . We light another candle on the birthday cake and wish many more of them to Margaret Monnot, Frances Eckrote, Bertha Witham, Mildred Pfaller, and Juanita Likens. . . . Marge Hiron spent last weekend in Louisville, Ky. . . . Edith Bohde went out to the parking lot, got in the car, and waited a long time for her driver. When he came along in another car she realized she had been sitting in the wrong car. . . . Glad to see Mildred Young ringing in her clock card again. . . . How-de-do-dee to all our newcomers. The welcome mat is out for you. . . . Dorothy Burns made a New Year's resolution to be here on time every day. She has only broken it once. . . . We hope that by the time this goes to press Rosemary Kelso and Hedy Harrison are off the sick list.

"Can't you think of a better system to remind you to file things?"

COPYRIGHT 1952 CARTOONS-OF-THE-MONTH

Sleuthing

in 4-6

by Gil Baker

IS THIS TRIP NECESSARY?

These trips to Kalamazoo, Mich. must be a lot of fun for Dick Heard. He came back from there the early part of last week. He had gone up there to talk to a customer about a dimple on one side of a motor in question. After considerable debate, it finally was settled. Almost immediately after arriving back here, he received a telegram telling him to return because the customer had changed his mind again. It was a good thing it was late in the day or it would have cost G-E at least a long distance telephone call, which would have been wasted because the last telegram Dick received was a fake sent by some of his co-workers (?). Oh yes, Dick was plenty willing to go back. . . . WHY DO IT THE HARD WAY? (Waxy) Maneeke was seen trying to take some G-E wax home the other day, which belonged to the matron lady. He took it home all over his pants. . . . IS IT ALWAYS TRUE? Nancy Starke was seen passing a blueprint out to Mr. Hoppe, which was all right if she would have given him all of it. The poor guy had to come back and get the other half. . . . WELCOME: To Jim Bird to the Floor Sitter's Club. You did a beautiful three point landing. . . . HOWDY TO THE NEW LITTLE ONE: Even though he wasn't a little income-tax-deduct for 1952, James Lee Baclawski is a very welcome addition to the Joseph E. Baclawski home. He arrived at 2:30 p.m. Jan. 9 at the Lutheran Hospital, and weighs seven and a half pounds. We offer our heartiest congratulations to Momma and Poppa Joe. . . . HAPPY BIRTHDAY: To Dee Giltz on Thursday, Jan. 15, also Tom Doell, the same day. And today, Jan. 16 is Wilbur Boltz's birthday, all you draftsmen, so don't give him too hard a time. Next Monday Val Rowan has a birthday. And to give you a whole week to dream up an appropriate card for Bill Pringle, his birthday is a week from today, on Jan. 23. . . . NOTICE: For our brides-to-be, just four more weeks from tomorrow for Ruth Oetting to enjoy single blessedness and seven weeks for Gwen Griffith. . . . SORRY TO HEAR: We offer our sincere sympathy to Catherine Gardt on the

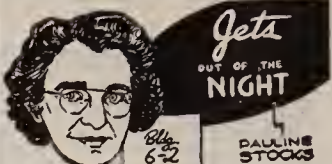

recent loss of her sister, Mrs. Thelma Smith. . . . GOODY, GOODY: Jo Ann Locker has her husband home and out of the service. Are you happy now, JoAnn? . . . WELCOME: To Louis Estabrook, test engineer, working for W. Goss. He has a degree from Cornell, his home town is in Ithaca, N. Y. He is single and has the "A" Course for his hobby. This is his fourth test. . . . Also, welcome to Al Brammerlo, he hails from Preston, Iowa and the University of Iowa. He works for Fred Suhr. . . . Another welcome, this time to Red Briles, TE working for C. J. Herman. He hails from Harrisonville, Missouri, and his schooling is from the University of Missouri, and this is his third test. He is single and his hobby is girls, girls, and more girls. . . . CONGRATS: To Barbara Moore, now that she has her diamond back for keeps. Her fiancé didn't know her correct ring size. Oh yes, she received the diamond on Christmas Eve. . . . THIS DOESN'T HAPPEN EVERY DAY: Mary Smoak had a new file girl last Tuesday. She was real friendly and everyone liked her very well. She was very privileged for her first day. She had a bed, water dish, and she was fed candy most of the time, whenever anyone thought she looked hungry. She was a great help, for being a dog. Only one thing was wrong, she wasn't housebroken.

TRANSFORMER TATTLES

Bldg. 26-4

by Rosemary Anderson

Ruth Schmidt has been having trouble keeping track of her coils. Do you suppose they just up and walked away, Ruth? . . . Vivian Long has been transferred to Bldg. 26-5. Hope you like it up there, Vivian. . . . Jaunita Hout is a very happy young lady. Her brother just got back from Japan where he was a supply sergeant for 14 months. . . . Someone should wise up Rolli Mennewisch about trading his Plymouth for a Chevrolet. He wouldn't have to be pushed every cold day. . . . It is reported that Ralph Braden started trap shooting as soon as he heard J. Trondely was packing to go to Florida. What's the matter, Ralph? Afraid of tough competition? . . . Famous last words by Dick Collier, Yeah??? I'll take them out right away. . . . Mud Hen Rian can relax and quit worrying. The edges of the lake are now frozen. . . . Ed Englert should get rid of his Henry J. and get a Chevrolet. He wouldn't have to keep his garage heated. Inspectors never learn it seems. . . . Al Topp is cracking the whip again. He is remodeling his new apartment house and has poor Jim, Dick, and Claud working on Sundays with no pay. That is one way of getting it done isn't it, Al? . . . Would someone with a thermos bottle he doesn't need please give it to Sharon Dasher? Rita Bowman said her thermos bottle just doesn't hold enough for two people. . . . Bob Ends has made a New Year's resolution to give up smoking. He has now taken up eating. Here is what he had the other day at work and for his breakfast. Coffee, candy bars, cokes, rolls, doughnuts, peanuts, crackers, and sandwiches. Then for his breakfast he had: eggs, toast, cereal, and milk. I think it would be cheaper to smoke, Bob. . . . Love must be wonderful. It seems to leave people in a daze, especially Joan Copp. She forgot to take off her boots at work the other day. . . . Helen Ritter had a birthday this month. Happy birthday, Helen.

Thelma Oswald wishes to thank every one for the lovely presents she received. Thelma tells us she will be back to work soon. . . . Mada Caudle came to work all done up in a poodle cut and curl. Looks nice, Mada. . . . Clara Wisel is sure glad mistakes can be made. Clara got a notice of a traffic violation but they had the wrong license number. . . . Joe Vega reported he enjoyed his holiday vacation with his family very much. . . . Lelah Ryan and Kathleen Clark vie with each other to do equalizers. Oh yeah! You should be around sometime. . . . Jim Smalley should be very careful when he smiles at the girls. Marie Bruggencate almost fainted when he smiled at her. Marie says he is so B I G. . . . We wish a speedy recovery to Geneva Curtis who is on sick leave. . . . Birthday greetings to Winifred Hile. . . . Gene Robbins was in to see us recently. Gene says he is now able to come back to work. . . . Verl Pribble is sure one lucky fellow. He retired Jan. 9. . . . Fern (Yoder) Taylor is leaving us to take up farm life near Kalamazoo, Mich. . . . Bob Fry is going to try first shift for a couple of weeks. . . . Johnny Putman put his raise to good use. He bought a new Plymouth. Lucky fellow. . . . Bill Schrieber doesn't want to be out done by Ralph Landis. Bill drives around the block twice and Ralph only goes around once. . . . Your reporter sure has the gang guessing as to who shows her the way in from the Fairfield gate. . . . Evelyn Krueger has a new twist for getting new clothes. Evelyn got some glue on her pleated nylon skirt, she tried to clean it off and the cleaning fluid not only took off the glue but the skirt too.

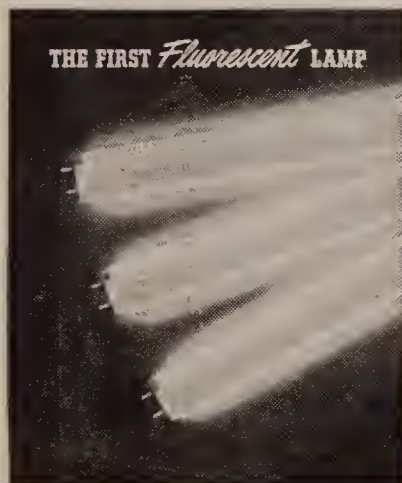

A belated happy birthday to Loren Reichard, Jan. 7, and Jerry Stanger, Jan. 8. . . . Charles McCormick's vacation was a disappointment, there was no ice so he couldn't go ice fishing. . . . A nice vacation was had by the Elmer Mimick's. They went to Florida and while there they visited Pete Prince, who lives at Eustis. Prince was a G-E man and is now on pension. Elmer brought in a lemon the size of a grapefruit. He likes Florida so well he is going back again. . . . Friday, January 9, was an anniversary for Frank Kartholl. Ten years ago he was inducted into the army. "Oh happy day," he says. . . . Clock watcher, Bob Aldrich, wants an alarm clock that will not shut off. . . . After driving a '49 Ford for three weeks, Rudy Rastenburg decided to buy a '51 Chevrolet. . . . Ted Schlup sure was taken in. He paid 10 cents for a 5-cent comb. . . . Did Joe Burton do the crocheting for the girl on his calendar? . . . Floyd Mutton is sure an ice hockey fan. He can tell you most anything you want to know about the game. . . . Loren Reichard is leaving us for a new job. We wish him luck.

I don't like to talk much with people who always agree with me. It is amusing to coquette with an echo for a while, but one soon tires of it.—Carlyle.

You are a part of this tradition

THE FIRST *Fluorescent* LAMP

Every General Electric employee is a part of the team that made this record of accomplishment possible.

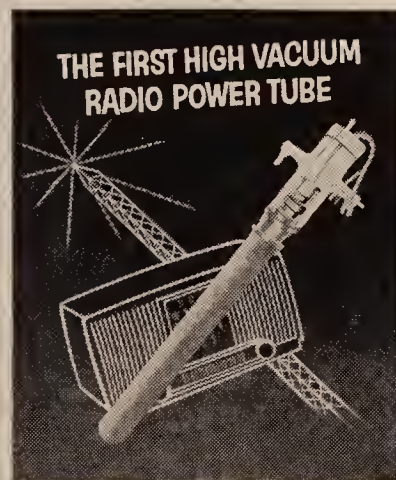

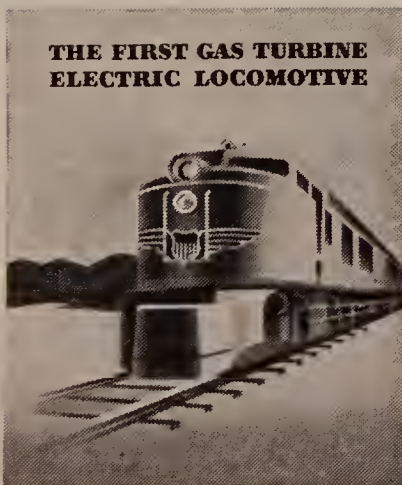

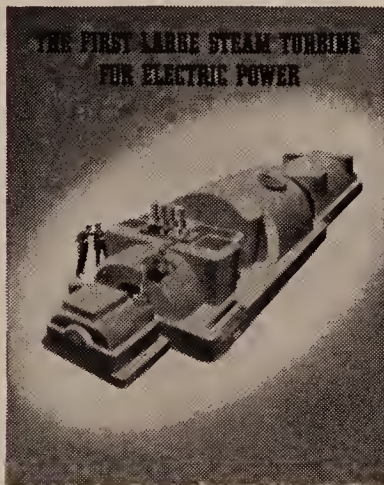

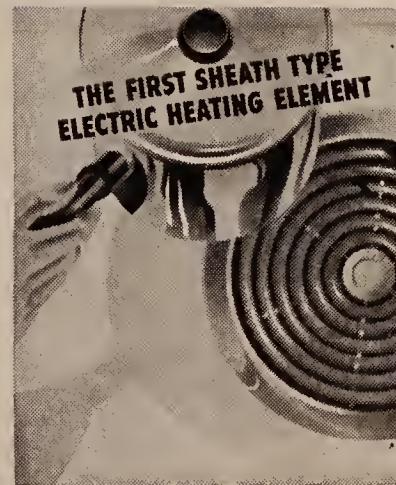

These accomplishments were first brought to the American public by General Electric men and women—all in the seventy-five years since Thomas Edison organized the first of the companies which in 1892 became the General Electric Company.

These past accomplishments are a promise of what General Electric men and women can do in the future, working together and carrying forward this fine tradition of which we are all a part.

ERNEST HANAUER RECEIVES HIGHEST EMPLOYEE HONOR

Campaign Urges Citizens To Mind Motoring Manners

In an effort to impress upon citizens that bad motoring manners can be murder, the public safety committee of the Chamber of Commerce Safety Council has inaugurated the Fort Wayne-Allen County Driver Courtesy Campaign.

With the theme "Courtesy Is Contagious," the campaign which began Sunday, Jan. 18, is designed to promote the importance of courtesy as a safety device which every driver should possess.

In endorsing the campaign, Herschel L. Smith, Fort Wayne plant safety engineer, stated, "as members of the community, Fort Wayne General Electric employees should continue to be safety minded off their jobs as well as on them and an important way to do this is through courteous driving."

Limerick Contest

A limerick contest carrying out the theme of the campaign has been announced by the committee in charge. Open to all residents of the city and county, the contest offers a \$25 Defense Bond grand award, to the person who submits the best last line to the following limerick: (last line must rhyme with the first two lines).

A mannerless chap in Fort
Wayne,

Thought highways his per-
sonal domain.

Till his near demise,

Made him courtesy wise.

Entries should be mailed to the Safety Council, Chamber of Commerce of Fort Wayne, 826 Ewing St., Fort Wayne. The award will be presented by the council.

Movie Available

A nationally famous color movie, "Day In Court", will be available to any clubs and organizations which are interested in securing it. These groups should contact the Safety Council at the above address. The film stresses the theme of this campaign.

Ernest M. Hanauer, General Electric Fire Chief, today received the Charles A. Coffin Award for work of outstanding merit during 1952. The award is the Company's highest honor to employees.

Mr. Hanauer's citation was "for his contributions to General Electric progress through unusual and meritorious accomplishments made in the name of better industrial fire protection and plant community relations."

The award was presented to him by M. E. Lord, general manager of the Fractional Horsepower Motor Department, in ceremonies held at 11 a.m. at Taylor St. Special guests included Mayor Harry W. Baals, Fire Chief Clinton J. Baals, E. S. Ward and Ivan Martin of the Fort Wayne Chamber of Commerce, Herbert Meyer, past chairman of the Chamber of Commerce Fire Prevention Committee, and Mrs. Hanauer.

Forty other employees of the General Electric Company and its affiliated companies also received the award today.

Led G-E to Honors

Mr. Hanauer established fire prevention programs and policies which enabled Fort Wayne General Electric to record "no fire losses" in 1951. Under his leadership, Fort Wayne G-E received national honors and gained national recognition for its fire prevention activities.

The National Fire Protection Association recognized these activities by giving Fort Wayne G-E eighth place nationally in the industrial section in 1949, second place in 1950, and first place in 1951.

Mr. Hanauer has also been active in extending fire prevention training into other community industries through membership on the Fire Prevention Committee of the Chamber of Commerce, of which he is the newly-elected chairman.

Mr. Hanauer was born in Athens, Alabama in 1909. He joined G-E in 1927 as a winder. From 1927 until 1940, he held various factory jobs,

FORM G DESIGN WINS AWARD—The Form G Motor was honored this month with the Modern Design Award by "Design News," national trade magazine. This award was for "excellence in general mechanical design." Robert C. Hanna, manager of Central FHP Marketing, shows the award to Lisle D. Hodell, General AC Motor general manager, and M. E. Lord, FHP Motor Department general manager. GAC Motor Sub-Department employees manufacture the Form G motor.

Foremen Nominate Officers; Slate Election for Feb. 4

Leonard G. Reuss, Bldg. 19-2, and Elmer J. Wagner, Bldg. 19-3, are candidates for the office of president of the Foremen's Association, Edward Klomp, chairman of the nominating committee, announced today.

The annual election will be conducted at the February 4 dinner meeting at the Southwest Conservation Club. Beginning at 6 p.m., the meeting will also feature fishing and hunting movies. Members may make reservations with the organization's contact men.

Candidates for the offices other than president are as follows:

Vice President

Harry W. Nickels, Bldg. 10-1
William F. Rodocker, Bldg. 20-1

Secretary

Paul K. Hapner, Bldg. 6-2
Carl J. Metker, Bldg. 6-4

Treasurer

John A. Burnett, Sub-Section 14,
Taylor St.
Edward H. Kronmiller, Bldg. 17-1

Director

Kenneth M. Hyman, Bldg. 17-2
Albert J. Rieman, Bldg. 26-3.

Large M-G Appoints Anniversary Committee

Large Motor and Generator Department has appointed its 75th anniversary committee, R. C. Hanna, general chairman, announced today.

They are R. J. Watkins, chairman, R. H. Bender, K. D. Strong, K. R. MacDougall, and E. S. DeCrappeo.

A. L. Burrows, manager of employee and plant community relations for Large M-G, with headquarters in Scenectady will direct the Department's 75th anniversary activities.

Look for Signs of—

Turn Your Discoveries Into SUGGESTIONS

Here's the way to give your savings account a shot in the arm. Inject new life into it with extra money collected via the Suggestion System. Just drop an idea into the suggestion box. If your idea is accepted, you'll be rewarded with idea dough that can be added to your nest egg of savings.

* * *

The Same Goal

Some people think, or appear to think, that it's impossible for employees, management and owners ever to get together and work in harmony toward a common purpose. Yet there is every reason to hope for greater good-will and cooperation in industrial relations—because while differences may exist, the ultimate goal of all three is better living standards that result from successful business: failure benefits nobody.

Consider the fellow who runs a one-man farm. He has to be owner, manager and worker all at the same time. But he gets along with himself without developing a split personality—split three ways.

No doubt he has times when one part of himself is at odds with the others. Maybe he tells himself that since he puts in long hours and hard work, he ought to take the money, when the crops are sold, and go off on a long, luxurious vacation. But his owner-self says no, a part of the money should be saved to buy those 50 acres across the creek. Then the manager in him might say, that's fine, but half the money should go to buy a new tractor, to get the most out of the acres now being used.

In the end, the farmer works it out. He's got to, to stay in one piece.

We are glad to see Norma Huff back to work after her trip to West Virginia to see her folks. . . . Dorothy Guiff injured her knee while at work and was very much disappointed when they didn't take her to Broadway on the stretcher, instead of having her walk to and from the car. After all Dot, you don't get everything you want, you know. . . . We welcome Stanley Nicholson and Claude Sigman to the 51 frame assembly. . . . Sorry to hear Ruth Bock will be leaving us soon. Good luck to you, Ruth. . . . Dorothy Hart's son, Dale, from Redondo Beach, Calif., will visit her Sunday. . . . Donna Foulks dropped a motor on her foot. Don't you know those motors belong on the boards, not on your feet? . . . Ruth LaPraid is leaving us for an operation at the St. Joseph hospital. We wish you the best of everything, Ruth. . . . Ann Morgan and husband celebrated their 11th wedding anniversary. Congratulations, Ann. . . . The other night after work, George Bartle fixed himself some bacon and eggs, and we would like to know how cinnamon and sugar taste on eggs instead of salt and pepper? . . . We want to welcome Wilma Robinson back to work. . . . Betty Floyd is in the need of hats, any size, shape, or color. It seems as though Betty burned one of her husband's, now hers are missing, too. . . . Dotia Jett became real excited when she got a big splinter under a fingernail the other day. Dotia couldn't remember her clock card number or her foreman's name. . . . The girls on third trick want to know who the fly girl is on third trick. . . . Marge Bischoff, Laura Kogin, and Rebecca Fogwell are all on our sick list. We wish them a speedy recovery. . . . Girls, do you know Johnny Sucier has a brand new "Merry Oldsmobile?"

It is rumored that: since Mrs. Leo Elward just loves to play canasta, and since she will not be able to play as often now as she has in the past, as a remembrance of the good old game, she should name her offspring, Canasta Helen Elward. Anyway, congratulations to the proud parents upon the new arrival, Tuesday, Jan. 13. She weighed 6 lbs. 10 oz., and her name is Linda Lou. . . . The stork left another arrival on Jan. 16 at the home of Mr. and Mrs. Keith Dickason, weighing 6 lbs., 3 ozs., by the name of Barbara Lea. . . . Since Herb Thompson's dome is beginning to shine through the fine rays of grey hair, he has been trying to find out what kind of hair tonic or shampoo Al Swift uses. Al goes to the barber shop almost every week and twice on Saturday, and it seems that Al's hair is getting longer and longer by the week. What is it you use, Al? Couldn't be the shampoo, could it? . . . Be sure to approach the blue 1951 Chrysler New Yorker with caution, as it is the property of its proud owner, Clarence Coulter. . . . The wire section is selling tickets to their February 14th party being held at Bojrab's Pavillion. The evening will start at 8 p.m. and the

price is \$1.50 per person. . . . Bonnie Johnson and Lois Connet are on the sick list and we hope to see them soon. . . . Dean Weibaker was in to see some of the boys while home on a weekend pass from Ft. Knox, Ky. He got to watch his Alma Mater (Leo) win the 1953 Allen County Tournament, and has returned to finish his basic training. . . . Today is the last day for Charlene Knispel as she is leaving the Production Section to join her husband, who is in the Marines. Let us hear from you soon, Charlene. . . . Ina Mae is home recovering from her illness, and will be off for a few weeks. Why not send her a card? Her address is 4016 Avondale Drive. . . . Did you visit the dog show last week? Loretta and Ray had a booth for their K-9 ranch.

ECHOES

from Bldg. 19-2

by Fred McIntyre

The following people are new employees to Bldg. 19-2. To them we extend a hearty welcome. Walter Davis, Francis Klein, Charles McGowen, Robert Mann, Jerry Pinkston, and Harry Sarasen. . . . Santa Claus came in January instead of December for George Ealing, who received quite a monetary reimbursement from a weekly investment. . . . Howard Musselman started his ice fishing season with his usual good luck. Result? One lone blue gill. But that doesn't stop Howard, he is building a bigger and better box to hold his catches in the future. . . . Pete Scotton finally broke down and got rid of the old bus which had been so faithful to him so many years. . . . Fayne Harter is the proud aunt of twin girls. . . . Congratulations are in order to Harry Sarasen on the birth of a new baby daughter. . . . Bob Everding was trying to capture a parakeet, which had 'flew the coop' and landed on top of a curtain rod. He lost his balance from his position atop the davenport, result, a crash landing. Next time get a ladder, Bob. . . . We extend our sympathy to Ronald Parrish in the death of his mother. . . . Elmer Yordy is another person who has parted with his old bus for a newer model. . . . Edgar Moeschberger was caught in a squeeze play skillfully executed by

Words by Walt

IF YOU WERE

If you were the last person living on earth, But with all else remaining the same, And could pick, what you felt, you'd be needing the most, I wonder just what you would name?

Assuming, of course, you were physically sound, With your health and your senses in tact, I wonder just what you'd be missing the most, Of all things you found that you lacked?

So try, if you will, just to picture yourself, It shouldn't take more than a minute. Imagine yourself in the world as it is, Except you're the last person in it.

With everything yours, you can do as you please, You can claim anything that you find. But you mustn't forget, that you're here all alone, You're the only one left of your kind.

You won't need your selfishness here anymore, For the whole earth is now your domain. Mistakes that are yours, you still may regret, But they're errors you needn't explain.

Your ego most likely will soon pass away, For there's no one to hear what you do. You can stand on the mountain and boast if you like, But just echoes will recognize you.

Your envy will vanish because, don't forget, You possess everything you survey. And greed will be foolish, because who will care What, in greed, you are hiding away.

There are thousands of things you are using today, You could lose with but little regret. But if you were the last person living on earth, Here are some things you'd never forget.

The voice of a dear one, the smile of a friend, Or the feel of a warm friendly hand. Sympathy, gratitude, charity, love, In the way you so well understand.

These are the things you'd be missing the most, For life upon these things must feed. So if you were the last person living on earth, Here's the thing most important you'd need.

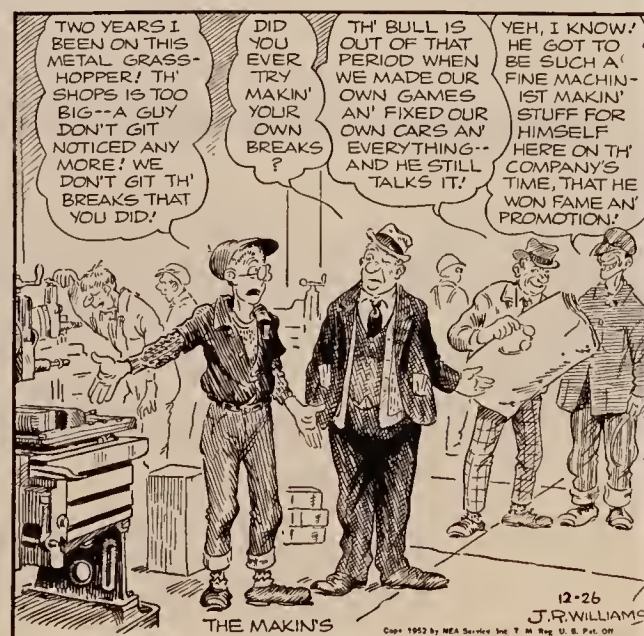

Since, for sympathy, charity, friendship and love, All the rest of the world you would give. Then without them, the thing you'd be needing the most, Would, I'm sure, be "Desire to Live."

—W. L. Whonsetter.

Henry Borne of Bldg. 19-B. After he had maneuvered his victim into position he sprung the trap on Eddie. . . . What is Joe Campbell's big secret that is only known to a favored few? Can it be that girl in Michigan? . . . The next time Nellie Parr lays her pastry on her chair, and is about to sit on it, we hope Vi Trammel is not around to shriek a warning to her. . . . Chester Golombroski, formerly of Bldg. 19-2, has left for Japan on board a U. S. Navy ship.

OUT OUR WAY

by J. R. WILLIAMS

Decatur GeCode Club Names Committee Chairmen for 1953

Chairmen of GeCode Club committees and the Club's 1953 program have been announced by Velma Goelz, newly elected president.

Committee chairmen are: Hazel Lichtenstiger, yearbook; Eloise Noll and Norma Poorman, ways and means; Alice

Lake, scrapbook editor; Doris Garboden and Edwinna Stuckey, hostesses, first shift, and Norma Bower, travel chairman.

Monthly meetings will be in charge of the following members: February—Harriet Pollock, 1st shift, and Norma Bower, 2nd shift; March—Quintilla August, 1st shift, and Bernice Weisz, 2nd shift; April—Mary Maloney, 1st shift, and Betty Hurst, 2nd shift; May—Dorothy Schnepf, 1st shift, and Rosemary Miller, 2nd shift; June—

Evelynn Plasterer, 1st shift, and Treva Meyers, 2nd shift.

The July meeting will be headed by Virginia Harvey on 1st shift, and Lucile Rumble, 2nd shift; September—Nyla Wilkinson, 1st shift, and Alice Burdg, 2nd shift; Dora Mae Fairchild, 1st shift, and Lorena Keller, 2nd shift; November—Emma Goldner, 1st shift, and Bernadine Meyer, 2nd shift; December—Ella Scherry, 1st shift, and Pearl Kreischer, 2nd shift.

G-E to Interview Purdue Seniors

Representatives of General Electric's Technical Personnel Development Service in Schenectady will interview engineering and science majors at Purdue University Feb. 11-12-13.

A staff of three will discuss G-E's Test Engineers and Chemical-Metallurgical training programs with graduating seniors at the university. This group will not interview business administration majors, but seniors interested in the Business Training Course may contact them for information.

Frank Hickman

Frank Hickman Retires After 43 G-E Years

After 43 years of service with the General Electric Company, Frank Hickman retired this month. A party was held in his honor January 7 at the Waynedale Legion clubhouse.

Sixty-five of his friends attended, including his associates from the General Tool Section, Bldg. 2-3, Bldg. 4-1, and his co-workers in GAC Sec. 14 at Taylor St.

Mr. Hickman joined G-E in 1911. He has spent time in various Broadway sections and at the time of his retirement was a tool design and process engineer in Sec. 14.

Mr. Hickman will launch his retirement with a visit to relatives in California for a few months.

Elex Charm Class Slates 'Music Hour'

Charles Bishop, of Tom Berry's Music Shop, will be the guest speaker at the third in the 1953 series of Charm Classes, sponsored by Elex Club, Monday, Jan. 26. The title of Monday's class is "The Music Hour."

Beginning at 7:30 p.m., the hour-long session will be staged in Bldg. 16-3, Room 20.

Elex members who wish to attend this class or any of the three future sessions in the course may do so. Price of the individual classes is 25 cents per class, per person.

Meet Mr. MacKinnon

NEW VICE PRESIDENT OF THE COMPONENT PRODUCTS DIVISION

New top man in the Component Products Division, and one of the eight new vice presidents of the General Electric Company is Harold A. MacKinnon, a 50-year-old successful American, who has made General Electric his career.

The 30 years of association between MacKinnon and the General Electric Company began in 1922, when he joined the Company as a young graduate of the Bentley School of Accounting and Finance, Boston.

His early career with G-E followed the general pattern of many graduates of the Business Training Course. He served as a traveling auditor and assistant chief traveling auditor for several years. Then in 1930, came a turning point in his future and he took his first big step up the G-E ladder. He was named chief traveling auditor. In 1935, he became assistant general auditor of the Company, and a year later was named Assistant Comptroller, in charge of auditing business training, payroll, and pensions for the Company.

He has never lost his interest in the Business Training Course and the young men in it. Part of his responsibilities as Assistant Comptroller included the administration of this Course. It was here that one of his major talents for recognizing ability in others and for placing the proper people in the proper posts was most evident.

Likes All The Facts

No clean desk man, MacKinnon likes to "see things for himself." He wants to have all the facts of a matter when he makes his careful decisions. The stacks of papers which are constantly before him testify to this.

His life outside of General Electric, when a Vice President can find time for outside interests, centers principally around the activity in his family. "I have three graduations to get through before I can move my family to Fort Wayne," he explains. His 14-year old identical twin boys will complete junior high school at Schenectady in June, and his 17-year old son will graduate from the Mount Hermon School, Mt. Hermon, Mass., at the same time. The feminine contingent of the MacKinnon clan includes his wife, a married daughter living in Fulton, N. Y., and a younger daughter who is employed in advertising and sales promotion for G-E in Schenectady. Both girls went to Bates College, Lewiston, Maine.

If you ask any of his friends what his favorite conversational sport is, you get an immediate response—baseball. The new head of the Component Products Division is a Boston Red Sox fan, although he admits he is a little undecided about where his baseball devotions will lie since moving to Fort Wayne. He has a Christmas card purporting to come from the Chicago White Sox which may indicate new loyalties. He has suspicions, however, that the card may not have originated with Frank Lane or Paul Richards, but rather may have come to him second hand from some friend who is trying to influence his switch from the Red to the White Sox.

Amazing Memory

Mr. MacKinnon's associates are constantly amazed by his memory, particularly for names. He likes to know a person's full name when

... Likes Fort Wayne's vim and vigor

he is introduced and is very likely to startle a visitor years after an introduction by telling him his middle name. One of his friends expressed the opinion that he knew more individuals in G-E than any other member of management—either personally or by reputation.

He is a Director of the Mahoning Valley Steel Company, Niles, Ohio, The Stevens Paper Mills, Windsor, Connecticut, and The Electric Mutual Liability Insurance Company, Lynn, Massachusetts. In addition Mr. MacKinnon is a Trustee of the Bentley School of Accounting and Finance, Boston, Elfun Trusts and Executives Investment Trusts, New York. Prior to coming to Fort Wayne, he was also a member of the Board of Managers of the Ellis Hospital in Schenectady, and is a former Director of General Electric X-Ray Corporation, Milwaukee, and Arcrods Corporation, New York.

Truly a newcomer to Fort Wayne, he had never visited here until last year when he made three fleeting visits to the Hoosier City. Of Scottish descent, Mr. MacKinnon typifies the energetic, get-things-done man of American business today. Friendly and forceful, he likes people who are that way, too. Perhaps that is why he finds himself "very favorably impressed with the kind of people in Fort Wayne—particularly the vim,

G-E Credit Union Annual Meeting Set for Jan. 30

The 17th annual membership meeting of the Fort Wayne General Electric Employee Credit Union will be conducted Friday, Jan. 30 in the G-E Club, beginning at 8 p.m., Glenn D. Stapleton, president, announced today.

Employees who are members of the Credit Union are urged to attend the yearly meeting.

Ten attendance prizes will be awarded at the meeting, the president stated. The agenda will include the annual report, declaration of dividends, and the election of officers.

Present officers of the organization in addition to the president are: Edward Kronmiller, vice president; Lee Culp, secretary-treasurer; Willard F. Smith, Wilfred Holloway, David N. Slater, Vern Gratts, Edward Gallmeier, and William Suelzer, directors.

vigor, and vitality they display." Judging from the kind of person the new Vice President is, the vim, vigor, and vitality would be exactly what would appeal to him.

Ramblings

Bldg. 31-2

by Julie Rice

First of all our condolence to Vince Busian on the loss of his father, J. W. Busian. . . . Monday found us with our mouths agape and speechless. We could hardly believe it when Gwen Reese came in flashing a wedding ring and telling us that she was now Mrs. William Neal. He is a native of West Virginia and the couple are living at 2519 Hanna Street for the time being. The worst part about it, it broke up our clan of single women in the drafting room. . . . In case you didn't know, we have a globe trotter (and I don't mean a basketball player) in our midst. Margaret Schneider is vigorously planning her trip to Europe with Elex next summer. . . . Tycoon Homer Conrad certainly must be making a huge profit on his ping-pong tables. Last week he began sporting a new Ford. . . . For the benefit of some misguided souls, my statement in last week's column, to wit "Herman Kern and Carl Satterthwaite got themselves engaged, etc." does not mean that they became engaged to each other and I'm sorry if I caused either of them inconvenience or embarrassment by such a blunder. . . . The furniture movers and carpenters swarmed over the place last week, bringing in four specially made, super deluxe desks. The lucky recipients are Al Braun, Don Kent, Eric Gawehn, and Vic Blumenberg.

George Noni, 65, Dies In Traffic Accident

Services for George Noni, 65, retired employee, were conducted Monday at the Romanian Hall, the Rev. Simon Mihalton officiated. Fort Wayne's second traffic fatality of the year, Mr. Noni died of injuries received when he was struck by an auto transport truck Friday, Jan. 16 at the intersection of Clinton and Superior Sts.

Mr. Noni came to the Company in December, 1943, in Bldg. 26-1. Prior to his retirement May 1, 1949, he was employed in Bldg. 26-5.

Survivors include his wife, Anna; two stepdaughters, Mrs. Joseph Treadway and Mrs. Paul Habecker, and three grandchildren.

Burial was in Lindenwood Cemetery.

Coffin Award

(Continued from page 1)

such as drill operator, assembler and sprayer.

In June, 1940, he became a plant fire patrolman and advanced to battalion fire chief in 1942. He held this position until 1945, when he was made fire chief for the Company.

Mr. and Mrs. Hanauer and their two sons live at 4135 South Monroe St.

Unique Industrial Honor

The Coffin award is recognized by industry as a unique way to honor employees for outstanding accomplishments beyond their normal line of work. Since 1923, when the awards were established, a total of 1013 G-E employees have received the award.

The 40 awards given this year represent 31 accomplishments, none of the awards being credited jointly.

The 31 achievements cited include such things as the development of integrated hydraulic power systems, a new form of laminated flame-retarding insulation for high voltage, improvement of manufacturing methods and design for steam turbines and engines, better industrial fire protection systems, designing of the world's largest continuous annealing furnace, development of diamond wheels in grinding carbides, development of a new flowmeter, contributions to national defense through new aircraft generator drives and contributions to customer relations.

The average age of the recipients is just under 40 years, their average service with General Electric is 13½ years. Fifteen of the men are under 35 years of age, 14 are between 35 and 45, and 11 are over 45. The age range is from 26 to 58.

Taught Bible in Korea

Among the other recipients was Irving K. Clark of Cleveland, Ohio, who taught the Bible to Koreans and kept jet planes flying against the Communists. He spent 520 days in the front lines, but in his spare time instructed Korean boys in his area through the use of books on English, mathematics, and physics, and a Bible, all of which he paid for out of his own income.

The largest number of awards was given at Schenectady, 13 being presented there. The Syracuse and West Lynn, Mass. areas each had four awards.

Other Coffin awards were pre-

HAPPY DAYS AHEAD—Happy days in retirement are forecast for Robert Such (third from left) as he leaves G-E for retirement. Mr. Such came to the Company in 1923 as an electrical worker in Bldg. 20-1. He was an electrician in Bldg. 20-2 when he retired. With him are (l-r) Sam Houser, Raymond Kreigh, George Thimlar, and Tony Arthur.

sented to three men each at Lynn and Pittsfield, Mass., and Detroit, Mich.; two at Bridgeport, Conn., and one each at Ashland, Mass., Denver, Colo., Fort Wayne, Hanford, Wash., Evendale, O., Milwaukee, Wis., Ontario, Calif., and Philadelphia, Pa.

The 40 award winners include 22 engineers, three supervisors, three foremen, two research associates, two machine operators, one machinist, one field service supervisor, one fire protection chief, one metallurgist, one advertising manager, one manager, one product analyst, and one man engaged in developing improved machining methods.

Selection of the Coffin Award recipients, chosen from manufacturing, engineering and marketing areas, was made after careful study of candidates by the Company's Advisory Committee on the basis of initiative, perseverance, courage and foresight.

Tom Kirk will have to learn to say "Beans" when his phone rings at home. Tom was called by the "Dinner Winner" program and answered with the usual, "Hello." ... Lost: One loose board in the vicinity of Bldg. 26-5. This board was lost by Betty Lupton. Finder please nail down, or paint it white. ... Al Oechsle is the proud grandpar-

ent of a baby girl, by the name of Debby. ... Someone was wondering why Ed Krominaker's face got so red. Was it because of a bargain he made? ... The bushing table girls will miss Mildred English, who has transferred to the stacking section. ... Junior Lovell said "so long" last Wednesday, as he will leave for the Army Tuesday.

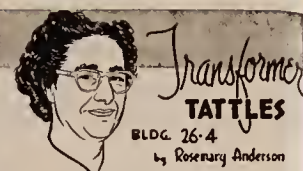

Junior was a hermetic tester. ... Norma Belchner has joined the ranks of those lucky people with TV sets. We wonder if Charles Elzey talked so much about his, that Norma couldn't resist buying one. ... The following poem was submitted by Wimpy, Darrell, and the second trick gang.

Dear Alma, for your retirement, We wish you all the smiles of life, Without a single frown. And hope that all you're wishing for, Will hasten to come true. And be among the joys of life, That we are wishing you. ...

COMMENT FOR THE DAY: "Our idea of a contented person, is one who can enjoy the scenery on a detour."

30-YEAR CELEBRATION—On hand to offer congratulations to Lester Patton (third from left) on his 30th anniversary with the Company were: (l-r) Bill Pomp, Adam Farrell, (Mr. Patton), K. D. Strong, Sam Baumgartner, Thetus Johnson, and R. M. Hartigan. Mr. Patton joined G-E in 1922 as a learner in Bldg. 6-2. He is now a milling machine operator in Bldg. 27.

TRUE

It is enough to be pleasant When life flows by like a song: But the man worthwhile, Is the one who will smile When everything goes wrong. For the test of heart is trouble. And it always comes with years: And the smile that is worth the pains of earth. Is the smile that shines through tears.

This poem might help those of you who don't smile enough, to try it more often. ... Gene Auer was seen running down the aisle at eight o'clock Friday morning and the boss was almost knocked down in the haste. Gene was trying to get to the fire. When Olin finally caught up with him he told Gene that every Friday the whistle blows at eight o'clock. We will just have to overlook what Gene did because he just came off of the night trick. ... Bonnie Olinger is back with us after being away for three months. Glad to see you back, Bonnie. ... I want to wish Donna Meyer a happy birthday for this month. ... Betty Grim, Pat Pickering, and Joan Belch have been transferred to other buildings. Betty was sent to Bldg. 2-2, Pat was sent to Taylor St. I wish you all good luck. ... Lucille Keler is back on days. Hi, Lucy, can't stay away from us can you?

Our congratulations to Henry Doebling, Bldg. 4-1, who has completed 40 years with General Electric. He came to G-E in 1912 as a lathe operator in Bldg. 17-3 and has worked in Bldg. 4-1 for 12 years. Henry has made many friends in his 40 years here at the plant. ... Maxine Luker, on a tour of inspection at their farm near Spencerville, recently decided to see how the corn was weathering the winter. She opened the corn crib door and out rolled an avalanche of corn, all over the ground. After spending the rest of the day picking up corn and carrying it to a dry place she vowed she'd never open another door unless she knew just what was behind it! ... Some sure signs that Spring is just around the corner. Fred Pyle is looking at houses, Harley Bottorff is driving a new Plymouth and Imogene Pitts has a new Dodge. ... Here's a lesson on how to be the perfect host. Art Holterman gave a party for some of the fellows in Bldg. 4-1 on New Years Eve. After the party was in progress Art decided to catch up on his sleep. The party was a huge success and Art had a full nights rest. ... Happy birthday wishes to Basil Ottinger, Joe Bacon, Nick Derloshen, and Joe Trentadue. ... We knew Bess Armstrong was a sweet young thing but we didn't know she was just a child!! Bess was absent last week because she had the mumps! ... Ed Brosche has returned from Florida where he spent a few days with his mother, who is ill. ... We're happy to see Lloyd Covault back to work after a long absence due to illness. ... George Bear must have lots of friends in Florida. All those post cards he's been getting.

A beauty expert says that loss of sleep ruins the complexion. Just like leaving the compact at home.

Jim (Loverboy) Linn attended the ballgame last week, but he had to see the morning paper to see who won the game. . . . Harold Mosshamer was so excited the other day when the boss asked him what his clock number was that he had to look at one of his old stubs before he could tell. . . . Joe Adams had a birthday last week and was 25 years old. His wife had 30 candles on the cake. Do you really know how old you are, Joe? . . . The inspectors would like to know why Barbara Wright is taking vitamin pills. Does it really work, Barbara? . . . Welcome to Marilyn Norton on days, hope you like all your co-workers. . . . Congratulations to Virginia Stotler who became Mrs. Charles Pearson last Saturday. Best of luck and happiness to both of you. . . . Marge Ulrich says the Oldsmobile people don't make lemons and she doesn't want to sell her car. . . . The two Rubys are wishing for their youth back so they can go to all the social affairs, etc. Age doesn't mean a thing on this, girls. . . . We are glad to have Lucille Quirk back with us again. . . . Wally Snyder sure can keep a secret. His wife presented him with a nine and a-half pound boy, and it was almost a week before any of the gang found out. . . . We were sure glad someone met Red Huffman coming to work on Monday morning, because her eyes wouldn't open enough to see. Good thing they weren't black and blue—just puffed up. . . . Clarence Meyers sure doesn't know how to work with his hands since he has the other job. Last week he got his thumb in the conveyor and mashed it. Over the weekend he hit his hand with a hammer. . . . Dick Graham sure has a rosy complexion here lately. . . . Bob Johnson has a new vocation. He took a life saving course and graduated with honors. Now Bob is willing to demonstrate on anyone that will hold still. . . . After that write-up Mel Kestner had last week, his wife had to buy him bigger size shirts and a large hat. Some day you will be old like the rest of us, Mel, and then you won't be so active.

We welcome another newcomer to third trick, Leonard Harrison. . . . Ed Ball, one of the old timers who is now at Taylor St., paid us a visit Monday. We were glad to see him and wish that some of you other former Bldg. 22'ers would drop in. . . . We had a fire in the building the other day, but before our fireman (Charlie Castle) could don his helmet, boots, and pin on his badge, Mildred Messer, our office girl, came along and dashed it out with a glass of water. Maybe we should have a ladies auxiliary. . . . We wish a speedy recovery to Floyd Brown's wife, who is in a hospital in Chicago. . . . What two gentlemen are trying to be the best dressed base welder in the building. Both are coming to work in all new outfits. . . . What welder is contemplating a huge, modern lunch room on the highway out north of town, and is his beautiful wife going to be the waitress or the cook? She's a good culinary

artist but on the other hand, if she waits on tables there will be a lot of guys stop for coffee and sinkers just to gaze into those soft brown eyes. . . . Charlie (Little Bo Peep) Castle's sheep were sick and while he was giving them their pills, one of them bit his finger. . . . Dick Bodkins and Bill Achleman have both purchased new cameras and are going to take photography seriously. How about some good pictures for the column boys? They may have to take pictures for the G-E NEWS, since taking the editor's picture the NEWS photographer says his camera is not the same. . . . Bet there are a lot of people over there behind that iron curtain that wish they were over here griping about paying their income taxes.

Night Views

in Bldg. 26-4

by Lucille Keller

Gus Goodman received a letter from Uncle Sam which reads, see you Feb. 3. Good luck, Gus, we hate to see you go. . . . Marlene Miller just found out what the boxes on the corner of our streets are for. She says they contain sand! Evelyn wonders how you found out? . . . Say, Thelma Henry, now that you are making rugs, are they for sale or are they Christmas presents? How about it, Thelma? . . . The assembly line would like to welcome Troy Leeth in group 415. . . . Everett Hamilton went ice fishing the other day and some one from the east end saw him down on his knees. Were you praying for the fish to bite, Everett? . . . Our sympathy to Mary Clifton on the death of her father-in-law. . . . Farewell to Ruby Bonar and Beverly Thomas, who have left us to return to Bldg. 17-3. . . . Ray Ennis should have had his ice skates on instead of in his hands the night he took the spill on College St. . . . On the get well list is Wilma Leverton and Vernell Williams. Hope you both will be back very soon. . . . Cleste G. is trying to prove that fashions have changed by bringing in her wedding pictures. The girls are wondering how long ago they were taken. . . . We are glad to report that Alta Franklin had a bouncing back very soon. . . . Celeste G. is winding section. . . . Just wondering: why isn't Katie supposed to eat caramels? Could it be because of an insert of choppers? . . . Gladys King wrote a little poem to the girls in finishing which I thought you would all enjoy, since she has left us to return to Taylor St.

MY WILL

Grace Poorman, who taught me first,
Starts my little verse.
To Gladys Newcomer, under the efficient
direction
I had to make less correction.
Donna Murphy, who is never a bore,
I leave to her ole 26-4.
Freeda Green, who is always full of fire
I leave to her the nylon wire.
Fern Smith, who is Johnny on the spot,
I leave to her my coffee pot.
Peggy Toy, who is not so bold,
I leave to her my pot of gold.
Mary Jo Briggs, who never lags,
I thank her for all my fags.
Lucy Keller, who writes for the NEWS,
I leave her without any blues.
To the rest of the girls I have not
mentioned,
I hope to see them again before I get
my pension.

On behalf of yours truly, who has left second trick to return to first, I would like to say good-bye to you all and also to thank Dorothy Savio, Nancy Gordon, and Evelyn Armstrong for their help in writing this column. I hope Nancy, who is taking over the column, has as much fun writing it as I did.

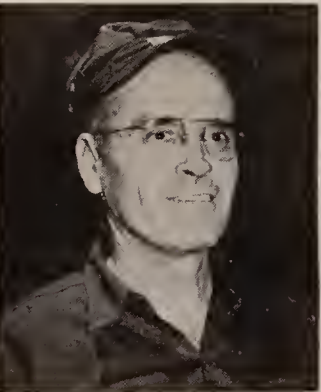

Everyone thought that Helen White had some very bad news. When she was called to the telephone, she looked like someone who thought the world was coming to an end. Her mother called to tell her to be sure and wash the turkey before she baked it. Helen didn't know one end from the other, let alone, how to wash it. Carol Eastes told her to put it in the bath tub and use some of Grandma's Lye soap. We all hope it turned out good as it was for the 55th wedding anniversary of Helen's grandparents. . . . Welcome back to Irene Kregger. Glad you are feeling better. . . . Berniece Johnston looked swell in her new urchin hair cut. . . . Mary Lindamuth won an airplane trip to Chicago at the Elex party. She's been flying high ever since. She is going to wait till next summer to take it. . . . We all feel if John Figley was "Old King Tut," he'd have himself a harem. My what pictures he has around him! . . . Willard Smith is back among the people again. Hope your shoulder is OK now. . . . Hazel Stauffer got to the Elex supper early and Irene told her to go up and look at the airplane that was made of all flowers. She and her friend walked up and looked and, when she was in the middle of the platform she discovered her shoes weren't buckled! . . . Ruth Tutwiller was going over to the dispensary, when she started to look for her coat. After looking for a long time, she decided that she wore a different one that morning and found it very easily. . . . The "HAT" mystery. . . . Stella Mailand couldn't find her hat when it was time to go home. She even had help looking for it. The next morning, the hat was on the shelf. Now we want to know where was this hat the night before? . . . Most guys chew Mail Pouch, but not John Figley, he chews cotton! . . . In case anyone wants to know Jim Pugh, the foreman in training in Section 1 is married and has one bambino, age 3½ who answers to the name of Sharon. . . . Ramona Conner left last Friday. We hope this one is a girl. After all, three boys is enough. . . . Everett Lindeman said the fish weren't biting at Loon lake or Rome City. . . . When Ivan Parrish saw himself in the mirror where he was trying on clothes, he thought someone else was in the booth with him. Guess he hadn't seen himself in a full length mirror for awhile. . . . Bob Black went all the way up to Houghton lake in Michigan and came back with three fish—not even enough to feed the family one

meal. . . . The young man under the Christmas tree is none other than Don Mason playing with all his children's toys. He even has the doll's nursing bottle in his mouth.

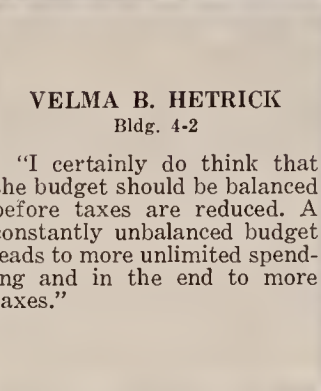

Inquiring Reporter:

DO YOU THINK THE FEDERAL BUDGET SHOULD BE BALANCED BEFORE TAX REDUCTION?

HERBERT L. BOLTZ
Bldg. 27

"If the graft and unnecessary spending that has developed in the preceding years were curbed, we could balance the budget and still have tax reduction."

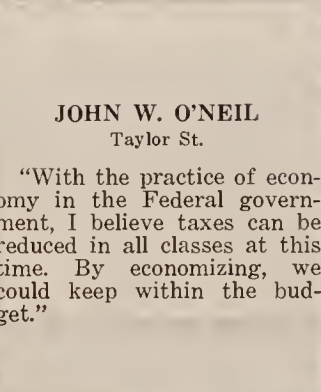

VELMA B. HETRICK
Bldg. 4-2

"I certainly do think that the budget should be balanced before taxes are reduced. A constantly unbalanced budget leads to more unlimited spending and in the end to more taxes."

MARGARET K. GEROFF
Bldg. 28-1

"No. In my opinion, it is not bad to be in debt, but it is bad not to try to repay it. An ordinary citizen cannot dodge his debts and I see no reason why our government should. Our taxes should be large enough to start repaying our country's debts."

JOHN W. O'NEIL
Taylor St.

"With the practice of economy in the Federal government, I believe taxes can be reduced in all classes at this time. By economizing, we could keep within the budget."

CLARENCE R. HOOVER
Bldg. 26-1

"It is my opinion that the budget should be balanced before tax reduction. If the budget is balanced, there will be more chance of knowing how much reduction can be made in taxes."

STAB Names Specialist For Services Decentralization

Robert W. Barker has been appointed services decentralization project specialist in the Specialty Transformer and Balast Department, Elmer Paul, manager-manufacturing, announced this week.

In 1948, Mr. Barker joined the Company on special assignment in the Management Research Division at Princeton, N. J. He became a survey engineer in the Management Consultant Services Division, New York City, in January, 1950.

When he entered the STAB Department in January, 1952, he was on special assignment and an inventory control specialist in the office of the manager of manufacturing. This was his position at the time of his present appointment.

A graduate of the University of Rochester, Mr. Barker received his B.S. degree in chemical engineering in 1942. He received his master of business administration degree from the Wharton School of Finance, University of Pennsylvania in 1948. Mr. Barker is a member of the G-E Squares.

Robert W. Barker

Flying HIGH

BUILDING 6-4

by Ivy Mills

Harry Hedglin celebrated his 36th birthday Jan. 14. WHOOPS, I forgot, it isn't polite to mention age. We sang Happy Birthday to him and it was in the same off key, which makes it sound so much nicer. . . . The bells will be ringing for Doug Hughes and his gal Jan. 24. That's the day they are planning to say, "I do", to each other for ever and ever. Good luck to you, from all of us. . . . Don't worry folks, the flying saucer you thought you saw coming from Roanoke was Walt Wohlford flying to work in his souped up Plymouth with a Dodge motor. . . . Thelma Kouder offered Harold Stith some aspirin for his headache. Tim Meredith reached over and said, "Sure, I'll take some." He took two, chomped them down, looked surprised and said, "Gosh, these are aspirin, I thought it was candy." The moral of the story is; "Look before you eat." . . . The repair gals on the 10 frame line are getting an inferiority complex. Everybody who walks past Dee, Lizz, Rosie, and Ivy look at them and say, "Gosh, what a mess." We gals are hoping they mean the repairs. . . . Wonder if Pete wrote the song, "It's in the Book?" That seems to be his favorite expression lately. The book he is referring to is an old edition of a Testers Manual that needs to be revised. . . . Charley Dockerty says that Victor didn't get to Tennessee on his honeymoon. Seems Charley called his kinfolk down there and they wouldn't allow Victor and his bride across the state line. . . . Bob Keim went to the doctor for a shot of penicillium to prevent a cold. He ended up getting four shots, a case of hives, and lost a week's work. Could it be that the purchase of his Nash convertible upset his nervous system? . . . Kathy was

filling her washer the other day, during the process the gasket blew out and Kathy ended up taking a shower. . . . Rosie is mighty proud of her 167 bowling score. Now she is ready to compete with the champion bowlers of the city. . . . Who was the blonde who was in such a rush to catch a bus in front of Murphys? Joan Armstrong, of course. The only thing wrong was she stumbled, fell flat on her face, and missed the bus. . . . Esther Weeks felt like a glamour queen the other day when she had her hair pinned up and Jerry Kramer pulled her head scarf off. . . . We say good-bye to Gene Carpenter, who is going on days, and that it was nice knowing and working with you, Gene. Welcome to Glenn Witte, who is replacing Gene on heat run.

Byron Neuman came to work the other day with a loud shirt on, and when asked where he got it said, "with 25 cents and a Cheerio Oats box top." . . . Leon Rademaker is happy now that the ice is thick enough to go fishing. Roddy spent last Saturday and Sunday sitting out in that rain and wind staring into a little hole in the ice. Roddy had a little mishap too, he fell in the lake. His buddies were going to leave him there, but thought better of it later and helped him out. . . . Paul Winters is public enemy No. 1. Paul made 13 trips out to the dump and nearly froze Harry, our elevator man, out. . . . Bert Brown is now called "Jack Lose Brown." Maybe Bert should have a little more practice before he is ready to play a concert. . . . Bill Morton went down to Camp Brackenridge last Wednesday, to pick up his son-in-law, and made the trip in one day. A lot of concrete to cover in one day! . . . Anita Slusher thinks steps are made to fall down. It's much easier, if you don't count the bruises. . . . Paul, how did you find out about the gismo? . . . Willmette Schenfeld has a new diamond on her third finger left hand. We wish her much happiness. . . . Jim Barfell, Myrtle's hubby, is improving and we hope he keeps it up. . . . Ed Bowser's son flew back to Panama after the Christmas holidays. They learned that his plane developed motor trouble over Cuba and had to turn back and go to Miami. Ed says it was quiet with Clarence Roth gone last Thursday and Friday. The Roth's daughter came from South America last week. Clarence was going around here full of butterflies, or at least that is the way he looked. . . . Bert Brown had to give his ok on that motor John Walters built up, before it could go to test. . . . Ray Smith's egg delivery takes more of his time all the time. The fellows tell me he didn't get in until 9 a.m. the other morning. . . . Frank Fogwell has been checking up on his poll tax, his birthday came just before Christmas. . . . Ross Hal-

fiech had Paul Winters scared out the other day over the morning paper. After all Paul, you are the biggest and shouldn't let Ross scare you off. . . . Dorothea Swank was in to visit us last Friday. . . . Wilma Bischoff got her finger pinched last Friday, but was not hurt seriously. . . . Eldridge Gillum's son is in Korea, but is not in the front line. He is feeling better than he has for a long time, and writes that it isn't cold where he is stationed. . . . Clarence Hewes is off sick, we wish him a speedy recovery.

Congratulations to Mr. and Mrs. Rodger Haifley. They have a baby daughter named Patricia Ann, born Jan. 12. After spending most of the night at the hospital, Rodger went home to get some sleep. Soon one of his young sons awoke him to tell him they had a new baby sister. . . . We welcome Walter Davis, a new employee. We hope he will like working here. Also, the new man in the stockroom is Bob Watt. He comes from Bldg. 27. . . . At times the slogan "Go Transit" pays. At least Loren Reichard found it so. He drove to work one morning and parked his car in the lot. That evening he was hemmed in by five other cars and had to ride the bus home. . . . Sherry Varner is in the hospital for an operation. We wish her a speedy recovery. . . . Kenneth Nulf says he can let his whiskers grow now. He is a grandpa, for the first time, too. A cute little granddaughter named Diana Jane. . . . There are mysteries in the commutator section. Clayton Daffarn came in with a bruised forehead and Everett Harris had a black eye. We wonder what happened to the fellows over the weekend. . . . Paul Gruber related his experiences with the thin coating of ice we had Saturday morning. He couldn't keep upright, and as a result received a bruised hip and knee. . . . One solution: Elois Kartholl will have to give up her knitting as Frank (her husband) doesn't get enough attention. So he says.

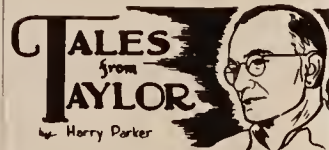

Hartman D. Egger

Hartman Egger Takes Hermetic Purchasing Post

The appointment of Hartman D. Egger to the position of purchasing agent in the Hermetic Motor Sub-Department was announced this week by Albert E. Leider, manager-production.

When he came to General Electric in June, 1950, Mr. Egger entered Fractional Horsepower Motor purchasing, where he was a buyer. After decentralization of the FHP Motor Department in June last year, Mr. Egger entered Hermetic Motor as a buyer and held this position at the time of his present appointment.

Mr. Egger is a member of the Supervisors Club. The Eggers and their two sons live at 257 E. Pettit Ave.

Joe Long was absent all day last Tuesday. On Wednesday in the cafeteria he was observed putting up a stiff argument with the check out girl, as to the price charged for his tray of food. Perhaps Joe was trying to salvage as much as possible of his lost day's wages. . . . George Schoeph is endeavoring to get into the business of raising rabbits in a big way. Every once in a while he hears of someone who is engaged in this business so he calls upon them, purchasing their holdings lock, stock, and barrel. He tells us that he plans to become the sole operator in this vicinity, with the exception of one person and he is Ben Miller, who absolutely refuses to sell out to him. In fact, Ben is enlarging his facilities and plans to give George a run for his money. . . . Our super television enthusiast, Archie Boren, now has a new and more powerful set. He reports reception excellent, telling us that he picked up Johannesburg, South Africa. He reports that at times he still gets quite a bit of snow. John Terry said that he has the same trouble, telling us that he had his basement better than half full of snow, but overcame this condition by installing a defroster on his set. . . . Adele Kuckuck wishes in this manner to thank her many friends and co-workers for the kindness and consideration shown her during her recent illness.

BIG PACKAGE ON BIG DAY—Veronica Cook (right) prepares to open the big package she received from her co-workers when she retired recently. In the foreground, at left, watching her are Edith Johnson and Vera Everett. Anne Cerne is on Mrs. Cook's right. Mrs. Cook came to G-E in 1942 as an assembler in Bldg. 26-3. At the time of her retirement, she was a sealer in Bldg. 26-4.

SPECIALTY MOTOR EMPLOYEES BUILD ATOMIC PROJECT AMPLIDYNE UNIT

Joining the team of G-E men and women who contribute to the country's defense program, Fort Wayne employees in Specialty Motor Sub-Department recently completed work on a motor generator unit which will become part of a General Electric high powered atomic project.

Dorothy Askren was really concerned about the health of Hugh Reynolds the other day. She thought he looked a little feverish after he spilled a bottle of red ink on her beautiful drawing. Bob Dent also looked a little sick after helping clean up the ink. . . . Joyce Horstmeyer has become quite good at drawing, except that she needs a pretty large sheet of paper for her drawings. . . . If you see something strutting down the street with Bob Tuerschman following, it will be his chest. The reason? A swell picture of wife Peg, appeared in the city newspaper. . . . Joan Murphy is so interested in learning her new job that she nearly forgets to eat lunch. . . . We welcome two new time clerks to the office. They are Loree Cox and Helen Papiez. . . . We extend our sympathies to Louie and Audrey Hickernell in the death of Louie's sister, Ruth.

APPRENTICE BROADCAST

by Mel Guillaume

We have heard good news about several of our servicemen. Dick Reinking has returned from Korea and is now in California, and Ron Allen will be discharged sometime in the next couple of weeks. We hope they will both be back working with us in a short time. . . . The rainy weather gave several of our apprentices a rough time last week. Don Batchelder took Marlene Imel, Bldg. 19-5, riding one day last week and got stuck in the mud. Marlene's dad tried to push them out and his car got stuck, too. Finally a garage car came to the rescue and pulled them both out. Frank Miller got stuck one evening last week and had to be pulled out by the Allen County wrecker. Frank tried to make a turn a little too soon and ended up in the ditch. . . . Several changes were made last week. Bob Calkins is now working on a shaper in Bldg. 12-2; John Blair and Stan Reidenbach are in the lathe section; Jerry Gibson is in the mill section of Bldg. 19-5; Jim Schwartz is in the office of Bldg. 19-5, and Don Beitz is now a member of the mill section here at school. . . . We are sorry to hear that Dave Laney, a manufacturing trainee, will be leaving us soon to become a member of the U. S. Army. . . . Stan Reidenbach did one of the nicest jobs of mangling a pair of mics that has been seen for a long time. There were steel shavings on the chuck of his lathe and they picked up the mics and hurled them against the machine. If anybody wants a pair of curved mics, see

This recent contribution by Fort Wayne employees to national defense is the largest amplidyne motor generator set ever built by Specialty Motor. Mounted on a common base approximately nine feet long, the set consists of four 1.5 kilowatt amplidynes and a 7½ horsepower motor.

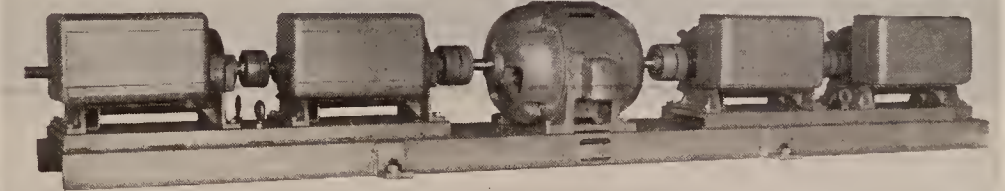

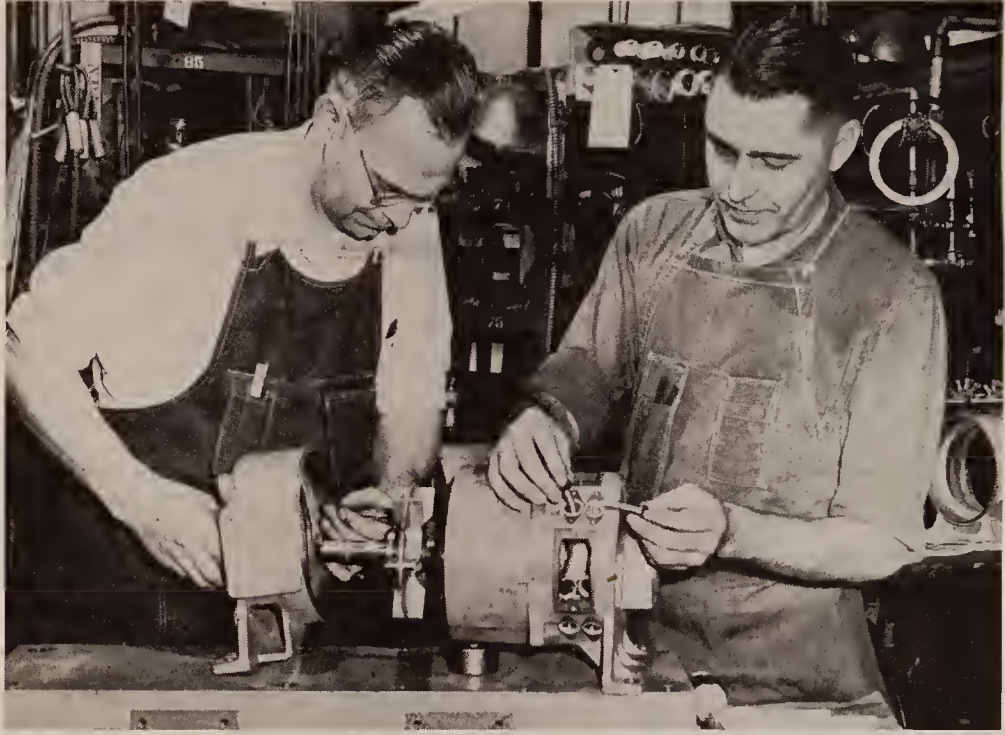

The shipping of the set last week marked the culmination of work which was put in motion last May, when an order for the set was placed by the General Engineering Laboratory, Schenectady. After materials were secured and production schedules arranged, actual production was completed in six weeks. Approximately 20 employees performed the manufacturing in its various stages from beginning to the set's completion.

Currently being installed at another General Electric plant, the set will be used to further the atomic energy program in which G-E plays a leading role.

Stan. . . . Bob Calkins became the proud father of a seven pound baby boy last week. . . . People working in the vicinity of Bldg. 12-2 have been complaining about hearing queer noises lately. We wish to apologize and promise that Jack (Foghorn) Olinske will not sing anymore. . . . Here at school we have a doer of good deeds, who calls himself the "Monster." Whenever anyone has troubles, the "Monster" always lends a helping hand. Last week Tom (Bubbles) McCrea was feeling mighty low because his wife wouldn't let him use any more of her Apple Blossom Bubble Bath. Just when life was at its lowest ebb, the Monster fixed up a present for Tom. Tom was filled with excitement as he opened the present. Its contents were some "Ever Yours" bubble bath, a poem, and a membership to the Bubble Bathers of America. Thanks to the "Monster," Tom is happy once more.

Dick Gevers is leaving us for duties in the Army. Good Luck, Dick and we hope to hear from you occasionally. . . . We wish to welcome Betty Reynolds, Dena Broadfoot, Ruth Abels, and Delbert Brooks to second shift. Also, Irene Reifsteck and Herb Miller to first shift. . . . Birthday greetings to Theresa Prine, Vivian Frauhiger, Al Miller, and Irene Pulfer. . . . Floyd Lorraine found out that operating an elevator successfully is quite an art. Recently he went to Bldg. 12 and had considerable difficulty getting the elevator even with the floor. Along came a friend, saw him peering out to where he wanted to go, and informed him he only had half the door open.

CONTRIBUTION TO DEFENSE—Specialty Motor employees, John Lowe and Clarence Watson, Bldg. 4-5, are shown in the top photo assembling one of the amplidynes in the five-unit amplidyne motor generator set shown in its completed form in the bottom photo. The set will be used in a General Electric atomic energy project.

DITTIES FROM DISTRIBUTION

by Ruth Sorg

SHIPPING: You should have seen the expression on everybody's face when they came to work Monday morning. Over the weekend they moved all the desks around in the office. . . . The sparkle you see in the rest room now is only a diamond ring on Pearl Mackey's finger. Congratulations to you, Pearl. . . . One day last week we had a treasure hunt in the office, Sarah Harris lost her glasses. The lost was found over at the cafeteria. Sarah took them out of her purse to look at something and dropped them on the floor. . . . Congratulations and happy birthday greetings to Ivan Doster today, and to Dutch Wilson on Saturday. . . . Can you imagine Eloise Hoehn eating a whole cherry pie with ice cream last Friday for lunch? . . . Pat Tarney gave Betty Stebing a milk bath last Friday at lunch. Pat let a cup of milk fall out of her hand. . . . **RECEIVING:** Marie Renz was requesting directions to

a certain destination, the general idea was that she was trying to locate a certain funeral home. There is a feeling of unified sympathetic understanding at such times, so everyone was being real helpful. Trying to tell her which bus line was nearest, and informing her of various land marks so she could easily locate the place. The final lines of the conversation go like this: "Do you think you'll be able to find it, Marie?" Marie replied, "Oh, I'm not going to the funeral home, I'm looking for a furniture store." . . . Note to Paul Merkert: If you think you'll have as much trouble getting your New Years Eve planned this year as last, maybe you'd better get started on making arrangements. . . . Paul Thomas saves the sweepings of grain from the highway trucks, and gives them to Bob Kurtz for his chickens. That's why Paul buys eggs for 15c less per dozen than Bob's other customers. Paul complains, however, that the eggs are lopsided because Kurtz built the chicken house on a slant. . . . Marie Renz is starting a collection of safety matches since her cigarette blew up. All of her friends are contributing to the cause.

Fool me once, shame on you; fool me twice, shame on me.—Chinese Proverb.

Josephine Lutz quit eating pie and went on a salad diet. But the girls would like to know what the two candy wrappers were doing under the paper bag on her work bench. . . . Is Sarah Moore learning to be a planner now that she is using a planner's pencil? . . . The girls in the switch department say they know how to make Louie Kintz's ears turn pink. . . . Selma Voigt looked like she had just come in from the farm Monday, with mud all over her shoes. She blamed it on the street repair dept. . . . The kindergarten girls said they didn't want to disappoint Doyle Sheets at not finding his name in the G-E News. They wonder what he had on his mind the other morning, because he forgot to drive his car into work. . . . I have been informed that it is time for Catherine Chilcote to bring in a pecan pie. . . . We extend our sympathy to Margaret Kenyon on the death of her husband. . . . We hear Laura Adams and Crystal Boyd have given up the idea of going on third shift.

Golden Gloves Bell to Ring in 24th Year For Veteran G-E Club Boxing Committee

PRE-TOURNEY ACTIVITIES—keep G-E Club boxing committee members busy getting the boys ready for competition. Sam Baumgartner, left, and Don Castle, right, who have been on the committee for several years, put gloves on one of last year's entrants.

Sportliners...

by Earl D. Stauffer

It isn't very often that a reporter has the good fortune to interview a person with whom he has had close contact. This is the case, however, in this week's article about Warren Wickliffe. I have known this great Owl Sportliner for many years and have always admired his driving play and contagious smile. Although his active sports participation is now limited to the golf links, Wick has been an able performer on both the basketball hardwood and the softball diamond in the past.

Out on the "cow pasture pool orchard" he is really in his glory. As a member of the five-time Owl golf champion Hot Shots, Warren has averaged less than 39 strokes per nine holes over the years. Playing against him, you just don't count on his having a bad nine. He usually flirts with par.

Wick is the last person to take any credit for himself, but rather hands out compliments to Hot Shot teammates like Lloyd Greider, Jimmy Sternberger, Oscar Bunch, and Bob Craig.

Golf hasn't always been Wick's mainstay. He played basketball at Harmer grade school and later with the Central Tigers under Murry Mendenhall. While in high school, he became a golf fan while serving

Warren Wickliffe

as a caddie at Orchard Ridge Country Club.

A hitch in the Navy on the aircraft carrier "Intrepid" interrupted his links activity during the last war, but he managed to captain the ship's winning cage club. Wick, who is 5' 11", recalls that he was the smallest man on the team. The cage sport is his favorite in

As the bell sounds beginning Round One of the 1953 Golden Gloves tournament at North Side gym this month, it will ring in the 24th birthday of the G-E Club committee which has made these yearly events possible through the volunteer efforts of its members.

In 1929, the G-E Club boxing committee was organized to provide a program fostering physical development and a competitive spirit in young men of the plant and the community.

During the first year, when free boxing lessons were offered employees to give them the opportunity to "learn the manly act of self defense," the committee set up boxing shows and staged the first city-wide amateur boxing tourney in November, 1929. The following year, the Club accepted the offer to co-sponsor the first Fort Wayne Golden Gloves event with the Journal-Gazette. Through the volunteer work of the committee members, the Fort Wayne tourney has become a permanent part of the community sports program.

Succeeding dates since the initial tourney in 1930 have brought changes in the roster of employees on this committee, but the purpose has remained the same.

2,000 Boys Participate

The efforts of past and present committeemen have made it possible for more than 2,000 boys to meet in competitive boxing. Besides the possibility of winning a national Golden Gloves championship in their respective weights, entrance in this classic has afforded boys the opportunity to receive training in boxing rules and methods, develop a sense of fair play, and further their physical and mental development.

In addition to providing a gym at the G-E Club where the boys may work out, the committee offers them training and equipment. In the tourney's early years, the Club was the site of the event.

Behind-the-scenes activity at tourney-time finds these volunteers busy getting the boys ready for their fights. Out front, these men have served as seconds and timed and recorded the bouts in past years. Professional seconds are secured for the boys now.

Some serve 24 years

The present 11-man committee is composed of members who have served on it from four to 24 years each. Two men, Chairman Frank Newport and Dr. H. W. Garton, have been with the organization since its origin.

Prior to each event, the committee spends about one hour per entrant getting him ready. Dr. Garton gives every boy a physical examination and is on hand during the entire tournament.

Other members of the present committee are: Sam Baumgartner, John B. Dennis, William Hanke, Donald Castle, Harold Smith, Dale Weaver, Dick Grote, Frank Hall, and Guy Miller.

Three employees, who were members of the original committee are Walter Dreyer, Nick Little, and Sam Newland. Other charter members of this group are E. A. Barnes, who was the first chairman, Bill Wehrs, and Andy Snodgrass.

Wick has won many awards and honors for his sports ability and to me this intense foe and able teammate is one of the tops on my Sportsliner list.

VETERAN MEMBER—of the G-E Club boxing committee, Dr. H. W. Garton, has been on hand at each Golden Gloves event to give physical examinations to each entrant. He looks on as Frank Shanefelt, who returns to tourney action this year, gets his hands taped in preparation for his bout.

VOLLEYBALL NEWS

by Art Rasor

The Taylor Street "A" team captured the title for the first half, of the 1952-53 volleyball season, by keeping a perfect record, downing a strong Transformer team by scores of 15-8, 15-11, and 15-6. This gives the Taylor "A" team a record of 21 wins and no losses, and Transformer a record of 18 wins and 3 losses.

Losing only to the top two teams, Small Motor won the rest of their games and finished with a record of 15 wins and 6 losses for third place. Motor Generator finished fourth place with 10 wins and eleven losses. Taylor "B" finished in fifth place, Tool Room and Test Engineers tied for sixth place, and Apprentice School, was in last place.

Apprentice School has withdrawn from the league for the rest of the season and their games will be indicated with a bye.

FINAL FIRST HALF STANDINGS

	W. L.
Taylor "A"	21 0
Transformer	18 3
Small Motor	15 6
Taylor "B"	8 13
Test Engineer	6 15
Tool Room	6 15
Apprentice School	0 21

GOLDEN GLOVES OPENS WEDNESDAY NITE

Second Half Play to Start Tuesday In Interdivision Basketball League

by Marc Junk

Play will start next week in the second half of the Interdivision Basketball League. For this half, the league will be divided into two sections, A and B, with the winners of each section meeting for the second half championship. This play-off will be a single game, with the winner meeting the first half champion in a best of a three-game series for the league title.

The stage was set in last week's games for a showdown battle between Airliners and Transformer No. 1 for the first half title. The results ran about as expected, as both leaders kept pace with victories and 7 won, 1 lost records.

Small Motor remained right on the leaders' heels as they opened the week's activity with a 69 to 47 thumping of Transformer No. 2. The motor-makers started fast and were still going at the final whistle as Zimmerlee, Wehrle, Markoetter, and Crecelius all hit double figures in the scoring column.

Taylor St. continued to show improved play behind the terrific rebounding of Bash, who also scored 10 points. Some fancy shooting by Imbody and Terry Jones netted them 18 and 11 points respectively. As usual, Skole was high scorer for M and G with 11.

The Airliners found the Test Engineers a bit troublesome for the first three periods, but finally pulled away to a 51 to 31 victory. Dave Bonar was the difference, getting 10 of his 14 points in the last quarter. Ken George played his usual all-out game and meshed 18 points for the losing cause.

The Squares outlasted the scrappy Apprentice Punks to walk away with a 50 to 40 win. The scoring was quite well balanced for the winners with Bob Leming's 13 points high for the game. After scoring 10 points in the first half, the Punk's Leo Castle had to retire from the game because of a sprained muscle.

It is reproduction out in front, with 8 wins and only 1 lost. In a tie for second place are Pawlisch Shoe Repair and A-C, each having won 6 while losing 3. Carl Hattendorf did it again, rolling a 607 series on games of 201, 171, and 235. Glenn France and Bob Kallmyer found the range and each kegled a 209 game. Bush Bushong and Paul Ohnesorge had identical counts of 202, and Dean Burge-meister rolled an even 200 count.

Small Motor

With 3 more wins R and R are now leading the league with a record of 6 wins and no losses. National Construction and Test are tied for second, each having won 4 and one-half games while losing 1 and a-half. Kenny Williams and the Models are in the next spot, with a 4 and 2 record. E. LeFavour kegled the high single game, a 221 count. Hank Vance rolled a 220; S. Bamgartner, 219; F. Gitter, 204; J. Carey, 207; F. Quinn, 201; R. White, 216; W. Kammeyer, 208; C. Shipman, 201, and L. Pinkerton, 205. Ray White connected the 4-7-10 split.

Ladies Monday Night

Scatterpins are leading the league with a 10 won 2 lost record. Twisters are in second place with a 9-3 record, and Gutterbelles are third, having won 8 while losing 4. Ardyth Hawley rolled a pin heavy 212 count, Bertha Marr kegled a 194 and 175. Bonnie Hull converted the 3-7-10 split.

Apparatus League

Team No. 12 won 3 games and lost none to start out the second half at the top in the Apparatus League. Winning 2 games and losing 1 put teams 6, 8, 7, 10, and 3 in a tie for the No. 2 spot in the league. Charlie (Pappy) Briggs found the range and kegled 3 double century counts for a 627 series. Pappy rolled 211, 212, and 204. Just Heaston, with games of 219, 159, and 232, kegled a 610 series. Marion Worman kegled his first double century count of the

WKJG to Air Blow-by-Blow Description of Annual Classic

A few good seats are still available for the opening round of Golden Gloves fights Wednesday night. The first gong will sound at 8 p.m. in North Side High School gym.

The entire series of battles will be aired over Radio Station WKJG, co-sponsors of the tournament with the G-E Club.

The General Electric Company will sponsor the broadcasts. Popular local sportscaster Hilliard Gates will deliver the blow-by-blow descriptions of the amateur clashes.

There is still time for amateur boxers over 16 years of age to enter the tourney, by taking an entry blank to Frank Newport at the G-E club. Prospective fighters may enter up until the physical examinations, which will start at 3:30 p.m. Wednesday.

Tickets may be procured at the Main Auto Marine Division, 214 West Berry, or reservations may be made with Charlie Wilt at the G-E Club. Reserved seat tickets are \$2 for ringside and the first balcony. \$1.50 for the second balcony. General admission tickets will also be available.

Coach Newport reports that entries are coming in better than ever in all classes. He anticipates about 25 matches the first night of the tourney. "People who like fights," he said, "will really get their money's worth Wednesday." In training sessions this past week, emphasis has been placed on shedding poundage and rugged workouts are really getting results.

Three General Electric employees have entered the tournament. They are McKinley Davis, lightweight from Bldg. 19-3; Tex Ranier, Bldg. 6-4 light-heavy, and Al Campbell, a welterweight from Bldg. 6-4.

Defiance has ten entries in so far, including John Cereghi, last year's flyweight champ. Auburn has five entries to date. While a few veterans have entered again this year, the majority of the fights will be by novices, which according to Newport, always makes good fights for the spectators.

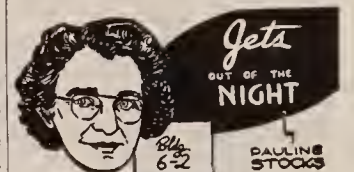

If enough bowlers are interested, it is hoped to run the tournament during the latter part of February or the beginning of March. If you are interested, please send your name to C. Wilt, at the G-E Club.

G-E Rod and Gun Lose To Ossian Gun Club

The G-E Rod and Gun Club lost to the Ossian Gun Club 1136 to 1113 in matches held Jan. 14 at the National Guard Armory.

High four scores for each team were as follows:

OSSIAN	
R. Soward	295
A. Gibson	288
R. Melching	282
S. White	271
G-E	
R. Steven	284
O. Emrick	283

H. Patterson	272

We extend birthday greetings to Evelyn Krueger. Hope you have many more, Evelyn. . . . What has happened to Kathleen Clark's blue jeans? . . . We are all quite sure Pop Gillispi didn't tell his grandson what to say. . . . Wayne Coak sprayed Ed Proegeler with glyptal. Why? We are not sure. . . . Pearl Mackey came to work recently with a big smile. No wonder, you should see the beautiful diamond on her third finger, left hand. The lucky man is none other than Don Rose, foreman in Bldg. 6-2. . . . Evelyn Krueger has taken a transfer and is going to Bldg. 17-3. Hope you like your work, Evelyn. . . . Mary Secrist is quite conservative. She wears her apron wrong side out. She keeps the right side clean that way. . . . Marie Bruggencote doesn't mind Pepper jumping on her but she does mind him hitting her in the mouth. Of course we all know Pepper is Marie's dog. . . . Is Orville Moody really taking a transfer, and if so, why? . . . Pete Macke sure slipped the other evening. Pete you should look around and stop to think before you say anything.

Attention Bowlers!

Would you be interested in bowling in a Blind Robin Doubles Tournament at the G-E Club?

Yes

No

Return to Charlie Wilt, G-E Club.

In the Women's League, Team No. 4 won 3 games from Team No. 3 and Team No. 2 won 3 games from Team No. 1. Miller rolled the high single count, a 177; Borne, 164, and Kleinhenz, 165.

Plans are being formulated to stage a Blind Robin doubles tourna-

Frederick Meyer Appointed Value Analyst in STAB Dept.

The appointment of Frederick R. Meyer as value analyst in the Specialty Transformer and Ballast Department has been announced by Harold F. Briggeman, production manager and purchasing agent.

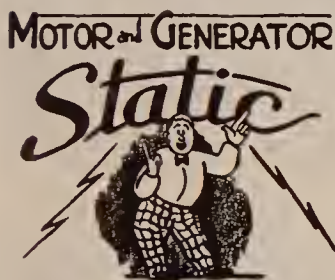

When he came to General Electric in 1949, Mr. Meyer entered the test program at the Erie Plant. While on test, he was located at plants in Philadelphia, Tiffin, Fort Wayne, Schenectady, and Danville. Upon completion of the test course in October, 1950, he became a methods and equipment planner in Danville.

One year later, Mr. Meyer went on special assignment in wage rate at the Danville plant. In March, 1952, he transferred to Fort Wayne, where he was on the staff of the manufacturing engineer on special assignment until his present appointment.

A graduate of Purdue University, Mr. Meyer received his B.S.M.E. degree in 1949. He is a member of the Fort Wayne chapter of the American Society of Tool Engineers and the G-E Squares Club. He resides at 530 W. Berry St.

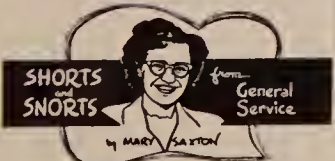

Frederick R. Meyer

Thought for the Week: We have proved that friendship is hard, and hatred easy, to buy."—Wheeler McMillen.

Clara Sez: Welcome to Jim Weingartner, who is working in Bldg. 19-B with Bobay's gang. . . . Helen Staley and husband celebrated their 7th wedding anniversary last week. He really did it up right too according to Helen. He wined her, and dined her, and sent pretty posies, along with other gifts. . . . Oh, by the way, I'll let Art Braun tell his story if you're interested. He can do it much better than I ever could. . . . Frankie and Johnnie, a couple of good sports, recently made the first page of the G-E NEWS. Kinda nice, wasn't it? . . . Well, things are about the same around the plant—Pop still likes "Ike," Andy still wants to know what Buck is making, Margie is having her fifth cup of coffee, and L. Michel is eating again. Everytime I see him, he has a candy bar or sandwich in his mouth.

Our deepest sympathy to Bob Hatfield on the recent death of his father. . . . Oscar Meyers is getting a little forgetful these days. He walked all the way in from the west parking lot with his first aid kit, instead of his lunch box. . . . Merle Morkoetter sent Ernie Hanauer a card from Florida which read in part, "The tempera-

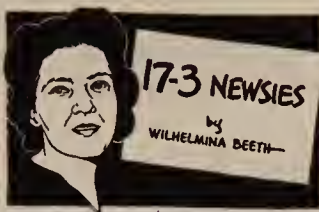

ture is 70 degrees, see you next spring." Dreamer, Merle. . . . Hi, Judy Walthrop. Judy is the new gal in Somers' section. . . . Bob Dressel decided to return a compliment and offered to cut George Miller's hair. George decided against it when Bob told him that Mike Alwine was an example of his artistic ability. . . . Joe Bahr wants everyone to know that "Old Man Steinbacker" is finally beginning to show his age. Steinie bought an electric blanket, which he said was for his wife. Joe claims that it was the "Old Man" himself that thought it wasn't warm enough and had it checked. . . . For fancy truck driving, you should see Slim Fuller at the wheel. There is just no limit to his ability in operating a fork truck. The only drawback is, if you really want to appreciate it, stand back at least 50 feet for safety.

by Gil Baker

NOISY: Paul Motter is a member of the wrecking crew. First it was his drafting board he wrecked, then he knocked a light off a desk, but it didn't break. . . . SPEEDY RECOVERY: We wish to Jack Wilson. . . . FAREWELL: To Marlene Niccum, who is now working in Bldg. 6-3. . . . LUCKY SUHR: Fred Suhr had a red car with four fenders, then a month ago he lost one fender, but has it back in good condition. We wonder how long it will last! . . . SHORT NIGHT: Last Friday morning, the porter on the New York Central RR was requested to awaken two important passengers approximately one hour ahead of arriving in Waterloo. He awakened Tom Shanahan and Bill Pringle and they proceeded to get dressed and closed up their berths and waited for Waterloo. Soon they pulled in to Toledo—Toledo! we said! The porter had awakened them at 3:15 a.m. So they sat up the rest of the way.

Zip! Boom! Bah!
Leo Lions
Rah! Rah! Rah!

The Leo Lions won the County Tourney just to help Walter Kryder celebrate his birthday. But shame on Walter, trying to make us believe he drives a Cadillac to work. We know it's a Ford. . . . It's a happy birthday to Verna Bullerman and Virginia Craft. . . . Meet young master Stephen Nicloy. He could be a future G-E'er. His proud grandma is Verda Deal, and his mama was former G-E employee. . . . Most people use a test bridge to check a set of coils, but Margaret Gerardot was seen trying to check a set on the telephone. . . . Frances Eckrote is vacationing in Florida. Lucky girl. . . . Kate Weigle was all set to have some ham for supper. When she opened the package, she had nine pork chops. Maybe the lady that got the ham was just as disappointed as you were, Kate. . . . Since we are so rushed and working so many days, Lorena Buuck doesn't seem to have enough time to do her washing. During lunch hour the other day, she was seen in the rest

"It's this workin' Saturdays that I don't like!"

room washing her foot stockings. . . . Glad to report that Violet Martz is on the improved list. Hope to see you back real soon. . . . Bertha Witham also hopes to be back in the groove Monday. . . . We wish a speedy recovery to the small grandson of Laura Antrup, who recently had an operation. . . . Our sincere sympathy to Harold Dominique on the death of his brother.

Tch! Tch! On the same train, we hear the porter forgot to awaken Roger Fuller, and they practically threw him out when they reached Waterloo. S'good thing he could finish dressing on his way in to Fort Wayne by car. . . . WELCOME: We'd like you to meet Robert Copeland, new TE in Max Barrow's group. Bob graduated from Oklahoma A and M. He is married and claims Olustee, Oklahoma as his home town. This is his third test assignment. Fishing is one of his hobbies. . . . CONGRATS: Today is Bill Pringle's birthday and tomorrow is Harry Gebfert's birthday, also our Army boy, Harold Struver. Next Wednesday, we can all wish Walter Whonsetler a happy birthday. . . .

G-E Owl Industrial Cagers Still in Tie for Second Spot

by Howard Colby

At the end of the first round of play in the Main Auto Industrial Owl League, G-E finds itself in a tie for second place honors in league standings.

In a very close race for top honors now held by Salisbury, G-E is steadily improving in each game as play progresses.

In the final game of the morning session G-E handed Eckrich its eighth loss in league competition by the score of 69 to 37. The Club men were really up for this one, as each man on the squad seemed to find the range.

With the Club team feeling out the Eckrich team in the first quarter, they led them 10 to 5 on some of the best passing and floor play of the season. In the second quarter the G-E boys hit everything to wind up the first half, 34 to 11. In the third quarter Bob Markey and Joe Hass kept up their usual fine play to help the Club team end that stanza, 49 to 24.

In the final period Tiny Baker, the veteran of many Club teams, found the range to help wind up the affair 69 to 37, in the teams' highest scoring game of the season.

In games played Thursday morning, Jan. 15, filling out the first round of play, Salisbury defeated

Zollner 47 to 26 in the 9 a.m. opener to hold onto first place in league standings.

In the 10 a.m. game, Ind. Rod took a one-sided contest from F.O.P. by the score of 45 to 25, to remain in a second place tie with our G-E Club team.

Next week G-E meets Indiana Rod in the 10 a.m. game.

Fosnaugh New Foreman in Training For GAC Section 13 Second Shift

The appointment of Kenneth L. Fosnaugh to the position of foreman in training, second shift, in General AC Motor Sub-Section 13 has been announced by Harold E. Koehlinger, superintendent of the sub-section.

At the time Mr. Fosnaugh joined General Electric in 1940, he entered the Apprentice School. After graduation from the machinist-toolmaker course in 1943, he became a die repairman in the general tool section. In March, 1944, he entered the U. S. Navy. While in the Service, he served in the Iwo Jima and Okinawa campaigns.

Mr. Fosnaugh entered the tool section at Taylor St. as a tool planner after he was discharged from the Navy in 1946. After returning to the Broadway general tool section in 1948, he became a grinder in Bldg. 19-5. Recalled to the Service in 1950, he served in the Navy until November, 1951.

After his return to the Company, he entered FHP Sect. 1, where he was a bench machinist in Bldg. 4-3 and a wage rate man. In July, 1952, he transferred to sub-section 13, where he did wage rate work prior to his present appointment.

Mr. Fosnaugh is a member of the Apprentice Alumni Association. He, his wife, and their two sons live at 416 Archer.

HOWDY DO DE: As of last Monday, we can claim Bob Ritchey as a bona-fide member of our department family. He's been with us on a test assignment for the past several months, so you all know him. We are very happy to have you join us permanently, Bob. . . . ON THE SICK LIST: We wish Dottie Brubaker a quick recovery and hope to see her back to work soon.

Kenneth L. Fosnaugh

LADIES' COAT—Black Broadcloth trimmed with Persian Lamb. Size 16, like new. Ladies' I. Miller black suede pumps. Size 7 AA, new. H-3965.

TIRES—Two new 760x16 super cushion with life guard tubes, never been on wheel. E-38941 after 6 p.m.

CAR HEATER—Instant heat Motorola gas. Used one year. H-01743.

GIRL'S COAT—Wine, size 14-16 in good condition. \$10. H-70074.

REFRIGERATOR—G-E. In good condition. \$60. Reasonable. A-86101.

MARTIN TRUMPET—\$30. Assortment of children's story books, suitable for small children, ten cents each. H-0864.

TAP SHOES—Boy's, size 13; \$3. Storm pants, sizes 6-8; \$2. Tweed topcoat, cap, size 7; \$5. A-29083.

BUNGALOW—Two bedroom. Located on Bluffton Rd. five miles south. All modern, automatic heat, garage, fruit trees, and large lot. H-91564, evenings, Saturday and Sunday.

RANGE—Monarch combination wood and electric range. Excellent condition. Fine for farm or lake cottage use. E-68160 after 6 p.m.

AIR COMPRESSOR—11.0 CFM and paint spray equipment with 1.6 HP 110V AC motor. Mounted on trailer. For quick sale, cash \$300. E-4340 after 6 p.m.

LIVING ROOM SUITE—Two piece dark red. Four years old. Very good condition, like new. H-28630.

FOLDING BABY BUGGY—Baby bed and mattress, fire truck, tricycle, man's suit and topcoat, size 38-40. A-69791.

COCKER PUPPIES—Thoroughbred black males. Eight weeks old. \$10 each. Avilla 9F11, Robert Whomsett.

OIL DRUM—250 gal capacity. Like new, reasonable. Also included are oil gauge and oil pot with motor. Ideal for lake cottage. A-01362 after 6 p.m.

INNER TUBS—Used 6.70x16. Good condition. H-76804.

WASHER—Maytag. In good condition. New motor, one year old. Reasonable. A-68042 after 6:16 p.m. or Saturday.

TABLE AND SIX CHAIRS—Also, one pair of lovely drapes. K-1244.

REFRIGERATOR—Living room suite, and bedroom suite. Like new. Reasonable. Leaving town. A-76402 or H-9310.

FRIGIDAIRE—Apartment size. Good condition. \$50. 1926 Maumee.

MATTRESS—Innerspring, for double bed. \$10. E-4337.

WAFLE IRON—Twin. Man's blue-grey overcoat, size 42. Ladies' fox fur coat, size 14-16. E-4492.

1951 CUSHMAN EACLE—Motor Scooter. Like new. Has lots of extras. H-1687 after 4 p.m.

FOR RENT

UNFURNISHED FOUR ROOMS—And bath up. Utilities furnished. Employed couple preferred but will accept one child.

ROOM—Pleasant front room. Private bath, convenient for two. Available Feb. 1. E-67763 before 8:30 a.m. or H-58205 after 4:30 p.m.

ROOM AND BOARD—Three vacancies for men, 60 years or over. Special rates for pensioners. (Licensed). For ambulatory patients only. 616 Third st. E-3061.

APARTMENT—Three-room large modern apartment. Heat and plenty of hot water furnished. \$55 a month. A-68292 or H-1445.

LARGE ROOM—Down, private entrance, telephone, and close to bath. K-1244. 1301 Huestis.

FURNISHED APARTMENT—Four rooms. One-half block from bus line. Prefer working couple. H-4441.

WANTED

ICE SKATES—Girl's white, size 13, age 6. And boy's skates. H-78191.

Typing—Full or part time typing jobs to do at home. Reasonable rates for proficient typing. A-86024.

LADIES' DRESS FORM—Size 16, must be in good condition with all hardware attached. H-70563.

CRIB—Small size. Must be in good condition. K-1650.

MOTORCYCLE ENGINE—Five horsepower or up. H-03262.

TRANSPORTATION

TRADE RIDES—Or ride from Skinner Lake to Broadway. First shift, roads 8 and 3. Tony Arthur, ext. 683.

WANTS RIDE—From Wayndale to Jefferson and Fairfield, 7 to 3:30 p.m. H-20862 or ext. 2162.

RIDE WANTED—From New Haven to Anthony Blvd. with someone who works from 11 p.m. to 7 a.m. 5843 New Haven.

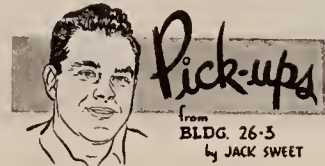

WANTS RIDE—Home at night. Work second shift Taylor St. to Emma Ave. Three blocks from Salisbury Axle plant. Dotia Jett, ext. 2636.

WANTS RIDERS—Or will exchange rides from Auburn to Broadway plant. Third trick. Auburn 365-W, Victor E. Timmerman.

RIDERS WANTED—Northeast from Grabbil or Harlan to Broadway, 7 a.m. to 3:30 p.m. Dewey Heaston Bldg. 20-1, ext. 2531.

MISCELLANEOUS

I will care for children in my home in east end, near New Haven in Riverhaven. Have big yard. A-78239.

Are you interested? Anyone interested in having a transformer skating party contact Sharon Dasher or Mac McCrear. . . By the way, Sharon Dasher is back with us again. Welcome, doll. . . We wish to express our deepest sympathy to Frank Clibons whose father passed away recently. Frank would like to thank everyone in Bldg. 26-3 for the beautiful floral offering that was received. . . Nancy McCrear didn't appreciate the way Wanda Grimm made her bed. Wanda likes the Navy style. Poor Nancy thought she was in a straight jacket. . . We want to welcome Rebecca Wagner to the finishing section. . . Was she surprised? She sure was! Mildred Laisure's children bought her a television set for her birthday. . . Since Shorty Jackson has a different car he should make it to work everyday. . . The winders had a delicious lunch the other day. Rye bread, limburger cheese, and onions. Phew! . . . Since Wolf got a raise he is sporting a new pair of shoes. . . What's this we hear about Lola Brunner wearing the pants in the family? . . . If you are interested in bowling contact Garnett Curie or Wolf in the winding section. . . THIS IS NEWS: Lena beat Cornelia to work one morning. . . Why can't Erma W., Ruth, and Rosie keep their feet on the ground? . . . Poor Helen. Helen Gresham worked hard decorating a cake and when her husband came home he said to her, "I hope it tastes better than it looks." . . . We are wondering how Sharon Dasher liked taking the little piggy to market. . . Betty Warnick, Willard Lenz's former secretary, had a five pound, eleven ounce baby girl Sunday, Jan. 18. . . We all like to hear Bob Hyen sing, especially "Glory, Glory."

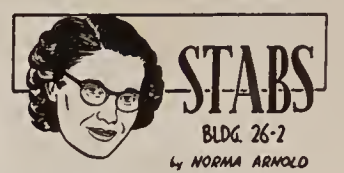

George Laurent was one of many G-E visitors to attend the grand opening of Bowman's Bowling Alleys in Bluffton. He accepted Leo Hoffman's invitation to "bowl a couple games" and then left the establishment, forgetting to pay for the lines. On his way out he even wished Harold, the proprietor, success in his new venture. Wonder if anyone paid the pin boys? . . . Oh, for a machine that is not quite so complicated!! Charlie Omor has such a time trying to get his machine started. First he calls for someone from the maintenance gang to help him out. Before they could find the trouble, he calls for an electrician. About that time someone else happened to walk up and turn on a switch—yes, it started. Charlie had turned on one switch but forgot that he had to turn on the second one before it would start. . . Were you one of the lucky ones? Rumor has it that Miriam Moore brought her birthday cake along to the shop to share with the gang. Hope you have many more birthdays, Miriam and may the size of the cake increase. You know we all like homemade cake. . . We hear Hez Cochran had a birthday last Saturday. Happy Birthday, Hez, and many many more. . . Among the amateur contestants participating in the square dances at the party for Bill Kohls were Charles Langston, John Welch, and Frank Braun. All seemed to do right well, with the exception of Braunie. Could it be that he was trying to add some new steps to the old dance?? . . . Does the alarm fail to ring? Or does Niles Butler just sleep so much sounder those last few minutes? Of course we know that TV does cause a later hour for retiring, and oh how you hate to get up in the morning! . . . At last the mystery is solved. Wilmer paid for his reservations early, so that he wouldn't miss the party. Before leaving the house to attend the New Year's Eve party, he decided to take a nap and rest for a few minutes. Yes, you guessed it. When Wilmer woke up it was another year. Tough luck, Riley! At least you did not have as long a nap as did old Rip Van Winkle. . . Congratulations to Harold Baughn, who celebrated 30 years with the G-E on Jan. 15. . . How many of you realize that Eloise has a new

theme song? It is "Deep Purple". . . Erman Johnson says that in days gone by, as he strolled down the street, folks would ask, "Who is that?" Now, that he is slightly older they all ask, "What is that?" Are we supposed to believe all of that, Erman? . . . We hear some of the girls, who are planning the European Tour this summer, are taking a few quick lessons on how to become "European." Good luck with your lessons, girls. . . Did you ever get really chummy with a piece of pie? Or, shall we say have a piece of pie try to get chummy with you? Well, Betty Moran did. A nice soft gooey piece of pie tried to slide into Betty's pocket the other day. Sure was the wrong place to carry pie, Betty!

Memos from Taylor St. Shipping

by Barbara Harper

I don't know if Gladys Sorenson has any Scottish blood in her but, she sure got her moneys worth out of the Transit Company Thursday. She boarded an East Washington here at Taylor, rode as far as Sweeney, ran an errand, used her transfer on the East State Special that makes a stop at Broadway, got off at Jefferson where she transferred back onto an East Washington, rode downtown, ran another errand, and transferred onto a South Wayne for home. . . Sharon Dougherty and Dorothy Favorite are sporting lovely new permanents. . . Pat Norman, if asked her opinion, has nothing to say. She can't say anything, no voice! Hope she recovers soon. Be good to hear her pleasant voice again. . . Vi LeFavour came to work with her lunch basket full of milk. Reason: thermos broke. . . Betty Gerke was bragging about how many miles her and Don's car gets out of a gallon of gas. Betty says, "We got 18 gallons of gas to a mile." . . . In Willy Lump's (Alias Red Skelton) words, "That jest don't sound right to me!" . . . Dee Borne thinks that, "It looks in here like it's pouring down rain outside." Don't know if there's any logic to it but—could be! could be! . . . Denelda Blessing has her own private powder room in the complete file room. It consists, usually, of one pocket size mirror, a tube of her favorite lipstick, one small comb, and a file cabinet to hold the mirror in place.

A farewell party was held on Friday, Jan. 16, at Blondie's in honor of Mr. and Mrs. Bob Triplett. Bob was presented with an electric drill from the group, and everyone had a nice time. Bob was transferred to the Meter & Instrument Division at West Lynn. Goodbye and good luck to you both, Bob and Greta. . . Congratulations to Mr. and Mrs. Dave Day on the arrival of their third son. . . Congratulations to H. K. Pritchard who celebrated his 25th anniversary with the Company January 19. Mr. Pritchard was honored with a luncheon by members of the Marketing staff. . . I hear George Owens needs a few instructions on how to drive in Fort Wayne, especially on one-way streets. . . Leonard Harsch had his most embarrassing moment the other day in the lab, when he said: "Attention: the big brass has arrived." The only thing was they had already arrived.

How good can you get? In a recent safety meeting Herschel Smith was speaking to the safety committee chairman in regards to a highway safety program which, if successful, would help us to "survive a fatal accident." That's a mighty high aim, Herschel. . . The office welcomes Genevieve Burke, and sends good luck wishes with Mary Ellen Owen as she leaves to join her husband in the Army. . . A sincere get-well-soon wish to Irwin Wiebke. We all miss you much, Irv. . . It was good to see Fred Erb looking so good when he dropped in to see us last week. . . Walter Hazelett bought a new bike for his son, but do you know who is riding it? No One! Walt won't let the boy ride it because he lost one key and he can't ride it himself. Anymore, that is, since he fell off of it and hurt his back. . . I didn't know that Jim was capable of such a thing—he went sound asleep in the back seat of the bus going home from work last Wednesday. . . A welcome to John Snyder, on the first shift in the lathe unit, and to Lawrence Hamrick, and Joseph Parker, on the second shift. . . John Roemer and Robert Benz are vitally interested in the outcome of that zoning affair in North Highlands, as it affects their homes. . . Good hearted Max Poling loaned his car to a friend. It wasn't such a good deed, however, since two rods went out. What a time for something like that to happen. . . The dense fog in Bldg. 19-5 is not an indication of the humidity. It's a sign that Max Baron has lit up again. . . Ronald Blodgett is happy to be back on the job again, with 18 holes in his knee. Not from a shotgun blast—just stitches. . . Howard Markey learned all he needed to know about ice fishing from Harold Cutler in five minutes. From then on he caught the fish and Harold had plenty of time to admire his new pole. . . Kenny McCague is a busy man asking for volunteers to help him carry water for the elephants. The Wayndale Fire Dept. is sponsoring a circus this spring. With all that equipment, and you're going to carry water?

"It's a collection to help the boss. He said he'd like to give me a raise, but can't afford it"

FOR MOTHERS ...

FOR THE AILING ...

FOR PENSIONERS ...

FOR SUGGESTIONS ...

FOR FAMILIES ...

FOR HOME BUDGETS ...

A few of the pictures which have appeared here recently to illustrate how GE "job dividends" can help GE employees.

FOR GE EMPLOYEES—21 "JOB DIVIDENDS"

General Electric "job dividends" are designed to help you help yourself. Here's what participation in the GE "job dividend" program can mean to you and your family:

- more *real* income—income you can earn at GE over and above your weekly earnings.
- extra income *when it is needed most*—in such things as maternity benefits for women employees, pensions for the retired, death benefits for the bereaved, weekly disability checks (plus allowances for hospitalization and surgery) for the seriously sick or injured.
- extra income to help reinforce your own savings—in cash awards for accepted suggestions, in stock bonuses under the Savings and Stock Bonus Plan, in discounts on employee purchases, in educational awards.

The 21 extra "job dividends" are 21 extra reasons why a GE job is a *good* job—for you, for your family, for the community as a whole.

EMPLOYEE AND PLANT COMMUNITY RELATIONS

GENERAL  ELECTRIC

THESE 21 GE "JOB DIVIDENDS" BENEFIT AND PROTECT GE EMPLOYEES—AND THUS THEIR FAMILIES TOO

1. \$25 to \$40 a week Sickness and Accident Benefits.
2. Up to \$1,600 for Hospital Extras; up to \$700 for Hospital Room.
3. Maternity Benefits of \$150 (for normal delivery); \$75 and \$225 for others.
4. Up to \$175 for Physicians' Visits in the Hospital.
5. Up to \$175 for Surgical Bills.
6. \$2,000 Minimum Life Insurance (Average over \$4,500).
7. \$2,000 Additional Accidental Death and Dismemberment Benefit.
8. GE pensions; guaranteed minimum retirement incomes of as much as \$125 a month for long-service employees.
9. Up to \$500 Hospital and Surgical Benefits after Normal Retirement Age.
10. Disability Pensions.
11. Pension Plan loans up to \$300 for illness or lack of work.
12. GE Savings and Stock Bonus Plan.
13. \$14,000,000 paid in Unemployment Insurance taxes (1951).
14. \$11,000,000 paid in Social Security taxes (1951).
15. Up to 7 Paid Holidays.
16. Up to 3 Weeks Paid Vacations.
17. Employee Discounts Worth \$5,000,000 (1951).
18. \$700,000 Military Duty Allowances (1951).
19. \$3,000,000 Workmen's Compensation Payments (1951).
20. Educational Grants.
21. Suggestion Plan — \$500,000 Paid Out in 1951.

SUGGESTION JACKPOT YIELDS \$6,132.50 TO 389 G-E EMPLOYEES IN DECEMBER

G-E Announces Three Changes In Pension Plan

Three revisions in the General Electric Pension Plan, which will affect the status of older retired employees, were announced this week by L. C. Swager, manager of employee and plant community relations.

The changes as approved by the board of directors are as follows:

1. Effective this January, the Company will increase "make-up" payments to the point where all pensioners, who retired at normal retirement age after 25 years of accredited service, will receive a guaranteed minimum total retirement income of \$125 per month—or the lower guaranteed minimums for less service, and early retirement.

This means that any pensioner, who retired under old or new plans even before July 1, 1950, and whose service otherwise entitles him to a guaranteed minimum income, will now receive a monthly payment from the Company sufficient to make the sum of his G-E pension payment, Social Security payment, and additional "make-up" payment equal to that guaranteed minimum. The former ceiling of \$25 on such "additional" payments has been removed.

2. The Company will change the Pension Plan provisions covering employees who retired under the plan in effect before 1946, and who are receiving more than the applicable guaranteed minimum, so that these pensioners will get the full benefit of the increase in Social Security payments which became effective last fall.

This will be done by raising G-E

Credit Union Meeting

Ten attendance prizes will be awarded at the 17th annual membership meeting of the Fort Wayne General Electric Employee Credit Union this evening, Glenn D. Stapleton, president, reported this week.

Open to all members, the meeting will begin at 8 p.m. today in the G-E Club. Included on the evening's agenda are the annual report, declaration of dividends, and election of officers for the year.

IDEA BUYS TV SET—Evan Morris, Taylor St., looks over a G-E television set like the one he bought with part of his \$525 suggestion award. Mr. Morris, a dispatcher in GAC Section 13, suggested an improved method of milling stator bases and earned the top award for 1952.

Elex Members to Pay Visit to Alps At 'Bosses Night' Meeting Feb. 9

Transforming the G-E Club into the snowy land of Switzerland with decorations typical of that country, Elex members will stage their second meeting of the year Monday, Feb. 9, Roqua Wibel, president, revealed today.

"A Night in the Alps" is the theme of the dinner meeting

for first shift members. The meeting has been slated as "Bosses' Night" so that all members may invite their foremen and supervisors to be their guests at the dinner and program, the president stated.

Complete with Swiss costumes, the Swiss Yodelers, from Berne, Ind., will headline the program for the evening. C. E. Luginhill is the director of the group. Dinner will be served from 4:45 to 5:45 p.m. in the G-E Club.

Reservations for members and their guests should be made with the contact girls by Thursday, Feb. 5. The dinner is \$1.25 per person.

This is the second in a series of six monthly meetings planned by first shift members to carry out the theme of featuring countries to be visited by persons taking the Elex trip to Europe this summer.

The second shift members will meet Tuesday, Feb. 24 for their monthly meeting at the YWCA.

Evan W. Morris, a dispatcher in General AC Section 13 at Taylor St., earned \$525 on a suggestion for an improved method of milling stator bases to head the December idea award list and for the highest award in 1952.

Mr. Morris had received a previous award of \$150 for his suggestion, bringing the total to \$675.

Three hundred and thirty-eight other G-E employees shared in the December suggestion jackpot of \$6,132.50.

Another GAC Section 13 employee, John G. Weber, earned the second highest award of the month with \$300 for suggesting an improved method of wire brushing the burr of motors.

An idea concerned with winding forms brought \$200 to Harold M. Rhine, a stockkeeper in the Specialty Transformer and Ballast Department. He suggested a change in material which would prolong the life of forms used in winding transformer coils.

Draftsman Gets \$200

Richard J. Hanson, a draftsman in Bldg. 31-1, of the Large Motor and Generator Department, was another recipient of a \$200 suggestion check. He simplified the work log and changed the routine in

preparation of the log to earn the award.

Three \$150 awards were included on the December list. Doris L. Salge, group leader in Bldg. 26-4, received \$150 for suggesting an improved method of winding coils. B. W. Steigler, Bldg. 31-1 earned two awards last month. He was presented with a \$150 check for a suggested change in material used in certain punchings for generators. He also earned \$50 for another suggestion to purchase spiders instead of fabricating them. The third \$150 award went to Carl D. Winans, accounting clerk at Taylor St., for his design of a calculation chart to permit rapid calculation. Mr. Winans' chart is now being used throughout the Company.

Idea Reduces Maintenance

A \$95 award earner was Robert Winebrenner, GAC Section 13. He suggested a change in the strap

(Continued on page 4)

Maurice H. Mayo Appointed Division Finance Manager

Maurice H. Mayo has been appointed Manager-Finance for the Component Products Division by H. A. Mackinnon, vice president and general manager. In this capacity, Mr. Mayo will be responsible for the Financial Department of the Division and will make his headquarters in Fort Wayne. He succeeds Swann B. Strom, who has joined the Industrial Power Components Division.

A graduate of the University of Iowa, Mr. Mayo received a B. S. degree in commerce in 1937. Immediately following graduation, he entered the General Electric Business Training Course in Schenectady. After completing the course, he was assigned to the traveling auditor's staff, where his duties included assignments in Brazil and Mexico as well as in this country.

In 1948, Mr. Mayo was named a supervisor in the Auditing Division at Schenectady and in 1950, he was appointed Secretary of the Appropriations and Defense Committee.

Prior to coming to Fort Wayne the first of this month, he was in the Accounting Services Division in Schenectady, where he was in charge of budgets and management control data.

The Mayos have two daughters, Martha Sue, age five, and Deborah

Maurice H. Mayo

Rae, age four months. They will make their home in Fort Wayne.

Mr. Mayo is a member of Beta Gamma Sigma, national honorary commerce fraternity.

Three \$150 Ideas . . .

IN THE MONEY—Ben W. Stiegler's \$150 award resulted from a suggested change in material used in certain generator punchings. Mr. Stiegler who works in Bldg. 31-1, talks over his idea with Monroe Brosius at right.

IDEA PAYS OFF—Doris Salge's \$150 suggestion award was for an idea for an improved method of winding coils. She is a group leader in Bldg. 26-4. Shown with her are Olin Lehman and Wayne Weimer.

\$150 DESIGN—Carl D. Winans (left) shows the idea which earned him \$150 to Lloyd S. Stubbins. Mr. Winans designed a calculation chart now in general use throughout the Company. He is employed at Taylor St.

Foremen's Association Changes Dinner Meeting Date to Feb. 11

A change in dates of the annual Foremen's Association meeting at which officers will be elected was announced this week by J. Wilmer LaVine, president. The dinner meeting will be conducted Wednesday, Feb. 11, instead of on the previously announced date, Feb. 4, the president stated.

Beginning at 6 p.m., the meeting will be staged at the Southwest Conservation Club and will feature fishing and hunting movies in addition to the election. Reservations may be made with the contact men.

Candidates for offices are:

President

Leonard G. Reuss, Bldg. 19-2.
Elmer J. Wagner, Bldg. 19-3.

Vice President

Harry W. Nickels, Bldg. 10-1.
William F. Rodocker, Bldg. 20-1.

Secretary

Paul K. Hapner, Bldg. 6-2.
Carl J. Metker, Bldg. 6-4.

Treasurer

John A. Burnett, Sub-Section 14, Taylor St.
Edward H. Kronmiller, Bldg. 17-1.

Director

Kenneth M. Hyman, Bldg. 17-2.
Albert J. Rieman, Bldg. 26-3.

Leonard G. Reuss

Elmer J. Wagner

Elex Business Economy Course Starts Tuesday

The special business economy course, sponsored by Elex Club, will be launched Tuesday, Feb. 3, Irene Meyers, club adviser, reported today.

Under the direction of L. C. Swager, manager of employee and plant community relations, the 10-weeks course is open to all hourly-employed women. Classes will be conducted in the Bldg. 18-2 conference room, beginning at 4 p.m.

The fourth Charm Course session will be conducted Monday, Feb. 2, by Father Stanley Manoski, pastor of St. Joseph's Catholic Church, Margaret Cox, Elex educational chairman, announced this week.

"European Holiday" is the title of the meeting, which will begin at 7:30 p.m. in Bldg. 16-3, Room 20. A review of the trip to Europe and the Holy Land which Father Manoski took last spring will be presented by him. He will also show colored slides taken during the excursion.

Persons not enrolled in the Charm Course may attend any of the remaining three sessions at a fee of 25 cents per person, per class.

Squares Cancel Show

The annual stage show, previously planned for this year by the G-E Squares Club, has been canceled, according to an announcement which has been issued by the Club's board of directors.

Bloomfield Pensioner Receives 100 Millionth G-E Pension Dollar

The 100 millionth dollar in pension payments was made this month by the General Electric Company to 85-year-old Henry Hochuli of Irvington-on-Hudson, New York. This 249th monthly pension check to Mr. Hochuli was delivered in person by G-E President Ralph J. Cordiner.

Mr. Hochuli, who is one of more than 14,000 retired G-E employees now receiving pensions under a pension plan inaugurated by G-E more than 40 years ago, found himself the central figure in a crowded weekend of activity. In addition to the personal check delivered by the president of the Company, he was honored at a luncheon at the Bloomfield, N. J. G-E plant from which he retired as a general foreman nearly 21 years ago.

The trim and alert octogenarian, a native of Switzerland, remarked when Mr. Cordiner appeared at his home, "This could have only happened in America, not in the old country."

At the luncheon given for him at the Bloomfield plant, Mr. Hochuli was surrounded by members of his family, G-E Executive Vice President Roy W. Johnson; Air Conditioning General Manager F. J. Van Poppelen, and other Company officials. The greatest thrill, however, was the appearance of some 35 "old-timers" who had worked with him at the Bloomfield plant before he was pensioned.

These former fellow-employees gave him, in honor of the occasion, a complete smoking outfit including pipe, humidor and stand. Mr. Hochuli commented that this indicated that his old friends knew about "his only vice."

Other gifts received by Mr. Hochuli in honor of the occasion included a 21-inch G-E television and an air-conditioning unit for his home.

We wish a speedy recovery for June Martin who has recently undergone surgery. . . . To Berdine Kammeyer, Dorothy King, and Frank Frankhart we extend a hearty welcome. Also, to Arnie Johnson who has replaced True Sheets as foreman of the armature section. We were all sorry to see True leave but we are glad he didn't go far away. Just to Bldg. 4-5. We wish him a lot of success in his new capacity. . . . Happy birthday is being sung this month for Helen Buck, Joan Conrad, Bessie Potts, and Joe Trentadue. Now, if there is anyone who thinks women don't have birthdays after 16, ask Bessie. She has them twice a year. At least we reported her's last July. . . . A group of fellows asked a co-worker to go fox hunting last week. He couldn't go because he didn't have a gun, so the helpful fellows made one and presented it to him while he was attending a group meeting at his church. The gun was very unique. It had a long curved barrel so he could shoot around trees and bushes. The end was painted red and it weighed about thirty pounds. Did he kill a fox? He didn't even join them. His little girl got sick (his story). Oh, yes, the fellow was Joe Trentadue. . . . So long to Gale Elder, who is leaving us for the Armed Forces. Heaps of good wishes Gale, and let us hear from you.

Supervisors Club Announce 1953 Yearly Program

Supervisors' Club members will convene for their first meeting of the club year Wednesday, March 18, the officers announced this week in releasing the organization's 1953 program.

The following schedule of meetings and chairmen has been slated for the year:

March 18—Henry J. Dannecker and H. B. Leach.

April 15—Lowell M. Mason and Arthur W. Bircley.

May—Special meeting.

June 27—Picnic, Arnold C. White and Louis N. Brunner.

Sept. 14—Gordon L. Smith and Charles E. Gable.

October—Civic Theatre party, Charles P. Gnau and George A. Finkbeiner.

November—Special meeting.

Jan. 11, 1954—Annual meeting, Jerry C. Duryee and Robert L. Spittler.

Courtesy Drive Sponsors Safety Limerick Contest

In conjunction with the Chamber of Commerce Safety Council's courteous driving campaign, the public safety committee, which is in charge of the program, is currently sponsoring a limerick contest.

Open to all citizens of Fort Wayne and Allen County, the contest offers a grand award of a \$25

While on an inspection tour of the Fort Wayne and branch plants this week, C. Russell DeReamer, manager of safety services, stated in regard to the current courtesy campaign, "The General Electric Company is equally concerned with the problem of preventing accidents on the job and off the job. We feel that the courtesy displayed by G-E employees, when driving, is in part a reflection of the safety in training they receive at work. The good example they set will encourage others to drive safely. Since we agree that courtesy is contagious, it is caught rather than taught."

defense bond to the person submitting the best last line to the following limerick:

A mannerless chap in Fort Wayne,
Thought highways his personal domain.
Till his near demise,
Made him courtesy wise . . .

The last line should rhyme with the first two lines. Entries should

Harold F. Smiddy

G-E Vice President To Address FWAGEE At Feb. 5 Meeting

Harold F. Smiddy, vice president in charge of the Management Consultation Services Division, New York, will be the guest speaker at the Thursday, Feb. 5 meeting of the Fort Wayne Association of General Electric Engineers, Max D. Barrows, president of the association, announced this week.

The general membership meeting of the organization will be conducted in the Squares Hall beginning at 8 p.m.

"The Engineer in Management" is the title of Mr. Smiddy's address, which will be followed by a question and answer session. Charles A. Howlett is program chairman for the meeting.

Mr. Smiddy joined General Electric in March, 1948, as a member of the president's staff. He was appointed general manager of the Chemical Department, Pittsfield, in July of that year. Three months later, he was named general manager of the Air-Conditioning Department, Bloomfield, in addition to his other duties. In December, 1948, he was elected a vice president and was placed in charge of the Management Consultation Services Division in January, 1951.

be mailed to the Safety Council, Chamber of Commerce of Fort Wayne, 826 Ewing St., Fort Wayne.

Endeavoring to make citizens remember the code of courtesy when driving, the committee has chosen the slogan, "Courtesy Is Contagious." By keeping in mind the plain simple courtesy and consideration for others, drivers will make the use of the streets and highways safer, more efficient, and more pleasurable, the committee stated.

Stickers bearing the slogan have been made available to motorists, and the nationally-famous color movie, "Day in Court," which emphasizes the theme of the campaign, is available to any organization wishing to use it.

KINDLING AVAILABLE

Kindling orders are now being taken at the Employee Store, Ray Fischbach, store manager, said today. Price is \$2 per load.

Fort Wayne, Branch Plants Chalk Up Five Safety Awards During 1952

Attaining an accident record lower than the entire Company total of last year, the Fort Wayne plant and its five branch plants chalked up a safety record for 1952 that included five National Safety Council Awards, Herschel L. Smith, safety engineer, announced this week.

With the achievement of a record listing a lower frequency and severity of accidents, organizations in the Fort Wayne Safety Committee topped the Company-wide record which makes possible the statistic, "You're Six Times Safer Working at G-E."

The 1952 safety report of the Fort Wayne plant and its branch plants, issued this week, brought meritorious Safety Performance Awards to 21 sections in the group for their improved safety record during the last year.

Heading this list, Specialty Motor Sub-Section 23 tallied 10 years and eight months without a lost time accident upon completion of the 1952 year.

Totals of more than one million accident-free man hours were achieved by Sub-Section 23, which had 3,158,595 hours; Sub-Section 13, 2,589,200; the Tiffin plant with 1,569,680; Sub-Section 15, 1,083,130; DeKalb plant, 2,996,040; Motor and Generator, 1,481,700; Sub-Section 16, 1,451,408; Sub-Section 17, 1,391,907, and Danville plant, 1,356,800.

The five National Safety Council Awards received last year are:

Award of Honor, earned by the record of the entire Fort Wayne and branch plant employees.

Award of Merit, earned by Specialty Transformer and Ballast employees.

Award of Merit, earned by Fractional Horsepower Motor employees.

Fleet Safety Award, earned by the Fort Wayne drivers' fleet.

Metals Section Award.

Six local awards were also won by Fort Wayne plant employees as a result of their safety-wise records.

Awards to be issued to the 21 sections for their improved safety record in 1952 are based upon:

- One year without a lost-time accident;
- 1,000,000 man hours worked without a lost-time accident;
- Combined frequency and severity of .40 or less;
- 50% improvement over the previous year's record.

Last year marked the completion of the 24th year without a fatal accident in the Fort Wayne plant and its branch plants.

So long to Harry Beam who left the G-E Company for a position in another factory. Best of luck, Harry. Come back and see us. . . . Jimmy Fincher walks around the building like a real hep-cat since he hurt his finger. Looks like he is carrying a banana. . . . FLASH! Ferroll Hill was off work the other Tuesday for the first time in 20 odd years. Rumor has it that he went to Washington to attend the inauguration. . . . Adam Farrell,

SAFETY MANAGER TOURS PLANT—C. Russell DeReamer, manager of safety services, visited the Fort Wayne and branch plants this week on a safety inspection tour. Inspecting the adjustment of the tool rent on a grinder in Bldg. 17-4 are (l-r) Herschel L. Smith, safety engineer; Mr. DeReamer, Edward Klomp, safety committee chairman of Sub-Section 23, and Karl Soest, operator of the grinder.

Fort Wayne Art School to Begin Adult Evening Classes February 5

Registration in the Fort Wayne Art School adult evening classes is now open, Mrs. Eric A. Baade, director of publicity, announced this week. The 10-weeks series of classes, which will begin Thursday, Feb. 5, will be conducted on Thursday evenings from 7:30 to 9:30 p.m. at the school, 1026 W. Berry St.

Four separate classes, conducted by staff members, are available in this series. They are life drawing, water color, ceramics, and metal jewelry.

Persons interested in enrolling in the series may register at the school before Feb. 5 from 8:30 a.m. until 4:30 p.m. on week days and until noon on Saturdays. The tuition fee is \$12 per person.

The February exhibition at the Fort Wayne Art Museum features Anthony Van Dyck's portrait of the Earl of Downe from the Detroit Museum. Other features of next month's exhibit include items from the collection of Dr. and Mrs. Henry Hope. Mr. Hope is the head of the Indiana University art department. This collection includes works of contemporary French and American artists.

Mobiles by George Rickey, associate professor of fine arts in charge of design at I. U., and Marjorie Kahn, of Louisville, will be on exhibit. Craft work from the American Crayon Company and a collection of Egyptian photographs from Life Magazine complete the month-long exhibit.

Mobiles by George Rickey, associate professor of fine arts in charge of design at I. U., and Marjorie Kahn, of Louisville, will be on exhibit. Craft work from the American Crayon Company and a collection of Egyptian photographs from Life Magazine complete the month-long exhibit.

Pension Change

(Continued from page 1)

pension payments to them to the amount they were receiving Aug. 1, 1952, and by making a retroactive adjustment back to Oct. 1, 1952 equal to the increase in Social Security payments which these pensioners then began receiving.

3. Effective Oct. 1, 1952, the Company will add \$5.00 a month to the G-E retirement payments to pensioners who retired before they were entitled to Social Security benefits and who have been receiving more than the guaranteed minimums established in 1950. This \$5.00 addition corresponds to the minimum increase in income received by pensioners who received the increase in Social Security payments last October.

All pensioners will be notified of the changes in detail following approval of the changes by the Commissioner of Internal Revenue.

There are now 14,000 pensioners of the General Electric Company, of which approximately 1,100 are from the Fort Wayne plant.

Ed Bandt says thanks for the stone that was put at the bus stop. Now all that is needed is someone to spread it a little further so he can stay out of the mud. All you need to be now is a broad jumper to get from the sidewalk to the stones. . . . Cozette Walper and Clara Gidley are bubbling over with luck these days. It seems the other girls just don't have a chance on the basketball pool anymore. . . . FLASH! Louis Kintz is improving with his hydromatics. . . . The Broadway friends of Ed Bandt missed him last week and thought he had gone to Washington to attend the inauguration. . . . Spring must be just around the corner because Kenny Brown was looking at new Studebakers yesterday. . . . Louise Sinn has a new 1952 Plymouth. She looks like a chrome streak going by now. . . . Whose Austin car had a cracked block when it arrived here after being shipped from California. . . . Catherine Chilcote and Louise Sinn should have worn their boots when they went over to work in fan motor. They will contact Ross Strodel next time to see if they need boots. . . . Catherine Chilcote and her husband would like to trade for a new Ford. . . . We are sorry to have Jack Miller leave us to join the ranks of the Armed Forces. The department presented him with a nice gift and wished him well on his new adventure. . . . We welcome Penn Taylor as our new set-up man in Section 17x80 and 17x580, and hope he enjoys his new work. . . . George Marshand is feeling much better and plans to return to work Monday.

Elex Valentine Sale Of Cookbooks Slated

A special Valentine Day sale of Elex Club's "Kitchen Annie" cookbooks has been announced by the Club's board. The cookbooks are available for \$1 at the Elex counter in the Employee Store, Bldg. 8-1, or from Evelyn Blakley, Taylor St.

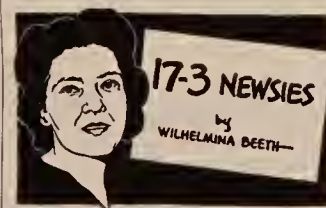

LOG CHANGE BRINGS REWARD—A \$200 suggestion check was presented to Richard J. Hanson last month for simplifying the work log. The Bldg. 31-2 draftsman changed the routine in preparing the log. Congratulating him (l-r) are Arland Werker and Arthur Shull.

G-E CLUB VALENTINE DANCE, FEB. 14. . . . Happy birthday to Bonnie Roe this week. We wish you many, many more, Bonnie. . . . Our sincere sympathies to Peter Schwartz upon the death of his father. . . . Wedding bells rang last Sunday, as Janet Seitz became the bride of Dick Evans. Best wishes and many years of wedded bliss to Janet and Dick. . . . Our sincere sympathies to Lloyd Kreischer upon the death of his father. . . . As Jay Moser walked out of the gate the other day, a little bird flew over. All Jay has to say is, "Boy, am I glad cows don't fly." . . . Virginia Koenig, Bldg. 11 and James Hackman, Bldg. 1, will be married on February 7. . . . For your special Valentine, the G-E Club is whipping up a special dance to be held at the Moose Home, Feb. 14, from 9 p.m. to 12 midnight. Berton Schlie, his

full orchestra and lovely vocalist, will help you express your sentiments among beautiful hearts and gorgeous valentines. All Decatur G-E employees, their wives, husbands or sweethearts, are invited and tickets may be obtained at any tool crib. There is no charge. Complete details will be announced later by the chairman, Charlie Cloud.

We will miss some familiar faces. The punch press section moved to Bldg. 8 last week. . . . It's "Howdy" to all our newcomers. The welcome mat is out for you. . . . Gertie Wheat is always an early bird. But since Jess Hahn asked her to start work at 6 o'clock, she oversleeps and makes it in on the regular time. . . . How not to get home to supper on time was demonstrated by Virgie Mayer and Johnny Magley.

They were so busy talking they let the bus to Bluffton pass them by. Don Machon's good neighbor deed for the day was to take them home. . . . Happy birthday greetings to Eunice Zehr, Laura Antrup, and Harriet Hayes. . . . Anyone need a cookbook? Elex is selling them now for a dollar. . . . We hope that before this goes to press, Ruby Graves, Alberta Foulks, and Inez Drummer will be ringing in their clock cards again. . . . Our former co-worker, Clara Dixon, who was seriously injured in an auto accident last summer, needs a little cheering up. How about sending her a card? Address it to Mrs. Clara Dixon, Neuhaus Road, R. R. No. 5, in care of Bert Leiter, Fort Wayne, Ind. . . . Former co-worker Kaye Dolan is slowly improving from an auto accident. If you want to send her a card, her address is 925 Burgess, Fort Wayne, Ind. . . . Baye Kitteridge wants to thank everyone for all the cards and pretty gifts. Faye is still at the St. Joseph hospital. . . . We extend sympathy to Max Decker on the death of his father. . . . Also to the Harold Kiel's on the death of Mrs. Kiel's mother.

Suggestions

(Continued from page 1)

hanger used in roller hearth ovens. His idea reduced maintenance work.

Harold Niemeyer, leading operator in Bldg. 26-5, received \$90 for suggesting an improved method of forming coils and thereby reducing scrap rework. Elmer D. Bradley, slotter machine operator in Bldg. 12-B, earned \$75 for his suggested changes to the plumbers and sewer men in Bldg. 10 which prevented danger to materials.

In the \$50 category were five employees: Eugene Mettler, Bldg. 26-5, whose idea improved coil finishing; Ethel Shipman, also of Bldg. 26-5, for suggesting a method of salvaging coil laminations; Mr. Steigler, whose award was mentioned above; Francis L. Bennett, Bldg. 4-1 machinist, who improved the cove die; and John M. Schreiber, fireman, who improved the air conditioning at Taylor St.

Other awards included Hollis T. Mee, \$45; Avery Spayde, \$40; Beatrice L. Adams, \$35; Fred R. Boehn, \$35, and \$30 awards to Herman F. Lepper, Robert F. Sealover, Arthur Haberstock, and Elizabeth Odom.

The following employees received \$25 suggestion awards: Kenneth W. Place, Sr., Robert J. Griffin, Lyle H. Claphan, Robert Bauer, Paul B. Gressley, J. W. Lehman, Carl A. Kloepper, Elmore R. Hurt, Manford L. Adams, Roger L. Hailey, Clyde Enslin, and Warren G. Harding.

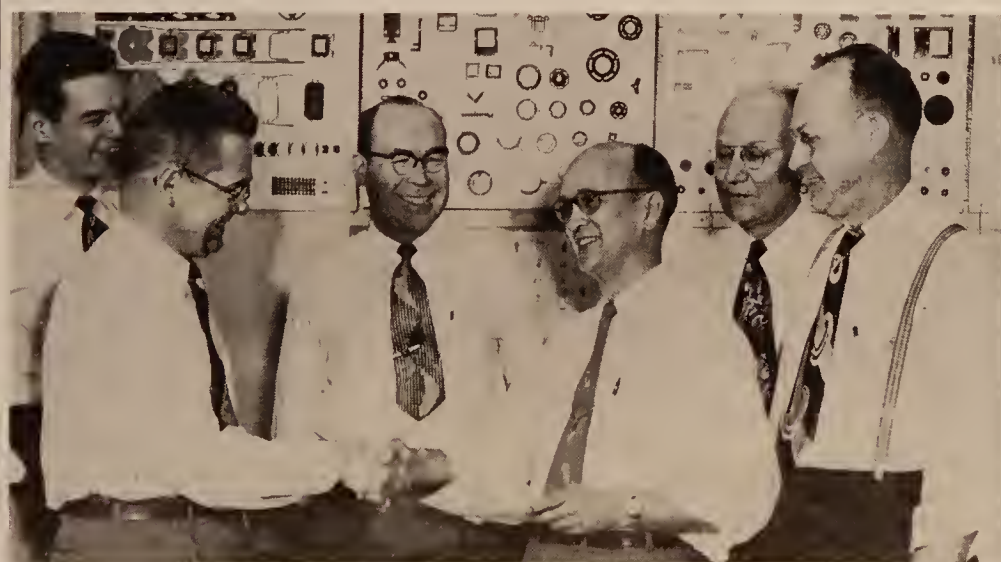

There were 304 employees who received awards of \$20 or less.

Creative Engineering Program Announced For Week of Sept. 7

The Creative Engineering Program announces that the 1954 class will be starting the week of September 7, 1953. The men selected for the program are offered an excellent opportunity to gain wide experience in design, development, and production of many of the company's products. No other program in the country offers the introduction to and the training in applied creative philosophy. The Creative Engineering Program is indeed unique in that it teaches a new approach to solving engineering problems.

The opportunity to apply for the program is open to interested engineers who are graduates from four-year technical schools or have an equivalent background. Complete information about the program and a schedule of events preceding selections for the course is being mailed to all test engineers. If for any reason such information concerning the program may be obtained from Robert G. Rescorla, supervisor, test engineers.

The deadline for submitting applications is February 6, 1953. Personal interviews will be arranged after February 24, 1953. Announcement of selections for the program will be made during the first week in April and all applicants will be notified as to whether or not they have been accepted.

HERE 30 YEARS—Honoring Milton M. Ray on the occasion of his 30th anniversary with the General Electric Company January 12 were (l-r) L. N. Brunner, C. A. Brenner, H. C. Foreman, (Mr. Ray), E. W. Auman, and J. LaMar Brant. Mr. Ray, who joined G-E as an apprentice in Bldg. 26-5, is now a supervisor of tool and special equipment design in Bldg. 19-5.

Arnold P. Johnson Appointed Foreman in Specialty Motor

The appointment of Arnold P. Johnson as a foreman in the Specialty Motor Sub-Department has been announced by Frank T. Gamec, superintendent, DC and Aircraft Manufacturing Sub-Section.

When he came to General Electric in November, 1927, Mr. Johnson entered the Apprentice School on the machinist-toolmaker course. In 1929, he transferred to the experimental department at Winter St., where he was a machinist and toolmaker.

Arnold P. Johnson

After returning to Broadway in 1936, Mr. Johnson entered FHP Div. 1, White and Black Armature Section and subsequently became leading operator in the section. He became a foreman in Div. 15 in 1941. In 1950, he was named chief dispatcher in the same division and held this position at the time of his present appointment.

Mr. Johnson is a member of the Quarter Century Club and the Foremen's Association. The Johnsons and their daughter live at 1331 Green St.

Dean Innan is looking for a buyer for his television set, and if he can't find one he will have to start eating his meals out. Only last week while his wife joined him in viewing a program they began to smell an unpleasant odor. It didn't take long to remember she had pies in the oven, but who likes burned pies? . . . Mary Clark is all smiles, but who has a better right to be? Her boy friend is home from Korea after being across for 10 months. . . . We had a brief visit from Guy Oberlin last week. He and Mrs. Oberlin have returned to Fort Wayne after a vacation in Florida. That sure was a nice coat of tan, but as for the weather, he got back just before it turned cold. . . . Dillo Patten is preparing for the future. He is making rocking chairs for a hobby. Why not ask to see one? . . . For the benefit of those who like strawberry milk shakes, don't try to drink that pretty lubricating compound in the drawing machines. I'm sure the taste would be terrible! . . . If someone would ask Ted Goll for his secret I'm sure he would reveal his new process of "smootherizing" his dies. But the secret is in the process and the process is in the secret. . . . Don't forget to get your tickets for the Wire Mill party Feb. 14, and if you are going to the hockey game that evening, why not make it a full schedule?

Let's Talk About Europe!

by Doris McKeefer

Mesdames et Messieurs! (Look at me, Ma, I'm talkin' French!) As you can guess, our foreign language classes are underway—every Thursday night in Bldg. 16-3 from 7:30 to 8:30 p.m. The facial contortions and tongue-twisting we go through is something to see. It's fun, though, and we are all feeling so oo-la-la!

It's not too soon to apply for your passport. Applications are available from Evelyn Blakely at Taylor St., or in the Women's Activities Office, Bldg. 18-1, Broadway. Don't forget your birth certificate, when making your application. If you don't have a copy, you can get one from the State Board of Health, third floor, City Hall. Price is 50 cents. It has to have the official seal, so check yours for that, too. The application, birth certificate, \$10, and three photographs are all that is necessary. General Electric employees who are going can have their pictures taken in the employment office by contacting us in Bldg. 18-1.

The reservation total is increasing at such a fast clip these days, any figure would be out of date by the time this went to press. The

trip is well over half-way filled at the moment. More down payments have come in from other locations, including Connecticut, and New York (another man!). Anyone is welcome to join our tour. Outsiders will pay only \$5 extra.

We learned recently that German visas will not be required for travel in Germany after February 1. That's good news for us red-tape haters.

Helen Wood's "Do's and Don'ts" classes talked about food and restaurant service in England among other items this week. Her Monday evening classes have really gotten themselves organized for the trip down to every detail. There's not going to be a better-educated travel-American in Europe than the Elex tourists this summer.

6-4 AIRLINERS by ELLEN BAUER

Did you see Ed Woodward trying to get out of his jacket last week, when the zipper locked? That's all right, Ed, I know of a couple of cases when the same thing happened. . . . Millie Koehler's new fad is having green fingernails. They showed up so plain that visibility was unlimited. . . . Ruth Weideck must be eating Wheaties. She was seen showing off her muscles. . . . If anyone needs a speedy butchering job he should call on Ruth Troyer. She says she did a pig job in one and one-half hours. You sure didn't lose much on that one, Ruth. . . . Lee Raver, who lives in Huntington, was in Fort Wayne to see a hockey game the other night. After the game, when the driver of the car was driving on South Calhoun, Lee thought she was in Wayne-dale. I didn't think a game like that could make you forget.

Congratulations to Mildred Bauers and Marie Vastano, who formerly worked with us. They are the proud mothers of baby girls. . . . Dee Palmer and her husband went to visit Dee's sister, A 3/C Jenny Baker. Jenny is in radio school now. Jenny says if you have any radios to be repaired save them and she will fix them when she gets out of the WAF. . . . Harry Bailey has been promoted, he is now a mudder. . . . Are you tired of waiting for your new car? Why not do like Millie Stricker? Millie went to Detroit and bought a new Plymouth, F.O.B. . . . Gladys McConnell is basking in the sun in Florida. We hope she is having a swell time. . . . Carma Smith and Audra Baumgardner are leaving us while awaiting their bundles from heaven. . . . Gale Strong is the little girl you have seen following Carma around for the past two weeks. Gale will replace Carma when she leaves. . . . Beverly Willig celebrated a birthday Wednesday, Jan. 21. . . . Levi Carpenter is having quite a time convincing Shally that his TV works good. Shally says every time he goes over to Levi's to watch TV he is afraid of getting snow blindness. . . . Gertrude Kummeraut has learned that if she wants to carry paint home she should put it in a container, not pour it in her pocket. . . . Wolf is really in shape. Wolf bowls every Thursday night and he was really cutting a rug at Lunz's barn last Saturday, every square dance. . . . After singing "I Don't Care" all week Bob Heyn finally saw the show over the weekend. . . . Lola Brunner was seen coming from the fourth floor last Monday morning. What's the matter, Lola? One flight too many? . . . Congratulations to Charlie Adams who is a very proud grandfather. . . . A word of advice; don't give it.

This is for everyone who likes to skate. For February 11 is the date. It's a transformer party out at Bell's Rink. The time will be here quick as a wink. The price of admission is a good deal. "Mac" says they are quite a steal. Get out your skirts, give your trousers a crease. Tickets are only 50 cents each.

Inquiring Reporter:

ARE YOU IN FAVOR OF THE BAN ON THE TWO-PLATOON SYSTEM IN COLLEGIATE FOOTBALL?

BETTY J. GERKE

Taylor St.

"Yes. During the years the two-platoon system was in effect, the All-American teams consisted of 22 players. With the ban, the player will have to be an All-American on both offense and defense. It will also give the smaller colleges a financial advantage due to the fact that they can carry a smaller squad."

ROBERT E. YOUNGHAUS

Bldg. 6-1

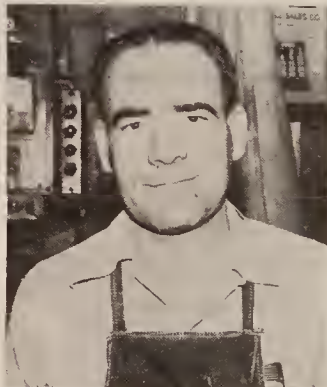

"It is my opinion that the ban will hurt many players, but when the All-Americans are picked, they will be chosen for all-round play and not for just one position in defense or offense."

GLEN ULREY

Bldg. 4-4

"I am not in favor of the ban on the two-platoon system because it gives many more players the chance to play. Also, if the athletes want to play professional football, where they use this system, they will be better prepared for it."

GERALD E. MILLER

Bldg. 26-3

"It is my opinion that the two-platoon system should remain in collegiate football. It gives more men the chance to take part, and also I believe less injuries will occur."

LOUISE DRAKE

Bldg. 19-1

"I favor retaining the two-platoon system in football because it gives more players an opportunity to participate, decreases fatigue, decreases injuries, and provides a more interesting game. It also takes away the possibility of one player becoming outstanding in one phase of the game."

Volume 36 Friday, January 30, 1953 No. 5

Discourtesy Is Dangerous

Discourteous drivers and discourteous pedestrians cheat each other out of safety on the highway. Here are a few examples:

The gentleman who politely rises when a woman enters the room too frequently ignores the fact that courtesy is an obligation, not a concession. When he is driving his car he impatiently and recklessly crowds the woman off the road.

The gentleman who smiles and says "you first" when you and he arrive at a revolving door at the same instant, frowns and angrily steps on the gas to prevent you from passing him on the highway.

The lady who brushes against your coat sleeve in a crowded elevator and apologizes with a smile, rudely blinds you with her bright lights when driving on the highway. Her ladylike behavior would make anybody mad enough to turn on his bright lights, too. That's double discourtesy!

Discourtesy is dangerous. You may regret that this is true. Individually and collectively everyone must face the fact that courtesy is an obligation rather than a concession and act accordingly.

* * *

Little Mistakes

The little word "but" can sometimes be very interesting. When someone says, "You've done a good job. . . ." you feel pretty good. Then comes "but . . ." and you don't feel so good after all.

What comes after the "but" is usually something that's comparatively unimportant, or so it seems. It's the "little mistake" that doesn't look like much, by itself.

The trouble is that the little thing, the little mistake, may spoil an otherwise perfect product—and the little thing will look pretty big to the customer, and make him buy elsewhere.

Customers are awfully critical people, as a rule. When they spend their money on a product, they expect it to be perfect and they have a right to. You ought to know—being a customer yourself.

* * *

Pick 'Em Up

Did you ever stumble over that basket of trash somebody had left near the top of the stairs?

Have you ever been attacked by the handle of a rake that had been left, teeth up, lying on the floor of the garage?

If these accidents, and others like them, have ever happened to you, then you know how important good housekeeping is in preserving life and limb.

Yet one of the troubles about overcoming poor housekeeping in the plant—the kind of poor housekeeping that could lead to accidents—is that a lot of people have no idea that they could possibly be at fault, because they work hard and are always busy.

Either at home or in the plant, the person who has left tools or materials in places where they could be dangerous to others, is apt to protest: "How can I do everything at once? I'm doing everything I have time for now—I can't stop what I'm doing to put those things away."

The answer is: What can be more important than doing your share to keep others from being hurt?

Gordon A. Perry, Jr.

Formerly employed in GAC Sub-Section 13, Taylor St., Gordon A. Perry, Jr., reports a change of address. He is the son of Gordon A. Perry, Sr., Bldg. 20-2, and the nephew of Paul B. Perry, Bldg. 31-2. Gordon's present address is:

A3/C Gordon A. Perry, Jr., 16427961
5th Bombardment Wing
Travis Air Force Base, Calif.

Richard L. Gotschall was recently promoted to sergeant while serving in Korea with the 7th Infantry Division, according to a report from the Army News Center. Sergeant Gotschall, who holds the Combat Infantryman Badge, the Korean Service Ribbon with two campaign stars and the United Nations Service Ribbon, arrived in Korea last April. He is serving as a squad leader in Company F of the 17th Regiment.

The following employees have entered the Armed Forces: Frank Fry, Jr., David E. Hofferberth, Paul E. Zook, Thomas N. Burley, Herbert L. Gaff, Everett P. Fletcher, James M. Redmond, Ronald M. Brown, William E. Evans, Raymond G. Gresley, Robert D. Dorman, Ralph Lovell, Jr., and James R. Cox.

Edward J. Smith

A former employee in Bldg. 19-3, Edward J. Smith, sends word that he is now located at the Astoria, Oregon naval base. Ed was employed in the core section before entering the Service. His father, Orville Smith, works in Bldg. 19-4. Ed's new address is:

Y.N.S.N. Edward J. Smith
Sub. 1, Exets. office
U.S.N.S. Tongue Point
Astoria, Oregon.

SICK LIST

The following people have been reported on the sick list, dismissed from the hospital, and returned to work:

Carl Weigman, Norma Langmeyer, Henry Borne, Maxine Bakle, Erma Hiatt, Max Gentit, Ruby Graves, William Bender, Carl Bohnke, Helen Spear, Kathleen Vorndran, Glen Wilson, Julia Sanders, Phillip Miller, Mary Warren, Ellen Woodward, Rudolph Lee, Earl Munson, Jack Williams, Edna Parker, Chester Pens, Kathleen Mennewisch, Lucille Quirk, Peter Mueller, Howard Shipman, Sherry Varner, William Wiegmann, Claud Johnson, Ilo Johnston, Elizabeth Johnson, Jesse Fulmer, Arthur Fisher, Helen Duff, Arietta Denney, Carl Crapser, Maude Coomler, James Lee, Harold Baumgartner, Alfred Oelfke, Margaret Bischoff, Galen Babb, Bessie Armstrong, Bertha Schroeder, Dale Ferguson, Myrtle France, James Bledsoe, Alice Alspach, Walter Fagg, Jerome Frye, Edward Witte, Marjorie Trammel, Alberta Foulks, Rolyn Fisher, Glenn Calvert, Lillian Jackson, Nora Doud, Joyce Horne, Theresa Gardner, and Michael Dee Hamilton.

Dismissed from Hospital

Harold Canfield, Carl Crapser, Karl Heinzelman, Ina Mae Dorsey, Jesse Fullmer, Sherry Varner, and Richard Merren, Jr.

Returned to Work

Betty Eisenacher, George Forester, Flossie Greek, Donald Brock, Ralph Keller, Irene Kreger, Donna Erhardt, Edna Harkenrider, Barbara Dillon, Roy Hill, Paul Hendricks, Jr., George Aikens, Rebecca Fogwell, James Brunson, Helen Houser, Gay Jones, Harold Canfield, Charles Burns, Paul Koogle, Ervin Juergens, Betty Kronmiller, Norma Davis, Lucile Quirk, Otto Witte, Betty Strong, Henry Smith, Jose Villanneva, Lloyd Smith, Ralph Williams, Nora Ridley, Nettie Sellers, Myron Poinsett, Robert Roy, Dorothy Raucci, Virginia Moore, John Medrano, Edna Parker, Wilda Miller, Alma Wilkinson, Willis Mettler, George Marschand, George Zoller, John Zink, Clarence Mallo, Rennie Phelps, and Ernest Sparks.

Flying HIGH

BUILDING 6-4

by Ivy Mills

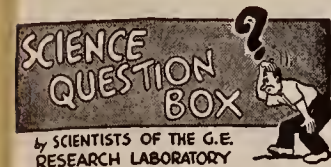

The flowers that bloom in the spring, tra! la! tra! la! Esther Johnson is rushing the season a lil' bit, she brought her new Easter bonnet for us to see. It was a pink one with posies on it and it sure was purty. . . . We are so sorry to have to say good-bye to Kathy Bobbet, our lil' doll from the deep south. Y'all know the song, "We will raise a family, a boy for you and a girl for me." That's what Kathy has been singing lately. Good luck to you, we know you will make a wonderful mother. . . . People are funny! Kenny Beery couldn't wait to get a sitting down job, it was such a relief after being on his feet all night. Now when people offer him a chair he says, "No thanks, I'd rather stand." . . . Esther Johnson eats fish sandwiches but doesn't like them. Reason? They smell too fishy. . . . The driveway coming out of the Strait estate isn't safe. Harold Weigman found that out the other day when he picked Ginny up to come to work. On his way out he hit one of the chuck holes and got stuck in the mud. He wondered what was so funny because Ginny was laughing like mad. It so happened the same thing happened to Ginny and her husband. Bud told her the driveway was perfectly all right, all she had to do was learn how to drive their bucket of bolts, so, Harold you had better learn how to drive, too. . . . We have two new dolls working on second shift now. Welcome to the fold, Barbara Ternet and Polly Crider. . . . I received a clipping from Lloyd and Myrtle Myers. Lloyd is an employee of the G-E Decatur Plant. The clipping was about the Baby Derby G-E is now sponsoring in connection with the 75th anniversary of the founding of the Company. They said they thought I might be interested. My answer to them is: "Whatsa matter with you, Strauby and Myrt. Fort Wayne wants to give Decatur a chance at winning those five shares of G-E stock."

Those who are surly and imperious to their inferiors are generally humble, flattering and cringing to their superiors.—Fuller.

OUT OUR WAY

by J. R. WILLIAMS

Q. I understand that there is a layer of hydrogen high above the Earth. If so, isn't there a danger that rocket ships passing through might set it on fire?

A. High above the Earth, at altitudes of many thousands of miles, what little atmosphere there is may consist almost entirely of hydrogen. In addition, there is good evidence that the gases present between the stars are mostly hydrogen. However, this is so extremely rarefied that it is far better than any vacuum which can be produced on the Earth. Thus, there is not enough to burn, even if it were supplied with enough oxygen to support combustion.

Q. Will the Earth ever become so quiet and settled that there will be no more earthquakes?

A. Perhaps some day this will occur, but we can be certain that it will be at least many billions of years in the future. So long as streams and rivers continue to flow they will transfer loads of sediment from one part of the Earth's crust to another. When the load becomes too great the rocks may fracture and produce an earthquake. The Earth's gravitation is strong enough to hold our atmosphere for a long time to come. As long as it does, and as long as the Sun continues to send us heat energy at something like the present rate, streams and rivers will continue to flow. Therefore, geologists believe, a static condition could only come in the far distant future.

Q. When will the next total eclipse of the Sun be seen from the United States?

A. On June 30, 1954. The path along which the Moon will be seen to cover the Sun, thereby producing a total eclipse, will start as the Sun is rising in northern Nebraska. Thence it will pass in a northeast direction, over southern South Dakota and the northwestern corner of Iowa, into Minnesota (including Minneapolis and St. Paul), northern Wisconsin and the upper Michigan peninsula. After crossing Lake Superior, it traverses the Canadian provinces of Ontario and Quebec, then passes over Labrador, Greenland, Iceland, the Faeroe and Shetland Islands, Norway, Sweden, Russia, Afghanistan, Pakistan and finally India, where it ends as the Sun is setting. The path is about 80 miles wide in Nebraska and increases to about 94 miles in the Faeroes, where the eclipse occurs about noon and the duration is longest, about 2 minutes 22 seconds. At Minneapolis the total eclipse occurs soon after sunrise and will last a minute and 17 seconds. It will last about a minute and a half in Ontario and nearly two minutes on the Labrador coast.

Loraine Papp, Bldg. 26-3 Employee Has Variety of 'Artistic' Hobbies

If the ability to express artistic ability in a variety of ways is any indication of success, then Loraine Papp, Bldg. 26-3, is certainly successful in her chief hobby.

Whether it is painting intricate designs on ties for fellow employees or doing a 15-foot long painting of a Christmas scene, Loraine gets a lot of enjoyment out of using her artistic ability in a variety of ways.

During the period since she came to G-E in 1942, her ability and willingness to add an artistic touch has become well known among employees in Bldg. 26-3 and has spread to other locations. In addition to painting ties, Loraine has made approximately 80 pencil shavings of fellow employees and members of their families. Most of this is done at home from a photograph. However, she does some of it during her lunch hours.

Did Elex Art Work

In previous years, she did the art work for the Elex Club monthly booklet, the Echo, and for the Club's monthly bulletins announcing meetings.

Last year, Loraine did a large painting of a Christmas scene for an employee in Bldg. 4 to use as an outside decoration at his home during the holidays. Using enamel, she did the painting on a canvass 15 feet long and 5 feet high. Working on it at home, Loraine said it was so large that it covered the living room area and part of the dining room. Work on this display was begun in August and completed in December.

Hometown in Ohio

In her home town of Payne, O., she has done sign painting for local businessmen also. Her spare time also finds this dark-haired artist making small items and pieces of furniture in the home workshop she and her husband have and making stuffed animals. Evidence of her artistry can also be seen in her home, since she enjoys planning decorating schemes.

VERSATILE ARTIST—Loraine Papp, Bldg. 26-3, sketches one of her co-workers, Lonnie Rockstroh, during a lunch period.

On Friday evening, Jan. 23, one of our former co-workers, Lois Waterson, became the bride of Freeman Goodyear. They were married in a lovely ceremony at the Blue River Methodist Church and we all send them our congratulations, and many good wishes for their happiness. . . . Now that winter is about over, Bob Walsh has started wearing his overcoat to work. . . . Does anyone need a shave? Joe Trentadue had to bring his razor along to work one day last week. He said his daughter

changed the alarm and he didn't get up in time to shave at home. . . . Paul Laymon, Bldg. 2-E, has joined the night owls. He's working third trick. . . . Thanks to Don Degitz for contributing the following poem:

Don't swear at the inspectors.
They're really very nice;
They stand and watch while others work,
And get paid to criticize.
When death comes to the inspectors,
No one sheds a tear;
But every one for miles around
Gets roaring drunk on beer.
When inspectors knock on the Pearly Gates
And act like they're expected,
Saint Peter pins on them a slip
That simply says "REJECTED."

Birthday wishes are in order for Al Oelfke, Dick Polston, and Andy Shepelak. Happy birthday, fellows. Our sincere sympathy to Mr. Drake on the death of his father. . . . Bess Armstrong is back to work after a siege of mumps.

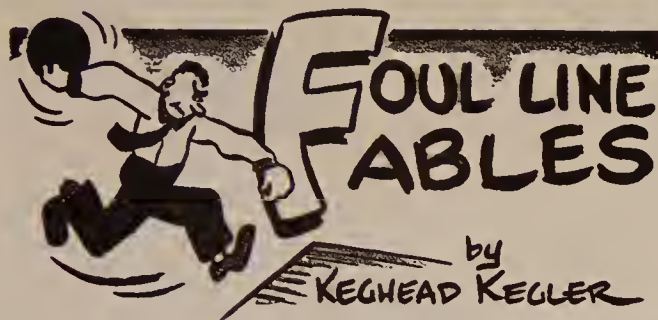

Virginia Reckeweg's young son, John, four and one-half years old, came home from a weekend with some friends, crawled upon her lap, gave her a big hug, and recited the following poem to her: "Roses are red; Violets are blue; You have a shape; Like a B-52! He sure is starting out young. . . . The \$64 question is what does Marian Miller say when she gets excited at the hockey game, especially when everything is quiet? . . . Belated birthday greetings to Arnold Lauer, Mary Mullins, Thelma Blue, and Lois Facks. . . . Veva Healy was so happy when she was able to get Bing's new release of "Silver Bells" that she bought two, one for her grandchildren. She never got to hear them, however, as she dropped them when she was coming out of the Paramount and both were broken. . . . Hazel Niswonger is asking everyone to save his coke cups. She wants to plant tomato seeds in them. I've heard rumors that one cup is worth a bushel of tomatoes! . . . Wedding bells rang out for Delores Frasure last Saturday, when she was married to David Martin at the Plymouth Congregational Church. Our best wishes go to the happy pair. . . . Wonder why Don Mason never takes a G-E News home with him? Is he afraid of what his wife will read? . . . George Crickmore says his wife wanted him to raise that mustache he is wearing, but we wonder! . . . Tom Pauley is pretty fast on his feet, but not fast enough when a shaft comes flying through the air. . . . George York sure is having his troubles with his new Ford. Better get a good car next time, George. . . . We wish to express our sympathy to Rosemary Wall and Wanda Scare, whose mother died last week. . . . Josephine Felger was so surprised the other day. After cleaning up her work place and putting her tools away, she discovered it was only 2:25 p.m. . . . We wish to bid farewell to Bob Schuelke who is leaving us. We'll sure miss you, Bob, and hope you like your new work. . . . We all wonder what the big attraction is in St. Louis that draws Carl McCartney down there so often. . . . It is good to see Kay Vondran and Art Bobay back to work again. They were both ill with the flu. . . . Ed Bowser, Jr., of second trick, stacking ram and key man Joe Dibert, also of second trick, have decided to go into the laundry business if they can find a suitable home to start in. They have a place in mind in the southeast part of town. They expect to cater to the silk trade. . . . Perry Esterline is the new man in the Cost Unit of Section 1. . . . Fern Wallace DeGraw is back from her wedding trip to Florida. . . . She received a food mixer and pillow slips from the office personnell. . . . The following people have birthdays in February and we wish each and everyone a very happy birthday: Robert Hermely; Walter (Windy) Konow; Robert Blocher; Richard Stauffer; Mollie Pickover; Carey Baker, Jr.; Marlo Shephler; Robert Olson; Florian Korte; Otto Roehm; Betty Zollars; Chester Smith; George Washington; Glen Thomas; Roxie Murray; James Craw, and Jerry Kraft.

CELEBRATES 35 G-E YEARS—Walter Greiner reached the 35-year mark in General Electric service January 13. He started with the Company as an apprentice in 1918 and is now a foreman in the tool room, Bldg. 19-5. Congratulating him are: seated (l-r) E. J. Schafenacker, Mr. Greiner, E. W. Auman; standing (l-r) William L. Paulson and George J. Spittler.

How Much Have Expenditures Increased? In 1937, our actual receipts were \$4,979,000,000 and our expenditures were \$7,756,000,000, leaving a deficit of \$2,777,000,000.

In the Ladies' Friday Night League, the Old Crown team is leading the league with a record of 8 wins and 4 losses. Liz Shearer rolled a 544 on games of 148, 172, and 224. This ties Ida Yahne for league high series. Virginia Mollet rolled a 526 count on games of 185, 154, and 187. Justine Brown put together games of 169, 181, and 167, for a 517 score. Tommie Williams kegled a 206; Millie Wiggins had a 182 count; Charlotte Stanford, 179; Winnie Scheurick, 178, and Iris Hebble, 172.

Masonic League

The Squares won three games and went from second place into first place, with a team record of 9½ wins against 2½ losses. Fellowcraft holds down the No. 2 spot with 9 wins and 3 losses. Ionic, having won 8 games and lost 4, are now in third place. The high scores were kegled by Gidley, 210 and 203; Ruhl, 221; Smith, 211; Peters, 207; Rastetter, 203; Bickhard, 203; Dale, 203; May, 200, and E. Bailey, 200. Keghead missed a couple of 600 series of last week. M. Bailey a 619 on games of 181, 193, and 245; H. Nichols, 605 on games of 206, 190, and 209.

Transformer

It is a tie for first place between Autos and U-I, each having won 18 and lost 9. Coils are in third place with a record of 15½ and 11½. Double century counts were kegled by Fritz, 226; Parlowe, 224; Antalis, 203; Hein, 202; Proxmire, 202; F. Gnau, 201, and Bower, 201.

Small Motor

R. and R. are leading the Small Motor League, having won 8 games while losing only 1. In second place is Ed (Hoppy) Bauser and his National Construction team, with a record of 7½ won and 1½ lost. Test is in third with 5½ won and 3½ lost. Models, G-Men, and Koorssen Painters are in a tie, each having won 5 games while losing 4. Henry (Hank) Vance kegled a 227, he must be taking lessons from Gladys. R. Brimeyer can't figure out how a fellow can roll a 137 score and then get 224 in the next game, but that is just what Roy did. Walt Kammeyer, 210; Frank Gitter, 209, and K. Highland, 207.

Office League

Reproduction is leading the league play with 10 games won and 2 lost. In a tie, with 8 games won and 4 games lost, are Pawlisch Shoe Repair, AC and G-E Club. Bob (Sore Thumb) Blomker rolled a 239 score, Clarence Rump kegled a 233; Harry Dalman, 222; Charlie Townsend, 214; Charlie Fisher, 212; Don Waldrop, 210; Charlie Shipman, 206; Ed Whipple, 204; Les Hahn, 203; Bob Kallmyer, 202; Hal Fanning, 201, and M. Cole, 200.

Apparatus League

Team No. 8 went into first place by defeating Team No. 12 in all 3 games. Team No. 8 now has a season record of 5 won and 1 lost. Five teams are tied for second place, No. 11, No. 1, No. 7, No. 3, and No. 4, each having won 4

games and losing 2 games. Don Greenler kegled a 223 count; Bob Knepple, 210; Vic Rump, 209; Ed Reese, 203, and Lloyd Wire, 200.

Decatur

Packers won 2 games from Flanges. Office and Stators each won a game and then had a tie to end up the evening with a 1½ games won and lost. Jackson kegled 203; Shoaf, 220; Wickinson, 236; Laurent, 202, and Briede, 225.

G-E Fraternal

The first half ended in a tie between West End Restaurant and Peterson Elevator, each having

Blind Doubles

The first annual Men's Blind Doubles Tournament, sponsored by the G-E Club, will get underway Saturday, Feb. 28, at the Club alleys, Joe Kramer, bowling committee chairman, announced today.

Open only to keggers who roll at the G-E Club alleys, the tourney will afford persons the opportunity to bowl as many times as they want as long as they change partners each time. Entrants may pick their partners.

The tourney will be operated on a handicap basis with 70 per cent of the difference between the team average and 420 pins. Beginning Feb. 28, and continuing on March 7 and 14, the tournament schedule lists squads rolling at 1, 4:30, and 7 p.m.

Entry blanks will be available in the near future at the G-E Club.

won 33 games while losing 21 games. G-E Club took over third place with 30 wins and 24 losses. Appleman kegled a 633 series on games of 193, 175, and 265. Faulkner put games of 181, 238, and 191 together for a 610 series. O. Schultz, 212; Bruick, 200; Baumgartner, 202, and 200; Feasel, 213; Stevry, 210; Custer, 222; G. Schultz, 202, and Omlor, 227. Laurent kegled 231 and 213 but couldn't quite make the 600 count. The count fell a little short in his third game.

G-E Women's League

Team No. 3 won 2 from Team No. 1, and Team No. 4, and Team No. 2 each won 1½ games. High scores were kegled by West, 162; G. Reynolds, 165 and 187, and Miller, 163.

Don't forget a mixed doubles tournament will be held next Saturday, Feb. 7, at the G-E Club. Sign up at the Club stand or call 742. Squads roll at 6 p.m. and 8:30 p.m.

G-E Loses Double Overtime Game To Salisbury in 58 to 55 Thriller

by Howard Colby

Easily the most thrilling game on the Main Auto league books was the 58 to 55 triumph of Salisbury over the G-E Club team in a double overtime last week.

A very rough first quarter found Salisbury leading 13 to 9 in a game which was labeled for red hot action from the opening buzzer. In the second stanza, the Club team matched Salisbury shot for shot, and at times it looked like blow for blow to end the period with a 24 to 23 lead over the high flying team from Salisbury.

G-E				Salisbury			
Etter	G	F	T	G	F	T	
C. Wilson	1	2	4	Batchelor	0	1	1
Markey	0	1	1	Clark	0	0	0
J. Wilson	2	2	8	Guinin	6	2	14
Baker	3	0	6	Able	3	4	10
Hass	3	4	10	Yoder	5	3	13
Blodgett	2	2	6	Farrote	6	2	14
Taylor	2	2	6	Reust	2	2	6
Penkul	0	1	1	Miller	0	0	0
Somers	0	3	3	Warner	0	0	0
Totals	16	23	55	Totals	22	14	58

In the third quarter, which was played as hard from the sidelines as it was on the floor, Salisbury took the lead at 37 to 34. In a very good fourth period the Club team came back with a well-earned tie at 51-all, to put the game into an overtime affair.

In the first overtime period, each club connected on a field goal to round out the session at 53 to 53. In the second overtime the Club team hit for only one basket while Salisbury garnered five points to wrap up the game 58 to 55.

Joe Hass and Ron Blodgett netted 10 points each to lead the Club in scoring, while Guinn and Farrote led Salisbury with 14 each. In league play Thursday morn-

ing, Jan. 22, at the Club, Zollner dropped their game in the 9 a.m. opener to a strong Indiana Rod team by the score of 47 to 38.

The 10 a.m. game was won by Eckrich on a forfeit over the F.O.P. team, who floored only three men at game time.

Next week finds G-E meeting Eckrich in the 11 a.m. game.

by IONENA FOSTER

Clarence Hewes is still off ill, hurry back, Clarence. . . Flu bug got Lloyd Runyon, as he was off a couple of days last week. . . Myrtle's daughter is visiting from Cleveland (that's the Barfells). . . Dorothy Kell had quite a dizzy day Thursday last week. She started off by being late; didn't want to take the elevator, because of the late hour and was afraid that she would put the operator out of schedule; didn't like her salad over at the cafeteria, so just took Ruth Barnes' instead; and gave Christine Helms a rough day. Days like that are hard on Christina, especially when Christina has all that stator counting to do. In case you wonder what Christina is mumbling when you walk up to her, it is her stator count. . . Anita Slusher was passing out the candy the other day. When asked what the occasion was, she said, "Oh, I just wanted to get rid of all this Christmas candy." Anyone wanting to know how to take care of grandchildren, just ask Clarence Roth. He sure is getting a bang out of his two recently returned from South America.

DITTIES FROM DISTRIBUTION

by Ruth Sorg

SHIPPING: Fern Runyan had a flat tire the other night when she went to go home and some good-looking fellow came to her rescue to fix it for her. . . Welcome to Ann Gillingham, the new M/S typist for hermetics. . . Happy birthday greetings to Pat Tarney next Sunday. . . Dorothy Johnson, who just came back from California, paid us a visit Monday. She spent the past several months out there with her Marine husband. . . Viola Haiber sure was in a hurry the other night. When the horn blew in front of her house she hurried right out and forgot her shower gift, and that is not all, when she left to go home she forgot her hat and they had to go back and get it. The next morning she brought her gift to work to prove to the girls that she had one. A shower was held for Phyllis Crace at the home of Betty Stebbing. Everyone enjoyed themselves and it was nice to see Phyllis again. . . TELEGRAPH: Welcome aboard to Rosemary Ort, the new girl in telegraph. . . Kitty Copper Wattier is the proud mother of twin boys. . . Good luck to Marilyn Smith who was transferred to Bldg 18-2. . . Norma Durnell and Chylene Schlabaugh attended a skating party in Columbia City last week. . . RECEIVING: Bob Younghaus was seen posing prettily for the photographer and Bob Kurtz was seen catapulting out the office door. Deepest secrecy surrounds both circumstances.

1926-27 DECATUR CHAMPS—This six-man team took the Decatur bowling championship in 1926-27. Standing (l-r) are Floyd Enos, Bldg. 4-1; Albert Fruechte (deceased); Hubert Cochran, Decatur, and Herman Kirkendall. Seated are Charles Baxter, and Adam Schafer (deceased).

Transformer No. 1 Wins First Half Cage Title; Edge Airliners 39 to 36 in Show-Down Game

18 Golden Gloves Scraps Mark First Night of Annual Tourney

Eighteen amateur sluggers provided entertainment for Golden Gloves fans Wednesday night at the first night of the annual tournament in North Side High School gymnasium. The second round of scraps will be held next Wednesday night beginning at 8 p.m. Tickets may be purchased at the Main Auto Marine Division, 214 W. Berry St. The following were results of the first night of battles:

Loren Hussey, Defiance, O., scored second-round TKO over Nick Mendez, Antwerp, O. (lightweights).
Bernard Cox, Orland, won decision over McKinley Davis, Fort Wayne (lightweights).
Ray Gillingham, Fort Wayne, won decision over Nelson Smith, Defiance, O. (lightweights).
Richard Lee, New Haven, won decision over Donald Tippman, Fort Wayne (welterweights).
Robert Johnson, Van Wert, O., won decision over John Odum, Fort Wayne (welterweights).
Ted Mendez, Antwerp, O., won decision over Phil Benner, Columbia City (welterweights).
Dave Cole, Fort Wayne, scored second-round TKO over Bud Mason, Van Wert, O. (light heavyweights).
Robert Teeter, Auburn, scored second-round TKO over Jerry Schooley, Van Wert, O. (flyweights).
Ernest Schuman, Auburn, won decision over Norman Stevenson, Butler (featherweights).
John McBride, Garrett, won decision over Gene Craft, Fremont (featherweights).
James Reeder, Fort Wayne, scored first-round TKO over Floyd Reiken, Serbia (featherweights).
James Ricken, Fort Wayne, knocked out Robert Peters, Huntington, in second round (light heavyweights).
Karl Rohlf, Defiance, O., scored second-round TKO over Mike Franklin, Fort Wayne (middleweights).
Loren Hussey, Defiance, O., knocked out Ray Gillingham, Fort Wayne in first round (lightweights).
Richard Lee, New Haven, scored first-round TKO over Mel Crawford, Payne, O. (welterweights).
Robert Johnson, Van Wert, won first round technical knockout over Ted Mendez, Antwerp, O. (welterweights).
Gene Burgeon, Defiance, won decision over Robert Teeter, Auburn (flyweights).
John McBride, Garrett, won third round technical knockout over Ernest Schumann, Auburn (featherweights).

Volleyball News

by Art Rasor

Tool Room lost their games to Small Motor in the first half, but won two games in the second half by scores of 15-3 and 17-15, while losing their third game 15 to 17. Taylor Street "A" continued their winning streak and defeated Taylor St. "B" 15-8, 15-11, and 15-1. The Test Engineers won three games from Motor Generator 15-2, 15-2, and 15-2. Transformer had a bye for their games.

The crowd which greeted Braden's Capeharts at Korakuen Stadium, Tokyo

Sportliners...

by Earl D. Stauffer

Very few people have done more to put our fair city on the sports map than the Sportliner of the week. Not only have state and national honors been won but an international title have come to us through the baseball diamond genius of John (Red) Braden.

Red is the first to admit that he wasn't any great shakes as a pitcher during his own playing career. He started playing ball at Rock Creek in Wells County and continued locally in the Inter-division G-E league, Industrial league, Federation league, and finally with Danville and Cedar Rapids of the Mississippi Valley league. All of these stints gave him his wealth of baseball savvy that he now uses at games at Dwenger park in the summer. His shrewd diamond sense has won him acclaim from baseball men all over the country.

Ford Frick, the present commissioner of the national pastime, Happy Chandler, the former "commish," and Dizzy Dean are among the acquaintances of the big red-head.

In 1944 when the G-E Club fielded the Voltmen for the first time, Red was the natural choice as manager. It wasn't until 1946 that the club won a title, that of Indiana State Semi-Pro Kings. In the years of 1947-48-49, the Braden managed teams won the national titles at the National Semi-Pro Congress at Wichita, Kan.

The grand climax came in 1950 when the winner of the Wichita

John Braden

tourney was given a trip to Japan to play the Japanese semi-pro champions for the inter-hemisphere crown. The Braden team won the series four games to one. They also played two games with the Japanese pros, but lost both encounters. The team, known as the Capeharts, played to a total of 317,000 rabid fans in Japan. One day in an afternoon and night affair, 92,000 crammed into the ball park. Quite naturally that was a highlight in the life of Big Red.

Heartbreaks are also part of the game to Red, who recalls that the tragic death of Emil Bildilli, his star pitcher, on the early clubs was really hard to take.

This Fort Wayne Sportliner is a Houghton Lake, Mich. ice fisherman in the wintertime whenever he can take time off from his tool-maker job in Bldg. 17-4 and job as penalty box warden at the Komet's ice hockey games.

The No. 1 Transformer team became the No. 1 team for the first half of play in the Interdivision Basketball League as they won the show-down game from the Airliners 39-36.

As the score indicates, the game was close and well played. In the first half of the game, the Transformer boys set up a good zone defense which the opposition never quite solved. Bob Shaffer and Bill Miller carried most of the scoring load for the winners as well as showing great floor play. Perry Gilliam and Pinky Christman rebounded well off both boards. The Airliners scoring was well split up with Dean Crum's eight points high. The game was a fitting climax to a very fine first half schedule.

The Squares did their scoring almost at will in trouncing M and G 64 to 18. It marked the most one-sided victory to date. Four Squares hit double figures in scoring while a fifth had nine. M and G missed Tom Skole who has left for the Army.

Small Motor continued its winning ways and promises to be a real threat the rest of the season. The Test Engineers were the victims this time 48 to 38. Bob Baals and the old pro, Chick Morkoetter, each had 10 points. Ken George connected for 12 tallies to lead his team.

Taylor St. won its third straight game by defeating the Apprentice Punks, 48 to 32. Dwyer, Porter, and Imel were the big guns for the winners. Imel was playing his final game before reporting to Uncle Sam. Jake Auer led the Punks with 12 points.

The Apprentice Pros and Transformer No. 2 had quite a battle before the Pros edged out a four-point 51 to 47 win. Hal Friedrich, Pro manager, was hitting from out and from under as he meshed 20 points. His biggest help came from Tom Ahr and Mel Guillaume with 13 and 10 points, respectively. Blosser was hitting well for Trans-

former as he accounted for 17 markers.

Phil Nulf is the proud daddy of a baby girl. The Nulf's received some useful gifts from Phil's co-workers. . . . Who is the stock boy who opens up General Service on third shift? . . . Wilma Robinson celebrated a birthday and was presented a delicious cake baked by Velora Drury. Helen Deahl also had a birthday and was given hankies by a number of girls. . . . We are glad to see Arleen Helberg and Rennie Philips back at work after being ill. . . . Dotia Jett had been wrapping her lunch in bread paper, she just couldn't remember to get wax paper. Finally her daughter got the much needed wax paper, and of course, Dotia let all the girls know she does have wax paper again. . . . We wonder if Don Kesler and the blonde has the date set yet? . . . We want to wish Marge Radu, Shirley Fuend, Lor-

etta Day, and Charlie Prime each a happy birthday. The candy was delicious, girls. . . . Evelyn Turner went to Logansport to visit a brother Sunday. . . . Irma Beard is doing a fine job selling Elex Cook Books. If you can use one, see Irma. . . . Minnie Kendricks was a happy person when she was given several boxes of groceries and money. Minnie is on sick leave and won't be able to work for some time. . . . Velora Drury had company for dinner Sunday. . . . Don Kesler is much happier since he found out he doesn't have to pay the electrician calls. . . . Norm Wolfe is on the wagon until he has a Saturday off. . . . Dorothy Hart's son Dale, returned to the west coast Wednesday by plane after a nice visit. . . . The 51 frame assembly welcomes Minnie Watson and Lula Perish. . . . The report is Ruth LaPradd is doing nicely. . . . We are going to pass a box to buy Agnes Wolf a watch. She uses her daughter's watch and when Rita comes in on second shift she gets the watch. Maybe we had better do something about it. . . . Everyone missed Dorothy Hart when she was loaned out to the lead section for a day.

RETIREES AFTER 46 YEARS—The big sign commemorates Fred Mennewisch's retirement from General Electric after 46 years of service. Mr. Mennewisch holds an electric drill, a gift from his co-workers. He joined the Company in 1906 and was a mold and die repairman in Bldg. 26-1 at retirement.

WORDS TO WALT

For many years we all have read "Words by Walt"—the column's head. His philosophies of life we all agree Were interesting to you and me.

Each week we eagerly read his lines His rhythm we think "superfine" His ability to tell a tale So smoothly to the last detail.

And now we have a chance to pay Our tribute to Walt on his birthday Last Wednesday on the 28th He cut his??? Birthday Cake.

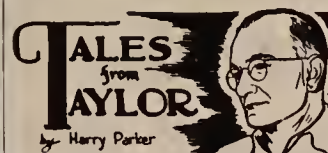

We hope you have a million more And wish you blessings by the score. To your "Words" we'd like to say Please keep them coming our way!

WRONG WAY CORRIGAN:

What would the army do if they knew about "Kernel" Julian Stark getting lost in a small town like Indianapolis. Man, Oh, Man! if he leads troops like he drove through Indianapolis, they wouldn't get anywhere. "Don't throw that paperweight, Julian!" Here is the story of what happened. "Kernel" Stark was driving in Indianapolis when all of a sudden he stopped at a stoplight. The light was green. He discovered this and took off. The light was then red. "Kernel" Stark then turned on a street which was marked "one way." Of course it was the wrong way, but he didn't care as long as there was no traffic coming his way. "Ouch, oh my head," all of a sudden there was a multitude of cars coming at him. He immediately made another turn. You guessed it, it was another "one way" street and he was going the wrong way again. Mr. Stark finally got to his destination

and parked his car wondering why the parking space was so convenient. He found out very quickly. It was the Governor's private parking place. Boy, how can one man get so mixed up all at once. If any official of the U. S. Government reads this, please pass this off as a joke, as I hope Colonel Julian Stark will! . . . ADDITION TO THE FAMILY: The John Taylors are now living in their brand new home at 5010 Werling Drive. Lucky people! . . . HURRAY: We were glad to see Dottie Brubaker back at her desk last Monday after one week's illness. . . . CONGRATS: Well, well, a very happy birthday to Walter Whonsetler last Wednesday, the 28th, and next Friday our good friend, Ernie Spaulding, will celebrate his birthday. Ernie, we hear you bought yourself a mighty fine birthday gift—a TV set. We hope you spend many happy hours. How's reception on Broadway? Maybe you can decide for some of the rest of us, to buy or not to buy. . . . WELCOME BACK TO HOOSIER LAND: Pretty tough coming back to Indiana, eh, Bob Johnson. How did you find the sunny state of California? . . . HOWDY: The new face in the ediphone room is Miss Constance Phaneut. Welcome to Bldg. 4-6's big happy family! . . . BYE BYE: Today we bid farewell to Tom (Rosie) Shanahan, after a three month's sojourn with us on the test course. He can be found in Motor and Generator (across the street) the next three months. Just can't leave Fort Wayne, can you, Tom—h-m-m-m-m, wonder why! . . . WHERE'S THE NUMBER ON THE BOTTOM? Ruthie Oetting should be well supplied with pictures of her future husband. Recently pictures were ordered for the personnel records of Robert W. Ritchey. Employment gave us the photograph number of Robert W. Ritchey without the "t", and photographic department supplied us with four pictures of Ruth's Bobby instead of our own Robert W. Ritchey, who recently joined us permanently. . . . BELATED BIRTHDAY: Greetings to R. W. Dochterman, on Jan. 23. . . . WEL-

COME TO: Harold Stephens, working for L. Wightman; his home town is Seattle, Washington; he went to the University of Washington; is married and has one child. His hobby is radio. . . . MAY I HELP YOU: Ruth Epperson drove to Milwaukee last weekend. Now she knows how to drive on ice, of course she did not stay on the highway all the time. She slid in the ditch, but had no trouble getting out, when a highway truck came along.

TALES from TAYLOR
by Harry Parker

Our famous Rover Boys, Harold Hart and Ralph Dunlap, are at it again. They are now competing with each other to see which one can shed the most lard in the shortest space of time. The other day Harold was complaining to us about how quickly he has been wearing out the seat of his trousers. He had to purchase three new pair within the last five months. George Reker said the reason for this was his constant rubbing of that excess lard on his office chair, no trousers would hold up for very long under such a strain. Now Harold reports that he has lost twelve pounds in the last week, endeavoring to cut clothing cost to the minimum. Ralph is going to try and walk his excess poundage off. We noticed that he is galloping around the plant at a higher rate of speed. . . . We have often heard the story about the surgeon who sewed up some of his instruments in a patient he had recently operated on. Well, our friend, Johnny Driver, can now qualify for a Master's Degree in this art. As the story is long and our space limited, you will have to have him tell you the story. It is a good one! The story runs a close parallel to the one about the surgeon. . . . Richard Johnson was telling us the other day that his wife told him she believed if he would raise a mustache it would give him a very dignified appearance. Dick is inclined to believe her, but intends to go all out on this idea and grow a beard of such proportions that it will put the best pre-war Russian mattress to shame. . . . Irene Bowman is a great lover of coffee. Every day she brings a thermos bottle to work with this steaming beverage, and all morning long, while working, she sips coffee. One morning last week she was hurrying around getting ready for work and at the same time put hot water in the bottle to pre-heat it. Time

was running out on her so she hurriedly capped the bottle and left the house. Later in the morning when she felt the need of a snort, she poured out a cupful but it was just plain hot water. She had forgotten to put in the coffee so she had to bum her coffee from her co-workers.

Transformer TATTLES
Bldg. 26-4
by Rosemary Anderson

Dick Potce didn't want to take his little girl ice fishing with him the other night, so she thought she would get even with him. She hid the fishing poles under her covers in her bed. When Dick put her to bed he found them. That will teach Dick to hide his fishing poles, lock them up, or take the little girl fishing with him. . . . We have lost a few of the girls on our floor. They are Betty Grim, Pat Pickering, Joan Belch, and Dorothy Horton. They have been transferred to other buildings. Good luck, girls. . . . We are going to have Wanda Keller's wastepaper basket upholstered so it will make a softer seat for her company to sit on. . . . Lillian Jackson has been off work the last couple of weeks because of the flu and sore throat. Hope to see you back at work soon, Lillian. . . . We hear that Tom Freeman is trying to trade his shack for Dick Gollier's cottage at Jones Lake. Why Tom? . . . We wonder why Dave Manix doesn't give the same kind of service from the stock room as he expects the A and Y to give him on his TV set. . . . Ed Englert was getting so much gas mileage out of his new Dodge that he had to get his carburetor adjusted. . . . Tom Freeman was seen wearing a very small bass on his cap. He must have been fishing with Dutch Nahrwald at Waldron Lake. . . . We had another birthday this month. Phyllis Borkenstein had a birthday the 22nd of January. Happy birthday, Phyllis.

FAREWELLS IN ORDER—Retirement from the General Electric Company came January 9 for August Hirschmann (right). Mr. Hirschmann came to G-E in 1917 as a draftsman in Bldg. 17-3. He was employed in Bldg. 20-2 when he left the Company. Offering him their farewells are (l-r) Bob Hughes, Robert Wylie, and Don Brayer.

"Lost" and "Found" articles must be cleared through the Plant Protection office, Bldg. 10-2, or the Plant receptionist, who will place the Ad-let and otherwise advertise the article.

No ad will be received over the telephone. Send all ads to G-E NEWS office, Bldg. 18-1.

CLOSING DATE

Monday Noon, February 2, 1953

LOST AND FOUND

LOST—Man's gold ring with square ruby set. Lost in Bldg. 31-1.

LOST—Red billfold containing \$2 and some change, social security card, G-E Club card and other identification papers with name Fonda Cook on them. Lost between Bldg. 18-4 and Brouwer's Tire Shop on Broadway.

LOST—Small black coin purse containing \$1 bill and \$1.60 in change. Lost in Bldg. 17-3.

LOST—Three pairs of children's hose in a sack.

LOST—Gold earring with one diamond. Lost in Bldg. 26, or between Bldg. 26 and Rockhill parking lot.

FOUND—Gold colored earring with a round ring and two others inside of it, dangling from it. Found in Bldg. 18-3 stairway.

FOUND—A fountain pen. Found in Bldg. 4.

FOUND—A green coat belt. Found near Bldg. 8.

FOUND—A hair barrette. Found by Lindley Ave. gate.

FOUND—A pin with brilliant sets. Found in west parking lot at Taylor St.

FOUND—Gold earring, shaped like a leaf with three green sets. Turned in at Bldg. 18 gate.

FOR SALE

OAK DOORS—Two, size 2-8x6-8. One pine door, 2-8x6-6. Both varnish finish. H-79563. Saturdays only.

CORNER CUPBOARD—40-in. wide by 8-ft. high. Finished white enamel with light oak doors, top doors glass. Call Saturday only. H-79563.

HEATROLA—Warm Morning. Three tires, size 640-15, run 3,000 miles. Two wheel trailer. Make me an offer. Decatur 3-4279.

ELECTRIC STOVE—Good condition, reasonable. H-74745.

ACCORDION—48 Bass. Like new. A-60802.

DOOR—One paneled outside door 2-8x6-8. H-67904.

FIREPLACE WOOD—16 and 24-in. lengths. We deliver. E-60189.

FLOORING—Yellow pine, three-fourths by three and one-fourth. No. 1 or better. 1,000 board feet. \$175. H-5140.

1947 HUDSON—Two-door, radio, heater, signal lights, and new battery. Can be seen at 2012 Pauline St. 9 a.m. to 12 noon.

BED—Youth size. Mattress, and chest of drawers. All for \$10. Clean home. A-96103, after 4 p.m. or Saturdays.

DOG—Four-year-old toy fox terrier. Good watch dog. Better around adults than children. H-85532.

WASHING MACHINE—Good condition. \$35. H-92688.

OIL DRUM—250-gal. capacity. Like new, reasonable. Also included are oil gauge, and oil pot with motor. Ideal for Cape Cod house or lake cottage. H-01362 after 5 p.m.

ALUMINUM HOUSE TRAILER—27-ft. Good condition, newly painted. 2609 John St.

PUPS—Borden collie. A-67110.

DRESS—Girl's navy taffeta, size 13. One black and one white formal, size 13. Girl's brown oxfords, size 6A. All in good condition. A-70653.

TOP COAT—Tan, size 40; \$10. Beige and green sport coat, size 38; \$5. Aqua formal, size 9-11; \$16. H-26702 after 5 p.m. or Saturdays.

MANCHESTER PUP—Nine months old. House broken and distemper shots. H-01334 after 6 p.m.

REFRIGERATOR—Good used 8 cu. ft. Coldspot. 5522 Alexander Dr.

FOR RENT

ROOMS TO RENT—Single or double. Men preferred. Also garage. 1223 Michigan Ave. A-16965 before 9 a.m. or after 6 p.m.

APARTMENT—Two-room furnished. \$9. K-1577.

MODERN HOUSE—Three rooms and bath, attic storage and carpeted living room. 506 E. Sherwood Terrace.

WANTED

RECORD PLAYER—For 78 RPM records. A-95511.

PIANO—Spinnet or small piano. Must be in good condition. H-15455.

BIRD CAGE—A-40802.

MISCELLANEOUS

Home wanted for two kittens, less than one year old, Male and female. H-4238.

Will do your ironings in my home. A-60793.

G-E engineer and wife need three- or four-room furnished apartment by Feb. 7. H-60983 after 5 p.m.

Location.....

One morning coming to work Carl Schlenker wore his shop apron under his overcoat. The bus driver noticed it and in a loud voice said, "Hey lady, your slip is showing." The whole trolley vibrated with laughter and Carl's face began to shine a beautiful red. . . . The Die plant welcomes Quentin Corkhill and John Bartie. . . . Joe Mettler is getting a little under 30 miles per gallon on his sleek green Buick, according to the information he is handing Bernie "Nash" Byanski. We understand Bernie's wife is home from the hospital and feeling much better. . . . Dick and Gloria Abbott presented Grandpa "Chick" with a pair of twin grandsons last week. Shouldn't Gramps hand out two cigars instead of one? . . . Jack Schemehorn and Bob Truelove made a trip last weekend to Houghton Lake, Mich. They traveled a total of 600 miles and Jack got three fish and Bob got 11. Jack caught one fish for every 200 miles. They were supposed to meet some friends at an eating house in Lansing and Bob knew right where this spot was, but a redecorating job made it look strange, and he kept Jack driving all over Lansing before he finally recognized it. . . . Chet Rennecker's little boy was watching him shake a white shoe polish bottle the other day for cleaning a pair of shoes. He noticed that his dad was not getting any polish out. So when Chet was not looking he took the top off. The next time Chet shook the bottle he received a white bath. . . . Herschel Odier just couldn't refuse to have his picture in the transit add after the promise of an old tire to use in his flower garden this summer. . . . Stewart Bohrer is enjoying a visit with his son, Robert, who is home from the Navy. . . . The lathe unit welcomes John Blair. . . . Al Nebur is wearing the proud look these days. He's grandpa now you know. . . . Carey Baker, expert die maker, let the boss know he had other accomplishments, too. He was seen shining Roy's shoes. . . . Keith Jamison had an interest in the inauguration. He wore a homburg hat that day. . . . John Snyder wouldn't listen to his wife, so he found himself out of gas four blocks from

home. They will tell you it's empty, John, but they won't put any in. . . . We wonder what that "N" stands for on Ron Blodgett's bright blue cap? . . . Jesse Hulwick, poet, gave the night boys a treat the other night—he sang them a song. . . . Harry Henline has returned from his southern vacation with Florida sand in his shoes. You know what that means—bye bye, Harry.

Congratulations to a happy grandfather and a happy father. The grandfather is Paul Noffze. His son and daughter-in-law presented him with a bouncing baby girl last week. The father is Donald Boroff, who has a bouncing baby boy. The best to you both. . . . A happy birthday to Charles Baker on Jan. 10. Charlie passed out candy bars. . . . IS ANY ONE INTERESTED: We are having a skating party Feb. 11 at Bell's Rink. If you wish to go, contact Bonna Lou in the east office for your tickets. Come on, gang, let's all go skating. We have some good bee-bop tape recordings, so come one, come all.

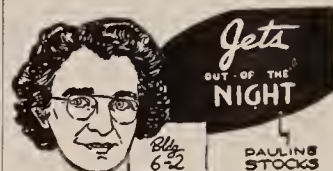

"You're always saying school was the happiest time of your life. Here - recapture some of that happiness!"

Numerous mornings we have to feel our way in the dark when it comes to ringing our clock cards. Al Oechsle remarked that if someone couldn't turn the lights on for us, our clock cards should be printed in braille. . . . OVERHEARD: "Get out of here you nut, before someone cracks you."—John Hallien. . . . Kate Somers must really expect to find shopping cheap in Fort Wayne. Kate took the bus from Ossian to our Fair City, only to discover upon arrival that she hadn't any money. Needless to say, Kate returned to Ossian. . . . We want to welcome Norma Reisinger to the lead section. Also, to Helen Meeks, who has returned to work after a long sick spell. . . . Could it be that Santa Claus is slipping? Cleota Stallbaum said her husband just received a ham, expected at Christmas. . . . Leona Lethwaite has returned after over a week's battle with a cold. . . . Celia Reher had a birthday last week. Naturally these women don't say which one it was. . . . Mertz has been hearing too much about parakeets from Bea Marsh. He walks around with his little finger crooked, carrying, and talking to an invisible parakeet sitting there. . . . Here we go again. Pat G. searched all over the plant parking lot for her car, and finally remembered she had parked it on the street at the back gate. . . . Good luck from all of us to Darrell Proxmire, who is transferring to Bldg. 26-3. . . . Poor John Hallien gets it coming and going. His eyes are going bad, and he has trouble finding his coat and clock card. Later when he started his car, it snorted, buzzed, and banged like something jet propelled! Wonder if someone could have put a buzz bomb under the hood? . . . If Edison were alive today, he would be amazed at the things Jordan Gunkel can do, such as being able to make sparks fly merely by sitting on a plastic covered chair. Jordan, who is now known as Glow Worm, Sparkey, Fireball, or High Voltage, should be able to save on his electrical bills. Naturally Hallien had an explanation. He had been ice fishing so much, the freezing and thawing out of Gunkel's brain has made his head a little soupy. . . . Rollie Fawcett is another TV owner. Rollie says, "You bring the cheese and crackers, I'll furnish the drinks and entertainment." . . .

Vivian Long claims there's a breeze that can give you a cold if you're in the way. Vivian says she works right smack in the way of a big wind. By the way, the wind has a name, Ed Krominaker. . . . Lillian Mallo tried cashing her check stub and almost got away with it. She's trying to get rich quick. We're glad to hear that Lillian's daughter is on the road to recovery after an operation. . . . Ced Persing is back after a siege of the flu. . . . From all we hear, Charles Elzey would make a sure fire dry cleaner. . . . Hilda Vance wanted an excuse to buy a new smock. She has one now. She put it in her drawer and a welder burned it. . . . Alice Zumburn must have a guilty conscience. She always expects to read something awful in the paper about her. . . . COMMENT FOR THE DAY: "There are two kinds of people in the world, the kind who make happiness wherever they go, and others, whenever they go."

Paul Hapner tells a very interesting story about his trip to Wisconsin. We don't know for sure which he meant, d-e-e-r or d-e-a-r. How about it, Paul? . . . A notice for all single girls! Jim Smalley is an eligible bachelor, and girls, he has a brand new Buick. . . . Don Meyer sure doesn't know what to do when the lights go out on the floor. He was holding the flashlight for the electricians. My, my, Don. . . . Pete Macke should make his informative meetings more interesting, then Leah Ryan wouldn't get so bored. . . . Anyone listening in on the conversation between your reporter, Leah Ryan, and Kathleen Clark would surely learn all the details.

Ramblings

Bldg. 31-2

by Julie Rice

We hope you all saw the picture of Bea Heck on last Saturday's society page. It accompanied the announcement of her engagement to Charles Ankenbruck and the date for her wedding, April 11. We wish you lots of luck and happiness, Bea. . . . If you noticed Garl Satterthwaite's head nodding during the past week, it is only due to the parties in his honor that he has been attending. Why the parties? Well, it seems that Uncle Sam found out that he was 20 and unattached to any of the Armed Forces so - - - . Anyway, today is his last day with us. . . . Monday night Gwen Neal was the guest of the girls in the drafting room for a dinner at the English Terrace. We gave her a set of steak knives and a carving set, and we hope she has many a juicy steak to use them on. . . . If you've been in the Service Bureau lately it looks like an African headhunter's trophy case. It seems that Bea Heck got some clay in a grab bag at Murphy's and Dave Abbott did some handy work with it. This handiwork consists of the heads of a gangster (scars and all), Frankenstein's monster, and a Ubangi. Glenice Blume tried her hand at it, too, and came up with a Chinaman who has a slight resemblance to Clifton Webb.

Congratulations to Martha Arnold and Ray Powell who were married last Saturday. We wish you both lots of luck and happiness. . . . Florence Wiemer and her husband will celebrate their 35th wedding anniversary Saturday. Does it seem that long, Florence? . . . Fred Adams has taken the title of Loverboy from Jim Linn now, and it's understood he is a pretty good authority on autos. As Freda Meyers has a car now, she had Fred look it over for her. . . . That bright object you see in the shaft department is Joe (Moonglow) Eiffred. Don't let them kid you Joe, you can't have hair and everything. . . . Alma Welches is all smiles, she was a grandmother twice last week and both were girls. . . . We wish to welcome Maxine Herbst back on days, and Bonnie Kinerk and Alice Decker to our division. . . . We wish a speedy recovery to Gladys Dunbar and to Eddie Andrews. . . . Ed Bierely is wondering why all of Mel Kestner's bluegills turn out to be mud bass. . . . You really have to be a fast talker to split a pool. For details see Peg Ballinger, he did this. . . . The gang in 17x110 group got together and bought Bob Boone a new apron. Bob always complained none would fit him. The boys finally found one big enough for Bob. To show his appreciation he brought in some chewing gum and passed it to the boys. . . . When working around Dallas Patton you can really keep up on your basketball scores, especially when Roanoke wins the county tourney. . . . You should have seen the surprised look on Dick Huhn's face when he looked up and saw his pretty wife, Betty standing beside him. Betty works in the suggestion office at Broadway. . . . This is Dick's last week here for awhile. He is leaving to serve Uncle Sam. Good luck, Dick, and hurry back. . . . Talk about losing billfolds, Margie Ford and Ruth Koons both lost their billfolds Monday. Margie said she didn't care about the billfold but her sailor boy friend's picture was in it. . . . Why was Woody Winters in such a rush to get to a Broadway store the other day? Could it be because Woody stooped over and felt a draft in the most unusual place? He tried to staple them together but they wouldn't hold. That was one time Woody went to the store to buy jeans with money no object.

TIME FOR LEISURE—A retirement dinner was held for Frank Kimble (second from left), when he left the Company earlier this month for days of leisure. With Mr. Kimble are (l-r) Henry Bubbs, Ray O'Neill, and Mrs. Kimble. He is shown looking over the watch and electric drill given him by his friends. He joined G-E in 1917 as a lathe operator and was a foreman in GAC Section 13 at Taylor St. at retirement.

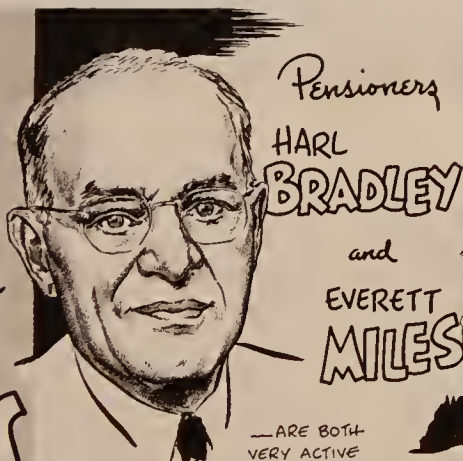

STAB MAN COLLECTS—Harold Rhine (second from left) receives a suggestion award for \$200 for his idea to change the material in forms used in winding transformer coils. Shown (l-r) are: William Crouse, Mr. Rhine, Don Waldrop, Mel France, and Paul Petersen. Mr. Rhine is a stockkeeper in Bldg. 12-1.

APPRENTICE BROADCAST

by Jack Olinke

Congratulations to Mr. and Mrs. Neil Hankey on the arrival of an eight pound bouncing baby boy, Dennis Nelson. Good luck to the proud new parents and to Dennis, too. . . . The Monster has been roaming around trying to find some innocent prey to play jokes on. In his vast wanderings, he found Harold Friedrichs' lunch bucket. After doing a few joyous nip-ups, he conjured up some black magic aimed at poor Harold's lunch bucket. Imagine Harold's surprise when he opened his bucket and found a cow's tail! No one is safe from the Monster! . . . The other day Bob Barnes was absent from work. His wife called in and said he was "stiff in the joints!" No comment. . . . There has been several transfers in the past few weeks. Tom Dixon is now in the grinder section, Don Beitz is now on the bench in Bldg. 19-4. Eugene Bair is learning the art of turning in the lathe section, and Allen Brown and Mahlon Hutchison are learning the secrets of the mill section. . . . There was a bit of confusion in class the other night. Some Monster put a note on Mr. Rescorla's desk saying the class was dismissed. It caused a lot of confusion until everything was finally cleared up. . . . Congratulations to Bob Ramsey. I hear he completed half of his course, and celebrated the occasion properly. . . . Paul Zook, who recently enlisted in the Air Force, left last Thursday for Lackland Air Base in San Antonio, Texas where he expects to be enrolled in a machinists' school. I understand the WAFS are trained there, too. Good luck, Paul. . . . Max Poling had to put a new motor in his 1948 Chevy. Guess the old rubber band must have worn out at last. . . . Jack (Switch-off) Olinke had a little trouble with his screw machine a few days ago. Jack slowed his machine to thread a piece and suddenly smoke and fire poured from the switch box. After calling the electrician, he sat down to wait. The electrician came promptly, threw the switch, and the machine ran like a charm. Gad, how embarrassing! . . . We really appreciate the swell job Mel Guillaume has done in getting out our column the last few weeks. As Mel needs more time for his class work Jack Olinke has come to the rescue. Thanks.

Apprentice Group to Hold Banquet Tues.

The 1953 Spring Banquet of the Apprentice Alumni Association has been slated for Tuesday, Feb. 10, at the Chamber of Commerce, Don Greenler, president, announced this week.

Beginning at 6:30 p.m., the meeting will include a smorgasbord. The evening's program will consist of a magic show by Elmer Smith, Fort Wayne magician, and movies on the subjects of sports and television, Don Miller, entertainment chairman, revealed.

Tickets for the banquet are \$2 and may be secured from contact men or at the Chamber of Commerce prior to the meeting.

Other newly appointed chairmen for the organization in addition to Mr. Miller are: Wayne Boester, membership; Charles Bracht, sick and welfare; Marc Junk, athletics, and John Leffers, publicity.

Niagara Trip Reservations Due Feb. 16

Monday, Feb. 16, is the reservation deadline for the Elex-sponsored week end trip to Niagara Falls, which will be conducted Saturday, Feb. 21, and Sunday, Feb. 22, Roqua Wibel, president reported this week.

Reservations may be made with contact girls, Mary Jane Horrell, Women's Activities office, Bldg. 18-1, or Evelyn Blakley, Taylor St.

Price of the trip, which is open to both members and non-members of Elex, is \$23 per person on a three-to-a-room basis. If persons wish a hotel room on a two-to-a-room basis, the price is \$2.25 extra per person. A fee of \$5 will serve as a down payment in making a reservation. Final payments should be made by Friday, Feb. 20.

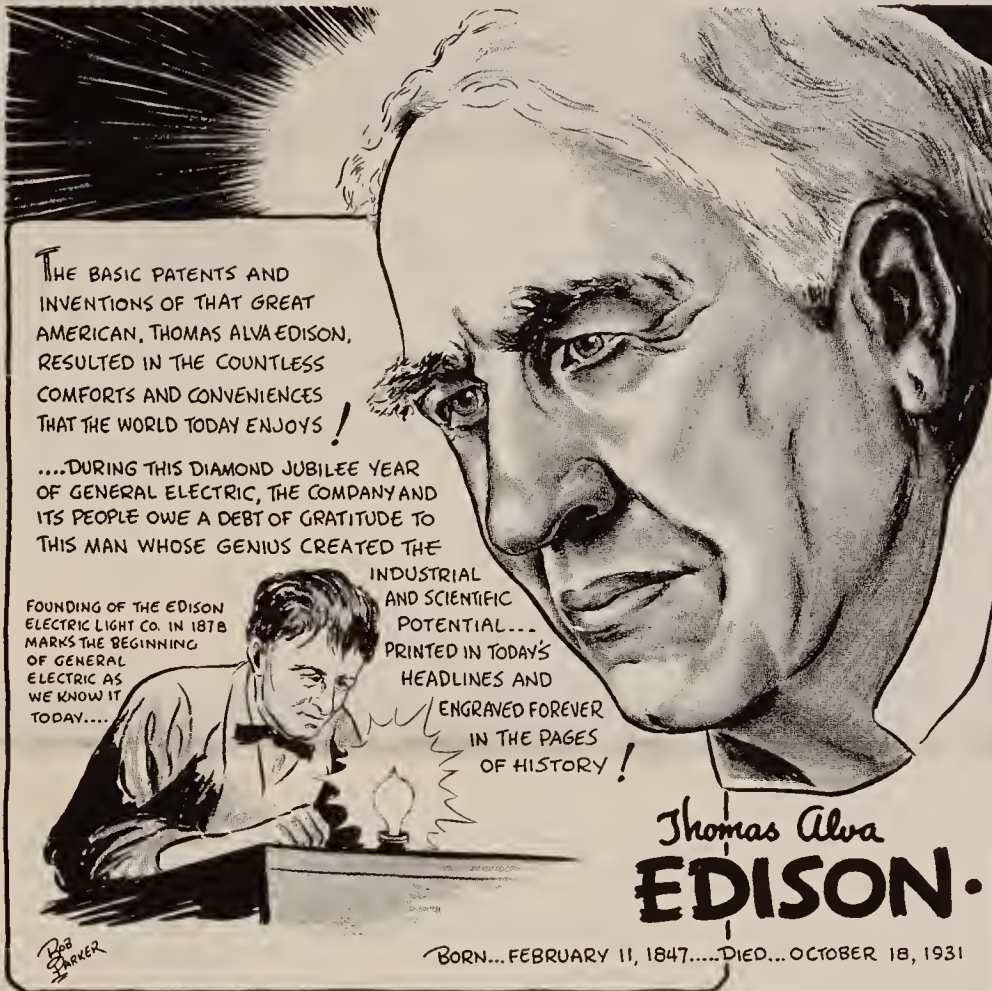

Included in the price of the two-day excursion are: train fare round

Robert F. Hunt Appointed Superintendent Of Spec. Transformer, Ballast Sub-Sect. 91

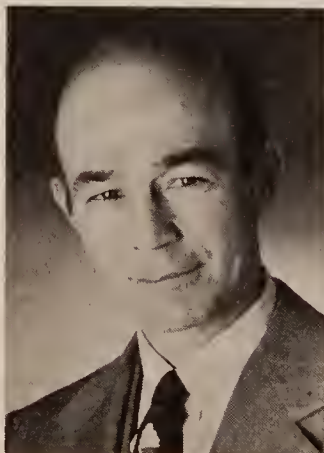

Robert F. Hunt has been appointed superintendent of Specialty Transformer and Ballast Sub-Section 91, Elmer Paul, manager-manufacturing, announced this week. Sub-Section 91 includes metal parts and treating.

In 1929, Mr. Hunt joined General Electric and entered the Apprentice School. He graduated from the tool and diemaker course in 1933 and went to Bldg. 17-4, where he was an engine lathe operator.

When he entered STAB in 1940, Mr. Hunt became assistant foreman in Bldg. 26-3. In 1942, he was named foreman of the developmental section, Bldg. 26-2. He was appointed assistant general foreman in Bldg. 26-3 in 1947 and one year later, became general foreman in the same location.

After moving to Sub-Section 91 in 1951, he became general foreman and later that same year, assistant superintendent in the same location. This was his position at the time of his present appointment.

Mr. Hunt is a member of the Supervisors' Club, Foremen's Association, and Apprentice Alumni Association. The Hunts and their three boys live on the Bass Rd.

Robert F. Hunt

Charm Class to Hear Romance of Silver

The subject of silver—its history, romance, and correct usage, is the theme of the fifth class of the Elex Club Charm Course which will be conducted Monday, Feb. 9, Margaret Cox, educational chairman, reported today.

Beginning at 7:30 p.m. in Bldg. 16-3, Room 20, the meeting will feature Mrs. Mabel G. Edwards, of Koerber's Jewelers. Mrs. Edwards will illustrate her discussion with some traditional silver serving pieces. A film, "The Romance of Silver," will also be shown.

Squares Plan Valentine Day Dance at Hall

Members of the G-E Squares have announced plans for a Valentine Day dance, Saturday, Feb. 14, at the Squares Hall from 9 p.m. until 12 midnight. Nyal McMullin is serving as general chairman for the informal event which will feature the music of Bob Snowball and his orchestra.

The dance is open to all Squares and Test Engineers members and their guests. Tickets, which may be secured from contact men, are \$1.75 per couple for members and \$2.25 for non-members.

Assisting the chairmen with arrangements for the informal dance are: Dick Harlow and Dave Cook, in charge of decorations and arrangements; Donn Hilterbrick, ticket chairman, and Don Edwards, publicity.

Members of the Women's Division of the G-E Squares will entertain their husbands at a Valentine party, Tuesday, Feb. 10, at the Squares Hall, Mrs. Milton DeJean, chairman, announced this week.

Beginning at 6 p.m., the meeting will include a potluck and bridge. Door prizes and game prizes will be awarded. Decorations carrying out the theme have been planned by the committee. Members are asked to take table service for themselves.

CREDIT UNION ELECTS OFFICERS

Glenn D. Stapleton, Bldg. 4-6, was re-elected president of the Fort Wayne General Electric Employee Credit Union at the annual membership meeting conducted last week.

Other 1953 officers are: Wilfred K. Holloway, Bldg. 26-1, vice president, and Lee Cupp, secretary-treasurer. Re-elected to the board of directors are: Willard F. Smith, Bldg. 4-4; David N. Slater, Bldg. 17-2; Vern L. Gratts, Winter St.; Edgar A. Gallmeier, Fairfield; William F. Suelzer, Bldg. 26-2, and Mr. Holloway.

All members may send or deliver their pass books to the Credit Union office now so that the 1952 annual dividend can be posted, Lee Cupp announced. The Credit Union is located at 1021 Swinney Ave. It is open from 7:30 a.m. to 4:30 p.m. Mondays through Fridays and until 5 p.m. Tuesdays and Thursdays.

Approximately 8,000 employees are now members of the Credit Union.

No. 6

February Is Heart Month

Diseases of the heart and circulation are the leading cause of death in the United States. In 1951, these diseases were responsible for 763,000 deaths.

During the same year, fatality figures for the next five highest causes of death were: cancer, 217,000; accidents, 94,000; pneumonia, 48,000; tuberculosis, 30,000; diabetes, 25,000—a total of 414,000 deaths due to these five causes.

Diseases of the heart and circulation cause one-half of all U. S. deaths. The death rate among males is one-third higher than females. About 10,000 people in the U. S. have some form of heart or blood vessel disease. Of these, an estimated 500,000 are elementary and high school children.

Heart diseases can and do occur at all ages. However, over the age of 35, diseases of the heart and blood vessels lead all causes of death. Nearly one out of two deaths after the age of 45 is caused by cardiovascular disease. One quarter of all deaths that occur between the ages of 25 and 45 are due to cardiovascular disease.

The three most important forms of these diseases together account for about 90 per cent of all heart damage. They are rheumatic heart disease, which is caused by rheumatic fever; coronary heart disease, caused by hardening and narrowing of the coronary arteries (arteriosclerosis); and hypertensive heart disease, resulting from high blood pressure (hypertension). The causes of rheumatic fever, hypertension and arteriosclerosis are still unknown.

Heart diseases caused by arteriosclerosis and high blood pressure are by far the most common form. Ninety per cent of deaths from cardiovascular disease are caused by arteriosclerosis and high blood pressure. Rheumatic fever and rheumatic heart disease constitute one of the leading fatal diseases among young people between the ages of 5 and 19.

Rheumatic fever is responsible for a considerable percentage of heart disease at all ages. It is estimated that more than 1,000,000 people in the United States today suffer from rheumatic fever and rheumatic heart disease.

The economic cost of heart disease is staggering in terms of loss of life, absenteeism, disability, loss of gainful employment, and treatment programs. An estimated 152,100,000 work days—or billions of dollars in productivity—are lost each year because of heart and blood vessel disorders.

Sleuthing

in 4-6

by Gil Baker

OUCH: Wayne Perry is a full-fledged member of the Floor Sitter's Club. He really joined with a bang!... HAPPY BIRTHDAYS: To Bill Hoffmeyer on Feb. 8; to Jack Seigel on Feb. 4; to Bob Langdon on Feb. 5; and to V. Kempinen on Feb. 11... THE BIG DAY: Leon Diegel celebrated his 25th year with the Company by wearing a bright red bow tie that made everybody stop, look, and listen... IT'S BEEN DONE BEFORE: Mary Ellen Hulvey was so interested in looking for a D. E. number, that when the telephone rang she gave the D. E. number instead of the phone number... WHOOPEE: Ray Jones brought a new pin-up picture back from New York. If you haven't seen it, I think he will be willing to show it to you... DID YOU SUCCEED? Bill Hoffmeyer didn't want to work the other day, so he tried to put the phone out of commission by up-setting the file cabinet... WELL, WHAT DO YOU KNOW: This is the question Mr. Schmidt asked Ray Jones, "How long does it take your Chrysler to pass a given point?" If you see a big black greyhound, it isn't a bus, it is his new Chrysler... WHAT NEXT? The file room has been in a bad shape lately. Last Friday, Mary Smoak was so anxious to get on the elevator that she didn't even see the tool kit sitting there. She fell right over it! She ruined her stockings and skinned both knees. Then Saturday, Nancy Starke cut her hand while sharpening a knife and had to have four stitches taken. Both came in to work Monday; Mary limping and Nancy with only one hand available, but all together, they made out pretty well.

HAPPY BIRTHDAYS TO: Ernie Spaulding, Ray Solga, on Sunday, the 8th; Moose Foltz on Tuesday, Feb. 10, and Bob Johnson on Wednesday, Feb. 11... OH HAPPY DAY: Well, since the groundhog saw his shadow last Monday, guess we'll have to accept the inevitable, six more weeks of winter. Guess I'll crawl back in my hole. See you in six weeks... HELLO AGAIN: We were very happy indeed to see two of our people, stricken with flu, back at their desk after a week's absence.

WELCOME: To John D. Corbett, new TE in John Willsey's group. John is single and comes to us on his third test, previous tests being at the Lockland and Louisville plants. John is a graduate of Washington University (St. Louis) and has a BSME degree, graduating in 1952. He spent five and one-half years in the Navy. His home town is St. Louis, Mo. We hear his hobby is flying... CONGRATULATIONS: To the newlyweds, Mr. and Mrs. Robert Collins. Mrs. Collins is Mr. Clarkson's secretary, formerly Sally Dennison. Best of luck!... YIPPEE SKIPEE: We would like to offer our congratulations to Robert (Fireball) Knepple and his wife on the arrival of Debra Sue, Saturday morning, Jan. 31 at 9:48. Debra Sue weighed 10 lbs. 2 ozs. Some people sure can keep a secret. Wife and baby doing fine, we don't know about the father though!... ATTENTION: To the newcomers in Bldg. 4-6. If you are interested in being in the Bldg. 4-6 news column please contact the editor, Gil Baker. The phone number is 2332, or else you will find me in the Specialty Motor Engineering Section (formerly the DC Section).

If Your Nest Egg's Getting Low

Treat It With Idea Dough!

SICK LIST

The following people have been reported on the sick list, dismissed from the hospital, and returned to work:

Maurice Cook, John Breese, Irene Blank, Herbert Bergman, Pauline Badman, Galen Babb, Edward Andrews, Evelyn DiGregory, Rita Bowman, Grace Bullard, Walter Cook, Ted Childs, Mary Henry, Frank Brohman, Orlie Conner, Donald Edwards, Fred Coleman, Jr., Mary Goss, Frank Fogwell, Wallace Growcock, Keith Lickason, Lyle Harsbarger, William Beyerlein, Glenn Geiger, George Allen Dean Burgemeister, Elizabeth Duke, John Snyder, Deloris McBride, Ray Yarman, Marilyn Leitch, Hilda Smith, Lillian Sharpton, Willard Smith, Robert Wefel, Clara Thomas, Beverly Lothamer, Erma Thiele, Erma Lucas, Mary Jane Mertz, Charles Sheets, Ruth LaPradd, Clarence McClellan, Lucile Worline, Anthony Settimi, Virgil Link, Eileen Steinacker, Betty Walti, George Lawson, George Prince, Alice King, Melvin Faust, Inez Drummer, Velma Seibt, Wanda Score, Luke Shorter, Robert Phillips, Gene Pope, Margaret Kiefer, Margery Booker, Harry Krummen, Carl Matthias, Carl Kuzeff, Mary LeBeauf, Ludean Kintz, Phyllis Clifton, Rita Comings, James McKim, and Pauline Meehan.

Dismissed From Hospital

June Martin, Ernest Palmer, Albert Stute, Cletyce Lenz, Ernest Tatman, Robert Nicholson, Max Gentit, Anna Crosby, Eugenia Fry, Edward Andrews, and Dean Burge-meister.

Returned to Work

Kathleen Vorndran, Howard Shipman, Bertha Witham, Harry Limbach, Carl A. Miller, Herbert Pepper, Dorothy Mable, Sarah Thomson, Mary Lou McLaughlin, Carl L. Mann, Joan Ott, Frank Livingston, Michael O'Grady, Jack Wilson, Sherry Varner, William Wehrle, Zella Wittmer, Carl Wiegman, Elmer Lontz, Marjorie Trammel, Dewey Lieberenz, Thelma Os-

wald, Erma Lucas, Ray Miller, Perry Martin, Mary Markey, Lucinda Pettit, Arietta Denney, Walter Fagg, Doris Doebla, Ilo Johnston, Maxine Bakle, Alvina Koomler, Michael Dee Hamilton, William Bender, Myrtle France, Harold Baumgartner, Alton Corson, Bessie Armstrong, Edward Herrburg, Carl Bohnke, Arthur Fisher, Therom Kitchen, Ruby Graves, Virginia Curtis, Lyle Harsbarger, Inez Drummer, Nicholas Jett, Ernest Bultemeyer, Herbert Bobay, and Charles Kensill.

ECHOES

from Bldg. 19-2

by Fred McIntyre

Ray Lawrence says his favorite team, the Fort Wayne Komets, surprised him on his birthday and won their game just for him... Howard Musselman has given up smoking cigarettes but has substituted cigars. We hope he gives up smoking cigars, too... A potluck dinner will be held Friday noon, Feb. 6, in honor of Bernadina Mailand, who will soon retire... Anthony Luyes' dinner, in the form of a can of condensed soup which had become overheated, blew up before he had the opportunity to consume it... Catherine Eckenbarger insists that she is smarter than a coot. She knows enough to come in out of the rain. That is more than a rain-coot knows... It is said that Vi Trammel's lungs are extremely powerful, someone said that she was heard all the way up to the fifth floor... To a person with the initials of E. G., who prefers to remain anonymous, goes the good neighbor award. After hearing of the public appeal on the air and in the newspapers asking for help for Tommy Mann of Decatur, a victim of eye cancer, she personally instituted an employee contact for personal donations. The result was the sum of \$26 to help this unfortunate lad who will be in need of expensive medical treatment.

OUT OUR WAY

by J. R. WILLIAMS

Decentralize Small, Medium Motor Into Three New Product Groups

The Small and Medium Motor Department of the General Electric Company has been discontinued and its operation has been decentralized into three new product organizations, J. M. Crawford, vice president and general manager of the Company's Motor and Generator Division announced this week. Mr. Crawford stated that the move is essential to the better overall allocation of the manufacturing facilities and marketing functions of the assigned products.

Concurrently, he announced the establishment of a divisional Marketing Department to formulate and correlate overall broad marketing policies for all product departments. The other departments of the Motor and Generator Division will remain essentially as presently assigned.

The four new departmental organizations and their managers are: Marketing Department, Walker H. Henry, manager; Medium Induction Motor Department, Olaf F. Veal, general manager; Direct Current Motor and Generator Planning Study, Oscar L. Dunn, manager; and Synchronous and Specialty Motor and Generator Department, Fred B. Hornby, general manager. The Planning Study assignment was made in anticipation of the ultimate establishment of a Direct Current Motor and Generator Department, Mr. Crawford said.

Headquarters for the first three organizations will be at Schenectady, N. Y., and the Synchronous and Specialty Motor and Generator Department will be located at the G. E. Lynn (Mass.) River Works.

Leroy Anderson Slated for Concert By Philharmonic

Under the direction of guest conductor Leroy Anderson, the Fort Wayne Philharmonic Orchestra will present the first regular pop concert of 1953 tomorrow evening at the Quimby Auditorium, Thomas E. Dustin, business manager, announced this week. The concert will begin at 8:30 p.m.

Composer of such well-known hits as "Blue Tango", "Syncopated Clock", "Fiddle-Fiddle", "Waltzing Cat", and "Sleighride", Mr. Anderson will direct the orchestra in a program consisting entirely of his own work.

All tickets are for reserved seats only and may be secured by calling E-5806.

What Is a Presidential Primary? A primary usually held in election years, in which the voters indicate their choice for Presidential candidates.

Robert Sweeney Named Foreman In Sub-Sect. 17

The appointment of Robert D. Sweeney to the position of foreman in training on third shift in Specialty Motor Sub-Section 17 has been announced by P. Frank Peternell, superintendent. Mr. Sweeney is in winding, finishing, assembly, repair and packing on all lines on third shift.

In 1941, Mr. Sweeney joined the Company as an assembler in Bldg. 4-5. He became a set-up man in 1943 and in 1945 he transferred to the wire mill, where he was a wire enamer.

When he entered Sub-Section 17 in 1948, Mr. Sweeney did repair and set-up work. In 1950, he became a dispatcher in this location and held this position at the time of his present appointment.

Mr. and Mrs. Sweeney and their six children live on R. R. 2, Woodburn.

DITTIES FROM DISTRIBUTION

by Ruth Sorg

SHIPPING: Congratulations to Mr. and Mrs. Kenneth Crace on the arrival of a baby boy last Thursday, Jan. 29. He was named David Short. Mrs. Crace will be remembered as the former writer of this column. . . . Welcome back to Mr. Sauerbaugh, who was ill a few days last week. . . . We all wonder what Helen Elbert had in her thermos bottle the other day for lunch. When she took the top off the stopper blew up and across the room. We are still wondering, Helen. . . . Congratulations to Phyllis Poling, today, on her birthday. . . . Georgie Turnbow and her husband spent the week end in Illinois visiting friends. . . . **TELEGRAPH:** If you see a girl working in telegraph who looks like a boy, it's just Joan with a crew cut. . . . Helen Nelson and her hubby have a new Ford. . . . Anyone wanting to learn to park a car should see Cholene Schlaugh. She has a city block and cannot park her new car. . . . **MAILING:** Welcome aboard to William Holmes, the new mail boy. . . . Kenneth Schenk left us and went to Taylor St. Good luck to you, Kenneth.

Employees May Elect Survivorship Option 2 Years Before Retirement

For those employees who find it to the mutual advantage of themselves and their spouse based on individual circumstances, provision has been made by the Company for employees participating in the Pension Plan to elect to receive a reduced pension in order to provide for payments being continued after the employee's death to a surviving spouse during the latter's lifetime.

Election of the survivorship option can be made at the date of retirement subject to a Company medical examination and consent of the Pension Board or at least two years before normal retirement subject to Pension Board consent but without medical examination. In either case the election of the survivorship option is irrevocable except that in the event of the death of either the employee or his wife prior to the effective date of the option it becomes void.

Because generally this means the pension is paid out for a longer time since it is paid to the pensioner for his life and then to his

wife for her life, the pension normally payable is reduced somewhat, depending on the age of the employee and of his wife.

The employee has two options. He can arrange for his wife to receive the same reduced pension he was eligible for up to his death or he can arrange for her to receive one-half his reduced pension. A female employee may also elect a survivorship option so as to have a reduced pension paid to her husband if she should die first.

All Company pension units have available the necessary forms to make the election and can supply the reductions applying in each case where an employee wishes to determine what effect the option would have on his pension.

Karl M. Feiertag Granted Fourth Patent on Brake Fluid Mixture

The United States Patent Office has announced the award of a patent to Karl M. Feiertag, design draftsman in the advanced engineering development section of Specialty Motor Sub-Department.

The fourth patent granted Mr. Feiertag, this award covers a brake actuated by a magnetic fluid mixture.

When he entered the General Electric in 1919, Mr. Feiertag started in refrigeration on testing. In 1923, he entered the Specialty Transformer and Ballast Department, where he was a draftsman. He transferred to the Fractional Horsepower Motor Department in 1925 as a draftsman.

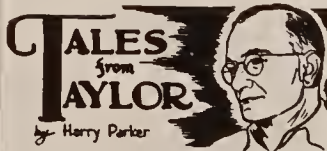

In 1941, Mr. Feiertag went to the Supercharger, where he worked in the drafting section until 1945, when he returned to FHP drafting. Now a Class 1 drafting designer, Mr. Feiertag has been on his present job since decentralization last year.

A Quarter Century Club member, Mr. Feiertag received one previous patent which covers a type of fastener and two patents applied to types of clutches.

Karl M. Feiertag

Mr. and Mrs. Feiertag and their two children live at 615 Sturgis St.

Television seems to be the chief topic of conversation among a lot of our co-workers and a lot of enthusiasm has been displayed. For instance, Evan Morris is forever bragging about his set, telling us that the picture he gets is crystal clear at all times. But we learned that he keeps a snow shovel in one corner of the living room. We wonder why. He and his wife have synchronized their every movement so that they both are before the set at the same time, thereby eliminating the necessity of one explaining to the other what was missed while

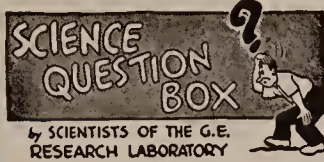

absent. . . . Phil (Tiny) Schoppman has purchased a John Deere special. It is of very rugged construction, with a cast iron cage and a sheet metal screen; practically indestructible, says Phil. After installing this set he had great difficulty in getting it to operate successfully, so he called in our TV engineer, Archie Boren, who worked evenings for more than two weeks before he got this junker percolating. Now Tiny is delighted and tells us there are now other sets on the market quite like it and we are inclined to agree with him. He is now considering chrome plating the screen, believing that this would give him a super clear picture. . . . Gaylord Evans is the latest addition to the ever growing list of TV enthusiasts. He also reports excellent reception and never retires until the stations sign off.

WITH G-E 30 YEARS—Another member of the G-E 30-year ranks is Walter Harshman, Bldg. 4-2, who marked his anniversary last month. Taking time out from receiving the best wishes of his co-workers, Mr. Harshman reads his congratulatory letter as Ira Shaffer and Neil Allen look on. In 1920, when he came to G-E, Mr. Harshman was employed in Bldg. 27. He is now an arc or gas welder in Bldg. 4-2.

RETIRE AFTER 28 YEARS—Simeon King, center, retired this week after completing 28 years in General Electric employ. Among his many fellow employees who gathered at a party in his honor were C. D. Uncapher, left, and Ed David, right. Prior to his retirement, Mr. King was an industrial trucker in Bldg. 6-1.

Q. Is it true that a radio listener may hear a speaker before people in his audience in the studio?

A. Yes. Sound waves travel about 1100 feet per second, while radio waves travel at the speed of light, about 186,000 miles per second. In a typical case the voice of the speaker might reach the radio listener in about .005 second. During this time the actual sound waves would travel about five feet. A listener in the studio, farther away than this, would hear him after the person near the distant radio receiver.

Q. How much light should there be in a room where television is viewed?

A. Television should be viewed in a room with lighting that is normal, or no more than partially subdued. With modern sets, which give blacker shadows and brighter highlights than older equipment, it is possible to view TV in a room that is fully lighted. Viewing it in such a room under proper conditions is not harmful to the eyes but, like any pleasant experience, one can carry it to the point where some fatigue occurs.

Q. Can atomic energy be used for heating purposes?

A. Yes, there have already been experimental installations, as at the British Atomic Energy Establishment at Harwell, England, where the heat from an atomic reactor has been used to heat buildings instead of coal or other fuel. However, small individual atomic heating plants for homes do not seem very probable. To operate efficiently, an atomic reactor producing energy has to be quite large. So if used for heating purposes it would have to supply a considerable group of buildings.

CELEBRATES 30TH YEAR—Leonard J. Sordelet, center, Specialty Motor Sub-Section 17 employee, tallied his 30th year of G-E employment last month. Among those present for the celebration were Leon Huffman, left, and Ray Chapman, right, two of Mr. Sordelet's fellow employees. When he joined the Company in 1922, Mr. Sordelet went to work in Bldg. 26-4. He is a set-up man on a punch press at present.

Q. I understand that the nucleus of an atom consists of a number of particles called protons, all positively charged. If so, how does it hold together? Since like charges repel each other, it seems as if the protons should fly apart.

A. You have put your finger on one of the important problems of modern physics, and scientists would like to know the answer. Evidently, in addition to the electrical forces which cause the protons to repel each other, some other forces are acting. These probably operate only at extremely short range, between the protons, and the neutrons which are also present. Such forces are not noticeable in larger units of matter. The exact nature of these "binding forces" is still unknown.

Q. As a boy I used to catch eels in inland lakes in New England. Is it true that these were born in the ocean?

A. Yes. Fresh-water eels grow to maturity in fresh-water streams. In the autumn, the adults migrate to the ocean so they can spawn in deep water, after which they die. Those in the Atlantic spawn in the Sargasso Sea, the large area of comparatively still water between the West Indies and the coast of North Africa, which is covered with floating seaweed. Here the young eels feed and grow until they are about a year old, when they migrate to the rivers.

Q. What causes flashes of light to be seen when one is in the dark and presses on the eyeball?

A. These are known technically as "phosphenes" and result from the mechanical stimulation of the optic nerve. The impulse sent to the brain is interpreted as light, which is what ordinarily causes such an impulse, even though no actual light stimulus is responsible. It has been reported that strong magnetic fields can also produce phosphenes.

Q. What are the adrenal glands and what do they do?

A. The adrenals are a pair of ductless glands, located near the upper end of the kidneys, and they pour their secretions one of which is called adrenalin, directly into the blood stream. During times of fright, or other emotional stress, this mobilizes the resources of the body for the effort required in struggle or flight. Blood pressure and pulse rate may be increased, digestion held back, the hair raised, the pupils enlarged and the amount of blood sugar increased. Removal of both adrenal glands from animals results in death in about 48 hours. Their destruction by disease in humans produces what is called Addison's disease, which usually results in eventual death.

Foremen to Elect Club Officers Feb. 11

Wednesday, Feb. 11, is the date of the Foremen's Association meeting at which officers for the coming club year will be elected. The dinner meeting, which will be conducted at the Southwest Conservation Club, will begin at 6 p.m.

A program of fishing and hunting movies has been planned. Members may make reservations with contact men.

Niagara Trip

(Continued from page 1)

trip to Niagara Falls, Ontario, Canada, via Nickel Plate Railroad; hotel reservations for Saturday night at the General Brock in Canada; transportation from train to hotel and return; sightseeing bus, and breakfast on train Saturday morning.

Special Train May Be Secured

A special train, with different departure and arrival times, will be charted if the number of persons taking the trip grows too large, the president announced. Those interested in taking the excursion are asked to make their reservations as soon as possible so that a special train may be secured if necessary.

If the group travels on regular train schedules, it will leave the city from the Nickel Plate Railroad station at 2:46 a.m., Central Standard Time, Saturday, Feb. 21, and arrive in Niagara Falls at 11:40 a.m., CST, Saturday.

Departure time from Niagara Falls is 6:30 p.m., CST, Sunday. The week end vacationers will return to Fort Wayne at 3:20 a.m., CST, Monday.

Courtesy Limerick Contest

Entries in the limerick contest, sponsored by the Chamber of Commerce public safety committee, may still be submitted.

Send in a last line to the following limerick:

A mannerless chap in Fort Wayne,
Thought highways his personal domain.

Till his near demise,
Made him courtesy wise . . .

The last line should rhyme with the first two lines. Entries should be mailed to the Safety Council, Chamber of Commerce of Fort Wayne, 826 Ewing St., Fort Wayne.

40-YEAR SERVICE RECORD—With the completion of 40 years of G-E service, January 12, Henry Doehring, Bldg. 4-1, received the best wishes of his co-workers. He reads a letter of congratulation for the attainment of his record as Sam Schrouf, left, and Fred Pyle, right, look on. Mr. Doehring joined G-E in November, 1912, and now joins the ranks of more than 150 Fort Wayne plant employees and pensioners who have completed a similar period of G-E service. He is a turret lathe operator.

G-E CLUB VALENTINE DANCE, FEB. 7, MOOSE HOME, 9 to 12 P.M. That's tomorrow night folks. "Match your heart and win a heart" promises to be a lively novelty feature of the evening. When you present your ticket at the door a committee member will pin on you a little red heart with a number on it. Somewhere in the crowd there is a heart on someone else whose number may match yours. When you find that matching heart, take the owner with you to the party chairman, Charlie Cloud, and both of you heart matchers will receive the most beautifully boxed Whitman candy money will buy. Just look at the hearts of other people as you dance. The girls matching hearts will usually be on a man and the men's on a lady. There is no time limit, no rushing, look around all evening and even the losers will win new friends. Berton Schlie, his full orchestra and vocalist, will furnish the dance music. . . . Jane Currie brought in some pictures to prove to us that she really does have six children. We believe you, Jane, and it is a very lovely family indeed. . . . Greetings to Josephine Wolpert, who celebrated her birthday recently. . . . Congratulations to the proud grandparents, Annabelle and Tibi Gehrig. The new granddaughter arrived at the home of Mr. and Mrs. Gehrig. The mother is a former employee, Ruth Fenning. . . . Max Drake has joined the gang driving bright new cars around here. Hear that there are quite a few of them. . . . Whoo Whoo. No, that isn't an owl. It is Erman Johnson (the new hoot-owl) on the third shift. Wonder how he ever manages to keep his eyes open these days? By the way, Erman, we have been wondering about the brand of cigarettes you are smoking lately. Or what is your alibi this time? . . . Believe it or not: Even some of the fellows have them. What? Why birthdays, of course. So this week we say happy birthday to Noble Drum and Jerry Ross. Jerry treated the gang but it seems as though we missed that part. . . . Two of our retired employees were seen visiting in the shop recently. One was Ralph Stanley and the other Cal Wait. Cal has been away from here for about six years or so. Glad to see you again, fellows. . . . Hello to our shut-ins, Barb Hurst and Esther Werling. We're glad to hear that Barb is able to walk a little with the assistance of her mother, but she hopes to be on her own real soon. Good luck, Barb, we'll be pulling for you. Haven't heard from Esther since Christmas, but with her good spirits and determination, I'm sure she, too, will be up and around soon. . . . Lucile Poor and Betty Hurst are on the absentee list; hope they will shake the sick bug real soon and be back with us, we miss them. . . . Have you seen Flash Gordon in his new shiny, black and red Oldsmobile? Look quick or you'll miss him. . . . We're still trying to find out who the Santa was who was so liberal in mailing "dog house" shorts. The wearer says they are useful apparel and would like to thank the sender. . . . At a recent downtown function, where there was quite a crowd, Buford Dull wanted to make sure he didn't lose his coat so he took it back to the car. When the party was over, no coat, and the car was still locked. Was Buford's face red when a good samaritan returned his coat to him. He had "safely" tucked it away in a

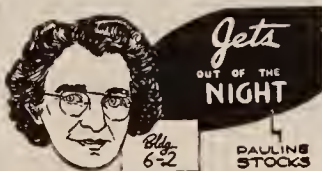

friend's car. . . . For you fellows who find it hard to go home at night, why not invest in television? For further information, check on "Paul" with Mrs. Meyers. . . . Have you noticed? Wilbur Meeks is on a diet! He was seen last night over-stepping the mark, a mere thousand calories or so. . . . Pete Schumm really loves his dogs and they love him, snow or mud, they are always on hand to welcome him home. . . . Ed Warren is expecting the arrival of 300 chickens at his home the first week in March, hope they don't give him the run around like the pigs did or he'll be a mere shadow. . . . Fred Busse is still as inquisitive as ever. He can't understand why he doesn't get more details on what is going on at the G-E. Says he's going to come in for a visit some day just to get the dope. . . . See you at the dance tomorrow night at 9 o'clock.

James Stevens deserves first mention today as his two small daughters placed one and two in one of the events at the ice skating derby. Nice training, Jimmy. . . . Jury duty would be a bore some thing to Kenny Zurbuch except for one thing. He likes those chicken dinners they serve. . . . Since Don Stroh has taken over that Swiss jig bore he's developed an urge to see the world. A new two-tone brown car will help him satisfy that feeling this summer. . . . One morning last week Don Alcott hungrily opened his lunch box to partake of his mid-morning snack. Much to his dismay all that was there was a dog biscuit. Not to be denied, he tried sampling one but just couldn't get it down. Boy, his wife really pulls jokes on him! . . . The office welcomes Sterling Reber in the production unit. . . . DIE PLANT: Bob Bryan has set up housekeeping in his new home which is three miles from work, and now gets here on time. He claims it's that good G-E alarm clock that does it. . . . Ed Stahl, whose wife picks out those bright colored shirts for him, journeyed all the way to Lansing, checking on Michigan's basketball team. . . . Our congratulations to Walter Hazelett and wife on that fine new son. Walt says he's feeling younger all the time. . . . When Ross Coghagen invited the cat to jump up on the bed he didn't know the kitty had just come from the coal pile. Just another way to torture your wife, Ross. . . . The second shift welcomes Addison Adams, Charles Dowling, and Frank Owenson. . . . Ron Blodgett has welcomed a new Buick. . . . Our sympathy is extended to Harold Cutler on the death of his brother. . . . John Snyder will be absent for a few months due to an operation. We wish you the best of luck and a speedy recovery, John. . . . Bob Krugh says he is going to stay out of Decatur. Everytime he goes there it costs him money. For instance, last Saturday he became interested in a television program in one of Decatur's stores—the Krugh's now have television. . . . Ren Getty, who is usually pulling them up through the ice at this time of year, can blame it all onto the lead pipes in his house. Searching for a leak in the bathroom plumbing he accidentally drilled a hole through a lead water pipe. One new thing led to another and now he's remodeling the whole bathroom—oh well, maybe they aren't biting anyway, Ren.

We are glad to see Jean Fry back at work with us. Jean has been off work ill for a week. . . . Glenn Hobbs and Lewis Miller are in the habit of winning the card games they have every noon against Harry Rollins and Kermie Griffen. It was thought for awhile that the cards were marked until Kermie and Harry came up with a big smile on their faces. They won a game for once. . . . We have been wondering what reason Patsy Garee can give for missing so many Mondays in a row. . . . Don't forget the transformer skating party, Feb. 11. All profits are going to the March of Dimes. So kill two birds with one stone, do a good deed and have fun. See you at the rink! . . . We are wondering about Ruth Freeland's missing wrench she didn't have. . . . Fred Leinker unpacked his violin from among the mothballs a couple of weeks ago, and at the latest report is coming along fine. Fred is now playing with Harry Bailey and George Mannisto, from this floor, and a bass player from Taylor St. Keep your ears tuned for this quartet, you'll be hearing them soon. . . . Charley Bailey was trying to adjust the speed on a pneumatic wrench when all of a sudden, whoosh! Charlie is still hunting for the adjusting screw. . . . We want to welcome Philip O'Shaughnessy to Ed Lauer's section. Philip is a pre-dental student at Indiana University. At present Phil is studying at night. . . . Millie Strickler asked Chola what the bump was on her arm. Millie misunderstood Chola. She thought she said a rusty muscle instead of a ruptured muscle. . . . We are glad to hear that Ed Lauer is feeling better. Ed was off with the flu a few days last week. . . . Cora Bucher will be married tomorrow at the First Evangelical United Brethren Church. Cora left us last Friday. . . . Ruth Freeland is slipping, she was seen wearing a flannel shirt. . . . Our busy little fellow, Art Pequignot, had a trying day last week. The next Cadillac you get, Art, let us know. We would all like to give it a test run. . . . "Never run after a street car or a woman; another will be along presently."

What happened to cause Don Rose's chair to break? . . . Mary Boyd had the itches but it was only the glass tape she was working with. You'll get used to it, Mary. . . . Anyone needing salt should see Pete Macke, he has the latest in this line. . . . We welcome Paul Hancock on our floor and hope he likes it here. . . . Ronald Gordon has been transferred. We hope he likes his new job. . . . Cupid has been quite busy on our floor. Don Rose and Pearl Macky were married Jan. 24. . . . Gladys Groh changed her name to Blue on Jan. 24. Congratulations to you all. . . . Marie Bruggencote was really in a bad way recently. She had laryngitis and really couldn't talk. Poor Marie. . . . Virginia DeCamp has a novel way of washing her boots. She puts them on, then puts feet and boots in the basin. Quite a trick if you can do it, Virginia.

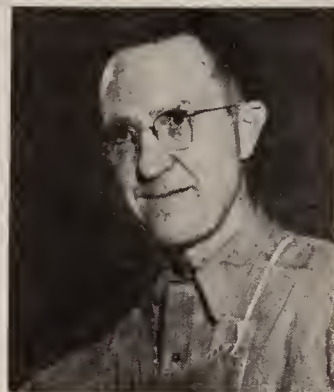

Inquiring Reporter:

DO YOU THINK CONGRESS SHOULD BE TELEVISED?

GEORGE W. SCHAFER
Bldg. 26-1

"I think it would be very educational and would assist citizens in knowing their Congressmen better. Also, we would get a better idea of what they are doing for the people they represent."

FRED ALLES
Bldg. 4-4

"I think Congress should be televised because this would be very interesting to the American public and very educational to the school pupils."

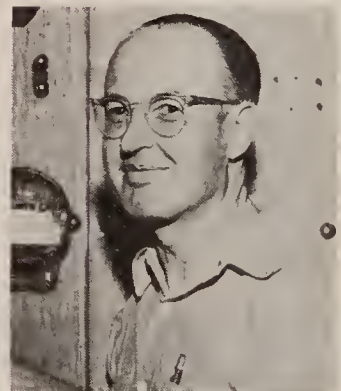

LUCILE E. SCHELPER
Bldg. 19-1

"Yes. The public could see what our Congressmen are doing and who is in attendance and alert."

RAYMOND H. BAILEY
Bldg. 9

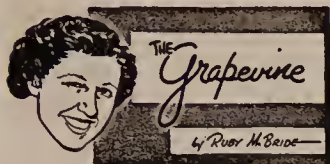

"Yes. Congress should be televised to keep the people well informed of the workings in Washington. The more information we have, the better citizens we should be. Good lawmakers, too, should welcome the opportunity to reach their people in this manner."

DELORES BORNE
Taylor St.

"If Congress were televised, I think people would take more of an interest in it. It would help school children to understand the meaning of Congress and its purpose and procedure. I think if Congressmen knew the public was watching them and could hear everything that was said, they would get down to business and get things done much faster."

There's a reason for that frustrated look on Bill Oberlin's face. His name was drawn for the \$500 award on Bank Night at a local theater and Bill was sitting at home in his easy chair. . . . We welcome Bill Hanley back to Bldg. 17-1. Bill has been working in Bldg. 4-1 and before that at Winter St. . . . Kurt Harz is starting his spring cleaning early. He painted his living room over the week end. . . . Our sincere sympathy to the Ray Epperson family on the death of Mrs. Epperson's mother. . . . Dewey Lieberenz has received a letter from Clyde Hemrick enclosing some clippings from a Clearwater, Florida paper's fishing news. Clyde and Albert Ehrman, another Fort Wayne resident, brought in 40 trout and again a few days later their catch was 18. Clyde says next he's going to try some deep sea fishing. . . . Paul Lahmon is back on days. . . . Art Holterman brought his lunch on Saturday but had to phone out for reinforcements before noon. He says the sandwiches were too thin! . . . We'll all go out to Don Dickison's for fried chicken when those eighteen hundred baby chicks grow a little bit.

SALES OFFICE: Congratulations to Mr. and Mrs. Dean Axtell on the arrival of a baby boy, Steven. . . . Jerry Doeden is spending two weeks at Great Lakes in Naval Reserve training. . . . Things are very quiet around the office now that the election and the inauguration are over. Al Larman put away his soap box for another four years. Of course, he'll still be on hand anytime Ike needs him. . . . Last Saturday night, at the Sears pavilion, the ballast engineering group had a successful square dance party. One square in particular really stepped lively when Wes Brooks proceeded to revolve the record at a much faster pace than normal. . . . We are glad to have Dorothy Connor back.

Wonderful Experiences Highlight Lydia Schott's Holy Land Trip

With a bright sparkle and beam of happiness shining in her eyes, Lydia Schott returned to her job in the Broadway cafeteria this week after spending more than one month on a trip through Israel, Italy, Greece, and France.

Contributing to the glow of happiness in her eyes are the many experiences she had during the excursion. Making the journey as a Baha'i pilgrimage to Haifa, Israel, Lydia and her daughter, Adah, sailed from the United States November 29. They spent 13 days in Israel as the guests of the international leader of the Baha'i religion.

The week before Christmas, Mrs. Schott and her daughter received word that they might be able to meet the new President of Israel and his wife. On December 24, they had tea with that country's top official and his wife at their home in Jerusalem.

Significant of the times was the greeting that Israel's first lady asked Lydia and her daughter to use when they met the President. This greeting, "Shalom", which is the Hebrew word for peace, is used a great deal in much the same way as the American greeting of "Hello."

Later that same day, from a hill on the outskirts of New Jerusalem, Lydia watched the pilgrimage of Christians to Bethlehem.

Other events of Lydia's trip, which are now a part of pleasant memories include sailing from Italy to Israel on the maiden voyage of an Italian ship, visiting with the people of Israel, touring cities in Greece, Italy, and France, and returning home on the Queen Mary.

In addition to the souvenirs and gifts which Mrs. Schott brought back from her trip, the memories of the event will linger for a long time.

What Is the Function of Congress? Congress is the legislative branch of our government. It has in addition to other general powers, the power to lay and collect taxes, regulate commerce, declare war and to enact laws for the common defense and welfare of the United States.

SOUVENIRS—Lydia Schott, left, Broadway cafeteria employee, shows some of the souvenirs she brought back from Israel to a co-worker, Slossie Straley. Lydia is explaining how the earrings held by Slossie, are made.

Our deepest sympathy to Lem Coats, whose mother died; Cliff and John Nail on the death of their father, and to Margaret Cowan, whose husband died recently. . . . Bob Hatfield, Butch Claymiller, and George Ely went fishing up north. They received some useful gifts from the boys in the shop, which included a fish hook, pouch, and oil can. We never did hear if they caught any. . . . Johnny Repine had a little trouble with an air hose recently, all he could get out of it

was water. . . . Did you know that Jean Fry met Mrs. Ernie Hanauer? Jean related a very interesting tale to her before she found out who Mrs. Hanauer was. You should check those tales before you repeat them, Jean, it would save a lot of embarrassment. . . . Ernie Hanauer was called to check a fire in a vent pipe and found a roasted pigeon in it. There must be an easier way to fix a lunch Ernie. . . . Did you know that the usual gang went up to spend the week end at Ed Trabel's cottage? There must not have been much fishing done, not a word was said about it. . . . Mike Alwine, Bob Cuney, and Ernie Reed all bowl on the same team. Bob, who seems to get stuck quite regularly buying the favorite refreshment, can't figure out how Ernie, after having to buy, still came out ahead. Must be higher mathematics, Bob.

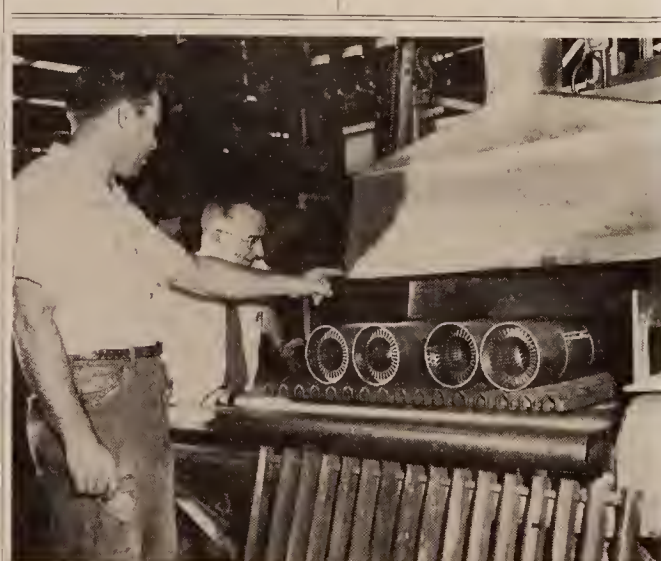

What Is Your Tax Rate? The tax rate varies according to income, but it is estimated the average taxpayer of medium income pays federal, state and local governments in excess of 30 cents in taxes for every \$1.00 he earns.

\$90 FOR SUGGESTION—By sending the suggestion committee his outline for an improved method of forming coils thereby reducing scrap rework, Harold Niemeyer, leading operator in Bldg. 26-4, received a \$90 suggestion award. On hand to extend congratulations to Mr. Niemeyer, center, were Don Waldrop, left, and W. C. Bender, right.

We are glad to see Sherry Varner back at her desk after being off work for an operation. . . . Our sympathy to Ed Lepper on the death of his sister. . . . Kenneth Nulf says the barber in the new shop that opened on Broadway just north of the elevation does a good job of shearing. . . . It is said: "In the spring a young man's fancy lightly turns to thoughts of love." Not so with Frank Kartholl. All his thoughts are of the circus. . . . A new one: Ed Lepper came to work with a black eye. Of course, as always, the little woman got the blame. But Ed says his tractor kicked him. Unbelievable, isn't it? . . . We are sorry to have Floyd Mutton off sick. We hope he gets well fast. . . . **ATTENTION:** Anyone having a farm for sale should contact Perk Sickafus, he'll help you sell it. . . . Bill Bellamy is back on the job after being off sick.

IDEA PAYS OFF—An idea for a change in the strap hanger used in roller hearth ovens which would reduce maintenance work paid off with a \$95 December award for Robert Winebrenner, GAC Sub-Section 13 employee. Pointing out how this suggestion can be applied, Mr. Winebrenner, an oven annealer, discusses it with Ralph Dunlap.

We bid farewell to Emma McCormick, who leaves our office to go to Bldg. 31. Emma was very well liked by everyone in the building and we are sure she will make many new friends in her new location. . . . We are glad to have Pat McCutcheon and Red Juergens back with us. Pat wants me to inform everyone that the McCutcheon Loan Company has gone out of business. . . . Red Juergens spent several weeks at home recuperating from his operation and had to listen to all of his wife's favorite radio serials. Now the first thing he wants to know when he gets home from work, is what happened in Linda's First Love, John's Other Wife, and did they call Doctor Kildare? . . . Our truck caught fire the other day and might have burned up had it not been for the timely action of our fireman, Smokey Castle. . . . Castle says his little woman is getting hard of hearing. When he wants to call her, and she's downstairs, he stomps on the floor. He has to stomp so hard before she hears him that he's knocking all of the plaster loose. How about a buzzer system, Castle? . . . Henry Wells likes to get an early start for dinner. The other day he was all washed up and ready to go when he discovered it was only 10 a.m. We know Ma's Hash House is crowded, Henry, but you don't have to leave that early to get a seat. . . . Bldg. 22's faithful old clock has finally quit running. It has been running for many years and as far as I know it is the only clock the building ever had. But it has served its purpose and like many other old-timers, will be replaced by a new-comer. Paul Miser took it down and tenderly placed it on a shelf in his cupboard. Probably for sentimental reasons. Paul must have watched that old clock as much as anybody. . . . Worry is like a rocking chair. It gives you something to do but it doesn't get you anywhere.

INFORMATION CLINIC

WANTS WEEK NUMBERS ON CHECK STUBS

QUESTION:

Why don't the check stubs have the week number printed on them just the same as the check? This would help the employee keep them in order.

ANSWER:

We have received several suggestions and questions on this matter, and while we recognize that it would be a convenience to employees, we are unable to print the week number on the checks under our present set-up.

The special tabulating machine on which the checks are made out has a limited number of type bars for information on the stubs, and all of these are now being used.

WHY PENSION NO. IS REQUIRED AT EMPLOYEE STORE

QUESTION:

Why is your pension number required to get a purchase order from the G-E store? Does this in any way affect your pension?

ANSWER:

Most of our retired employees are recognized by Employee Store personnel. In the event we fail to recognize one of our pensioners, we do ask them for their pension number. This is only to be sure that the purposes of our employees' and pensioners' purchase plan are protected. The discount schedule allowed to pensioners and employees is for their use only, and sometimes it is necessary to ask for identification.

This does not in any way affect your pension.

HOW TO NAME CONTINGENT BENEFICIARIES

QUESTION:

How do I name contingent beneficiaries for my life insurance?

ANSWER:

All employees who belong to the General Electric Insurance Plan may name a preferred beneficiary and a contingent beneficiary or beneficiaries. This will protect the employee against the death of the preferred person and will designate that life insurance proceeds be paid to the contingent beneficiary.

In order to name these contingent beneficiaries, the insurance certificate should be brought to the proper payroll section, where these forms may be processed.

RADIO HERE TO STAY AS ONE OF G-E PRODUCTS

QUESTION:

I would like more information about whether or not General Electric is getting out of the radio business and going all out for television sets. At one of Schuler's stores I was told no more G-E radio consoles or table models were available and at the other one they said they would handle no more small radios.

ANSWER:

We are happy to inform you that the General Electric Company is not going out of the radio business and our plans for 1953 call for sub-

stantially increased production over 1952.

The demand for our line of radios the last two months of 1952 was most excellent and far exceeded our ability to satisfy the need of our dealers throughout the country, leaving many of them and our distributors in a sold-out condition, which, incidentally, is still in evidence because we have not been able to fill the pipelines.

We are doing everything possible to catch up and have gone to a six-day week at our factory to improve deliveries.

UHF RECEPTION FOR CITY TV

QUESTION:

I would like more information about UHF television in Fort Wayne. I have talked with three different dealers and received three different answers about antennas. One says no antenna is necessary. Another says that the same antenna used for VHF may be used for UHF, and another says a special antenna for UHF is necessary. Who is correct?

ANSWER:

Under certain conditions, it is true that no antenna is necessary for UHF reception other than a built-in or indoor antenna. These conditions are: (1) The set should be no more than approximately 5 to 10 miles from the station's transmitter. (2) Reception conditions must be good.

At present, Fort Wayne receives a fringe area reception of Very High Frequency which requires an outside antenna.

The same antenna that is used with VHF can be used with UHF if it is one of several models now on the market which are advertised to pick up both types of reception. These antennas can be used now in Fort Wayne and also later when both UHF and VHF are available.

There is a special antenna made for UHF reception only, but an indoor or built-in antenna will be all that is necessary to pick up UHF in Fort Wayne after a TV

station is located here. Since both fringe area VHF and UHF will be available in the city, it is better to get the type of antenna which picks up both UHF and VHF.

Local UHF reception will depend upon the station frequency.

PAVING FOR PATHS IN McCULLOCH PARK

QUESTION:

I would like to know if the G-E could contact the city of Fort Wayne about putting a cement sidewalk from the Lindley gate to the center of McCulloch Park since hundreds of people pass over this path.

ANSWER:

Acting on your recommendation, the General Electric Company referred this matter to the Fort Wayne Board of Park Commissioners. A spokesman for the board explained that the sidewalks in McCulloch Park were placed there particularly for park usage. At the time, it was not anticipated that General Electric employees would journey across the park to and from work.

The dirt path to which you have referred is but a few feet parallel to a concrete sidewalk which could be used by those walking through the park. Also, it has been the experience of the Park Board that often persons prefer walking on a dirt path rather than on concrete and would continue to do so regardless of where there was a sidewalk. Therefore, it was concluded that placing a new sidewalk across McCulloch Park would be an unnecessary expense to the city.

Flying HIGH

BUILDING 6-4

by Ivy Mills

Come, all my children, and you shall hear of the midnight walk of George Scherer. As George was walking out to his car, he stumbled and fell and cracked his teeth. That wasn't bad enough, when he got to his car he had a flat tire. If any of you heard a terrible explosion, that was George giving vent to his feelings as he was changing that tire. . . . A lost week end was had by Rosie Diem

HAPPY ANNIVERSARY—was the wish of the fellow employees of Herb Jesse, second from left, who chalked up his 30th year of G-E service recently. Among those extending congratulations are (l-r) Fred Gerhard, Doug Blessing, Henry Guenther, and Homer Thayer. Mr. Jesse is a cost man in tools at the Tailoring Building at present.

—two smashed fingers and a bump on the noggin. Rosie says as long as she is able to talk she has nothing to worry about. Really, Rosie, you don't have to protect your bowling ball to the extent of putting your fingers around it to keep the incoming ball from scratching it up. The ball is a little tougher than your fingers, you know, and also when you close your car door keep your fingers back 'cause it really hurts when the door closes. . . . The deep freeze bug seems to be hitting a lot of people. Louis Becker is sure proud of his. If you want a nice steak dinner just call on Louis. . . . The added exemption Victor Timmerman acquired when he took unto himself a wife seems to be paying off. He has a brand new Chevy. Boy, is Harry Hedglin drooling! . . . TV-itis finally got Howard Louthan. Since he has his new set, he and Arlo Hawkes have a lot to talk about. "Did you have snow last night?" "Yeah, sure did, and just as it got to the 'who done it' stage, blooey, nothing." . . . Victor Wiegand's ability as a good tester sure gets around. Barbara Ternet wants him to test computers for her. She thought she would give him a break after all the slow speeds he's been having on the 10 frame line. . . . Victor and Pedro have decided to try a little project all their own. I understand they bought a bottle of Hadacol and are going to put a few drops in each bearing. Might work, boys. . . . Kathy says thank y'all for her lovely gifts. She received a snazzy all aluminum bathinette, diaper bag, two pairs of rubber pants, and a blue potty. Good luck, Kathy, we are glad you liked them and thanks for the candy. . . . All seems quiet on the Bldg. 6-4 front, the flu bug has been mighty busy this last week and has left us with a lot of casualties. Hope everybody gets back to work soon. . . . Act one. Scene two. Guess your typist can have a thought now and then, too, so with Ivy on the side lines I would like to remind you that many famous people have birthdays in the month of February. Let's see, there was Lincoln, Washington, Roosevelt, and, oh, yes, Fred Springer, Feb. 3, and Ivy Mills, Feb. 4. In case you don't know what they are famous for, Fred the Tester, and Ivy the Jester. She does do repairing on the side, too. I asked them their ages and the answer was 29 each. Hmmm.

We extend our sincere sympathy to Irene Drabenstot whose mother died last week. . . . If you miss a smiling face on second shift it is Dotia Jett, who is on first shift now. . . . Thelma Trent is a happy soul, her husband is home for a few days' furlough. . . . We wish a speedy recovery to Mayme Perryman, who is in the hospital. . . . Coy Weber recently spent a week end in Chicago visiting her new relation. . . . Did you know that Ruth Sparks is on a diet? . . . The girls on the brazing line wants to know when they are going to get their steel helmets. . . . Did you know we have a Robert Taylor working in die cast? . . . Dorothy Guiff says she blocks her telephone bell so it doesn't ring and wake her up in the morning. Now we know, Dot, you must have rest, but you should get up in time to dress correctly and not get your sweater on backwards. . . . Johnny Suciu says you should live fast, die young, and make a good looking corpse. . . . Norma Hicks and Rita Wolfe got tired working on G. L.'s Saturday night, so they took off at lunch time for a show. . . . Alma Raymer and Dorothy Hart called on Ruth LaPradd at the hospital Monday. . . . Did you girls see Dorothy Guiff's new hula hula apron last week? It was very becoming. . . . The 51 frame girls gave Ruth Bock a handkerchief shower before she left. . . . The Drury's just sat home and let the fire go out. The serviceman forgot to fill the oil tank. . . . Who took the olives that Ruth Sparks was going to take home to her husband? . . . Maxine I. started out for work with a pineapple upside down cake for a potluck, but when she slammed on her car brakes the cake went all over the car floor. . . . Ruth LaPradd wants to thank her friends and co-workers for the gift she received while in the hospital. . . . Norma Huff was off ill a few days last week. Guess the flu caught her. . . . Norma Hicks' boy friend can really fry chicken. That is the kind of man a woman should have.

GENERAL ELECTRIC

INFORMATION CLINIC

L. C. SWAGER, Manager
Employee and Plant Community Relations
Bldg. 18-2

I would like more information about.....

It is not necessary to sign your name. If your question is of general interest, it will be answered in the NEWS. If not, we will send you a personal answer, providing you have signed your name and address.

Location.....

A SAVINGS ACCOUNT BOOSTER—The suggestion submitted by John G. Weber, GAC Sub-Section 13 employee, brought a \$300 deposit to his savings. Mr. Weber earned his award for suggesting an improved method of wire brushing the burr of motors. He is shown at left discussing his idea with Don Arnold.

Stormy Weather

From 17-4

by Maxine Baker

We'd like to wish Harold Roemke the best of luck on his new job in Bldg. 6-2, and we hope he comes to visit the gang once in awhile. . . . Howard Brooks celebrated his birthday last Friday and treated the office to cokes, with the kindly help of Clarence Nussel. We all hope that you have many more happy birthdays, Howard. . . . Hilda Wolf is getting ready for spring, I see, with her new pony-tail hair-do, which we all think is quite becoming on her. They tell me, Hilda, that the latest thing in hats is a cut-out hat so that the pony-tail can hang out of it in the back. Sounds pretty cute, you ought to look into that. . . . We'd like to welcome Jeanne McCarthy to the floor, who, by the way, hails from Texas. We hope that she likes it up here by this time, but I hear that she does not like our weather, and can't say as I blame her for that. . . . NO TICKEE, NO WASHEE, or something like that is what Clarence Nussel had to go through the last time he went to pick up his laundry. It seems that the laundryman did not recognize him with his mustache and would not give him the merchandise until Clarence finally convinced him that he was the same person. I wonder what he will have to go through now since he shaved it off. The man will think that he is trying to pull the "now you see it—now you don't" act. . . . We are glad to see that all our sick people are back with us again after being bit by the flu bug. . . . I don't imagine that Mr. Mettler will be asked to lunch again by Cy Seymour, he didn't have the same "taste." . . . Everyone wanted to know who the fellow in the picture with Modeen Smith was, but after closer view, they found out that it was Jim Smith, her husband. . . . All the girls are wondering if Helen Fletcher just doesn't need what is in her purse, or doesn't she carry anything in it? The way

she always leaves it lying around and even goes down the elevator without it got us to wondering, Helen. . . . The mustache fad is catching on quick. Russell Noll has tried it now and he even has taken to manicuring it. . . . Larry Reed was almost minus a tie the other day when he finally decided to take it off before he got it clipped off. . . . Next Wednesday and Friday we get our back pay checks, in case some of you are still moaning over your income tax payments. . . . We were all sorry to lose a nice guy like Cliff Dunten but he chose to work over in Bldg. 4-5. We will be looking for him to pay us a visit now and then. We certainly wish him a lot of luck on his new job.

6-4 AIRLINERS

by ELLEN BAUER

Joe (Josephine) Dennis can be hired for \$2 an hour for spring cleaning, he is quite handy with a vacuum cleaner. He does a very good job from the clean condition he has the heat run racks in. Here's hoping your wife fails to read this week's G-E News, Joe, she might give you a steady job. . . . Will someone please look up the word fragile, the 10 frame line is confused as to its meaning. . . . Come one, Walt R., fess up, where do you keep your ears? I didn't know they were detachable. . . . Lizz, did you ever find out who Art is? If not, ask Florence Weber, she will tell you. . . . We were glad to have Bonnie Marks visit our floor the other day. Come back and see us again, Bonnie. . . . Even if we do have to walk, Arno, the next time we hope the elevator doesn't wait. . . . Lois T. spilled her soup the other day at the cafeteria and had to get in line again. Maybe you can get someone to carry it for you, Lois, if your nerves are a little jittery. I am only kidding, Lois, believe me.

Josephine Lutz is very generous sending Cozette Walper empty candy boxes. Cozy would appreciate it if Josephine would leave a little candy in them. . . . Ed Brockall can't understand why Sarah Moore always has good television when he doesn't. Maybe if you got a G-E set you might have good reception too, Ed? . . . Gladys Pantazin should get a safety belt when she rides in a Nash Rambler. Anyway, she is a whiz when it comes to pushing eggs around with a cue stick. . . . Laura Adams should realize she isn't as young anymore and can't stay up late every night. She can't understand why she is so tired. . . . Ed Fiedler finally was lucky and won the basketball pool. . . . Kenny Brown found out that the Studebaker is no exception when it comes to running without gas. . . . Leonard Diehl really attracted attention Monday when he came in with his new bright red shirt. . . . We hope that Maude Coomer, Bernadine Warner, and Carl Reidel will soon be able to be back with us after being ill. . . . Mr. and Mrs. Ralph Johnson are the parents of a 11 lb. 2 oz. baby boy, born Saturday. Mrs. Johnson is better known as Virginia. . . . The girls would like to know if Doyle Sheets has found a new brand of Kleenex. . . . Congratulations to grandpa Herman Walters on his new granddaughter. Mr. and Mrs. Rex Walters are the parents of Reva Lynn. . . . We wish Guy Johnson many more happy birthdays. . . . We welcome George Pool in Section 17x80, 17x41, 17x70, and 17x580. He comes from Chicago and saw considerable front line action in Korea. He is noted for his athletics and we wish him every success in Fort Wayne. . . . Ed Wiley has scars on his forehead from not having his sheep trained properly. . . . Earl Fredricks has a new canary and he says the cats had better stay away.

APPRENTICE BROADCAST

by Jack Olinske

If you see some good looking guy driving an imported car don't be surprised, it's only Don (Bet a Million) Beitz. Don's grandfather left \$300 to him so now he's in the chips. . . . In the past week there have been several transfers. Jake Gongaware has been transferred from the grinders to the bench in Bldg. 19-4, Roy Gawthrop was transferred from lathe work to the grinder section in Bldg. 19-4, Bill Dasher is back in school in the mill section after returning from Bldg. 19-4, and John Blair is now working in Bldg. 19-5, learning the art of turning on the lathe. . . . Jim Webber wants to thank the stalwarts who helped him move recently. So thanks to Don Beitz, Don Bohner, and Jack Olinske for their help and co-operation. It was appreciated. . . . Don Batchelder found out his watch really is water-proof and shock-proof just like the ad said. Don left his watch in his apron pocket and his mother washed watch and all. . . . A source of amazement to all of us was the appearance of Bob Taylor with a slight discoloration under his left eye. I understand it was something about a door. . . . Quite a few of our apprentice lads had trouble with the snow last week. Luther Schrock and Bob Smith ran into a ditch and had to be pulled out as did Roger Geisman. Tough luck, men. But don't give up, remember spring is just around the corner. . . . Mel Guillaume will stay away from men working at the drill press now. About five minutes before quitting time he was hit on the foot by a piece of work. Bob Calkins says it was unintentional but he had a gleam in his eye. . . . Rob Rescorlas' class is rooting for Chuck Davies to knock Kid Gavelon out in the coming fight. If Davies wins, the class gets out of having a test. . . . Anthony Chrystler is getting to be a real big wheel lately. He's been using a company Ford to go to Winter St. . . . Bob Smith now knows what all those buttons are for on a lathe. He flipped one the other day and coolant poured all over the floor before he could shut it off. . . . One of our apprentice boys took that fatal step. Bob Ramsey married Miss Margaret Jones at Angola, Ind. Congratulations, Mr. and Mrs. Ramsey. . . . Mahlon

Hutchison pulled a good one the other day. He not only milled a 45 degree angle on the piece, but also milled the nut on the vice. . . . Jack Olinske pulled another one of his southern trips to see his fiancée in Knoxville, Tenn. You lil ole northern gals better watch yourselves honey-chile. Those southern gals are really nicer than these Yankee gals. (I'll bet I get in trouble now!) . . . Congratulations to Mahlon Hutchison, whose engagement to Lily Colby was announced Saturday.

MOTOR and GENERATOR

THOUGHT FOR THE DAY:

"Legislation does not stop corruption any more than the Ten Commandments stop sin."—Clare Hoffman. . . . LOOK BEFORE YOU SIT! Annual closing usually has the Accounting Division crew doing very odd things. This year, Louis Hildner tried to sit down without the use of his trusty chair. This resulted in his face getting awfully red and his receiving some of the finest safety suggestions without charge. . . . OUR HERO: Bldg. 31-1 is justly proud of its new sports celebrity. In the recent skating matches held at the Coliseum, Don Edwards placed first in the 880-yard match and third in the 220-yard match. He was doing all right in the 440-yard match, but lost count and quit one lap too soon. We are all very proud of Don and congratulate him on his victories. However, we wonder how he lost count of the laps. Any of us should be able to count to 10 without removing our shoes. . . . Sorry to hear that George Prince is on the sick list. Hurry up and get well soon. . . . Emma McCormick, formerly of Bldg. 22, is working for L. Gruber in Bldg. 31-1 now. He's a nice fellow to work for, Emma, take it from one who knows. . . . CLARA SEZ: Harold Misegades has two daughters. One of them takes piano lessons, and one clarinet. When it's time to practice, the clarinet player goes upstairs. They figured it was easier to carry a clarinet upstairs than a piano. Sounds logical.

HER 30TH G-E YEAR—Hilda Barthold, Bldg. 4-4, was honored by her co-workers recently upon completion of her 30th year of service at General Electric. Among those who were present to offer congratulations on January 27 are (l-r) Richard Stauffer, Elizabeth Gentner, Hilda Barthold, and Robert Spitler. When she came to the Company, Miss Barthold worked in Bldg. 19-5.

G-E Club Scores Win, 38 to 35 Over Indiana Rod in Close Contest

by Howard Kolby

In the Main Auto Owl League, G-E Club hoopsters proved their knack for winning the close ones last week. They beat out the Indiana Rod team last Thursday morning in another breather by the score of 38 to 35.

In a tight first quarter the Club team came out on top 10 to 8 with five field goals, while they missed four chances at the charity line. Indiana Rod hit four times from the field. Half-time score was 19 to 15 with the visitors on top and they continued their lead with a 30 to 22 score at the three quarter mark.

In the final eight minutes of play, the Club team went all out to pull this one out of the fire. Johnnie Wilson hit the net three times from the field and twice from the foul stripe for eight big points. His teammates dumped in another eight. Gene Etter and Johnnie Wilson lead the Club in scoring with 10 points each. Bearman led his team with 11.

For the second straight week F. O. P. forfeited their game to give Zollner a boost in the win column. Salisbury rolled over Eckrich 71 to 26 to increase their first place lead.

Next Thursday morning finds F. O. P. meeting Indiana Rod at 9 a.m., Zollner and Salisbury tangle at 10 a.m., and G-E plays Eckrich at 11 a.m.

INTERDIVISION CAGE LEAGUE BEGINS SECOND HALF PLAY FOR SECTION "B"

by Marc Junk

Play in the Inter-division Basketball League was limited to Section "B" teams as the second half got under way. Two games last week rounded out the first half schedule.

There was only one close contest in the new schedule as Transformer No. 2 nosed the Apprentice Punks 47 to 45.

Taylor St. continued their winning pace as Bash, Imbody, and Porter had the range in downing the Apprentice Pros 50 to 33.

The Test Engineers had little trouble disposing of a short-handed Motor Generator five, 42 to 27.

Clara Heaston wanted Paul Winters to do a little mending job for her the other day, but seems Paul didn't have a needle. . . Did anyone see John Walters dance that jig last Friday afternoon? John touched an electric tool, and it scared him. . . Frank Fogwell was off ill all of last week with the flu. Clarence Roth has been taking his place in the checker game with Eldridge Gillum, and it seems Clarence has been getting all the games. . . Shorty Connor had quite a bad week last week. His dog was hit by a car, and when Shorty went to pick him up the dog bit him. Then Shorty got the flu and has been off all week. . . Harold Mettler was off three days last week with the flu. . . All the ice fishermen are hoping that the weather stays nice over this week end, as they want to catch some fish. . . Florence Fett's hubby is in the hospital again for some X-rays and check-ups, and hopes to leave as soon as they are over. . . Myrtle Barfell's hubby is improving. . . Jack Payton had a piece of cake last Friday that was out of this world, all covered with roses and frosting. Good thing Jack is thin, as he would have gained 10 pounds on that one piece of cake. We wonder if Jack had a birthday and didn't want us to know about it? . . . We hear that Edith Venrick has been home from the sunny south (California that is) for a couple of weeks, but Edith hasn't been up to see us. We hope she reads this and gets started our way.

The most likely person to doubt that he is clever is the one who really is.

Annual '53 Golden Gloves Tourney Ends; Chicago Bouts Ahead For Eight Champs

Autos are leading the Transformer league with 20 wins and 10 losses. U-I and M's are tied for second place, each having won 18 games while losing 12. E-I are in fourth place with 17 wins and 13 losses. W. Miller and F. Gnau each kegled an even 200 count. Proxmire, 201; Berry, 204; Parlow, 209, and Bower, 217.

Ladies' Friday Night

Old Crown is leading the league with 11 wins and 4 losses. In second place is Team No. 4, with 9 wins and 6 losses. With 8 wins and 7 losses three teams are fighting it out for third place. They are Teams No. 1, No. 7, and No. 5. Betty Puff picked up the 6-7-10 split, but it can be said that practice makes perfect and Betty had 7 splits. The one she made was about the fifth frame. Liz Shearer rolled the high count, a 506 series on games of 157, 180, and 169. Virginia Mollet scored 188, 151, and 161 for an even 500 series. Tommie Williams kegled a 172 and 190; Charlotte Stanford, 162; Winnie Scheurick 190; Jennie Flick, 171; and Iris Hebble, 174.

Ladies' Monday Night

Scatterpins and Twinsters are tied for the top spot with 13 wins and 5 losses each. Gutterballs have won 12 and lost 6, while Fivettes and Bowletts have each won 11, while losing 7. Myrtle Rauner kegled a 171 as did Ann Lee, while Owen Gilstrap rolled a 172. Alberta Roth converted the 7-9-10 split.

Masonic League

Squares are a game and a-half out in front, having won 11½ games while losing 3½. A tie for second place exists between Fellowcraft and Ionic, each having a record of 10 won and 5 lost. Peters had a 230 count and a 615 series; we don't have Doc's other two games. Jones scored with a 213; Smith, 212; Burton, 203; M. Bailey, 201; Manecke, 200, and Junghaus, 200.

Small Motor League

By winning 3 games, National Construction advanced a half game ahead of R and R and now lead the league with a record of 10½ won and 1½ lost. R and R is in second place with 10 won and 2 lost. In third place is Test with a 7½ and 4½ record. G-Men and Koorsen Painters are tied for fourth spot, each with a record of 7 wins and 5 losses. E. Bowser kegled a 214; A. Koorsen, 200; W. Kammeyer, 217; and K. Doehrmann, 222. Carl Brandt had the range in the first and last games but in the second game he was nowhere to be found. Carl kegled a 226 on his first game and 209 in his third game. The second game just didn't count.

Interdivision League

Vic Rump started out good last Wednesday night but his last game was really a stinker. He started

out with a 209, then a 246, but ended up with a 122. Kinney Koncessions won 2 games from the Gutterdusters. Rietdorf of the Gutterdusters got a 204.

Old Crown Beer won all three games from Harvey Bros. Roy Weick rolled a 210 and Noah Krentz a 203 for the Beer boys. Roy was very happy in rolling his 210 game, he won his first pot game of the season. Marc Junk rolled a 203 for Harvey Bros.

Brouwers won 2 games from Hermetics. Brouwers rolled the high game of the evening with a 1028 score. Ford Burman rolled an even 200 count; George Lindeman, 219, and Frank Matthews, 202-208 for Brouwers. Dale Springer had a 221 for Hermetics.

Tools won 2 games from Transformer. Baker, of the Tools, had a 208 game.

Deadheads won 2 games from the Jets. Sholl, of the Deadheads, rolled a 208.

Central Dairy won 2 games from Kiel's Tavern.

Paul Perry and Vic Rump lead the league in individual standings with an average of 178. Gutterdusters has a high single game of 1034, Kinney Koncession's high 3-game total is 2925. Vic Rump has a high single game of 246 and Noah Krentz has a 3 game total of 599.

Apparatus

In the Apparatus league Team No. 8 lost 3 games and also the league lead, which they had held for the past week. Team No. 11 won 3 games and went into first place with a record of 7 won and 2 lost. In second place is Team No. 1 with a 6 won and 3 lost record. Teams No. 8, No. 10, No. 3, and No. 4 are tied for third place, each having won 5 games while losing 4. Windy Boester kegled the high game of the evening, a 221 count; Al Lehman rolled a 220; Cliff Dunten, 209; Paul Perry, 209; Bob Winkler, 209; Whitey Saalfrank and Bob Schuelke each rolled a 203 count.

G-E Office

Reproduction is leading the league with an 11 won and 4 lost record. A tie for second place is between Pawlisch Shoe Repair, A-C, and G-E Club, each having won 10 games while losing 5. A pin heavy 233 count was kegled by Harry Brown; Clarence Rump scored a 212; Wendell Miller, 211; Wes Hahn, 206; Carl Hattendorf,

Before a crowd of boxing enthusiasts, eight entrants in the 24th annual Golden Gloves tourney emerged victorious and were named champions in their respective divisions, Wednesday night at North Side gym.

A Van Wert boy, Bob Johnson, received the annual Sportsmanship Trophy during intermission, and Phil Benner was the recipient of a new trophy presented by the Golden Gloves fraternity for the "fightingest" fighter.

The eight men who will go to Chicago to compete against Golden Glove winners from other cities are:

John Freeman, Fort Wayne, heavy-weight.
James Ricken, Fort Wayne, light heavy-weight.
Roosevelt Dixie, Fort Wayne, middle-weight.
Al Campbell, Fort Wayne, welterweight.
Bernard Coy, Orland, lightweight.
James Reeder, Fort Wayne, feather-weight.
Bob Walter, St. Joe, bantamweight.
John Ceraghan, Defiance, flyweight.

Assisting with the operations of the tourney were Red Smith and Max Crosley, referees; Dick Hurst, John Herzog, Harold McGary, and Len Calland, judges; Cy Seymour and George Waldschmidt, timers, and Lee McDuffee, announcer.

205; Lowell Ray, 202, and Dick Kent, 200.

Mixed Doubles

There is still time to enter the mixed doubles tomorrow night. Squads will roll at 6 and 8:30 p.m. Get a partner and come down to the Club and join the fun.

Decatur

In the Monday Night league Stators won 2 from Packers, and Office won 2 from Flanges. High scores were rolled by McIntosh, 202, and Wilkinson, 215.

G-E Fraternal League

Peterson Elevator won 2 from Elks, Casablanca won 3 from G-E Club, Teeple Truck Lines won 3 from K. of C., and West End Restaurant won 2 from Moose-Burke. McIntosh kegled the high series, a 641 count on games of 197, 188, and 256. DeBolt rolled a 604 on games of 193, 226, and 185. Lord put together games of 209, 214, and 191 for a 614 series. O. Schultz started out slow with a low 171 but then scored a big 244 and ended up with a 217, for a 632 series. Double century counts were made by Baumgartner, 213; Hoffman, 200; House, 212; Pillars, 206; G. Schultz, 208; Zelt, 202; Petrie, 200; Appleman, 223; Moses, 216, and J. Schneff, 203.

G-E Women's League

Team No. 4 won 2 games from Team No. 1, and Team No. 3 won 2 games from Team No. 2. Plasterer rolled a 172 and 173; Miller, 170 and 162; G. Reynolds, 168, and J. York, 163.

Keglers Needed

Three bowlers for Saturday morning Owl League. Contact Charlie Wilt, Ext. 742, or Tom Cowan, Ext. 388.

IDEA CLICKS—Elmer D. Bradley, Bldg. 12-B, has \$75 extra cash to jingle in his pocket as a result of his suggestion which is an aid in preventing damage to materials. Mr. Bradley receives his check from Earl Gebert.

It is still flu weather and a number of fellow-workers are still on the sick list. They are Don Pappert, Lena Goss, Sylvester Steele, Charlie Pepple, and Orval Doherty. Claude Johnson and Bill Brandt were off for a few days but have returned to their jobs. Cletus Lothamer and Ina Mae Dorsey are still awaiting the doctor's order to return to work. We hope they all return soon. . . . If you want to keep your ice cream bar, why not do like Steve Bobay did? He bought an ice cream bar, as he did, someone approached him and they engaged in a conversation. Steve excused himself and placed the ice cream bar back in the slot, thinking he would keep it cold until he was ready, but someone else slipped a dime in the slot and passed Steve's ice cream bar on. As far as he knows he is still saving his ice cream bar. . . . The cost section had a party, celebrating the end of the inventory year. They wish to thank Loretta and Ray Puff for having it at their K-9 Ranch. Everyone got to meet Mary Clark's boy friend and they enjoyed hearing of his Army life and experiences in Japan. Mrs. James Gargett and Mrs. Don Reed had to miss the fun because of being sick with the flu. There were plenty of eats and additional entertainment was furnished by Gusie and Chi-Chi, the monkeys. (Loretta has an addition to her retirement gift and they are rather amusing.) The party lasted rather late but everyone was in for work Monday morning.

EARNs \$50 FOR SUGGESTION—A Bldg. 26-5 inspector, Eugene Mettler, added \$50 to the family income for submitting an idea for an improved method of coil finishing. Mr. Mettler, left, explains his idea to W. T. McDougall.

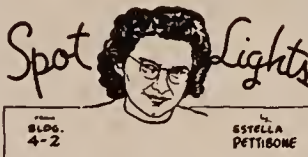

Night Views

in Bldg. 26-4

by Nancy Gordon

Jan Miller had better "look before he leaps" the next time he complains about someone. Isn't that right, Jan? . . . The employees wish to extend their thanks to the Coca-Cola Company for the free cokes bestowed upon them last Friday night. . . . Why does Ed Ropy have a cold so often? Could it be that he can't find a bed long enough to keep his feet from sticking out? . . . Mr. and Mrs. Harvey Carper are the proud parents of a six pound, six ounce baby girl born Jan. 27. She'll be known as Nancy Joan. Only thing, Harvey, that's three girls, when are you going to get that boy? . . . We wonder what Yvonne Cecie was

looking for under the table at supper time. Could be that she dropped something! . . . Good luck to Elaine Emo, who is leaving us to be a full time housewife, while awaiting a blessed event. The girls had a potluck for her and presented her with a nice gift. . . . Belated birthday wishes to Thelma Henry on the 31st of January. Sorry we missed you last week. . . . Marlene Miller's Henry is back again. Her Henry J, that is. . . . A speedy recovery to Ellis Caldwell's boy, who is in the hospital. . . . Everett Hamilton didn't have much of a fish story to tell this week. Didn't the fish know you were coming, Everett? . . . We wish a speedy recovery to Bob Brooks, who received a slight injury while at work. . . . Vera Everett must be getting healthy. We noticed she had popped the button off her skirt the other night. . . . It's rumored that Margie Goble wishes she had a streamlined figure. We notice that she has been giving Helen Wolf the eye, or is it Faye Patton, Margie?

Safety Facts and Figures for the year 1952 was published recently. We may all lift our chins with pride. F. P. Gamec, FHP Div. 15, was in the list of consistently good. However, there is one group better. The accident free group. Let us all become more and more safety minded and join this group for 1953. If anyone observes any situation which you feel could be improved to help us be accident free, please report it to your committee. Members of first shift are Vilas

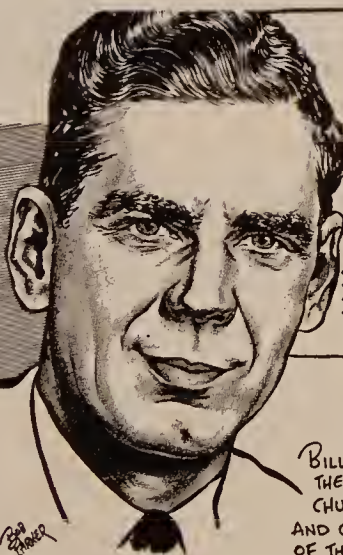

Darrell Proxmire didn't stay transferred, as we reported last week. In fact he didn't even leave the floor. . . . Julia Scheuman, known as the soup gal on the her-

Bender, Gertrude Markley, Ina Shaffer, Alice Snyder, Orval Sommers, Floyd Lorraine, Francis Coon, and Estella Pettibone. Members on second shift, E. Desmond, M. Mack, Rachel Fisher, Robert Born, Floyd Hapner, and G. Smith. . . . To Helen Spear, who has recently undergone surgery, we wish a speedy recovery. Also, to James Bledsoe, who is a patient at the Veterans' Hospital. . . . We are happy to report Francis Howell is on the mend. He paid us a short visit last week and reports he hopes to be back with us soon. . . . If anyone has any hot tips on ice fishing, report them to Virgil Allmandinger. He follows them all, but as yet hasn't gotten any fish. . . . Ivan Jones was rudely awakened at 4 a.m. recently. He doesn't like the new alarm one bit. Someone lost control of their car and it skidded across the Jones' lawn and wasn't even respectful of his shrubs and vines. Then it hit the porch. Anyway, the cement porch was substantial as it stopped the car.

metic finishing bench, found out that hot soup can be too hot, especially when it gets to a point where the container breaks. . . . Norma Smith will be a grandmother soon. Anyone having discarded crutches or an old wheel chair, please contact Norma, she is looking for such donations. . . . Louie Sordelet looks like a city dude in his new hat. Hope it keeps his bald spot warm. Louis keeps his hat on his desk, so that everyone will inquire as to whom it belongs. . . . Norbert Sordelet is now known as Doc. His patients happen to be worms, which he is keeping on ice, or is it in ice? . . . The three pals of Norma Smith wish to express their sympathies on the death of Bootsie. Norma's dog, Bootsie, was quite a topic of good natured fun. . . . On the sick list recently, we've had Mary Jane, Walt Mertz, and Norma Reisinger. Returned to work are Arietta Henry and Gwen R. Doris Coddens is expected back soon. . . . Another man has started down that path of no return. Lois Shaw is sporting a diamond engagement ring. . . . Jordan (Glow Worm) Gunkel says John Hallien should trade his car in on a bicycle, as it's in the garage more than it's in use. . . . **COMMENT FOR THE DAY:** "The man who blows his own horn, usually stays at the other end."

What Is Excess Profit Tax? An additional tax paid on corporate incomes which are in excess of an average normal income on invested capital.

MISCELLANEOUS

Lakeside high school girl desires baby sitting or other part time housework. E-72804.

Will give away a black long-haired male dog. Good watch dog and wonderful around children. Needs a home in the country. 1315 Jackson St.

Wanted, care of little girl, to play with my three-year-old girl. Reasonable rate. A-97573.

Will keep one child in my home, days. On Lima Rd., one mile north of California Rd. Large grey house on west side.

We are going to miss some familiar faces, as part of line one moves over to Bldg. 8. Come back and see us. . . . Happy birthday greetings to Fay Stockberger and Joe Bell. . . . Belated greetings to Elizabeth Wert. Sorry we slipped up on that, Liz. . . . LaVerne Stillwell's husband will soon be home from Korea. . . . New Members of the F.S.C. Walter Kryder and Louie Wyss are new members in the Floor Sitters Club. Just their dignity was hurt. . . . We bid good-by to Gloria Insley, who has left us for a full time housekeeping job. . . . Also, to Eloise Beck, who is looking for a small visitor via the Storkline Express. We wish you both lots of luck. . . . Mystery of the week: What has been happening to Mable King's ham sandwiches? She gets ready to eat her lunch and no sandwiches. . . . Ruth Lemert visited in Chicago last week end. . . . Dick Gleim was a Kenton, Ohio visitor. . . . Since our halls are like Grand Central station during the changing of shifts, we missed the fact that Bertha Bertsch is back with us again. Glad to know you're back in the groove again. . . . Laura Antrup was busy last week end entertaining her son and his family from Bainbridge, Ga. . . . Don Williams is back with us again. He is taking Johnny Magley's place. Johnny is going to work in an office in Bldg. 2-2. . . . Joe Jensen wants another contest. It isn't fishing this time. He would like to drive Doris Ryan's new Ford and race Floetta Zartman and her DeSoto. You might lose that race, Joe. . . . It's a good thing Dick Gidley didn't tell us before about all the fish he caught the other week end. He might have had some company for a fish fry. . . . Ruth Lemert knows how to get cracker meal in a hurry. She rolls an 80 frame stator over the crackers. . . . Beulah Huff wishes to thank everyone for the lovely gifts and cards she received. . . . Sorry to report that Velma Seibt was a lost time accident victim last week. . . . Irene Blank is on our sick list this week.

A pessimist is a person who is seasick during the entire voyage of life.

The boys in 1x20 have all heard about drill presses, but the last word came from Sam Warren. He told about burning all his drill bits and couldn't understand why he couldn't drill through brass and wood without scorching, until he discovered the spindle was turning the wrong way. Wrong way Sam, we call him! . . . John Figley has served notice on his co-workers that he is getting his ax sharpened to work over the gentleman (?) who put the dead mouse in his apron pocket. From the scowl on his face, his red ears, and large eyes the boys had better be on their toes. . . . Barbara Smith is in the market for a new type ice skate. She says if she has to skate on her ankles she might as well have blades there. . . . Jinny Burket enjoys skating too, but not so well when she takes a spill. . . . Annabelle Ferverda is the new girl in wage rate section. . . . Walt Dreyer is on the sick list with the flu. . . . In his younger days Lester May was a very good dancer. He was known to hurry home to put his car in the garage to keep it from getting wet. Wonder what kind he drove? . . . Charley Henderson caught a bunch of smelt at Turkey lake. Orders are welcome. . . . Ed Runion and Glen Castle were on Turkey lake all night Friday and caught five fish, but said they sure had a lot of fun. . . . The fellows suggest that George Crickmore use some Vigoro on his mustache so it will grow a little faster. I think he should use it on the top of his head and not on his upper lip! . . . Don Perice at 18 is worried about being a bachelor. After Uncle Sam gets through with you, you will be dry behind the ears and ready for love. . . . Jay Michiels is going to "center aisle" it. He is going to escort his daughter to the altar when she gets married. . . . John Figley is saving money by catching the mice at work to take home to his cat. It is getting to be dangerous since one of them bit him. Better bring your cat up here. He says it sure is a good thing Sam Taylor isn't boss, he'd have to get a new crew every year. You'd think Sam was writing a check instead of a dispensary pass as difficult as they are to get from him. . . . Avery Spade and Sam Taylor were daring each other to go outside on the 2nd of February to see which one would see his shadow.

GETS CONGRATULATORY LETTER—Sol Andorfer, at left, Bldg. 17-4, completed 30 years of service January 19 and received a letter of congratulations and best wishes from his co-workers. Walter Lorenz and Ezra Gerringer were among those on hand to congratulate him.

. . . Ralph Waikel and Bob Black went ice fishing. The ice was so rubbery they spent all their time being careful and didn't catch any fish. . . . Bill Wickliffe must think we are on Eastern time. He was waiting on the bus at 5:30 a.m. instead of 6:30 a.m. Wonder if he went back home or just stood and waited? . . . Along with George Washington, Betty Mattes will celebrate her birthday. . . . Evelyn Teaster is on the sick list. . . . We, of Section 1, express our sympathy to Claude Hoover on the death of his mother, and to Ray O'Brien on the death of his brother. . . . Delores Egly and Joe Hendrickson are both welcomed to 1x55. Delores came from Bldg. 6-4. . . . Mary Warren is feeling better and is back at work. . . . We were glad to see Modene Smith, even for a short visit. She will be back with us in several weeks. . . . Happy birthday to Eula Laisure, Berniece Johnson, Mildred Green, and Edith Juilarrett. The candy was delicious, Edith. . . . It didn't do Geneva Moody any good to donate blood. She has been ill ever since. . . . Everyone said good-by to Bob Gaylord. We'll miss him. He is going on nights on the same floor.

We wish to extend our deepest sympathy to Alma Welches on the loss of her infant granddaughter. . . . Congratulations to Virginia Johnson, a former co-worker, who gave birth to a 9 lb. son last week. . . . Rona Mitchell is all smiles over a new granddaughter. . . . Richard Gilgen sure believes in reading the funnies even if they are on a blouse. Betty Bowman was the one who lost a blouse made like a newspaper. Take it easy, Dick. . . . We wish a speedy recovery to Doris Moon. . . . Bernie Gauspohl was seen watching his people through field glasses. . . . We are wondering if Jerry McKnown will be able to go ice fishing this winter since Harold Mosshammer sold his cherry wood handles to Ward Staley. . . . Bob Johnson really had a hot place to work in the other day. Bob brought in a small jar of hot peppers and some of the gang ate the peppers without bread. The drinking fountain was going most of the afternoon. . . . We have seen a lot of notes left on the boss's desk signed by the operator. We always wondered who the mysterious person was. Now we know. It's none other than Bill Pappert on third trick, he is afraid to sign his name. . . . The other day Sarah Pulfer and her sister were uptown shopping when Sarah's sister made a funny noise. Before Sarah could ask her sister what the matter was she had received a direct hit. Those darn pigeons. . . . Bob Darrow, the lover boy of the section, has some kind of drawl in his speech. He says he has always had it, but we never noticed it before. . . . We wish to welcome Eugene LeFavour, as set-up man in the winding section. . . . The fellows and girls in Section 17x505 wonder why it took Bob Darrow so long to get a hair cut, after they so generously gave him the money for it. . . . Clarence Gardt celebrated his 54th birthday Feb. 1. He says he plans to work six more years, then if he still feels like a young man, he'll work five more years.

"I wish you wouldn't lay it on so thick to your office when you oversleep, Ed. This and a check for one hundred dollars just arrived from 'the office gang!'"

Two Kinds of Work-and Pay

All the world's work is done in two ways—(1) with *minds and muscles*, and (2) with *savings*.

For these two kinds of work, the world offers two kinds of pay—pay in the form of *wages and salaries* for the work of minds and muscles, and pay in the form of *profits* for the work of savings.

We American workers are paid a wage or salary for the skill, care and effort—the mind and muscle—we put into the particular work we do.

But we are helped in our work by other men's savings—in the form of machinery and tools and equipment bought with savings. These tools and equipment bought with savings multiply the work of our minds and muscles by ten, or a hundred, or even a thousand times—and actually supply about ninety or ninety-five per cent of the muscle power used in industry at the present time.

Other men's savings—in the form of machines—thus take lots of the *hard* work out of work, and enable us at the same time to produce more and more. They enable us to produce so much more—and so much better—that the American level of living has become the envied model for the rest of the world.

Although the minds and muscles of workers, and the tools and machinery provided by savers work together on the job, these two kinds of work are different—and they are paid for differently.

The worker knows in advance both *how much* and *when* he will be paid for the work of his mind and muscle. He can be *sure* of prompt pay by the week or day or month for the work he does. He gets paid *first*—ahead of the supplier, or the share owner, or even the tax collector. In this respect a wage or salary is a pretty safe and solid thing—something a man can count on for the work he does.

But there's nothing sure about *profits*. Since profits are what's left after all the other expenses of doing business have been paid, the pay a man gets for the work his savings do can never be known in advance. He doesn't even know if he will get paid at all!

Why, then, will men forego spending everything they earn—and deny themselves in order to save—and then put their savings to work at the risk of earning a little, or nothing at all, or even losing what they already have?

The only answer is that by saving, and then putting their money to work, they have a *chance* to earn a profit—and thereby enjoy more things in the long run than they could buy with their savings now.

It is good for all of us that people will risk their savings in hope of a profit. The courage of 250,000 GE shareowners who have risked their savings, for example, means good jobs and steady pay for more than 200,000 GE employees—and better products and better living for everybody.

FOREMEN ELECT NEW SLATE OF OFFICERS

VALENTINE GREETINGS—Lori Brink, Bldg. 4-6, reminds us to get our Valentine greetings in the mail for that February 14 date. Lori's husband, Ed, works in Bldg. 6-4.

August H. Haenel Oldest Pensioner Dies Feb. 5 at 91

Fort Wayne General Electric's oldest pensioner, August H. Haenel, 91, died Thursday, Feb. 5, at the Grace Nursing Home, where he had resided for the past few years.

Mr. Haenel, who completed 22 years of service with the Company, retired in 1931. When he joined G-E in 1909, he went to work in the apparatus machine shop as a drill press operator. Later, he transferred to the paint shop, where he did filling and rubbing for several years. After returning to the Apparatus Division, he worked as an hydraulic press operator in Bldg. 19-2 until he retired June 5, 1931.

Prior to his G-E employment, Mr. Haenel was a member of the city transportation system and gained local recognition in recent years as the driver of the first horse-drawn street car in Fort Wayne.

Survivors include one niece, Mrs. Mina Hoffner, Defiance, Ohio, and a nephew, John Livengood, Larwill.

Mr. Haenel was born November 24, 1861.

Henry Lepper, who was born in 1862, is now the oldest living pensioner of the Fort Wayne plant. Retiring in 1928, Mr. Lepper has been a member of retired G-E employees for a longer period than any other pensioner.

Club to Install Leonard G. Reuss As President at March Meeting

Leonard G. Reuss, Bldg. 19-2, is the new president of the Foremen's Association. At the organization's annual election conducted Wednesday evening, the following officers were elected in addition to Mr. Reuss: Harry W. Nickels, Bldg. 10-1, vice president; Paul K. Hapner, Bldg. 6-2, secretary; Edward H. Kronmiller, Bldg. 17-1, treasurer, and Kenneth M. Hyman, Bldg. 17-2, director.

Leonard G. Reuss

The newly elected officers will be installed at the club's March meeting by the retiring officers, J. Wilmer LaVine, outgoing president, announced. The 1952 officers will be in charge of next month's meeting.

April 1 the 1953 officers will assume their duties.

Staged at the Southwest Conservation Club, the Wednesday evening dinner meeting program included sports movies on the subjects of fishing and hunting in addition to the election. One hundred twenty-three members and guests attended the meeting.

Applications Being Accepted For Educational Assistance

The Employee Benefits Services Department has announced that they are now accepting applications for financial aid under the Educational Assistance Program for use during the academic year 1953-1954.

For almost 30 years General Electric has offered this educational assistance to its employees and their sons or daughters for the purpose of furthering their education at the college level. Since the program was first instituted, almost \$300,000 has been awarded in such educational grants. Students receiving assistance have attended colleges and universities in states from coast to coast and have majored in courses ranging from languages and home economics to electrical engineering and business administration. Upon graduation some have come to work at General Electric, but acceptance of this financial assistance implies no obligation on the part of either the student or the Company as far as employment is concerned.

General Electric scholarships and loans are available to:

1. Children of employees, of pensioned employees or of employees who died in the employ of the General Electric Company or its affiliated companies. To qualify, an applicant's parents must have completed at least five years of service with the Company.
2. Employees of General Electric or its affiliated companies who

Good Future Forecast for Specialty Motor At Recent Sub-Department Conference

"A future that holds great promise—and a lot of work" was forecast for the Specialty Motor Sub-Department at a management meeting held last week.

Jack J. Clarkson, general manager, estimated that the electrical industry would produce five per cent of the national gross product in 1961. He based this prediction on the steady upward trend of the industry since 1935, and the steady decrease in the cost of electrical power. Electricity, he said, is the only thing that a dollar buys more of now than in 1939. He pointed out that the Company output has doubled since 1947.

The newly formed sub-department last year had a sales volume equivalent to 41 per cent of the total output of the old FHP Motor Department. Mr. Clarkson indicated that while present operations show a relatively satisfactory return, he set three major objectives for the future:

1. To make a satisfactory return on investments, but without sacrifice of future progress.

2. To develop a fair share of the available business.
3. To develop personnel to provide self-perpetuation of the business.

Since decentralization of the Fractional Horsepower Motor Department last year, the Specialty Motor Sub-Department includes the old FHP manufacturing divisions 1, 15, 17 and 23, plus Advanced Engineering Development, the Laboratory, and Technical Services. These are now called manufacturing sub-sections. One new sub-section, 19, has been formed, which

includes aircraft starter-generators and propulsion motors.

Other members of the Sub-Department's management staff discussed the past year's activities and the future plans in the fields of engineering, marketing, manufacturing, and finances.

A forecast of a 50 per cent increase in business for the Sub-Department in the next ten years was based on the prospect that the motor business will grow in proportion to the natural growth of our country. The following points based on market research were

Better Educations Available

Better education is one of the many things available to anyone who lives in the United States. It is something we work for for ourselves and for our children. Education is not restricted here to those who belong to the right caste or the right class.

This year for the 29th year in a row the Company will award loans and scholarships to employees or their children to help them pay educational expenses at the college level. This year there are 70 scholarships of \$500 each available. Additional assistance in the form of educational loans are also available to many more. Scholarships are outright grants to supplement the money saved by the employee or his children. The loan program is made up of two types of assistance. If the loan is made to an employee to attend college or to the child of an employee, repayments do not have to start until after the recipients leave school and start earning money. Such loans and scholarships must be applied for by April 1st. On the other hand a parent or an employee who continues to work with G-E while going to school can secure a loan of up to \$300 at any time, repayment being made by payroll deduction over the next 12 months.

In the past, the men and women whose educations these scholarships and loans helped make possible have entered every walk of life. Actually, relatively few are today G-E employees.

This program, along with the G-E Pension Plan, the G-E Insurance Plan and other employee benefits is again evidence of the many reasons why a G-E job is a good job.

Lincoln's Words

From school days onward we have all heard Lincoln's words quoted. They range from the noble phrases of the Gettysburg Address to the homely wisdom of the stories he told to soothe hot tempers at his cabinet meetings.

Lincoln's letters also reveal many of his finest thoughts. On the last afternoon of his life, he wrote that he hoped to make the nation "a union of hearts and hands as well as of states."

Another letter gives homely advice to Lincoln's brother, who proposed to sell his home farm and move to Missouri.

"If you intend to go to work, there is no better place than right where you are," Lincoln wrote. "If you do not intend to go to work, you cannot get along anywhere. Squirming and crawling about from place to place can do no good."

* * *

Valentine's Day Is for Love Alone

February 14 is properly known as St. Valentine's Day because it is the feast day of two Christian martyrs—both put to death during the reign of the Roman Emperor Claudius.

However, it is popularly known as Valentine's Day, when the young folks exchange valentines. The valentines were originally love poems or letters, and some believe they were exchanged on February 14 because of a myth to the effect that the birds began mating on that date. About 150 years ago the love poems and letters degenerated into grotesque pictures which people sent to acquaintances they didn't like. The object was to hurt the feelings of those receiving the so-called "comic" valentines.

Fortunately this custom has changed again. Once more valentines are really tokens of esteem. Some are beautiful and others only cartoons asking: "Won't you be my Valentine?"

At any rate, we're getting a long way from the jeering verses and insulting messages of the old-time valentines. Perhaps that's an indication of increasing kindness and good fellowship throughout the country.

To start the column off with a bang—Bea Marsh gave Henry (Spider) Webster a loaded cigarette. Darrell Proxmire later fixed one for Bea. Bea didn't light it until she was in a restaurant. While she was ordering her meal, the cigarette blew up in her face. . . . If Virginia Speaks has blurry eyes it could be caused by one of two things—that new TV set or setting her alarm clock wrong. Virginia sets the minute hand where the hour hand should be and vice-versa. . . . John Kintz passed out cigars after winning a suggestion award. . . . Henry Webster was having trouble ringing his clock card so Bill Mills showed him the detailed

SICK LIST

The following people have been reported on the sick list, dismissed from the hospital, and returned to work:

Sick List

Orville Coleman, Beatrice Bowen, Herbert Bender, Lucile Bates, Homer Campbell, Betty Grim, Gertrude Koldewey, Merle Bachellor, Constance Allen, Clarence Keener, Irene Kreger, Betty Holman, Carl Fuller, Ethel Fabian, Betty Graft, Herbert Denny, Theodore Brockmeyer, Martha Jesse, Nora Dudgeon, Vera Fetro, Michael D. Hamilton, Floyd Mutton, Ruth Lowdermilk, John Lallak, George Zoller, Charles Peppie, Lillian Rafe, Genevieve Lindley, Harry Schmidt, Walter Lipscomb, Arthur Miller, Lucille Orr, Margaret Schneider, Bessie Scott, Emrick Simon, Carl Sleppy, Edward Woodward, Henry Tucker, John Zulick, Robert Packwood, Mayme Perryman, Anna Purdy, Geneva Moody, Frank Livingston, Hubert Myers, Paul Schladenhauffen, Elizabeth Malone, Angeline Fogle, Eugene Kester, Kathleen Jencks, Otto Hans, Harry Davis, Donice Brown, Dorothy Weiler, Norma Reisinger, Phyllis Zent, Edward Hamilton, Thurman Hull, and Reita Martin.

Dismissed From Hospital

Ruth LaPradd, Helen Spear, George Prince, Mayme Perryman, Max Shaw, Lulu Witte, Herbert Bender, and Nora Dudgeon.

Returned to Work

Gene Pope, Marvin Wicks, Bonnie Marks, Robert Nicholson, Carl Matthias, Robert Phillips, Mary Warren, Lucille Worline, Rueben Roller, Richard Parkeypile, Peter Mueller, Walter Rindchen, Robert Wefel, Betty Walti, Kathleen Mennewisch, Max Shaw, Vernell Williams, Clara Thomas, Loretta Miller, Lucille Quirk, Kenneth Wilkinson, Jesse Stoller, Fred Wonderly, Paul Minniear, Clarence Hewes, Keith Dickason, Russel Grim, Virdo Jones, Fred Kryder, Jr., George Allen, Jeanette Cook, Emilio Hernandez, Wallace Growcock, Gloria Irvin, Marjorie Crabill, Jerome Frye, Elsie Forschner, Thelma Dammier, Harold Herschey, Frank Fogwell, Dean Burgemeister, Dorothy Connor, Irene Dielman, Doris Coddens, Thurston Howell, Geneva Curtis, May Jones, Carl Kuzeff, Max Gentit, James Bledsoe, Cherie DePew, Lyndall Baker, and Ethel Fabian.

instructions for punching in and out. Web wasn't very appreciative. . . . Mary Markey has returned after two months of illness. . . . Ruth Durnil also returned after a three-day stiff neck. Ruth claims it happens every year. . . . Evangeline Baker must be working too hard. All day Thursday she wore her sweater backwards. The following day she wore her apron wrong side out. . . . Ivan Lepper has returned from the Armed Forces and is back at work in test and inspection. . . . Welcome to Virginia Miller, an attractive addition to "those women" at the desk. . . . Violet (Sweet Violets) Seffernick is the proud owner of a new car. . . . WANTED—Driving lessons for Mary Lou McLaughlin. Mary Lou made a quick turn in front of another car and hit a telephone pole. Mary Lou came out all right, but her car suffered a little. To top it off, Mary Lou ended up with the flu. . . . Gene Mettler has a long face because he didn't win any prizes at a recent fish fry. Gene was selling chances on the attendance drawings, and he was plenty mad because an 80-year-old person won the bicycle he wanted. Wouldn't Gene look sharp riding a bicycle? . . . COMMENT FOR THE DAY: "People who live in glass houses, shouldn't throw stones." . . . Deloss Martin claims he has never had his name in the paper. Now quit crying, will you? . . . Cleota Stallbaum suffered a cut finger, the only news from the lead section.

SALES OFFICE: Avenel Stanton and Betty Muntzinger are unable to make up their minds whether to take the Flex European trip or not. The Sales Office, being populated with generous souls, would not let a little matter of finance stand in the way of these two kids having a good time in Europe. The hat was passed and the contributions rolled in. Last Tuesday, Betty and Avenel were presented with the loot at a luncheon. The purse contained everything from corn plasters to a Guide of Foreign Languages. Have a wonderful time, girls! ! ! Be sure to use all of the handy gadgets to enhance your tour. Vive La France and pass the wiener schnitzels.

Words by Walt

PREACHER'S CONVENTION

I attended a preacher's convention. As a layman, I dropped into see if preachers, when they get together, are different, or human like me.

I entered the back of the building. And climbed up the balcony stair. A good place, I thought, for a layman. To see what was going on there.

My daughter, who sang in the choir, I had asked to observe if she could. And see if this meeting of preachers was anything not understood.

I arrived just a little bit early. No preachers, not even a stir. I wondered, until I smelled cooking. And then I was sure where they were.

They came, when the dinner was over; A satisfied, good looking group. I knew by the looks on their faces. They'd been served something better than soup.

There were D. D.'s and just common preachers. From large and from small congregations.

I wondered as I sat there watching. "Just why, all our denominations."

I was glad, when I saw them assembled. And the reason, I think, was because. That although, in theology different. They were all here in one common cause.

A lot of things entered my thinking. And the one most important, I'll name. Just why, with one God and one Savior, Aren't all Christian Churches the same?

I don't mean their physical make-up; I mean what they teach and believe. I can't think the people in my church. Are the only ones God will receive.

I listened at least for an hour To a doctor, sincere and devout His text was, "The Glory in Churches." Yes, that's what his talk was about.

He wasn't an outstanding speaker. One sensed that before he began. His speaking was far from dynamic. But he seemed like an outstanding man.

This sounds like I'm preaching a sermon. But, believe me, my only intention Is putting in verse some impressions I got at a preachers' convention.

While he talked, up in front in the choir, My daughter took one little peep. And believe it or not, she discovered A lot of good persons asleep.

In the balcony, where I was sitting. My faith was a little bit shaken. From there I could see what was given. When the evening collection was taken.

I couldn't see anything folded That had the appearance of green. I did see, however, quite clearly What made their collection so lean.

And also why preachers are human. Which is something we all ought to know. Even though they are spiritual leaders. They still hate to part with their dough.

But that's only injected for humor And these persons, I'm sure, understand. They know that along with Salvation There must also be humor on hand.

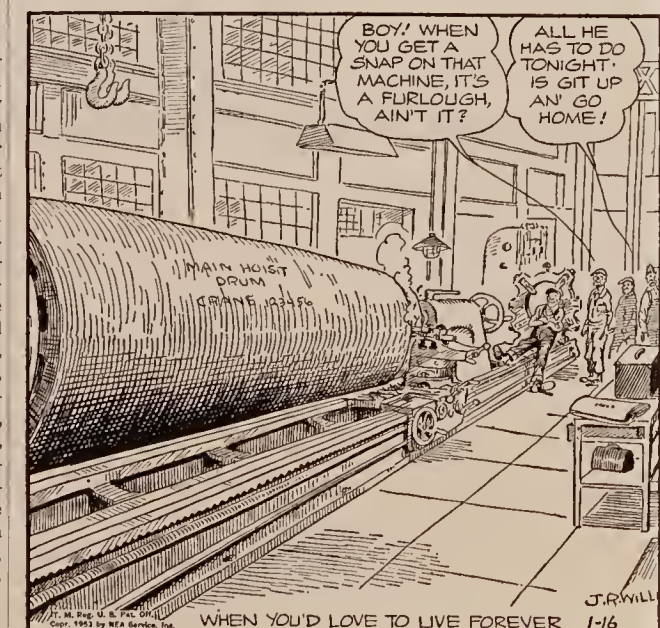

But alone in my balcony lookout, I was hit with this one vital fact: Just what would our city and nation Be like, if these persons we lacked?

So long as we've God-fearing preachers. Our spiritual lives to enhance. We'll never be losing our balance And the Communists won't have a chance.

—W. L. Whonsetter.

OUT OUR WAY

by J. R. WILLIAMS

TIME TO ENJOY LIFE—Verl Pribble (second from right) is now on his way to Texas to enjoy an extended vacation in warmer climates. He retired this month from the Company after 27 years of service. He joined G-E in 1926 as a packer in Bldg. 6-2 and was an assembler in Bldg. 6-4 at retirement. Shown with him (l-r) are Don Rose, Forrest Bunner and Morton Gutteboe.

21 Manufacturing Sections to Receive Meritorious Safety Performance Awards

Beginning next week, Meritorious Safety Performance awards will be presented to 21 manufacturing sections within the Fort Wayne plant and its branch plants for their continued or improved safety record during 1952, Herschel L. Smith, safety engineer, announced today.

Employees in the 21 sections have made possible the good safety records established in each of these areas by their observance of safety rules and recognition of the value of being safety minded, Mr. Smith stated.

In first place on the list of these sections is Specialty Motor Sub-Section 23, which completed more than 10 years without a lost-time accident at the end of 1952. Other recipients of the awards are:

- General AC Sub-Section 13.
- Tiffin plant.
- GAC General Tool Sub-Section 32.
- STAB Sub-Section 93.
- STAB Sub-Section 92.
- Specialty Motor Sub-Section 15.
- Broadway Distribution.
- DeKalb plant.
- GAC Wire Sub-Section 30.
- STAB Sub-Section 91.
- GAC Sub-Section 14.
- Miscellaneous Office, etc.
- Motor & Generator Bldg. 19-2, 19-3 Section.
- Hermetic Motor Sub-Section 16.
- Decatur plant.
- Taylor St. Distribution.
- GAC Insulation Sub-Section 40.
- Specialty Motor Sub-Section 15.
- Linton plant.
- Specialty Motor Sub-Section 1.

Second Series of Elex Classes On European Travel Open Monday

The second series of wardrobe planning and foreign language classes sponsored by Elex Club for persons taking the European trip this summer will begin next week, Irene Meyers, club adviser, announced today.

The five-week wardrobe planning classes will open Monday, Feb. 16 at 7:30 p.m. in Bldg. 16-3, Room 12. Mrs. Helen Wood will conduct these hour-long sessions. Included in this series are customs in England, travel tips, and suggestions on wise buying in Europe.

Thursday, March 5, is the opening date of the second five-week course in French, conducted by Virginia Molden. This series will be held at the same time and place as the wardrobe sessions on Thursdays. The five classes include introductory French, French shopping phrases, and French menu and restaurant phrases. Jack Anspach will conduct a class in French beverages.

Persons interested in entering these two courses, which are offered free of charge, should make reservations with either Doris McKeefer, Bldg. 18-1, Ext. 555, or Evelyn Blakley, Taylor St., Ext. 2519.

The final class of the current Elex Charm Course series is slated

for Monday, Feb. 16 in Bldg. 16-3, Room 20, beginning at 7:30 p.m., Margaret Cox, educational chairman, reported today.

Robert Schowe, of the Cottage Shop, will discuss "Flower Arrangements." Included in the meeting will be a presentation of floral arrangements and a demonstration of proper arrangement for centerpiece or room decoration.

Attendance prizes of two corsages will be presented two of the persons attending.

APPRENTICE BROADCAST

by Jack Olinske

There has been a lot of discussion concerning what Bob Barnes has been smoking in his pipe. Milly thinks it's chicken feathers, but some say it's tevtolite. I prefer tobacco. . . . There have been some transfers recently. George Stern left for hermetic motors. He has been in the school for five weeks on the Manufacturing Training Program. Eugene Pinkerton was transferred to the engine lathe from the turret lathe section, and Luther Schrock was transferred to the turret lathe section. . . . Ronnie Davis and Carl Nagel just started in the school recently. Best of luck to you fellows. . . . Another one of our apprentice boys has taken the step. Myron Auer became engaged to Miss Mary Wilson. Congratulations to you all. . . . We single men wish to say bon voyage to Mahlon Hutchison who will be getting married in June. We hope you will always have clear sailing in your married life, Hutch. . . . We have a superhuman in our apprentice school. Bob Smith (19-5) tightened a tool post so hard he broke it. . . . Perry Zahn was very embarrassed in his English class last week when Merrill Crews read a theme on his pet parakeet. Quite a coincidence that the parakeet's name was Perry, too. . . . Jerry Gibson and Don Batchelder went to a party last week. Don played a few parlor games. In one he was supposed to jump up and spin around. Instead of landing on his feet, he landed on his hip-pocket. . . . How about some of our GI's dropping us a few lines? We promise to try to answer the letters, so let's hear from you.

30-YEAR CONGRATULATIONS—Bertram C. Girardot (right) receives hearty congratulations from I. E. Ross (left) and E. M. Stanberry on his 30th anniversary as a General Electric employee. Mr. Girardot first joined the Company in 1923 as an apprentice in Bldg. 12-2 and is now supervisor of inspection in Bldg. 17-4. He has never been off work for illness during his 30 years here.

City Traffic Engineer to Address Fort Wayne Engineers Club Feb. 19

John H. Bunch, city traffic engineer, will be the principal speaker at the February 19 meeting of the Fort Wayne Engineers Club, Robert F. Rowe, program chairman, announced this week.

"The Traffic Engineer's Place in the Engineering Profession," is the subject of Mr. Bunch's address. Beginning at 6:30 p.m., the dinner meeting will be conducted at the Chamber of Commerce.

Donnelly P. McDonald, Jr., has been slated as the coffee speaker. He will discuss "Home Rule."

An employee of the Indiana State Highway Commission for 18 years prior to his present position, Mr. Bunch conducted a three-month traffic survey last summer in all of the principal cities of Western Germany. Made at the request of the West German government, this survey was a part of the International Exchange Program for Leaders and Specialists of the U. S. State Department.

Second Shift Elexers Slate Holland Party

"Tiptoe Through the Tulips" is the theme of the monthly meeting of second shift members of Elex Club which is scheduled for Tuesday, Feb. 24, at the YWCA, Grace Collins, vice president, announced this week.

Beginning at 12 noon, when luncheon will be served, the meeting will feature Joe Taylor, Wire Mill employee, and star of a regular Saturday morning radio program on a local radio station. Square dancing lessons will be presented by Mr. Taylor for the members in the YWCA gymnasium.

Decorations will carry out the theme of the country Holland. Reservations are due by Thursday, Feb. 19, and should be made with contact girls. Price of the luncheon is \$1.25.

Piston Tickets Available

Five thousand coupons good for one free admission to the February 19 Zollner Piston game when accompanied by one paid admission are available this week from Elex Club contact girls or at the G-E Club.

Specialty Motor

(Continued from page 1)

listed as affecting this forecast:

1. There will be a 12 per cent increase in the population.
2. There will be a 17 per cent increase in family formulation—more people are getting married than ever before.
3. There is a constantly improving standard of living in this country.
4. The American people get lazier every year.

The sub-Department's total sales, according to a management spokesman, break down into approximately 70 per cent outside the Company, with the remainder going to other G-E departments. A little over half of this total is in commercial sales and the rest in national defense work.

Choir

(Continued from page 1)

The Decatur musical group first appeared at the Coliseum on the dedication program last fall.

Averaging 10 public appearances per season, the members have appeared in schools, churches, civic clubs and at choral festivals. Recently, the choir was featured in General Electric's motion picture "By Their Works," which was filmed and produced by Raphael G. Wolf, of Hollywood. Aeolian Choir membership is composed of Decatur plant employees and members of their immediate families. Units

within the group include a barber-shop octette, an all-girl choir of 30 voices, a 30-voice men's glee club, and a two-piano team.

Educational

(Continued from page 1)

have completed at least one year of service.

About 70 scholarships of \$500 each for the coming school year will be awarded by the Company to students on the basis of character, scholastic standing, financial need and general merit.

Educational loans of up to \$250 at low rates interest, repayable after the student leaves school, will also be made. Those who apply for loans are automatically considered for scholarships.

Application forms and full details may be procured from the office of R. E. Gebert, Bldg. 16-3. Additional information regarding these loans and scholarships may also be obtained from this same office.

All applications must be filed with Employee Benefits Services Department in Schenectady not later than April 1. Announcement of successful recipients will be made on or about June 1.

QUESTIONS AND ANSWERS

Are Both Sons and Daughters Eligible for Educational Assistance?

Yes, as long as they meet the other requirements.

May the Scholarships and Loans

Be Used at Any College?

Approximately 50 scholarships are available for use at any accredited college or university in the United States. In addition, Charles P. Steinmetz and Richard H. Rice Scholarships are for use only at Union College and Stevens Institute of Technology respectively.

With the exception of the General Swope Loan Fund for use at Union College, loans are granted to students for study at any accredited college or university.

Does One Have to Pursue a Special Course to Receive a Loan or Scholarship?

The course pursued by an applicant for educational assistance must be of college grade and lead to a degree at an accredited college or university. It need not be a course which relates directly to any of the functions of General Electric or which prepares a student for future employment in industry.

Can an Employee Secure a Loan for Educational Purposes and Then Repay it By Payroll Deductions?

Yes, but the eligibility requirements for this type of loan (known as a "Modified Loan") differ somewhat from the other loans. Modified loans are available only to those employed by the Company while attending college or to an employee whose child is attending. To be eligible for a modified loan an employee must have one year of service with the Company.

Such loans may be secured at

any time during the year. No employee may have more than \$300 outstanding at any one time, and repayment begins immediately by payroll deduction. Repayment must be made within a 12-month period.

THE Grapevine

by Ruth McBride

Our best wishes go with Mr. Franke, who was honored on last Friday evening with a farewell party, given by his many friends and co-workers. The highlight of the evening was the presentation of a new type casting rod (made especially for the occasion). A very flexible one which when bent double, stays that way. Bill's look of surprise and consternation brought a flood of laughs and then they presented his gifts. A wonderful time was had by all. . . . We're glad to see Fred Pyle back at work after several days' illness. . . . Nothing can keep Joe Braun, who lives in Decatur, from getting to work. His car stopped on the way in one morning last week, so Joe hitchhiked to work. He made it on time, too. . . . We welcome Mildred English to Bldg. 17-1's inspection department. Mildred comes from Bldg. 26-5. . . . Belated birthday wishes to Lloyd Covault and Clarence Reiter whose birthdays were both on Feb. 3. . . . Happy birthday, also, to Bernard Sparks, Jack Mossburg, Imo Gene Pitts, Jake Barrand, and Clarence Doctor. What a popular month for birthdays! . . . Frank Gitter helped celebrate Mrs. Gitter's birthday by taking her to the circus. We suspect Frank enjoyed it more than anyone. . . . Have you seen the lovely valentines that have been received by some of the people in Bldg. 4-1?

DITTIES FROM DISTRIBUTION

by Ruth Sorg

SHIPPING: Happy birthday greetings to Paul Merket today. We all wonder if today is a lucky or unlucky day for you. Also birthday greetings to Vera Poe next Sunday. Congratulations to Pat Tarney who will be married next Saturday to Jim Henry. They will honeymoon in Florida. . . . MAILING: Keith Mast said so long to us last Friday. He is being transferred to Taylor St. Good luck to you, Keith, on your new job. . . . Welcome to Al McDaniels, the new mail boy. . . . Frank Goetz sure got something wonderful last week, an invitation to the coronation of Queen Elizabeth in England. He has a reservation aboard the Queen Elizabeth. The catch—Life Magazine wants subscribers. . . . TELEGRAPH: It must be nice to be a celebrity and have such beautiful pictures in the local newspapers. We're only kidding, Dolores, and congratulations to you and your husband-to-be. A note to Tommy. Keep those letters coming. Toodie just floats around in mid-air when she gets a letter from her honey.

G-E DEATHS

Earl T. Munson

Rites Held Tuesday For Earl T. Munson

A Bldg. 26-2 employee, Earl T. Munson, 44, died Friday, Feb. 6, in the Lutheran Hospital. He resided at 2731 Curdes Ave. Services were conducted Tuesday at the First Pentecostal Church, the Rev. Claude Lawson officiating. Burial was in Greenlawn Memorial Park.

Joining the Company in 1926, Mr. Munson began as a bench hand in Bldg. 4-1. He worked at Winter St., Bldg. 17-4, Bldg. 26-1, as a toolcrib keeper and stub lathe operator. He was a stockkeeper in Bldg. 26-2 until January 16 this year, when he took a leave of absence for illness.

Surviving are his wife, Pauline; one son, Robert, Fort Wayne; two sisters, Mrs. Virgil Lee Smith, Columbia City, and Mrs. Madonna Baker, Fort Wayne; one brother, Donald H., Fort Wayne, and five grandchildren.

Herman Weineke, 82 Dies; Retired in 1940

Services for Herman H. Weineke, 82, who died January 29, were conducted Saturday, January 31, at the Jule Schone Funeral Home. Burial was in St. John's Lutheran Cemetery.

Completing 17 years of service with the Company, Mr. Weineke joined G-E in 1923. He was a boiler-maker welder in Bldg. 27 at that time. In 1930 he went to Bldg. 19-2, where he filed cores and straightened iron. He was in this location until he retired July 5, 1940.

Survivors include one daughter, Mrs. Francis Dibble; one brother, Edward; two grandchildren, and one great-grandchild.

The CBS network has a new listener, Mitzie. It is part of the Howard Pfeifer family (the dog part). Howard thinks a lot of this dog; he is growing a mustache to keep it from getting lonesome. . . . Raymond Truesdell is in the wholesale clothing business since he joined the Charles Atlas musclemen. The clothes are tailor made and only need a few alterations, which are included in the price, if you are interested. Raymond will be glad to help you in your selection. . . . Tom Pauley and Chick Kortum are trying to get up an expedition started to Ireland. Tom was going with the Elex girls, but changed his mind. . . . John Willet has his entertainment at home now—a new 17-inch G-E TV set. The reception is fine. The set is not quite so big as Charles Menefee's set, but just as good. . . . Buss Romary got quite a surprise some time ago when he put on his cap to go home. The cap normally fits snug, but with a little lubrication on the hat band it dropped to his ears. Buss got hot about then and his hat blew off. . . . Our own Herbie Black can't understand why the department didn't shut down today since it is his 39th birthday. He was told no shut-downs until you reach 40. So next year is the year, Herbie. . . . Just because it was Feb. 2, Everett Lindeman tried to convince Mr. Groundhog that spring was just around the corner. His lights were burning on his car in the parking lot, and Mr. Groundhog would have won the argument with a dead battery and a tow-bill. . . . Birthday congratulations to Florence Byers, Thelma Wyss, Ray Soest, and Clairbell Sapp. . . . We all wonder if Bea Davis ever got her county-line cheese. She asked for state-line and couldn't figure out why the clerks were so dumb. . . . Incidentally, Bea is quite a cook. She made fried potatoes and onions for supper and she put so much pepper on them that when her daughter came home she thought it was liver and onions! . . . We're glad to have Clara Patterson back in 1x55. . . . Sorry to hear that Edith Juilarett's daughter is in the hospital. Hope she recovers soon. . . . Mary Rabt is feeling much happier now that her husband came through an eye operation in good shape. . . . When Sam Taylor got ready to go home Friday, he found the mouse he was looking for. It was in his shoe! . . . We wonder if John Figley's neighbor lady lost a leg because of his dog? . . . Orville Coleman is back at work after a bout with the flu. Also Vera Petro is back after her illness. . . . Vern Burkett is now stationed at Kitzingen, Germany, with the First Infantry Division Band. It is about 100 miles from Frankfort. He was at Dachau last week visiting the notorious concentration camp of World War II. He wrote that it is really a sight. . . . Jim Stauffer is cruising in the Mediterranean again. . . . Veva Healy is in the height of glory. She found a record of Silver Bells by Bing. Now she has to get her record player fixed before she can hear it! . . . The secret of Betty Forbes' diet is shaft insulation in her soup! . . . Something new in men's wear is the reversible hand painted tie, such as the one Bob Blocher got for his birthday. If you want to wear it for sport, you wear the side with the horses showing. And for formal wear, you turn it over and wear the pretty purple violets. . . . We know why you are

putting on weight, Bob, the cupcakes Pauline baked were delicious. . . . We all wonder what color you would call the shirt Louie Sauer wears? . . . Joe Dibert couldn't understand why his friends stayed away from him for a couple of days last week. He thought it might be because he had a cold, but when he was able to smell again, he discovered a dead mouse in his apron pocket! . . . Lloyd Jacobs was on the sick list last week, so Sam Taylor got to hand out the checks. The boys wonder if Sam was under bond this time, as no one tagged along with him. Glad you're better and back at work, Jake.

Congratulations are in order for Dorothy Lewellen. She was married Wednesday, Jan. 28, to William Reynolds. Lots of luck to both of you. . . . On Saturday nights Marge Hite sets her alarm clock back so she doesn't have to get up so early on Sunday morning. Sunday night she forgot to set it for the original time she gets up to go to work, so she got to work at 7:40 a.m. My, my, Marge. . . . I have heard of people getting up late to come to work but not very often of getting up too early. Phyllis Borkenstein got all dressed to go to work the other morning and as she passed the clock she looked to see what time it was. It was only 4:40 a.m., so she went back to bed. What's the matter, Phyllis, too much sleep? . . . Has everyone seen Donna Meyers' picture in the News-Sentinel and Journal-Gazette papers? She looks real cute in the leopard skin she has on. . . . Juanita Hout has been absent from work the last few days because of the flu. Hope to see you soon, Juanita. . . . I also wish to thank everyone for helping me enjoy my birthday on the 26th of January. I think you are the nicest bunch of girls I have ever worked with. Thanks again. . . . If you see Paul Haffner going around with his chest swelled out it is just because he became a brand new father. His wife gave birth to a nice baby girl Feb. 2. Congratulations to all three of you. . . . Have you ever tried talking on the phone through the earpiece instead of the mouthpiece? Thelma Ertel did the other night when someone got her out of bed at 1 a.m. They told her to come over, they had a plate of fried chicken waiting for her. The only trouble was, it was a wrong number. . . . I suppose there will be some very happy people in New York now. Dot Giannine finally sent her family their Christmas presents. . . . Lucy Keller felt as small as a little worm the other night. She was watching the Shrine Circus moving in at the trailer court where she lives, and also watching was a small fellow with a flashlight. He got right out in the driveway where a big truck was pulling in so Lucy dashed over to him, grabbed his jacket collar, and pulled him out of the way. She said, "Do you want to get hit, little boy?" He wasn't a little boy, he was a midget with the circus. At least you did your good deed for the day, Lucy. . . . To everyone who won't be working in Bldg. 26-4 anymore I wish the best of luck and hope to see you again real soon. This will be my last week in Bldg. 26-4. To a swell boss I'll say so-long, and hope to see you again soon.

Inquiring Reporter:

ARE YOU IN FAVOR OF A DIRECT PRIMARY IN INDIANA FOR ALL ELECTED GOVERNMENT OFFICIALS?

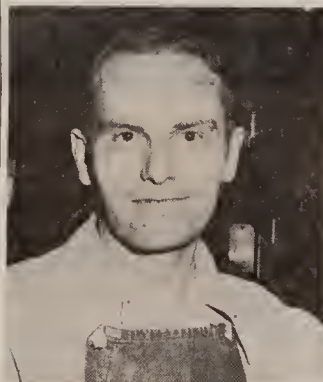

ORVAL E. SMITH
Bldg. 19-4

"Yes, I am in favor of a direct primary. It gives a truer representation for the constituents within the district in the nomination of their candidate. Also, it keeps the politicians from selecting their respective party's favorite at convention time."

KENNETH FISHER

Bldg. 26-5

"I am in favor of a direct primary because it shows the will of the greatest number of the American people. It also would do away with the electoral college, which is out of date. In the past, men who have run for the office of President have been defeated even though they received more popular votes."

REX L. WHITCOMB
Bldg. 17-1

"Yes—by all means. This is a matter of vital importance to every voter. The enactment of this into law is now long overdue. Also, there's no reason why we can't vote for whom we prefer, regardless of party affiliations, on straight ticket or mixed."

JESSIE WASS

Taylor St.

"Yes, for it would allow the individual voter the opportunity to express his personal wishes and desires for his choice of candidates for political offices in city, county, state, and nation instead of our present system of machine controlled conventions."

MARY MURPHY
Bldg. 19-3

"Yes, I certainly am. I believe that, as good Americans, we should be directly concerned with selecting the man who will lead our nation. With the primary as it now exists, we sometimes do not have the choice of the man we feel is best suited for the job."

FIVE DECATURITES RETIRE THIS MONTH

HONORED AT RETIREMENT—Ralph Stanley, who retired recently from the Decatur plant is shown on his last day of work with a group of his co-workers. Mr. Stanley is a former toolmaker in Bldg. 1.

LONGEST SERVICE AT DECATUR—William (Bill) Kohls, Decatur's longest service employee, with 39 years and 1 month of service, is shown at a retirement party in his honor. Mr. Kohls (left) receives a "loaded" wallet from Mart Hoffman, representing all Decatur employees, as a parting memento.

GANG SAYS GOOD-BY—Charles Miller (holding wallet) gets a big send-off from his co-workers at the Decatur plant. Mr. Miller was a motor repairman at the time of retirement. He had been employed at the Decatur Plant for 27 years.

RETIREES WITH 25 YEARS OF SERVICE—Henry Dellinger (right) receives a gift on the occasion of his retirement from the Decatur plant. Mr. Dellinger worked for G-E for more than 25 years. At retirement he was a tool crib attendant in Bldg. 1.

DOUBLE RETIREMENT—John Cowan (second from left) and Effie McGill (right) both retired recently from the Decatur plant. They are shown with foreman, Leonard Meyer, at a party in their honor. Mr. Cowan was an insulating machine operator and Miss McGill, with more than 25 years of service, was a winding machine operator at retirement.

While Eight Reach 30-Year Service Marks

Left to right are Charles Langston, John Welch, Chet Kleinknight and Chet McIntosh. Mr. Kleinknight, who is in charge of waste and spoilage and cost reduction at Decatur is the man being honored for 30 years of G-E service.

Henry Krueckberg (second from right), a foreman of winding and finishing in Bldg. 2 at the Decatur plant is the 30-year man. He receives congratulations from (l-r) Leonard Meyer, Frank Braun and Ray McDougal.

Shown at left is Niles Butler, a grinder at the Decatur plant, receiving 30-year congratulations from Harry King. In the center photograph (l-r) are Charles Langston, Ann Werst, and Chet McIntosh. Ann, who celebrated 30 years with the Company

recently, is a miscellaneous finisher in Bldg. 2. Shown at right (l-r) are Harold Baughn, Russ Owens, and Bernard Rabbit. Both Mr. Baughn and Mr. Rabbit reached the 30-year mark this month. Mr. Baughn is a foreman and Mr. Rabbit is a set-up man.

Three more Decatur employees joined the 30-year ranks. At left are Charles Langston, John Loshe, the 30-year man, and Chet McIntosh. Mr. Loshe is a final inspector in Bldg. 2. In the center photograph, John Welch congratulates George Buckley on his

anniversary. Mr. Buckley is supervisor of inspection in Bldg. 1. At right are Harry King, Guy Lister, who also reached 30 years of service, and Russ Owens. Mr. Lister holds a letter of congratulations.

Flying HIGH

BUILDING 6-4

by Ivy Mills

Truth is stranger than fiction! George Robb, who raises bees, gave Bob Helmke some worms to raise moths, to raise more worms to go ice fishing with. Bob took the worms to Earl Anderson's basement. During the project of raising worms they got moths and the moths multiplied all over the house. Earl's wife lost her temper, shook

her fists, and said, "Get rid of these moths!" So Bob bought a buzz bomb and went buzzing all over the Anderson house. Poor Bob still hasn't any worms. Why don't you buy them from George Kapp? George raises them in his bath tub. . . . Charlie Dingman sure has his ups and downs. Of course, that's Charlie's business, he is our elevator operator. When it comes to courtesy and saving the leg muscles he is tops with the Bldg. 6-4 gang. . . . When we had the heavy snow, Joan Hartman went home and shoveled off the walks at midnight. She sure was peeved when she got up next morning and found the sun had melted all the snow and all

that shoveling was in vain. . . . Lee Raver had our old friend, Bea Stolte, to luncheon in Huntington, recently, and, of course, there sure was a lot of yak-ata-yak going on. Bea used to work on computers and Bldg. 6-4 has never been quite the same since she left. . . . Ice fishing has even gotten Esther Johnson out on the ice. Esther and her husband went fishing and she couldn't even get a nibble. She said, "Phooey," she wasn't going to freeze her tootsies, so she went to the car, wrapped herself in a blanket and took a nice long snooze while hubby caught the limit. . . . The West can brag about their rough and tough men, but we have

a couple too. Louis Becker spent \$1.50 for a nail clipper and sprung it the first time he used it. Now he is using a side cutter. Seems the nail on his big toe is really tough. We were telling Carson about it, and he said, "Sure, that's what I always use." . . . We give a hearty welcome to Helen Thieme and Julia Medsker in 1x35. Hope, after they read how strange we are, they don't get scared and fly the coop. . . . A sight to behold is Mr. Peters going around with 10 frame motors protruding from his pocket and grumbling, "Sure it's in the book, it's gotta be in the book." Better ask the Engineers where they hid the fine print, Pete.

Airliners Nose Out Small Motor In Close Interdivision Cage Battle

by Marc Junk

With Bill Guisinger and Alan Huddleston providing the big scoring punch with 18 and 12 points respectively, the Airliners edged past the Small Motor team by a 59 to 56 score. The game was close all the way, with the lead changing hands quite often. Bob Crecelius and Bob Baals each had 16 and Chick Markoetter meshed 13 points for the losers.

Bultemeier, Spice, and Blosser scored enough points among themselves to defeat the TE's.

50 to 44. Rotert and George led the Test men who held the lead with a few minutes left in the game, then seemed to fall apart.

Transformer No. 1 had little trouble disposing of the Squares who were handicapped by illness and classes.

Taylor St.'s Imbody and Bash continued to make their team a serious contender for the second half title as they flipped in 24 and 17 points respectively. Their unlucky foe this time was Motor Generator whose center, Bowman, scored well from the free throw line for 12 points.

The battle of the Apprentice boys was a one-sided affair with the Pros trampling the Punks 62 to 30. Les Fanning had a good night with 20. Bill Hammond chipped in 13 and Tom Ahr blasted away for 11.

"Compared with 1939, your food dollar today is worth only 42 cents, and your clothing dollar 49 cents. But compared with 1939, your electricity dollar is now worth \$1.05." —Henry V. Erben, G-E executive vice-president.

RETIREMENT GIFTS—Manuel Fernandis (right) tries out the fishing rod he received at his retirement celebration from a group of his co-workers. Left to right are Everett Jones, Jim Stauffer, Emmett Bobay, and Bonnie Fahl. Mr. Fernandis joined the Company in 1929 as a sprayer in Bldg. 4-B. He was a welder in Bldg. 26-1 at the time of his retirement.

Stormy WEATHER FROM 17-4

Well, here it is Friday and I have a very important friendly reminder for all you people who want to have a happy week end. Tomorrow is Valentine's Day, so-o-o-o don't forget that if you want to keep in good with the little woman, you had better stop and get her some sort of Valentine; that is, if you haven't already done so. . . . How does it happen that Gil Sloan can be off a week or more and then come in on a Monday morning and flash a \$20 bill around? . . . I've heard a few of the girls call Alice Hahn "stick in the mud." I've just been wondering if the fact that she got stuck in the mud one night last week with the car has anything to do with it. It's lucky for her that she has a neighbor like Maxine Baker living right next door to her so that Maxine could bring Alice's husband to her rescue. When they got there, they tried to no avail to get her out and finally had to call the wrecker to pull them out. All in all, Alice, I'd call that a "dirty shame." . . . We'd like to know what made Harold Friedrich get so excited that he put the

lighted end of the cigar he was smoking in his mouth. . . . Bob Todd had a novel puzzle up here last Friday which had everybody just about standing on his head trying to figure it out. They say that the apprentice boy, Bob Doelling, showed the most "horse sense" by coming the closest to putting it together. . . . "So long, it's been so good to know you," is what they were saying to Dick Spoerhase last Friday, when he left Bldg. 17-4 to go into planning at Taylor St. We wish you the best of luck in your new job and come back and visit us sometime. . . . We have some new men in the test section; namely, H. Currie, LeRoy Hawn, and Mark Bartrom. We would all like to welcome them to the floor and hope that they like it up here by this time. . . . People in Washington could learn a thing or two about voting from Gil Sloan and I don't mean stuffing the ballot box, either. . . . Among the visitors on the floor last week were Mr. Hanson and Charlie Schild. They were both looking very well and we hope they come and see us again sometime. . . . We'd like to say hello to all our sick people who still are unable to come back to work and say that we miss you and hope to see you all real soon.

What Is a Luxury Tax? A tax on commodities or services which are not considered to be actual necessities.

Small Motor League

National Construction is just one-half game out in front with a record of 12½ wins and 2½ losses. In second spot is R and R with a record of 12 wins and 3 losses. Test, having won 10½ games while losing 4½, are in third place. With 8 wins and 7 losses, and in a tie for fourth place, are Koorsen

Painters and the G-Men. Those double century counts were few and hard to get with J. Stoicke getting a 208 for the evening's high. H. Stephen scored a 205; J. Carey, 204, and Charlie Shipman, 202.

Transformer

It is Autos in front with a 22 won and 11 lost record. In second place is U-I with 21 and 12. We find a tie for third between M's and E-I, each with 19 wins and 14 losses. Hobbs rolled a 227 count for the evening high, James rolled a 205.

Masonic League

Squares are leading the league with a 14½ won and a 3½ lost record. Fellowcraft took over second place with a 12 win and 6 loss record. Each having won 10 and losing 8, Ionic and Pillars are tied for third place. Cap Weddle scored the high series, a 621 score on games of 175, 231, and 215. Peters rolled a 202; Crabill, 209; May, 210; Jones, 244; K. Moore, 200; Larson, 208; Burton, 209; Crayton, 207; Quinn, 235; Altevost, 207; Thornsberry, 210, and H. Moore, 202.

Office

In the Office League three teams are tied for the top spot, AC, Reproduction, and Pawlisch Shoe Repair, each team having a record of 12 wins, 6 losses. G-E Club, with a record of 11 wins and 7 losses, is in the next spot. Bob Knepple came up with the high score of the night, a 219 score; Earl Morrell and Wendell kegled identical scores of 206; Bob Kallmyer completed the double century counts with a 203.

Ladies' Monday Night

Twisters and Scatterpins are tied for top spot, each with a 15 won and 6 lost record. Then with records of 14 wins and 7 losses each are Gutterbelles, Bowlettes, and Fivettes. Ann Lee, after practicing Saturday night, kegled a 202 score. Paula Gerding scored a 173, and Betty Ross, a 171.

Apparatus League

The Apparatus League, rolling Thursday nights at 6:15, shows Team No. 11 leading the league with 9 wins and 3 losses. In second place is Team No. 1 with a 7 and 5 record. Three teams are tied for third place spot. Teams No. 8, 10, and 12 have each won 6 and lost 6. Bill Johnson converted the 6-7-10 split. George Cowan rolled his first double century count, a 211; Clarence Kabisch, 222; Vic Rump, 222; Paul Perry, 210; Carl Koester, 203, and Whitey Saalfrank, 200.

Interdivision League

Vic Rump finally hit his 600 series. He hit a 607 on games of

208, 188, and 211. The Hermetics defeated Kinney Koncession two games out of three. This drops Kinney into fourth place and Hermetics are tied with Old Crown Beer for second place.

Old Crown Beer and Ale won two games from Transformer. Gutterdusters won 2 games from the Deadheads. Gebel rolled a 229, and Sholl a 230 for the Deadheads. Kiel's Tavern continued on their winning streak by downing Harvey Bros. two games out of three. Tools won two games from Central Dairy. Roerner rolled a 210 for the Tools.

Brouwers stayed in first place by winning two games from the Jets. France rolled a 215 for Brouwers and Stager, a 201 for the Jets.

Friday Night

Liz Shearer started out with an even 200, added a 202, and ended up with a 199 for a 601 series. Tommie Williams rolled a 580 count on games of 215, 188, and 177. Boots Puff rolled a 191; Alice Dahman, 170; and Emma Vaughn, 184. Old Crown leads the league with a 13 won and 5 lost record. Team No. 3 is in second place with a 10 and 8 record. Teams No. 1, 4, and 5 have each won 9 and lost 9, tying them up for third place spot.

Decatur

In the Monday Night League Flanges won two from Stators and Office won two games from Packers. Laurent kegled a big 653 count on games of 214, 223, and 216. August rolled a 245, and Lister rolled a 218.

In the G-E Fraternal League Moose-Burke won two games from K. of C. Teeple Truck Lines won two from West End Restaurant, and Peterson Elevator won two from the G-E Club. Petrie rolled a 620 series on games of 181, 182, and a big 257 count. Faulkner put together games of 195, 224, and 195 for a 614 series. Double century counts were scored by Ulman, 214; Leonard, 212; Appelman, 202; G. Schultz, 227; Beery, 204; McIntosh, 213 and 204; Laurent, 218; Bruick, 212; Reynolds, 223; R. Johnston, 214 and 202, and Bauserman, 218.

Team No. 1 won all three games from Team No. 2, and Team No. 3 won all three games from Team No. 4 in the Women's league. G. Reynolds scored 204, 176, and 159 for a 539 series. Wellman rolled 168; York, 162; Miller, 182; Kleinhenz rolled 162 and 163.

Doubles Tournament

The entry blanks for the G-E Club bowlers' First Annual Doubles Tournament are available at the G-E Club.

Liz Shearer, Paul Perry Win Mixed Doubles Tourney with 1284 Count

by Joe Kramer

Liz Shearer and Paul Perry teamed up to cop top honors in last Saturday night's mixed doubles at the G-E Club alleys. They won \$22 on a 1284 count. It looked bad for the duo when Paul couldn't get started in the first game. He hit a new low of 125, but Liz pounded the pocket for a 171 count.

In the next game they both got the range and Liz collected a 216 and 210 for a 597 series. Paul kegled a 208 and 204 for a 537 series.

Jane and Joe Kramer kegled a 1269 count which gave them second place and \$18. Third spot and \$15 went to Mary and Tony Koorsen who rolled a 1266. Mary Jane Kramer and Henry Vance took fourth place on a 1253 count. They won \$10. Ann Lee and Serge (Satchmo) Schuster collected \$8 and fifth place with a 1249 total.

Others finishing in the money were:

Bea Lantz and Ed Whipple, 1243, \$6.

Louise and Hal Fannings, 1241, \$6.

Jeanne Brown and Serge Schuster, 1232, \$6.

Joyce Lake and Corky Smith, 1225, \$5.

Betty Thompson and Joe Dennis, 1217, \$5.

Joan Korn and Lloyd Parrish, 1211, \$2.50.

Mae and Joe Saylor, 1211, \$2.50.

The high series was kegled by Liz Shearer, her 597 count; Mary Koorsen rolled a 201; Ann Lee, 211; Bea Lantz, 186; Emma Vaughn, 174 and 170; Mrs. Meeks, 174; Rachel Mounsey, 203; Evelyn Jackson, 171, and Dorothy Fuhs, 176.

High single game among the men was Eddie Motter's big 224 count. Ed just couldn't get any help from Ilo. Other high games included Paul Perry's 208 and 204; Tony Koorsen, 201; Henry Vance, 220; Hal Fanning, 204; Serge Schuster,

217; Corky Smith, 207; Lloyd Parrish, 206; Mr. Jackson, 200; and Art Smethers, 207. Jeanne Brown converted the 4-5-7 and 5-6 split. Gus Ormsby picked up the 2-7-8, while Paul Perry was getting the 5-7.

A capacity crowd took advantage

of the 8:30 p.m. shift, and the 6 p.m. squad was just two alleys short of being full. From the appearance of the entry sheet for the March 7 mixed doubles, anyone planning to enter should sign up now, at the G-E Club desk, or phone Ext. 742.

Sportliners...

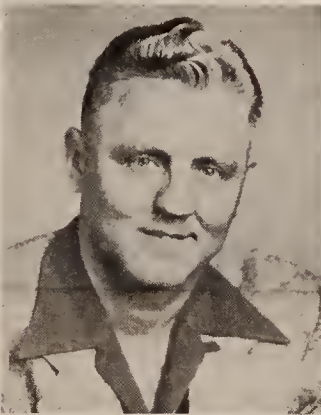

by Earl Stauffer

"Take any sport, give me a team with Perry Esterline on it, and we'll beat anyone at any time." This comment of a G-E Club official is typical of the high praise that usually ensues whenever the diminutive sportliner's name is mentioned.

After entering North Side High School from Franklin Grade School, Perry was a three-sport man. He played three years of varsity football, four years of basketball, and track, under Mark Bills and Rollo Chambers. He has high praise for both coaches.

A big thrill in Perry's memory happened on the cinder paths in the National Interscholastic Track and Field Meet in Chicago. Along with Leonard Eby, Slim Vauris, and Johnny Sessler, Perry set the national half mile relay record.

After graduation, Perry went to work for International Harvester, where he played on a championship golf team and also on the Industrial League basketball championship team along with such well-

Perry Esterline

known cage luminaries as Bob Irons, Gus Lang, and Ken Lytle.

In 1940, Perry joined the G-E family. Since that day, he has been on 13 championship teams; major league and interdivision softball, touch football, and basketball.

The 90-foot base lines of the Federation Baseball league saw a lot of Perry. Playing on three different championship teams in the national federation tourney, he went to Cleveland two times and Youngstown once.

Once in 1932, while Perry was pitching for Eskay Dairy, Dad Esterline was the catcher and brother Tiny played shortstop.

Managing the major league G-E Club softball team from 1947 to 1950 is another notch in his long sports belt.

With all of his sports activity, you would think that Perry wouldn't find time for a hobby, but Perry has made photography pay off for him.

The Esterline saga couldn't be complete without mentioning his two sons, Dick, a freshman at North Side, and Steven, age 7.

they have many, many more. . . . If you have noticed the first floor lately you have probably seen the monkey cage that is being built. Don't forget to bring the peanuts to feed the monkeys when we get them in there.

G-E Owls Tie Salisbury Five For Main Auto League Lead

by Howard Colby

G-E had trouble pulling away from a stubborn Eckrich outfit, who played a good game for three quarters. The Club team kept ahead of Eckrich in a rather slow first period which ended 10 to 7 with G-E on top. The second quarter saw some very fine plays and ball handling for both teams to end the half at 17 to 13.

G-E had a little more trouble than expected in the third stanza. Eckrich got 8 points to G-E's 7, and kept the game close with a 24 to 21 score. In the final eight minutes of play, the Club team opened up on Eckrich to pour 22 points through the hoop, while holding the Eckrich team to just eight points. The game wound up with a 46 to 29 victory over the sausage makers.

Salisbury still leads the league in the win column, by handing the Zollner team a 49 to 28 whipping.

Indiana Rod won their game on a forfeit over the F. O. P. Club, who, for the third straight week, failed to floor a team.

Next Thursday at 9 a.m. G-E meets Zollner, at 10 a.m. it's Eckrich and Indiana Rod, while Salisbury meets the F. O. P. five at 11 a.m.

Night Views

in Bldg. 26-4

by Nancy Gordon

We bid farewell and good luck to Helen Converse, Gene Christman, Marcella Ewart, and Charlene Smith. . . . QUESTION OF THE WEEK: Did Celeste Guenther take off last Friday to see the circus or to join it? . . . Say, Ruth Pfeiffer, do you have a license to peddle flowers? . . . Genevieve Miller, we are wondering if you are going to hitch-hike to work since Jan is going on days. . . . Birthday wishes to Elsa Southern on stacking, also, Helen Fuertog on cleaning. Helen says she'll be 34 next year. . . . Congratulations to Helen Walker and Russ Kobish, who were married last Saturday. . . . Helen and Norm Wolf drove to Fort Knox, Ky., over the week end. Helen looked for half an hour for some buried gold, but gave up (she must have really needed it, after paying all that postage to send cards back to a few choice friends). Surprise! Surprise! Huh, Helen? . . . Anne Cerne is selling little kittens and rabbits on second track. Are you getting a cut on the ones you buy, Annie? . . . The girls in our clan are, at present, being scattered far and near. We do hope in the near future, however, to have the same grand group together with us again. . . . Farewell to Alma Jean Parker, who is leaving us to become a full-time housewife and mother. . . . We think Gladys Newcomer is pretty good. When she gives someone candy they are supposed to bring the goodie back.

VOLLEYBALL NEWS

by Art Raser

Taylor "A" suffered their first loss of the season when Transformer won an overtime game by the score of 16 to 14. Transformer was down 14 to 9 when George Finkbeiner served seven straight points to win the game and close a gap between the two teams for first place. Taylor "A" won the first and third games of the set showing little mercy for their opponents, 15-1 and 15-2.

The Test Engineers won two games from Small Motor by scores of 15-13, 11-9, and 7-9 to have a five win and one loss record for the second half. In the other games for the evening Tool Division won two from Motor-Generator by scores of 10-15, 15-9, and 15-12.

Transformer moved into second place, winning their games from Taylor "B" by scores of 15-7, 15-12, and 15-8. The Test Engineers team slid to third place, losing their games to Taylor St. "A", 1-15, 6-15, and 5-15. Small Motor won their game from Motor Generator by the scores 15-16, 15-7, and 15-5.

We wish to extend our sympathy to Walter Wolf on the death of his brother. Also to Farris Thomas, on the death of his father. . . . A few days ago some of the boys were on their way home from work when they saw a man standing in the road waving his arms. They are wondering if Clarence Henschen was directing traffic or trying to keep warm? . . . We wish to congratulate Bill Fett on his birthday, Friday, Jan. 31. Bill passed out candy. . . . Mr. and Mrs. Arthur E. Houck (Bonna Lou's parents) celebrated their 35th wedding anniversary Jan. 31 with open house on Sunday, Feb. 1. Several out-of-town guests attended. We hope

FIRST SPRING SONG

It's a glorious sight that warms me thru.
The flowers are gorgeous in every hue:
Come ice and snow and bitter cold,
They stand out colorful and bold;
Spring cannot be too far away,
The first seed catalog came today.

—A Day Dreamer.

Besides that, the pussy willows are starting to flaunt their new fur coats. . . . During all our moving activities, Virginia Pelz lost track of her winding machine. She came in on Monday and couldn't find it. . . . We light another candle on the cake and wish a happy birthday to Ellen Williamson, Doris Ryan, Lois Ripley, Minnie Ley, Thelma Lacey, Paul Blount, and Ronald Cravens. . . . Ethel Keller spent last Sunday in Toledo. . . . Why does Don Macon slowly walk down the aisle until he reaches Cindy Ormiston's machine, and then make a dash like he had just had a big shot of Hadacol? You wouldn't let a flurry of broken springs get you down, would you? . . . If the people on the west side of the street look over and see a slight bulge from our floor, we are just making room for all our newcomers. The welcome mat is out for you, and we'll always make room for one more. . . . Don't forget to send a card to our shut-ins.

8 Golden Gloves Champs Work Out For Chicago Trip

With the 24th annual Golden Gloves Tournament only a memory to Fort Wayne fans and entrants, the eight winners of the various divisions have been busy working out at the G-E Club gym this week in preparation for their matches at the Chicago Tournament of Champions, which begins Monday, Feb. 23, and continues for three days.

One substitution was announced this week by trainer Frank Newport. Dave Cole, runner-up in the light heavyweight class, will make the Windy City trip instead of James Ricken, who won in that division but is unable to attend the coming tourney.

The eight boys are in good shape, Newport said, and he has hopes that there may be some Fort Wayne entrants in the finals, which will begin Friday, March 6.

Don Alcott thought his tooth powder seemed a little more abrasive than usual the other morning. When he finally woke up to where he could focus his eyes, he found that he was using Boraxo. . . . Upon finding a purse the other evening, Al Van Wormer did his daily good deed by delivering the purse to the owner. It was quick work because the lady didn't know that she had lost it. . . . Norm Jackemeyer and Russ Kensill should form a partnership. Russ has a garage without a door, and Norm has a garage door but no garage. . . . Ralph Steward is finding prizes in his Mail Pouch just like kids find in crackerjack. You don't suppose they are competing, do you? . . . Woody Hursh went up to Houghton Lake last week end. We presume from his conversation, without seeing the evidence, that they were really biting. "One of those bucketful stories." . . . Walter Greiner may not catch bass in his landing net, but he certainly has become an expert at landing owls that made a habit of getting in his squirrel box. . . . We are glad to report that John Roebel was up for a visit and feeling mighty good. . . . Kurt Martin reports that his flock of ducks has increased instead of decreasing. . . . Paul Brinkroeger, Marion More, and Wilson Garman took their offspring to the Shrine Circus

This tool room quartet of a few years back consisted of (l-r) Charles Gospedarek, Art Dicke, John Hensler, and Herb Mennewisch. All but Gospedarek were tool room employees. Dicke and Mennewisch work in Bldg. 19-4. John Hensler is now in the hospital. The picture was taken by Glenn Hoon, Bldg. 19-4.

at the Coliseum, and Cary Baker and son played with the Shrine band as accompaniment to the acts. . . . Wilson Garman likes eating at the cafeteria, but he didn't do so well in a coat swapping deal while there. Willie contacted the cafeteria and told them of the unintentional exchange and that the coat is five sizes too big for him to keep. . . . Today we say good luck and good-bye to Louis Brunner who in his duties here became both well known and well liked. We hope your future is prosperous, Louis. . . . Do you suppose Jim Buchheit and his wife trade days for wearing the family's eye glasses? He seems to leave them at home quite regularly. . . . We thought that Charles Laymon would like his new job. The other day he became so excited over it, he fell out of his swivel chair. . . . It was good to have Bill Dafforn visit us last Monday and better to see him looking so good. . . . Gus Mittermaier says his family relations are good—they all like his new mustache. . . . Spring must be here for Gene Denig and Woody Hursh were seen practicing for the game of ring toss. Poor Reiny Lepore in his haste to get one of the few remaining seats in the trolley bus, found his feet in a baling wire booby trap from which he had some trouble in getting free. Somehow when one foot was free, the other would get caught. Oh yes, he made his bus.

30-YEAR REMINISCING—Talking over the high points of his 30 years with the General Electric Company is Harry Grimm (center). With Mr. Grimm are Russell Scherer (left) and Forest Monroe. He was a tester in Bldg. 4 when he came to the Company and is an assembler in Bldg. 4-5 at the present time.

They ought to put a big sign on that sliding door in Bldg. 19 basement telling people that it is electrically operated. Al Mason and I went down there the other day and had quite a time opening it. Al grabbed the handle and gave a big tug, nothing happened. So he tugged harder. It opened about an inch. The next time he put one foot up on the wall and yanked with all his might, two inches this time. "No door is going to get the best of me," says Al. "Come on, George, give me a hand, altogether now, one-two-three." It opened about six inches more. Just then I noticed the buttons on the wall. I pressed one and the door opened wide. When the boys heard of the incident some of them thought it was a good joke on the both of us but a few others insisted that Al knew about the buttons, but being of a thrifty nature, would rather oper-

Charley Tutt says that smoking big cigars will make a big man of him. Well, he will have to smoke them big, for he is a little guy. . . . If you haven't been in our office recently, you would think you were in the wrong place. The office has been enlarged and there are many new faces, all of them are welcome to our midst. . . . Bob Tuerschman is now foreman of stock help, while Pres Slack is connected with shipping in our office. . . . The old flu bug has buzzed into our office. The latest victims were Bob Taylor and Marinell Fry, both of them came weakly back to work yesterday. . . . By the time you read this Barbara Harward will be Mrs. Randall Houser. Barbara left this week for her home town of Sioux City, Iowa, for the big event. Lots of good luck to the young couple. . . . Joyce Horstmeyer entertained the Birthday Club at her home recently. It was in the form of a bridal shower for Barbara Harward.

Partizan to Hear Dr. Leming Feb. 17

Dr. Ben L. Leming, of the medical unit, will be the guest speaker at the second meeting of Partizan Chapter members this year, Tuesday, Feb. 17. The meeting will begin at 12:45 p.m. and will be conducted at 714 Fairfield Ave.

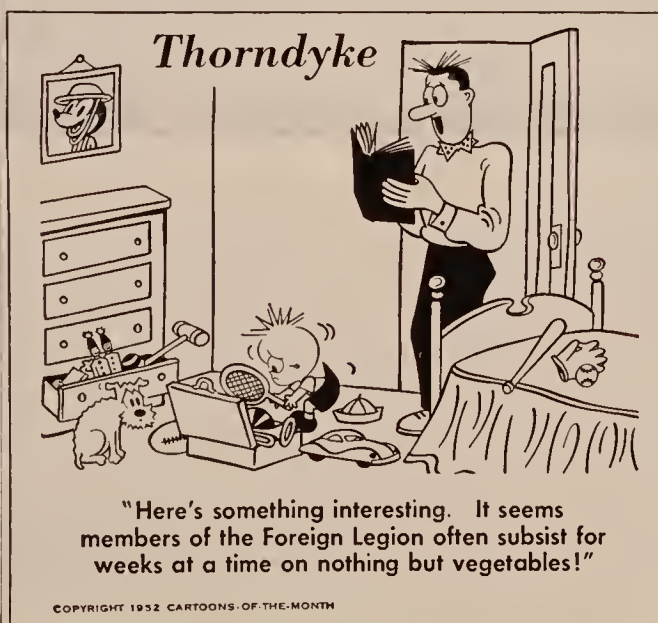

"Cancer" is the title of Dr. Leming's address. Mrs. Gerald Zehnerdner is chairman in charge of arrangements for the monthly event. Assisting here are Mrs. Martha Wedler, Mrs. Herbert Thiele, and Mrs. John Gilbert.

MAIN OFFICE CONTENTS

by Fonda Cook

The Data Bureau was well represented at the Northern Indiana School Band Contest held at South Side High School Saturday. Representing Arcola High School, Marcella Andrew was awarded superior in French horn, and Mary Andrew superior in baritone. Byron White, from Harrison Hill School, was awarded superior in piano, and Ronald White, from South Side, superior in baritone. Congratulations, Ray, and Fred. . . . We are all glad to see Al Sharp and Betty Herbon back to work after wrestling with the flu. Martha Davenport tried it a couple of days, too. . . . Mr. and Mrs. Cliff Matson are enjoying an extended vacation in Florida. . . . Lost feathers—a study of frustration, man or squirrel. Sheltering a pet squirrel can provide some complications, especially at a lake storage building. Over the years Hart Egger, hermetics, Bldg. 18-3, has lamented the loss of some very valuable feathers used in feathering arrows, tying flies, etc. Upon a thorough cleaning job he cunningly traced the family's pet squirrel to its nest in the rafters of a storage building. Intent upon the total destruction of said trashy nest, Hart discovered, to his amazement and dismay, the most gorgeous and luxurious nest, entirely made up of his best feathers. Three guesses as to what happened! . . . Add to the nicknames that of O. J. (Odd Job) Fenner. . . . Ozzie Raith was seen purposefully striding his old territory while on a visit from Louisville.

COPYRIGHT 1952 CARTOONS-OF-THE-MONTH

We wish to welcome Cecil Jennings as wire boy in the winding section. Hope you'll like it with us, Cecil. . . . Congratulations to Betty Lindemuth on her birthday. We wish you many more. . . . The winders all missed Dick Graham while he was home sick, but Eugene LeFavour did a wonderful job for both of you. . . . We welcome Art Brown from second shift to days. . . . Fred (Slick) Adams and his City Chicks are going to open at Post 82. Lots of luck, Fred, on your new career. . . . Ernie Raypole has taken Fred Adams' title of Loverboy away from him. It's nice you boys are passing the name around. . . . Delbert Logan had bad luck this week end. He cut off part of his right thumb in a saw. . . . Roy Burris has a new Chevy now and every noon he runs out to check the oil. Are you afraid of it using oil, Roy? . . . Golda Tuck visited her father last week end. . . . Harold Mosshammer has been seen going out every Friday to get a G-E News early just to see if his picture is in the Quarter Century Club. Just don't take all of them home, Harold, to admire yourself.

Ramblings

Bldg. 31-2

by Julie Rice

MEMO: Get box of candy for Valentine's Day (whoops, I forgot I had that on this sheet. Oh, well, maybe it will help to remind some other forgetful soul.) . . . Our illustrious Eric Gawehn has done it again. On Jan. 29 they played his "National Basketball Song" at the Fort Wayne Piston-Boston Celtic game. Keep it up, Eric, you're on the way. . . . We have welcomed a new trainee into the drafting room. He answers to the name of Maynard F. Stuke. The grapevine tells me that he is married, has a couple of girls, and is a resident of Brighton. We hope you like us over here, Maynard. . . . Well, any further news of our friend Dick Frede will have to be read in Bldg. 26-2. We sure hate to see you go, Dick, but we still wish you lots of luck. . . . There goes Paul Perry again, copping honors. Last week he won, with Liz Shearer as a partner, the mixed doubles in the G-E Club tourney. Congratulations, Paul. . . . Blair Bushong finally became the victim of his own "racket." Dick Hanson talked so long, hard, and fast about his own new TV set that he sold Blair on one. . . . Dave (Florida) Cook has crawled into his shell for winter now. He has insulated his desk against the winter cold by enclosing the bottom with cardboard. . . . The 31 points Gene Lenz made in a basketball game a couple of weeks ago isn't quite like the scores run up by Walter Dukes of Seton Hall, but it is pretty good for an amateur. Of course, there is only one hitch in the situation. In this game they played with 30-minute quarters. . . . Someone told me that there was something burning over in DC Engineering last Friday and I rushed over, pen in hand, to get a scoop, but all I could find was a beautiful red plaid shirt worn by Claude Penn.

"Lost" and "Found" articles must be cleared through the Plant Protection office, Bldg. 10-2, or the Plant receptionist, who will place the Ad-let and otherwise advertise the article.

No ad will be received over the telephone. Only one ad per employee may be inserted. Each ad must be limited to 20 words and cannot be repeated. All articles mentioned must be personal property of the employee. Ads will not be accepted unless accompanied by the name, pay number, and division of the employee. No plant building or telephone number may appear in any ad except transportation ads, only the home telephone number or address.

Send all ads to G-E NEWS office, Bldg. 18-1.

CLOSING DATE

Monday Noon, February 16, 1953

LOST AND FOUND

LOST—Silver cigarette lighter with Legion Post and a number written on it, also a coin purse containing 75 cents. These things were dropped out of a man's pants pocket in Bldg. 19-3, 19-4 or 19-5.

LOST—Man's yellow gold ring with moon stone. Lost between Bldg. 18-4 and Lindsey Ave. gate or parking lot, or between Taylor St. and Bldg. 18, or in McCulloch Park.

FOUND—Man's brown, red and yellow neck scarf. Left in Room 20, Bldg. 16-3.

FOUND—Lady's silk scarf, green border with various colored flowers in it. Found by Bldg. 18 gate.

FOUND—Lady's black kid glove. Turned in at Bldg. 18 gate.

FOUND—Pair men's black leather gloves. Left in Bldg. 8-2 class room at safety meeting on January 28.

FOUND—Pair of glasses with medium brown plastic frames. Found in west parking lot at Taylor St.

FOR SALE

PIANO—K-1666.

DIAMOND RING—Lady's white gold, blue white diamond ring. White Rotary treadle sewing machine, \$20. Boy's new Red Goose shoes, size 13. A-39323.

WASHING MACHINE—ABC automatic. Deluxe model gas stove, H-44883.

SPRINGER SPANIEL PUPS—Ten weeks old. Black and white, liver and white. Eligible for registry. H-03230 or 2815 Lower Huntington Rd.

GAS RANGE—Roper table top. A-1 condition. H-37323.

BIICYCLE—Reconditioned. H-44483.

TRUCK—1948 GMC one-ton pick-up. Good condition. K-1676.

BREAKFAST SET—Five-piece solid oak, \$15. Black seal fur coat, size 14. \$25. Sunbeam electric razor, \$12. All in good condition. H-39924.

TRAILER—1953 Zimmer, 41 ft. Will sell at a big loss. Sheridan Rd. Trailer Court, R. R. No. 12, Fort Wayne.

1940 FORD—Four-door, rebuilt motor, new tires, radio, gas heater. Good transportation. A-65003.

APRON SINK—Left hand. H-79642.

PIANO—Parlor grand. In excellent condition. H-35831.

WHEEL CHAIR—Collapsible aluminum. Like new. Reasonable. A-40564.

1948 FORD—Five passenger coupe. Good mechanical condition. Good tires. Fresh oil heater. H-35855.

'41 PONTIAC—Five-passenger coupe. Two-tone green, chrome wheels. H-78191.

DRILL PRESS—Craftsman ball bearing bench type with 0 to 1/2 inch capacity drill chuck, complete with light and motor, \$50. H-42655.

'45 CHEVROLET—Four-door sedan. Good condition. 835 Poplar St. H-8538.

KITCHEN SINK—Roll rim, single compartment. \$7. Two burgundy Wilton carpets, 9x16, 9x12, worn. \$55. A-55203.

REFRIGERATOR—Monitor top G-E, \$30. Good condition. Electric sweeper, \$5. H-19044.

OVERCOAT—Size 38; 100 per cent wool. A-56395.

CABINET SINK—60-inch, double drain board. \$25. H-66274.

PIANO BENCH—Dark. Waring food blender. H-15435.

DAVENETTE—Green tapestry. Also chest of drawers, mahogany. K-4290 after 4 p.m.

MOVIE CAMERA—Revere C-29, magazine turret, f 1.9 control lens. Like new. K-4178.

SNOW SUIT—Two-piece, red, fur trim. Size 4 to 6. One navy checked spring coat, size 4 to 6. Both dry cleaned, good condition. Cheap. H-32062.

REFRIGERATOR—Frigidaire, five years old. In storage one year, \$75. Radio-record player, table model, \$30. Formal, aqua. K-1302.

WASHER—G-E, two years old. Walnut buffet, good condition. A-55382.

OUTBOARD MOTOR—Late model 7 1/2 HP Mercury Rocket. \$110. H-70091.

GAS RANGE—Excellent condition. Precise oven control. Large compartment for pans. E-32825.

DINING ROOM SUITE—Solid French walnut, eight-piece. Antique bed and chest. Spinet desk, 215 S. Seminole Circle. H-4792.

CAS WATER HEATER—20-gal. Homart. Approximately one year old. Like new. A-29663.

HOUSE TRAILER—27 ft. Modern, clean. Make an offer. Phone Huntington 2134W after 4:30 p.m. or Saturday or Sunday.

KITCHEN CABINET—Good as new; reasonable. Five-foot chicken feeder. Five-gallon water fountain. E-65955.

1951 FORD—R and H, seat covers. Only 9,000 miles. Will sell reasonable, 1007 Lillian.

TIRES—Two 700x15, size weeks old. Tires and tubes, \$40. A-85393.

RUG—One 9x12, in good condition. Very reasonable. H-24661.

LIVING ROOM SUITE—Modern style, dark blue, \$35. Walnut buffet, \$15. Floor model radio, \$15. H-66332.

RIFLE—Winchester Sporter, 30-06. Excellent, reasonable. H-57343.

WASHING MACHINE—C-E. Good condition, \$25. A-65271.

FOR RENT

LARGE SLEEPING ROOM—New maple bedroom suite with innerspring mattress. Large closet. A-56395 after 2 p.m.

APARTMENT—One room. Girl only. Two blocks west of G-E on bus line. A-87654.

APARTMENT—Three rooms and bath. Completely furnished. Private entrance. 3506 Gay St. K-1998.

WANTED

SPINET DESK—H-17981 after 5:30 p.m.

CAMP STOVE—Two-burner Coleman. E-72041.

TYPEWRITER—Reasonable. E-1167.

PLAYER PIANO—K-1666.

SMALL TRICYCLE—Or a sandbox. H-66313.

TWO BEDROOM HOME—For young engineer, wife and seven-month-old baby. Rent preferred, but may buy if good deal. A-95481 evenings, or Saturday and Sunday.

TRANSPORTATION

WANTS RIDE—From south of Ashley on the Auburn-Ashley Rd. 8 a.m. to 4:30 p.m. Jane Stoy, Winter St. ext. 220 or Ashley 14F22.

WANTS RIDE—From Broadway to LaOtto, 3:30 to 11:45 p.m. Robert Whomseter, ext. 2256.

MISCELLANEOUS

WANTED—A lady to do ironing. H-91982 after 6 p.m.

WANTED—A lady to do ironing in vicinity of Pontiac and Warsaw. H-20832 after 5 p.m.

I WILL care for one or more children in my home, days. A-69652.

THANK YOU

I wish to take this opportunity to express my thanks and gratitude to the host of friends and fellow-workers who gave me such a wonderful reception and send-off party on my leaving the Company after 44 years of service.

Words cannot express my thoughts and feelings toward such a grand bunch of guys and the demonstration of good fellowship. Your good wishes and the last day of my career with the Company will be a lasting memory with me.

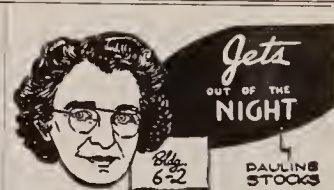

Thanks again for everything and please accept this as a token of my appreciation. WM. H. FRANKE.

Ty August, Esther Meyer, Dorothy Schnepf, Ethel Schlickman, Eloise Noll, and Hilda Staley are taking a course, courtesy of Wolf & Dessauer, on what to do, what not to do, what to wear, etc., on their trip to Europe this summer. There is no charge. As an extra last week, they were given a lesson on where not to park in Fort Wayne, courtesy of the Fort Wayne police. Charge \$1. Now, girls, just because you think your passport pictures make you look like ex-cons is no reason for trying to live up to it. . . . Mr. and Mrs. Fred Engle spent the week end in Chicago visiting their daughter and family. . . . Hazel, just because the left side of your car is bent in, is no excuse for you to try to get the right side bent in, too. It pays to look back when you start out of a parking space. . . . Dort Schnepf celebrated her birthday Jan. 26 and treated the office gang to cake. Happy birthday, Dort, and many, many more. . . . I sure hope Julie Baker has insurance on his camera. I know some of the people who had their pictures taken last Saturday would like to smash it. . . . Happy birthday to Dan Neireiter this week and we wish you many, many more. . . . Another year has been added to the age of several employees of our Packing and Shipping Department: Harry Massonne, John Holt-

house, Mart Hoffman, Basil Stetler, and Woodson Ogg all celebrate their birthdays between Jan. 31 and Feb. 12. Watch those wrinkles, fellows. . . . As they always say, a bird in the hand is worth . . . ? We won't say just what it might be worth to Walt Kessler, but we know that he worked hard enough to get his hands on a certain bird recently. After being suddenly awakened by the scream of his wife as the bird escaped from his lunch pail, Walt had the job of trying to catch a sparrow. Walt says he knows just which one of his so-called friends might happen to know how the sparrow got enclosed in his lunch pail Friday night. Oh, yes, he was late getting to work that Saturday morning. It took quite some time to capture the bird before he could go to work. . . . Congratulations to Veda Egley. Veda and her husband recently moved into their new brick home. Are you going to hold open house so that we can all see the inside of it, Veda? . . . Friday the thirteenth. Not such a bad day now is it? Only two more of them to look forward to for this year, one in March and the other in November. Hang on to your lucky rabbit's foot or four-leaf clovers till then. . . . It is a pink bootied tax exemption at the home of Mr. and Mrs. Joe Railing. Congratulations, folks. . . . Emma Goldner is now a candidate for membership in the Grandma's Club. The granddaughter has been named Karen Sue Goldner. . . . Ah, ha, a mystery in our midst! We hear that Dwight Little has a secret admirer. But who is she? While attending the play "Every-

thing Goes," the mystery was solved. Yes, the lovely lady turned out to be a very well known teacher. In fact, he is the coach of the Yellow Jacket team. . . . We hear that Betty Frauhiger is getting to be quite a nurse. At least her two patients are now regaining their health and usual pep. After surviving her treatments, we must say that Betty must have a bird and dog that are really sturdy and strong. . . . It has been rumored that a couple of the fellows grinding shafts on the first trick are going to take driving lessons. Icy roads very often cause a car to take to a ditch and so Guy Lister was no exception when his did that recently. But, what we can't understand is this, how or why did Erman Johnson's car take such a dislike to Buicks? Say, Erman, why not send the car to class? . . . A small, but enthusiastic, gang brought their favorite valentine to the G-E Club dance. The most welcome sight seen by your reporter was Barbara Hurst and her usual smile. She is not completely recovered, but at least now she can see improvement. . . . Among those winning beautiful hearts full of chocolates were Velma Goeltz, Clarence August, Kate Steele, Okaleah Statler, Rosie Noonan and Dan Zeser.

No wonder Paul Hapner and Frank Sasser get around so fast lately. They have been taking roller skating lessons. . . . Marie Bruggencote's good intentions have gone astray. Marie intended to work every day in February but the fifth slipped by and no Marie. That's all right, Marie, March is coming up. . . . Margaret Talbert has joined the roller skating class but we think she should use a pillow or some springs. Poor Margaret has had to stand up on her sitting down job. . . . Since when have we had an office in the commutator section of Bldg. 6-2? Oh, it's only John Danaghy's work place. . . . Berdena Musser didn't feel very well recently and intended to go to the dispensary. Then she thought the nurse would probably swab her throat so she didn't go. Berdena didn't know Pete Macke had it all fixed up for her. . . . Next time you want to take a day off, Lelah Ryan, you should post a bulletin. . . . WANTED: A new punch press for Bill Schreiber; the one he has now is falling apart. That doesn't bother Bill, only when the parts fall on him. . . . Pete Macke should put his name in bold letters in his car then when his wife brings him to work and he bids her good-by, then his audience will know who he is,

Need Extra Money For College Expenses?

- Scholarships and Loans are available to you or your children for college expenses
- 70 scholarships of \$500; also, loans of \$250 are available for 1953-1954
- All applications must be received by Employee Benefits Services Department, Building 31, Schenectady, New York, by April 1, 1953

FOR ADDITIONAL INFORMATION see your supervisor or employee relations representative or write to: Employee Benefits Services Department, General Electric Company, Building 31, Schenectady, New York

EMPLOYEE & PLANT COMMUNITY RELATIONS

GENERAL ELECTRIC

Lora Schroeder's nephew has been discharged from the service after spending some time in Japan. Lora says he has some interesting experiences to tell. . . . Wilma Robinson brought in a picture of her baby boy. He is certainly cute, Wilma, especially the picture of him in the diaper. . . . Mae Boyce spent the other night in Bluffton with Hazel Davis. . . . What was wrong with Bob Rinehart? He came to work with one green and one yellow sock on. He either dressed in the dark or was dressing in his sleep. . . . Rita Wolf was very much disappointed when her boy friend, who is in the Service in California, called her while she was at work and didn't get to talk to him. . . . Donna Foulks is really going stepping, she bought herself a new pair of high heel suede pumps and a brown purse to match. . . . They say Stanley Nicholson is quite a musician. You should bring your accordion and play for us while we work, Stanley. . . . Charlie Prine, Ruth Bock, and Norma Hicks showed us pictures of their youngsters. All were very sweet. . . . Jessie Harter says she is reducing. She has lost an ounce. . . . Dick Maxton didn't work the other day and it really cost him. He bought a new Nash. . . . Shorty Loudenback fell down in the parking lot to help wipe up the mud. . . . Roy Orr went home the other night at 11:48 so he could see his children. . . . Mary Rose and Hazel Dillworth took off work Saturday night and went to the show. . . . Who said there was a Loverboy on days? Do you know who the one is on second? . . . Feb. 15 the Indiana Travelers are to give a program at 7:30 p.m. at the State St. Brethren Church in Huntington. Everyone is invited. . . . The little girl in this picture is Charles and Vellora Drury's niece, Patty Ann Kaweicki. She isn't too happy, as you can see, but Friday the 13th she will be three. Happy birthday, Patty.

Lucky Birthday

Sleuthing in 4-6

by Gil Baker

SERIOUSLY SPEAKING: We hope by the time this is seen in print, Ruth Lowdermilk will be back with us. Ruth has been confined to her home and hospital for X-rays, due to illness. We hope it is nothing serious, Ruth, and that you will be back with us very soon. . . . BEST WISHES: Happy birthday to Bruce Curley and Doran Hershberger on Friday the thirteenth. What a day for a birthday celebration, careful when you blow out those candles, boys. . . . Also, a happy birthday to Johnny Leffers on Saturday, St. Valentines Day. That's a nice day on which to celebrate a birthday, Johnny. We wish you all many more. . . . IT HAPPENS TO THE BEST OF US: Tomorrow we can sing, "I Went To

Your Wedding," to our bonnie Ruth Oetting. When she returns to work after her honeymoon, she will answer to the name of Mrs. Robert Richey. Congratulations to the bride and groom and our very best wishes for wealth, health, and happiness as you go through the years together. Approximately 40 co-workers (girls) gathered at the Company cafeteria honoring Ruth, last Tuesday. She was presented with a beautiful heart-shaped red carnation corsage and a lovely set of stainless steel dinnerware. A skit was given of a dress rehearsal of Ruth's wedding. . . . NEWEST INVENTION? CHLOROPHYLL PAINT? Our "wonder-boy" Julian Howard Stark, upon noting the new green paint job in the little boy's room, asked, "Do you suppose it contains chlorophyll?" . . . AND HOW DOES IT FEEL TO BE IN THE LIMELIGHT? Jack Clarkson was given a rousing applause as he entered the G-E Club (guest of the Elex Club girls in Bldg. 4-6 on boss night) one hour late for the regular dinner. Food was all put away, but he was very well taken care of by Lois Miller, who had to go behind the lines to find something for him to eat. As Jack walked down the center aisle, all alone, his partners in crime (practically all members of his staff) broke out with a loud applause. Which one will you fire first, Jack? . . . FILE ROOM FLOOR LORE: Marilyn Saine joined the Floor Sitters' Club last Monday. It's always nice to welcome new members, Marilyn. . . . JUST WONDERING: By the way, who is the certain person on Bldg. 4-6 who candles his cokes, now? What's the matter, don't you trust the coke machine? . . . OH, WHAT A DAY: When Jack Wilson got to work the other morning, his thermos bottle was broken, and then Pat Boling answered the phone at Jack's desk and spilled Jack's coke over all the tracings on his desk. . . . FAREWELL: To Wayne Perry, an apprentice draftsman; he will work in Bldg. 19-5. . . . PUBLICITY: Cliff Denney is well experienced at scrubbing and waxing floors, since he is the part owner of the Maumee Gift Shop. So when you want the best gifts for the lowest price, go to the Maumee Gift Shop. . . . WELCOME: To William Disque, he is an engineering assistant for L. Wightman.

Suggestion Saves Scrap . . .

QUALITY CONTROL PAYS OFF—Ethel Shipman, Bldg. 26-5, points to the quality control chart with the \$50 suggestion check idea which shows one way of putting quality control into practice. Her suggestion, which was a method of saving materials in the process of laminations in stacking has resulted in a reduction of scrap losses in her section. Ethel is discussing her idea with Louis Sordet, who instigated the quality control program in Bldg. 26-4 and 26-5.

Ed Willey's wife enjoys seeing his name in the G-E NEWS but would enjoy it more if she saw it in the suggestion award column. . . . Tom Harber says there is nothing like being conservative. Cigar butts are good smoked in pipes. . . . Sarah Moore got so excited over the Shrine Circus that the performers all looked the same to her. Next time, Sarah, take your binoculars. . . . Cozette Walper must not be as young as she used to be because she didn't enjoy the circus as much this year as last. . . . Clarabelle Whiteman is getting quite domestic. She baked her husband a lovely birthday cake. . . . We have a report that Dale Ross is vacationing in Florida. She is

visiting Carrie Menges, who is spending the winter there. Dale plans to stay a month. . . . Linda Wahner bought some new binoculars and she says that she and Ruth Peek see so much with them at the hockey games that Ruth has decided to buy herself a pair. . . . We wish a happy birthday to Hilda LeCoque and Francis Walker. . . . Eric Helwig developed a backache the other morning after attending the Foremen's party. He can't understand why the boys didn't telephone to inquire about his health. Could it be that his telephone was out of order and didn't ring every fifteen minutes? . . . We have a little advice to offer Paul LeCoque. We suggest that when walking on ice that he keep both hands out of his pockets and it might save his face. . . . Congratulations to Hillard Moore on his new granddaughter.

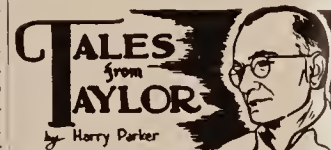

The early fish gets hooked for the same thing the early bird gets credit for.

40-YEAR MAN—Charles Dixon (right) reached the 40-year service mark with the General Electric Company last month. Among those on hand to congratulate him on this fine record were Fred Pyle (left) and Albert Pequignot. Mr. Dixon came to G-E in 1906 working on wiring in the armature department and is now a sheet metal and steel worker in Bldg. 19-3.

Did you ever try to get your car to run by blowing into the gas tank? Truman Buckles was caught doing this very thing, but he found out it took a fuel pump to do the job. . . . Birthday greetings to Harley DeWitt and Doris Metzger on the 6th, and to Cletus Lothamer on the 7th. . . . Fred Bergman was telling everyone how he was saving money after he had a gas furnace installed. Then his wife called him the other day and said they had a water leak. Do you suppose he had the heat so low as to let the pipes freeze? . . . Can you picture Clarence Coulter having a Ford catch up with his Chrysler? It seems that is what happened to him in Noblesville, Ind. . . . We're glad to have Lena Goss back. She has been off with the flu for a while. Lena, you don't know how we miss the dog stories and other news when you are gone. It seems that she is always doing something to get her name printed, whether it is getting into the wrong car or being seen at the Waynedale fair. . . . Don't forget, you can still buy tickets for the Wire Mill party at Bojrab's tonight. See you there!

Something new has been added of which we must take note. As all of you are well aware of the fact that Mable Miller dearly loves to gnaw on the neck of any fowl. Well, this is what happened, someone brought her two dozen squab necks, upon which she chewed all morning. Along about lunch period she developed a severe gastric disturbance which could not be brought under control, making it necessary for her to go home and to bed where recovery was slow but sure. She tells us that she has just about decided to give up this type of necking. . . . Joe Long laid off work last Monday. The reason? He had to take his young bull to Hometown to have it shot and butchered. Having accomplished this, and the meat safely stored in his freezer, Joe has begun to eat well on beef. He tells us that his gentleman cow looks much better in the frying pan than it did on the hoof. . . . Alfred Renz has broken his New Year's resolution. As you know he promised to be here at the plant on time for the whole of the new year. He sure slipped the other morning, not reporting for work until 9 a.m. He tells us that he just cannot hear that alarm clock of his, so is considering having the city police and fire signal department install one of those big gongs in his bedroom which would be sounded promptly at 5:30 a.m. from the central control station. This surely would jar him out of his morning lethargy. . . . Clarence Stove, who continually talks all winter long about fishing through the ice but does very little of it, did however, venture forth last Sunday. He spent the whole day on the lake practically freezing his face and putting himself all in catching two undersize bluegills, which had to be put back into the lake. It just seems that he will never realize that this sport is for the younger generation.

FRIDAY, FEBRUARY 20, 1953

No. 8

Almighty God, we make our earnest prayer that Thou wilt keep the United States in Thy holy protection.

— George Washington

ENGINEERS PREPARE EXHIBIT—Fort Wayne G-E engineers are shown at work on their exhibit which will be displayed in Central High School Feb. 23-27. Left to right are Sol London, Bldg. 4-6; Aaron M. Krakower, Bldg. 26-2; R. P. Cheesman, Bldg. 8-1, and G. H. Friedholm, Bldg. 31-2. The exhibit will be part of the National Engineers Week celebration. (Story Page 3.)

PTA GETS PROCEEDS—The G-E Squares Women's Division presented the proceeds from their December carnival to the Allen County Parent-Teachers Association for their scholarship fund last week. Shown (l-r) are Mrs. C. M. Engelman, treasurer of the Allen County PTA; Mrs. Joe Donahoo, co-chairman of Squares Women's Division Ways and Means Committee, and Mrs. Donald Reek, chairman of the Ways and Means Committee.

TOP TALKERS—Fred Jones, Bldg. 18-3, (third from right) was first place winner in the Effective Presentation contest held last week at the Hotel Van Orman. Congratulating him are (l-r) G. T. Graham, judge; G. R. Hemmeter, third place winner; C. J. Monroe, judge; Mr. Jones; L. C. Swager, judge; and J. H. Draska, second place winner. (Story Page 3.)

BEST RETIREMENT WISHES—William H. Franke (left) retires from the General Electric Company this month after 47 years of service. Offering him best wishes are J. J. Clarkson and A. J. Rose. Mr. Franke started with G-E in 1908 as a toolmaker and was a general foreman in Bldg. 4-1 at retirement. A party was held in his honor at the Waynedale Legion Home, where he was presented with gifts from his many friends. He is now on a vacation trip to Florida.

Birthday Recalls

Washington's Engineering Days

From George Washington's day to the present, engineers have played a key role in building American victory in war, and American prosperity in peace.

The main reason that Americans—having only 7 per cent of the world's population—make and use more than half of the goods produced in the entire world, is because engineers have had the opportunity in this nation to put their talents to use on a degree unequalled anywhere else.

National Engineers' Week

That's why you should be especially interested in National Engineers' Week, February 22-28, sponsored by the National Society of Professional Engineers, which honors America's engineers. Whether or not you have realized it, they play a big part in your life.

It was as an engineer that a 16-year-old young man named George Washington, whose birthday we celebrate Sunday and who was later to make quite a reputation for himself, first achieved renown. Washington was only 16 when he got his first engineering job surveying the estate of Lord Fairfax in Virginia. How highly the young man was regarded can be seen from his pay, more than a gold doubloon a day, \$16 then and equal in purchasing power to about \$50 today.

As a military engineer, Washington built roads through forests, erected bridges, and built forts. He also organized the Corps of Engineers of the U. S. Army.

Opened Westward Route

In the French and Indian War, Washington opened the first route westward across the Allegheny mountains. He crossed through the Cumberland Gap and built a road, complete with bridges, to the banks of the Monongahela and Ohio Rivers.

In fact, had Washington not been an outstanding engineer, it is possible that he would never have achieved the reputation which carried him to the Presidency.

Even as President, Washington kept an active interest in engineering. He played an important role in designing the City of Washington and issued its first building regulations.

Today, engineers play an ever-increasing role of critical importance in our civilization, especially in a Cold War period like the present. The greedy maw of war and near-war consumes the services of hundreds of thousands of engineers. America is pouring more and more of her engineering manpower into defense work in an arms race the Free World dares not lose to the Iron Curtain.

Engineers in Defense

What part do engineers play in defense? Two examples are typical: Our first B-36 superbomber required more than three-and-one-half million engineering man-hours for its construction. More complicated airplanes take even more engineering. Tanks, guns, and other military equipment require engineers, too.

Civil Defense is another area particularly requiring engineers. If our cities should be bombed, we would need thousands of engineers to supervise the clearing away of rubble, restoring water, gas and electricity supplies, rebuilding our roads, and keeping sanitation service up to safe standards so that sickness and plague would not cause more casualties than enemy bombs.

Engineering is big. It is America's largest profession. More men, 400,000 of them, follow it as a profession. But large as this number is, our country needs still more. By 1954 America will need 100,000 more engineers than there is any prospect of getting now.

Engineering is a career which offers great opportunities to alert young men and women. High school students, and parents of such students, should definitely explore the possibilities in engineering before choosing a career. Interested young people, or their parents, may obtain a booklet, free, which tells basic facts about engineering by writing for **Engineering—A Career of Opportunity**. It is available, from the National Society of Professional Engineers, 1121 15th Street North West, Washington, D. C.

SICK LIST

The following people have been reported on the sick list, dismissed from the hospital, and returned to work.

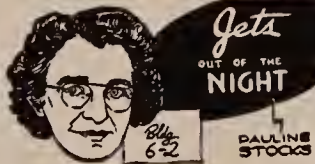

Paul Beauchamp, Lillian Harris, Mitzi Lue Juillerat, Aldena Harris, Mary J. Crosby, James H. Courtney, Ray Chapman, Herman Brandt, Reba B. Boyer, Lonnie Boggs, Clarence E. Bond, Richard Arnold, Clara Frede, Marilyn Holocker, John Dominguez, Mildred Hartman, Leah Coolman, Arthur Gallaghy, Paul Hathaway, William Demsey, Victoria Hyre, William Johnson, Charles Douling, Richard Pion, Velva Smith, Guy Livingston, Frieda Morin, Andrew Nichter, Leyoda Thomas, Ladonna Rodenbeck, Bertha Witham, Blanche Radosti, Thelbert Mosley, Jr., Arthur Luessenhop, Harriet Palmer, Vera Paul, Jacob Van Pelt, Clara Lauer, Susie Wagner, George R. Weeks, Marion Morrison, Rena Mitchell, Fannie Whitt, Lloyd Taylor, Molly Myers, Geneva Pickering, Richard Uptgraft, Donald Porter, Harry Nicholson, Donald Porter, Harry Richardson, Harry Limbach, Nora Vanover, James Gulley, Juanita Johnson, Betty Keyser, A. Willison Franklin, Louise Bell, Clark De-Haven, Thomas Stewart, Howard J. Sayles, Ora Waterson, Harry Ward, Geraldine Snyder, Anna Smith, Theodore Schelper, Lloyd Lytle, George Blocker, Archie Evans, Willie Davis, John Imel, Stees Sponhauer, Walter Fritze, Lucille Bardey, Verna Powers, Luther Childers, George Adams, Luther Hardy, and Christian Starke.

Dismissed from Hospital

Georgia Trevey, Henry Tucker, Ruth Lowdermilk, Richard Pion, Irene Blank, Herbert Denny, Lucille Bates, Angeline Fogle, Joan King, Luther Hardy, and George Breedlove.

Returned to Work

John Breese, Mary Goss, Vera Fetro, Mandolene Keel, Edward Hamilton, Harold Howell, Sarah Drake, Carmen Dominguez, Clarence Keener, Eugene Kester, Maude Coomler, Ruth Kibiger, Rosella Koons, Pauline Meehan, Fank Livingston, Buford Thompson, Lavona Meredith, Phyllis Zent, Viliace Lee, Walter Lipscomb, Hilda Smith, James McKim, Hubert Myers, Carl Sleppey, Edward Woodward, Harry Schmidt, Carmen Sordelet, Charles Sheets, Carleton Towns, Arthur Luessenhop, Gertrude Riachard, Arnold Morris, Norma Langmeyer, Samuel Shank, Nova Walker, and June Martin.

We extend birthday greetings to Joe Vega. Joe's birthday was Feb. 12. . . . Varney Vice's two-month-old baby has the chicken pox. . . . Congratulations to Marie Bruggen-gate. Marie got a full week in. . . . We extend our sympathy to Orville Moody on the death of his grandmother. . . . Jerry Lotherman is leaving us to enter the Service Feb. 25. . . . Geneva Curtis has returned to work after a sick leave. . . . After watching Pop Gillispie's gymnastics we all agree he is in rare form as a boxer. . . . Forrest Bunner is quite contrary. He falls out of the bathtub instead of in it.

What Is the Total National Debt? The U. S. Treasury Department reports that the total gross National debt as of June 30, 1951 was \$225,251,000,000.

DITTIES FROM DISTRIBUTION

by Ruth Sorg

SHIPPING: All eyes were on Vera Poe when she came in this morning sporting a diamond on her finger. Congratulations, Vera. . . . These lucky people who can take a vacation and go South in the winter-time! Catherine Minehart is spending the week in Louisiana attending the Mardi Gras. . . . We welcome two new girls in our office this morning: Dorothy Shepard, on the duplicator, and Mabel Fisher, who came from Taylor St. to help out on the complete file. . . . We say farewell today to Ferne Runyan, Betty Stebing, and Mary Cole. We'll miss you, girls. Don't forget us! . . . **RECEIVING:** Paul Thomas complains that the eggs he buys from Bob Kurtz are more like pigeon eggs than pullet. Bob also sells squab, so there may be some connection there. . . . Bill Brown complained loudly because he got a ticket on both Davies and Gavilan for the fights Wednesday night. He was consoled when we told him that he might have gotten Meyers or McCarthy, and they weren't even fighting. . . . There is a news item that caught our eye due to a similarity in names and circumstances. It's about a Joe Rykowski of Detroit. It seems that Joe blamed a certain restaurant for serving him a meal that made him ill. So he waited until the restaurant was empty and then called a couple of policemen to watch while he threw a rock through the window. Of course we know that it wasn't our Joe Rykowski, although Joe has been on the sick list, and Detroit isn't very far away. . . . Tom Dent had some friends in to watch the Gavilan-Davies fight on television. They each brought some refreshments. Paul Merkert brought three loaves of rye bread. Ed David had the limburger cheese to go with it, and Hap Leider brought a case of beer. The lunch was fine but the television wasn't very good. They'll take their snow shovels along next time. . . . Everyone in the receiving office got a gaily colored (but not too flattering) valentine last Friday, from some unknown admirer. Bill Brown and George Michel really got an assortment of them. They didn't realize they had so many friends. Of course, it is impossible to thank

Words by Walt

ELEX, YOUR BOSSES THANK YOU

Your Elex Night for Bosses Was a mighty nice affair. And 'twas really quite a privilege To be one invited there.

With lovely women all around. It made a wonderful sight! And so we bosses tried to be Real gentlemen this night.

With guarded lips and tongues, we tried To let no words risqué Be uttered that might cause you girls One moment of dismay.

We tried to so conduct ourselves. That each of you might see In each of us, the kind of boss, You'd like your boss to be.

You, of course, were disappointed. If you looked for sprouting wings; 'Twas not the place nor yet the time For us to sprout those things.

Neither saw you any halos, Likely didn't think you would; For although, we can be gentlemen, We just can't be that good.

But we're proud of every one of you. From winders to secretaries. And it's really not malarky. When we say, "You're quite the berries."

That's what we bosses think of you. And now that that's explained, Accept our thanks, for really, We were nicely entertained.

— W. L. Whonseller

the senders, because they forgot to sign their names. . . . George Michel is in need of a magnet with which he can remove castings from barrels. It gets awfully dark down there at the bottom of that barrel. . . . **MAILING:** Gary Khun and friends went to Nashville for the week end and attended the Grand Ole Opry. . . . Corky Dawkins spent his retroactive pay on a new 1953 Willys. . . . Eddie Blotkamp was flashing a new tie around this morning, just raise up the flap and you will know how much he paid for it. . . . Toni Settimi and Bob Hensler were both ushers for weddings the past week. Toni's sister and Bob's brother were married, but not to each other, each to a different person. . . . **TELEGRAPH:** Welcome back to Mary Ann Laurent who has been over in Bldg. 18-1. Lucille Werling went over to Bldg. 18 and took Mary Ann's place.

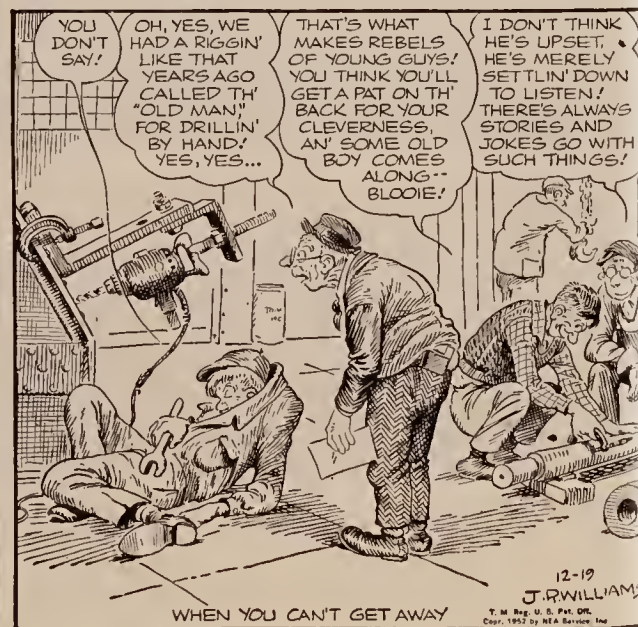

A curious little man sat next to an elderly, prosperous-looking man, in a club car.

"How many people work in your office?" asked the man.

"Oh," responded the elderly man, "I should say, at a rough guess, about two-thirds of them."

OUT OUR WAY

by J. R. WILLIAMS

Fred Jones, Sam Macy Take Honors In Effective Presentation Contest

Fred Jones, Bldg. 18-3, won first place in oral presentation at the Effective Presentation graduation conference dinner held Thursday, Feb. 12, at the Hotel Van Orman. The title of Mr. Jones' talk was "Formula for Success." Sam Macy, Bldg. 26-4, was the winner of the written presentation. His essay, entitled "Top Secret," appears on this page.

In the oral presentation category, J. H. Draska, Bldg. 18-3, was awarded second place

and G. R. Hemmeter, Taylor St., third place. All winners received cash awards. Judges were C. J. Monroe, chairman; G. T. Graham, and L. C. Swager.

Forty-eight men completed the 17-week winter course. Instructors for the classes were R. J. Keyser, J. P. Coughlin, E. C. Smith, C. B. Smith, W. F. Brunner, and A. E. Rowe.

The class presented a skit which was a satire on a typical Effective Presentation class. H. A. Brust served as toastmaster for the conference.

Members of the committee on arrangements for the meeting were S. J. Antalis, program; G. D. Doedinst, organization; A. F. Larman, host, and R. L. Hupp, entertainment.

Vinson Appointed Manager of Wage Administration

Arthur F. Vinson

Arthur F. Vinson of Schenectady, N. Y., has been named manager of the General Electric Company's Wage Administration Department, Lemuel R. Boulware, vice president in charge of employee and plant community relations, announced this week.

Long active in engineering, manufacturing and employee relations work in the company, Vinson leaves a position as assistant manager of the Manufacturing Services Division for his new post. He will direct the wage activities for employees in the company plants throughout the nation and make his headquarters at the company's New York office, 570 Lexington Avenue.

A native of Plainfield, Ill., Vinson was graduated from Michigan State College in 1929 with a B. S. degree in electrical engineering. He joined G-E as a student engineer on the Company's Test Course at

Local Engineers Plan City Exhibits Radio Programs, Dinner Meeting For Engineers' Week Celebration

Fort Wayne engineers this week announced plans for celebration of National Engineers' Week, Feb. 22-28. The celebration will include a series of panel discussions over local radio stations, displays in all local high schools, and a dinner for all engineers Friday, Feb. 27, at 6:30 p.m., in the Chamber of Commerce.

The dinner will be open to all engineers in the community. J. E. Angle, general superintendent of the Gary Sheet and Tin Mill Division of the United States Steel Corporation, will be the principal speaker. Aaron Lindley, superintendent of Fort Wayne public schools, will also give a short talk to the group. G-E engineers may obtain tickets from any member of the Fort Wayne Association of General Electric Engineers.

The General Electric exhibit will be displayed in Central High School. Other exhibits are:

Home Telephone and Telegraph Company at Central Catholic High School; Capehart-Farnsworth at

Concordia; U. S. Rubber at South Side; International Harvester at North Side; City Utilities at the Court House Square, and Bowser Pump at the Fort Wayne National Bank.

Fifteen minute panel talks will be given over radio stations. The schedule is:

Monday, Feb. 23, at 1:15 p.m., WANE.

Wednesday, Feb. 25, at 9:45 p.m., WANE.

Thursday, Feb. 26, at 9 p.m., WGL.

Saturday, Feb. 27, at 6:15 p.m., WOWO.

The General Electric movie "Freedom and Power," will be shown to high school students and civic groups.

TOP SECRET

Editor's Note: The following is the prize winning composition in the Effective Presentation class contest held last week. It was written by Sam Macy, Bldg. 26-5.

CONFIDENTIAL. SECRET. TOP SECRET. These are common words in our life today.

I have a secret, a secret that will allow you to enjoy the adventure of great living. Here it is. Help your fellow men.

There is no ill feeling in a blood donor's line. As you await your turn to give your pint of blood, you chat and laugh with the person beside you. When you leave the building, you have the very fine feeling of having helped someone.

The many civic organizations that operate to help the poor, the disabled, and our youth, are able to perform their good deeds only because so many people already have found the secret of great living.

Perhaps a story I once read can best illustrate the point.

When a famous mountain climber went to Switzerland for the first time, he quickly discovered that he needed a handy man. He could find plenty of young men who were willing to climb the mountains, but no one to help with the menial tasks at the foot of the mountains. Then one day he met an odd little man. He was dwarfed and hunchbacked, a twisted mass of deformity, even revolting in appearance.

The mountain climber approached the little man and told him what he wanted. The cripple jumped at the chance, and from that time forward, for nearly twenty years, he was a devoted friend and helper.

The day came when the mountain climber was to make his last ascent of the Alps. The thought came to him that here was the dwarf who had given the best years of his life helping others to climb mountains, but had never climbed them himself.

Some strange impulse caused him to ask the dwarf if he would like to go along. His only answer was a shake of the head as the little man looked down at his twisted legs. "We'll get you there," said the mountain climber. And get him there they did, even though it required carrying him a great part of the way.

When they finally reached the top of the mountain, the little man was down on his knees in a moment. It was difficult to think that his face ever had been considered ugly. It was radiant; it fairly shone. All the while there on his knees he kept exclaiming, "O beautiful, beautiful mountains."

It is a great and wonderful thing to be permitted to climb the heights; to struggle on and on and up and up; at last to have that wonderful feeling of having achieved your goal. But the thrill of thrills, the triumph of triumphs is reached when standing there, you are able to look around and see someone, who but for you—your interest, your influence, your help—never could have succeeded.

To look up—that is fine. To climb up—that is even better. But to lift up—that is the ultimate secret, the top secret, of great living.

Supervisors Club To See March 3 Hockey Match

The Supervisors Club will attend the final hockey game of the 1952-53 season Tuesday, March 3, at the War Memorial Coliseum, Gordon Smith, publicity chairman, announced today. The Fort Wayne Komets will play Grand Rapids.

The game begins at 8:15 p.m. and those attending will meet at the Coliseum at 7:45 p.m. Reservations have been made for 325 people and free tickets are available from contact men. Reservations should be made by Friday, Feb. 27.

Free refreshments will be distributed during the game.

INCOME TAX OFFICE OPEN SATURDAYS

The Internal Revenue Office in the Post Office building will be open tomorrow and every Saturday until March 15 to assist taxpayers in preparing their income tax forms. Office hours are from 8 a.m. to 4:45 p.m.

FLYING START—Off on a quick check tour of two of the world capitals the Elex Club will visit this summer are Robert Smith and Dorothy Smith Kammen of Smith's Travel Bureau at Wolf & Dessauer's. Seeing them off at Baer Field Sunday were (l-r) Mr. Smith, Mrs. Helen Wood, Elex Travel counsellor from W. & D.'s; Mrs. Kammen, Roqua Wibel, Elex president; Irene Meyers, Elex Adviser, and Charles Yates, of Trans-World Airlines.

Two New Supervisory Appointments Announced in Specialty Sub-Sections

Two appointments in the Specialty Motor Sub-Department were announced this week by Robert L. Spittler, superintendent of Sub-Sections 1 and 2.

Robert C. Meyer has been named supervisor-cost of Series and Specialty Manufacturing Sub-Section 1. Walter W. Dreyer has been appointed supervisor-cost of Aircraft Manufacturing Sub-Section 2.

When he joined the Company in 1925, Mr. Meyer was a factory time clerk in refrigeration. One year later, he entered cost in the Apparatus Division. He transferred to general cost work in domestic and commercial refrigeration at Winter St. in 1930.

In February, 1941, Mr. Meyer moved to Bldg. 19-5 as an assistant supervisor of cost in the Fractional Horsepower Series Motor Section and was named supervisor of cost in that location in 1943. He went into central cost in Bldg. 18-3 in 1946. The following year, he became supervisor of cost in wire and insulation at Taylor St.

Mr. Meyer was named supervisor of cost of all Works service sections in 1949. In October last year, he entered Specialty Motor's central cost on special assignment and held this position until his present appointment.

Mr. Meyer completed General Electric training courses in Industrial Cost Accounting, Elementary Accounting and Better Business Management. He is a

Walter W. Dreyer

Robert C. Meyer

member of the Supervisors' Club. Mr. and Mrs. Meyer, who reside at 3617 Reed St., have one daughter, Beverly Phillips, who is employed in Bldg. 4-6.

Mr. Dreyer came to General Electric in 1912 and became a meter assembler in Bldg. 16-2. He entered meter department cost as a cost clerk in 1923. After transferring to Winter St. in 1932, he was cost leader.

In 1934 Mr. Dreyer organized the cost section in the plastic, wire and insulation department, and subsequently set up cost functions in the General Tool Division and FHP Motor Division 1.

Named supervisor of central wage rate in 1943, Mr. Dreyer held

this position until 1948, when he became supervisor of STAB wage rate. Prior to his present appointment, he was cost supervisor in Specialty Motor Sub-Section 1.

A graduate of International Business College, Mr. Dreyer completed the accounting course in 1913 and later completed the International Accountant Society course, the Better Business Management course, and the Elementary Accounting course.

A Quarter Century Club member, Mr. Dreyer is also a member of the Supervisors' Club and the G-E Squares. The Dreyers have one son and two grandsons. Mr. and Mrs. Dreyer live on R. R. 1, St. Joseph Center Rd.

Vinson Appointed

(Continued from page 3)

Fort Wayne, and then held successive positions as process engineer, DC motor section head, and inventory control supervisor.

In 1939 he was named assistant production manager at the Fort Wayne plant, a position he had held until 1945, when he was transferred to Schenectady as assistant production manager of the Company's old Apparatus Department. He was appointed chairman of the committee in charge of the former Welding Equipment Divisions in 1947, and a year later became manager of that operation with headquarters in Fitchburg, Mass.

Following completion of the Advanced Management Program of Harvard University's Graduate School of Business Administration, Vinson served as manager of employee and community relations of the Company's old Small Apparatus Division at Lynn, Mass., after which he went to Schenectady to assume the post he now relinquishes for his new assignment.

it one morning and some oil accidentally dropped onto the belt. It was sort of slippery and ran off the pulleys. Paul Rosenhahn said it was accidental. . . . Harry (Lightfoot) Eckenbarger went to the bank the other day. When he saw the locked doors he remembered it was Lincoln's birthday and the banks were closed. . . . Dick Arnold is ill and is in the Lutheran hospital.

APPRENTICE BROADCAST

by Jack Olinske

Congratulations to the newlyweds, Pat Tarney and Jim Henry. Best of luck. . . . We have several new faces around here. Frank Houlihan was discharged from the Army Engineers and started in the school. William Huston is another new man who started in the school recently. Drafting has contributed two fine gentlemen to the school. Harvey Springer and Robert Rietdorf are starting their year of shop work. . . . There have been many transfers. Don Taylor left the screw machines for the lathe section, and Ken Johnson took Don's place as "one of the oily ones." Frank Miller was farmed out to Bldg. 17-4 in the experimental section. Bob Taylor is now in the lathe section after leaving the mill section. Bob Gotschall was farmed out to Bldg. 19-5. Hope you all are satisfied and happy. . . . Our own John Becker just recently missed becoming a member of bowling's Triplicate Club. John only missed by two pins and says he has given up the sport. . . . Harold Wilkerson and Dewey Cobb have hit on a novel solution concerning their cars. Both seem to be trying to wear them away from gasoline. They both ran out of gas in the parking lot. . . . We have a few helpful souls around here. Mel Guillaume always keeps his lathe well oiled. Someone helped him oil

Charm Class to Attend Leisure Home Party

The Elex Charm Class group and other interested Elex members have been invited to attend a party at the Leisure Electric Kitchen by Miss Peg Buchan at 7:30 p.m. Wednesday, February 25, at the Indiana and Michigan Electric Company, 122 East Wayne St.

Miss Peg Buchan will present a cooking demonstration and guests will be asked to taste everything that is prepared.

There will also be a film entitled "Cooking High Style."

ECHOES

from Bldg. 19-2

by Fred McIntyre

We welcome the following people to Bldg. 19-2's growing family of new employees: Claude Garren, George Hafrichter, Richard Zuber, Richard Yant, William Bryant, Robert DeHaven, John Bright, and Robert Craig. . . . Eddie Moeschberger is the proud owner of a new model of the Automotive Industries Engineering ingenuity (a Pontiac). . . . Cecile Henton wasn't taking any chances when a group of employees held a potluck dinner recently. She brought her lunch as usual to forestall any shortage of food at the potluck. . . . Harold Grider is happy to report that his wife is on the road to recovery after undergoing surgery. . . . The old scientific statement of an "irresistible force" meeting an "immovable object" was re-enacted recently when Joe Campbell, who was giving his girl driving lessons, found out that a tree is an immovable object. Better luck next time, Joe. . . . Norma Langemeyer has returned to work after a lengthy illness. . . . Oscar Johnson has been seen sporting a red face lately. He says he acquired it on a Florida vacation trip but rumor has it that he got an overdose of Vitamin "A" from a new G-E sunlamp. Don't go to sleep the next time under the lamp, Oscar.

A former Bldg. 27 employee, Philip D. Kuhn, is serving in the intelligence office at the Clovis, New Mexico Air Force Base, his parents reported this week. His father, Gustave Kuhn, works in Bldg. 26-1; his brother Gary is employed in Bldg. 6-2, and his mother is a former Bldg. 17-2 employee.

Pvt. Vernon D. Burkett, formerly of Bldg. 4-3, is now stationed in Kitzingen, Germany with the First Infantry Division Band, his wife, Virginia, Bldg. 4-4 employee, reports. Pvt. Burkett traveled to Dachau after arriving in Germany to audition for the band and then was sent to his present location. His present address is:

Pvt. Vernon D. Burkett, U.S. 55274520
1st. Infantry Division Band, APO 1
c/o Postmaster
New York, New York

Bill Butler, who worked in Bldg. 4-4 before entering the U.S. Army, is currently stationed at Camp Pickett, Va. His present address is:

Pvt. William Butler
U.S. 55339497
Co. D, 10th B.N. M.R.T.C.
Camp Pickett, Va.

Airman Kuhn at New Mexico

Any of Airman Kuhn's former co-workers who wish to drop him a line may do so at the following address:

A/3C Philip D. Kuhn
Headquarters 50th Fighter-Bomber Group
Clovis Air Force Base
Clovis, New Mexico

The following Fort Wayne plant employees have entered the Armed Forces: Jerry W. Pinkston, Thomas T. Skole, Edward Arrowood, Edward D. Schoeneman, Everett M. Faust, Donald W. Imel, John H. Leonard, Jr., Lowell D. Neuen-schwander, Keith A. Coil, and Carl L. Blair.

KING AND QUEEN FOR A DAY—Quite a celebration was held in Bldg. 12-3, Feb. 5, in honor of Estella Morroff and Adolph Schultz (wearing crowns) who retired this month. Shown decked out for the occasion are (l-r) Bill Hattendorf, Mr. Schultz, Earl Gebert, Joe Kramer, Mrs. Morroff, Carl Saaf, Bob Martin and Earl Plummer. Mrs. Morroff came to G-E in 1924 as an insulator in Bldg. 10-3. She was an inspector in Bldg. 12-3 when she retired. Mr. Schultz joined G-E in 1912 as an insulator and was on slot and rewind work in Bldg. 12 when he left the Company.

G-E DEATHS

John B. Morrolf

John B. Morrolf, 73, Retired Employee Dies

A retired employee, John B. Morrolf, 73, died Wednesday, Feb. 11. Services were conducted Friday, Feb. 13 at the D. O. McComb & Sons Funeral Home, the Rev. Christian W. Kocher officiating. Burial was in the Greenlawn Cemetery.

A Quarter Century Club member, Mr. Morrolf joined the Company in 1919. He worked in Bldg. 26 and Bldg. 22 and at the Winter St. Plant. Prior to his retirement November 1, 1946, he was a punch press operator in Bldg. 26-1.

Survivors include his wife, Olive; one daughter, Miss Florence Morrolf; a half-brother, Jacob Morrolf, and a half-sister, Mrs. Minnie Lantzer.

Sherman Welch Dies In Methodist Hospital

A former General Electric employee, Sherman Welch, 64, died Saturday in the Methodist Hospital.

Mr. Welch worked at G-E from 1943 to 1949 as a shipping clerk in Bldg. 6-2.

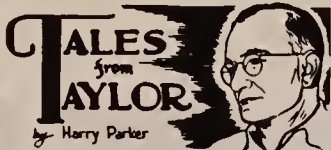

Services were held at 3 p.m. in the Klaehn Funeral Home, the Rev. Phillips B. Smith officiating. Burial was in Greenlawn Memorial Park. The Scottish Rite held services following the funeral.

Surviving are a sister, Mrs. Lizzie Boxell, of Van Buren; and a brother, Stanton, of Bluffton.

Rites Held Thursday For F. S. Groeschel

Services were held Thursday morning at the C. M. Sloan Funeral Home and the Precious Blood Catholic Church for Francis S. Groeschel, 41. Mr. Groeschel died of a heart attack at his home Monday. The Rev. Sebastian J. Kramer officiated at the funeral services.

Mr. Groeschel was a native of Peru. He came to Fort Wayne 13 years ago and was employed in Bldg. 6-4 as an inspector at the time of his death. He first joined G-E in 1941, and had worked in Bldg. 4-5, Bldg. 19-2, the Winter St. plant and the Taylor St. plant

EXTRA SPECIAL NEWS FLASH: The long awaited event has transpired, Virgil Foland is now a grandfather and he is very happy about it all. A seven-pound baby girl arrived at the home of his son, and from the latest reports mother and daughter are doing very well. As you know Virgil has spent long anxious months awaiting the arrival of this baby, and spent many hours with the knitting needles producing many of the items an infant requires. Of course, some of them are rather large but Virgil said that the child will grow into them. He has even gone so far as to get his moving picture equipment ship-shape so as to be able to photograph the baby from the very outset. His plans also call for some very excellent color shots this coming summer. Actually, the way Virgil has been carrying on over this blessed event one would think that it happened at his home. Oh well, there is always a first time for everything and being a grandfather is one of them. . . . Richard (Butch) Johnson is now busily engaged in grinding up old bulls, horses, and goats, then peddling the resultant product to his co-workers as hamburger. Reports from those that have purchased this meat say that it tastes real good but that it nearly drives one out of the house while it is cooking. He does not come out and say that it is hamburger but calls it tri-animalburger. We also notice that he does not eat any of it himself. . . . Last Tuesday afternoon Clarence Stove was observed carrying a nice looking beagle hound out of the plant. This little animal had wandered into the plant, evidently looking for a nice place in which to curl up and go to sleep, but Clarence, thinking that he might get hurt, escorted it to the outside. Several of the boys who witnessed this action said that it was awful hard to distinguish between the dog and Clarence.

Lot of excitement at the Henry Shirley home last Tuesday night. Hank announces the birth of a 56-pound baby pony! . . . Opal Brayton and her husband spent the week end at Houghton Lake visiting parents. What, no fishing? . . . The comment of several bosses is that Elex should have a "Bosses Night" once a week! . . . Joan Grish is back at work in the office after a sojourn in California with her husband, who is in the Service. She has a new baby daughter, too. . . . Almost everyone is back at work after the flu bug made its round. . . . Peggy Bahde wore her felt house slippers inside her boots to work and was going to carry her shoes. Wouldn't you know it? She left the shoes at home and had to wear the felt slippers all day! . . . Art McNamara couldn't see the fights last Wednesday on TV because there was too much snow. He even had to wear his overcoat. . . . Bob Spitler was

during his employment here.

Survivors include the widow, Elcanor; three daughters, Patricia, Lois Rose, and Kay Vern, all at home.

trying to get a party on phone number 2211 and after getting the busy signal all morning he discovered it was his own number he was dialing. . . . Now we've heard everything on how to account for a knot on the head. Bob Rodgers says his boy kicked a 2 by 4 off of the top of the garage and it caused a bump to raise! . . . Anyone wanting to borrow a tractor to do their spring plowing should contact Joe Snyder. He will even furnish the gas! . . . Sorry to hear that Vicky Hyre is ill. She is in the Lutheran Hospital. Hurry and get well, Vicky. . . . George Crickmore's mustache finally gave up the ghost. He must have used too much Vigoro. He says his young daughter wouldn't have anything to do with him and his dog even took a bite out of his leg! . . . Avery Spade can't decide which to give up—cigars, pipe, or cigarettes. The doctor told him to give up all but one. So, one day he gives up cigars, the next day the pipe, and the next day cigarettes. If you happen to receive the cigars or cigarettes on the day he gives them up and you don't say "thank you" you won't receive anymore from him. . . . We hope that Bob Blocher's father gets well soon. He is in the Clinic Hospital at Bluffton. . . . Sorry to hear that Veva Healy's grandchildren and daughter-in-law have scarlet fever. . . . Christ and Hazel Stauffer's 25th wedding anniversary gift to themselves is a new Studebaker convertible. . . . Joe Dibert does the washing trying to keep up with the Jones'. He said he didn't want to be seen hanging up clothes so he got a dryer. . . . Lloyd Jacobs seems to be well supplied with S. B.'s (stumble bums). They stumble in anywhere from 7 to 8 in the morning.

We want to welcome Lucy Keller, Donna Meyers, Louis Liebhenguth, Robert Shaffer, Jan Miller, Russell Kabisch, Michael Lis, Clay Smith, Thelma Ertel, and Delpha Gilliam to our floor. We have received these people within the past two weeks. . . . Virgil Buchanan has a new watch now and between watching the clock and his watch to make sure they are synchronized he doesn't have much time for anything else. . . . Ray Lovell is the proud father of a bouncing baby boy. I suppose they will call him Cupid since he was born on St. Valentine's day. . . . Glad to see Irish back in the winding section. . . . When Ruth Freeland went to her first hockey game it took quite awhile before she realized she was rootin' for the wrong team. . . . It seems that Ruth Freeland is always mixed up. Ruth and Theoda were so engrossed in their conversation on the bus the other day that Ruth missed her stop. . . . Frank Jordan and Orville Shallenbarger have left us to work in another Fort Wayne factory. . . . Bob Heyn is going to visit his Uncle Sam March 3. Bob says he will probably stay with his uncle for a couple of years. . . . Lorraine Papp made a pencil shade drawing of Bob Heyn. Bob thanked Lorraine with a three-layer cake that he made himself. It was good, too. . . . Ronnie Davis has a new television set now. . . . Arnold Wolf can be proud of his son who won a medal in a recent music contest. . . . Alton Cotner finally made it to her first Elex supper, tails and all.

Inquiring Reporter:

ARE YOU IN FAVOR OF A ONE-MAN STATE HIGHWAY COMMISSION AS RECOMMENDED BY GOV. CRAIG?

BUD NEUMAN

Bldg. 6-2

"I think it would be all right depending upon the person's ability, but I believe that two heads are better than one. Therefore, an advisory board should be available to be consulted on problems arising in the Commission."

MARGARET F. SIMMONS

Bldg. 8-1

"I am in favor of a one-man State Highway Commission. I think Gov. Craig is right in wanting one man, for it would save the state a lot of expense."

ROY F. HOSLER

Bldg. 12-1

"I am not in favor of a one-man State Highway Commission. There is too much chance of favoring the one county in which he lives. I am in favor of not less than three men on the Commission."

CARL P. SNYDER

Taylor St.

"I am in favor of a one-man State Highway Commission. As I see the situation, it would reduce the amount of employees, and the machinery used could take care of more than one county. Also the political action would not be as strong as it is now."

ADA I. PHILLIPS

Bldg. 19-2

"Ordinarily, I am not in favor of placing too much power in one man's hands, but if this plan would tend to reduce taxes, I am in favor of trying it."

ON LAST DAY AT G-E—Henry Guenther receives good wishes for his future on his last day at the General Electric Company from Doug Blessing (left) and Herb Jesse (right). Mr. Guenther first worked for G-E in 1912 as a punch press operator, and was a stockkeeper at the Tailoring Bldg. when he left on retirement.

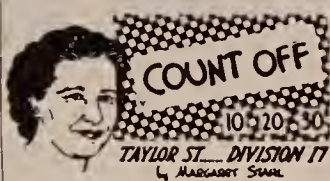

Flying HIGH

BUILDING 6-4

by Ivy Mills

Come on in, folks, and see Jo Jo, the tattooed lady! That's what Joan Hartman looked like when she came to work the other day. Her small son, Bruce, after seeing the Shrine Circus wanted to see how Mommy would look as the tattooed lady. So with a ball point pen as his needle he started tattooing. Now he thinks Mom should join the circus. . . . When Tim was checking for the check pool winner, Eleanor Harber said, "Oh, I've got an open house." When she was corrected and told that three of a kind and a pair was a full house, she says, "Open house, full house, whatsa diff, all I wanna know is, did I win?" She didn't. . . . All-a-board! Trains seem to have a fascination for Lee Raver, lately. They cause her to be late for work. The gang is trying to find out whether it's accidental or intentional. Rumor is that this particular train has a good looking conductor on it. . . . By adding a few things such as candy, cracker jack, and ice cream to the Diem grocery list, Esther Johnson and Ginny Curtis put Harry Diem in the dog house and Rosie's budget went blooey. Guess the Diem children didn't mind the extras a bit. . . . We are wondering if Bea Webster can actually see out of her classy new specs or if she wears them for looks. . . . There was a beautiful sign attached to Thelma Kouder's table, it read, "Please do not talk to slave." All work and no gab makes a very dull person, so Thelma, relax and don't work so hard. If people don't talk to you "Flying High" will have to close up shop. . . . We were so sorry to hear of the death of Bob Chroninger's grandmother. . . . Barbara Ternet was saying how tired she was after her long trip over the week end. When asked where she went she said, Monroeville. We have just gotten used to having Barbara around and now we have to say good-bye to her, she is going on days. We'll miss you, Barbara. . . . The fight has made Harold Stith richer by \$67 and a lot of people a lil' bit poorer. . . . We hadn't started our column when the ruby mounted pins for employees with forty or more years of service were presented, so now

we wish to congratulate Clarence Hartman, who has 45 years of service, and Frank Brindle with 42. We commend Frank on the classy chain tie clasp arrangement he had made to mount his pin on.

Doyle Sheets says he fell on the ice and sprained his hand but everyone else thinks he fell while bowling. . . . Thanks for the treat that Ruth Peek passed on her birthday, Friday the 13th. . . . Belated birthday greetings to Herman Watters. . . . Earl Fredricks is reported on a fishing trip in Canada but the girls think he is digging another basement. . . . We are sorry to hear of the sudden death of Iva Powell's nephew, Max A. McCullough, who was crushed to death beneath his car when it slipped off the bumper jack as he was repairing it. . . . Laura Gerber, Linda Wahier, and Alberta Watt entertained Ruth Peek at a birthday dinner at Ray's Acre, Friday night. They say that was the first time Ruth was speechless for 36 years. . . . Birthday greetings to Dorothy Weiler and Hilda Le-Coque. Hilda is enjoying a vacation with her parents, Mr. and Mrs. Ebon Brown in Florida, but she very graciously treated us to birthday cake and home-made fudge before she left. Have a wonderful time, Hilda. . . . We would all like to know why Kenny Bainbridge and Eric Helwig were the favored few to receive valentines? . . . We welcome Peg Toy as our new inspector. Hope she enjoys working with us. . . . Marguerite Stahl's sister, Mrs. Guy Plaisted, and children, Marjorie and Gordon, arrived in Fort Wayne, Saturday night from Menlo Park, Calif. They came to attend the 50th wedding anniversary of Mr. and Mrs. Clayton Archbold. . . . Ruby Stoops accompanied her son, Harold Stoops, and family to Chicago, Saturday night. Ruby returned to Fort Wayne, Sunday morning and her son and family went on to Florida for a two weeks' vacation.

When Noah sailed the waters blue

He had his troubles same as you. For forty days he drove the ark Before he found a place to park.

Bernice Mertz is setting the fashion in lunch kits. The new leather kit she is now carrying looks like anything but a lunch box. The high school kids would say it's really "cool". Bernice complains, though, that it cost her too much. . . . Merwood Dunlap is giving us a bad impression on his ability to handle livestock. Two weeks ago he showed up limping; caused by kicking at a pig. Last week he reported with a sore hand due to slapping one of his docile cows. We hope he plays fair and doesn't try biting any of his animals this week. . . . Dick Poehler, who economizes by changing his own oil found it a little expensive the last time. He drained the old oil and poured in the new but the dip stick registered zero. Richard forgot to replace the plug. . . . Ron Blodgett has a ding-dong car since he added that bell to its accessories. . . . Dick Hemrick is driving a new Chevy. . . . Harold Blauvelt passed out cigars. A new baby daughter was the reason. . . . We sincerely wish Carl Schone an early recovery from his illness. . . . We extend sympathy to Carl Schlenker on the death of his mother and to Jack Hurless on the loss of his father. . . . There is a milling machine in Bldg. 19-5 that has a close relationship with Cupid. Boys assigned to this mill turn out to be good prospects for matrimony. Paul Wuttke, Don Ralstin, and Thomas McCrea all succumbed to the marriage rite while working on Cupid's metal shaver. Now Bob Gottshall has been assigned to it—need we say more?

Carl Einsiedel celebrated his Jack Benny birthday, his 39th, on Friday 13. Here is a picture showing Carl, Cappy and Mrs. Einsiedel—of course you know which is Carl. . . . We understand Bernie (Nashie) Byanski was on his way to the garage when the crankshaft wrapped itself neatly around the transmission. Joe Mettler tells us Bernie is willing to unload it by the pound now. . . . Jack Schemehorn is as nervous as if he was the bridegroom, but all he has to do is a simple thing like giving his daughter away. . . . Mr. and Mrs. Allison Van Wormer have a new little boy at their house. Who could ask for a nicer Valentine? . . . Paul Weaver is one of our latest victims of the parking meters—they just keep ticking along, Paul. . . . Bob Mosshammer's car selected a popular spot for motor trouble—the exit to the parking lot. Amid blaring horns his co-workers rescued him from his predicament. . . . Jack Waikel has a car that doesn't need a horn. It's a new black and red Nash.

ROUNDS OUT 30 YEARS—Thirty years of General Electric employment were celebrated Feb. 5 by Fred Nagel (second from left). Mr. Nagel was a machinist in Bldg. 26-5 in 1923. He is a boring mill operator in Bldg. 19-4 at present. Shown with him are (l-r) Walter Schultz, Gale Bowser and Otto Meyer.

Marge Radu was home several days with her son who was ill. . . . Anyone who needs sewing done should get in touch with Evelyn Turner. Evelyn has a new electric sewing machine and is taking lessons. . . . Edna Peterson's little son, who is five years old, has started to kindergarten. He received a star for being able to tie his shoes. . . . We miss Donna Smith who has been ill. . . . Doesn't Edna Butler look nice with the new permanent? . . . Lura Kogin is in Connecticut visiting relatives. . . . Verle Campbell has quit to join her husband who is in the Service. . . . Friday the 13th was Hilda Hershey's husband's birthday, also, their 26th wedding anniversary. . . . The happy little girl in the picture is Judy Chapman, daughter of Mr. and Mrs. Wayne Chapman. Judy Kay is seven months old. Is it any wonder Chappy is so proud of her? . . . Everyone was wondering what Dorothy Hart was crying about and she reported it was just a cold. . . . Stanley Nicholson is building himself an antique car. Hurry up, Stanley, we all want you to take us a ride in it.

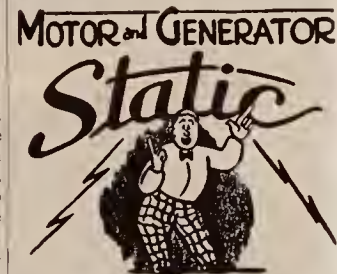

Night Views

in Bldg. 26-4

by Nancy Gordon

Anne Cerne was very disappointed when we forgot to mention her birthday. Better late than never, Annie, Happy Birthday. . . . Get well wishes to Susie Norman, daughter of Blanche Norman, sealer, who had an operation. . . . Bldg. 26-4 has started a mass movement across the street. We notice Freeda Greer, Marcia Gaut, Helen Wolf, Vi Rhodes, Ruby Bonar, and your truly now going in the East gate. . . . Peg Toy and Carolyn Fairchild are at Taylor St. . . . ON OUR NEW JOB WE NOTICE:

Alice Justis forgetting to ring in, Freeda Green cutting out paper dolls on her first night, Ruby Bonar jumping when her boss "creeps" up behind her, Yvonne Cecie, Edna Purkhiser, and Elsa Southern in one little group, and Charlene Smith on days. . . . WE'LL REMEMBER: Blanche Norman's birthdays, Annie Cerne's hankies, Vera Everett's mint leaves, Edith Johnson's cokes, Gladys Newcomer's candy (which I forgot to return), and Mike Leis' quiet ways.

Thought for the Week: Love is a dream, but marriage is the alarm clock that wakes you up!

CLARA SEZ: Here's wishing a speedy recovery for Joan King from her recent operation. We all miss you, kiddo. Was sure nice of Virgil Carmean to take the time to collect money from the fellows on the floor for flowers for Joan. She really appreciated it. . . . Who is Lucile Schelper's secret admirer that sent her a box of Valentine candy? Got any idea, Lucy? . . . MA, WHERE'S THE CHICKEN? Al Phillips was looking forward one noon to enjoying a luscious lunch, because he knew mama had put in some delicious fried chicken. Lunch time and, you guessed it, no chicken; just some bread and butter. About this time Albert got on the phone and wanted to know how come. Mrs. Phillips said she was very sorry, but she forgot to put in the chicken. So Al went back to eating his bread and butter. (Ah heck). . . . WHAT A MAN: Jim Grogg took six women to a sauerkraut supper last week. Of course, one was his wife. (Natch). . . . SINGLE THOUGHT: That old expression, "Two minds with but a single thought," certainly applies to the Jack Hivelys. Jack and the Mrs. decided at the same time that the family larder needed replenishment. So, the other day they both came home with a week's supply of vegetables, meat, and groceries. Looks like the two of them will have to do a super job of eating to use the food.

Airliners, Taylor St. Grab Section Leads In Interdivision Basketball League

by Marc Junk

The Airliners and Taylor St. rested in undisputed first place in their respective sections at the end of last week's Interdivision Basketball League play. The Aircraft boys were pressed right down to the final horn by the Transformer "1" squad while Taylor St. had it easier disposing of the TE's by a comfortable margin.

Paced by Dave Bonar's 14 points, the Airliners gained some revenge for the 39-36 defeat by Transformer "1" in the first half, as they squeezed out a 47 to 42 victory. The game was well played and close all the way as Shaffer and Smith did their best to pull the game out of the fire with 10 points each.

Despite Howard Bash's retiring from the game at halftime when he twisted his ankle, his 16 points at that time had given Taylor St. a substantial lead over the Test Engineers. Just to be safe, Dan Imbody found the range for the winners with 12 markers, while Bill Borah was scoring 16 for the losers.

In a thriller, Small Motor lost another tough one to the Squares 40 to 38. Four Squares did all the scoring with Lou LePierre's 15 and Dick Miller's 11 being high. Bob Zimmerlee got 10 points for the losers.

The Apprentice Pros played like pros as they turned back the Transformer "2" team. It was Les Fanning's 18 and Tom Ahr's 15 points that did the trick. Transformer's high scoring aces, Dick Spice and Bob Blosser were really hot with 25 and 14 points respectively.

Motor Generator won by forfeit over the Apprentice Punks.

Masonic League

Squares are still out in front in the Masonic League with 16½ wins and 4½ losses. Fellowcraft is in second place, having won 13½ while losing 7½ games. Third place spot is held by Trowels with a record of 11 wins and 10 losses. Bob Hickman converted the very difficult 4-7-9-10 split and W.

Altevogt picked up the 4-10. Somers rolled the high game of the evening, a 234 count. Hoelle rolled a 212. Larson couldn't get the 600 count, but had a good start with a 211 and 201 count. Nietert and Geiger rolled identical counts of 203, and Doc Peters kegled a 202.

Small Motor

Leading the league by one game, National Construction have won 14½ games while losing 3½ games. In second place is Test, with 13½ wins and 4½ losses. Just one-half game behind Test is the R and R team with a record of 13 wins and 5 losses. Models, Koorsen Painters, and G-Men are tied up with identical records of 9 won and 9 lost. Frank Gitter rolled the high single game of the night, a 229 count; J. Stoice kegled a 226; C. Holmes, 214; J. Saylor, 214; Keghead Kramer, 207; Carl Brandt, 205, and Roy Brimeyer, 203.

Transformer

It is the start of the last stretch in the Transformer League. Autos, Radios, U-I, D, E-I, and Watts have each won 2 games and lost 1. Picard kegled the only double century count, a 201 score. Ort came mighty close, a 199 score, while Harris missed by 5 pins. He rolled a 195.

Friday Night Ladies

Gertie Koldewey kegled the high series for the night, a 515 count on games of 159, 168, and 188. Tommie Williams rolled a 504 count on games of 185, 162, and 157. Justine Brown had the high single game, a 194 score; Ida Yahne, 187; Alice Dahman, 180, and Virginia Mollet, 178. Betty Thompson kegled a 180 and a 170 count. Winnie Schuerick and Charlotte Stanford kegled identical scores of 170. Old Crown leads the league in team standings with 15 wins and 6 losses. Team No. 3 is in second place with a 12 and 9 record. Team No. 7 is in third place with 11 wins and 10 losses.

G-E Owl League

Team No. 2 won two games from Team No. 3; Team No. 7 won two from Team No. 10, and Team No. 9 won two from Team No. 5. Team No. 5 went into first place with a 2602 count for three games. There

were two 600 counts; H. Uhrick with 211, 220, 177 for a 608 count; and M. Adams hit his first 600 count with a 229, 176, and 206 for a 611 count. Team No. 8 won two from Team No. 6; Team No. 4 won three from Team No. 3. Team standings are: 1 with 8-4; 3 with 8-4; 4 with 7½-4½; 9 with 7-5; 2 with 7-5; 10 with 6½-5½; 7 with 6-6; 8 with 6-6; 5 with 3-9; and 6 with 1-9. Team No. 6 folded up after the first half and they have now lost six games before replacements could be gotten for them. Two-hundred scores are: Rhodes, 213; Egts, 214; Johnson, 214; Stiles, 223; H. Uhrick, 211 and 220; Vance, 220; Hamilton, 200, and Adams, 229 and 206.

Interdivision League

Hermetics and Old Crown Beer and Ale are tied for first place in the team standings of the Interdivision Bowling League. Both teams won all three games from their opponents last Wednesday night. Old Crown downed Central Dairy, while Hermetics were taking care of the Deadheads. Andy Anderson rolled a 213 for Hermetics and Mel Schrader, a 202, for the Deadheads. Walt Seidel had a 204 and C. Miller had a 201 for Old Crown.

Kinney Koncession took two games from Brouwers. Those two losses knocked Brouwers out of first place and dropped them into third place in the team standings. Ford Burnan of Brouwers rolled the high game of the evening. He had a 233. For Kinney's, Vic Rump had a 200 and a 203, and Les Shroyer rolled a 213.

Harvey Bros. took two games away from Transformer. Junk, Shaffer, and Lahrman rolled games of 200, 201, and 206 for the clothing boys. Ed Dickey had a 206 for Transformer.

Kiel's Tavern won two games from Tools. Jess Keith rolled a 201 game for Kiel's and Roemer of Tools had a 202 game.

Gutterdusters won two games from the Jets.

G-E Owls Still Tie for Second Spot In Main Auto Industrial Cage League

by Howard Colby

In games played Thursday morning, February 12, at the G-E Club gym, G-E took Zollner 54 to 44 to remain in a two-way tie for second place in the Main Auto Owl League standings.

Indiana Rod showed their usual fine brand of ball, as they beat Eckrich 53 to 37.

In the final game of the morning, Salisbury continued to lead the pack by a victory over a well represented club from F.O.P., who floored a team for the first time in three weeks. Final score was 61 to 33 in a better game than the points might indicate.

With a good display of team work and ball handling, the G-E Club took the lead in the first quarter 12 to 4. Gene Etter and Kenny Hobrock led the way with five and four points respectively.

The second period found the Club team netting eight field goals and one foul shot for 17 points, while Zollner hit for 13. In this period it was Johnny Wilson and Hobrock leading the way with six and four points respectively.

The third stanza found Zollner getting only one field goal and five

out of 14 free throws for seven points, while G-E led by Bob Marky, netted nine points and hit one out of two chances at the charity stripe to end that period at 38 to 24.

The final eight minutes of play saw both teams hitting well with G-E netting 16 points and Zollner hitting for 20.

High point men for G-E were Etter and Wilson, with 12 points each. R. Smith led Zollner with 16.

Next week will find F.O.P. meeting Zollner at 9 a.m.; Eckrich tangles with Salisbury at 10 a.m.; and G-E faces Indiana Rod at 11 a.m.

VOLLEYBALL NEWS

by Art Rasor

Small Motor had an easy time downing Taylor "B" in the first game, but had a struggle to win the last two by scores of 16 to 14. Small Motor continues to hold a tie for third place with the Test Engineers. The TE's won over the Tool Room team 15-10, 15-9, and 15-10 placing the Tool Room in

fifth place. Motor Generator kept pace behind the idle Taylor "A" team beating Motor Generator 15-2, 15-7, and 15-5.

into the lead in the G-E Office League. Pawlisch has a record of 15 wins and 6 losses. In a tie for second place are Reproduction and A-C, each with a record of 14 wins and 7 losses. G-E Club, just two games out of first place, has a season record of 13 won and 8 losses which puts them in number 4 spot. Bob Blomker used the big ball and rolled a 221 count. Glenn France kegled a 216 score; Bush Bushong rolled a 213; Ted Ross, 212; Ed Wahl, 208; and Dan Ewing, 203. Bush Bushong and Bob Blomker rolled a 434 count while Don Waldrop, Earl Morrell, Bob Stout, and Handicap teamed up to roll a pin heavy 454 count.

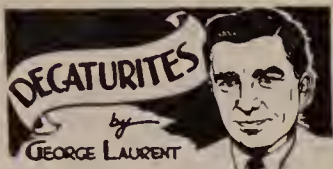

Ladies' Monday Night

With 17 wins and 7 losses the Twisters are leading the Ladies' Monday Night League. Scatterpins and Bowlettes are tied for second place, each having won 16 games while losing 8. A tie also exists for the fourth spot. This has the Fivettes and Gutterballs each with records of 15 wins and 9 losses. Kay Bade kegled a 503 series on games of 192, 143, and 168. Alberta Roth rolled a 177 count; Ardyth Howley, and Margaret Beugnot rolled identical counts of 175. Ann Lee found the range and rolled a 176 score. Carol Hershberger scored a 172.

G-E Fraternal League Peterson Elevator won 2 from Casablanca; Elks scored 3 wins over G-E Club; West End Restaurant won 2 from K. of C., and Teeple Truck Lines won 2 from Moose-Burke. Petri kegled a big 627 series on games of 184, 207, and 236. Mutschler put together games of 214, 187, and 199 for an even 600 series. In the double century counts we find Schneff, 226; Johnston, 200; Macklin, 206; Wolpert, 210; Zelt, 201; O. Schultz, 214; Faulker, 203, and G. Schultz, 204.

Mixed Doubles The next mixed doubles tournament will be held March 7. You still have time to sign for the 6 p.m. or 8:30 p.m. squad. Get your name on the sheet at the G-E Club desk.

G-E Women's League Team No. 1 won two from Team No. 3, and Team No. 2 won two from Team No. 4. High scores among the ladies were York, 191;

The baseball season won't be with us for some time yet, but we notice some of the fans are getting in practice already. We wonder though, when did Frank Braun join the knot hole gang? He seems to be quite an expert in peering through a knot hole. . . . It must be nice to own a store and be able to just help yourself to things. Wilbur Suman celebrated his birthday by bringing a huge sack of candy to the shop for the gang. Happy birthday, Wilbur, hope you have many more of them. . . . Stranded or left waiting at the gate? On Feb. 9, at about 3:55 p.m. Forrest Owens was seen forlornly waiting at the gate. To all inquiries he gave the same answer, "I am waiting for the boss." The 64 dollar question now is—"Who is the boss?" For shame, Ada, why did you keep him waiting so long? . . . Many lovely valentines were received in the office; all depicting the persons they were sent to. I understand the sender did a very good job, too. . . . Clara Mayclin is still going around on crutches. He hopes to graduate to a cane soon. . . . John Beineke retired Friday and brought apples to everyone. Thanks, and good luck, John. . . . Many Decatur people were among the big crowd that witnessed the Zollner Pistons-Rochester basketball game last Sunday. The Decatur fans were also interested in the appearance of the Aeolian Choir which entertained the crowd with an interesting choral selection between halves of the game. Dave Embler, director, and the choir received a grand ovation from the huge throng. Congratulations, Dave and your choir.

WIRE Ravelings
by Art Raser

Congratulations to Mr. and Mrs. Orville Fritch on the arrival of Frederick Henry. He weighed in at eight pounds, arriving Wednesday, the 11th, at 5:25 a.m. . . . Did you notice the bulletin board in the "F" room, where the by-laws of Tippy Town were displayed? They had articles 6, 7, and 8 of section one, which seemed to be the most violated rules. You would also have noticed that it was sealed by Oscar Baumgartner and Paul Rugman, with Claude Johnson and Garnell Parkison as witnesses. . . . Bill Rohe sure has his share of troubles, especially when he is awakened at 3:30 in the morning to go to work. His wife also wanted him to see about getting his radio fixed as she was having trouble getting a Fort Wayne station. . . . Happy birthday to Bill Irwin, Feb. 16. . . . Everyone enjoyed themselves at Bojrab's last Saturday as they round and square danced to the orchestra of Carl Brandt. There were plenty of eats and drinks for everyone, and additional entertainment was furnished by Mark (Tiny) Wright. I think Virgil Howell and Harry Perl did a good job on their committees as we had a very good turnout. Even Melvin Bill showed up this time, but he won't admit who he followed to find the club house. . . . Did you see Charlie Siders' new red "T" shirt? He is now going in for the modern look.

SHOWS RETIREMENT GIFT—Edward M. Lallak (center) shows his retirement gift to a group of his co-workers. Left to right are Carl Steinbacker, Elmer Mart, Mr. Lallak, Dan Aughinbaugh, and Clarence Castledine. Mr. Lallak first came to General Electric in 1919 as a punch press operator in Bldg. 4-1. He was a trucker in Bldg. 4-B at the time of his retirement.

There weren't too many Bldg. 26-5 employees at the recent skating party, but those who did attend had a good time. Maxine George topped all of the events of the evening by leaving the keys to her car locked inside the car. She had to find another way home. . . . Marilyn Travis, Helen Alvery, and Mildred English have transferred to Bldg. 17. . . . Zella Cluts, Hazel Bennett, Loretta Miller, Ellen Henry, Gertrude Reichard, and Clorene Trout have returned after being on the sick list. . . . Les Baker was far ahead in the popularity poll, as far as receiving the most valentines. The valentines were accurate descriptions. . . . Al Miller didn't realize he would create such a disturbance by asking Dick Pierce for a piece of lead for his pencil. Dick went into a tantrum when his desk drawer wouldn't open. He made such a scene that Thurman Fuhrman finally appeared on the scene to open the drawer. . . . Bessie Johnson is

a proud grandma again. . . . Alma Kaiser wishes to thank all her friends in transformer for the lovely gifts she received on her retirement. . . . Bill Mills said we shouldn't forget about his birthday. Val Sticler and Cecelia Pranger also celebrated birthdays and Mary Smith baked a cake for the gals. It looked plenty good, of course, I can't testify as to how it tasted because I didn't get any. . . . Mertz was sure surprised when Maxine Bakle doused him with a glass of water. Maxine had better keep a sharp look-out for retaliatory measures. . . . Vivian Long says she can't figure out the changes in Lillian Mallo. One day Lillian is all smiles, the next day all frowns. Aren't we all? . . . **COMMENT FOR THE DAY:** "The man of today usually marries the woman who carries him off his feet, instead of the one that keeps him on his feet." . . . Bernice Hughes brought in a number of daffy definitions taken from the magazine "Outdoor Indiana." The definitions are under the heading "Try and Find These in Websters." If you like them we'll make them a part of the column. . . . **MONUMENTAL LIAR:** He who writes epitaphs. **SHEEPISH:** How cotton in an all wool suit must feel. **TAX CUT:** The only kind one.

Don Dilling is leaving us Friday to join the services of Uncle Sam. We'll miss you, Don. Be sure to write and let us know your address when you get stationed. . . . Joe Collis is sporting a new nine-passenger Mercury station wagon. It has red and white upholstery. This we gotta see! . . . Clarence McClellan is having quite a time with telephone poles. They just up and jump out in front of him and then everything goes black. Clarence was in the hospital for quite some time. We hope you will be back to work real soon, Clarence. . . . Last week Jim Stauffer received a very nice letter from Johnny Hughes and we all got to read it. We hope Johnny is feeling much better by the time we hear from him again. We all miss you, Johnny. . . . A very nice time was had by all at the recent skating party. That is, all except Marge Boner, who had the misfortune of falling and hurting her left wrist. We hope you won't let that stop you from another party, Marge.

If you have been wondering about Jeanette Brienfalk looking sleepy these mornings, she has a new TV set. Of course, all the good programs are on when she should be enjoying shut eye. . . . Like a lot of us, Gertie Maske is just a kid at heart and attended the Circus. Gertie and Art had a little trouble getting their seats though, someone else was sitting there and didn't want to move. . . . Luella Masson must need her glasses changed. She tried to get in the wrong car last Saturday. . . . How-dee-do-dee to all our newcomers. Hope you like us. . . . It's a happy birthday to Madaline Briggs, Tillie Nuttle, and Bertha Furge. . . . Last Saturday Kate Weigle attended the wedding of her niece, Ruth Ann Oetting. . . . Guess Don Macon doesn't like being a bachelor. His wife was called out of town due to illness in the family, and about the second day he was wishing she was back home. Can't you eat your own cooking, Don? . . . At the present time, Joe McGee doesn't have to worry about a back seat driver. The back seat of his car disappeared recently. Anyone finding one, contact Joe. . . . We hope before this goes to press Mildred Pfaller and Mary McKinney are off the sick list. . . . We extend our sincere sympathy to Geraldine Newport on the death of her mother.

Ed Hines was unable to attend the farewell dinner for his very good friend Ed Lallak, so he's going to make it up to him by letting Lallak invite him up to the lake for a big Sunday dinner this summer. . . . Speaking of valentines, Bernice Fortman is wondering if the valentine she received was sent by her bashful admirer in Bldg. 4-1. . . . Mystery of the week: Who broke the glass on Ed Kronmiller's desk in Bldg. 17-1? Did someone sit a little too heavy? Perhaps Red Gitter or Kurt Harz could shed some light on the mystery. . . . Helen Burnam, Frank Lawrence, and Floyd Enos are back to work after several days' illness. . . . We're glad to report the continued improvement of Charles Strebig, who has been ill for several weeks. . . . Ted Schelper is a patient at Lutheran Hospital. We all wish him a speedy recovery. . . . On Saturday, Feb. 14, the Trinity Lutheran Church was the scene of the wedding of Jack Lahman and Virginia McKinley. Jack is the son of Paul Lahman, Bldg. 2-E. . . . Mary Gerhard, Bldg. 4-1 office, has left us to give full time to her home and family. We'll miss you, Mary. We welcome Elena Bulterman who is replacing Mary. Elena formerly worked in Bldg. 4-5 office. . . . No, that wasn't a flying saucer you saw in Bldg. 4-1 the other day. Frank Lawrence was mixing a can of paste on the drill press when something let go and the paste went spinning through the air. Frank jumped back but Howard Hoffman was very generously sprayed, as well as everything else in the vicinity.

BIG ANNIVERSARY DAY—Wade Reed (right) totalled 35 General Electric years Feb. 13. Congratulating him are (l-r) Hugh Stephenson, Ray Jones, and H. B. Carter. Mr. Reed, who is an engineer in Bldg. 4-6, first came to G-E in 1920.

"Lost" and "Found" articles must be cleared through the Plant Protection office, Bldg. 10-2, or the Plant receptionist, who will place the Ad-let and otherwise advertise the article.

No ad will be received over the telephone. Only one ad per employee may be inserted. Each ad must be limited to 20 words and cannot be repeated. All articles mentioned must be personal property of the employee. Ads will not be accepted unless accompanied by the name, pay number, and division of the employee. No plant building or telephone number may appear in any ad except transportation ads, only the home telephone number or address.

Send all ads to G-E NEWS office, Bldg. 18-1.

CLOSING DATE

Monday Noon, February 23, 1953

LOST AND FOUND

FOUND—Pair men's brown leather gloves. Left in Credit Union Office.

FOUND—Two keys and bottle opener on a ring and long chain. Turned in at Fairfield Ave. gate.

FOUND—A square gold cuff link with initials "M". Also, a large purple plastic button with a variegated center. These items were found at the Taylor St. Plant. Call for them at the Taylor St. Employment Office.

FOR SALE

BICYCLES—Boys and girls standard size, cheap. Also, large Christmas cactus plant. Pigeon pen; \$45. Can be moved on truck. Pigeons free. A-16964.

DINETTE SET—Walnut, reasonable. Table, four chairs and buffet. H-59422.

SHOE SKATES—Size 7, men's. Like new. Used six times. A-48123.

RABBITS—Dressed for sale, 60 cents per pound, clean. E-68114.

ELECTRIC RANGE—Excellent condition. Very reasonable. H-74745.

DINING TABLE—Walnut Duncan Phyfe. Two extra boards. Excellent condition. H-19341.

REFRIGERATOR—Coldspot. Very good condition; \$40. H-65671 after 3:30 p.m.

KITCHEN SINK—One twin basin, with parts. H-4795 after 44 p.m.

BUNGALOW—Five room, all modern, gas furnace, carpeted living room, garbage disposal. Garage, fenced-in back yard. Located in Bloomington. A-19833.

SEED—Eighty pounds Little Red Clover seed. One sump pump with G-E motor. Like new. H-77632.

DINETTE SET—Chrome with six chairs. Underwood portable typewriter. Girls bicycle. Storage cabinet. Silver clarinet. H-3695.

WASHING MACHINE—Westinghouse. With pump. Excellent condition. Sacrifice. Reasonable. H-60483.

BEDROOM SUITE—Gray, one year old. Includes vanity, chest of drawers, bed with mattress and springs. H-8784.

DINING ROOM SUITE—Eight piece; table, buffet, six chairs. Also, Magic Chef gas range. A-67555.

DRAPE—Hunter green. Little girl's spring coat; interspring mattress; table and chairs; and blue drapes. K-1244.

WASHER—Late model G-E wringer type, with pump. Excellent condition. Sacrifice for quick sale. A-1896.

GIRL SCOUT DRESS—Size 12. Spring coat and rain coat. All in very good condition. A-60311.

'41 PLYMOUTH—Special Deluxe. Four door sedan, new paint, radio, and heater. Reasonable. E-2766. 946 Burgess St.

'37 PACKARD SIX—Four door sedan, model 120. New tires, brakes, carburetor, and battery. Runs smooth and A-1 condition. \$200. H-44393 after 4 p.m.

'37 PLYMOUTH—1940 Plymouth, and 1946 Chrysler. All four doors with radio and heater. H-24188.

TIRES—And tubes (two). New 700x16. Sears Premium. 22 months still on the guarantee. \$40 complete. A-53393. 1441 Swinney Ave.

WARDROBE TRUNK—Good condition. Full size bed, innerspring mattress and Simmons double bed, springs, and dresser. 845 W. Wildwood.

PIANO—Medium size with bench. Very good condition. H-70855.

COAT—Navy blue girl's spring coat, size 12, with white lace collar. Also, two winter coats size 12; one green and brown with fur collar, one green plaid with hood. H-70761.

'48 CHRYSLER—Royal. Radio, heater, and good tires. H-78631.

BABY BED—Junior size. Also, three piece bedroom suite. H-1678.

OIL HEATER—Quaker with fan; \$40. truck; \$50. 1917 model T truck; \$250. Old Cannon Ball stove; \$20. '29 Dodge H-8620.

WANTED

TO RENT—Lower two-room unfurnished apartment. A-77695.

APARTMENT—Two or three rooms for young couple. Not over \$60 per month. A-78653 after 5 p.m.

TYPEWRITER—Good used. E-38941 after 5 p.m.

PIANO BENCH—And Waring food blender. H-15485.

TO RENT—Unfurnished two bedroom house or lower apartment. Electric stove. Have one small child. E-60561.

FOR RENT

APARTMENT—1537 Andrew. Three rooms and bath. All private, unfurnished. \$55 includes all utilities, except cooking gas. Apt. gas range furnished. A-97912 after 4 p.m.

APARTMENT—Unfurnished modern five room upper. Private entrance. Rent reasonable. H-35944.

TRANSPORTATION

WANT RIDE—Home, 5 p.m. Three miles west on lower Huntington Road through Waynedale. H-92086.

WANT RIDE—From Huntstown to Taylor St. Third shift. Nena Potter, ext. 2526.

RIDE WANTED—From Rome City, 8 a.m. to 4:30 p.m. Donna Manning, ext. 2183 or call 75F13, Rome City.

WANT RIDE—From Roanoke to Broadway Plant, 8 a.m. to 4:30 p.m. Clarence Myers, ext. 2102 or Roanoke, 5181.

RIDERS WANTED—From St. Joe; 7 a.m. to 3:30 p.m. Joe Robinson, ext. 374.

WANTED—Transportation from six-tenths miles west on U.S. 24 to Taylor St. 6:48 a.m. to 3:18 p.m. A-66733.

MISCELLANEOUS

I would like to take care of your child in my home, by days, week, or evening. A-5174.

Wanted child to take care of days in my home while mother works. 2813 Reed St. H-39051.

6-4 AIRLINERS

by ELLEN BAUER

Happy birthday to Tresa. The girls in her group surprised her on her return from town; the living room was filled with the girls from her department. A lot of fun was had when a bottle of pepper water was brought out. Tresa's husband had the spotlight with three guns to show off. Watch out, Jackie, if Hazel Leonard gets hold of one she doesn't care whom she gets. A delightful lunch was enjoyed, thanks to Tresa. . . . Who is going to help Lillian Shaffer's husband take the paper off the ceiling at their house? Everyone is going to miss a real swing at the dance if Ira is too tired. So Lillian, roll up your sleeves and pitch in. We don't want to miss that swing. . . . Mr. Kessler seemed to be well pleased the other night at the Elex supper with so many girls. . . . We are glad to see so many new faces in our department. Hope you all like your new jobs. . . . Hello to Jim Zehender. Glad to have you in the 10 frame line, Jim. . . . So long to Bill Curtis who left the 10 frame line to work on the collins and 400 cycle line.

"If you don't want it, don't eat it. I'll put it in daddy's lunch tomorrow"

Sleuthing

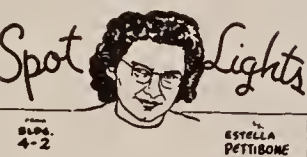

in 4-6

by Gil Baker

A BELATED HAPPY BIRTHDAY: To Katie Gardt. Katie, your name should have been in this column two weeks ago, but I guess you showed us you didn't need to have your birthday published, judging from the stack of beautiful greeting cards you received on your birthday. Also, happy birthday to Johnny Taylor on Wednesday, Feb. 18; Marian Leiter on Feb. 24, and Shirley Doster on Feb. 25. . . . **NEW GIRL?** Who is this Joyce Baclawski, on telephone extension 432, Bldg. 4-6? The new directory was distributed last week and Joe felt a little chagrined to think that his wife's name appeared and his did not. You'll have to live with it for six months, Joey, sorry! . . . **APPRECIATION:** We all would like to thank Mr. and Mrs. Harry Connor for the cakes they have been treating us with. On Christmas you know, Harry brought in the "Sweet Story Cake" and on the Thursday before Ruth Ritchey's wedding day, he brought in a beautiful heart-shaped cake with Ruth's and Bob's name on it. Ruth cut the cake and treated all of us. Thanks again, you nice people. By the way, did you ever see a more beautiful or more radiant bride than our Ruthie? . . . **BEST OF LUCK:** Last week, we bade good-by to Richard (Dick) Arnold. Dick is now confined to the hospital for surgery. We hope you are feeling fine and will soon be up and going. Dick will report to Winter St. after his recuperation period. . . . We'd like to have you meet Johnny W. Drake, new apprentice in specialty motor engineering. He can be found beside Bruce Curley. . . . **DON'T SAY GOOD-BY, JUST SAY SO LONG FOR A WHILE:** Last Friday marked the retirement of Alva Shaffer. She was presented with a very beautiful radio from her friends in Bldg. 4-6. Drop in to see us from time to time when you come to Fort Wayne, Alva. . . . **WELCOME:** To Bob Mills, an apprentice working for J. Duryee, and to Robert Broad, TE, working for C. J. Herman. He has just recently returned from Korea and is out of the service. He was a test engineer when he entered the service. He is married and hails from the deep South.

Congratulations to Joan Gregg on her new set of rings. They are very pretty, Joan. No wonder she is all smiles. . . . Florence Weimer came to work last Thursday with two different shoes on. Don't you have lights at your house, Florence? . . . Have you seen the new toy that Goody Cunningham has to play with? Goody always tries the toys out before he gives them to his boys. . . . Kate O'Conner ran into some trouble trying to bake a cake over the week end. Kate was trying to use her mixer without plugging it in the socket. After about 10 minutes of trying, her little girl asked her why she didn't plug it in. . . . Dorothy Higginbotham and her two sons, Larry and Gary, spent two weeks' vacation in Florida. . . . Nellie Wiggins had a pleasant surprise Saturday for Valentine's Day. She received a dozen red roses from her husband who is stationed in Korea. . . . Happy birthday to Bernice Gasper, Martha Bennet, and Doris Moon. . . . Eddie Howard should learn to drive his car just a little better and maybe he would avoid those wrecks. . . . We are glad to have Art Laussenkoph back with us after an illness. . . . Reba Boyer was very unfortunate, she got her finger caught in a winding machine. We all hope she'll be back again soon. . . . Wouldn't it be nice to spend the summer at a lake cottage? Mildred Hindenlang and her husband plan to move to their lake cottage in the near future. . . . Helen Murray really had a lot of experience putting out fires. Her radio caught on fire and she had to throw water on it to put it out. Then Friday her machine was smoking. . . . One of our pensioners is having a wonderful time visiting down in Florida. This lucky person is Iva LeCoque.

How confused can we get? Dorothy Fuhs recently consulted her calendar and exclaimed, "Oh, Easter comes on Sunday again this year!" . . . Bit by bit we find we have great talent in our midst. Harry Fawelly is an ex-band man, having played the trumpet with several shows, including Sammy Kay's. . . . We are happy to have Elmer Lontz back with us after seven weeks' illness. . . . Lloyd Miller is beginning to wonder if owning a TV set is worth it. He waited several weeks for his to be installed. It happened the night it was installed all he got was snow. On Saturday he found it was good so he settled in his favorite chair all set for the evening. All was fine until the Mrs. reminded him that it was their night out. Now that so many of his friends are calling to watch TV he wants to know how to go about installing vending machines. . . . Birthday greetings to Lillian Sharpton. . . . The fellows who overheard Mary Mowery tell Ed Gebhart, "You are supposed to pick your teeth with your feet not your fingers," would like to see her demonstrate or reconstruct her sentence. . . . Herb Franke is sporting a sharp new tie. . . . An "Auf Wiedersehen" party was given in honor of W. H. (Bill) Franke in the Bldg. 4-2 office last Friday. A

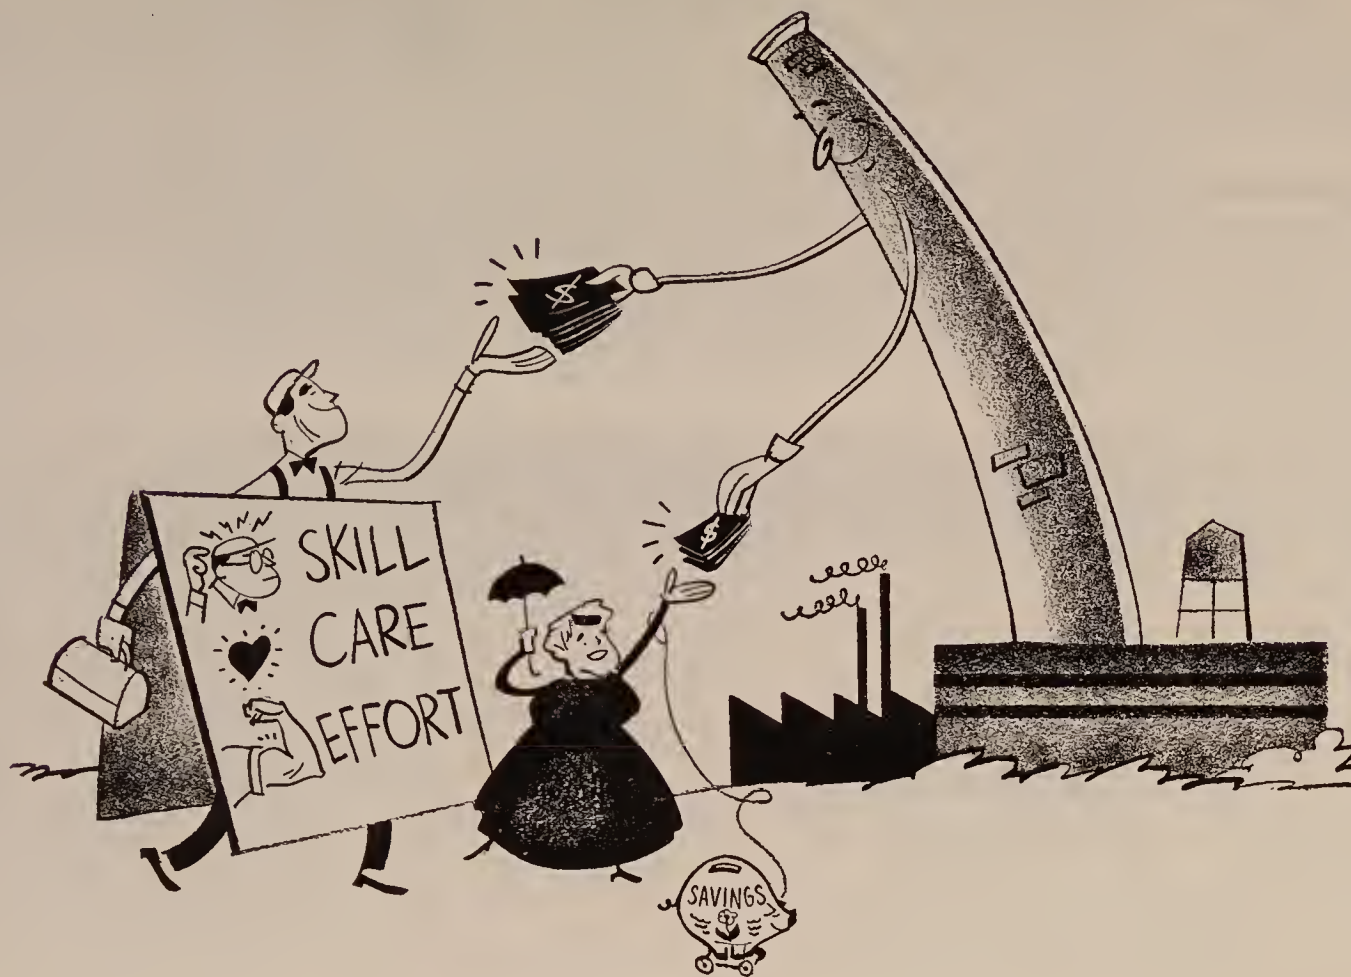

host of Bill's friends met in the office and presented Bill with a travel kit. Coffee and cake were served to the many people who stopped by to say good-by to Bill. Bill has served the G-E some 44 years, having spent a great part of this time in the various tool rooms at Winter St. plant and also at Broadway. . . . Valentines come and valentines go, but Lillie Pion received the greatest number of cards from the little bow and arrow expert. Lillie was very happy to have received so many nice cards, especially one calling her sugar.

A fond farewell from all of us to Bill Achleman who is leaving us to become a manager with the Firestone Company. . . . Alfalfa Edwards and Dan Ferguson are back at work after a battle with the flu bug. . . . Charlie Castle survived his trip to the dentist. Charlie is allergic to the needle so he took gas this time. "It was awful," said Charlie. He had dreamed he was running after a bus and when he awakened he was so tired he could hardly make it home. . . . We are very sorry to hear of the illness of Dee Hamilton, Bldg. 27. . . . Richard Bodkins 111 has just purchased a brand new Oldsmobile with all the trimmings. . . . Frank Walker is buying a car and just as soon as he gets it paid for he wants me to advertise in the column for a wife for him. The only qualifications Frank insists on are: she must be pretty and she must have a good job. So save your money, girls, and watch this column for Frank's ad. . . . Al Mason is getting that "foreman's figure." The other day, out of a clear blue sky, the buttons began popping off his shirt in the vicinity of his bread basket. . . . How many of you remembered to take the little woman a valentine last Saturday? You didn't? For shame! It's still not too late. You can make it up to her this week end by helping her with the chores. You can fire the furnace, carry out the ashes or the garbage, or hold the light for her while she's working on the car. Women appreciate those little attentions.

Visitors last week were Dorothea Swank and Marie Hummel. . . . We are sorry to lose members of our gang who are being transferred this week. Myrtle Barfell is going to Bldg. 4-5 and we wish her lots of luck. . . . Mel Williamson is romancing again, but we can't find out if he plans a short trip very soon. Be sure and keep us posted Mel. . . . Ross Halfich is on a diet, but we can't see where he has lost any weight. We don't believe he stays on his diet very close. . . . Edward Bowser's son, who has been stationed in the Panama Zone, will be released from service in a few months. . . . Clarence Hewes' son is due to be home in a very few days. . . . Myrtle Barfell's hubby is able to go back to work. . . . Our sympathy to Howard Mills and Lucille King on the loss of their wife and mother. Mrs. Mills died Wednesday last week.

Pay that is Fair—for Both Kinds of Work

SINCE men will not work without pay, the world must offer wages to get men to work with their minds and muscles—and profits to get men to work with their savings.

But wages vary with the skill, care and effort men put into their jobs—and profits vary with the risk of investments. Otherwise, men could not be persuaded to do the work that the world wants done

—because if wages were the same for every job, it would be only human for men who work with their minds and muscles to choose the jobs that required the least skill, care and effort

—and if profits were the same for every investment, it would be only human for men who work with their savings to choose the investments that involved the least risk.

The free world—through free men—makes sure that the right wage is paid for skill, care and effort—and that the right profit is paid for risk—through competition.

Employers, for example, must compete with each other for the work of men's minds and muscles. That is why jobs requiring about the same skill, care and effort pay about the same wages in a given area.

The worker has long since found he can't very well demand much more than the going rates and get a job, because these rates are enough to attract other workers with the same skill, care and effort.

Likewise, the employer has long since found that he cannot offer much less than the going rates and get people to work

for him, since other employers are offering better wages for the same job.

The employer has to pay the going rate of pay—no more and no less—whether he is making a profit or suffering a loss.

But employers must also compete with each other for men's savings.

That is why investments involving about the same risk must offer about the same expectation of profit. An investor cannot expect to get much more than that particular rate on that particular kind of a risk, because such an expectation is enough to attract other investors to take that sort of a risk.

Likewise, a business cannot offer an expectation of much less and attract investors, because other businesses are offering a possibility of better profits for the same risks.

Men cannot make high profits unless they take great risks—risks of suffering great losses.

And men will not take those great risks—and invest their savings in expanded capacity, new products, better equipment, and more jobs for us all—unless they have the expectation that profits from those risks will be proportionally high.

Accordingly, it is up to all of us—as individuals and as members of the civic and political groups to which we belong—to understand how big profits mean big progress for everybody—and to make it possible for savers who take great risks of high losses, to have a fair chance to earn and to keep whatever high profits are left after the bills are paid.

CONTAGIOUS

FIRST G-E MEN'S DOUBLES TOURNAMENT TOMORROW

Foremen to Install Officers At March 4 Dinner Meeting

Newly elected officers of the Foremen's Association will be installed at the final meeting of the 1952-53 club year, Wednesday, March 4, at the Southwest Conservation Club, J. Wilmer LaVine, retiring president, announced today.

A fish supper and a program of entertainment is slated for the meeting, which will begin at 6 p.m. Members may make reservations with contact men. Price for the supper is \$1.00 per person. Tuesday, March 3, is the deadline for securing reservations for the meeting.

The installation will be conducted by the retiring officers. Plans for a board meeting of the new officers to outline the coming

club year's program and appoint committee chairmen will be announced, Leonard G. Reuss, new president, reported.

Other newly elected officers in addition to Mr. Reuss are: Harry W. Nickels, vice president; Paul K. Hapner, secretary; Edward H. Kronmiller, treasurer, and Kenneth M. Hyman, director.

G-E Keglers May Still Enter at Club; Squads to Roll at 1, 4:30 and 7 p.m.

Beginning at 1 p.m. tomorrow the first squads entered in the first annual Men's Doubles Tournament, sponsored by the G-E Club, will start rolling at the Clubs alleys, Joe Kramer, bowling committee chairman, has announced.

Open only to keglers who bowl at the G-E Club alleys, the tourney will afford persons the opportunity to bowl as many times as they desire as long as they change partners each time. Entrants may pick their partners.

The tournament schedule has slated Saturday, March 7, and Sunday, March 14, for playoffs in addition to tomorrow. Squads will roll at 1, 4:30, and 7 p.m.

Bowlers interested in entering this new Club sports event may still do so today and tomorrow by filling out an entry blank, which

may be secured at the G-E Club desk.

The following rules governing the tournament have been announced and appear on the entry blanks:

1. Only G-E Club bowlers are eligible to compete.
2. Handicap will be 70 per cent up to 420 with no maximum.

3. Prize fee is \$1; bowling fee, 90 cents; tournament expense fee, 10 cents—total \$2.

4. Bowlers are to use composite G-E Club league average as of week ending February 21, 1953.

5. Bowlers can compete as often as they wish as long as (Continued on page 3)

A GAMBLER WHO WON—If you knew your chances were better than one in three to win and you wouldn't have to put up a cent, would you gamble? Harold (Red) Braden, Bldg. 2-2, did, and won. (See Page 7.)

'Lenten Vespers' Theme Of Elex March Party

"Lenten Vespers" is the theme of the March 9 meeting of Elex first shift members, Roqua Wibel, president, announced this week. Featuring the G-E Chorus and Charles Bilskie, the dinner meeting will begin at 4:45 p.m. in the G-E Club.

Decorations have been planned to carry out the theme of the meeting and to characterize the country of Italy, which is featured at the monthly meeting. Mr. Bilskie, guest soloist, will sing "Ave Maria" and "The Lord's Prayer." Under the direction of Russell J. Hirth, the G-E Chorus will present the following musical program: "The Old Rugged Cross", "Ivory Palaces", "Lord Christ, When First Thou Cam'st To Men", and "Glorious Easter Dawn". Jo Quinn will be featured in the alto solo part of the last number.

Members may make reservations with contact girls for \$1.25 per person. Reservation deadline is Thursday, March 5.

The second five-week series of Introductory French classes will get under way Thursday, March 5, in Bldg. 16-3, Room 12, Doris McKeefer, European tour consultant, reported this week. Persons who plan to take the Elex sponsored European trip this summer may enter these classes free of charge by registering with Miss McKeefer, Bldg. 18-1, or Evelyn Blakley, Taylor St. Employment Office. Virginia Molden is the instructor of the course.

Deadline Today For Supervisors Meeting Tuesday

Today is the deadline for Supervisors' Club members to make reservations for the Tuesday, March 3, meeting of the group, Gordon L. Smith and Charles E. Gable, co-chairmen of the meeting, stated this week.

Members will attend the hockey game for their monthly meeting. Reservations and tickets, which are free of charge, should be secured from contact men. The game, which will feature the Fort Wayne Komets against Grand Rapids, will begin at 8:15 p.m. Those attending should meet at the War Memorial Coliseum at 7:45 p.m. Tuesday. Free refreshments will be distributed during the game to members. Reservations have been made for 325 members.

But Meanwhile, A Better America

Anything new today?

Well, Europe is still in her usual state of unrest and uncertainty over whether mutual defense against Communism is worth the effort and sacrifice. Korea—is Korea. It looks as if Russia could be having troubles within her own borders, but that may be wishful thinking. Perhaps another purge is in the making, but we'd be foolish to think that an end to the cold war or to the danger of a hot one is near at hand.

A new Administration is picking up momentum in Washington. The hopes of the nation are riding with it. But nobody thinks there is any smooth and easy road to the solution of Korea, the Soviet threat, inflation, high taxes, etc.

Some of our cities and states are having financial difficulties. Political charges and counter-charges are still going on. People are getting into various kinds of trouble; also they are getting killed—by accident, by their own design, and by the design of others who don't want them around.

Meanwhile . . . more than 16 million men and women got out of bed this morning and went off to their jobs in American factories (cheerfully, we like to think, but at any rate of their own free will). Some seven million people got up at a much earlier hour, to work on the farmlands. Another million Americans went down into mines or worked at the surfaces, to bring out coal, iron ore, copper, lead. More than two and one-half million workers went about the building of homes, office structures, factories. Four million and some thousands of other Americans took up their job of running our trains and buses and airplanes; our telephone, electric and gas utilities. Nearly 15 million persons were busy keeping store, cutting hair, filling teeth and doing all the other thousands of things to be done in the trades and services.

Meanwhile . . . a housewife passes a bank deposit to the teller. A husband and father, conscious of his growing responsibility, takes out a sizable insurance policy. Somebody—it might be a doctor, a mechanic, or a company president—buys a few shares of stock. A board of directors votes to put half of the year's earnings into new machinery. This is the pattern of saving and investing, going on everywhere in the nation, that makes all our industriousness possible. Unless you count hunting for food with bare hands, it's difficult to be busy—without a place to work in and tools and equipment to work with.

What's new today? Trouble, scandals and the quarrels of nations make the day's headlines—but we go on, without much fuss or fanfare, with the making of a better America. It is the dancing waves, in their momentary lifetimes, that provide a show, while the powerful flood of the tide is almost imperceptible.

MAIN OFFICE CONTENTS

by Fonda Cook

Mr. and Mrs. Robert Wylie recently visited their new granddaughter in Barberton, Ohio. . . . Walter DuBlanc left Friday for Syracuse, N. Y., for his first assignment on the Company manufacturing training program. . . . The girls in data bureau enjoyed their chop suey at Betty Eisenacher's home Thursday evening. Afterwards Sally and Betty drove them to the Piston game with Baltimore Bullets, it being bargain night for G-E workers. Some of them wondered at the heavy traffic, saying it couldn't possibly be the game, and the door had to fall on them to realize that Fort Wayne's Auto Show was in progress. . . . Ronnie White was awarded first in the School's Music Contest which was held at Indianapolis where all schools in the state were represented. Also from data bureau, were Fred Andrew's daughters, Mary and Marcella. Fred also throws his chest out because Marcella is valedictorian of Arcola graduating class this year and has won the DAR Citizenship award, having the highest marks in this examination in the county. Congratulations to Fred. . . . Al Tharp says every time he goes to town he sees something amusing. Friday was no exception. The weather was showery, but no rain at this particular time. Lady passed by with her umbrella up. Acquaintance accosted her, asking why she raised umbrella. "As long as I am carrying it, can use it as there are pigeons around". Some-one page Herb Shriner. . . . A farewell party was given Thursday night at the Van Orman Chatterbox in honor of Ivan D. Rinehart who will be leaving us next month for DeKalb to become Manager of Employee and Plant Community Relations. Best wishes to you and your family, Ivan. . . . Something new besides the flu has caused the absence of one of our gals. Marybell Armstrong had her appendix removed Sunday. Here's wishing you a speedy recovery, Marybelle. . . . What a BEAUTY! Ceal Romary's new blue Chevy is sure just that. . . . Joe Earabino worked so hard he fell asleep, propped his elbow on the Friden calculator and jammed it. Joe firmly believed that the \$50 damages was coming out of his pocket. This morning his friends tried awakening him with an electric fire siren attached to his bed. But, not being a member of the fire department, Joe turned over and went back to sleep. . . . Hart Egger and Chet Kowalski are making crystal sets for their Cub Scouts to assemble. . . . We note large smiles coming from George Wedel now. His family is back from Florida. . . . Mary Henry is home from the hospital and is recuperating very nicely from her operation. . . . We heard that Miss America was in town last week, but our glamor gal, Marguerite Fenner, made the rotogravure section of the News-Sentinel twice. . . . Dick Goetz sits up all night listening to police broadcasts. Wonder why? . . . Ed Hagadorn, Jr., left us to go to transformer drafting. His replacement is J. R. (Dick) Neher whose last assignment was transformer drafting. He comes from Peru, Ind., and earnestly believes that Peru will take the state basketball tournament. . . . Norman Oetting came to work twice last Friday. It seems he left the stove on, and had to go home to turn it off.

SICK LIST

The following people have been reported on the sick list, and returned to work.

Harold Amstutz, Frank DeVaux, Ruby Cunningham, Kenneth Klopfenstein, Floyd Brown, Evangeline Coldwell, Frank Hall, Dorothy Burns, Louis Klotz, Alberta Foulkes, Josephine Durnell, Ed Glusenkamp, Ellen Dittlinger, Paul Bachman, Theopolis Hemphill, Evangeline Baker, Donna Cozart, J. John Hippenhamer, Cleo Crowe, Fred Kryder, Jr., Lee Crall, Walter Hinton, Bonna Lou Fahl, Rose Richards, Raymond Greek, J. James Lindbag, John Madden, Willie Rowell, Paul Lange, Alma Wilkinson, Everett Moring, John Richardson, Elsa Frede, Betty Green, Claire Forbes, Will Helms, Earl Fredricks, Linda Lavachek, Harry Magner, George Pool, Charles Staley, Otto Proehl, Rosamond Schooley, Opal Snyder, Ralph Roberts, Lorene Wilson, Glen Stapleton, Dennis McKering, Edwin Martin, Viliace Lee, Leota Tumbelson, Robert Oden, Raymond Quandt, Edmond Noel, Jean Tindall, Emmitt Ort, Genevieve Lindley, Mary LeCoque, Russell Peabody, Alfred Snawder, Willard Smith, Rebecca Moore, LaRita Eckelberry, Dorothy Edgar, Lloyd Oberholtzer, Fred Schimmel, Joanne Hans, John James, Jeanne McCarty, Roland Miller, Ruby Martz, Frank Woods, Carl Schone, Helen Alvey, Leah Ryan, Erma Lucas, Paul Beauchamp, Ellen Henry, and Marybelle Armstrong.

Returned to Work

Verna Power, Guy Livingston, Geneva Moody, Harry Limbach, Frieda Morin, Howard Sayles, Harry Ward, Rena Mitchell, Ora Waterson, Velva Smith, Thomas Stewart, George Weeks, Susie Wagner, Rebecca Moore, Glen Stapleton, Paul Lange, Erwin Wiebke, John Laymon, Jr., Zara VanSkyock, Cletus Lothamer, Charles Waltemath, Lucille Miller, Reita Martin, Herman Brandt, Margaret Bischoff, Martha Jesse, Beatrice Bowen, James Gulley, Lucille Bardey, Beulah Huff, Merle Bachellor, Donald Edwards, Rose Borchering, and Alma Anderson.

Love your enemies, for they tell you your faults.—Franklin.

Ramblings

Bldg. 31-2

by Julie Rice

AN ODE TO COLLINS MANNAN

A captain from this balmy crew
Is sailing out tonight.
He nevermore will see this shore
Or smile on us within.

But deftly does he chart his course
For lands of richer gain.
And goes with him the wish of all,
A hope for this attained.

Well, the nomads are on the move once more. Our apprentice boys are being switched around again. Gene Lenz and Fred Loenig departed on the 13th and we gained Lester Fanning. He came to us from Bldg. 26-2 where he has been since September, and just for the record he is married and the proud father of a bouncing baby boy born Jan. 1. . . . We also have a new messenger boy who answers to the name of Frank Armstrong. He is a former resident of Peru, Ind., and is an ardent lover of hill billy music, in fact he sings and plays a guitar. . . . Our roster now includes three people who have been previously on the sick list: Chick Waltemath whose long illness has been the source of concern to us all, and R. E. Pumphrey and Blair Bushong who were victims of the flu bug. . . . Engineers Week is a big thing around here. Especially since we have some of the committee members in our midst; namely, George Fridholm and Gilbert Jamieson. . . . And speaking of engineers or engineering departments, I heard that Feb. 13 was a heyday for someone in DC engineering. It seems that the occupants of this department were the recipients of a volume of comic valentines with descriptions ranging from lover boys to gossips. . . . Then there are those people like Al Braun who can't remember where they put things and when one of those things is a car it could be serious. The story goes this way. When he was attending the circus at the coliseum he parked in the Parnell lot and upon returning to the lot he couldn't find the car. Come to find out, he was looking for it in the California lot, so he returned to the Parnell side and blithely drove the only remaining car away. The only advantage that I can see to this practice is that you can avoid the traffic that way.

Taxpayers March 16 Deadline Nears For Filing 1952 Income Tax Returns

Midnight Monday, March 16, is the deadline for filing 1952 Federal Income Tax forms. Every person whose income totaled \$600 or more during 1952 must file a return on either 1040-A or 1040.

Employees who have received more than one Form W-2 Withholding Tax statement for the year must add the amounts together in order to arrive at the total earnings and tax

expenses, and other miscellaneous items.

The Director of Internal Revenue will compute the tax for 1040-A statements after receiving the return and will then either send a check for any refund due, or a bill for any amount that is owed.

Form 1040 must be used by all persons who:

1. Had a total income of \$5,000 or more;
2. Had income from sources other than wages reported on withholding statements such as rents, royalties, annuities, etc.;
3. And where it is desired to itemize deductions.

Persons who use the 1040 form may secure aid in filling out this form free of charge from the Internal Revenue Office, Post Office building, Room 340. This office is open from 8 a.m. until 4:45 p.m. Mondays through Saturdays.

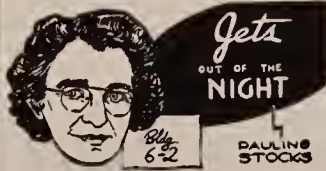

Persons who use form 1040-A, the simplified form, receive credit for about 10 per cent of total income towards charitable contributions, interests, taxes, medical

WANT WORK LOCATION WITH CREDIT UNION BOOKS

Members of the Fort Wayne General Electric Employee Credit Union have been asked to include a copy of their location at work when sending their pass books to the Credit Union office, Lec Cupp, secretary-treasurer, announced today. By giving your location at work, you will aid the office in returning your pass books more readily, Mr. Cupp stated. The 1952 annual dividend is now available. Members may send or take their pass books to the office at 1021 Swinney Ave.

CELEBRATES ANNIVERSARY—Marlowe D. Shepler (center) receives the congratulations of Robert E. Olson (left) and William Charleston on his 30th anniversary as a General Electric employee. Mr. Shepler joined G-E in 1922 as an inspector in Bldg. 4-4 and is now a dispatcher in Bldg. 4-3.

Birthday greetings to Peg Fields, Elsie Klem, Freda Goeglein, and Gladys Blue. Thanks, girls, for the candy and cake. . . If you like excitement you should have seen Esther Meeks when she drew the Central ticket for the city tournament. . . Why is it Marie Bruggencote has to pay parking ticket fines when she doesn't even drive? . . . The gleam in Bud Kissinger's eyes was for that brand new granddaughter, T a m a r a Sue. She weighed 7 lbs. 5 ozs. . . Kay Dolan, a former co-worker, was in to see us recently. . . Lelah Ryan and Berdina Musser are on our sick list, and Mandolene Keel has just returned to work after a two-month absence. . . Pearl Rose and Elizabeth Odom found out just how deep the snow was recently. . . Kathleen Clark and Marie Bruggencote are having a race. We don't know yet whether it is to have the most days present or absent in 1953. . . Jim Smalley is lost without Mary, and Bill Schreiber would sure miss us girls if we were not here. . . We are sure that some of those words that Ada Romanowski and Agnes Allamong use are not in the English dictionary. . . We were all together to see Jerry Lothamer open his gift and Weldon Stucky wondered if we were there to ask Pete Macke for a raise. We wonder if Weldon wasn't being a present-day John Alden.

Woodwards Take First Bridge Event In Squares Tourney

George F. Woodward, Bldg. 16-3, and his wife totaled the high score of 6,200 points in the first round of the 1953 G-E Squares Annual Bridge tournament which was conducted Friday, Feb. 20, Joseph P. Coughlin, tourney chairman, announced today.

Forty couples participated in the initial round of the annual event, which was staged in the Squares Hall. The second round is scheduled for Friday, March 6, and the final evening slated is Friday, March 13.

There will be no tourney play this evening due to the Engineers' Week banquet scheduled this evening, Mr. Coughlin explained.

Each round of the tourney begins at 8 p.m. and consists of rubber bridge, five tables per night.

Weekly prizes for high score and prizes for total tournament scores will be awarded, the chairman stated.

Arthur J. Lange Appointed To Purchasing Agent Post

Announcement of the appointment of Arthur J. Lange as purchasing agent in Specialty Transformer and Ballast Department was made this week by Harold F. Briggeman, manager-production.

In September, 1941, Mr. Lange began his General Electric employment in the production methods office. The following February, he transferred to the works purchasing office where he was an expeditor. He was assigned to organize an office section to handle war contract terminations at Taylor St. in 1944.

Upon completion of this special assignment, Mr. Lange became a section leader in the Broadway purchasing office in 1946. He was named assistant to the purchasing agent of STAB and later in 1950, he became assistant purchasing agent, which was his position at the time of his present appointment.

Mr. Lange is a member of the Fort Wayne Association of Purchasing Agents, the Supervisors' Club, and the G-E Squares. He and his wife live at 3710 Reed St.

Arthur J. Lange

Doubles

(Continued from page 1)

as they change partners each time.

6. Prize fee must accompany entry blank.
7. Guaranteed first prize handicap, \$35. Highest total actual pins, \$15.
8. For any further information contact Charlie Wilt or Serge Schuster at the G-E Club, Ext. 742; Les Shroyer, Bldg. 31-2, or Joe Kramer, Bldg. 4-2, Ext. 790.
9. Unsponsored league bowlers are ineligible to compete.
10. Prize fee will be returned 100 per cent in prizes plus \$50 donated by the G-E Club.

G-E Club to Hold Square Dance Saturday

Opening at 8:30 tomorrow evening, the seventh G-E Club square dance of the 1952-53 season will get under way in the Club gymnasium. Couples will dance to the music of Johnny Lukens and his Rhythm Rascals and the calling of Bill (Cooky) Lee. Free of charge to G-E employees and their friends, the dance will last until 11:30 p.m.

KINDLING AVAILABLE

Kindling orders are now being taken at the Employee Store, Ray Fischbach, store manager, said today. Price is \$2 per load.

30-YEAR BEST WISHES—February brought a 30th General Electric anniversary to Hovy L. Schraeder (second from right). He joined the Company as a motor repairman, Bldg. 20-1 and is now a set up man punch press operator in Bldg. 26-1. With him (l-r) are Ted Mullins, Boh Hunt, and Tom Runyon.

Engineering Advances in Next Ten Years To Be Fastest in History, Winne Says

Engineering advances in the next five to ten years are likely to be faster than at any other time in history, Harry A. Winne, General Electric Company vice president of engineering, said today in an engineering preview of the months ahead.

However, in accomplishing this, two major problems confront industry; one, where to find more engineers and two, how to get materials which will stand up under the ever increasing stresses which designing engineers would like to place on them.

The demand for technically-trained men and women far exceeds the supply, and engineers are approaching the limits of available materials, Mr. Winne said.

General Electric is attempting to alleviate the manpower shortage through utilization of its engineers to the best of their abilities and through a program to spur education. It is attacking the second problem by continuously seeking new fundamental materials and processes to meet the demand for smaller machines of higher speeds and greater output,

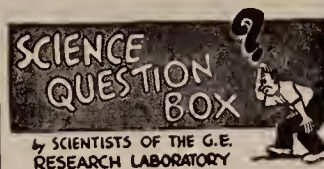

he said.

It has been generally accepted that industry needs 50,000 more scientists and engineers to satisfy the requirements of the stepped-up national defense program and anticipated increase in gross national product.

Reviewing the technical manpower situation, the G-E official foresees no easing of the situation in the years immediately ahead. Demands of the armed forces are likely to make bigger inroads on the engineer supply, since by 1956 it is expected that 62 per cent of that year's engineering graduates will be tapped for military service.

Indications are that by that time the armed services' demand for young men may wipe out all deferments, thus making further inroads into the supply of available engineers, although, of course, changes in the international situation can alter this materially.

To meet this situation, General Electric's program includes constant reviewing of its available engineers to utilize their full capabilities, use of engineering and laboratory assistants to free technically-trained men for more important development work, and a program to encourage qualified high school students to consider and prepare for careers.

Q. Can a person really get "moon-struck?"

A. The idea that the rays of the Moon, especially when full, will make a person insane is an old superstition. In fact, the word "lunatic" is derived from it, "luna" being the Latin for Moon. However, there is no scientific foundation for such a belief. The light of the Moon is simply reflected sunlight, very greatly weakened. Even when the Moon is full its light is only about a half-millionth of that from the noonday Sun.

Q. Is the planet Jupiter now visible?

A. Yes, this planet now rises high in the east during the evening, and is visible through the night. As it is by far the brightest star or planet to be seen in the eastern sky, it is easily to identify. It will continue to be visible in the evening sky until May, 1953, when it will be in line with the Sun. By early summer it will reappear as a morning star, visible low in the east before sunrise.

Q. Can you suggest why my African violet plants fail to flower?

A. Probably this is because they are not getting enough light. Low intensity reduces flowering, and makes the plants very succulent and green. During winter, the plants may be placed in the Sun's light, but in summer they should be kept in a bright light, though not directly in the Sun's rays. They grow best in soil that is high in organic matter (about half peat) and with a medium nutrient level in small pots, less than four inches in diameter. African violets should not be exposed to temperatures below 65 degrees F.

Q. Is it true that lightning never strikes the same place twice?

A. No. Lightning can strike the same place many times. The very fact that it struck once in a particular place proves that

it can strike there again, if conditions are the same. A tall building, like the Empire State Building, which projects high above nearby structures, may be struck repeatedly. In general, however, low buildings such as homes are seldom struck more than once, because chance plays so great a part in determining the path of the lightning discharge. There is so vast a number of possibilities that the likelihood of all the conditions being reproduced again in exactly the same way is very small.

Q. What is black lightning?

A. Actually, there is no such thing as black lightning, though sometimes, on time exposure photographs made of a series of lightning flashes in the sky, some appear black instead of white. However this is due to a photographic phenomenon called the Clayden effect. A very brief exposure to bright light, as from a lightning stroke, combined with a general exposure of much weaker intensity, as from the general background, may cause some of the images to be reversed. That is, they appear black on the print instead of white. Such a reversal process is easily duplicated in the laboratory.

Q. Can horned toads, or other toads, be kept in captivity?

A. Horned toads do not thrive in captivity unless they are kept under heat lamps and supplied with a large variety of live insects. Except in a big zoological garden, with ample facilities, it is difficult to keep them alive even during the summer, and still harder in the winter. Actually the horned "toad" is not a toad at all. It is a reptile, and the true toads are amphibians, like the frogs. Ordinary toads can be kept easily in a terrarium, which is an aquarium fitted up with natural but dry materials. There should be a shelter under which the toad can hide (such as an inverted flower pot with a piece knocked out of the edge), a place to burrow in the earth and an abundant supply of live insects, such as mealworms.

FORM 1040A U. S. Treasury Department Internal Revenue Service		EMPLOYEE'S OPTIONAL U. S. INDIVIDUAL INCOME TAX RETURN		1952 CALENDAR YEAR	
IF YOU USE THIS FORM, THE DIRECTOR OF INTERNAL REVENUE WILL COMPUTE YOUR TAX (IF YOU WISH TO COMPUTE YOUR OWN TAX, USE FORM 1040)				Do not write in this space	
Name <u>John and Mary Jones</u> (PLEASE PRINT. If this is a joint return of husband and wife, use first names of both)				Serial No.	
HOME ADDRESS <u>140 East 44th Street</u> (PLEASE PRINT. Street and number or rural route)					
<u>New York</u> <u>17</u> <u>New York</u> (City, town, or post office) (Postal zone number) (State)					
Social Security No. <u>(H) 012-14-6382</u> Occupation <u>(H) Salesman</u>					
1. List your name. If your wife (or husband) had no income, or if this is a joint return, list also her (or his) name.		Check below if on Dec. 31, 1952, you or your wife were—		On lines A and B below— If neither 65 nor blind write the figure 1 If either 65 or blind write the figure 2 If both 65 and blind write the figure 3	
A. <u>John Jones</u> (Your name)		65 or over <input type="checkbox"/> Blind <input type="checkbox"/>		Number of exemptions for you <u>1</u>	
B. <u>Mary Jones</u> (Your wife's name—do not list if exemption is claimed on another return)		65 or over <input type="checkbox"/> Blind <input type="checkbox"/>		Number of her (or his) exemptions <u>1</u>	
C. List names of your children (including stepchildren and legally adopted children) with 1952 gross incomes of less than \$600 who received more than one-half of their support from you in 1952. See Instruction 1C.		<u>Ethel Jones</u>		Enter number of children listed <u>1</u>	
D. Enter number of exemptions claimed for close relatives listed in Schedule A on other side.....		<u>0</u>			
E. Enter total number of exemptions claimed in A to D above.....		<u>3</u>			
2. Fill in below the information from each of your 1952 Withholding Statements (Forms W-2). If this is a joint return, enter information from withholding statements of both husband and wife.					
Print Employer's Name		Where Employed (City and State)		Total Wages	Income Tax Withheld
<u>X-Y-Z Mfg. Co., Inc.</u>		<u>New York, N. Y.</u>		<u>\$ 4675 76</u>	<u>\$ 487 34</u>
Enter totals.....				<u>\$ 4675 76</u>	<u>\$ 487 34</u>
3. Enter total of interest, dividends, and any wages not shown on Forms W-2. If a joint return enter total of such income of both husband and wife. If item 3 is over \$100, or you had any other income (rent, etc.) use Form 1040.		<u>75 00</u>			
4. Add items 2 and 3. If total is \$5,000 or more, use Form 1040.....		<u>\$ 4750 76</u>			
If item 4 includes income of both husband and wife, show: husband's income \$.....; wife's income \$.....					
Do you owe any prior year Federal tax for which you have been billed? (Yes or No) <u>NO</u> . Is your wife (or husband) making a separate return for 1952? (Yes or No) <u>NO</u> . If "yes," write her (or his) name..... If you have filed a return for a prior year, state latest year <u>1951</u> . Where filed? <u>3rd District, New York</u> . I declare under the penalties of perjury that the foregoing statements are true to the best of my knowledge and belief, and that all 1952 income is reported herein.					
<u>John Jones</u> (Signature of person, other than taxpayer, preparing this return)		<u>(signed) John Jones</u> (Signature of taxpayer)		<u>1/21/53</u> (Date)	
<u>Mary Jones</u> (Address)		<u>(signed) Mary Jones</u> (Signature of taxpayer's wife or husband if this is a joint return)		<u>1/21/53</u> (Date)	
→ To assure any benefits of split-income provisions, husband and wife must include all their income and, even though only one has income, BOTH MUST SIGN.					
THIS SPACE FOR DIRECTOR'S USE ONLY TAX DUE OR REFUND WILL BE COMPUTED BY DIRECTOR

Let's Talk About Europe!

by Doris McKeefer

"Vacation in Europe" seems to be the topic for discussion in every magazine and newspaper you pick up of late! Undoubtedly, 1953 will set a record for European tourists. England's coronation seems to be the greatest single attraction.

Did you read John B. Crane's column in Saturday's News-Sentinel relative to air travel? He was quoting Dr. Oswald Ryan, chairman of the Civil Aeronautics Board. "For the first time in history millions of Americans now find it possible to make a trip to Europe because of the low air coach fares. The many thousands of Americans who flew to Europe last summer on vacations were a highly effective army in combatting the sinister efforts of the Communists in Western Europe. These American tourists are giving millions of Europeans for the first time a true picture of what average Americans are like and what American culture really is."

Dr. Crane also mentioned his astonishment upon his recent visit to Fort Wayne when he learned

of the General Electric Elex Club tour to Europe.

Another tip on what to wear where! Be prepared to frizzle or freeze without warning. Perhaps both in the same day! And remember to take as many clothes as possible that will hand-laundry. And girls, no slacks, please.

The second session of Wardrobe Planning classes opened last Monday, Bldg. 16-3, with Helen Wood as the instructor. More luggage suggestions, clothes selections and more fun!

The second session of Foreign phrases will not open until Thursday evening, March 5, with Virginia Molden as teacher.

G-E DEATHS

**Retired Employee, 66
Dies at Home Feb. 19**

Henry C. Graper

A retired Fort Wayne plant employee, Henry C. Graper, 66, died Thursday, Feb. 19 at his home, 1129 Lake Ave. Services were conducted Saturday, Feb. 21 at the D. O. McComb & Sons Funeral Home, the Rev. Edwin A. Neger officiating. Burial was in Greenlawn Memorial Park.

A Quarter Century Club member, Mr. Graper joined the Company in 1913. He was a die setter, set-up man, and punch press operator. He retired from the Winter St. plant May 1, 1946.

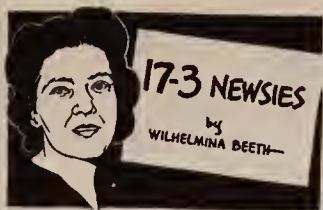

Survivors include his wife, Minnie; three half sisters, Miss Minnie Trautman, Mrs. Fred Vollmer, and Mrs. Elmer Greber; and two half brothers, Fred and Albert Trautman.

Christian Starke Dies In Lutheran Hospital

A Quarter Century Club member, Christian E. Starke, 56, died Friday, Feb. 20 at the Lutheran Hospital. The Rev. Fred Heidbrink officiated at the services conducted Monday, Feb. 23 at the Klaehn Funeral Home. Burial was in the Lindenwood Cemetery.

In 1910, Mr. Starke became a G-E employee. He was a production clerk, file clerk, and time clerk. He became a leader in Bldg. 19-2 in 1939. He was a service leader of the production section and an assistant to the supervisor of production in Bldg. 26-2. Prior to his death, he was in inventory control in Bldg. 26-3.

Surviving are his wife, Pauline; one son, Thomas; two brothers, Carl and William; five sisters, Mrs. Alma Hille, Mrs. Louise Nickerson, Mrs. Walter Gerdon, Mrs. Marie Herrman, and Mrs. Martha Spuller.

That gleam in Ruth Taylor's eyes is the reflection from that pretty new diamond ring. The groom-to-be is Jerry Nahrwold. Both work on line one. . . . Congratulations. Little Barbara Diane is issuing her calling cards from the Robert and Dorothy DePue Fritze home. . . . there is an eight pound blue bootied tax deduction at the Bill and Grace Jones home. Both were former co-workers. . . . So long! Bertha Bertsch has turned in her tools for a life of ease. We wish you the best of everything. . . . Luella Masson thought the A-Bomb had struck her kitchen when she opened a can of prepared biscuits and they hit the ceiling and walls. . . . Mary Lee Hancock was seen shadow boxing with her machine. Was it in a fighting mood, Mary? . . . We think that Lorena Buuck would have better telephone conversations if she would talk into the mouth piece instead of the receiver. . . . Hedy Harrison is starving to master French lessons. She'll need them when she is in Europe this summer. . . . It's a happy birthday to Alice Brockmeyer. . . . The following conversation took place between Hassie Byrge and Jess Hahn. "Did you get married, Hassie?" "Yes!" "When?" "Eight years ago." Hassie had turned in her time slips in her maiden name and Jess couldn't figure out who on his line had the name of Vaughn. . . . Inez Drummer was seen playing with jumping frogs in W and L's toyland. . . . Arlene Winebrenner took a flying dive into that big snow we had last week. . . . Glad to see Maggie Williams ringing in her clock card again. . . . Also happy to report that Faye Kitteridge has left the hospital. . . . Sympathy is extended to Fay Stockberger on the death of her small grandson, to Betty Phillips on the death of her brother, and to Laura Antrup on the death of her mother-in-law.

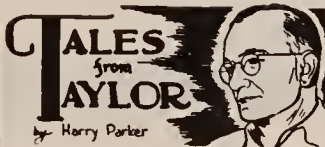

Flying HIGH

BUILDING 6-4

by Ivy Mills

"Why don't you believe me?" by Jonie Armstrong is the hit tune on our floor. Joan was thrilled when she made a split in the Bowling Tournament. She was telling the gals about it, said she got the 7, 10, and 3 pins all with one ball. Nobody believed her and Joan is in a dither as to how she is going to prove it since "seeing is believing". . . . Mrs. O'Leary and her cow of the Chicago fire fable had little on Fred Springer as he recently tried to place a pair of hobbles on a not so contented bovine. After three close rounds of combat Fred emerged the winner but required a general cleaning. He even had to wash behind the ears. Freddie Jr. and a small neighbor boy had watched the show through a knot hole in the barn and after the dust had settled Freddie was heard saying, "Her real name is Spot, those other names Daddy called her were just nicknames." Fred says, "Just call me stinky". . . . Belated birthday greetings to Esther Johnson and Eleanor Harber, they celebrated Feb. 17. . . . One of life's most embarrassing moments hap-

pened to Ginny Curtis, while she was waiting for a bus in front of W and D the bottom dropped out of her lunch sack and it would have to happen on the day she carried a jar of spaghetti. . . . Howard, Arlo, Lee and Louis say thank you to the persons who sent them the lovely valentines. Since they weren't signed, they couldn't do it personally. . . . Harold Weigman's lil woman had key trouble. She was down town and couldn't get the car unlocked, so Harold drove in from the country in a blizzard only to find she had the wrong key. Now the Wiegman keys are painted different colors so it won't be so confusing for her. . . . Bill Anderson and Bill Sexton, on days, have a rating system similar to the U.S. Army, five star general to a rookie. According to the testers Gene Carpenter has become a full fledged hero. He can find a hot motor where there isn't any. Smoke was sighted coming from a rack of motors and after shutting off the power, he discovered a can with a few strings burning in it. Don't feel bad, Gene, he who wears the stars must win them and some do it the hard way. . . . The most photogenic doll is Betty Huett. Wave Miller took a picture of her and everybody wanted to know who the gal was. Must have been the camera, Betty. . . . Why did Pondo put his finger in the pencil sharpener instead of his pencil? Is it a new style in fingers? . . . We hope Clarence Nahrwold's little girl recovers real soon. . . . The Airliners are looking for an associate reporter to represent the test and inspection group. Bill Anderson would make a good one, don'tcha think?

Phil (Tiny) Schoppman is of the opinion that the plating room would be an ideal set-up for slaughtering poultry and dressing them. Every thing for doing the job in a first class manner is there, with the exception of several keen bladed hatchets, and he seems to think that the Company is missing a bet by not doing this as a side. Phil plans on turning in a suggestion on this idea hoping that it will be approved. He tells us that he himself would attend to the actual butchering while John Terry would act as the chief feather expert. . . . Due to a blown fuse the girls' locker room was shrouded in darkness for several hours, making it difficult for them to find their way about. Someone suggested that some candles be made available for just such emergencies but Olive Lewis came forth with a better idea. She suggests that several seeing-eye dogs be kept in the plant for just such occasions. . . . Loyal Liddy has resolved to do his Christmas shopping extra early this year and has started as of now. He is buying up all of the old-fashioned flat irons that he can get his hands on, having acquired several wheel barrow loads already. He plans on having them sand blasted, then chrome plated saying that they will make ideal bookends or door stops. All of his friends and relatives can look forward to receiving some of these pieces of glorified hardware as gifts next Yuletide. . . . Ira Augspurger has worked around the girls so long that he thinks that he is privileged to set out his lunch five minutes ahead of the scheduled time and begin eating the same time the girls do. Some of them seemed to think that it would be a good idea to change his name from Ira to Ida.

Inquiring Reporter:

DO YOU THINK THE U.S. NAVY SHOULD BLOCKADE THE RED CHINA COAST?

JACK F. GARDELLA

Taylor St.

"I would think that the U.S. Navy should procure a blockade of the Red China coast if this would bring about either the end or climax of the Korean conflict. Of course, if this step were taken, it might land on the toes of our ally England, who has so many business investments in all of China."

FREIDA E. KIENE

Bldg. 19-2

"I think the U.S. Navy should establish a blockade of the Red China coast and let other nations know that we are going to consider things in terms of American interest this time and end the slaughter of our boys in Korea, also that we are through appeasing the Communists."

ROBERT W. WIEKE

Bldg. 12-1

"Yes. If we are going to fight Red China in Korea, I think everything possible should be done to lessen their war potential on their homeland as well."

RUSSELL L. JOHNSON

Bldg. 6-2

"Yes, it is high time supplies vital to Red China and in turn so destructive to the U.S. be cut off. It is a fortunate fact that Stalin and Red China do not now have access to enough oil; let's not let them have any more."

WILMA J. SNYDER

Bldg. 8-1

"Yes, I think they should blockade China because it would reduce imports to China and save our American boys' lives. This together with giving Chang Kai-shek the opportunity to invade China would show Russia that we have taken the offensive and are ready to back it up."

Bob Heyn seems to have gotten blasted by both barrels last week. To start it off the winding section is thankful for the anonymous comic valentine cards they received but they are wondering if Bob is the guilty one, he didn't receive any. To finish Bob off good, he was rushing to the license bureau to take his test and in the excitement forgot to put some money in the parking meter. When he returned there was a nice pink card on his windshield, courtesy of the city of Fort Wayne. . . . We all want to thank Alta Cotner for the delicious valentine cookies. . . . Anyone wishing to place a bet should see Levi (Never Lose) Carpenter. Wayne Colvin rushed to Levi the first thing last Friday morning and said someone had taken his test leads. Levi asked Wayne if he had left them out the night before and Wayne was positive he had locked them up. Levi asked Wayne if he would want to bet on that and he jumped at the chance. Levi unlocked his own drawer and handed Wayne the leads and said, "I found them hanging by your test set last evening and locked them up for you. Oh well, the bet was only a quarter. . . . Joseph Reising, the safety man for the test department, had better learn to observe the yellow safety zone lines. Joe was walking

Al Rieman, Ed Lauer, and Dale Amstutz

within an aisle zone and he decided to take a short cut and tripped over a tote box. Safety man! . . . Everybody in Bldg. 26-3 would like to express their deepest sympathy to the family of our friend and co-worker, Chris Starky. Chris died last Friday morning after a short illness. . . . Evaristo (Tito) Rojas left us last Friday to finish his schooling. After he completes school he will return to Puerto Rico. . . . The expression on their faces tell that they had a good time at the Elex Bosses party. . . .

READS LETTER OF CONGRATULATIONS—Clarence R. Spencer (second from left) reads a letter of congratulations on his 30th anniversary to (l-r) Chester Johnson, Jake Holle, Ralph Sample, and Mark Macke. Mr. Spencer is a truck driver in Bldg. 20-2. He worked in Bldg. 10 when he joined G-E 30 years ago.

Have you ever wished you could drive into the gas station and tell the attendant to fill'er up and then drive away without paying? Betty Duke and her husband did just that last week. The attendant told them that if they guessed how much gas would go into their tank that they would get it free. Betty's husband guessed it right to the penny, \$6 worth even. The attendant didn't appreciate it too much though when Betty's husband started jumping up and down on the rear bumper to get the air pockets out so it would all go in. . . . Art Rall should get his glasses changed. Art had a transformer with a 500 volt output and he was trying to read the voltage on a 5 volt scale. Guess what happened? . . . Phillip O'Shaughnessy asked if there was anything in the column about him this week. I said, "No, did you do something?" Phillip said, "I am always doing something." Satisfied, Phil?

How Many Kinds of Taxes? Direct tax, indirect taxes, progressive tax, regressive tax, consumption tax, corporation tax, excess profit tax, excise tax, income tax, inheritance tax, luxury tax, payroll tax, poll tax, social security tax, unemployment tax, personal property tax, sales tax and transaction tax.

HIS 30TH ANNIVERSARY—Chase Robinette (left) rounded out 30 years of service with the Company this month. He was an electrician in Bldg. 20-1 when he joined G-E and is presently a foreman in Bldg. 19-1. Shown with him (l-r) are Adam Farrell and Calvin Marhenke.

Just to show you what working so many hours does, Betty Floyd doesn't know one kind of meat from another in the refrigerator. And when she is ready to go to bed she can't find her pajamas. . . . Marge Bischoff is happy to get back to work, and we are glad to see her around again. . . . Hilda Hershey came in to work the other night and couldn't find her chair. Everyone helped look for it but still no chair. . . . Leona Taylor and family went square dancing Saturday evening. . . . Adele W. had a busy week end. She worked four hours Saturday then attended the play at the Civic Theatre. Sunday she took in the Bob Hope show and the auto show. . . . Marge and Dorothy are learning to bowl and are finding out they have muscles they didn't know they had. . . . Mabel Moser motored to Indianapolis to attend Elsie Jones' funeral. Elsie was retired in October. . . . Eva Hilazlit visited her mother in Kalamazoo, Mich., and also attended the wedding of her nephew. . . . Velora and Charles Drury didn't work Saturday night so they went "Honky Tonken." . . . Wanda Roberts heard so much about Rival Dog Food she decided to try it, the only drawback was she thought it was hash and wanted to know why her sister hadn't put any salt and pepper in it. . . . We know the snow is nice to slide on but, girls, please use your sleds. Dotia Jett fell and hurt her hand but Dorothy Guiff didn't hurt anything in particular, she just went hump. . . . Norma Hicks and Dorothy Hart are really stepping out. They took in the midget show recently and went to Niagara Falls last Saturday. . . . Welcome to our old pal Faye Patton, who is back with 51 frame again. Glad to see you, Faye.

The average American employee's hourly wages more than tripled in the first half of this century, in terms of what he could buy with his pay, according to the Committee for Economic Development.

Was Hugh Reynolds disturbed when he flew down the aisle to his desk. Oh, pardon me, when he flew down the aisle to where his desk was an hour before. Hugh finally located his elusive desk, only to see that it was piled high with various items, so he turned around and walked out. . . . Bob Dent is back at work after being off with the flu, and just to make life easier for him, Hap Leider gave him a nice easy chair. . . . Every nice day you can see Charley Rice looking preoccupied. The reason? He is planning his spring farming. . . . Addie Masbaum Stonebraker has left us to work in Bldg. 4-5. It won't be the same in the office without Addie. . . . Joan Murphy and the new Mrs. Barbara Houser are very perk with their new hair do's. . . . Welcome to Gertrude Butler, a new time clerk in the office. . . . Sayings of Vern Castle: "Now boys, a week from Sunday we will have a day off." Response: "Sunday? What Holiday is that." Well, one nice thing about so much overtime, you don't have time to spend the money you shouldn't have spent in the first place.

Walt Dial was called to repair a pump, but decided it was a machinist's job because he couldn't get any water through it. When the machinist looked at it he found out there wasn't any water in the tank. Walt must have been a little sleepy that night. . . . Bill Altekruse sure doesn't want Sam Henry to get ahead of him. Both gentlemen have birthdays on St. Valentine's Day and last year Sam's wife sent a cake to the fellows. This year Mrs. Altekruse sent a cake in too. Even though there is ten years difference in ages, some of the plumbers thought Sam was the oldest. . . . Glenn Carpenter came to work with a beautiful shiner. He said he was chopping wood and a chip hit him. Come, come now, Glenn. . . . There is a strong rumor that since the

Herbert C. Lemmel

Herbert Lemmel Named Foreman In Sub-Sect. 16

The appointment of Herbert C. Lemmel to the position of foreman in training in Hermetic Motor Sub-Section 16 has been announced by Eldon J. Vosburgh, superintendent of Sub-Section 16. Mr. Lemmel's appointment is in stator core, punch press and blanking on third shift.

When he joined General Electric in 1920, Mr. Lemmel entered the stockroom in Bldg. 6-4. He became a punch press operator in Bldg. 26-4 in 1922. In 1946, Mr. Lemmel was named leading operator in Bldg. 17-2 and held this position at the time of his present appointment.

Mr. Lemmel is a member of the Quarter Century Club. Mr. and Mrs. Lemmel reside at 2319 Euclid Ave.

weather is getting a little warmer, Walt Yopst just might take the jacks from under his car and take a short ride. . . . Bill Altekruse wants to know how your editor gets her picture in the paper so much. Just lucky I guess, Bill. . . . Congratulations to Jo Miller, who is wearing a brand new sparkler in just the right place.

30-YEAR MAN—Honors for ringing up 30 years as a G-E employee came to Walter Pohler (left) February 17. Ray Schibel and Paul Peterson offer him best wishes. Mr. Pohler has been in transformer work since he joined General Electric in 1923. He is a production clerk in Bldg. 26-2 at the present time.

WOULD YOU GAMBLE?

- If you knew your winnings would range from \$5 to \$325?
- If you knew your odds were one in three to win?
- If you knew you didn't have to put up a single cent?

Ask These People Who Gambled and Won —

HAROLD M. BRADEN, Bldg. 2-2, won \$325 for suggesting that the Winter St. plant return packing material for re-use.

DOROTHY M. JOHNSON, Bldg. 17-3, won \$90 for suggesting a change in the method of lead stripping.

BEN W. STIEGLER, Bldg. 31-1, won \$100 for a revised method of purchasing shaft material.

GLADYS RACHT, Bldg. 26-5 won \$70 also for suggesting a change in lead stripping.

IF YOU GAMBLE A FEW MINUTES OF YOUR TIME AND WRITE DOWN A SUGGESTION—THESE ADVANTAGES CAN BE YOURS.

- 4 out of every 10 persons making suggestions during the past 12 months have earned awards.
- The average suggestion award during 1952 was \$14.
- It never costs a penny to turn in a suggestion.

A total of 166 suggesters shared \$2,508 in January. Leo P. Christle and Fred B. Lahrman, both of the Large Motor and Generator Department, received \$45 each. M. J. Lowe, Fractional Horsepower Motor Section 23 was awarded \$35; Gary M. Pequignot, Specialty Transformer and Ballast Section 93, \$30. The following employees received \$25 awards: Frank N. Laier, Catherine J. Maley, George W. Harmeyer, and Charles E. Murray. One hundred and fifty-eight employees received awards of less than \$25.

TOOL BITS

BLDG. 19-4-19-5
by Don Clark

A hearty "welcome" to our 16 new neighbors in Bldg. 19-5 office. This week also marks the return to work of Erwin Wiebke. We are glad to have you back, Erwin. . . . Quite a few of the folks have been receiving post cards from Florida, which shows that Frank Hoffman is having a wonderful time down there. . . . Two new faces on the second shift will light up if you mention Richard Lee or John Crum. Welcome boys. . . . We extend our sympathy to Everett Sloffer on the death of his small son. . . . **DIE PLANT:** Bob Roy thinks this mild winter will bring on a rough one next year. In fact, he's preparing for it now by buying a larger furnace to be installed soon. He even insisted on a full year's guarantee. . . . Tex Long's excuse for going to the Auto Show was to see the cars. Then what was he doing standing in line with the kids waiting for Miss America's autograph? . . . Frank Staley attended the show and took plenty of pictures—of the cars, we think! . . . Paul Weaver feeds the strangest pets at his rural home. The other morning he found a skunk eating out of the cat's dish on the back porch. . . . That was look on Walter Pook's face comes from just thinking about a telephone call the other night. He picked up the phone and said "hello." Of course, it was dinner winner. . . . Don Eme's inability at matching provides Glenn Hoon and Ross Cohagen with ice cream sandwiches about every other day. I hear those double-headed coins are still around, Don. . . . The lathe unit is sorry to hear of the sickness of Carl Schone. Carl was confined to the hospital for about a week but is now at home. Good luck, Carl. We will be looking for you back to work soon. . . . We are glad to see John Snyder back on the job after a short leave. . . . The fellows in Bldg. 19-5 wish Bob Smith all the luck in the world as he leaves for his new job. In the short time that he was here, Bob made many friends.

STABS

BLDG. 26-2
by NORMA ARNOLD

No new wedding additions, no wedding bells in the immediate future and no superb events occurring, should mean, supposedly, that there is no news from Bldg. 26-2. Everyday happenings may be overlooked in a column that really should not be. For example, the friendly smiles that greet us each day to make our day start off right. We walk into the building with a low feeling and that "Monday's blues" look, when a chipper voice says, "good morning," and we are ready to pitch in to a hearty day's work. It is amazing how a few merry smiles and cheerie "hello's" will help make a day a profitable one. . . . **THERE HAVE BEEN SOME CHANGES MADE:** In order to make working conditions more pleasant, offices have been rearranged or moved to other locations. New offices have been built. People are constantly working on and getting new ideas for the betterment of working conditions. Knowing this is the realization that Bldg. 26-2 is never at a stand still.

RECENT RETIREMENT—Elva Shaffer (center) is shown on her last day of work with a group of her co-workers. Honoring Mrs. Shaffer on her retirement are (l-r) Carl Steinbacher, Edna Mowery, Goldie Rodick, and Mamie Richardson. Mrs. Shaffer had worked at General Electric since 1943. She was employed in Bldg. 4-B.

Spot Lights

BLDG. 4-2

by ESTELLA PETTIBONE

Lester Ralston was having a little difficulty with his glasses the other day. Finally he decided to clean them. When he took them off he found he was wearing his wife's. . . . Congratulations to Velma Hetrick who celebrated her 25th wedding anniversary recently. . . . Girls, don't read the next few lines, it is for the fellows only. If any of you feel you aren't eating the kind of food mother used to cook, Mary Harper has "Elex Kitchen Annie" recipe books for sale at a reduced price. . . . Birthday greetings to Hilda Walda. . . . Welcome to all our new people. Janice Shuff on second shift, Mable Beaty, Marjorie Hite and Elfreda Lamle on first shift. . . . The movers are so busy we don't know where anyone is. . . . Clarence Wickliffe lost his ability to play a player piano and the violin at the same time. Ed Gebhart suggests he add a mouth harp to his one-man orchestra. . . . Jimmy James was all set to give Ray Lepper a snow shampoo, with the help of Roy Broch, but somehow the worm turned and Broch assisted Virg Allmandinger in giving Jimmy the shampoo. Looks as if Lepper will not have to worry until the next snowfall.

The Grapevine

by Dewey Lieberenz

Dewey Lieberenz, Bldg. 2-1, who rents a parking space on Lindley Ave., found his parking room rather limited one morning. After successfully driving into this very narrow space without scratching off any paint, he found there wasn't room to open either door. Dewey solved the problem by climbing out the window. . . . Now here's a gal with the right idea! She buys her husband birthday gifts which she can use. Sue Bultemeier hasn't decided whether to buy Bob a floor lamp or a set of dishes! . . . Fred Pyle has sold his house again and has purchased a new one. We told

you Spring must be very near. . . . When Norm Current bought a new Pontiac, Ted Slough, who really owns a DeSoto, convinced Norm that he drove a very good Ford that could beat Norm's Pontiac anytime. Norm was so sure, that he bet Clarence Bowers that Ted did own a Ford. (Clarence says taking Norm's money is just like taking candy from a baby.) . . . Congratulations to Mr. and Mrs. George Bear on their 13th wedding anniversary. . . . Ed Fruit hasn't told anyone whether he's wearing a two-way stretch or the kind that laces. . . . Mystery of the week: Why doesn't George Hahn, who is such a rabid Central fan, bet on his favorites in the tourney? . . . Of all the unusual souvenirs people bring back from trips, we think the most unique was brought back by Floyd Enos from the Elex sponsored trip to Niagara. A pair of long underwear! He and Mrs. Enos made this trip a second honeymoon, celebrating their 30th anniversary. Others from our section enjoying the trip were Sue Bultemeier and her daughter, Judy, your reporter and her so nand daughter, Dick and Patty. It was a wonderful trip. . . . Happy birthday wishes to Orville Franklin.

OVER OUR WAY

in 19-1

by Clara Volz

Well, guys and gals, it looks like we are going to have a column of our very own. I hope you will give me as much news as possible, and I will keep my eyes and ears open, too. . . . I am happy to say that Joan King is feeling much better after her recent operation. . . . We wish to extend our sympathy to Bill Starke and Walter Gerdom in the death of their brother-in-law, Christ Starke. . . . It's nice to have Mary Ellen Wolfe (Pinky to her many friends) back with us for the time being. Now I know where you got your pretty auburn hair. After seeing you eat all those carrots at lunch time it's no wonder. . . . Do you remember that old song, "There'll Be Some Changes Made"? Well that could apply to some of the people around here. Kenny Strong will be moving into our office, and Mr. Gerdom and yours truly are going to bunch in

APPRENTICE BROADCAST

by Bob Taylor

We were very glad to receive a letter from Bill Owen who is in the Army at Indiantown Gap, Pa. . . . We are expecting Dick Gottschall, Don Konow, and Bill Smith home in a few weeks. . . . When Ron Allen gets discharged the 28th of this month it will look just like the old gang is back. . . . Single girls, look out! Luther Schrock just acquired a red 1949 Chevy convertible. Some more automobile news. Don (Dink) Taylor purchased a 1950 Ford while Jerry Gibson tore the transmission out of his buddy's Ford when stuck in the mud at his girl's house. . . . Last week the drafting apprentices were all changed to different sections of the plant on their new assignments. . . . Pipe smokers, attention! Latest thing in pipe smoking pleasure is paint brush bristles. Ask Bob Barnes about it. . . . Usually Jack Olinke thinks a lot of the bananas he has for his lunch, but you should hear his comments about the ones who refuse to let go of their skins. . . . I guess the members of the lathe section are really turning out the work now. I wonder what happened to all the chairs? Try Harry's chair rental service, fellows. . . . The apprentice gang is very sorry to lose Bob Smith, who left us last Friday to become a farmer. Lots of luck on the farm, Bob. . . . Our own Bob Calkins is learning more every day about the slotter. Just the other day he discovered that with one fuse missing it doesn't run so well. Now I wonder why. . . . Many thanks to Jack Olinke for his fine job of writing this column in the past. You did a fine job, Jack. . . . Welcome home and back to the school to Richard Reinking who just returned from Japan.

with Hanke and Farrell's crew. Bob Buck is going over to Bldg. 31-1. Walt mentioned that he would like to have green tile put on the floors, and I think knotty pine walls would be in good taste. I'm sure this will be taken care of in due time. . . . Get well wishes are extended to Charles Staley who injured his eye.

Smoke House SAYINGS

BLDG. 22

by George Winans

Welcome to another new employee, Charles Ratcliff, who is going to operate the big rolls. . . . I received a telephone call last Friday from Lester Bland, formally of Bldg. 22. "Say, George," says Les (laughing so hard I could hardly understand him), "I just read that article about Al Mason having all that trouble with the electric door in Bldg. 19-B. I just wanted you to know that I helped mechanize it. Oh boy, I finally put one over on Albert." Les also wants to know if Charlie Castle remembers the time he tried to put him in the bird bath. . . . Castle qualified as an overhead welder last week. He welded the crane fast to the trolley wires overhead. . . . Blanche Cowell of Bldg. 19-3 was our office girl last Saturday. She was very happy to have the opportunity to work around some handsome men for a change. . . . Jimmy Fincher mashed a finger on his other hand last week. Now he's got two fingers in the air. . . . The flu bug has sure been active lately. The gang is pretty well thinned out. Here's hoping that by the time this column is printed all are well again and back with us. . . . Al Mason, Mildred Messer, Bob Tieman, Bill Achleman, Lick Bodkins, and myself would like to thank our secret admirer for the valentines he sent us. . . . The other day while in Wagner's office, Bldg. 19-3, I overheard a new girl talking to a fellow. The conversation was as follows: "I worked overtime last night," said she. "I didn't see you," replied the fellow. "Oh, I didn't work here, I was helping out over in Bldg. 22 in Tieman's office."

Two Fort Wayne Men Complete Company Program

C. S. Kowalski, left, W. H. Wyckoff, center, and R. O. Baumbauer, center, right, were among the 30 members of the Advanced Manufacturing Leadership Programs who received diplomas at the recent graduation ceremonies for the program at Schenectady. Mr. Kowalski and Mr. Wyckoff were members of the Advanced Methods, Planning and Wage Rate Program and Mr. Baumbauer of the Advanced Production Program.

The programs, two years in length, consist of a series of rotating assignments among various Company manufacturing organizations to give a broader understanding of manufacturing problems and recent advances in this field.

The graduation meeting featured a presentation of "Getting Set for '61", an explanation of the manufacturing objectives set for the Company during the next 10 years by President Cordiner. Papers were presented during the production by various members of the Manufacturing Services Division.

Sportliners...

by Earl Stauffer

It was a great pleasure for this reporter to sit in while Preston Slack reminisced about the past. If this column doesn't do anything else, it rekindles sports memories.

Pres now confines his active participation to "ham" softball and the rugged winter sport of skiing. He also takes an active interest in the local Little League activity. First he was co-manager of the G-E entry and last year he was the president of the Rockhill league.

Coming up through the ranks of G-E interdivision and major league basketball, Pres won the center spot on the G-E Club semi-pro cage quintet which played in the early 1930's. Mr. Slack was one very rough customer at the pivot post on that club. The league included teams from Firestone and Goodyear, of Akron; Oil City, Pa.; Oshkosh, Wis.; Dayton; Indianapolis; and Cincinnati. Pres recalls that he played against Leroy (Cowboy) Edwards, a very rugged lad on the Oshkosh club.

During this heyday, he also played for Dayton, Ohio along with the one and only Ralph Miller, that city's greatest cage luminary, Byron Evard, and Carl Husta.

In his high school days, Pres was a member of the first local team to play in the 16-team final of the IHSAA tourney at Indianapolis. Many of that team's players are well known today: Jasper, Dornte, Ramsey, Bockall, Weber, Ham-

Pres Slack

mond, Britin, Heit, Link, Bash, and Johnson. All of which is another notch in the credit belt of Fort Wayne's Murray Mendenhall.

Basketball takes a backseat to Pres' favorite sport of skiing. The greatest sports thrill to him was a two week jaunt to Aspen, Colo. for skiing in the Rockies. He calls skiing the "most satisfying sport."

Salisbury Hangs On to No. 1 Spot With Overtime Win Over Indiana Rod In Main Auto Industrial Owl League

Indiana Rod forced Salisbury into an overtime game last Thursday morning, giving them a scare before falling to the league leaders by the score of 58 to 57. Regulation play ended at 53 to 53.

Zollner showed lots of power by defeating Eckrich 58 to 31 in their bid to hold onto fourth place in league play.

G-E won their game from F.O.P. without too much hard work, although the Cops showed much improvement and had a good turnout of players. Poor turnouts have been their greatest problem since league play started.

In the first period, Johnnie Wilson hit some sensational shots from the field, getting five baskets. He led the team to a 20 to 6 jump on the hapless pink-ticket boys.

The second period was sparked by two of the G-E Club's bigger men, Benny Penkul, who hit for 5 points, and the old reliable Warren Wickliffe, whose usual fine play and hard drive paid off with 6 points.

With Somers, Hower, and Haas each flipping one in from the field, the Club gained a half time lead of 37 to 19.

The third stanza proved a jinx for F.O.P., who netted only one field goal and a free throw for 3 points, while G-E, led by Gene Etter with his usual double point figures, poured in 5 baskets. Blarwelt, Hobrock, Carl Wilson, and Johnnie Wilson added two points each for a 54 to 22 third period.

The final period scoring was pretty well divided. G-E got 5 bas-

kets and 5 free throws to the Cops 3 baskets and 2 foul shots to win the game 68 to 32.

Next week G-E meets Salisbury at 9 a.m.; Indiana Rod meets Zollner at 10 a.m.; and F.O.P. tangles with Eckrich at 11 a.m.

LEAGUE STANDINGS

	W.	L.
Salisbury	5	0
G-E Club	4	1
Indiana Rod	3	2
Zollner	2	3
Eckrich	1	4
F.O.P.	0	5

VOLLEYBALL NEWS

by Art Razor

As we move into the final week, we find Taylor St. "A" still leading the league for the Volleyball title. They have one match with Tool Division standing between them and the title. Their total for the second half stands at 11 wins and 1 loss after they defeated the third place team 15-2, 15-9, and 15-8. This makes Small Motor standings, 8 wins and 7 losses.

Transformer still trails by one game. They downed the Test Engineers by scores of 15-2, 15-2, and 15-2. Tool Room moved up behind Transformer but has played three more games and are recorded in the loss column. They won over

Taylor "B" by scores of 15-4, 15-13, and 15-7.

STANDINGS

	W.	L.
Taylor "A"	11	1
Transformer	10	2
Tool Room	10	5
Test Engineers	8	7
Small Motor	8	7
Motor Generator	1	11
Taylor "B"	0	12

Squares Tie Airliners Five For Section 'A' Cage Title

by Marc Junk

In a game that was as close as any this season in the Interdivision League, the Squares nosed out the Airliners 47 to 42. The victory resulted in the Squares gaining a tie for the "A" section title. For the Squares, two men kept the fire going. Lou LaPierre was hitting early and Milt DeJean was hitting late as they garnered 14 and 13 points respectively. The Airliners scoring was well divided. Taylor St. continued its winning

streak in double figures with Bash's 24 almost enough for the victory. Taylor St. meets Transformer No. 2 in a clash for the "B" section title on Feb. 24. Transformer No. 2 is currently in second place.

Small Motor gained some measure of revenge by defeating Transformer No. 1, thereby eliminating them from title contention in their section. The old pro, Phil Lydy, streak to 7 straight, as they scored an easy 75 to 31 win over the Apprentice Punks. Dan Imbody, How-

turned on a dazzling array of shots and amazed everyone, including himself, by amassing 16 points. Pinky Christian also had 16, while Dick Wehrle was getting 13. During the season Small Motor lost only four games. Two of these were overtime contests, one a three point loss and the other a two point loss. Better luck next year!

Ken George, Bill Borak, and the rest of the TE's outlasted the Apprentice Pros 45 to 37, while M and G could not muster enough men and had to forfeit to Transformer No. 2.

It is Vic Rump and Team No. 11 out in front with a 15 won 3 lost record. Teams No. 1 and No. 3 are tied for second place with identical records of 12 wins and 6 losses each.

A new leader is now heading up the Ladies' Monday Night League. Bowlettes are now the leaders with 19 wins and 8

G-E Saturday Morning Owl

The race for top spot is still mighty tight. Only two games separate the eight place team and the team in first place. Team No. 10 won 2 games from Team No. 2, Team No. 8 won 2 from Team No. 5, Team No. 9 won 2 from Team No. 4, Team No. 7 won 3 from Team No. 6, and Team No. 3 won 2 from Team No. 1. E. Hamilton scored with a 213 count. R. Bucher, 211; Diem, 201; Schmidt, 200; Uhrich, 203, and 209; R. Junk, 202; Billman, 205 and 206; Bradfield, 202, W. Wickliffe, 227, and C. Wilt, a 211.

Monday Office

It is still Pawlisch Shoe Repair out in front, but the lead is now down to 1 game. Pawlisch have won 18 and lost 6, while AC has a record of 17 and 7. Reproduction is in third place with a 16 and 8 record, while just 4 games out of first place is Dick Kent and his G-E Club team, with a 14 and 10 record. C. Rump kegled a 225 count; R. Knepple, 215, and Don Stoneman, 202. Bob Knepple is sure that all is required for a double century count is science and skill.

Small Motor

By winning two games, National Construction maintained a very slim one-half game lead in the Small Motor League. National Construction now has a record of 16½ wins and 4½ losses, while R and R take over second place with 16 wins and 5 losses. In third place is Test with a 13½ and 7½ record; and G-Men is fourth, with 11 wins and 10 losses. Jim Carey and Joe Kramer rolled identical scores of 212; Howard Stephen kegled a 210 count, and Walt Kammeyer collected a 203 score.

Decatur

In the Monday Night League Flanges won 2 from Office and Stators won 2 from Packers. Jackson scored a 608 series with games of 169, 220, and 219; and Laurent put together games of 178, 235, and 190 for a 603 series. Double century counts were rolled by Snell, 212; Chase, 209; and Kreischer, 206. Flanges rolled a high 998 actual team single game count which is the season high count for this league.

G-E Womens' League

Team No. 1 won 2 from Team No. 4 and Team No. 3 won 2 games from Team No. 2. Miller rolled counts of 170 and 163 while G. Reynolds rolled a 170 score.

Fraternal League

Peterson Elevator made a clean sweep over Burke Moose by taking all 3 games. West End Restaurant defeated Casablanca in 3 games, and K of C won all 3 games from G-E Club. Elks defeated Teeple Truck Lines in 2 of 3 games. Double century scores were rolled by Feasel, 227; Petric, 207; Briede, 225; Ulman, 202; Leonard, 208; Faulkner, 206; Laurent, 253, and Bruick, 243.

RECENT SPECIALTY MOTOR PROMOTIONS

Ford Zimmer New Lab Unit Supervisor

Ford C. Zimmer

An Administration Unit has been established within the Fort Wayne Laboratory and Ford C. Zimmer has been appointed supervising engineer of the new unit, Claude M. Summers, manager-laboratory, announced this week.

The unit has been set up to control and coordinate the business operations of the laboratory, which became part of the Specialty Motor Sub-Department last June, Mr. Summers stated in making the announcement.

Employed in the laboratory since he joined the Company in 1919, Mr. Zimmer was a chemist after he came to G-E. In 1924, he became an engineer on finishes and processes. He was named section engineer of the chemical section in 1943. Named to the post of admin-

William W. Winner

John B. Spencer

Lloyd D. Platt

Winner, Spencer, Platt Appointed Buyers in Specialty Purchasing Unit

Three appointments of buyers in Specialty Motor's purchasing unit have been announced by Francis L. Gale, manager-production. Responsible to the purchasing agent, the three buyers are William W. Winner, John B. Spencer, and Lloyd D. Platt.

Mr. Winner came to General Electric in 1916. He entered the production office in the Meter Department at that time. In 1927, he became production supervisor of Division 1;

and subsequently, his duties were enlarged to include Motor Generator and the Switchgear Division in addition to Div. 1.

In 1937, Mr. Winner resumed his position of production supervisor of Div. 1. After entering Fractional Horsepower Motor purchasing in 1950, he went on special assignment and held this position at the time of his present appointment.

From 1917 until 1919, Mr. Winner served in the U. S. Army, serving 10 months overseas in France and Germany. He is a member of the Supervisors Club, G-E Squares, and Quarter Century Club.

Mr. and Mrs. Winner have five children and five grandchildren. Two sons are also G-E employees, Robert J. Taylor St., and Stephen, Bldg. 6-4. Mr. and Mrs. Winner live at 2205 Pleasant Ave.

In 1916, Mr. Spencer became a G-E employee and entered the engineering department as an inspector in Bldg. 18-4. Two years later, he became assistant chief inspector. He moved to Switchgear engineering in 1924. After transferring to the purchasing section in 1934, he became complaint adjuster and was on special assignment until his present appointment.

Mr. Spencer is a member of the Supervisors Club, G-E Squares, and the Quarter Century Club.

Mr. Platt's General Electric employment began in 1911, when he was a production clerk. The following year, he became a machine operator. In 1918, he was named foreman of tool supply.

After transferring to the supercharger in 1941, Mr. Platt became tool supervisor in that location. He was appointed supervisor of general stores in 1945 prior to entering Fractional Horsepower Motor as a buyer.

Mr. Platt is a member of the Supervisors Club and the Quarter Century Club.

LaVine Named Sub-Sect. 15 Gen'l Foreman

J. Wilmer LaVine

J. Wilmer LaVine has been appointed general foreman of mechanical parts and contributing in Specialty Motor Sub-Section 15, Frank T. Gamec, superintendent of Sub-Section 15, revealed this week.

In 1929, Mr. LaVine came to the Company and entered the Apprentice School. After graduation from the machinist-toolmaker course in 1932, he became a bench machinist in the tool room, Bldg. 4-3. He was named to the position of assistant general foreman, which he held at the time of his present appointment.

A member of the Foremen's Association, Mr. LaVine served as president of this organization for the 1952 club year. He is also a member of the Apprentice Alumni Association.

Gale Rinehart Assumes Sub-Sect. 15 Mechanization Specialist Position

Gale E. Rinehart has been appointed mechanization specialist in Specialty Motor Sub-Section 15, Frank T. Gamec, superintendent of Sub-Section 15, announced this week.

In 1934, Mr. Rinehart came to the Fort Wayne plant and entered the Apprentice School. After graduation from the machinist-toolmaker course in 1937, he entered the general tool division as a machine operator.

After entering the Specialty Transformer and Ballast Department in 1939, Mr. Rinehart became a dispatcher. In 1942, he moved to the Supercharger, where he was a methods planner. Returning to general tool in 1945, he went to work in the planning and machine design sections and was on special machine design at the time of his present appointment.

In 1948, Mr. Rinehart received the Company's Coffin Award for his design of the helium arc welding slot in the stator lamination for hermetic motors. He is a member of the Apprentice Alumni Association and the Supervisors Club.

Gale E. Rinehart

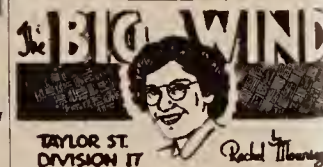

J. Emmet Mills

J. E. Mills Takes Inventory Control Production Post

The appointment of J. Emmet Mills as inventory control specialist in the production sub-section of Specialty Motor Sub-Department has been announced by Francis L. Gale, manager-production.

When he came to General Electric in 1923, Mr. Mills entered the receiving department as a receiving clerk. He moved to Bldg. 6-B in 1926 where he was a stockkeeper. In 1927, he was named supervisor of renewal parts and was appointed supervisor of the regional warehouse in 1950. This was his position at the time of his present appointment.

A Quarter Century Club member, Mr. Mills is also a member of the Supervisors Club. The Mills and their two boys live at 3506 S. Harrison St.

We wish to extend our deepest sympathies to Marge Mercer and Alice Decker on the recent deaths of their fathers. . . . We wish a speedy recovery to Nora Dudgeon and Dick Pion who are on the sick list. . . . Welcome back to Connie Snyder who has been ill. . . . Congratulations to Jack Scott on a daughter, Jacolyn Lee, weighing 8 lbs. 5 1/2 ozs., and to Louis Boyer also on a daughter, Jessie Elizabeth, weighing 6 lbs. and 10 ozs. . . . Clarence Gardt was seen in the parking lot at the Coliseum waiting for everyone to leave so he could find his car. He had forgotten where he had parked. . . . Belated birthday greetings to Doris Walker. . . . Bill Miller ended his basketball refereeing season without any scratches or scars. Even he is surprised at this. . . . We wish to welcome Alma Anderson back in the winding section, after being on our sick list for the last three months. . . . This is Darrow's last week as wire boy. He is leaving soon to serve our Uncle Sam. Good luck, Bob, and hurry back.

"Lost" and "Found" articles must be cleared through the Plant Protection office, Bldg. 10-2, or the Plant receptionist, who will place the Ad-let and otherwise advertise the article.

No ad will be received over the telephone. Only one ad per employee may be inserted. Each ad must be limited to 20 words and cannot be repeated. All articles mentioned must be personal property of the employee. Ads will not be accepted unless accompanied by the name, pay number, and division of the employee. No plant building or telephone number may appear in any ad except transportation ads, only the home telephone number or address.

Send all ads to G-E NEWS office, Bldg. 10-1.

CLOSING DATE

THANK-YOU

I wish to express my thanks to all my friends and fellow workers for the nice gifts and send off given me on my last day of my employment with the Company. My association with such a fine group of co-workers will be a cherished memory.

Henry (Heinie) Guenther

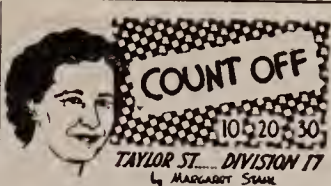

We wish to thank our many friends and neighbors for their kindness, their sympathy, and beautiful floral offerings during our sad bereavement; the death of our son and brother.

Mr. and Mrs. Merritt Julian and Family

"Anything you want me to say to mother that won't get us into trouble with the postal authorities?"

COPYRIGHT 1952 CARTOONS OF THE MONTH

Gladys Pantazin got young ideas Saturday night and bowled four games. Now she feels three times older. Gladys says it doesn't pay to go to extremes when you get young ideas. . . . Cozette Walper decided, after seeing herself on TV, she didn't care to be in show business. . . . Clarabelle Whiteman isn't angelic enough to have wings so she could fly in to work Saturday, so the wind storm scared her out. . . . Happy birthday to Sarah Moore and belated wedding anniversary wishes to Gladys Pantazin. . . . The people who thought Earl Fredricks was going to dig a basement wish him a speedy recovery. Next time, Fredricks, tell us the truth. . . . Cuddles Watt is quite happy these days after winning the ball pool. . . . The girls in kindergarten say that Ruth Peek looks like sweet sixteen with her new hair style. . . . WANTED: A cow bell for Linda Wahrer and Ruth Peek to take to the hockey games. We don't know if they want it to cheer with or so they won't get lost. . . . Elmer Scherrer had his big moment last week when the snow was on. He got out of his car to help the car in distress ahead of him and the door locked with the motor running and traffic tied up in the parking lot. Elmer did some fast thinking and got a stick, worked it through the window which was open about an inch, and finally unlocked the door. Can you imagine Elmer in a fast moment? . . . Mrs. Herman Watters can't understand why we don't have more Bob Hope shows. Those are really nice looking new clothes you have, Herman. Why don't you wear them more often instead of waiting for a special show?

SHIPPING: Better late than never, Virgil McGuire and Tony Koorsen have a secret admirer who sent them each a valentine on Feb. 14. . . . Something unusual happened the other morning coming up the stairs. Eva Westrick stubbed her toe and then Eloise Hoehn just stepped right out of

GENERAL ELECTRIC

INFORMATION CLINIC

Employee and Plant Community Relations
Bldg. 18-2

I would like more information about.....

It is not necessary to sign your name. If your question is of general interest, it will be answered in the NEWS. If not, we will send you a personal answer, providing you have signed your name and address.

Signed.....

Location.....

her shoe. . . . Joan Stukey and her husband bought a new home out on Ansley Drive. They moved into it over the week end. . . . Lenora Hanley, a former employee now with the Navy office downtown, paid us a visit last Monday. 'Twas good to see you, Lenora. . . . We would like to welcome to shipping the order service and I. B. M. departments from Taylor St. . . . Those attending the Bob Hope show were Emma Meyer and Betty Kemp. . . . TELEGRAPH: Anyone interested in selling a filling station should see Cholene Schlaugh. . . . We all enjoyed a pot-luck dinner with fried chicken and all the trimmings. Congratulations to Toodie—Tommy got his four flags. Dolores, you only have six more weeks to change your mind about the fatal step you are about to take. . . . We have heard about the boy with the green hair but we have a girl with purple hair. How did you accomplish the change, Joan. . . . MAILING: Welcome to Richard Bohde, the new mail boy.

Farewell: To Mack Hunt, a test engineer, who is leaving today. Of course, he will be found in the DC Section. . . . SPRING IS AROUND THE CORNER: Jean Cirks has been leafing through catalogs looking at fishing rods and reels. Could be that she is one who thinks spring is just around the corner, or is she going to teach her husband how to catch fish! . . . TV OR NOT TV: This may come as a surprise, but our fellow worker (?) Tom Doell is now the proud owner of a TV set. Since we know that Tom has visited his friends and neighbors to watch TV, we know that one and all are welcome to visit him and his TV set anytime. Why keep it a secret, Tom it is something to be proud of. . . . SURPRISE: Shirley Doster received some very nice birthday cards. The surprise comes in my knowing the fellows she works with. Of course, she could get more after this is written. . . . THEY'RE EITHER TOO YOUNG OR TOO OLD: Mary Smoak and Nancy Starke were among the Elx members that went to Niagara Falls last week end. All had a nice time. Also, they were among the tired people Monday morning.

Norma Baker is looking for someone to drive her to work now that Carl Hanson has left the employ of the Company. Applicants will please line up in back of me. A good looking gal like Norma shouldn't have any trouble. . . . Someone had better feed Jim Witzgrueter vitamin tablets to liven him up. He was walking around with a "move to the morgue" sign on him. . . . When Cecelia Reber has some news for the column she falls all over herself getting it to me. She rushed out from behind a conveyor, stumbled over a skid, and flopped to the floor at my feet. You don't have to go to all that trouble, Cecelia, just whistle. . . . Vivian Long is now a grandmother. Rex Meredith is the grandson's name. . . . Evangeline Baker was another victim of the flu. . . . A speedy recovery to Lucille Orr who has been ill for some time. . . . Kay Meyers has returned after an illness. We're not sure whether or not it's Kay or her shadow. . . . Ceal Pranger takes this means of expressing her thanks to the stacking girls for their goodwill and kindness shown her sister, Marie, during her long illness. . . . Val Stitler and her husband have purchased a new house trailer to do some fishing this summer. They'll get around a lot so we can expect numerous fish stories. . . . Alice Zumbrun has transferred into the stamping section and immediately initiated herself by taking an ink bath. . . . COMMENT FOR THE DAY: "The difference between a wise man and a fool, is that a fool's mistakes never teaches him anything." . . . Daffy Definitions: HOUNDS—Like humans, fleas like to follow 'em. MARRIAGE FAIL-PRES—Brought about because so many inexperienced people enter into the contracts.

Upbraiding his teen-age daughter for her slovenly appearance, a father started in on a tirade of the faults of modern-day children. "Why, look at your hair," he snorted, "It looks like a mop." "What's a mop?" interrupted the girl.

Keith Guyot has been heard singing "Take me back to the hills of Tennessee" after attending the Grand Ole Opera at Nashville over the week end. His voice is like "Tennessee Ernie" so he may make radio or even TV! . . . Mary Raub caught a little cold up at Hamilton Lake last Sunday. She had to cat her dinner with her boots on. . . . Edith Juilleratt's daughter is back at work again and her son is back going to school at Norfolk. . . . Welcome back to Clara Frede. We are glad to hear that your mother is feeling better, too. . . . It seems that Mary Lindamuth had a swell time swimming in her kitchen last Tuesday. . . . We're all a little envious of Bea Davis. She got to meet Bob Hope personally. . . . Victory at last! The third challenge to play euchre finally resulted in a victory for Rudy Zelt and Charles Griffith in a play off series with Henry Grepke and Henry Shirley at the Zelt home. Excited at the outcome Rudy spilled peanuts over the Zelt rug. Tay O'Brian, who served as monitor, cleaned it up only to have Charley in his elation repeat the mess. The lunch was delicious. . . . If you hear Lester May sounding off it won't be for Chesterfield, it will be for his new model steam engine. . . . Clarence Rump got to looking at the new designs on the new cars and decided that he could do better on the fenders. He now has one with wrinkles. . . . Bill Maloney had a small dinner Friday. The third trick man traded dinner buckets when he went home. . . . The sleepy look you see on Floyd Steinbacher's face isn't from setting up with a sick friend, it is lambing time at the farm. . . . Herb Sullivan has some lily white hands now that he is doing the family wash. He irons the socks too! . . . Joe Dibert's Ford has developed a lot of noise since installing his top oiler. He says it sounds like a swarm of flies when the old bag of bolts gets warmed up. Come to find out he was using flytox in that top oiler. . . . Everyone in section 1x25 hates to see Ivan Parrish leave, but wish him success on his new job. We welcome Wallace Richter who is taking Ivan's place. . . . Francis Harter and Clyde Sprawl had to tear up half the floor to find a quarter recently. More work than the quarter was worth. . . . Since Deloris Germano is on a diet she only eats two dagwood hamburgers for lunch. It is a good thing the price of beef is down. . . . Lost! One good desk chair. The rumor is: no chair, no more work. . . . Helen Reichard says sitting on a plain chair is too hard, so she brought a cushion for comfort. . . . Margaret Charters celebrated her birthday by going to Schulers, at Marshal, Mich., for dinner. She says you can't fool her, she knows life begins at 40. . . . So sorry to hear that Lorenta Hahn is back in the hospital. Hurry and get well, Lorena. . . . Clara and Louie Clark send their greetings to all from Ludington, Mich. Clara said they all stood the winter pretty well. . . . Helen Struver was seen running down Spring St. waving her arms and stopping traffic. It seems she was chasing a hat belonging to her friend, Mary Dinuius of Roanoke. Her advice to her friend is; next time buy a square hat, it won't roll so well. . . . Bill Wickliffe was seen enjoying the hockey game. . . . Emily Neirman had to pay a plumbing bill. Next time, don't hang your washing over

the plumbing and it won't fall in and stop things up. . . . Sammy Warren is now a member of the Stumble Bums. He was five minutes late Monday. . . . Marlo Shephler says the auto show opens in Zanesville next month. . . . John Shanahan is interested in the price of eggs. He will drive any distance to get them a cent cheaper. . . . Harley Heckley is blown up like a balloon. Ossian is still unbeaten and we all hope they will go on all the way. . . . Bill Weigman is taking up farming as a sideline. They haven't had a cow on the place for 10 years and now he has two cows and 30 geese. . . . Paul Kable has a new boy at his home who will answer to the name of Ronald Eugene. . . . The following people have March birthdays: Glen Schwartz, Barbara Smith, Claude Hoover, Ed Hilsmier, Ruth Tutwiler, Serena Slater, Herb Tillbury, Marjorie Baciak, Flora Crawford, Max Buckmaster, Edith Harchebrode (retired), Trudy Boxberger, Waren Jackson, Donna Hahn, Elme Sible (retired), Gladys Beal, Kay Webb, Ted Bain, Donna Miller, Lloyd Jacobs, Walt Dryer, and Hilda Seiler.

Our deepest sympathy to Mrs. Francis Groeschel upon the death of her husband on Feb. 16. Francis had returned to Bldg. 6-4 as an inspector following his illness while working here as an enameiler. . . . The boys on the Safety Committee wondered why Virgil Howell didn't attend the safety meeting, and his excuse was that he hadn't shaved for two days. Do you suppose he needs a two-day notice when they will meet? . . . Instead of having two half-full cans of tobacco, Harry Adams put it all in one can. When he got to work and was ready to fill his pipe, did he get a surprise! He had brought the empty can to work and left the full one home. . . . Art Ackerman was having car trouble and Dean Inman was getting a little worried about his ride to work. Art explained that his front wheel bearing was out but he had received advice that a grease job would help. . . . We welcome Ina Mae Dorsey back to her job after her six weeks' absence from work. . . . We also welcome Cletus Lothamer back to the rectangular insulating section. He will be working on the respoilers. . . . Mr. and Mrs. W. J. Goss are very fond of cottage cheese pie. One Saturday Mrs. Goss (Lena) made three large pies. They had no company that week end but by Sunday evening one lonely piece of pie was all that remained. Lena hid it behind some other food in the ice box so she could keep it for her supper on Monday evening while Wilfred was working second trick. Wilfred never raids the ice box, but on Monday his thoughts reverted to the one piece of pie. He searched, hunted, and searched again. At last he spied it behind a large dish of salad. Quickly he devoured it in a few bites and his great hunger was satisfied. Lena had her mouth all set for the pie when she returned from G-E that evening. She hastened to the ice box. After a thorough hunt there she opened all the cupboards, oven, buffet, and the deep freeze. No pie! (Much to her disappointment!) When she was tired looking she guessed what had happened to it. Poor Wilfred!! Now he doesn't get any more cottage cheese pie until Easter. After all, "Right is Right." Wilfred was entitled to it. He had gone to the market for the special kind of cottage cheese.

BUSY RETIREMENT AHEAD—The gifts Joseph H. Faurote (second from right) received on his retirement from G-E will keep him busy in his home workshop. Mr. Faurote was a carpenter in the General Service Section before retiring. Helping him unwrap his gifts are (l-r) John Lare, Ed Trabel, Joe Faurote, and John Madden.

Stormy WEATHER FROM 17-4

This is our first attempt at writing a column so please bear with us. . . . We certainly envy Otto Proehl his current stay in Florida and with this lovely weather we are having now, it wouldn't take much persuasion to force us into joining him. . . . NOW THE AW-FUL TRUTH COMES OUT — It seems that the \$20 bill that Gil Sloan was madly waving around belonged to Howard Brooks, who wanted it understood that it belonged to him and no one else. . . . POOR CY—He certainly has his troubles, mainly of the long green variety, but brace up, Cy, it could have been worse or could it? . . . THE LONG OR SHORT OF IT—Steve Nagy, our diminutive engineer, standing on a chair so he could converse on a level with Mike Lowe. . . . Perhaps it's the nearness of the baseball season that is causing the unruliness of our "Honest" John Braden. . . . Isn't it usually customary that after fitted with glasses, one's eyesight becomes vastly improved? At present Don Thomas seems to need some help with his, due to his groping around. Perhaps Herb Buck with his wide experience can give him some badly needed help. . . . Friday, the 13th holds no terror for the Sol Andersens. On that day, Beth Elaine, weight 8 lb. 5 oz. was welcomed to the family. All are doing well and we extend our heartiest congratulations. . . . Our sick list still continues and we all send our wishes for speedy recovery to Charlie Kensill, Ray Bowers, Jimmy James, Ray Greek, and Marion Sprague. . . . The baseball season is about ready to swing into play with the usual rabid fans, Earl Stauffer, Clarence Koepke, and Bill Hurt, rooting for the Cubs, Herb Buck will cheer for the Indians; Larry Reed, the Tigers. Cy Seymour is torn between the Red Sox and the Pirates, and of course, Omer Mettler is ready to give any losers the business. . . . Maxine Baker has

learned that it is a little hard to make change for a 25 cent bill. It was a Canadian bill that Gil Sloan was trying to get rid of. . . . We'd like to welcome Darrel Dennie back on the floor and are glad to hear that he will be working with the gang again, if only for a little while. Another newcomer on the floor is Roy Renner, who is working in the Carbology section. We hope that he, too, likes his new surroundings.

We are glad to see Sue Wagner back at her job after a siege with the flu. . . . The welcome mat is out to Don Havert, who is an ex-G. I. He is working for Mr. Wagner. We also welcome Jim Feber from Bldg. 31-1 stock room. He is taking Paul Gruber's place. Paul is going to Bldg. 22. We hope they will like their new jobs. . . . Happy birthday to Claude Cline. He celebrated his birthday on Feb. 19. Kenneth Handschy celebrated his birthday the hard way. He happened to mention it to the boys in the commutator section. They keep a paddle for just such a purpose. A belated birthday wish to Frank Enderle. . . . It seems Walt Davis is a bit too handy with a hammer. He smashed the end of his finger the other day. Later he was seen at the tool crib with his hammer and Mr. McCormick, evidently trading it for a lighter weight hammer. . . . Elmer Wagner's wife was a winner on "Dinner Winner." We expected a big feed but nothing happened. . . . William Murphy is the new man in the lead section. Ernest (Shorty) Roberts is the new helper in the stock room. He is from Bldg. 4. We hope they will like working here. . . . It won't work Arkie! Bill Bellamy tried to drive his car under a semi. Results? A cut forehead. . . . Floyd Mutton is back on the job after being off two weeks. . . . We may lose a good man from the commutator section. LeRoy Cook shook hands with Bob Hope and thinks he may join the Hope show.

NEXT SQUARE DANCE LESSON—MARCH 5. . . . Jay Moser and Dort Schnepf had a bet on a basketball game. Dort lost but Jay wishes he had. The bet was a carton of milk. But nothing was said as to how it was to be served, and Jay ended up with a bottle of milk and a nipple. Was it good, Jay? . . . She jumps through the air with the greatest of speed—if not with ease. Naomi Boroff went upstairs recently to get something and when she came down the door was locked from the outside. Her 22 month old daughter, Kathleen, was just the right size to reach up and lock the door, but to unlock it—well, that was another thing. After trying for an hour to get the little girl to unlock the door without any success, Naomi began to get frantic. The child no longer would answer when she tried to talk to her. Had the little girl managed to open the door and get out in the street? Naomi rushed back upstairs, crawled out on a porch roof and jumped to the ground. Rushing into the house she found, as you have guessed, the small child standing in a chair looking out of a window. . . . Our sincere sympathies to Winston Rawley upon the death of his sister. . . . At last the long awaited day has arrived. Tibi Gehrig finally got that new Ford and as he says it is fully equipped with everything except the kitchen sink. . . . Gedtrude Balsiger is also the owner of a new Ford. Very nice, Gertie. . . . Greetings to Opal Andrews who celebrated her birthday recently. The gang enjoyed the candy bars very much and hope you have many more birthdays, Opal. . . . Mabel Eyanson has a son who has quite a knack for making candy. Mabel brought in some samples for the girls to try. They all say it was very good. . . . Another member has been added to the Gehrig family. Tibi and Annabelle now have two grandsons and three granddaughters. The latest addition was a son born to Mr. and Mrs. Jerry Gehrig. Jerry is a former employee. . . . You never had so much fun, was the password around the shop today. That's because so many started taking the Square Dance lessons last night. The next lesson will be given next Thursday, at the Lincoln School gym from 8 p.m. to 10 p.m. Free tickets are still available at the tool cribs. Carl Geels is the professor in charge. Lessons will also be given March 26 and April 9. Plan now on taking advantage of all three sessions. You too, will say, "I never had so much fun." These sessions are not dances, they are instructions only; don't worry about not knowing how or about having a partner—just bring yourself. . . . Several G-E employees have added interest in his year's High School Sectional Tourney because of sons and brothers on the tourney squads. Included on the Yellow Jackets squad are Gene Morrison, son of Don Morrison; Roger Pollock, Harriet Pollock's son; and Freddie McDougal, son of Mickey McDougal. Members of the Commodore squad include Johnny York, son of Marie York; Jerry Meyer, son of Verena Meyer and Walt Mowery, brother of Bill and Helen Mowery. Best wishes to all of the teams in the tourney and may the best team win.

If it really woke them up, we'd be in favor of more speeders being pinched.

APPLIANCE DEALERS PLAN OPEN HOUSE

Applications for Educational Aid Must Be Filed by April 1 Deadline

All applications for loans and scholarships under the General Electric Educational Assistance Program must be filed with the Employee Benefits Services Department in Schenectady by April 1 to be eligible for financial aid for the academic year 1953-1954. Forms for applying for this assistance may be procured from R. E. Gebert, Bldg. 16-3, Ext. 2213.

Children of employees, of pensioned employees, or of employees who died in the service of the Company and whose parents completed at least five years of service are eligible under the provisions of the Plan to apply for consideration for a loan or a scholarship. Employees who have completed at least one year of service are also eligible.

Similar loans and scholarships have been available to Company employees and their children for undergraduate study in colleges and universities for more than a quarter of a century.

Program Extended

The General Electric Company announced today expansion of its scholarships program to provide 100 grants of \$500 each for college juniors, an increase of 70 over the current number. The additional grants were made as part of the company's observance of 75 years of electrical progress.

Chester H. Lang, vice president of public relations, said the scholarship will be granted to outstanding college juniors to assist them to complete their senior years.

Seventy of the scholarships for (Continued on page 4)

Supervisors Name Three to Fill Vacant Offices

Charles P. Gnau, Bldg. 26-2, has been appointed secretary of the Supervisors Club to complete the unexpired term of the office vacated by Louis N. Brunner, Jerry C. Duryee, president, announced today. Mr. Brunner has transferred to the manufacturing training course.

Robert D. Hughes, Bldg. 20-2, has been named administrator of Group III, replacing Mr. Brunner. Other appointments announced by the president include A. L. Alie, Taylor St., as administrator of Group I. He replaces Mr. Mason who was transferred to the DeKalb plant. Gordon L. Smith, administrator of Group V, has been named publicity chairman.

Henry J. Dannecker and H. B. Leach, administrators of Group VI, were in charge of the March 3 event, when the club attended the hockey game at the War Memorial Coliseum.

James H. Capps

Capps to Teach FHP Motor Course At Indiana Tech

James H. Capps, design engineer in General AC Motor engineering section, Taylor St., will be the special instructor of a new course offered by Indiana Technical College, it was announced this week by Dr. Howard P. Smith, of the College's Student Industrial Relations office.

The new course will concern single-phase fractional horsepower motors and is being offered for advanced students and other qualified persons.

Beginning Tuesday, March 10, and continuing through May, classes will be conducted from 5:30 to 7:30 p.m. on Tuesdays and Thursdays. The course will carry five college credits.

A graduate of Oregon State College, Mr. Capps received his BS degree in electrical engineering. He is a member of the American Institute of Electrical Engineers. He is also an instructor in the Apprentice School, teaching electricity at the present time. He has previously taught mechanics, physics, and strength of materials in the school.

Mr. Capps has been with the Company since 1947, when he entered the rotating engineering program. Upon completion of the program, he entered Fractional Horsepower Motor engineering. From 1943 until 1946, Mr. Capps served in the U. S. Army as a 2nd lieutenant in the Engineers Corps.

All G-E Employees Invited to Visit Stores During Week of March 23-27

An open house designed to acquaint employees with the four Fort Wayne dealers of General Electric major appliances and the discounts and service they may receive on these appliances has been planned for the week of March 23-27, it was revealed today by the four dealers.

The four stores will be open from 7 to 9 p.m. each night of that week as a special service to acquaint G-E employees with the new 1953 line of electric sink and laundry equipment, refrigerators and ranges.

Discounts on many Company products received a boost last fall when the new improved Purchase Plan for G-E employees went into effect Oct. 1, 1952.

This plan offers employees a savings of 25 per cent on G-E major appliances. It brings maximum benefits in the purchase of products which employees help to build and amounts to a sizeable saving on major appliances. Discounts ap-

ply to the national retail price in effect on the date of the sale.

Service on the appliances, which includes a complete check of each item before it is delivered and installation in the home, is also available to Company employees who purchase any of the G-E major appliances free of additional charge.

The four dealers and their locations are: Goodyear Service Stores, 1220 S. Harrison St.; Grand Leader Department Store, 905 S. Calhoun St.; Schaper Home Appliance Co., 1622 Sherman St., and Schueler Appliances with stores at 2126 Fairfield Ave. and 126 E. Wayne St.

MERITORIOUS SAFETY RECORD—In recognition of the meritorious safety performance of employees in Hermetic Motor Sub-Section 16 during 1952, Ab Martin, Hermetic general manager, presented a safety award to Eldon J. Vosburgh, superintendent of Sub-Section 16, at a meeting of the sub-section's safety committee Friday, Feb. 27. The award was one of 21 given by Safety Committee in honor of sub-sections' improved safety records.

GOOD FRIDAY HOLIDAY

Since there is no Local, State or Federal Election in the State of Indiana during 1953, it has been decided that at Fort Wayne Good Friday, April 3, will be substituted for the normal Election Day holiday.

Good Friday is being treated as a holiday for this year only in substitution for the Election Day holiday and will not necessarily be considered as an observed holiday in subsequent years.

In accordance with the above, all departments and sections of the Broadway and Taylor St. Plants, including leased warehouses, in general, plan to close on Friday, April 3, in observance of this special holiday.

The Priceless Gift— Life Itself

Recently a modern railway streamliner went berserk and tore into the concourse of the Union Station in Washington, D. C. An hour later and a mile away, in the same city, fire and explosion wrecked a large business establishment. The two accidents rapidly overwhelmed already heavily taxed hospital facilities. Victims of both catastrophes needed blood and needed it in a hurry. Immediately after news of the two disasters hit the radio and press blood donors streamed by the dozens into the local blood collection center. . . . Our people will always respond promptly when they see a need.

But why . . . why must we depend upon catastrophe accidents to point up the need? Will we wait till we hear the drone of enemy planes to collect the blood needed for a city razed by atomic explosion?

Adequate supplies of blood and blood plasma have cut the death rate of our Korean wounded to half that of the wounded in World War II. Children by the thousands have been spared lifetime handicap resulting from measles because they were given injections of immune serum globulin produced from surplus wartime blood plasma. There is high hope that this same blood serum may spare many children the crippling effects of polio. In this blood factor, we find a weapon to control infectious jaundice. And the story of the miracle of blood therapy could be expanded on and on.

Entirely aside from the daily dramatic demands for blood that hit headlines and news broadcasts, there are other significant facts which every able-bodied American should remember. Every minute 18 of our citizens are injured in accidents. Many of them need blood and need it promptly. There is no time to waste hunting down donors.

Blood has become a major weapon in our arsenal of death fighters. It is a weapon which cannot be fabricated, cannot be mined, cannot be made from synthetic materials. It must come from healthy people of good will.

The donor today may be the recipient tomorrow. Each of us must adopt the habit of giving blood as one of the obligations of good citizenship. Only by facing up to this obligation can we procure the hundreds of thousands of pints of blood essential to our national welfare . . . essential in peace, in war, or in defense preparedness.

Watch That (Ka-choo) Cold

About that cold you've got—or are going to get if you don't watch it. . . .

Statistics (cold statistics, if you're in a punny mood) collected from studies covering hundreds of thousands of runny noses, show that the average employed person has two colds a year. . . .

Also that, in addition to the discomfort and danger of complications caused by an individual cold, the total of cold casualties adds up to 60 million working days annually lost to industry.

So, for your own sake at least, take a physician's or nurse's advice to clear up a cold or prevent one. Common sense says stay out of drafts, keep yourself dry and warm, don't overdo, get plenty of sleep, and mind what (and how much) you eat and drink. But, don't just be half-safe: get and take, competent medical advice.

A wonderful trip was enjoyed by all the Elex girls who visited Niagara Falls the other week end. A lot of beautiful pictures were taken. Mary Rose has a very special one of herself, ask her to show it to you. Norma Hicks says it was her first pleasure trip. Norma and Dorothy Hart roomed together and joined Mary Rose, Hazel Dilworth, and June Hines in an evening of fun and laughter. Sunday was a beautiful day and there was a three-hour bus tour. They visited a number of places of interest, and had a drink of water from the Burning Spring. A lot of souvenirs were purchased by the girls and the hotel accommodations were very good. . . . Donna Foulks, Norma Hicks, Rita Wolf, and Bob Rinehart took in a midnight show Friday. . . . We all wish Clara Lauer a speedy recovery. . . . We hope Alma Raymer's limb gets better real soon. . . . Fay Patton and Dorothy Hart had supper at the Hobby House after their four hours work Saturday. . . . Two of our winders, Millie R. and Helen M., are enjoying a vacation in Florida. . . . If you hear some funny talk it is Jessie Wass and Lora S. learning their French for their trip to Europe this summer. . . . Iris Storms is visiting in Kentucky. . . . Norm Wolf had a birthday Friday and received some attractive cards and gifts. . . . Who said Rebecca Fogwell doesn't like to fly? . . . Evelyn Turner went to Richmond for the week end to help celebrate a double birthday. . . . We wish Leona Taylor and Donna Foulks both a happy birthday. . . . The girls who square danced at the Elex party had a wonderful time. The ones who just watched don't know what fun they missed. . . . Don Kesler was so jealous of Bob Huhn, when Bob got a parking ticket, he had to get himself one, too. . . . Dorothy Hart's famous words to Fay Patten were "What kind of motors are you building?" . . . Lois Yager, her husband, and grandson also had a wonderful time at Niagara Falls.

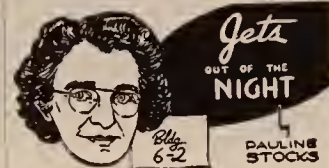

TOOL BITS

OLDG. 19-4-19-5

by Don Clark

Lloyd Welbaum is grandfather again. The minute his wife got the word she caught a train for New York City to see her new grandson. Now Lloyd is once again batching it. . . . The big moving day found Woody Hursh and Bud Dunlap moving to the Dutch Colony. Hank Frey and Gene Denig said the newcomers could stay if they go back to school and learn German. In fact they are calling Woody, Dutch Hursh. . . . The sectional tournament brought out some prime opinions in our section. Willie Garman thought the referees robbed South Side and Bob Truelove said the same for Hometown. Harold Wherry thought his Coesse Indians did all right. Woody Hursh thinks they ought to play the game for only three quarters. That's how long Leo lasted against Central. Jim Cavanaugh thinks North Side is still the best, while Dave Bartle was sure those Harlan Hawks would give North Side a terrific battle, and Dallas Kees

would pay to see them play again. . . . Les Hines can tell you how it feels to come home and find your heating unit stuck in high position. He says the candles on the dining room table were slightly deformed from the heat. They looked like pretzels. . . . Helen Conrad spent the week end in Chicago and enjoyed a fine musical show. . . . Hank Wittber went traveling too, out to the new Nickel Plate yards at New Haven to see how the trains were running. . . . We welcome Mark McNulty back from service in the Air Corps and also welcome Al Clark to the day shift. . . . For some reason we believe Jim Buchheit's story about his skinned nose. When he went to get his coat out of the closet the other morning he tried to open the door and walk in at the same time. After this his wife is going to wake him up before he starts for work. . . . We are glad to report that Mrs. Don Stroh is recovering. . . . The office welcomes Paul Stenbeck. We hope you like it here, Paul. . . . Die Plant: Carl Zion's smile is showing more often now. He has his new front tooth. . . . Chet Rennecker is feeling good these days. His new Chevy is doing it. . . . Bob Sowards has lots of confidence in his Ossian team. . . . Ed Stahl's favorite Grover Hill lost out, but Frank Staley took Gus Ausderan for 10 cents on Elmhurst. . . . A glad you're back wish to Clark DeHaven, who has just returned after an operation.

Birthday greetings to Dessie George. . . . Get well wishes to William Shoemaker who is ill in the hospital. Also, to Lelah Ryan who is on sick leave. . . . It's adios to Clara Wisel who is taking a transfer. Clara reports to Bldg. 17-3. . . . Jerry Lothamer was granted an extension on his call to Service until March 31. . . . Just who can you believe? Pop Gillispie says a Packard is a swell car but Don Meyer is ready to sell for a song. If you can sing there is a chance for a good car. . . .

Not doing more than the average is what keeps the average down.

SICK LIST

The following people have been reported on the sick list, dismissed from the hospital, and returned to work:

Sick List

Floyd Mutton, Kenneth Bryant, Harry Jones, Robert Shoemaker, Will Helms, John Brandyberry, Orpha McCreary, Charles Menefee, Helen Smeltzer, Gerald Tennant, Delphus Morrical, Augusta Hoopengardner, Raymond Papenbrock, Acy Chandler, Patricia Hoover, Lloyd Goings, Ben Taylor, Walter Van Kirk, Rose Adams, Howard Knight, Ralph Foreman, William Hoewischer, June Krider, Maltha Burk, Carl Burns, Barbara Nix, Mary Lippett, Russell Runkle, Betty Weigold, Jacob Walters, Raymond Mock, Fred Schimmel, Henry Brueggeman, Charles Hedges, Constance Fletcher, Marilyn Hardisty, Nora Furthmiller, Russell Kensill, Lawrence Farmer, Helen Griffin, Wayne Gilliom, Elizabeth Barnes, Norma Book, Paul Clouser, George Miller, William Shumaker, Howard Musselman, Harry Dorsey, Hershel Gratts, Thelma Hill, Frank Enderle, Alice Line, Lionel Rosenogle, Margaret Zumburn, Cecil Crawford, Ira Jones, Juanita Duff, Betty Counsellor, Willis Bunyan, Robert Pickett, Betty Madden, Georgianna Miller, and Cora Polhamus.

Dismissed from Hospital

Theopolis Hemphill, Helen Griffen, Charles Staley, Theodore Schelper, and Elva McMaken.

Returned to Work

Marion Morrison, Viliace Lee, Everett Moring, Mary Smith, Richard Uptgraft, Rosamond Schooley, Jacob Lorenz, Dorothy Hoover, Joe Queary, Blanche Radasti, Harry Magner, Willie Rowell, Clarence McClellan, Kenneth Longenberger, Emmett Ort, Alma Wilkinson, Lucille Orr, Maude Mason, Alfred Snawder, George Prince, Ina Mae Dorsey, Luther Childers, Theopolis Hemphill, Raymond Bowers, Evangeline Baker, George Adams, Clara Edgar, Sandra Budowle, Walter Hinton, Harold Amstutz, Margery Booker, John Hippenhamer, Donna Cozart, Hallie Hosler, Merle Bachellor, Lou Ann Engelmann, Anita Carnahan, Rita Comings, Harry Bahcock, Clark DeHaven, Herbert Bergman, Maurice Cook, Harry Kessler, and Mildred Carpenter.

OUT OUR WAY

by J. R. WILLIAMS

SECOND SHIFT ELEXERS PLAN LENTEN VESPERS

AMERICAN INSTITUTE OF MANAGEMENT

IN RECOGNITION OF DISTINGUISHED ACCOMPLISHMENT
HEREBY CONFERS UPON

General Electric Company

THIS CERTIFICATE OF MANAGEMENT EXCELLENCE

FOR THE YEAR 1952

Witness our Hand and Seal

James Martin
PRESIDENT
Alfred S. Landa
SECRETARY

General Electric was recently presented with this Certificate of Management Excellence for 1952 by the American Institute of Management. G-E was one of only 330 companies to receive this award, made as a result of continued study of over 3000 companies in all industries.

Two Employees Receive Appointments In STAB Planning and Wage Rate Unit

Two appointments in Specialty Transformer and Ballast's planning and wage rate unit have been announced by Herman R. Korte, supervisor-planning and wage rate.

Charles F. McVoy, Jr., has been named methods and equipment specialist in this unit of the manufacturing section and Robert C. Strain has been appointed industrial processes specialist in the same unit.

Robert C. Strain

In 1940, Mr. McVoy entered the General Electric Company's Pittsfield plant. He went into the special measurements laboratory, where he held positions in design and construction of electronic test equipment, served as group leader of service and calibration of factory process control equipment, and was a member of the process and product development group.

Came Here in 1952

In March last year, Mr. McVoy came to the Fort Wayne plant where he entered STAB's planning and wage rate unit, which was his location at the time of his present appointment.

Mr. McVoy attended Albany State Teachers College for two years. He is a member of the Fort Wayne Association of General Electric Engineers. The McVoy's and their three children live at 2903 MacArthur Rr., Waynedale.

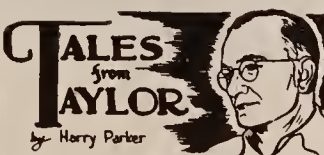

Was Test Engineer

Mr. Strain joined the Company in April, 1950, and entered the test program at the Evendale plant. He completed the test course in central planning. In 1951 he became an industrial process trainee and was in this location at the time of his present appointment.

A graduate of the University of Colorado, Mr. Strain received his BSME degree and his BS degree in business in March, 1950. Mr. Strain is a member of the G-E Squares and the Fort Wayne Association of General Electric Engineers. The Strains and their two children live at 1501 Elmrow Dr.

Charles F. McVoy, Jr.

Helen Connie Hutchinson is another expert brewer of coffee. A few mornings ago she prepared her automatic percolator for the morning snort of steaming java. All the while it was bubbling merrily along to completion she kept thinking to herself how good the aroma was and could hardly wait until it was done. Well, that time finally arrived so she poured herself a cup, but it was nothing more than plain hot water. This is what one would call using the

Group's March 17 Meeting at YMCA To Feature Religious Music Trio

Second shift Elex members will feature a Lenten Vespers program at their March meeting, Tuesday, March 17, at the YWCA, Grace Collins; first vice president, announced today.

Beginning at 12 noon, the luncheon meeting will feature "The Melody Trio," who will present religious music. Reservations should be made with contact girls by Thursday, March 12. Tickets are \$1.25 per person.

This meeting, which is the third of the year, will carry out the theme of Italy, another of the countries to be visited by those taking the Elex European trip this summer during vacation shut-

down. One-pound chocolate, fruit and nut filled Easter eggs are now being sold at the Elex Corner Cupboard in the Broadway Employee Store and by Evelyn Blakley, Taylor St. Employment office, it was announced by the officers. Price of the eggs is 75 cents each.

Squares Women's Division Announce Annual Bridge-Style Show Event

The annual style show and guest bridge of the Women's Division of the G-E Squares will be conducted Tuesday evening, March 10, in the Squares Hall, Mrs. R. A. Thomas, chairman, reported this week.

With clothing furnished by the Band Box, the following members will serve as models for the presentation of spring fashions: Mrs. Richard Kilian, Mrs. J. C. Willsey, Mrs. Gilbert Jamison, Mrs. Marvin Baker, Mrs. Robert Rescorla, and Mrs. John Lunde.

Assisting the chairman with arrangements for the meeting are: Mrs. Richard Harlow, assistant chairman; Mrs. O. L. Weitzman, Mrs. Marvin Baker, Mrs. G. I. Duncan, Mrs. Richard Kilian, Mrs. Walter Hein, Mrs. C. J. Herman, Mrs. C. T. Johnson, Mrs. P. O. Noble, Mrs. Lincoln Young, and Mrs. Guy Bradley.

Apprentice Group To Hold Square Dance March 20

Members of the Apprentice Alumni Association will entertain their ladies at a square dance Friday, March 20, at the Lunz Barn, Charles Briggs, chairman of the event, revealed today.

From 9:30 p.m. until 12:30 a.m., John Wright and his orchestra will provide music for the informal dance. Attendance prizes will be awarded, the chairman reported.

Tickets for members and guests are \$1.25 per couple and may be secured from the organization's contact men or at the door.

Notice to Pensioners

Two of the changes in the recent revisions of the Pension Plan require approval of the Bureau of Internal Revenue. Because of this and because of the calculations required in the adjustment, the retroactive amounts due pensioners affected are not expected to be paid until about May 1.

Retroactive checks will be distributed separately from regular pension checks and will be accompanied by a slip explaining the adjustment. Where no adjustment is made, no data will be sent to pensioners.

Tickets for Water Follies Available at G-E Club

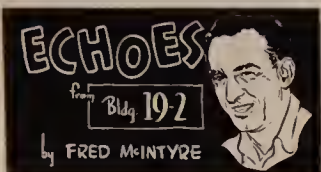

Billed as the "World's Greatest Water and Stage Musical Revue", the Water Follies of 1953 will be brought to the Allen County War Memorial Coliseum May 1 through May 6 by the Fraternal Order of Police, it was announced this week by the organization.

Six evening performances and two matinees have been slated for the revue.

Tickets for the show may be secured from Charlie Wilt, G-E Club manager, Ext. 742, beginning today. Price of tickets are \$1, \$1.50, and \$2.

imagination. . . Clarence Pete Foland is somewhat disgruntled due to the fact that his father, Virgil, has been receiving all the publicity on the arrival of their new baby daughter. Well, right here and now we will give credit where it is due and extend our heartiest congratulations to Clarence and his wife and we do hope that grandpa will not object. . . Sophia Reig, intending to treat a good friend of hers to a rare delicacy, the neck of a duck, (all of you probably know who it was intended for) brought the package in one morning and presented

it to her friend. When the package was opened, all that could be found were two very sad looking potatoes. Sophia had picked up the wrong package. But she delivered the real thing the following morning. . . We regret very much the fact that we will have to forgo this week's installment of our serial story which deals with the adventures of our two famous Rover Boys, Harold Hart and Ralph Dunlap. Harold took off for the east and Ralph seems indisposed. However, we promise to have a good story about them in a forthcoming issue, so be on the lookout for it.

A hearty welcome to the following people who are new employees in Bldg. 19-2: Carl Caudel, Howard Moss, Donald Manter, Robert St. Clair, and Cletus Harper. . . . Howard Musselman, Luella Eisberg, and Bill Bunyan are under medical care at the present time. We wish them a speedy recovery. . . . Fred Friedman received a welcome addition to the family larder by being a "Dinner Winner" on a recent radio program. . . . Paul Scotton and Homer Hibler reported seeing robins on the same day. We think Homer saw a "Blind Robin". . . . LOST: One bowling ball somewhere in Anderson, Ind. Any information concerning this lost ball will be appreciated by Don August, who journeyed to Anderson to participate in the Moose Bowling Tournament but had the misfortune of mislaying his equipment before he could participate in the tournament. . . . Steve Morrell is happy to report his son's return from Korea. . . . FOR SALE: One repossessed parakeet by Bob Everding.

Education

(Continued from page 1)

The 1953-1954 school year will be for technical students and 30 for non-technical students in business administration, marketing, manufacturing, employee relations and public relations. Thirty students are now completing their senior years under G-E scholarships, 24 of the students being in engineering colleges and six majoring in business administration.

The seventy college technical students will be selected from all sections of the country upon recommendations by the General Electric Professors' Conference Association. The association was formed by a group of college professors who have participated in summer programs conducted by G-E over the past 30 years.

Educators to Cooperate

The association, representing more than 100 colleges and universities throughout the United States, is divided into 14 geographical divisions, each of which pass upon applications for the

G-E technical scholarships and select the winners.

Other committees of educators will co-operate with college administrators in selecting the recipients of the 30 non-technical scholarships.

Awarding of the scholarships for the 1953-1954 school year is part of the General Electric Company's program to encourage interest in education and to help further alleviate the national shortage of trained manpower.

In addition to these scholarships, the company will award 70 of \$500 each this year to employees and children of employees and 35 post-graduate fellowships to outstanding graduates to continue their work in research. The fellowships are \$1,400 for single men and \$2,100 for married men plus grants of \$1,200 per student to institutions where they study.

F. G. Motors

bldg. 8-1

by Mary Wright

The group in Bldg. 8-1 Said we would like to have a line Put in the G-E NEWS To say we like it fine.

Elmer Debolt is our foreman— We all think he is OK We hope we can please him Even if it's seven days.

With his friendly good morning If we each do our part We can make his job much easier

With each new week to start. So here is our little bit of news Of new grandmas, birthdays and such.

Since we're new at this job of writing, Just don't expect too much.

Congratulations to our new grandma, Verda Deal. Happy birthday to Thelma Lacy. . . . Edith Bohde says she doesn't mind Lent, for all she gave up was her deep sea diving. What a hobby! . . . Jim Hall says it is wonderful to live in the United States. It is so different from Alabama. . . . We have had lots of visitors from Bldg. 17-3. We are glad to see you, come back real soon. . . . We have a new coil winder, Mary Hobson. . . . Elmer said we could have a column in the G-E NEWS, so bring me your news and I will do my best.

The girls in the section gave Clara Heatson a party at the cafeteria Thursday of last week. Betty Skevington and Edith Venrick came over for dinner. Clara is going over to Winter St. . . . Paul Winters has a very simple cure for a cold, maybe if you ask Paul he will give you the remedy. . . . Mr. Mettler's grandson has been seriously ill this last week and has been transferred to City Hospital at Syracuse, New York. We all wish Stevie a speedy recovery. . . . Christine Helms can't make the G-E NEWS no matter what she does. We will see what we can do a little later, Chris. . . . Does anyone play a saxophone? See Brownie, he's looking for one. . . . Elizabeth Barnes is in the hospital at Warsaw for surgery, Margaret Parisot had a letter from her last Friday and she was feeling better. She will be in the hospital for one week. We wish her a speedy recovery. . . . If you want to hear some real basketball conversation just be around Frank Fogwell and Eldridge Gillum. They don't agree on anything.

Maxine Bakle was given a potluck by her friends and was presented with a G-E mixer. Maxine has left the Company. . . . Evidently, Dick Pierce wasn't too impressed with the Central victory signs that greeted him one day at work. Dick was even less impressed by having his winnings paid him in pennies! "Keep your eye on the blue Pierce" he's known as. . . . Bill Mills claims he has had a variety of foodstuffs put in his ovens for lunches, but when Bea Marsh brought down a couple of coconuts to be cooked, well that did it! . . . Some people just don't know how fortunate they are. Take Val Sitcler for instance. Louis Sordet tried to explain to her that she had riches that others didn't have, if she'd only sit down and figure it out. . . . The monotony has finally been broken in the stacking section by the addition

of two men, Perry Gilliam and Gerald Gardner. Watch out fellows, them gals are dangerous! . . . Mary Smith has found a way to conserve coffee. After watching her coffee pot perk for five minutes, she found out it was plain water. . . . Dortha Goff says she'll have to find a man or buy a car as her driver is always oversleeping, making her late for work. . . . The stacking girls have found that by mixing up their lunches and having a potluck, it turns out to be a good thing and breaks the monotony. . . . Norb Sordet has joined the "my socks aren't mates" club. Anyway he was wearing different patterns. . . . Daffy definitions: I. O. U. S. A.—What do you think? ALCOHOL—Gives a man color. A red nose, that is. BIRTH—The only commencement day that takes place in a hospital. . . . COMMENT FOR THE DAY—If you would lose a troublesome visitor, lend him money.

A hearty welcome to Paul Gruber, our dispatcher. . . . Floyd Brown is back to work after cutting the end of his finger off. . . . Pappy Wright has left us for a couple of weeks to go to California. Look out, Rita and Marilyn. . . . Amos Schladenhauser, of Bldg. 31, was over and passed around some outlandish hats to the boys. You didn't add anything to the beauty of the place, Amos, those boys looked bad enough as it was. . . . Officer Tieman was Miss America's body guard during her stay at the Auto Show. Some gals have all the luck. Imagine having a handsome officer to protect you like that. . . . Ollie Miller had quite a time that last cold snap. He had installed new filters in his gas furnace and he just couldn't get the house warm. Luckily for him before he got pneumonia, the little woman checked into things and discovered he had the filters in the wrong way. . . . Congratulations to Henry Blair, who is the father of a brand new baby girl. He brought in cigars but Alfalfa Edwards had to pass them around.

What Is the Two Party System? Political interests and rivalries which are consolidated into two national groups—Democratic and Republican.

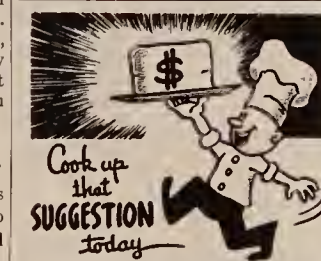

Congratulations to Thelma Fields. She has a new granddaughter. Thelma has left us to take a new job in Bldg. 31-1. We wish her luck and hope she will like it there. We will miss her. . . . Ahoy! Girls, no pushing please! Perk Sickafus has his hot rod car all fixed a'roaring to go. . . . All our sympathy goes to Ralph Root on the death of his mother. . . . Elmer Warner has quite a problem to solve. He doesn't know whether to buy a new car and take a trip or to take the trip in his old car and buy the new one after the trip. Otto Pfeleger and Fred Buchholz says he should buy the car first. Any other suggestions will be welcome to Elmer. . . . Paul Gruber likes working in the office of Bldg. 22, he feels he is taking his place among the good looking men. . . .

The one and only—Frank Kartholl

Blanche Cowell is your new MBA secretary. . . . No, this is not Groucho Marx. It is our own dispatcher of many faces known as the Character. His wife and mother call him Frank Kartholl.

G-E DEATHS

Elsie Jones

Elsie Jones, 60, Dies After 2-Month Illness

A retired General Electric employee, Mrs. Elsie Jones, 60, died Friday, Feb. 20, in Indianapolis. She had been ill two months. Services were conducted at Indianapolis, where burial was also held.

When she joined the Company in 1943, Mrs. Jones became a winder in Bldg. 4-2. In 1945, she went into stacking and miscellaneous finishing in Bldg. 19-4. After transferring to Taylor St. in 1946, she worked in finishing and was a stacker at the time of her retirement Nov. 1, 1952.

A resident of Bluffton for the past eight years, Mrs. Jones is survived by two sisters and one brother.

Rites Held Monday For Herbert Denny, 41

Herbert L. Denny, 41, died Friday, Feb. 27, in his room at the Wayne Hotel. Employed in Bldg. 4-5, Mr. Denny had been on a leave of absence since Feb. 4 this year. Services were conducted at the Stanley Funeral Home, Newcastle, Monday, and burial was also in that area.

In September, 1952, Mr. Denny came to the Company and was an inspector in Bldg. 4-5.

Surviving are the mother, Mrs. Edith Denny, Newcastle; one brother, Paul, serving in the U. S. Army in Germany; two sisters, Mrs. Melvin Doffron, Newcastle, and Mrs. Chester Evans, Portland; and six nieces and nephews.

Art Museum March Exhibits

The Fort Wayne Art Museum has announced the following exhibits for March:

March 4-18, Art Work by children ages 6 to 14, and Art in the Neighborhood from the Museum of Modern Art.

March 1-31, Craftwork including stencils, silkscreening, designed fabrics, loaned by the American Crayon Company.

The picture of the month is "The Great Bridge at Rouen," by Camille Pissarro (French 1830-1903). It is on loan from the Carnegie Museum, Pittsburgh, Pa.

Congratulations to Maxine Hubst who became Mrs. Ronnie Tonkel Saturday night. They are spending their honeymoon in Florida. Best wishes to both of them. . . . We wish a very speedy recovery to Wilma Swager's father, who is very ill in the hospital. . . . Jerry Stier is pretty happy now that his brother, Jack, is home on leave from Service for the first time in three and one-half years. . . . Tommy Williams extends her sympathy to Harold Moshammer over North Side's defeat. . . . Dolly Fudge got her shampoo and hand cream mixed up. She used her shampoo for a week thinking it was hand cream and when she started to wash her hair she discovered she had her hand cream at home and not her shampoo. . . . The best of luck to James Shaw who has left for service in the Navy. . . . Happy birthday to Charlotte Blauvelt, Pauline Ober, and Vi Minnick. . . . Neva Lutz felt sorry for Marge Ulrich, Monday morning when she saw her walking on the highway to work, so she took her back home to get the other car. Neva says at least her Hudson will run, Marge. . . . A speedy recovery is wished to Angie Fogel who has undergone an operation. . . . The girls are taking up a collection to get Betty Schockey an alarm clock so she can get to work. . . . Jim Linn needs an alarm to set off a bomb so he can get out of bed in the morning. Ernie, this is up to you. . . . We wish to welcome Phyllis Aumiller and Doris DeVoe from the night shift to days. Hope you'll like it with us and decide to stay. . . . Beurnadean Humbarger says she wants to learn to wind. Good-luck, Bernie, and we hope you'll like it with us.

OUR SINCERE SYMPATHY: To Mr. and Mrs. Paul Lange on the recent death of Mr. Lange's mother. . . . CONGRATULATIONS: To the Dascaloffs, who on Saturday, Feb. 28, at exactly 4:43 a.m. became the proud parents of Catherine Louise, weight 8 lb. 12 ounces. Father Stanley, mother, and baby all doing fine, thank you! . . . DON'T STAY AWAY TOO LONG: Our Susie Walton left us two weeks ago today. She comes and goes so often that we can hardly keep up with her. We hope to have her back with us in six weeks or so. . . . SO LONG: Today we bid adieu to Don O'Neill, test engineer, who for the past three months reported to Max Barrows. Don can be found in the sales office at Taylor St., on his next assignment. We'll miss you, Don, no foolin'. . . . LOOKING WONDERFUL: We have our bride of three weeks back with us again. She looks very domesticated, don't you think? During Ruth's absence from the office, her husband phoned and said "This is Bob Ritchey"—you know, the good-looking Bob Ritchey. Sounds like fighting words to me, thinks our own Bob Ritchey. . . . OUR VERY BEST WISHES: Tomorrow Miss Gwen Griffith will become Mrs. William Everett Bray. Our heartiest congratulations and sincere best wishes for all good things during your wedded life.

Last Tuesday, Gwen was honored by her Bldg. 4-6 girl friends at a luncheon in the Company cafeteria. If you want to know what Gwen learned from the skit presented, just ask her for details. She was presented with a four-piece setting of china and a corsage of carnations. CHARMED PEOPLE: Watch those accidents, Shorty Poyser. Third time coming up and you know what they say. Third time's a charm. . . . What's this we hear about Joe Gardt trying to collect Katie's insurance. You can't fool us, you two, we never saw two people more devoted than you, but Joe, please watch it, and Katie, we are glad you weren't hurt seriously. . . . HAPPY BIRTHDAY: Though belated to Sam Moore on March 1; Bonnie Leazier on Sunday, March 8, and Johnny Boeckel on Wednesday, March 11. . . . HELLO: To John Evjen, new A-man from Schenectady, working for Max Barrows and to Mack Hunt. TE transferee from Ray Jones' office, now reporting to Bob Loveland. . . . WELCOME BACK: To Robert C. Hanna, Jr. He is here from Cornell University temporarily until he is called into the Army. . . . SORRY TO HEAR: Our deepest sympathy to Cecil Harrod on the recent death of his father.

6-4 AIRLINERS

by ELLEN BAUER

Anyone getting a whiff of real expensive French perfume should ask Carol Klinger about the package she received from her husband. . . . We are glad to see Zara Van Skyock back with us again. . . . After working all morning one day last week without her glasses, I'll bet Pinky Barnes won't forget them again. . . . So many of our co-workers have been bit by that old bug called the flu bug. We wish each and every one a speedy recovery. . . . Eleanor Whitehouse was really surprised the other night when some of her friends gave her a birthday party. . . . We wish to extend our sympathy to Carrie Edgar on the death of her aunt, Mrs. Gertrude Rogers. . . . We are glad that Clarence Nahrwald's little girl is home from the hospital and is improving. . . . We hear Helen Isabelle has a new name, she now goes by her stage name "Flo." . . . Alice Steinbacher has a new TV set. . . . In the excitement of being late one morning, Cleta Wilson got her hand on the wrong sack. Were the red hots good? . . . Everyone had a wonderful time on their trip to Niagara Falls. When Barbara Speith was asked by the customs man where she was born she replied, "The Hotel." Oh well, we all make mistakes, Barbara. . . . Ruth Wiedeck had a birthday this week. Happy birthday, Ruth. . . . Andy Anderson hasn't time for the G-E NEWS and has asked Vi Elliott to take over until our own reporter gets back. So come on fellas and gals with your news. . . . Did you boys notice the latest hair-do Ira Shaffer modeled last week? Anyone wanting a haircut like that get in touch with Lillian Shaffer. . . . Louise Bell has left us to join her husband. Good luck, Louise. . . . We welcome Gene Haisley, hope you like us, Gene. . . . Lillian Stoppenhagen spent Sunday in Chicago.

Inquiring Reporter:

DO YOU THINK ANNA AND JULIUS ROSENBERG SHOULD BE EXECUTED?

CHESTER A. BECK

Bldg. 20-1

"Yes. I believe that since they have been proved guilty of this act of treason, their conviction should be carried out because their crime involves not just the lives of a few but of many."

MARY LOU McLAUGHLIN

Bldg. 26-5

"Yes, why should we endanger the lives of millions as long as people like these are in existence."

ETHEL L. HENDRICKSON

Taylor St.

"Yes. It is my opinion that they committed treason. Whatever penalty a soldier would be given in the same instance should be given to them also, for we are all created equal. It is our civic duty to protect our country in times of peace as well as war."

OSCAR SMITH

Bldg. 4-1

"I think the Rosenbergs should be executed. They have been proved guilty and the crime warrants the death penalty."

C. HOMER CAMPBELL

Bldg. 31-1

"I must base my answer on newspaper reports which indicate this couple have had the full benefit of American justice, which is much more consideration than they would have gotten in the country they aided. I do not believe the judge and jury erred; therefore, the sentence should be imposed."

30-YEAR ANNIVERSARY—Thirty years with the General Electric Company were celebrated Feb. 23 by Russell Ray (second from left). A group of his co-workers (l-r) Tom Black, R. J. Keyser, and Dean Lockwood were on hand to offer him best wishes. Mr. Ray, who is an engine lathe operator in Bldg. 26-2, joined G-E as a learner in Bldg. 6-2.

Al Kissinger's family phoned him at work to tell him that they would meet him at the bus stop with a wheel chair. Reason? His granddaughter had just presented him with his first great-grandchild. Congratulations, Al! You don't look a day older. . . . The fellows in Bldg. 17-1 caught Ed Brosche working on a part for a Kaiser. And we thought Pontiacs were the only cars made as far as Ed is concerned. . . . Kenny Longenberger is back at work after several days illness. . . . Belated birthday wishes to Walter Wolfe in the plating section. Sorry we're late, Walter. . . . Elizabeth Morehouse was pleasantly surprised on Monday, the day after her birthday, by some of her co-workers, with a little "forget your diet" get together. Happy birthday, Elizabeth! . . . Al Mid-daugh came to work a whole hour early the other night and swears his clocks were all an hour fast. It's a little early for daylight saving time. . . . Our congratulations to Mr. and Mrs. Irvin Hower on the arrival of a son on Feb. 20. Irvin, who has been working second shift is working days in Bldg. 17-1. Taking his place on the second is Jim Copeland, who is a new employee at General Electric. . . . Sue Bultemeier enjoyed a week's vacation after her Niagara trip and came back this week all rested up. Today we say goodbye again for awhile as Sue is taking a leave of absence. We'll miss you, Sue. . . . Why was Clarence Reiter so quiet after the tourney? George Hahn wishes he'd have covered some of those bets before the final game. Interest was high in this tourney. Jack Ladig, who is stationed at Alexandria Air Force Base in Louisiana, phoned long distance to see how Central came out. . . . A little farewell party was held in Bldg. 4-1 office last Friday for Fred Pyle, who is taking up his new duties in Sub-Section 17 at Taylor St. Neil Allen is replacing Fred in Bldg. 4-1 and Ed Kronmiller is taking over Neil's duties in Bldg. 2-E. We wish them all lots of luck

ROUNDS OUT 30 YEARS—Otis Fitch (center) rounded out 30 years of General Electric service Feb. 19. He started with the Company as a clerk in Bldg. 26-1 and is now an electrician in Bldg. 20-2. Congratulating him are George Ely (left) and John Bell (right).

Commercial: Congratulations! Mr. and Mrs. Denny Pease are the proud parents of a bouncing baby girl. She was born on Wednesday, Feb. 25, and weighed seven and one-half pounds. This was the second visit Mr. Stork has paid to the Pease household. . . . If you listen to WGL on Monday night at 7:15 you will hear familiar voices. Last Monday R. A. (Chat) Chatterley, Jaycee Radio Director, and Bob Rowe, chairman of the 1953 Fort Wayne Home Show discussed the forthcoming Home Show to be held at the Coliseum from April 18 through 26. The radio program, "This Is Your Town" is a public service information program to tell us about our town. Chet came to Fort Wayne less than a year ago and he's very proud of "his town," which, of course, makes us quite proud of him. . . . Jerry Doeden was coming to work one morning carrying his briefcase packed to the gills. Someone make the remark, "Gosh, Jerry, your boss sure gave you a lot of homework to do. That's too bad." "Shucks," replied Jerry, "This is just my lunch. I always carry my lunch in my briefcase." . . . **Drafting:** There's never a dull moment around here! A good hard rain is not unusual, but, when it comes through the ceiling, there is cause for comment. Right above the door in the drafting room the shower began. It came as such a surprise that no one knew just what to do. The rain soon stopped and the source was discovered. Something had gone wrong with a coca-cola machine and the result was the momentary shower. Somebody wondered how the girls got out of the room and Dick Koop exclaimed, "They climbed over the wall!" . . . If you have some shoes that need repairing and you haven't had the time to take them to the shoe repairman contact Pete Eberhardt. Pete has decided to be a cobbler in his spare time. . . . Last Thursday when Eve Strain answered the telephone, the voice at the other end asked, "Is Dick O'Connor in the drafting room?"

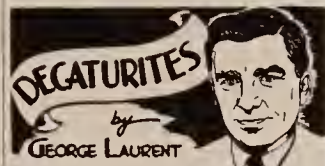

Eve politely answered, "No, he doesn't work here any more." The voice came back, "He never DID work in drafting. This is engineering and we're trying to find him." . . . **Ballast Engineering:** Some people spend their lunch hours sandwiching euche between sandwiches, but the ballast engineers "discuss." Apparently Larry Bishop takes the discussions to heart. After a recent session one noon, Larry was still in a state of deep concentration when his phone rang. He picked it up and said, "Come in." Perhaps he should have added, "and don't forget to close the door behind you, it's hot in here."

Ramblings

Bldg. 31-2

by Julie Rice

Well, now we have some substantial disproof of the old adage that lightning never strikes twice in the same place. What on earth am I talking about? Well, two years ago on March 1 a little girl was born to Mr. and Mrs. Ty Schuerman. Now this isn't outstanding itself but the fact that last Sunday, March 1, another little girl was born to them does make it significant. Congratulations, Ty, and just for the record her name is Nancy Lynn. . . . In case you noticed some new faces around they belong to Jim Preston and Gerald Coleman, a couple more nomadic apprentices. They both were transferred here from tool division. . . . The engineering department was visited last week by an old friend, Tubby Glaested. He is here from San Francisco with his wife and family to celebrate the golden wedding anniversary of his father and mother. . . . You hear all kinds of things on the radio but I was rather surprised when I tuned into "Dragonet" last Sunday night and found out just how Margaret Norman acts when she's away from here. It's really not as bad as it sounds, but, she kiddingly told me that she was contemplating a suit for slander.

NEXT SQUARE DANCE LESSON, MARCH 26. . . . Congratulations to Ruth Coil, a winner from Bldg. 2, upon the arrival of a bouncing baby boy. . . . Could some one please train Stormy to be a seeing-eye dog so Jerome Omler could find his way home after work—Maybe Dick Noll could assist him. . . . Bonnie Roe, Eloise, Dick, and Bob Noll recently visited with Bob's brother, Tom, at Camp Custer. . . . We wish to express our most sincere sympathies to Wanda and Lyle Bailey upon the accidental death of their father. . . . Bill Beard spent a whole week on second shift and never once called on Herman Keller to push his car to get him started home, of course, there wasn't any snow. . . . Jack Teeple, Norb Lose and Jesse Hamrick have returned to work after being on the sick list. . . . Rosemary Miller was so happy over a successful French lesson and then, bang! A big truck had to go and spoil it all. Not much damage though. . . . Bob Noll purchased a new milking machine. Could it be that he needed more time for romance? . . . Can you believe it? Joe Murtaugh laid his false teeth in the window and along comes that nasty wind and away went the teeth. His dog should be a retriever. . . . Farewell to Mac McDonald who is leaving second trick to go on the day shift. Hate to see you leave, Mac. Who is gonna cook up another second shift party? . . . Clyde Gould will replace Mac McDonald on the second shift. . . . We see Walt Kesler is sporting a '51 Ford. Could it be a peace offering for scaring his wife with a little bird? . . . Russ Hoffman says he'll be glad when the planners are finished with the work so his jeep can find its way around the plant again. . . . Lots of new faces at the second square dance lesson last night. Several times during the evening there were a few mixups, caused by going left instead of right, but everyone showed so much improvement the entertainment committee is working on a suitable graduation program. Be sure to attend the next lessons on March 26 and April 5th, starting promptly at 8 p.m.

What Is Federal Taxation? A compulsory money payment, levied by the government, to provide funds for government expenditures.

RETIREMENT PARTY—Wearing an orchid and a big smile, Bernherdine Mailand shows her co-workers the wrist watch she received from them as a retirement gift. She had been a G-E employee since 1918 and was employed in Bldg. 19-2 at retirement. Congratulating her (l-r) are Arno Taylor, Catherine Walters, Luella Boyce, and Martha Musselman.

Statistics, as well as figures, show that the average woman eats less than the average man.

Questions—INFORMATION CLINIC—Answers

WRITER WANTS REPORT ON PENSION PLAN CONTRIBUTIONS

QUESTION:

The Company Pension Plan has now been in effect over six years. During that time most factory employees have contributed between \$500 and \$1000 toward the plan. No statement of the employees accumulated contributions as of any date has ever been given voluntarily by the Company. Inasmuch as one of the features of this Plan is its value as a savings plan, I think a yearly statement of the employee's contribution should be given. I know I wouldn't deposit that much money in a savings book.

I have been told that our check stubs are our receipts for our contributions, but I think we would look rather silly walking into Payroll after 30 years in the plan with a bundle of 30 x 52 check stubs.

What are your views on this subject? How about a yearly statement?

ANSWER:

Just to put the record straight, the first G-E pension plan went into effect in 1912.

The Pension Plan is a means of buying something—a retirement income. It is not meant to be anything else. As a savings plan, well, it is good only in saving for retirement. As an ordinary savings plan you must consider that the only way you can get your money out of the Pension Plan is to leave the Company. So to get your money back you must give up your G-E job, your service, your G-E benefits, etc. Therefore, if you are thinking of short-term savings, you would be much better off in the Savings and Stock Bonus Plan.

Since the Pension Plan is a purchase plan, the Company periodically issues to each employee a report on just how much retirement income he has purchased through the plan. A yearly report on the contributions each employee has made would be of no more value than the report given him each week on his paycheck, showing how much he contributed that week. Add them up for 52 weeks and he has the same answer payroll would give him.

If the employee feels the Company may make a mistake, then he may check with payroll every year or two to see that the Company's total agrees with his own. Incidentally, he may do the same thing with regard to his Social Security benefits. The government makes no report on social security contributions—or on social security benefits purchased either. Each person working under social security should check with this governmental agency every three years to make sure his contributions are being credited to the right account number.

Getting down to specifics, there are two reasons why the Pension Plan would not want to issue reports on total contributions made.

First, the reports would only

confirm what the purchaser already knows if he keeps his receipts the same way he does his bank book. Not only that, the reports would take additional time and increase costs without giving a real service.

Second, the reports would tend to give the idea that the writer of the above letter has—that the Pension Plan is a savings plan. Folks would tend to look at the total contributions as money that ought to be available. Next thing they'd want to make it available and draw it out for new cars and such things.

What would happen if this money suddenly became available like money in a savings plan? Our Pension Trust Fund would suddenly start to fluctuate up and down, according to the buying habits of employees and the cost of building a pension would go up.

PENSION PAYMENTS TO BENEFICIARIES

QUESTION:

Will my beneficiary (my husband) draw any of my pension in case of my death after I start drawing my pension or would he get any of my pension at any time?

ANSWER:

The General Electric Pension Plan Booklet points out on Page 12, Item 4, that "if a retired employee who has not elected the survivorship pension provided by Section IX dies within the five-year period following the date of his retirement on pension or disability pension, there shall be paid to his designated beneficiary each year, for the remainder of a period ending five years after the date of the employee's retirement, an amount equal to the annual pension previously paid to such employee."

If you do not have a copy of this booklet, ask your foreman to get one for you.

HORSEBACK RIDER HAS INSURANCE QUESTION

QUESTION:

I ride horses quite frequently, especially during the warm seasons. In fact, I have my own horse. The question I'd like to ask is: Whether my parents would receive the extra (\$2000) accidental death benefit insurance or not, if I should get thrown, stepped, or rolled to death by the horse I'm riding?

ANSWER:

In case of your accidental death while riding horseback, your parents would receive the \$2000 additional insurance benefit.

The \$2000 additional insurance for accidental death or dismemberment is paid for bodily injury, either on or off the job, caused solely by accidental, violent and external means and resulting in death or loss of hand, foot, or sight of eye.

Benefits are payable only if the death or the loss takes place within 90 days after the injury and is

not caused by disease, self-inflicted injury, or any act of war. (See pp. 10-11, Booklet ERD-1, General Electric Insurance Plan.)

FIRST 10 HP MOTOR TESTED IN 1897

QUESTION:

Who built the first 10 hp motor at the Fort Wayne Works and in what year and in what building was it built?

ANSWER:

The first test record of a 10 hp motor built at the Fort Wayne Works is dated December 9, 1897. A. L. Hadley, now retired, was head of the Test Department at the time.

The motors were built and assembled and tested in what was then called Bldg. 3 and two other numberless buildings which were located approximately where Bldgs. 4 and 6 are now located.

ASKS ABOUT INSURANCE BENEFITS

QUESTION:

I would like more information about insurance benefits. Since the new plan is retroactive to September 15, do added weekly benefits include cases from that date, if person was off prior and through the 15th for seven weeks?

ANSWER:

The added weekly benefits do not apply to persons who were off before Sept. 15. It applies only to illnesses or injuries that had their beginning on Sept. 15 or later.

RESENTS FORT WAYNE BEING CALLED A HICK TOWN

QUESTION:

Since Fort Wayne missed out on TV, many people have voiced the opinion that "Fort Wayne is just

an overgrown hick town." I'm convinced that these folks are on the wrong track. Why can't the G-E NEWS help my co-workers realize that we live in a unique community that offers devotion to God, chance for home ownership, diversified employment, appreciation of the arts, plus many more refinements including a healthy progressive spirit? Interested?

ANSWER:

We certainly are interested! The G-E NEWS is always looking for ways to boost civic pride, especially since we heartily agree with you that we have an outstanding and unusually progressive community to boost.

For example, Fort Wayne is often called the "City of Churches" with at least 132 churches of all denominations. Seventy per cent of the homes are occupied by the

owners; and we have more cars per capita than any city in the United States except Los Angeles. The per family income is second highest in the entire country and the per capita income is the fourth highest. Culturally we have a Civic Theatre, the Fort Wayne Art School and Museum, a fine symphony orchestra—all this just to mention a few features in Fort Wayne life.

We particularly like to publicize G-E employees' accomplishments in the community. Since we're a G-E employees' paper, we are always on the lookout for good community-General Electric stories.

Any suggestions you have will be very welcome, and we will try to give some special thought to ways by which we can point out the good qualities of our community and G-E employees' interest in it.

GENERAL  ELECTRIC

INFORMATION CLINIC

L. C. SWAGER, Manager

BIG 40-YEAR ANNIVERSARY—Andrew W. Lee (center) reached a big anniversary mark this month when he completed 40 years of service with the General Electric Company. With him on the occasion were (l-r) Vern Boyers, C. F. Hattendorf, G. E. Hicks, Mr. Lee, Bruce Rohn, and Frank T. Gamec. Mr. Lee first came to G-E in 1912. He now works in planning, wage rate and methods, Bldg. 4-5.

Small Motor

Leading the Small Motor League, with 17½ wins and 6½ losses, is the National Construction team. In second place just 1½ games out is R and R with a league record of 16 and 8. Test holds down the number 3 spot with 15½ wins and 8½ losses. Two Leg Clothes and G-Men are tied for the next spot, each with 13 wins and 11 losses. Double century counts were few and far between, only three were rolled. Jim Carey came through again this time with a 210 count, Al Trosin scored a 207, and Jim Stoecke, 202.

Apparatus League

Team No. 11 still leads the league, having won 17 games while losing 4. Teams No. 10 and No. 3 are tied for second place with 13 wins and 8 losses each. Team No. 1 lost three games and fell to fourth spot with a record of 12 wins and 9 losses. Paul Perry was the big gun with a 607 series kegled on games of 172, 247, and 188. B. Sexton rolled a 224; Bob Knepple, 211; Buck Adams and Pappy Briggs, 210; Harry Dalman, 213; Don Alcott, 209 and Whitey Saalfrank, 207.

Transformer

It is Autos, M's and U-I tied for top spot, each with 6 won and 3 lost records. Radios, Bells and D's are tied for the next spot, each having won 5 while losing 4. Fultz kegled a 215, and Harris rolled a 209.

Masonic League

The Squares have increased their league lead in the Masonic League to 5½ games over Patrols and Doric. The Squares now have a league record of 20½ won, 6½ lost. Patrols and Doric are tied with identical records of 15 won and 12 games lost. Fellowcraft has won 14½ while losing 12½; Trowells have won 14 and lost 13; Pillars have won 13 and lost 14. L. May threw the big ball and kegled the high score of the evening, a 222 count. J. Ruhl scored with a 209; Patterson, 207; J. Harris, 204, and L. Larson, 202.

Office League

Increasing their lead by 1 game, Pawlisch Shoe Repair now leads by a record of 21 wins and 6 losses. Reproduction and A-C are tied for second place with a record of 19 wins and 8 losses. Hal Fanning found the range and rolled an even 600 series on games of 229, 172, and 199. Gil Baker scored the high count of the evening, a big 246 score; Harry Dalman, 220 and Dean Burgemeister, 200 even. Harold Dimke had his sights set well and converted the 4-9-10 split.

Decatur

Flanges won 3 games from Stators, and Office won 3 games from Packers in the G-E Club League. Jackson rolled a 212, 226, and 163 for a 601 series. Wynn rolled a 235 for the high single game of the night. Reynolds kegled a 210; Laurent, 204 and 201; Berry 206, and Briede, 200.

G-E Fraternal

Peterson Elevator has hit the winning trail by taking 3 games from K of C. Teeple Truck Lines won 2 games from Casablanca, G-E Club won 2 from Burke-Moose, and Elks won 2 from West End Restaurant. Baumgartner kegled a 611 series on games of 210, 210, and 191. Bruich hit 171, 211, and 218 for a 600 series. Double century scores were rolled by Ulman, 225; J. Murphy, 200; Werling, 201; L. Hoffman, 216; Johnston, 214; G. Schultz, 232; Laurent, 204; Briede, 200, and Lord, 224.

G-E Women's League

Team No. 2 made a clean sweep and won all 3 games from Team No. 1, and Team No. 3 won 3 from Team No. 4. Affolder kegled a 171; Engle, 170; identical scores were rolled by West and Miller, 165 counts.

We wish to express our sympathy to Lorraine Papp. Lorraine's mother died last week. . . . We tried to surprise Bob Heyn with a cake last Friday for a small going away party, but Bob surprised us with a very tasty three layer cake that he had made himself. . . . There were quite a few people from our floor who went on the chartered hockey trip last week end. I wonder if that could have been the reason Larry Schuster was dragging Monday. . . . We all know that Wanda Grimm likes to eat but something must be wrong when she will dance all night and waltz around a table loaded with food and not stop. . . . Edna Mapes thought she saw a mouse the other day and was just about half way to Bluffton before she found out it was just a little bit of compound with a string on it. One time Edna had a mouse trapped under her broom at home and was calling for her grandson to get it. He hesitated a little bit and she said, "don't be afraid and hurry up." He looked up and said, "I'm not afraid, grandma, I was just wondering what you were doing up on the chair!" . . . Wonder what it would be like around here if we couldn't hear Ed Lauer singing in the morning. Then, as the day wears on, he starts whistling. Ed starts moaning along about three o'clock, that is when we know it won't be long before we can get away from him. . . . **THOUGHT FOR THE WEEK**—"Loud mouths don't have to worry about food shortages, they usually eat their words."

Keglers Start Second Round In Men's Doubles Tomorrow

by Les Shroyer

Tomorrow, the second day of play in the first Men's Doubles Tournament will open with squads rolling at 1 and 4:30 p.m. only. Due to the mixed doubles scheduled for tomorrow evening, tourney squads will roll only at these two times tomorrow. On the last day of the event, next Saturday, March 14, we will again have squads rolling at 1, 4:30 and 7 p.m. on the Club alleys.

The first day of tourney games ended with Harold Dalman and Gil Baker kegling the top and possible winning score of 1341. Shooting on the first squad, they had a handicap of 62 pins per game and games of 462, 437, and 442. Harold had a 588 series and Gil drew a 562 score.

The rest of the scores ran rather low as the bowlers seemed to experience a lot of difficulty. In second place so far with 1249 are Jess Keith and G. Hilt. They had a handicap of 81 pins per game.

A score of 1230 landed H. Reichert and L. Napaluch in third place. Their handicap was 303 pins. High scores for last week end were Harold Dalman, 202; Gil Baker, 210; Marc Junk, 211; Keller, 221; Les Shroyer, 200; H. Lindberg, 213, and Ford Burnau, 200.

If you bowl with Joe Kramer in the tourney, be sure not to hit alleys 1 and 2. Maybe I should also include Bill Miller because this famous doubles combine of city tournament fame shot a lousy 317 including a mammoth handicap of 68 pins.

Charlie (Cue Stick) Wilt seems to like alley No. 1 also . . . shhh-103.

There are still openings on squads on the remaining two days of the event and you can enter as many times as you like as long as you have a different partner each time, so get your entry blank at the Club today.

OVER OUR WAY in 19-1

by Clara Volz

Super-Duper Paint Mixer: Anyone wanting an expert paint mixing job done, see Fred Lahrman of Bldg. 27-A. The fellows say that he can mix and spray paint at the same time. Of course, you might get a little paint slopped on your shirt this way, but heck, who cares about a little thing like that. Isn't that right, Fred, old boy. . . . Pop Seals must be a great fan of Rosemary Clooney. He was singing, "Come on 'a my house." . . . Mike Sorgen has asked me to save any discarded material list papers so he can take them home for his kids to practice their school work on. That's a laugh, I'll just bet he's saving all he can get till he has a big pile then sell 'em to some junk dealer. This way he can get a little extra spending money. . . . Who keeps better track of what the women wear than our own Jim Blake. Ask Margie Messer. Jim uses the big calendar in the office, and every day he jots down what outfit she has on. . . . George Fink got his foot in it the other day. The garbage can, that is. Some playful soul slipped the garbage can over near George while he was talking to George Zies, and without noticing the can, Fink lifted his leg up to rest on something, and bingo! Down went his foot into all that leftover food. What a mess! . . . Congratulations to Therm Liechty for 25 years of service with the Company. You must have started awfully young, Therm, because you don't look much older than that.

Nine fellows, including myself, chose the winners all the way to divide the winnings, as we had Central the winner over North Side. Merritt Myers came within one point of sweeping it all, but was forced to settle with a nine-way split. The others were Ralph Fry, Skinny McGary, Isidor Best, Virgil Howell, Fred Vogt, Austin Garman, and Don Firks. . . . Taking 320 as total points, Alvin Johnloy was the winner in total points for Saturday's games, as the total was 321. The next closest guess was 324, as it looked like there were a few spaces that were avoided. . . . Don Pappert was in Chicago for a bowling tournament last Monday and Tuesday, so let's hear how you made out. Did you bowl any games over 250? I hear that Benny Penkul knows a fellow that bowled 10 games over 250. . . . Ray Smith lives south of Ossian and decided to attend an event at the Coliseum. He went there by highway 427 but when he started home he decided to go through town on Parnell Ave. He had never gone that way and thought he would save time instead of doubling back to the highway. When he got to State St. he turned left instead of right and went east past Anthony. He decided he was going wrong so he turned north instead of south. He finally got straightened out, but I think he ought to install a compass on his car before he tries it again.

Mixed Doubles Tourney

Saturday, March 7
Squads roll at 6 and 8:30 p.m. on G-E Club alleys.
Enter at the Club desk.

HITS 30-YEAR MARK—Gerald Smith reached the 30-year mark with General Electric this month and friends gathered to congratulate him on the occasion. Left to right are: H. E. Koehlinger, Mr. Smith, Norman Bender, George App, and Joe Wyss. Mr. Smith, who has never been absent because of illness, is an assistant general foreman in GAC Sub-Section 13 at Taylor St. He was a learner in Bldg. 6-2 when he joined G-E.

MEET TRANSFORMER NO. 1 FOR INTERDIVISION CROWN

Airliners Put Wraps On Second Half League Title

by Marc Junk

The Airliners won two big games last week to wrap up the second half title in the Inter-division basketball league. They are now pitted against Transformer "1", first half champion, in a best of three games series. These games are scheduled for 7:30 p.m., March 5; 6:30 p.m., March 10; and, if necessary, 6:30 p.m. on March 12.

In the play-off game with the Squares, the Airliners were able to halt a Square rally just two points short. It actually was closer than that as a Squares player missed two free throws with just 9 seconds remaining and the winners gained control for the remainder of the game. Everyone got into the scoring column for the victors.

Taylor St. turned on its scoring machine against Transformer "2" and eliminated them 68 to 59. Dick Spice got into foul trouble early and was held to only five points while teammate Bob Blosser was counting 20. Bash, Imbody, and Friedrich again were the big guns for Taylor St. with 19, 15, and 13 points respectively.

The final second half game between Taylor St. and Airliners was in doubt until the former's ace, Howie Bash, picked up his fifth personal foul with about five minutes left in the game. Dick Kummer and Harold Friedrich also bowed out via the foul route. For the winners it was Dean Crum and Alan Huddleston who led the winners with 15 and 14 points respectively. Dohr Krieg provided a last period punch with his floor play that helped his team stay in front. As a whole, the game was very well played.

VOLLEYBALL NEWS

by Art Rasor

With one more week to go, Taylor "A" increased their lead over Transformer as they had a one-game upset by Tool Room and had to play one overtime game to keep from losing the set. Scores for the games were 3-15, 15-9, and 18-16 to keep Transformer in second place and Tool Room in third place.

Stormy WEATHER FROM 17-4

A complete but pleasant surprise was the party given at Ed Klomp's house honoring the 30 years of service of Carl Hattendorf. Omer Mettler, Howard Brooks, Ed Klomp, Gil Sloan, Carrol Elder, Art Blume, Clarence Nussel, and the guest of honor gathered for the occasion. Hatty was presented with a bowling towel inscribed with the standard bowlers' excuses. He then received a beautiful nylon bowling ball carrying case, which we are sure will be put to good use. He also presented himself with a new lunch bucket, but we are wondering if it is necessary to work here 30 years before you are entitled to a new one. However, we extend our heartiest congratulations and wish him many more years of success and good health. . . . We knew the early bird catches the worm but Carrol Elder went that bird one better by showing up at Ed Klomp's house a day early for the party. When he asked if he was the first one, he was told "Yes" and that the rest of the party would arrive on the following night. That is what is known as a real eager beaver. . . . Our spies tell us that Clarence Nussel is now known as "Blind Robin". Could there be any particular reason for that? They say he made quite a killing of that species. . . . Anyone wanting information as to how the game of hockey is played, please see Don Thomas as he is an expert at this. . . . What does Ray Pflueger mean when he says that shoveling snow from sidewalks is squaw work. Could it be that Alice does the outside chores at home? How about this, Ray? . . . Will someone inform Cy Seymour that there are eight teams in the American League and it is about time that he makes his choice as to the team he wants to root for this season. It is rumored that Boston is not in the league this season, but there are still seven other clubs to pick from. . . . We are wondering what Herb Buck and Red Braden are doing with all the scrap switches that they

Taylor "A" won three games from Motor Generator by margins of 15-1, 15-6, and 15-5 to increase their lead. Taylor "B" won three games from the Test Engineers which brought them out of the cellar now occupied by the Motor Generator team.

Test Engineers have completed their season, therefore they have played three more games than the rest of the teams.

are collecting. Keep your tool boxes and drawers locked, fellows, or you will have them filled with these parts. . . . For the latest on television installation see Bill Hurtt, as he is thinking about mounting the screen in the ceiling, right above his bed, so he will be able to see his favorite programs in solid comfort. Let us know how this works out, Bill. . . . It's been decided not to give any more ties for Christmas presents since Clarence Nussel has never worn his since then. What's the matter, Clarence, no nerve, or did you lose it on purpose?

A Man's Best Friend . . .

or a woman's for that matter, when illness creeps up unexpectedly is the GE Insurance Plan. Your supervisor can help you either to enroll in the plan, or with the details of filing and collecting your claims under the plan.

G-E Five Press Salisbury For Main Auto League Lead

by Howard Colby

G-E had little trouble with Indiana Rod in Main Auto League action last week as Indiana Rod, who has been pressing the Club all season, floored only five men. With Johnnie Wilson getting 19 points and Bob Markey hitting for 15, the Club team breezed through the game. All the rest of the G-E boys chipped in for a 63 to 31 victory.

It was good to see Ron Blodgett back in action again after being out of the line-up due to a knee injury. With Ron's height and all around good play the team's chances for moving into first place position have been given an additional boost.

One of the familiar faces missed in the game was that of Kenny Hobrock. "Bones", as he was called by his teammates, has left to serve Uncle Sam. Because of his good nature and fine ball playing he will be missed a great deal by all of us. So may we say good luck,

Bones, and we'll be waiting to hear from you.

Salisbury kept rolling at the expense of Eckrich by the scores of 64 to 39. Zollner led by R. Smith, who hit for 22 points, handed the F.O.P. Club a 58 to 39 set back.

Next week finds Indiana Rod meeting Eckrich at 9 a.m. Salisbury and F.O.P. tangle at 10 a.m., while G-E and Zollner wind up the morning's play when they meet at 11 a.m.

League Standings

	W.	L.
Salisbury	6	0
G-E Club	6	1
Indiana Rod	3	3
Zollner	3	3
Eckrich	1	5
F.O.P.	0	6

Swing your partner, around and around—Joan Armstrong, Vera Sessler, Thelma Koudler, Ginny Curtis and Julie Medsker attended the Elex Square Dance. Guess they aren't so young as they thought they were, because the next day there were several of them complaining about aches and pains in different sections of their anatomies. . . . "Grandmother, what big eyes you have". "The better to see you with, my dear". Bifocals haven't helped Mike's eyesight one bit. Now when he inspects ten frame motors, especially if Ginny Strait's name is on them, he uses a flash light. Good thing you are an A-1 assembler, Ginny. . . . If "Dinner Winner" keeps calling Tony Mandra, he will be able to open up a grocery store all his own. Twice in one month the lil' ole word HAMBURGER made Tony a Dinner Winner. How lucky can you get? . . . Anybody interested in borrowing a part time job, contact Simon Birge. He has one to lend, no interest rates either. . . . Wanted—a career for Julie Medsker. Poor girl has reached the ripe old age of 20 and is afraid people will call her an old maid, so she wants a career. "Career Girl" sounds better than "Old Maid". . . . Every time you look at Leon Fought, he is eating. Guess his stomach can't take all that punishment, so now he brings a big bottle of medicine to work. We think it is to counteract all that acidity. Leon says, "Aw, that medicine is for my wife". . . . When Vera Sessler bowls she puts all she's got into the game. Wonder what the pin boy thought when he saw a bowling ball coming down the alley with Vera attached to it? . . . If anyone knows of a good laundress, contact Tim Meredith. His present laundry has lost all his unmentionables. . . . Jim (Jeff Chandler) Zehender is giving Wave Miller quite a time. Jim can talk faster than Wave which is something to hear. Rumor is Jim received a pair of hand knitted Argyle socks from his girl. One sock was so long that Jim is wearing

it to work as a sweater. . . . There are a few guys on our floor who have acquired the reputation of being able to talk more than Rosie Diem and Marge Goodrich combined. And boy that is going some. Ralph Christman, Harold Weigman, and Charlie Huffman had a gab session the other night. The session lasted so long their wives were ready to send the rescue squad after them. . . . When that lil' doll in the Girl Scout uniform comes knocking at your door, buy a couple of boxes of cookies from her, won't you? The cookies are only 35 cents a box and they are good eatin' too. One box of cookies from you might be the one that will let that little girl spend a day at camp free.

Why does Veloris Shull think the Coliseum is so expensive? Milton McComb doesn't think so, but he is a jealous man. . . . Maurice Roe lost his whistle when the Union and South Side basketball teams were defeated. . . . We thought the sun was shining Monday at work but it was only the gleam on Helen Miller's face because Ossian won the Wells County tourney. . . . Ruth Peek and Linda Wahner report a wonderful time on their trip to Cincinnati to see the hockey game. Linda must have been excited. She couldn't see through her binoculars until she was told to look through the right end. Linda says that Ruth would be surprised if she could have seen through the wrong end. . . . We are happy that Hillard Moore is able to be back at work. . . . Earl Fredricks offers his apologies to all the believers but it was more pleasant to think of a fishing trip than an operation. Earl says thanks for the best wishes. . . . We are happy to have Hilda LeCoque back with us after her vacation in Florida. . . . There are several people staying clear of Selma Voigt since she is exposed to the mumps. . . . We welcome Gladys Disler on days from second shift in the lead section. Hope it won't be too hard getting up these cold mornings, Gladys.

NEW POSTS FOR SIX IN LARGE M-G

Leonhard Michel, Leonard Reuss Appointed To Large M-G General Foremen Positions

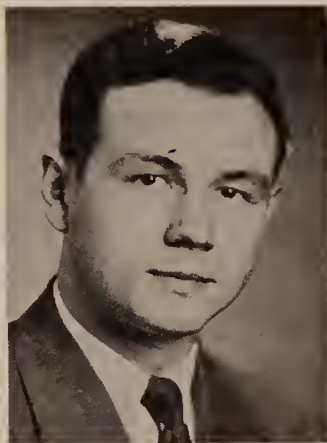

Two appointments of general foremen in Large Motor and Generator Department were announced this week by Kenneth D. Strong, superintendent-shop.

Leonhard C. Michel has been named general foreman in charge of sheet metal and detail; stator coils and winding; rotor, main and edgewise coils, and maintenance.

Leonard G. Reuss, Jr. has been appointed general foreman in charge of light machining; shafts, cores and commutators, and armature coils and winding.

Leonhard C. Michel

Leonard G. Reuss, Jr.

When he joined the Company in 1929, Mr. Michel entered the Apprentice School. After completion of the machinist-toolmaker course, he became a grinder in Bldg. 4-4. Later, he became a turret lathe operator in Large M&G. In 1941, he was named a foreman in Bldg. 19-3 in the commutator core and shaft section. He was appointed assistant general foreman with responsibility in Bldg. 19-1, Bldg. 27, and Bldg. 22, and had this position at the time of his present appointment.

Mr. Michel is a member of the Foremen's Association and the Apprentice Alumni Association. The Michels and their three children live at 1715 Riedmiller Ave.

Mr. Reuss came to the General Electric Company in 1939, when he entered the Schenectady plant as a messenger. A few months later, he went into the Apprentice School in that plant and completed the machinist-toolmaker course in 1942. He became a toolmaker after graduation and later was a leader in the toolroom.

In 1944, Mr. Reuss went into production as a machinist at Schenectady. Located in planning methods and wage rate, which he entered in 1946, he enrolled in the advanced manufacturing training program two years later and took various phases of the program in several plants within the Company.

After completing the program in 1950, Mr. Reuss went on special assignment until April, 1951, when he transferred to the Fort Wayne plant. At that time, he became a foreman in light machining, heavy machining, and punch press sections. At the time of his present appointment, he was an assistant general foreman, a position which he held since November, 1951.

Mr. Reuss attended Union College and taught mathematics at the Schenectady Apprentice School for four years. He is a member of the G-E Squares Club and the Apprentice Alumni Association. The Reuss' and their one child live at 5221 Bowser Ave.

the Foremen's Association, G-E Squares, and the Apprentice Alumni Association. Mr. and Mrs. Sorgen and their three children live at 3101 S. Anthony Blvd.

What Is a Pivotal State? One in which the strength appears to be evenly divided and the final result uncertain. This makes it possible for this particular state to be a factor in deciding a national election.

Mr. Sorgen is a member of

Watkins Named Sup'r Administrative Practices

Raymond J. Watkins has been appointed supervisor-administrative practices in Large Motor and Generator Department, Richard M. Hartigan, manager-Fort Wayne manufacturing, reported this week.

Entering General Electric employ in 1937, Mr. Watkins entered the test program at the Schenectady plant. In 1939, he went into the general engineering and consulting laboratory, where he worked on quartz crystals.

Transferring to the Transmitter Division in 1940, Mr. Watkins entered engineering. He was named to the staff of the supervisor of cost reduction, Apparatus Department in 1944. After reorganization of the Apparatus Department in 1950, he became a member of the Large Apparatus Divisions on the same job.

In September, 1950, Mr. Watkins was appointed co-ordinator of cost reduction and control of the Company's Large Apparatus Divisions. After moving to Fort Wayne's Large M&G Department in 1951, he was appointed to the staff of the manager of manufacturing and held this position at the time of his present appointment.

Raymond J. Watkins

Pvt. Loren Dunlap, who was employed in Bldg. 24 prior to entering the Armed Forces, is now serving with the 167th Infantry Regiment at Camp Atterbury, Ind. He is the son of Glen Dunlap, Bldg. 26-B. He would like to hear from his friends and former co-workers. His present address is: Pvt. Loren G. Dunlap, U. S. 55339781 Co. E 167th Inf. Regt. 31st. Inf. Division Camp Atterbury, Ind.

A former Bldg. 6-4 employee, Donald E. Wilson, is participating in "Exercise Snow Shoe," an Army winter training maneuver in Alaska, a recent U. S. Army news release stated. Wilson is a radio and telephone operator in Company D of the 4th Infantry Regiment. He entered the Army in July, 1951.

The following employees have entered the Armed Forces: Freddie Jackson, Simon B. Lovings, Jr., Jackie D. Miller, Ronald E. Wagner, Jimmie T. Imel, Donald J. Rowlands, Rosel Kelsoe, Jr., Carl M. Satterthwaite, James V. Brown, Jerry K. Calkins, Gale D. Elder, Richard J. Gevers, Roland J. Smith, Clyde R. Allen, Richard D. Oelschlager, Herbert L. Roemke, Donald D. Lagassie, Ralph W. Clark, Karl J. Reith, Richard J. Huhn, Kenneth D. McCormick, Ronald E. Dwyer, Norman V. Hull, Richard C. Searles, Augustus L. Goodman, Donald E. Nagel, Ernest Shields, and Rudolph Crawford.

Approximately 11,000 lives were claimed last year by fire, according to the National Board of Fire Underwriters.

Cotterman, Sorgen Receive New Posts in Mfg. Section

Two appointments in Large Motor and Generator's manufacturing section have been announced by Raymond J. Watkins, supervisor-administrative practices. Max W. Cotterman has been named procedures analyst and Merwin A. Sorgen has been appointed manufacturing loss specialist.

In 1951, Mr. Cotterman became a General Electric employee and entered Large M&G procedures section. He was a member of this section at the time of his present appointment.

A graduate of Ohio State University, Mr. Cotterman received his B.S. in education in 1948. He served in the Navy Air Corp from 1943 until 1945 and is commissioned as a 2nd. Lieutenant in the U. S. Field Artillery at the present time. He is a member of the G-E Squares Club and the Supervisors Club. Mr. and Mrs. Cotterman and their son live at 4531 Bowser Ave.

When he came to the Company in 1935, Mr. Sorgen entered the Apprentice School. After graduation from the machinist-toolmaker course in 1939, he entered Large M&G production, where he was a clerk and dispatcher.

In 1941 Mr. Sorgen entered Large M&G planning and was named a foreman in the light machining section in 1943. He was placed in charge of the material list section, Bldg. 31-1, in 1946 and entered inventory control in 1948, when he was assistant to the production supervisor. Later that same year, he was appointed to the position of foreman of transportation, receiving, and stockrooms, which he held at the time of his present appointment.

Mr. Sorgen is a member of

Max W. Cotterman

Merwin A. Sorgen

Emmett H. Zollinger

E. H. Zollinger To Be Stator Coil, Winding Foreman

Emmett H. Zollinger has been named foreman in charge of stator coils and winding in the Large Motor and Generator Department, Kenneth D. Strong, superintendent-shop, reported this week.

In 1924, Mr. Zollinger became a General Electric employee. He was a messenger until 1926, when he became a winder in the induction motor section and subsequently became a tester. He was a leading operator in the coil section and connected and tested in the stator winding section. At the time of his present appointment, he was located in the stator coils and winding section.

TRANSPORTATION

RIDER WANTED—From Columbia City by routes 9 and 14, 8 a.m. to 4:30 p.m. Dale Grigsby ext. 2133 or Columbia City 260J.

MISCELLANEOUS

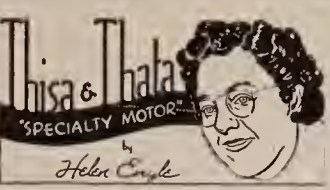

Wanted. children to care for in my home. A-86274. 216 Putnam.

Will care for children in my home, days, while mother works. H-0311, 4092 Monroe St.

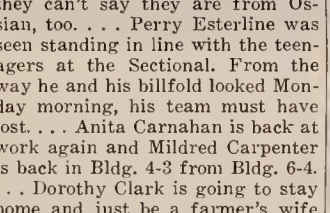

Will care for one child during day. Aged 2 to 4. Near C-E. A-65355.

Will witnesses to motorcycle accident at 4:30 p.m. Friday, Dec. 12, 1952, occurring at Fairfield and Baker Streets, please contact Jackie N. Shuler. H-82845.

Witness at accident Monday night at corner of Washington and Broadway at 11 p.m. please contact Cenevieve Burke 5 to 7:30 p.m. E-38584.

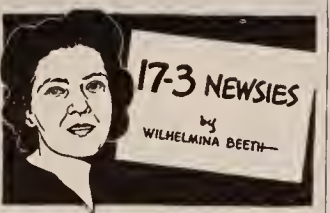

Alice Fuchshuber put a funnel in the center of her pie when she baked it the other day. Imagine her surprise when she looked at her pie and there was a rose bud in the center. She had used a plastic funnel and the heat melted it. . . . Joyce Dull left work last Friday. She received many nice gifts from the gang. We hope it is a boy! . . . We extend our sympathy to Dorothy Hart in the death of her father-in-law. . . . Evelyn Treastor left last Friday for a short vacation in Florida. . . . Paul Ginder is very happy. He has his TV set now. . . . Mary Nute, Olga Kuzeff, and Virginia Reckeweg went to Cincinnati to see the Komets play and a good time was had by all! Mary said, "you can say that again!" . . . Mary Treuchet is on days now. . . . Bud Struver, Helen and Pappy's son, has been promoted to Airman 2nd class now. . . . Hazel Niswonger reports her tomatoes are up. It won't be long now! . . . Since Delbert is on nights, John Figley has no one to pick on. Now he has started to pick on his good friend Sam Taylor. . . . We hear that Ed Kirschner and John Figley are partners in the egg business. . . . Famous words. "How much is it worth to you?" by Don Mason. . . . Mike Kramer had a little bad luck. He even came in to work with tears in his eyes. He lost a calf at birth. . . . Harley Heckley says Ossian is on its way to Marion—maybe Fort Wayne. The guys have been kidding him a lot, guess they are jealous because they can't say they are from Ossian, too. . . . Perry Esterline was seen standing in line with the teenagers at the Sectional. From the way he and his billfold looked Monday morning, his team must have lost. . . . Anita Carnahan is back at work again and Mildred Carpenter is back in Bldg. 4-3 from Bldg. 6-4. . . . Dorothy Clark is going to stay home and just be a farmer's wife now that they have moved to the farm. She says it is too much to work and be away out there on the farm, too. . . . A speedy recovery to Joseph Roop, who is a patient at the Lutheran Hospital. . . . Nancy Carol is the little bundle left at the Carl Harmon home. Congratulations. . . . Anyone wanting to know more about the "Siberian" operation, contact Eddie Allen, as he has been reading and listening to lectures on the subject. . . . We will all miss Fern Wallace DePue,

We light another candle on the birthday cake and wish a happy birthday to Ruth Limenstahl, Louise Hayes, Erma Hiatt, Marge Sorg, and Ruth Lester. . . . The welcome mat is out for all our newcomers. Hope you like us. . . . We are glad to see Hallie Hosler and Lucille Miller ringing in their clock cards again. Both were off a long time due to illness. . . . Inez Drummer held a stork shower for Florence Miller. Several of her co-workers attended. . . . Rose Dowling reversed it and fell up the steps the other morning. . . . The next time George Kissell takes a half day off to get a marriage license, he will probably check to see if the court house is open. A week ago Monday he took the afternoon off, but the court house was closed for Washington's birthday. . . . Just imagine it! Mary Foreman got lost in the drug store the other evening. . . . Mary Land thought she might have to stay and help Daryl Long with the dishes the other noon, but she was among friends. . . . Phillip Allen is the name of the new addition at the Jones household. Bill, Grace, and Phillip Allen are all doing fine. . . . Luella Masson looks so different when she wears a hat and takes off her glasses, that the girls she works with didn't recognize her. . . . Let's we forget, safety is everybody's business. Let's all be safety-minded. . . . We extend sincere sympathy to Mary Jane Redding on the loss of her father, and to Arlene Winebrenner on the loss of her father-in-law.

who is now up in Bldg. 4-4. Welcome to Ivan Parrish who is taking her place. . . . Jeanette Cook will be a home girl for awhile. Hope to see you again soon. . . . Edna Goff is taking a spring vacation, so they say. Incidentally, we hope she had a nice birthday. . . . Clarabelle Sapp wants to thank the girls in 1x50 for their birthday gifts and dinner. . . . Boy, oh, boy is Pat Hatch ever missed in 1x50. The place is really dead. Good luck Pat, on your new job. . . . We are glad to hear that Irene Kerns and Mary Parent are both feeling better. Hope to see you soon, girls. . . . Pearl Michels has a new job on Saturday nights—baby-sitting with her new grandson. . . . Everyone wishes to thank Helen White for the splendid job she has done as the Elex contact girl and we now wish to welcome Julia Hohnhaus who has taken over Helen's duties. . . . In case Unis Steinbarger wants some eggs for Easter, she had better gather them herself. Her son gathered them recently, but played ball and broke them all before he got them in the house. . . . Joe Dibert is in the linoleum-laying business. The only bad part is he has to buy twice the amount of linoleum for the job. Better get the two young sons to help next time, Joe. No wonder he sets dies in backwards and puts top oilers in upside down. . . . Moe Moffitt is experiencing quite a lot of difficulty attending all the big wheel meetings these days at the Lab. He is now use to wearing a twitch. . . . Helen Engle, our reporter in Bldg. 4-3, has a new self-styled name, "An Unclaimed Blessing". The phrase came through a correction of Miss or Mrs. on a recent Woman's Night Out program. Helen says it's better to free lance than to sign a contract.

We light another candle on the birthday cake and wish a happy birthday to Ruth Limenstahl, Louise Hayes, Erma Hiatt, Marge Sorg, and Ruth Lester. . . . The welcome mat is out for all our newcomers. Hope you like us. . . . We are glad to see Hallie Hosler and Lucille Miller ringing in their clock cards again. Both were off a long time due to illness. . . . Inez Drummer held a stork shower for Florence Miller. Several of her co-workers attended. . . . Rose Dowling reversed it and fell up the steps the other morning. . . . The next time George Kissell takes a half day off to get a marriage license, he will probably check to see if the court house is open. A week ago Monday he took the afternoon off, but the court house was closed for Washington's birthday. . . . Just imagine it! Mary Foreman got lost in the drug store the other evening. . . . Mary Land thought she might have to stay and help Daryl Long with the dishes the other noon, but she was among friends. . . . Phillip Allen is the name of the new addition at the Jones household. Bill, Grace, and Phillip Allen are all doing fine. . . . Luella Masson looks so different when she wears a hat and takes off her glasses, that the girls she works with didn't recognize her. . . . Let's we forget, safety is everybody's business. Let's all be safety-minded. . . . We extend sincere sympathy to Mary Jane Redding on the loss of her father, and to Arlene Winebrenner on the loss of her father-in-law.

APPRENTICE BROADCAST

by Bob Taylor

Congratulations to Carl Hauke, who was married last Friday. Best wishes to Mr. and Mrs. Hauke. . . . When some people think that the apprentices aren't getting enough attention they will do almost anything to get noticed. Take Ned Spehager, for instance, who lost his basketball trunks while going up for a rebound. Sort of cold wasn't it, Ned? . . . Some more transfers became effective this week in the drafting department. Don Meyer and Carl Nagel changed from Bldg. 31-2 to Bldg. 19-5 drafting, and James Preston and Gerald Coleman changed from Bldg. 19-5 to Bldg. 31-2. . . . Harry Eckenbarger and Bob Barnes were both off with the flu a couple days last week. During their absence Harold Wilkerson, Bob Calkins, and Karl Hofacker did a very capable job in student instruction. Thanks for a swell job.

DITTIES FROM DISTRIBUTION

by Ruth Sorg

SHIPPING: Among our little group we have a Rear Admiral, none other than Helen Eggleman. Sarah Harris has been trying for two weeks to show her a short cut on how to take her smock off and put her coat on at the same time. Helen is always the last one on the elevator. . . . Eloise Hoehn, Eva Westrick, and Eileen Fitch went out together one evening last week. When Eloise drove out of the parking lot she had a flat tire. She got as far as the Eskay Dairy and had to wait for her husband to come and fix the tire. Eileen had to walk the rest of the way uptown so she could keep her appointment to get her hair cut. . . . Vera Poe, the new M/S typist got a new footstool, painted red and black with her name on it. . . . Congratulations to Del Bucher on his birthday today. . . . Pat Henry returned to work today from her honeymoon with a tan from the Florida sun. . . . F. F. Wilson will celebrate 35 years with the Company today. . . . We are sorry to hear that Paul Klage has the mumps. We wish you a speedy recovery, Paul.

This life is nothing more or less
Than little acts of kindness;
A good word here, a service there
To lift from menkin some great care.
So let us daily thoughtfully
Pursue our way rejoicingly.
For I'll help you—and you'll help me
And this a happy world will be.
Begin it now and carry on,
So when the year is past end gone
In meditation—you can smile,
For living really has been worth while.

TELEGRAPH: We bid farewell today to Eleanor Blake, who is leaving us to be a full time housewife. . . . RECEIVING: Ed David stopped for his morning coffee at a local cafe and left his lunch sack, hoping, no doubt, that the cook would add some goodies to it. Instead, when he opened it, some of his lunch had been eaten. . . . Our sincere sympathy to Charles Von Behren on the death of his wife. . . . Ed David and Tom Dent are working together on the replacement of a broken window in Bldg. 6-1. "Two heads are better than one," they say. . . . We have two newcomers to our receiving division. They are Delores Schwartz and Fred Prince.

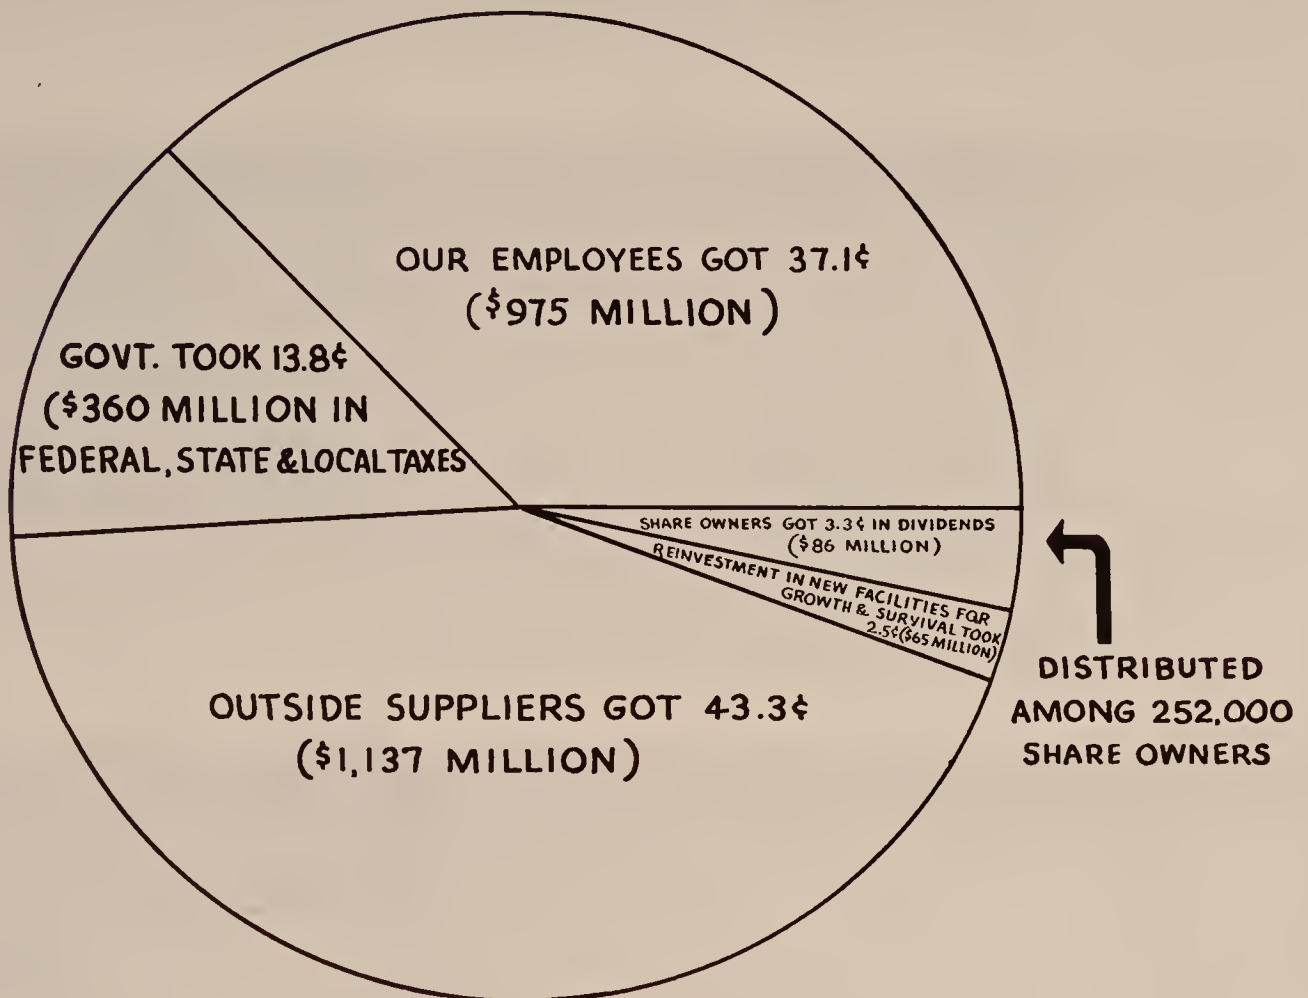

"Don't worry about your work piling up at the office.
It'll all be taken care of when you get back"

COPYRIGHT 1952. CARTOONS—OF-THE-MONTH

IN 1952--

OUT OF EVERY DOLLAR RECEIVED...

WORKING FOR EACH OTHER

General Electric received 2,623 million dollars* from customers in 1952, in return for GE products and services. The chart above shows how the money was distributed among all the groups having a claim on the GE income dollar.

Employees and suppliers each received the largest total dollar payment ever made them in any one year in Company history. Total compensation to employees, for example, was 12% greater last year than it was in 1951—even though average employment figures were only about 3% higher for 1952.

The proportion of the sales dollar going to our employees—and the proportion going to outside suppliers—varies, of course, from year to

year according to how much of the work we do inside, and how much we have done by outside suppliers.

Federal, state and local taxes continued to take a huge amount out of total Company income. Last year these taxes amounted to almost 14% out of every income dollar we received.

The share owners received the same rate of dividend as last year. It amounted to only 3.3% out of the sales dollar, as compared to 3.7% for 1951—even though total Company sales were at a record high in 1952.

Another 2.5% was "plowed back" into the business for more and better facilities to help us make more and better products—and to help us try to keep jobs and income steady in the highly competitive business weather ahead.

*All amounts stated in millions of dollars.

G-E CLUB ANNOUNCES SPRING REVUE IN APRIL

IVAN RINEHART NAMED EPCR MANAGER

ES & L Moves Headquarters To DeKalb Plant Monday

Completion of the transfer of headquarters for the Electric Sink and Laundry Sub-Department from Fort Wayne to the DeKalb Plant was announced this week by Carl W. Moeller, general manager.

Mr. Moeller also announced the appointment of Ivan D. Rinehart as manager-employee and plant community relations for the Sub-Department. Mr. Rinehart was formerly supervisor-employee services here in Fort Wayne.

Manufacturing in DeKalb

Headquarters for the Sub-Department have been operating in Fort Wayne since decentralization of the Fractional Horsepower Motor Department last June. The

manufacturing facilities are in DeKalb.

Effective next Monday, all of the personnel of this activity will be located in DeKalb. The management staff of the Sub-Department includes Merton W. Edgar, manager-marketing; Lowell L. Ray, manager-engineering; Alfred K. Scripture, manager-finance; Mr. Rinehart, Mr. Moeller, and E. F. Harmison, who has been plant manager since the General Electric Company took over the facilities in 1946 and will continue in this capacity.

750 Employees

The DeKalb Plant has approximately 750 employees. Plans for expansion are underway.

The Company actually purchased

the property in 1949 and since decentralization last year, a modernization program to provide necessary office, engineering development, and laboratory space has been in progress. That program is now nearly complete, Mr. Moeller said.

A native of Fort Wayne, Mr. Rinehart joined the General Electric Company in 1926. He graduated from the Apprentice School in 1929 and was assigned to the General Tool Section.

In 1936, he entered the Fractional Horsepower Motor Department, and in 1946, he was named general foreman for Bldg. 4-5. The following year, Mr. Rinehart was appointed assistant to the supervisor of personnel, and in 1952, (Continued on page 4)

6 Acts to Give 7 Shows For Employees April 11-12

Saturday and Sunday, April 11-12, have been scheduled by the G-E Club entertainment committee as dates for the 1953 annual Spring Revue, Gordon L. Smith, club entertainment chairman, announced today.

Danny O'Neil, 28-year-old Irish tenor who was locally acclaimed by employees and their families attending last year's 25th anniversary Club Revue, will return to headline this year's annual Club event.

Due to the increasing popularity of the Club revues during the past years, seven performances have been slated for the two-day period to give all Fort Wayne plant employees and members of their immediate families an opportunity to attend the show, the chairman stated.

Plans for the Spring Revue, which got under way at a meeting of the entertainment committee this week, include six professional acts headlined by Mr. O'Neil and presented at each of the seven per-

formances. Three programs will be presented Saturday, April 11, at 1, 3:30, and 7:30 p.m. Sunday, April 12, four performances will be given at 1, 3, 5, and 7:30 p.m.

Tickets for each of the performances, which are free of charge to employees, will be available beginning the week of March 30 at the G-E Club desk, the Taylor St. employment office, or from members of the entertainment committee.

In show business for 21 years, Mr. O'Neil has appeared in theaters, supper clubs, on radio and TV throughout the country. He is currently appearing in the "Paradise Island" TV series and on two of his own TV shows, "Breakfast (Continued on page 4)

GAC Group Looks Into Form G Motor Future

A large-scale view into General AC Motor Sub-Department present and future business was presented to 150 GAC foremen and supervisors at a conference conducted last week at the Chamber of Commerce.

The keynote of the meeting was the Form G motor. Members of the program's panel showed how the Form G is GAC's answer to fractional horsepower motor business demands and to expansion of this sub-department's field of customers.

Showing that the customer is the key to GAC business, the conference outlined reasons for GAC's switch to Form G motors. A view of future business which will bring increased production through the teamwork of all GAC employees was given.

Each of the six members of the panel and Lisle Hodell, GAC general manager, presented his section's individual role in the overall business operation. They pointed

out that all these operations have a combined aim of maintaining GAC's place as leader in a field of 61 competitors and constantly improving this position in the fractional horsepower motor industry.

With the modern features of the Form G (its smaller size, lighter weight, increased versatility, and improved appearance), the aim can be achieved, the panel stated. To keep its position as leader among its competitors, GAC is making the switch to Form G production, panel members stated. Along with the switch, also came changes in production methods necessary to maintain our position in the field, the GAC panel brought out. The roll of the Decatur and Linton branch plants in GAC operation was also explained.

Getting customer reaction to the new product, those attending the meeting got a first-hand reaction from one of the sub-department's customer representatives, Vic Child. (Continued on page 4)

ON TOP OF THE LADDER—The 1953 officers of the Volunteer Firemen's Association who will be installed tomorrow evening met this week to begin plans for the organization's coming year. Discussing future business are (-r): Ray Soughan, Bldg. 26-5, treasurer; Paul Arnold, Bldg. 4-4, vice president; Harold Mosshammer, Sub-Section 17, Taylor St., president, and Thomas Fox, Bldg. 8-2, secretary.

Turn Them Into Suggestions

Uncork Your Ideas

Don't make the mistake of keeping your ideas bottled up in your head. You stand a chance of collecting cash only for ideas you write on suggestion blanks. You don't need to include any special magic words to have your suggestion considered for an award. All you need do is write the suggestion in your own words. Every suggestion is carefully reviewed, and awards are made to all suggesters whose ideas are useful. Uncork your ideas today, and perhaps you'll collect a cash award tomorrow.

17-3 NEWSIES

by
WILHELMINA BEETH

Roses are red,
Violets are blue.
Next Monday,
Your income tax is due.

Oh, well, cheer up! Spring is just a week away. . . . Did you notice the big smile on Opal Sample's face when she opened the G-E NEWS last week and saw her husband's picture? . . . Helen Mueller left us last week to take a full time small garment making job. . . . We light another candle on the birthday cake and wish a happy birthday to Mabel Schaaf, Kate Weigele, Gertie Wheat,

Eileen Steinacher, Geneva Farrell, and Don Macon. . . . Dick Gleim has started to get his wardrobe ready for the trip to Europe, and nylon, no less. . . . Joe Matter has oiled up the rocking chair. Bet she will spoil that new granddaughter. . . . Vic Cartwright received a beautiful pair of shorts the other night. Balloon type. But with all the pretty pictures, we think he should wear them for leisure. . . . At first we thought Ruth Limenstahl was blushing, but she was too close to the sun lamp. . . . Want to know the weather in advance? Ask Joe Jensen, he is as good as the Sage of Rushville. . . . Frank Beck has returned to us after being in the service of Uncle Sam. . . . We are sorry to report that Bertha Bertsch is in the hospital again. She is at the Lutheran, Room 414. . . . We extend our sympathy to Helen Pickett on the loss of her brother.

SICK LIST

The following people have been reported on the sick list, dismissed from the hospital, and returned to work:

Sick List

David Felton, Arthur Koons, Milo Heller, Joan Gregg, Luella Eisberg, Catherine Dull, Edmund Couture, Nancy Bredemeyer, Eleanor Blake, Solomon Andorfer, Helen Shuler, Joseph Roop, Benjamin Cahn, Howard Moore, Oscar Mize, Betty Strong, William Starke, Anna Rose Shaw, Eva Shaffer, Golda Rodich, Mildred Pfaller, Dorothy Myers, Doyle Miller, Fernie Maggard, Betty Grim, Harry Eckenbarger, Charles Atkinson, Betty Reynolds, Wilbur Lane, Martha Peterson, Harold Koehlinger, Daisy Long, Walter Rehling, Peter Helmer, Sr., Robert Pishop, Ella Grimes, Nancy Gordon, Willadeen Hilsmeier, Fern Hartman, Margaret Simmons, Willadean Tood, Betty Cass, and Kathleen Mennewisch.

Dismissed from Hospital

Michael Dee Hamilton, Ralph Rockhill, Eva Shaffer, Luella Eisberg, Russell Runkel, Beulah Shaffer, Clara Lauer, Mary Jane Lipsett, Robert Pickett, William Shumaker, Howard Moore, Bertha Bertsch, Joseph Roop, and Frank Enderle.

Returned to Work

Helen Duff, Karl Heinzelman, Hershel Gratts, Betty Keyser, Ellen Ditlinger, Lawrence Farmer, Aey Chandler, Norma Book, Bonna Lou Fahl, Emma Hockenberry, John Brandyberry, Deloris Clemons, Donice Brown, Maltha Burk, Francis Howell, Jay Cornell, Earl Fredricks, George Barker, Marjorie Ford, Lawrence Bergevin, Theodore Brockmeyer, Robert Oden, James Lindag, George Weeks, Willard Smith, Lionel Rosenogle, Ieota Tumbelson, Deloris McBride, Lloyd Oberholtzer, Barbara Nix, Ed Martin, Harry Limbach, Walter Van Kirk, Dennis McKering, George Pool, Thomas Sanders, Modene Smith, Cletus Schmenk, Jackie Shuler, Richard Merren, Jr., Eva Shaffer, Mary F. Smith, Mildred Pfaller, and Daisy Long.

NEWS ITEM: We hear from a good source that there is a wonderful barber at Taylor St. by the name of Joe Henry. Anyone doubting it should see Ted Schlup, Bldg. 19-3. . . . Elmer Warner is a very nice guy and he likes to do good deeds, but sometimes he carries it a bit too far. Herb Wendt bought a dozen eggs from Elmer. Thinking he was doing a good deed, and as a surprise to Herb, he boiled half of them first. The next time Herb buys eggs he had better shake each one. . . . Pat Butler and Ray Wiese, with the help of LeRoy Cook, tried to make a smoke house of Bldg. 19-3. . . . Welcome to Delbert Kreger. He is the new fellow in the lead section. He comes to us from Bldg. 4. . . . Perk Sickafus is now running a taxi service from Baer Field to Wabash, Ind. . . . We wish a speedy recovery to Mrs. Pat Christle who had an operation recently at the St. Joseph hospital.

NEXT SQUARE DANCE LESSON, MARCH 26. . . . When Herman Keller goes after something he really gets results. Herman didn't get his paper for three or four mornings so he notified the paper boy. Now whether it was the newspaper boy or Herman's friends that came to the rescue, I don't know, but I do know he got papers; a porch full with several empty beer cans to boot. Probably a good will offering. They were slightly old but at least they were papers. . . . Doesn't Bill Merriman have a paper route any more? I haven't seen him around for awhile. Maybe his partner didn't collect fast enough. . . . Besides being Mayor of Wren, Jason Moser is probably the best noodle maker in Ohio. His wife says they are big enough for dumplings but Jay insists they are noodles. . . . The "Land Baron" of the tool room, Bob Miller, has purchased more land to add to his estate. What is going to be your specialty, Bob, cotton or tobacco? . . . 1-2-3-4-5. Down for the count? Jim Staley landed on the floor. He says the caster broke on his chair and so, of course, he landed on his back. No one saw it happen except the whole office force. Sore ribs? Yes, but Jim says it's a good thing that he didn't land on his Auburn ribs. Are they still weak, Jim? Are you positive whether the number is two or five? . . . Helen Keller and Buford Dull were seen at the basketball tourney at Fort Wayne Saturday. From the expressions on their faces they must have lost a bet. . . . Says Erman Johnson, "Tibi Gehrig may have a car with all the extras except the kitchen sink, but I am getting on that will make his obsolete. Mine will have everything including the kitchen stove and the sink." Let us know when you get it, Erman, so we can see for ourselves and compare the gadgets. . . . Birthday greetings to Imogene Coffee and Vida Lammert. Both are celebrating birthdays this week. Imogene Coffee treated the gang with delicious home-made fudge. Hurry and have another birthday, Gene. . . . Business visitors in Indianapolis last week end were Josephine Ivetch and Anna Womack. . . . Emma Goldner is spending the week end with her

daughter in Decatur, Ill. . . . Bill Beard is back on 2nd again. Frank Braun must have liked the last pinch hitting he delivered. . . . Several G-E bowlers were among those who bowled in the Moose State Tourney at Anderson last Saturday and Sunday. Those from G-E were: Jerome Keller, Bob Lord, Oran Schultz, Johnny Beery, Chet McIntosh, and George Laurent. You'll have to talk to the bowlers personally if interested in scores. . . . Congratulations to Monmouth High School on their fine showing in the Regional Tourney. Many G-E fans, especially from the Monmouth vicinity, were on hand to see their favorites overwhelm a tall and well regarded Kendallville team. It certainly was no discredit to them to lose to that tough Central team. Nice going, Eagles.

APPRENTICE BROADCAST

by Bob Taylor

Ron Davis is learning the hard way that he shouldn't race kids on bicycles in his 1939 Olds. He discovered that he could throw a rod that way. . . . Jim Stroble returned to Bldg. 12-2 and Tom McCrea was sent to Taylor St. to take his place. Bob Calkins has been farmed out to Winter St. . . . Dick Kummer is trying to invent a new way to cut teeth on a pinion. Latest idea was to use a cutter with no teeth. . . . Dick Fischer really likes to work, even on his own time. He worked into the lunch period one day last week. . . . Some members of the school are trying new methods and ideas in a money system. Apples now cost 8½ cents and they even give you the half cent change. . . . Stan Reidenback was really having troubles getting anything done one day last week. Everytime he turned around, something else was missing. . . . The Lathe section is now known as the cleanest section in the school. It seems that every Wednesday and Friday are inspection days. You should see the place shine. . . . Congratulations to "Dink" Taylor on his new crop of red hair. That stuff sure did grow fast. Wonder how he did it? His girl friend isn't a red head, so I guess that isn't it.

OUT OUR WAY

by J. R. WILLIAMS

Elexers Plan Annual Easter Egg Sale April 2 For Defense Project

The third annual Elex Club Easter Egg sale will be conducted Thursday, April 2, by the organization's contact girls and officers, Roqua Wibel, president, announced today.

The annual sale is one of the major projects in the club's defense program by which the members raise money to send boxes to G-E employees in the Armed Forces.

Employees who wish to donate eggs to the project may do so beginning the week of Monday, March 23, by giving their donations to contact girls or officers or leaving the eggs at the Women's Activities office, Bldg. 18-1, or with Evelyn Blakley, Taylor St.

Contact girls will again boil and decorate the eggs as they did last year, the president stated, and they will sell the decorated eggs on April 2.

The Club is also selling chocolate covered candy eggs at the Elex Corner Cupboard at the Employee Store, Bldg. 8-1; Evelyn Blakley, Taylor St., or from the contact girls.

CREDIT UNION CLOSING ON GOOD FRIDAY

In observance of Good Friday, the Fort Wayne General Electric Employee Credit Union office at 1021 Swinney Ave., will be closed Friday, April 3, Lee Cupp, secretary-treasurer, announced this week.

How Many Voted in the 1948 Election? 48,833,680 persons voted in the last presidential election. This represented only about 52 per cent of the people who had a right to vote.

DMM Group to Elect New Officers Monday

Monday, March 16 has been set as the date of the Decimal Minute Men organization's annual election of officers, William Meyer, president, announced this week.

Beginning at 7:30 p.m., the meeting will be conducted at the Chamber of Commerce. Officers to be elected are president, vice-president, secretary, treasurer, and one three-year member of the steering committee.

All members are urged to attend the meeting, the president stated. A lunch and refreshments will be served at the conclusion of the business session free of charge.

Ernie took such a beating he quit wearing them. It was last reported that Ernie was trying to force one of his sons to wear them. . . . Once in a while we find someone wearing different socks and even different shoes. Carl Pranger went a little further and wore one brown and one white shoe to church. . . . Gladys Racht saw Ed Roepe coming down the aisle, mistook him for me, and commented, "Shouldn't you be home in bed at this hour?" When Gladys explained the mistaken identity, Ed remarked he was insulted. No comment. . . . I'll

Fort Wayne Engineers Club Slates Joint Meeting With ASME, AIEE

The last dinner meeting of the Fort Wayne Engineers Club year will be conducted jointly with the American Society of Mechanical Engineers and the American Institute of Electrical Engineers Thursday, March 19, at the Chamber of Commerce, beginning at 6:30 p.m., Robert Rowe, program chairman, reported this week.

Dr. R. I. Sarbacher, of the National Scientific Laboratories, has been scheduled as guest speaker for the program. His topic will be "Atomic Reaction and the Atomic Battery." Dr. Sarbacher is one of the leading electronic experts in the country and is scientific consultant on guided missiles for the Department of Defense.

Dr. Sarbacher will review late developments in the atomic field and show pictures of the Atomic Bomb tests.

Dalton McAllister, Fort Wayne attorney and Junior Chamber of Commerce winner of the 1952 Distinguished Service Award, will be the coffee speaker. "Public Speaking" is the topic of his speech.

Reservations may be made with Fort Wayne Engineers Club contact men.

venture to say Louie Sordet will be watching where his feet are stepping for awhile. Louie knows how to operate a conveyor elevator now. . . . Bob Drane was home on furlough and paid a visit to the floor last week. . . . Bernon Huguenard received presents from his fellow employees for his new baby daughter. . . . Al Miller came up with another wild one. Al claims he lost his watch last August, in the hay. His wife found it last week. Al had Walt Hein convinced that the watch was still running. He admitted later that his watch was running, in the sense that his wife ran into the house with it.

Mosshammer New Volunteer Firemen Head

Picture Page 1

Harold Mosshammer, Sub-Section 17, Taylor St., will be installed as president of the Volunteer Firemen's Association for the coming club year at the organization's annual spring stag and installation ceremonies tomorrow evening, Al Midgah, outgoing president, reported this week.

Other officers to be installed at the meeting, which will be conducted at the Southwest Conservation Club beginning at 7 p.m., are: Paul Arnold, Bldg. 4-4, vice-president; Thomas Fox, Bldg. 8-2, secretary; and Ray Soughan, Bldg. 26-5, treasurer. Retiring officers will be in charge of the installation.

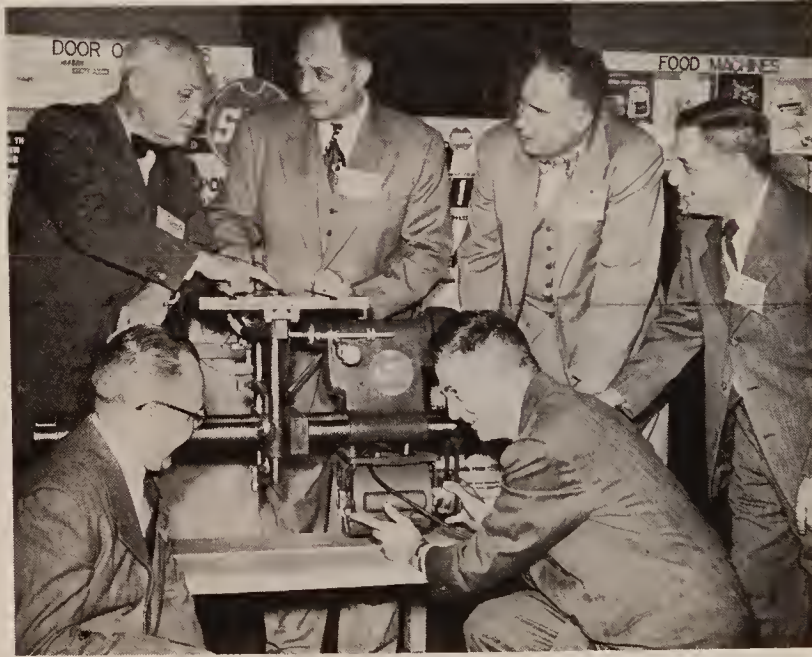

A program of entertainment has been planned and refreshments will be served.

. . . DAFFY DEFINITIONS: Bowlegs—Without parallel. Dentist—A guy who saves old magazines. Spinster—The most singular of women. . . . COMMENT FOR THE DAY: "I would rather be beaten in the right than succeed in the wrong."

Form G In Limelight At GAC Conference

100,000TH FORM G—The 100,000th 40 frame Form G motor, produced by employees of GAC Sub-Section 14, is presented to Lisle D. Hodell, GAC general manager, at the conference by (l-r) Fred H. Campbell, Sub-Section 14 superintendent; Carl W. Reynolds, Sub-Section 14 production supervisor, and Leo W. Kuttner, manager of manufacturing. The Form G motor was the keynote of the conference, which was attended by 150 foreman and supervisors.

CONFERENCE PLANNERS—The six GAC foremen in charge of the sub-department's conference conducted last week look over one of the applications of the Form G motor which was among the displays at the meeting. In front (l-r): Lowell Arnold, Sub-Section 14, and Edward W. Heshner, Decatur. Back row (l-r): Harold A. Hart, Sub-Section 13; Dale Irwin, Sub-Section 14; Donald M. Arnold, Sub-Section 13, and Cleotus H. Miller, Decatur.

Dekalb Move

Ivan D. Rinehart

assumed his duties as supervisor-employee services.

The Rineharts and their two children will make their home in DeKalb.

WIRE Ravelings

Art Rasor

Birthday greetings for the month of March go to Vaughn Sheets, Jess Easterday, Clarence Coulter, Esther Shannon, Al Ham-brook, and Ray Kierspe. Both Vaughn and Ray will be 39 again. . . . Lawrence Walters has finally busted his buttons for a grandson, born Feb. 23, to his son and daughter-in-law, at Camp Lejune, North Carolina. His son is a corporal in the Marine Corps. . . . Wimpy Lemper must have enjoyed his vacation in Texas, especially the time he spent hunting appropriate cards for his fellow workers. . . . Don't forget to WEAR THE GREEN next Tuesday as it will be a great day for the Irish. That includes O'Ham-brook, O'Lempers, O'Thompsons, and O'Rahees. . . . We welcome Bette Parke to the respooling section. . . . Congratulations and best of luck to Bonnie Johnson and Lloyd Justus, who were united in marriage Friday, March 6, 1953. . . . Tom Hutsell is preparing all thoughts to attending the coronation of the Queen of England. Maybe he got a little homesick when he received his official invitation. Or maybe he will not have expenses and will have to view it in the Life magazine.

6-4 AIRLINERS

by ELLEN BAUER

Les Hubartt, coach for Airliners basketball team, has a few more white hairs, since the score was 20 points ahead at the end of the first quarter and the final score was 51-48. Of course, we won. . . . Test and Inspection had a stag party last Friday at Elmer Harshman's house. Lowell Melsner showed the boys how to play blackjack. Do you know any other games to get beat at, Lowell? . . . Al Orr bowled a game of 227 the other night. Nice going, Al. . . . Paul Brandt said he didn't have any news because he worked hard and didn't have time to fool around. Do you know any more good jokes, Paul? . . . We are sorry to see Mary Cermola go to Bldg. 4-3. . . . Birthday greeting to Mary Brinker and Jane Tarman. . . . Alice Steinbarger must have found a mint some where. Last week a TV set and this week a new car. . . . Louella McQueen seems to have lost something last week in her next door neighbor's yard. What was it Louella? . . . Dodie Clinger got a bargain in slips, three for 39 cents. How did you do it Dodie? . . . Congratulations to our new grandmas, Arno Winebrenner and Mae Haney. . . . Helen Shuler has been on the sick list. . . . Arno is supposed to have a deep dark secret. What is it, Arno? . . . Fred Sarsain lost his wastebasket right from under his nose. Some watchman you would make! . . . Ruth Troyer is giving a birthday party for her little boy, her sister's boy, and her sister-in-law's boy—all born the same night. . . . Esther Muzzillo wore her slacks in the other day and really got the wolf calls. . . . Kathleen Beckman had a sty in her eye last week. You know the old saying. . . . Arnold Wendall is the new Mr. America with the figure he is bragging about. . . . We wish Noah Smith's wife a speedy recovery. . . . Dorothy Rebber celebrated her mother's birthday with a turkey dinner for 30 people. She was 90 years young. . . . Jimmy Zehender doesn't seem to like what Ivy writes about him, but anyway we like him. . . . Andy Anderson is all a-dither trying to get his racer in shape for the opening race in April. . . . Clarence Nahrwold thought Jacob Marquart had a hot foot the other day when he had his shoe off, so Clarence tried to cool it off by putting dry ice in Jacob's shoe.

Clarence W. Hale Appointed M-G Supervisor of Inspection

Clarence W. Hale has been appointed supervisor-inspection in the manufacturing section of the Large Motor and Generator Department, Richard M. Hartigan, manager - Fort Wayne manufacturing, announced this week.

A graduate of the Apprentice School, Mr. Hale entered the school when he joined the Company in 1917. In 1922, he completed the machinist-toolmaker course and entered small motor toolroom, Bldg. 4-2, as a bench toolmaker. Transferring to the planning section of the Apparatus Division in 1926, he became a planner.

In 1938, Mr. Hale became supervisor of planning and wage rate in Large M & G. He was named an assistant general foreman in 1941 and was given the post of general foreman in Bldg. 19-2 and Bldg. 19-3 in 1945. He held this position at the time of his present appointment.

A member of the Apprentice Alumni Association and the Foremen's Association, Mr. Hale is married and has one daughter and two grandchildren.

Clarence W. Hale

STABS

Bldg. 26-2

by NORMA ARNOLD

COMMERCIAL: We want to wish Dean Axtell lots of luck on his new job. Dean is leaving the Company and is going home. He will be employed with the Eugene Water and Electric Board in Eugene, Oregon. . . . Better late than never! Belated congratulatory greetings are extended Ruth Bullerman who celebrated her birthday March 5. . . . It's good to have a hobby, even if it is dangerous. Proving to be a real live-wire salesman, George Dykhuisen has been selling cutlery around the office. If anyone is interested in some good knives, George will be glad to demonstrate. . . . A hearty welcome to Alfred J. Bailie, an engineer in the aircraft and electronics section. Originally from Boston, Mass., Al's last test was in Schenectady. He has made his position here a permanent one. . . . The men around here are taking "Blue Monday" seriously. Last Monday, everyone of the men wore blue suits to work. What a coincidence! Everyone was surprised and remarked about it except the men who wore the suits. It seems they had it planned that way. Variety is the spice of life. . . . DRAFTING: We wish to welcome Miss Marjorie Parker to the drafting room. Marjorie hails from Columbia City and was discharged from the W.A.F.'s last November. We hope you will be very happy with us, Marjorie. . . . ENGINEERING: A very excited and nervous girl lately is Cristini (Crickets) Deloff. Crickets will be leaving us in the near future to be married. She's having a lot of trouble keeping her mind on her work. . . . In spite of the absence of their director, Russel Hirth, the G-E Chorus managed to have a good rehearsal the other night. In his hurry to get to the rehearsal on time, Russ's car went into a ditch. . . . JUST A LITTLE THOUGHT: With the death of Stalin, we anxiously anticipate what the future holds in store for us. We cannot help but be thankful that we have been spared thus far

Garton to Head Manufacturing Quality Control

Haldah S. Garton

Haldah S. Garton has been appointed quality control specialist in Large Motor and Generator's Fort Wayne Manufacturing section, Clarence W. Hale, supervisor-inspection, announced this week.

In 1926, when Mr. Garton came to the Company, he entered the machine shop training course. Upon completion of the course later that year, he became a machine operator in Bldg. 17-2. Transferred to the planning section in 1937, he became group leader in that area later.

Appointed assistant supervisor of inspection in January, 1942, Mr. Garton was named supervisor of inspection in Large M & G in June of that year and held this position at the time of his present appointment.

Mr. and Mrs. Garton and their three children live at 2530 S. Wayne Ave.

from the fangs of oppressors. Let us, therefore, pray in our own way that God will guide Stalin's successors and we have peace and harmony once again.

F. G. Motors

bldg. 8-1

by Mary Wright

ATTENTION ANTIQUE COLLECTORS: Florence Lea has been wearing a watch that was bought in London, England in the year of 1919 and it still keeps good time. . . . Most people feel very lucky to have their name in a will but when Verda Deal wants to mention you in her will be careful. She has something she really wants to get rid of. . . . Pat Murphy was seen trying to ring his clock card at the water fountain. . . . We wish a speedy recovery to Margaret Simons and Mary Hopson. We miss you. . . . Jim Hall will need a new shirt soon. Elmer has a new job for Jim on the arbor press and it really expands his muscles. Maybe just one size larger will do. . . . Some girls from Bldg. 17-3 came down Sunday noon for a pot luck. Glad to see you, girls. . . . FAMILIAR THINGS THAT WERE VERY COMMON IN BLDG. 17-3: Florence Lea's one man band. . . . Virgie Mayer's sneeze. . . . Zelma Wood imitating a monkey.

GAC Meeting

(Continued from page 1)

law, of the American Blower Company, Detroit. Mr. Chidlaw, who buys all the motors for American Blower Co., said that his company welcomed the new motor with its many new features especially its lighter weight and versatility. Even though it meant redesigning his company's products, this effort was made worthwhile by the Form G, he explained.

Exhibits of Form G application to products in 15 major markets for GAC motors were on display at the conference.

Members of the panel were Lee Beard, manager of engineering; William Boggess, manager of marketing; Leonard Erickson, supervisor of inspection and test; Leo W. Kuttner, manager of manufacturing; Kenneth Williams, manager of advanced manufacturing development, and Clifton Duncan, manager of finance.

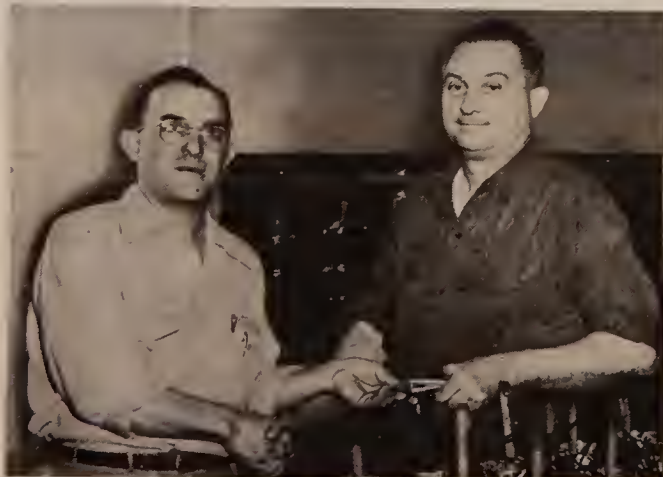

The foremen's committee in charge of organizing the program and coordinating topics for discussion was composed of: Lowell Arnold and Dale Irwin, Sub-Section 14; Harold A. Hart and Donald M. Arnold, Sub-Section 13; and Cleotus H. Miller and Edward W. Heshner, Decatur.

Spring Revue

(Continued from page 1)

Show", from 10:30 to 11 a.m., and "Our Song" from 10:45 to 11 p.m. Both of these are on WBBM TV Mondays, Thursdays, and Fridays. He is also starring on the radio program "Crossroads" from 11:30 p.m. until 1 a.m. Mondays through Saturdays.

Mr. O'Neil and the other five professional acts, which will be announced at a later date, are being booked through the June Darling Theatrical Agency, Chicago, which is the agency through which previous Club programs have been secured.

30 YEARS WITH G-E—Ransome Barley (right) of the Decatur Plant, receives best wishes from Charles Keller on his 30th anniversary as a General Electric employee. Mr. Barkley is an oven tender at the present time.

G-E DEATHS

G-E Vice President, George Prout Dies

George R. Prout, a vice president of the General Electric Company and one of its top officials in the field of atomic energy, died Sunday, March 8, in Ellis Hospital, Schenectady, after an illness of two weeks. He was 53 years old.

As vice president in charge of nucleonic and atomic projects, Mr. Prout was responsible for the Company's atomic energy activities, including the Hanford Plutonium Plant at Richland, Wash., and the Knolls Atomic Power Laboratory at Schenectady, where an atomic power plant for submarines is being constructed.

Mr. Prout also was responsible for coordinating activities with the Atomic Energy Commission among all organizations in the Company.

He joined General Electric at its Lynn, Mass., River Works in 1920, while a student at Massachusetts Institute of Technology.

For his outstanding work in the petroleum industry Mr. Prout received in 1929 the Charles A. Coffin Award, General Electric's highest honor to employees.

Mr. Prout was named manager of the Air Conditioning and Commercial Refrigeration divisions at Bloomfield, N. J., in 1944. He became general manager of the Air Conditioning Department upon its organization in 1945 as one of six General Electric operating departments, and he was elected a vice president in November of that year.

He had been engaged in nucleonics and atomic energy since 1948, serving as assistant general manager and then general manager of the former nucleonics department and as a member of the former nucleonics committee, which directed all work in atomic energy research and development being conducted for the Government.

Survivors are his widow, Marion; a son, Dr. George R. Prout, Jr., of New York; a daughter, Mrs. W. A. Ganther; a brother and two sisters.

Henry Smith 43, Dies In Lutheran Hospital

An employee of Sub-Section 17, Taylor St., Henry M. Smith, 43, 2824 Westview Dr., died Friday, March 6, at the Lutheran Hospital. Services were conducted at Mungovan & Sons Mortuary and at St. Joseph's Catholic Church. The Rev. Stanley L. Manoski officiated. Burial was in Immaculate Conception Catholic Cemetery, Ege, Ind.

When he joined the Company in October, 1928, Mr. Smith did radio work in Bldg. 26-2. He held the following positions prior to 1946: making small parts, weighing and spinning punchings, sorting irons, handling finish punchings, and stacking.

In 1946, he entered Sub-Section 13, where he was a rotor casting machine operator. From July, 1952, until January of this year,

Mr. Smith was on a leave of absence due to illness. When he returned, he entered Sub-Section 17 where he was a punch press operator.

Surviving are his wife, Josephine; one brother, Joseph J., Youngstown, Ohio; and two sisters, Mrs. Lillian Wehrly, Fort Wayne, and Mrs. Mary Lauer, Swanton, Ohio.

Rites Held Saturday For Phillip Wall, 63

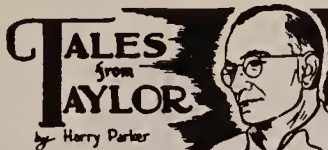

Services for Philip Wall, 63, were conducted Saturday, March 7, at the Elzey & Son Funeral Home, Ossian, and at the St. Aloysius Church. The Rev. Ralph Larson officiated. Burial was in the church cemetery. Mr. Wall who resided at 1018 Stophlet St., died Wednesday, March 4, at the Methodist Hospital. He had been on a leave of absence for illness since October 6, 1952.

In 1942, Mr. Wall became a General Electric employee and worked in the Broadway cafeteria. In May, 1952, he transferred to Bldg. 4-B, where he worked until his illness.

Survivors include his wife, Alta; two daughters, Mrs. Robert Wilhelm, of this city, and Mrs. Noah Guerin, Ossian; one son, Max, near Ossian; three brothers, Joseph, Fort Wayne, and Julius and Robin, Huntington; two sisters, Mrs. Robert McFarland, Tuscon, Ariz., and Mrs. Arman Walters, Fort Wayne, and five grandchildren.

We wish to extend our deepest sympathy to the family and friends of Henry Smith, one of our co-workers who passed away last Friday. . . . We are glad to see Joan Gregg and Dick Pion back at work after illnesses. Hope you both are feeling better. . . . Mel Lytle sure believes in giving big tips. He had a cup of coffee and gave the cashier a \$10 bill and almost didn't wait for his change. . . . The girls on Martha Powell's line are thinking of taking up a collection to get her an alarm clock so she can get to work on time. . . . Jerry Stier is pretty happy now that his little baby has cut two teeth. . . . Stella Evans was really surprised the other night when she was called on Dinner Winner, but she didn't answer right. Maybe the next time, Stella. . . . Harry Kessler has returned to work after being off for some time due to illness. . . . Someone ought to tell Jim Merchant that the day shift starts at 6:48 not 10 a.m. Jim claims he overslept. . . . Bob Johnson won some money in the basketball pool, but it took him a half hour to find out how much there was. It was stapled together. . . . The gang was looking for a ticket that had the winning combination for two days. Finally, someone asked Bob Bauer if he had one. Lo and behold, it was the winner. . . . Bob Hosier doesn't have to go to the Coliseum to skate. He just has Dot wax the bathroom floor. . . . Congratulations to Margie Ford on her engagement. We're all wondering now when the big day will be. . . . Everyone was surprised Saturday when Mildred Hindenlang passed around a box of candy and said that it was her last day. Good luck, Millie.

Herman Hake went into the general foreman's office with the express purpose of mooching a couple of pencils off of Merilee Young, who informed him that they would cost him a treat. Not to be out done, Herman went immediately to the candy machine where he purchased her a package of gum and a candy bar. The pencils were handed over to him, pronto. . . . Ira Augspurger and Ed Scheaffer were so intent upon viewing a specimen of Nature's handicraft that they failed to be observant of where they were going, resulting in a head-on collision, jarring Ira's glasses off and loosening up Ed's dentures. Luckily they escaped with a few minor bruises. We might suggest to them in the future to either look where they are going or go where they are looking. . . . George Cowan is a very versatile man, in fact, he has many accomplishments. Being an expert carpenter and cement man not a thing pertaining to construction work baffles him. It is a known fact that he performs many daring feats while engaged in a building program, such as hanging from the floor joists by his heels in order to nail a board into a difficult position. It has been brought to our attention that he also is a barber of no mean ability, shingling all of the male heads in his immediate neighborhood, both young and old. . . . Kenny Applegate has for many years been a great admirer of Ford cars and has owned several models of the aforementioned cars, never failing to extol the virtues of them to his friends. But something must have gone wrong, he is now driving a new Chevrolet. His friends cannot understand this change of heart, perhaps the merits of his new car overwhelmed him.

Mel Keissling nearly had heart failure when he saw Wally McKay throw his good topcoat out the window. What Mel didn't know was that Howard Schultz was down below to catch the coat. Mel thinks he is now qualified for the program, "People Are Funny." . . . Bob Turschman has a desk far back in the corner. Of course, he isn't there much, but when he is he is very secluded. . . . Eldon Vosburgh says that he is too tired these days to even go to the G-E Club square dances, and that is some fatigue. With the exception of Harold Boles I don't know of anyone who likes to square dance better. . . . We spread the welcome mat for Ruth Susdorf, a new time clerk in the office. . . . Red Braden sure knows when to pass the candy. He said he had forgotten about it being Lent but we aren't so sure about that. . . . Bill Eisenacher had his turn at fighting the flu bug, but Bill won out. . . . Pat Overmeyer swears that her feet are still growing and that is the reason she likes to sit around with her shoes off. Pat has a birthday this week and is now old enough to vote. . . . Louie Brunner has learned how to get past the time clerks when he comes in on second shift. He doesn't walk, he runs. Sometimes he gets out of the door.

Inquiring Reporter:

DO YOU THINK 21 SHOULD BE THE MINIMUM AGE LIMIT REQUIRED TO GET DRIVERS' LICENSES?

VAUGHN D. HISER

Bldg. 19-2

"No. I do not think the age limit should be 21 years. The age does not have as much to do with driving as the individual himself."

GEORGIA LAURENT

Bldg. 26-2

"No, because there are many cases where driving a car is a necessity before a person is 21. Many persons prove themselves to be as good drivers at 16 as other persons do at 30."

RICHARD BURNS

Bldg. 19-5

"No! It seems to me such a law would be unfair to many competent young drivers. Basically, it's as wrong as condemnation of all drivers after reaching an age of 60. Striving to make all ages safety-conscious is more practical."

ALBERTA D. ROTH

Bldg. 18-3

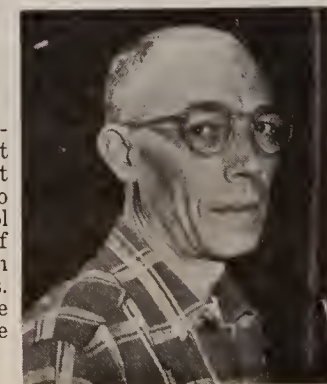

"No, I do not. I think the age limit minimum should remain at 16 years. There are certain occasions when it is necessary for a person under 21 years to drive, but I think there should be some limitations (specified time of day, reasons of bare necessity, etc.) placed upon them."

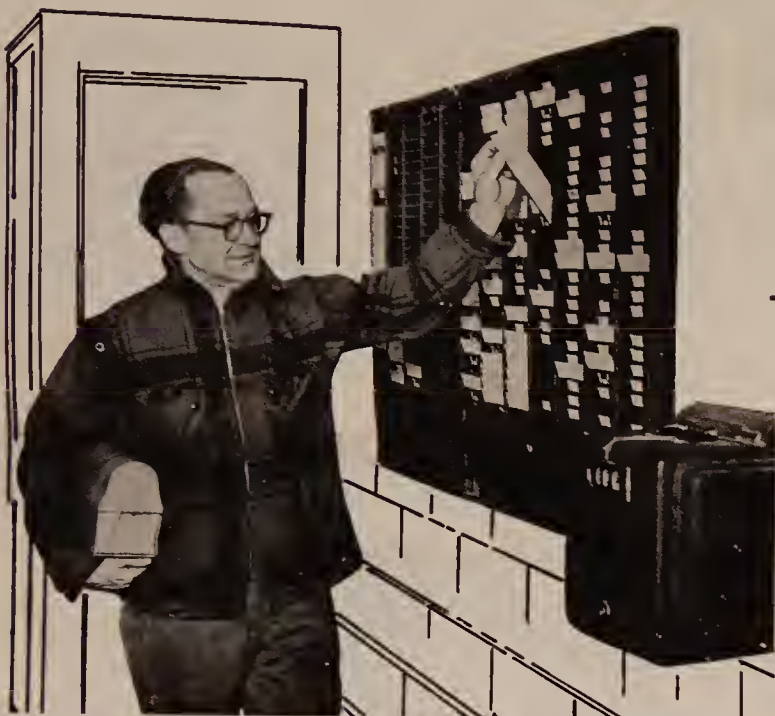

HARRY L. BABCOCK

Taylor St.

"No, I don't think the minimum age should be 21 to get drivers' licenses because a lot of younger people have to have transportation to school and to work. The reflexes of younger people are much quicker than older persons. The only trouble with the younger people is they have too much nerve at times."

GE Saves You many

1. Typical worker, Gerald Connor, a die set-up man at Trumbull Electric Department, rings in at the time clock.

*F*REQUENTLY some employer makes the headlines by refusing to withhold various taxes from employee wages, claiming that each employee should be made responsible for this obligation by the government. Without any intention of becoming involved in such controversies, our Candid Camera photographer thought it might be interesting to visit a G.E. plant and get a picture story of how much time and effort is actually required by the Company in the job of going to the tax collector for an employee. The resulting story—showing the Trumbull Electric Department operation at Plainville, Conn.—is startling when we realize that this is duplicated in every G.E. plant across the country.

As the Candid Camera man said, "If I had to do all this figuring and paying myself I would probably be writing to my congressman every day."

Following Trumbull employee Gerald Connor in this picture story we note that he appears in the first three pictures and then G.E. takes over for him until he receives his W-2 Form at the end of the year.

5. Daily tickets are then sent to the Tabulating Unit where Janet Zapotka, key-punch operator, key-punches employee's earnings on his daily card.

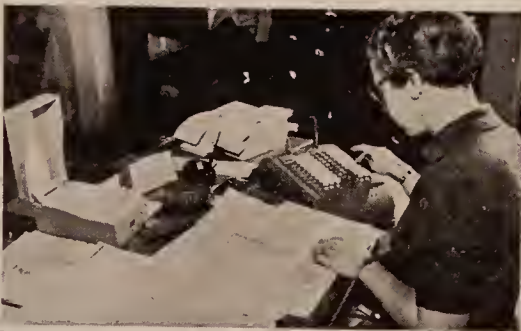

6. The employee's daily card is then put through the calculator to add any individual or general wage adjustments, as is being done here by Wanda Fachini, IBM operator.

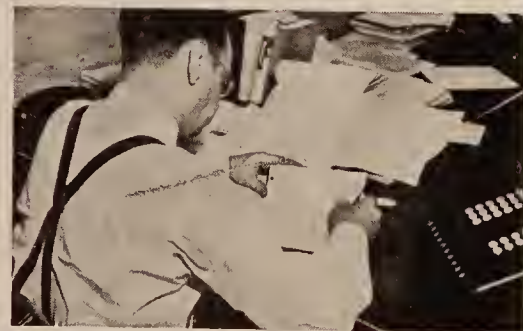

7. Doris Williams, IBM operator, runs the sorter which groups the daily job tickets for each employee for his week of work.

11. The summary card is run through the tabulator to make a record on the employee's Payroll Register sheet of his total wages and deductions. Here is Marjorie Quinlan, IBM operator, with William J. Buttner, Tabulating Supervisor.

12. Employee's Payroll Register Sheet is returned to Payroll, where it is verified and additional deductions (Employee Benefits, Community Service Funds, etc.) are made by Eleanor Yacabellis, payroll accounting clerk.

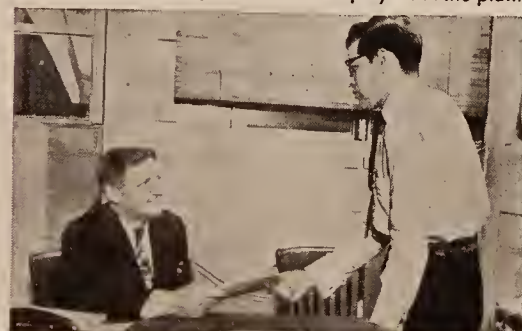

13. A monthly letter of information is prepared by R. C. Maynard, Tax Accountant, Credits and Taxes Unit, Trumbull Electric Dept., which covers the deducted withholding and social security payments for all employees in the plant.

16. At the end of the year Barbara Andrews, National Cash Register payroll posting machine operator, makes a recap of weekly totals of the employee's individual yearly earnings record card to complete his W-2 Form.

17. W-2 Forms are then returned to Payroll, where Shirley Baehr, Payroll Accounting Clerk, places them in individual envelopes for distribution to employees.

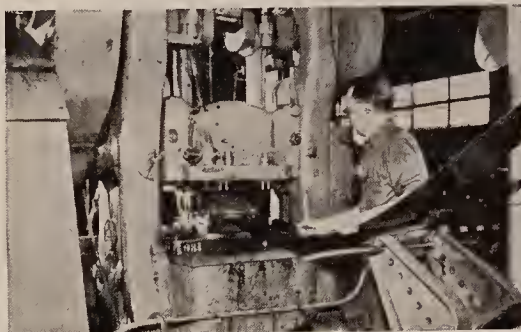

18. Paul A. Corsino (right), timekeeping group leader, Payroll Unit, delivers W-2 Forms to Adam W. Seipel, General Foreman, Iran Box Dept., who personally distributes the individual Forms to men in his unit.

Trips to the Tax Collector -- But not the Taxes

2. Since he does some piece work during the course of his day's work, he gets a job ticket from the job dispatcher, Leonard Gosselin.

3. He proceeds with the job assigned him at his machine. Here he tests die to make sure his set-up is correct before turning job over to operator.

4. Timekeeper, Rose Crescentini, tabulates various rated jobs to determine each employee's rate of pay, including that of Gerald Connor. Rated job tickets then go to Payroll for daily calculation of each employee's wages.

8. Job tickets are run through tabulator by Vera Moroz, IBM operator, totaled on a Payroll Register Sheet to make a summary card, and sent to Payroll for additions of night bonus, overtime, and other wage items.

9. The summary card is then returned to the Tabulating Unit, again run through the key-punch by Kathryn Weathers, key-punch operator, to add the basic information concerning incidental wages.

10. Summary card is put through calculator by Helen Klos, IBM operator, and Carlton Rich, her Supervisor, to compute overtime payments and inclusion of incidental wages to get gross earnings for week. Card is then put through a second time to compute the percentage of Withholding Tax, Social Security and Pension deductions.

14. Each month checks covering the total of withholding tax collections and social security collections are deposited to the credit of the United States Government in approved banks.

15. Ann Sorbello, posting machine operator, totals employee's earnings and deductions to keep a running total of wages and deductions for preparation of the W-2 Form. Elmer Churchill, Payroll unit Supervisor, looks on.

19. Having received his W-2 Form, Gerald Connor, and his wife, sit down at home to go over their tax return. Figuring his total income, his total deductions and the payment of these deductions having been done for him.

20. The necessity for an employee like Gerald Connor to visit his Internal Revenue agent in the local post office for advice in making out his income tax return has, with some exception, been eliminated.

21. Having received the benefit of the work the Company does for him in computing his total earnings and in figuring and paying his withholding and social security deductions, Gerald Connor mails his completed Income Tax return at a local mail box.

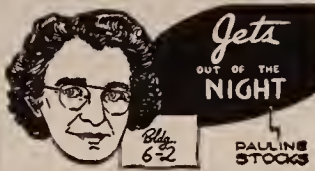

TRIPLE CELEBRATION—A triple retirement celebration was held recently for three Decatur Plant employees, Esther Strickler, John Beineke, and Frank Rowley. Left to right are Charles Keller, Mr. Beineke, Chester McIntosh, Mrs. Strickler, Ed Heshner, Mr. Rowley, and John Owens. Mr. Beineke and Mr. Rowley had both been miscellaneous assemblers since 1942. Mrs. Strickler had also worked on miscellaneous motor assembly since 1939.

SHIPPING: We all celebrated Forrest Wilson's 35th year with the Company by having our lunch at the cafeteria. We presented him with a gift. Betty Stebing, Mary Cole, Fern Runyan, and Herb Grueb all came over from Taylor St. to help us celebrate. . . . Congratulations and happy birthday greetings to Eloise Hoehn, Sunday, and to Bonnie Johnson next Wednesday. Many more happy birthdays, girls. . . . The fractional motor shipping division moved to Bldg. 6-3 on Monday. Sorry to see you go. . . . We would like to welcome the gang from Bldg. 26-2. . . . **TELEGRAPH:** Helena Nelson had a surprise shower for Dolores Widner last Friday night. The girls made Dolores a wedding gown which she is supposed to duplicate. . . . **MAILING:** Welcome to Frank Bontempo, the new mail boy. We bid farewell to Robert

Heaston who was transferred to the transformer. Good luck to you, Bob, on your new job. . . . **RECEIVING:** Everyone was interested in the pocket watch that Ed David was going to raffle off, but Carl Wagoner was especially interested because it happened to be his watch. Carl didn't know how his watch happened to get involved in a raffle, but he was determined to do something about it, so he bought a wrist watch and offered to trade with Ed. Ed was allowed to glance at the watch and he quickly agreed to the trade, seeing that it was a good deal. Then the switch was made and after taking a close look at the wrist watch, Ed saw that it was his own which he had left safely tucked away at home. Well, Carl, didn't clear up any mystery, he just added more to it. . . . Marie Renz was having her desk moved last week and in the usual feminine manner she couldn't decide which desk she wanted. Frank Parker was ready to call North American Van lines (he had only moved four desks for Marie) when she finally reached a decision.

Many products have a trade name. For instance "Arm and Hammer Soda." Of course, there is always a story as to how they got it, so if you want to know the story of this particular incident, ask Johnny Wilson, as he has the only original version of it. . . . Ralph Landis has joined the group of skaters from Bldg. 6-2. Ralph says it is only three feet to the floor unless you go higher before you start descending. . . . We hope the portions of the poor innocent pig that got mixed up didn't cause Ilo Kraft to have a meatless Sunday dinner. Whose face was red? . . . It seems to be a habit while passing out candy to give your telephone number, too. Well, the candy was good, Pauline. . . . We understand Bruce Hapner has just been granted a lifetime membership in the Strong Man's Club. . . . Congratulations to Walter Kiel on

Ann Lee, Joe Eifred Win March Mixed Doubles

by Les Shroyer

Joe Eifred and Ann Lee won the G-E Club Mixed Doubles Tournament for the month of March. They had a pin heavy total of 1299, including a handicap of 207 pins. Joe fired a 603 count despite a bad 155 start. His last two games were 223 and 225. (We hope Joe Kramer and "Cue Stick" Wilt will note that Joe had a 223 count on alleys No. 1 and 2.)

Ann had a 489 series on games of 161-171-157. The 1299 effort was good for a first place prize of \$20 donated by the Club.

Bill and Francis Miller finished in second place with a 1253 count including a handicap of 243 pins. Bill blasted out a 609 series on scores of 183, 256, and 170. Their score noted them a \$15 prize.

In third place last month were Paul Perry and Liz Shearer. They had a 1248 total including a 159 pin handicap. They pocketed a prize of \$10.

The following are the remaining prize winners:

Team	H	T	P
4 Jeanne Brown-W. Boltz	327	1238	\$9
5 W. Scheurich-Del Bucher	201	1233	\$8
6 Jane Kramer-Paul Perry	216	1226	\$6
7 Mr. and Mrs. Parisot	327	1219	\$6
8 Nelly Wendt-Joe Burton	264	1219	\$6
9 Gladys Fox-Dick Bucher	291	1204	\$6

There were 33 entries for this month's tournament. Saturday, April 11, is the date of the season's final Mixed Doubles tournament. Entries may still be made at the G-E Club desk.

Other high scores were Liz

his birthday. We all enjoyed the treat. . . . We wish a speedy recovery to Jan Cristmore's husband; also to James May, who are both in the hospital. . . . That '51 Oldsmobile of Jim Smalley's didn't look like a '53 Buick to us, as Jim tried to tell us. Who are you trying to kid, Jim? . . . Marie Bruggencote and Nettie Sellers each had birthday parties at their respective homes. Marie celebrated her dog's birthday and Nettie her cat's. . . . Bill Schreiber doesn't like his new location, but don't worry too much, Bill, your next move might be the office. . . . Mildred Briggs forgot that right after Feb. 28 came March 1 and time for the 1953 license tags. They just won't do you any good on the kitchen cabinet, Mildred.

Shearer, with 162-159-206 for a 527; Jeanne Brown, 169; Jane Kramer, 177 and 181; M. Parisot, 180; Mrs. Meeks, 178; Mrs. Koorssen, 169, and Jo Ann Korn, 175. For the men, Paul Perry, 211; Del Bucher, 202; Joe Burton, 207 and 214; Harry Dalman, 221, and Hank Vance, 203.

Dalman, Baker Keep First Place In Men's Doubles

by Les Shroyer

Harry Dalman and Gil Baker's 1341 still remains in first place in the G-E Club Men's Doubles tournament. There have been no challengers for their big count.

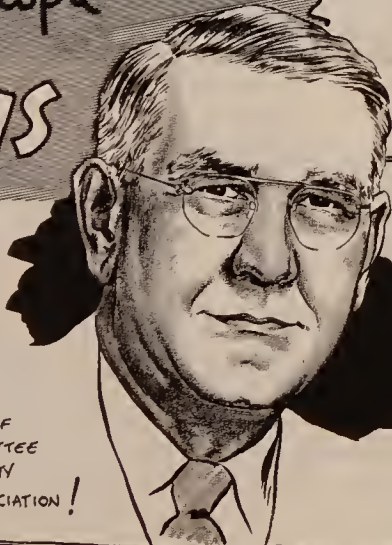

Joe Kramer and Serge Schuster connived to miss Alleys No. 1 and 2 and moved into second place last Saturday with a 1254 count, including a 216 pin handicap. Joe had a 517 and Serge a 521.

G. Hilt teamed with N. Baci to shoot a 1249 count and tie his previous week's score when he bowled with Jesse Keith. Hilt also bowled last Saturday with Ralph Schroeder and they proceeded to move into sixth place with a 1230 score.

High scores rolled this week were as follows: Joe Kramer, 205; Schmidt, 200, and Glen Stapleton, 229.

Scores were low and out of 156 games, there were only 200 scores kegged. Tomorrow night the tourney will wind up with Squads A bowling at 1, 4:30 and 7 p.m. There still are a few openings on each squad.

Transformer, Airliners Tie In Playoffs

G-E Ties Salisbury Cagers For Top Spot In Owl Loop

by Howard Colby

In a hectic ball game in which both teams were highly keyed, G-E handed the Salisbury team their first defeat in the second half of league play, to move into a first place tie.

Salisbury has been the thorn in the side for G-E all season long. In the first half of league play, G-E met Salisbury twice going down to defeat both times by scores of 42 to 36 and 46 to 35.

In the second half G-E met Salisbury and lost a bitterly fought contest by a score of 58 to 55 in a double overtime.

With last Thursday being the final meeting of the two teams in regular league play the Club team was all out in their effort to put Salisbury on the other side of the score book for a change.

With only three games left to play it is very possible that G-E and Salisbury might meet again in a play-off to settle first place honors.

In the first quarter Salisbury started off with a field goal by Guenin who has been the main stay of their Club all season. Two more baskets by Batchelor and a free throw by Yoder gave them seven points.

G-E, held scoreless from the field, was able to score only two out of four free throws, one by Blodgett and one by Johnnie Wilson, to make one of the lowest scoring first periods in the book, giving Salisbury a 7 to 2 first quarter lead.

The second period found Bob Markey getting two field goals, Blodgett a free throw, and Carl Wilson hitting two free throws, a field goal for a total of 12 points, while Salisbury garnered only 7 to end the first half in a 14 to 14 tie.

In the third stanza, it was Carl Wilson who paced the Club again with two baskets and two free throws for 6 points, while Baker

and Wickliffe each added a free throw, and Johnnie Wilson dumped in a field goal and a foul shot for a total of 12 points while holding Salisbury to just 7 to put the Club team in a 26 to 21 lead.

In the fourth quarter, Ron Blodgett got a free throw and a basket which was matched by Gene Etter. Wickliffe hit two huckets, while Markey and Carl Wilson added one each to total 14 points against Salisbury's 15 to put the game on ice and the first win of the season over their arch rivals by the score of 40 to 37.

We might add that Carl Wilson played by far his best ball game of the year, just when it counted most.

In other games of the morning Indiana Rod took Zollner by the score of 49 to 46. And F.O.P. won their first game of the year by whipping Eckrich 44 to 39.

Thursday morning, March 19, finds G-E meeting F.O.P. at 9 a.m., Zollner and Eckrich tangle at 10 a.m., while Salisbury takes on Indiana Rod at 11 a.m.

In the Interdivision basketball league this week, Transformer "1" from Bldg. 26 rebounded after a slow start to tie the championship play-off series at one game each in a best of three series with the Airliners from Bldg. 6-4. The final play-off game is slated for March 12 at the G-E Club gym, when the champions will be named.

In the first play-off meeting, the Airliners started like they were jet-propelled, hitting 8 out of 10 field goal attempts in the first quarter. They built up a 22 to 7 lead at the end of that period. Transformer could not seem to overcome that large lead and dropped further behind at 46 to 28 beginning the last quarter as Alan Huddleston was hitting from all over.

Then, Bill Miller and Pinky Christman caught fire and when the clock turned red for the final minute, the score read Airliners 50, Transformer 48. At this point two of the trailing team's boys fouled out and the victory was salvaged.

This game after the first quarter was an indication of what was to come in their next meeting. The teams played on even terms until midway in the last quarter. Then Bob Shaffer began to connect on some of those tough shots; he had been missing all evening. The great work by all the transformer men off both backboards throughout the game offset a slight height advantage of the Airliners. Bill Guisinger made a heroic effort to pull the game out of the fire as he pumped in 9 points in the last quarter. His 15 and Huddleston's 12 were high for the Airliners while four of the Transformer boys got into the double figures in the scoring column.

Both these games were very well played and even closer than the scores indicate. The finale is strictly a toss-up and should be a fitting climax to a very interesting season which had plenty of close competition.

the ball at the pins in his first game, ending up with a grand total of 98. Was the alley too long, Doyle? Ford Burnan rolled a 222 and Erv France a 205 for Brouwers. Art Seidel had a 202 for Old Crown. Old Crown continues to lead the league in team standings.

Kiel's Tavern took 2 games away from Kinney Concession. Vic Rump rolled a 234 for Kinney. Gutterdusters won 2 games from Harvey Bros. Deadheads took all 3 games from Transformer. Gehl of the Deadheads had an even 200 count. Hermetics lost 2 games to the Tools. Hoffman and Wiebke had games of 233 and 205. Central Dairy won 2 games from the Jets. Stager of the Jets had a 208 score.

each with a season record of 7 wins and 5 losses. Aker kegled a 217 count, the high for the night. Winters had a 214, and Parlow had a 200.

Interdivision League

Brouwers Tire and Battery team finally beat the jinx that the Old Crown Beer and Ale boys held over them by winning 2 of the 3 games. Doyle Miller really rolled

Sportliners...

by Earl Stauffer

"There wouldn't have been any National Semi-Pro baseball championship trophies in the G-E Club if it weren't for Joe Henry." John (Red) Braden made this statement in 1941, when Joe, then G-E Club vice-president, sold Club officials on a semi-pro team.

As a sports figure, Joe is one of the best known in this area. Almost everyone who can remember back to the "roaring twenties and thirties" will recall a scrawny, raw boned fellow cavorting around shortstop and third base for many local and out-of-town semi-pro baseball teams.

Henry was born in Canton, Ohio, but at an early age migrated to Fort Wayne. His education took him through the eighth grade at the old Cathedral School.

In 1909, Joe went to work at the Lamp Works located at the corner of Clinton and Holman Streets. Ten hours and overtime was a normal day, he recalls.

Joe's sports career started with the old Turners Club in 1913. That was the year of the flood here and Joe says all of the uniforms and equipment were ruined by the water.

In 1913, Western Gas had one of the top-notch ball teams. Joe went out for the club and had it made until the team went out-of-town. He says that it was the biggest disappointment in his life to be replaced when he thought he was in.

Joe went to Marion and Kokomo where he really came into his own in the summers of 1914 to 1917. After these junkets his local reputation was assured. Along about that time, he also played some

Joe Henry

Club, forerunner of the G-E Club Sunday ball for Wade Reed on the Badgers.

E. A. (Daddy) Barnes hired Joe Dec. 29, 1922. The Electro-Tecknic gave Joe the opportunity to display his athletic ability for G-E.

Naturally Joe has had his share of highlights. First to come to his mind is the time back in May of 1927 or 1928 when the New York Yankees played an exhibition here at the old League Park. Standing next to Lou Gehrig, Joe felt like a little kid. Also in the same game the one and only Babe Ruth hit a super high infield fly that Joe started after in the third base coaching box and missed behind the second base bag. Joe's comment: "Boy, was that high!"

Joe has played against and with the best, including Honas Wagner, Pinky Hargrave, Andy Woehr, Ralph Miller, and Butch Henline.

frame assembly. . . . Belated birthday greetings to Donna Foulks. . . . Faye Patton and Dorothy Hart really got their heads together with a bang, neither one was hurt but they caused a lot of laughter. . . . Bob Reinhart lost the key to his room and had to sleep out in the snow. . . . We hear Chappy has a 14-gal. cow for sale. He is trying to get Stanley Nicholson to buy her. We think Chappy should go in the dairy business. If the cow is for sale, Chappy, how much do you want for her? . . . Doris Yeger went to California to attend her brother's funeral. . . . Lois Yager and husband went out stepping to Toledo, Ohio, Sunday. . . . Rose Yeiser is quite proud of her pierced ears, so we hear. . . . Phyllis Bauer is off work because of illness and the third shift is missing her very much. . . . Ann Zeigler is on the sick list. . . . Ann Cueller celebrated a birthday and brought in some delicious cake. Traces Bartle also had a birthday and passed around candy.

We have a weather prophet here in Division 17. Maxine Sample can tell by the way her corns hurt if it is going to rain. . . . Wanda Roberts visited in Ruth Spark's home Sunday. . . . Velora and Charles Drury spent Sunday in Toledo, Ohio, visiting. . . . Thelma Trent had a telephone call from her husband in California. . . . We want to know when Kenneth Sims is going to let Eva Weber cut his hair. . . . Violet Carey is a proud grandmother. Violet is on third shift. . . . Norma Hicks was a week end guest at Dorothy Hart's home at Bear Lake. . . . We miss Ruth LaPradd, who is still on the sick list. . . . A little late we welcome Frances Massengill to the 51

In the Monday night ladies bowling league, Bowlettes are leading the league with a record of 23½ wins and 9½ losses. Twisters are in second place with 21 wins and 12 losses. Fivettes are in third place, having lost 14 while winning 19. Winnie Scheurich started with a low 142, added 170, and finished with a big 194 count for a 506 series total. Ann Lee rolled a 172 score. Alberta Rot rolled a 171 and 180 but couldn't get enough for the 520 series.

Transformer

Autos have taken over the top spot in the Transformer League with a record of 9 wins and 3 losses. In a tie for second spot, we find Radios, Bells, U-I, and M's,

HAPPY BIRTHDAY: To Ray Hupp, on March 11, and also to those back in the specialty section who are, Ernie Hicks, March 13 (today). Watch it, Ernie, Friday the 13th! James Bird, Sunday the 15th; Alvin Happel, Monday the 16th; Bob Ritchey (the good looking one), Wednesday, March 18th; Thursday, the 19th, we have H. L. (Mac) MacLaughlin, Max Barrows, and Lela Ompach; on the 20th we have Mildred Hartman. Happy birthday to you all! . . . **ONE NEW MEMBER:** Made a hit with the floor. Ted Briles joined the Floor Sitters Club the other day. He was very quiet during the fall. His red face and bright green socks made a colorful sight. That's okay, Ted, people are falling out of their chairs every day to become a member. . . . **WELCOME:** To Lois Reed, our new addition to the development section. She hails from Yorktown, Ind. She is single and for her hobby she sings and likes to cook. . . . **BIG JOKE:** We invite everyone to come and see our television set. Only one drawback, it has a very small screen, so be sure and wear your glasses. . . . **OUR FIREMAN:** Dagwood Duryee from developmental, can be seen dashing out of the office and down the stairs when the fire whistle blows. Caution: Never cross his path. . . . **BELL HAPPY:** Pat Boling was waiting to go home with lunch pail in hand when suddenly the telephone rang. He jumped up and started out the door when he suddenly realized it was the wrong bell. . . . **CONGRATS:** Our new TE Mack Hunt is the brand new daddy of a 6 lb. son, Stephen, born Thursday, March 5. Congratulations to the mother and father. . . . **FAREWELL:** To Connie Phaneuf. Connie is transferring to the DeKalb plant of the General Electric Company. Good luck! Also by-by to Steve (Sonny Boy) Nagy. After nine months it seems like you belong to us. Just won't be the same around here without your smiling face. Also, so long to Bob Davidson, our TE working for Mr. Willsey at Taylor St. Speaking of Connie, the girls in her office held a farewell party for her Thursday noon. We will all miss you and hope to keep in contact with you from time to time. . . . **HI:** Meet Bob Susdorf, new TE in Art Wilson's group. He is a graduate of the University of Wisconsin, year '52, with a BSEE. He is married and hails from Neenah, Wisconsin. He has had previous test assignments at Erie and Syracuse. . . . **DID YOU HAVE A GOOD TIME:** We hope our bride, Mrs. Everett Bray, will have her feet on the ground next Monday when she returns from her honeymoon. What a big assignment, getting married, a brand new Chevie, and a trip to Florida, all in one week. You really had it planned, Gwen, with 4 inches of snow on the ground who wouldn't like a vacation in Florida? . . . **WELCOME VISITOR:** We had a pleasant surprise visit from Ernie Spaulding last Monday. Ernie, guess Donnabelle Degler really scolded you for getting out on that ice and snow, and walking all the way at that. It was nice seeing you and we hope you continue to improve rapidly. . . . **HELLO:** To our other "recuperants", Owen Vaught and Ruth Lowdermilk. Hope to see you soon. . . . **TWO-TIMING THE WATER FOUNTAIN:** We feel Don Fredrickson is taking his job too seriously. He sprinted from J. J.

Horan's office, at a glance realized the water fountain was in use, and therefore started back to his desk. But never let a situation defeat you! He pranced to the time clock and leaned over. What a disappointment, eh, Don! . . . **SURPRISE:** Several girls surprised Lori Brink one night last week with a housewarming party. These girls were Kitty Haberstroh, Beverly Phillips, Mildred Heinkel, Arlene Dellinger, Ilene Hardisty, and Connie Phaneuf. The girls presented Lori with a lovely bath mat set for her new home. Prizes were won by Connie, Millie, and Kitty, and guess what they were playing, "PIG." A very nice time was had by all. . . . **QUESTION OF THE WEEK:** What happened to the old tradition of passing out candy and cigars from all new fathers?

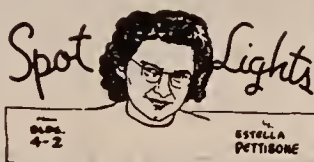

Our sympathy to Forrest (Red) Sutter on the death of his mother. . . . Hot rod Frank Walker is considering buying a faster car, a light black Buick this time. Frank, by the way, has discovered another use for safety shoes. He wears them when he goes dancing because his girl steps on his toes all the time. Now Frank says he can dance all evening in comfort. . . . "Admiral" Perry Wright, Pappy to you, was in to see us before re left for San Diego, Calif. He sure looked mighty handsome in his uniform. Even more distinguished than Officer Tieman. . . . Mildred Messer's favorite song is "The Old Lamplighter." . . . You know that new Dodge that Al Mason bought? Well, the other day Mrs. Mason parked it in a supermarket parking lot and guess what? Yep, that's right, crunch. Some guy caved in the door. Stout fellow, that Albert, he can still smile. . . . While we are on the subject of cars, did you hear about the time Ralph Garrett went to change a tire on his car? He jacked up the wrong side and

30-YEAR LETTER—Carl F. Hattendorf (center) reads a congratulatory letter on his 30th anniversary with General Electric to Omer Mettler (left) and Gilbert Sloane. Although he first worked briefly for G-E in 1916, his service dates to 1923 when he was a machinist in Bldg. 17-4. He is now a foreman in that section.

took off the wrong wheel. . . . All joking aside though, the boys in Bldg. 22 all do pretty well and most of them own fine cars. A few have reached the top and own some of the finest that money can buy. One such fellow who has joined the ranks of these top-notch wealthy motorists is our own Paul Miser, who traded in his old bucket of bolts on a Cadillac.

Christine Lauer has left us to become one of the G-E pensioners. Co-workers honored her Tuesday with a pot-luck dinner and a beautiful Eisenberg pin. She will join her husband in St. Petersburg, Fla. . . . Ruth Michelfelder had completed her driver's training, passed her test with flying colors and is now the proud possessor of a driver's

license. . . . Toni Lause is on the way to recovery after surgery and hopes to be back with us soon. . . . Ira Schofer is modeling the new spring hair style for men. His wife shaved his neck last week and now all the fellows in the tool section want a class in anatomy. They never knew necks extended so far up into the head. . . . Congratulations to Nina Growcock, who had another new grandson. . . . This month's birthday wishes are for Virginia Barrow, Paul Kennerk, Paul Monroe, Ralph Reinking, Ed Glusenkamp, and Paul Kennerk's wife. All treated co-workers to candy and Paul treated with cookies made by his wife. . . . Jake Auer escorted his best girl to the driver's license bureau recently for her license after he had taught her to drive. When the clerk found out the girl was not yet 21 she said, "You will have to have someone sign for you." Looking at Jake she quickly added, "Oh, I see you have your father with you." . . . We wish to welcome the small lot section from Bldg. 4-5 to our group.

40 YEARS OF SERVICE—Arthur Hubler (center) receives his ruby service pin on his 40th anniversary with the General Electric Company. Bob Hull (at left) and Ben Szwienik congratulate him. Mr. Hubler first came to the Company in 1912 as an inspector in Bldg. 17-4. At the present time he is employed in Section 17 at Taylor St.

Congratulations and best wishes to Mr. and Mrs. Ed Fruit, who were married in Angola February 28. Mrs. Fruit was the former Hazel Yates and Ed is employed in Bldg. 4-1. . . . It was nice to hear from Clayton Schultz who is spending some time in Florida. . . . Art Holtermann has been looking for a cure for nosebleed. The best one we can think of is to dodge a little faster. . . . We're happy to report that Mrs. Jake Barrand is able to be at home after some time in the hospital. We all wish her a speedy recovery. . . . Wishes for a happy birthday go to Jerry Humbarger, Garland Myers, and Ted Schelper. . . . Ed Hines favorite expression, "If they would only listen to me." . . . On Thursday evening, March 5, Arden Slough became the bride of James Dwyer at the Lutheran Church in Spencerville. Arden is the daughter of Ted Slough, Bldg. 4-1, and Jim was employed in Bldg. 4-5 before he went to the Service. Our best wishes to the happy pair. . . . Has anyone found out whether or not George Hahn was able to get a tournament ticket for his foreman? . . . Anyone wishing information on plastering (especially ceilings), see Herman Johnston, Bldg. 2-E. We hear he's quite an expert.

The girls in the switch section were very disappointed last week. They had just started calling Louie Kintz "Professor" when he came in with his ears set out. . . . Cozette Walper is busy advertising television. She thinks everybody should invest in a set and then go to the movies. . . . Ruby Stoops entertained the birthday group with a Mexican supper at her home. Our photographer, Ruth Cavander, took several flash pictures. . . . The girls in the switch section had everybody drooling Saturday morning with their waffles and sausage. Gladys Pantazin and Clarabelle Whiteman wouldn't fare so well if it wasn't for the good cook, Sarah Moore. Clarabelle almost had waffles hanging out of her ears. After having them for breakfast and dinner she was invited out for a waffle supper Saturday night. . . . Clarabelle Whiteman says she is sure Helen Miller will be a booster for Central now, since Ossian lost. . . . Ruth Peek and Linda Wabrer were angry at the weather man because they had to miss the Milwaukee hockey game. They attended the game at Grand Rapids and are sorry that hockey is over for the season. Linda says her new Chevie is really swell. . . . Cuddles Watt treated the girls with a pecan pie. . . . The girls all thank Laura Gerber for the samples of upside down cake. Now they are waiting for more generous size helpings. How about it, Laura? . . . Sydonna Fox says she would like very much to have the chauffeur she had Monday morning for keeps. How about it, Al? . . . Selma Voigt disappointed all of us by not getting the mumps. Now Al Deifert is on the watch list. He has been exposed by his nephew. . . . We are happy that George Pool is back with us after being ill a few weeks.

AD-LETS

FOR SALE
WANTED
FOR RENT
LOST & FOUND

"Lost" and "Found" articles must be cleared through the Plant Protection office, Bldg. 10-2, or the Plant receptionist, who will place the Ad-let and otherwise advise the article.

No ad will be received over the telephone.

Only one ad per employee may be inserted. Each ad must be limited to 20 words and cannot be repeated. All articles mentioned must be personal property of the employee. Ads will not be accepted unless accompanied by the name, pay number, and division of the employee. No plant building or telephone number may appear in any ad except transportation ads, only the home telephone number or address.

Send all ads to G-E NEWS office, Bldg. 10-1.

CLOSING DATE

Monday Noon, March 16, 1953

Will witness at accident Monday night, March 2, 1953, corner of Washington and Broadway at 11 p.m., please contact Genevieve Burke, E-38584 evenings 5 to 7:30 p.m.

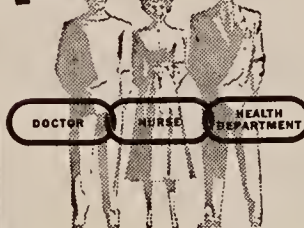

Will care for small children in my home days. H-77661.

Will care for your children while mother works. Fenced in yard, good clean home, near Broadway or Taylor St. G-E. A-60775.

THANK-YOU

Bertha Bertsch would like to thank her friends in Bldg. 17-3 and Bldg. 17-2 for their gifts and good wishes at her recent retirement celebration.

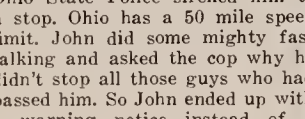

partners

in the fight for better health

All that glitters is not gold! Ed Farrell found a great big gold nugget and he was picturing himself as a rich politician, come next election. But low and behold the gold nugget proved to be a fizzle, fools gold they call it. So Ed thinks he will stay on at the G-E for a while yet. Better luck next time, Ed... Hickery, Dickery, Dockery! Oh, no! Charley Dockery has transferred to second shift and the Test Section will never be the same again... Russ Bowdy is trying to get away from cigarettes, three inches away, that is. He is now sporting a new cigarette holder and all he needs now is a monocle and he will be eligible for Cafe Society. Happy birthday, Russ. He celebrated March 11... The police really had it in for John Oaks, he got a ticket for over parking the first thing the other Saturday morning and the same day he decided to go to Ohio. He was cruising along at a slow 60 per when the Ohio State Police sirened him to a stop. Ohio has a 50 mile speed limit. John did some mighty fast talking and asked the cop why he didn't stop all those guys who had passed him. So John ended up with a warning notice instead of a ticket... We say good-bye to Fred Springer, Gene Smith, Arlo Hawkes, and Glen Witte. It sure was nice working with you... Welcome to our group, Conrad (Slim) Catron. Slim hails from Virginia and is studying at Indiana Tech to become a civil engineer. He wants to know what is wrong with the girls in Bldg. 6-4. They won't even say howdy-doo to him. So gals, the least you can do is make Slim feel welcome... Eleanor Harber and her twin sister really believe in being identical twins. They both mashed their index fingers on the same night. Don't you think that's carrying it a lil' too far, girls?... Howard Courtney must think the good old days are coming back. He was seen making out an order from the 1901 Sears Roebuck catalogue. We want to see the antiques when your order comes, Howard... Here is a farewell note from Wilbur Saxton who migrated to Bldg. 17-4.

Mary Morningstar leaves this Saturday to visit her sister in Phoenix, Ariz. Have a nice trip, Mary... Stella Mailand and her husband are off for a short vacation in Florida... A speedy recovery to Stanley Ostroski, who underwent surgery Saturday morning... Bernice Gephart spent the week end in Chicago visiting her sister... We are sorry to hear that Mildred Walkenstine's daughter underwent surgery recently. Hope she recovers rapidly... Say, Mary Raub, when you bring your knitting to work, you should bring your umbrella, too... We are glad to see Clair Bennet back at work... Glad Hazel Stauffer is also back after a week's illness... We all hope Pearl Michels like it in Bldg. 6-4. We miss her already... Beulah Emmer took last Monday off to take care of some unfinished business. Wonder if she wore her shoes?... We overheard Helen White say she didn't know anyone up in Bldg. 4-4. Wonder if she knows her father?... Birthday greetings to the following people, some of them belated... George Rogers, March 2; Eva Gangwer, March 6; Chick Kortum, March 12; Mike Kramer, March 17; Bob Fritz, March 21; Virginia Badger, March 21, and Louie Barrow, March 22... Jim Stauffer is back in the States after a cruise around Italy... Mr. and Mrs. Bob Fritz have a new baby at their house. Bob says it has good lungs, too... Stella Mailand took her shoes off at a card party and had to wait until after the style show to put them back on because she couldn't locate them in the dark... We hope it is a boy for Naomi Lallow, who quit work last Friday... Did you all notice the difference in Frances Rose? She is now wearing glasses... Bill Widdesfield's daughter, who has been at the Irene Byron Sanatorium for some time, underwent surgery several weeks ago, and is now on the road to recovery for which we are glad... Evelyn Treastor, who has been in Florida, has been sending some cute cards to people. The fellows are really enjoying them. In fact Dave Miller has his in his car and we are afraid he might

30TH G-E CELEBRATION—Harry Combes (center) joined the ranks of G-E employees with 30 years of service February 27. He worked in the Specialty Transformer and Ballast Department when he first came to G-E in 1922 and is now employed in GAC Section 13 at Taylor St. Congratulating him are Justin Heaston (left) and Jacob Allstetter.

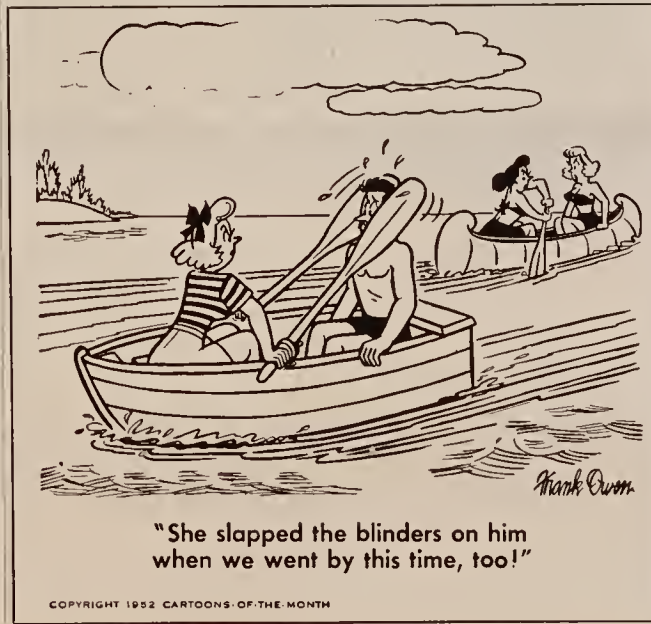

have an accident from looking at the picture and not watching where he is going... Rodger Williams is now known as "Rodger, the accordion man"... Jim Lenoir is on days now... John Stamper always picks the winner in the basketball games, but his choice always loses... Emery Tucker wishes he would be more accurate, so he'd know how to place his money... Louie Barrows is wondering when Betty Zollars is going to pay her debt... The boys were certainly surprised when John Figley came to work Monday morning. They thought he would try to locate a TV that would carry the funeral... The two Sams, Taylor and Warren, came to work Monday with new haircuts, but they both stayed clear of John Figley's basement... Russell Rose has a very contagious disease. He is so afraid the "Big Chevrolet" is going to get him... Harley Heckley says he is coming to Fort Wayne to the basketball games, but without his favorite Ossian team to cheer for... Art MacNamara is a full-fledged farmer now. He held the lantern all night for the sheep in the maternity ward!... Good-bye to Nelson Adams and welcome to Paul Hendricks, Jr., who is taking his place.

OVER OUR WAY

in 19-1

by Clara Volz

Don Kees got a cold reception last week. He turned on one of the water pipes and the stuff sprayed out like nobody's business over Don... Nice to have George Prince back at work again after his illness... I hear that Clarence (Pat) Bond hurt his foot. He fell down some steps in his barn, and injured his ankle. Hope it won't be too long, Pat, that you will have to be off work... Guy Miller has been putting on some weight. What's your formula, Guy? I could use a few more pounds myself... Cal Marhanke got gyped out of his lunch the other night. He had a sandwich in his coat pocket, but not for long. A mouse beat him to it... Well, all you good Irish people, your day is coming so do it up right. I think we sauerkraut eaters should have a special day too.

Appliance Dealers Prepare to Entertain Employees

The week of March 23-27, G-E employees and their families will have the opportunity to get acquainted with the four dealers of G-E major appliances in the city at the joint Open House sponsored by the dealers at their stores.

Each of the four stores will be open from 7 to 9 p.m. on the five days of the week to welcome employees and give them the chance to look over the 1953 line of G-E electric sink and laundry equipment, refrigerators, and ranges carried by each of the dealers.

Employees will also be able to become familiar with the discounts, service, and procedure necessary for their purchase of any of these appliances. The new improved Purchase Plan inaugurated last

fall offers employees a savings of 25 per cent on the Company's major appliances, which employees help to build.

The four dealers and their locations are: Goodyear Service Stores, 1220 S. Harrison St.; Grand Leader Department Store, 905 S. Calhoun St.; Schaper Home Appliance Co., 1622 Sherman St., and Schueler Appliances with stores at 2126 Fairfield Ave. and 126 E. Wayne St.

SERVICE WITH A SMILE—Gayle Kelsey, left, salesman at Schapers Appliances, tells his son, Eugene Kelsey, Sub-Section 17 employee, how each appliance is checked by service department men before it is sent to the buyer's home. Schapers, at 1622 Sherman St., is another of the city G-E dealers sponsoring the Open House to acquaint employees with local G-E major appliance dealers.

BALLOONS FOR THE KIDDIES—will be given to the small fry of G-E employees who attended the Open House at Goodyear Service Stores, 1220 S. Harrison St., during the week of March 23-27. Goodyear is one of four G-E major appliance dealers in the city sponsoring the Open House from 7 to 9 p.m. on the above dates. Debbie, 17-month-old daughter of Warren Wickliffe, Bldg. 19-1, is receiving a balloon from Dorothy Worley, Goodyear salesclerk.

Our Northwest civic leader, Bob Benz, must be a very congenial person, especially to photographers. Last week a couple of men approached him at his drawing board and told him that they wanted to take his picture. Bob posed and the deed was done. Several days later Bob was still trying to find out what they wanted his picture for. Just one of the things that accompany fame, Bob. So watch your G-E NEWS. . . . We're sorry that Helma Conrad's name appeared as Helen last week. . . . Congratulations to the Schlau-droffs on the arrival of a new daughter in their home. . . . Dallas Smith spent some time at Linton, but escaped being snowbound at Spencer last week. . . . Merrill Crews was ready to sell his new metal tool box for \$5.00. The steel shavings plus the six-inch bolt protruding at an angle through the top of his tool box plainly showed that some dirty dog had drilled a hole right through the top of his prize possession. In the midst of his initial feelings, Merrill gave the top of the bolt a rap and it went spinning across the aisle. It was only glued on to produce the desired effect. . . . When Ed Schaf-enacker complained about how dirty his tie was getting, a friend removed the complaint with a pair of scissors. How's that for service! . . . Howard Markey now has a well pump hooked to his trailer giving him plenty of that good lake water. . . . Dick Gecowets, a member of the night watch patrol at Hicksville, has finally received his wings. . . . The Bridgeport unit welcome Art Stahlhut, and the jig bore unit welcomes Everett Sloffer. . . . Earl Brandon had a little trouble with his bifocals Monday morning. After much cleaning of the lenses and trying to read the fine print, Earl discovered he had worn his wife's glasses to work that day. . . . Paul Weaver has found out that the thickness of a window sill can make a lot of difference in the way a window fits. He discovered the fact when he forgot to allow for the sill when he cut the openings for his windows. Pete Sowards claims to be starting a factory at Ossion to repair our nation's Chief Executive's broken golf club handles. . . . Who requested that song to be played on last Saturday's radio program for Ralph Van Osedale, Russel Sage and Ralph Reed? They really want to know. . . . Vernon Burk, who

thinks we should be kind to animals the year 'round, gave his new pet dog a real break. He lets him sleep on his good shirt. . . . Glad to see Frank Joiner back after a real battle with the flu. . . . It's all right for Maury Sordelet to use his desk as both a desk and a chair, but don't disconnect the phone with your hips. . . . Mer-wood Dunlap blames his sore eye on grinding dust particles, but his friends disagree and would rather blame a drafty keyhole. . . . A local reader of "Holiday" reports seeing Sharon Matthew's picture in one of the Hoosier Hysteria photos. Was he right, Sharon? . . . Lowell Welker is looking for a bungalow to replace his two-story home. The other morning he proceeded down the stairs in double time to silence the alarm clock, located on the piano. However, someone (Grem-lins, no doubt) had placed some obstacles in his path and Lowell failed to see them. After picking himself up out of a pile of blocks and tracks of an electric train, Lowell accomplished his mission.

Stormy WEATHER FROM 17-4

Aerial warfare certainly isn't very pleasant, according to Russ Noll, since he was on the receiving end of a "dive bombing attack." . . . All you have to do if you're low on money is to do as Don Thomas did. He checked back through his check stubs and discovered an uncashed check from November. It's a good trick if you can live for a week without pay. Tell us how you do it, Don. . . . When they take your beer and white bread away from you, that's the end of the road, says Larry Reed. Brace up, Larry, things could get worse or at least, that's what the doctors always say. . . . **BABES IN THE WOODS DEPT.:** again. . . . The welcome mat goes out to our new second trick tester, Jose Gutierrez. Glad to have you aboard. . . . **CAN IT BE TRUE?** The story has very wide circulation that our own John (Red) Braden is up for consideration for the managership of the Fort Wayne Daisies Baseball Club. If this is so, we can only say that "RED" Braden is the right man. . . . Even bowling can be dangerous as Alice Pflueger learned when she twisted her knee trying to prevent fouling. Was it

worth it, Alice? . . . After a bout with Old Man Flu, Ed Martin has returned to the sheet metal section. Someone had better put Harold Friedrich wise when it comes to hetting on basketball tournaments with such old hands as we have up here. We have some pretty crafty gentlemen up here, Harold, so forewarned is forarmed. . . . We knew something was missing on the floor, and now we realize that it is Bob Todd. On second look, you can

find him on the second trick. OK, Bob, as long as you don't get any further away than that. . . . **EVERYTHING COMES TO HIM WHO WAITS:** At last Bob (Digger) Lauer came through by winning the basketball pool so that proved our point. It only takes a lot of patience. . . . To have or not have a pay phone is the question, but not according to Walter Lorenz who was paid a nickel for the use of a phone here by Paul Woodward.

Either we are in the wrong business or lack that convincing gift of gab. Could be you have no sales resistance, Paul, or did Walt twist your arm? . . . We received a letter from Otto Proehl and we really envy him, because, according to Otto, he left here right in the middle of all the snow and ice, but by the time he reached Florida it had changed to its usual sunny weather. We're mighty glad to hear that he and his family are feeling well.

FIRST AID CLASSES START

Elex to Bring Pilgrimage Play To G-E Club Monday, March 30

— Write A Serviceman Today —

NOTE FROM A NEIGHBOR—is very welcome, especially when you are a Serviceman stationed overseas and the note comes from one of your former co-workers as many of our G-E boys in the Armed Forces state in their letters. Milly Ellis, Bldg. 12-2, opens the G-E NEWS campaign by writing one of the 33 Apprentice School members now serving Uncle Sam. Get the address of a co-worker who worked near you before entering the Service at the G-E NEWS office, Bldg. 18-1, Ext. 441.

G-E Employees Not Represented By Unions Granted Wage Increase

The General Electric Company announced this week that effective March 16 a new wage increase will be granted to all employees (other than officers of the Company) who are not in bargaining units represented by unions.

The Company will raise the present payroll "adder" of 8.74 per cent up to a minimum of 10.53 per cent and higher if the March 15 BLS "old series" index exceeds its previous high of last July. The General Electric Company has, since Sept. 14, 1951, included all its general increases in a payroll "adder" which is applied to wage and salary rates then in effect.

UNIONS OFFERED CHOICE OF TWO SETTLEMENTS

In meetings in New York on Wednesday of this week, the Company made alternative offers to the IUE and UE. No action was taken and no definite date was set for the next meeting with UE. IUE and Company representatives will meet again next Wednesday, March 25.

Also on Wednesday of this week local representatives of the Company met with representatives of Lodge No. 70, International Association of Machinists (AFL) and made the same alternative offers. As rapidly as possible, these same offers will be made to all other unions representing G-E employees throughout the country.

Either one of the two wage settlements would become effective as of March 16, if agreement is reached by April 17. If no settlement is reached by this time, any subsequent settlement would be effective as of the date of the agreement. For further details of the offers, see page 12.

Religious Movie to Be Free of Charge to All Employees, Families

Under the sponsorship of Elex Club, "The Pilgrimage Play," America's outstanding religious drama filmed in natural color, will be presented in the G-E Club auditorium at 7:30 p.m. Monday, March 30, for all employees, their families, and friends, Irene Meyers, club adviser, announced today.

The movie is free of charge to everyone. It portrays the story of the life of Jesus Christ. Reviewers have said of it, "Here is a picture you'll be talking about long after you have seen it. For emotional power, for dramatic sweep, for tender pathos, for crushing tragedy and majestic triumph—this portrayal of the life of the Savior is unexcelled."

Beginning Monday, March 23, employees who wish to donate eggs to the Elex Easter Egg sale may do so by giving their donations to contact girls or officers, or by leaving eggs at the Women's Activities office, Bldg. 18-1, or with Evelyn Blakley, Taylor St.

The 1953 Elex Easter Egg sale will be conducted by contact girls Thursday, April 2, throughout the Fort Wayne plant. Proceeds from the sale will be used to send boxes to G-E employees in the Armed Forces. Contact girls and officers will boil and decorate the eggs.

(Continued on page 4)

TWITCHER MEETS GLADYS—

"Twitcher," the Philharmonic rabbit, meets Elex contact girl, Gladys Moore, Bldg. 26-4, to talk over the Elex Club's annual Easter Egg sale and the Easter Fair sponsored by the Women's Committee of the Fort Wayne Philharmonic Orchestra. The Elex egg sale will be held Thursday, April 2. The Easter Fair, to which all employees are invited is for the benefit of the Fort Wayne Philharmonic. It will be held in the National Guard Armory Saturday, April 28, from noon to 9 p.m.

Disaster Control First Aid Training Begins Tuesday

Recent Atom Bomb Tests Emphasize Importance of Disaster Preparedness

The volunteer Disaster Control First Aid Training classes, sponsored by the Safety Section, will start Tuesday, March 24, Herschel L. Smith, safety engineer, announced today. Classes have been scheduled so that employees on all three shifts may attend.

Both a ten weeks (10 hour) course in Disaster Control and the standard 20 hour First Aid course will be given. The last 10 hours standard course for those who took the first 10-hour course last year will also be offered to make those persons eligible upon completion of the 20 hours for a standard Red Cross First-Aid card.

Employees may get further information about enrollment from foremen, safety committeemen or from the Safety Office, Ext. 711, Bldg. 16-3.

Classes will be held in the First Aid Room, Bldg. 16-1, at Broad-

way and in the cafeteria at Taylor St.

With the explosion of the atomic bomb in Nevada this week, employees should be extremely conscious of the importance of Disaster Control First Aid training, Mr. Smith said. The public demonstration at Yucca Flats showed conclusively that proper preparation for a nuclear blast could mean the difference between life and death to civilians, he added.

The following is the tentative class schedule:

BROADWAY—First Aid Room, Bldg. 16-1
Tuesday, March 24, 1 p.m. to 3 p.m.,
3:40 p.m. to 5:40 p.m. These classes are

'How wondrous it is, the Promise of Spring...'

How wondrous it is, the Promise
of Spring—how certain, assuring:
It's coming, Again!
Again birds will sing
Again flowers bloom;
Can you Doubt It? The gloom,
the dark, cold,
Disappears. The warm sun
the soft rain...

Melt with the snow
Doubt and Fear.
You Know Spring will come—
That is Faith: Renewed,
Renewing
The Soil of the Earth
The Souls of Men:
Spring
Will Come Again!

Note From a Neighbor

A brand-new organization, endorsed by the Defense Department, adopted by the country's biggest companies and created by a New York woman whose son is a serviceman, has gone into operation throughout the country.

It is called "Note From a Neighbor" and its purpose is to supply servicemen in Korean combat and on military duty overseas with mail from each man's own neighbor, fellow workers or old school friend.

Gen. James A. Van Fleet has endorsed the program, and Defense Secretary Charles E. Wilson stated:

"I am confident that a movement of personal encouragement inspired and carried out by the people themselves could be a moving force among our Armed Forces."

The G-E NEWS has a file of addresses of servicemen. Employees who want to take part in the campaign should contact the G-E NEWS office, Bldg. 18-1, Ext. 441 for addresses of their co-workers who are now in the service.

Every G-E employee is urged to ask his foreman or supervisor for the name of a former co-worker now in Korean combat or in service overseas and drop him a note from back home.

Frank Hoffman reports a fine 4,000 mile trip to Florida and back. Driving into Fort Wayne at the end of the long journey he was congratulating himself on an accident free trip. However, destiny ruled otherwise. A car failed to stop and plunged into the back end of his car as he passed over the Oakdale bridge. Tough luck, Frank. . . . Bill Trumbower's boys are growing up and he wants to take advantage of all their excess energy. So, he bought a larger farm. . . . Dick Gecowets has taken a new view on life the past week. He's wearing new glasses. . . . The warm weather and wash job given Mark McNulty a chance

Words by Walt

GOSSIP

'Twas said by Shakespeare years ago,
"Who steals my purse, steals trash."
By purse, we know of course, he meant,
Its contents, namely, cash.

I'm not so sure that I agree
With William's observation.
Because, with cash and what I eat,
There's quite a close relation.

I just can't feel on Friday
When my check is handed me,
That I will have, when it is cashed,
What Shakespeare called debris.

Just try to get a suit of clothes,
A pair of shoes, or pants
Without this filthy lucre,
And you'll find there's not a chance.

Of course, you might exchange some work
Or engineer a trade,
But with most merchants, that is not
The way their deals are made.

They want to see this stuff called cash,
Or trash, as Shakespeare put it.
Because each bill marked payable,
Requires this stuff to foot it.

In life, I know of many things,
Of course, that could be worse
Than finding that some slicker
Had relieved me of my purse.

A lot of things around my home
Could qualify as trash,
But any list will not include
My purse, when it has cash.

Of course, when Shakespeare wrote this
line
He didn't mean to say,
That everytime he got some cash,
He threw the stuff away.

His only thought in writing it
Was just to introduce
His major point called "Gossip."
Used for personal abuse.

Gossip, when about the weather,
Business trends, religion, farming,
Politics, and sports or fashion,
Really isn't too alarming.

But that's not the kind of gossip
Mr. Shakespeare had in mind.
What he meant was ugly rumors,
The regular yaketty-yaking kind.

Let some people in your hearing
Overhear one single word,
And by-golly they can start
The wildest rumor ever heard.

Vicious gossips never cease to see
If what they hear is true.
"Tell it,"—"Spread it,"—"Keep it going."
That's the thing they like to do.

Let somebody fall in error,
Or just stumble in the race,
And some yaketty-yaking gossip
Spreads it all around the place.

So, Shakespeare wrote, "Who takes from me,
The good name, I so need,
Takes nothing, he can ever use,
But leaves me poor indeed."

If something good cannot be said
To boost some one along,
Why not refrain from spreading
All the things you think are wrong?

At least, if you must tell it,
Tell it where it does some good.
Tell it to the one affected
In a way that's understood.

For malicious gossip never helped
One single living soul.
But day by day, throughout each year,
It takes its vicious toll.

"Let those of you, who sinneth not
Cast rocks at those who do."
Was written in the sands by Christ
For all, not just a few.

You can save someone a lot of grief
And trouble, if you will,
When you hear some dirty gossip,
Don't repeat it, just keep still.

—W. L. Whonsctler.

to find out what color his car really is. . . . Pete Spitzer has a new car and Emery Skees, if he can find an honest salesman, will also buy one. . . . John Fleischer, well known fisherman and die repairman, has a unique use for his precision tools at home. We learned that he can half sole his own shoes. When it came to clamping the sole in place John needed a clamp. Can you guess what he used? A pair of micrometers did the trick—old ones we hope. . . . Del Rehm, one of our general tool alumni, is doing his bit in civic activity. He was elected treasurer of their P. T. A. group. Any new cars or mink coats will be highly publicized, Del. . . . Sorry to say that Wilbur Lane has been off sick for several weeks but glad to report that he will be back soon. . . . Can you imagine anyone in our section so interested in talking that they completely missed the evening lunch wagon? Archie Wright can tell you how it feels. . . . The die plant welcomes Paul Greenlee and Jack Olnske. . . . Frank Staley is steadily gaining prominence as a vendor of everything from shoe strings to Buicks. . . . The Wayne township fire chief, Kenny McCague, and Company saved the roof on a house that was on fire. They claim they were lucky even to save that. . . . Bob Truelove and Jack Schamehorn aren't saying much about their recent trip to Houghton Lake. Bob says if you go up there and catch them you have to have a certified proof. If you don't catch any you're just a bum fisherman. . . . There must be a rotten apple somewhere in the barrel. The three cider mills, Kurt Martin, Elmer Sauerwein, and Mart Walsh are carefully checking their formulas and figures on that batch of high powered cider they allegedly made. According to a leak in the barrel, Mart and Elmer agree they should arrive at a total of 30 gallons. The custodian and chief taster, Kurt, hasn't arrived at a solution on how Mart and Elmer could get 30 gallons in a 20 gallon keg. Could it be the boys are preparing concentrated juice? . . . As Lowell Welker passes the forty mark the boys are kidding him about life beginning at forty. Lowell doubts this as he remembers all the things he has gone through in the past. . . . Spring affects people in different ways. The warm days give Reiny Lepper and Frank Druhot the urge to go fishing. Clarence Meeks is all set to get out the lawn roller and start to work.

SICK LIST

The following people have been reported on the sick list, dismissed from the hospital, and returned to work:

Sick List

Betty Uhrick, Alma Wilkinson, Jeanette Cook, William Newson, Phyllis Zent, Esther Weeks, Helen M. Smith, Beulah Smith, Thomas Shanahan, Emil Schurenberg, Arvin Sarrazine, Rolla Roe, Cleon Oyer, Stanley Ostrowski, Virgil Nash, Merritt Myers, Peter Mueller, Raymond Mock, Anna Lowe, Ruth Leverton, Beulah Lee, Nancy Bredemeyer, James May, Betty J. Brown, Jeanne Kortenber, John Grepke, Aleen Miller, Rose Richards, Robert Keck, Betty Keyser, Bessie Johnson, Floyd Jackson, John Hott, Hallie Hosler, Mary Hake, Mary Hopson, Mary Grover, Mable Funk, Sharon Dasher, Charles Crankshaw, Henry Calhoun, Glen Casteel, Cleola Bryie, Phyllis Bauer, Rufus Curry, German Brintley, Pauline Maybee, William Yeiter, Edwin Meyer, Marilyn Pattee, and Dora Gebhart.

Dismissed from Hospital

Marybelle Armstrong, Charles Atkinson, Raymond Greek, Ben Cahn, Ruth Lowdermilk, Oscar Mize, and Beulah Smith.

Returned to Work

Thelbert Mosley, Jr., Richard Pion, Delphus Morrical, Raymond Papenbrock, Robert Shoemaker, John Richardson, Fred Schimmel, Frank Woods, Bette Madden, Walter Leonard, Richard Merren, Jr., Joseph Moritz, Cora Polhamus, Velma Seibt, Doyle Miller, Russell Runkle, Richard Smith, Georgianna Miller, Arthur B. Miller, Albert Stute, Robert Pickett, Irma Thiele, Blanche Radosti, Charles Hoffert, LaRita Eckelberry, Harry Eenbarger, Henry Hedges, Willadean Hilsmeier, Paul Clouser, Marilyn Hardisty, Ralph Foreman, Walter Rehling, Glenn Calvert, Herbert Bergman, Doyle Miller, Dorothy Myers, Dorothy Burns, Aldena Harris, Estella Frantz, Hubert Grage, Herbert Bender, George Blocker, Walter Cook, William Demsey, Paul Beauchamp, Ella Grimes, Eileen Kryder, Jesse Fulmer, and Paul Klage.

Outline GAC Business at Employee Meetings

Sub-Department's 75th Anniversary Goals Also Announced at Meetings

In a program designed to give all General AC Motor Sub-Department employees a practical knowledge of all the phases of GAC motor business, a series of meetings is being conducted by Lisle Hodel, GAC general manager, at the Taylor St. plant and at the Decatur and Linton branch plants, it was announced this week.

Through these meetings, GAC employees are shown how their individual jobs fit into the total operation of the organization and how each person's work is aimed at the common goal—satisfying customer needs. A view of the place of their business in American industry was included in the program in a sound, color film, "Freedom and Power."

Approximately 1500 Taylor St. GAC employees and 700 Decatur plant employees were given an outline of the GAC motor business at meetings conducted this week and last week. A similar meeting is scheduled next week at the sub-department's Linton plant.

With this new business in the process of organization this year, a set of objectives for GAC Motor has been listed for the 75th anniversary year of the Company. The objectives, which were announced at the meetings are:

- Let us build a new and better motor—the Form G.
- Let us modernize our factories.
- Let us improve our service.
- Let us increase our sales.
- Let us make General Electric a better place to work.
- Let us make the stockholder appreciate his investment.
- All this adds up to build security for all.
- The need for dividing the Fractional Horsepower Motor business

into four separate self-contained businesses to better organize for the future by building specific products was pointed out at the meetings.

Employees were told that the constant need for progress in operations to meet customer demands and to remain the leader among competitors is the reason for revamping manufacturing methods. Mr. Hodel explained how operations carried on at the two branch plants fit into the overall picture.

Mr. Hodel explained that our present opportunity lies in our new organization, GAC, with a modern motor—Form G. With all of our new facilities, everyone should have every reason to be proud of our future organization, as we should be able to expand this business to meet our customers' needs, he concluded.

EMPLOYEE STORE SLATES INVENTORY

The Broadway and Taylor St. Employee Stores will be closed for inventory Wednesday, Thursday, and Friday, March 25, 26, and 27, R. L. Fischbach, store supervisor, announced today. They will be open for business as usual Monday, March 30.

Apprentice Alumni Square Dance Tonite

Apprentice Alumni Association members and their guests will dance to the music of John Wright and his orchestra this evening at a square dance, sponsored by the organization at Lunz Barn.

The informal event is slated for 9:30 p.m. until 12:30 a.m. Tickets, which are \$1.25 per couple, may be secured at the door. Attendance prizes will be awarded, Charles Briggs, chairman in charge of this evening's activity.

Civil Defense Group To Air 'Round Table' Over WANE Tonight

"Bomb Target USA" will be presented tonight from 8 to 9 p.m. over the Columbia Broadcasting System, Radio Station WANE. Arthur Godfrey will be master of ceremonies.

Following the nation-wide broadcast, Fort Wayne and Allen County Civil Defense organization will present the local civil defense picture, with Colonel Chester Lichtenberg, Allen County Civil Defense Director, and retired General Electric engineer, as moderator.

Participating with Col. Lichtenberg in the "round table" will be Chief Alfred J. Figel, law and order; Sheriff Harold S. Zeiss, law and order; Dr. A. P. Hattendorf, preservation of health; Chief Clinton J. Baals, preservation of property, and Edward H. Dolsen, Jr., relief from disaster.

OLD AND NEW—models of General Electric refrigerators are previewed by Barbara Moore, Bldg. 4-6, and Margaret Evans, Taylor St., at Grand Leader's appliance department in the basement of the store at 905 S. Calhoun St. Marvin Lockwood, department manager, points out one of the modern features of the new model.

Dealers Plan Open House Prizes, Gifts

50 ROY ROGERS TICKETS TO BE PRIZES IN DRAWING

Attendance prizes, gifts for the kiddies, and cooking demonstrations have been planned for the Open House which gets under way Monday evening at the four G-E dealers of major appliances in the city.

Designed to acquaint G-E employees with the dealers, discounts, and service, the Open House at each of the stores will be conducted every evening of the five-day period from 7 to 9 p.m.

Fifty tickets to the Roy Rogers show, to be presented at the War Memorial Coliseum Saturday, April 11, will be given away in drawings. Each of the stores will give away two tickets to the show each evening of the Open House. Employees must register at the stores when they attend any of them during the coming week and drawings will be conducted at the conclusion of each evening.

For the kiddies of G-E employees, each store will have free gifts. Balloons will be given to those children accompanied by G-E parents at the Goodyear Service Stores, 1220 S. Harrison St.

The Grand Leader Department

Store will have free ice cream bars for the kiddies in its appliance section in the basement of the store at 905 S. Calhoun St.

Wooden paddles with rubber balls attached will be given at Schaper Home Appliance Company, 1622 Sherman St.

Each of the two Schueler Appliance stores will have yo-yos at their locations at 2126 Fairfield Ave. and 126 E. Wayne St.

Home economist, Margaret Longnecker, of Commercial Electric Company's Toledo office, will be at each of the five locations one evening of the event to give cooking demonstrations. The items she prepares will be given to those attending.

Peg Buchan, home economist of Indiana Michigan Electric Company, will have members of her staff at all of the locations each evening to prepare foods, which will be available for the sampling of those attending.

Wilt to Head Baseball Group

Charles Wilt, manager of the G-E Club, was elected president of the City Softball and Baseball Commission at a meeting of the group held Wednesday in the YMCA. Carl Gunkler was elected vice president, and Walter Kerley, secretary-treasurer.

PREVIEW—James E. Lindley, Bldg. 4-3, at right, watches his refrigerator being unloaded at the freight yard along with other models of General Electric refrigerators which will be on display at Schueler Appliance stores at 2126 Fairfield Ave. and 126 E. Wayne St. during the Open House. Howard Reese, of Schueler's delivery department, and Warren Schueler, co-owner of the stores, unload the new models.

FOUR OTHER ACTS BOOKED

Balloon Sculptor to Furnish Fun For Audience at G-E Club Revue

In addition to the signing of headliner Danny O'Neil for the G-E Club Spring Revue, April 11-12, the act of "Balloon Sculpturing" presented by Billy Romano has been booked for the 1953 version of the annual Club event, Gordon L. Smith, entertainment chairman, reported this week.

The other four professional acts to be included in the revue will be announced next week, the chairman stated. Seven performances will be given during the two-day period to give all Fort Wayne plant employees and members of their immediate families the opportunity to attend the show.

Times of programs on Saturday, April 11, are 1, 3:30, and 7:30 p.m. Sunday, April 12, performances will be presented at 1, 3, 5, and 7:30 p.m.

Free of charge to employees, tickets will be available at the G-E Club desk, Taylor St. employment office, or from any of the members of the entertainment committee during the week of March 30. Employees are asked to show their G-E Club membership cards to secure tickets for themselves and members of their immediate families.

Presenting a unique act, Billy Romano fashions such things as animals, airplanes, and ladies'

Billy Romano

Two Employees Get New Positions In Large Motor-Generator Department

Harrold W. Eggeman To Serve As Cost Reduction Specialist

Harold W. Eggeman has been appointed cost reduction specialist in Large Motor and Generator Department, it was announced this week by Raymond J. Watkins, supervisor-administrative practices.

When he entered G-E employ in 1940, Mr. Eggeman joined the Apprentice School. He became a member of the U. S. Army Air Force in 1943 and served in the European theater of action for 13 months prior to his discharge in 1946. After returning to the Company, he completed the Apprentice School's machinist toolmaker course in 1948 and entered methods and equipment planning in Large M & G.

One year later, Mr. Eggeman joined the Fort Wayne manufacturing training program. Upon completion of this course in 1950, he went into Large M & G's wage rate section and six months later entered the methods section. In April, 1951, he became foreman in charge of all third shift operations within the department and held this position until his present appointment.

Mr. and Mrs. Eggeman and their two children live at 320 W. Cox Drive.

Name Carl D. Shidler To Specialist Post in Methods, Equipment

The appointment of Carl D. Shidler as methods and equipment specialist in the Large Motor and Generator Department has been announced by Fenton E. West, supervisor-methods, planning and wage rate.

Mr. Shidler became a General Electric employee in 1917, when he became a machine operator in Bldg. 6-3. In 1923, he transferred to Bldg. 26-5, where he was a toolmaker. Entering the tool drafting section in 1925, he became a tool designer. Mr. Shidler was appointed tool supervisor in Large M & G in 1939, which was his position until his present appointment.

Mr. Shidler is a member of the Quarter Century Club, Supervisors Club, and G-E War Veterans Association. The Shidlers live at 4416 Arlington Ave.

It's sad for a girl to reach the age

Where men consider her charmless,

But it's worse for a man to attain the age,

Where the girls consider him harmless.

Squares Set for March 28 'Spring Whing-Ding' Hoedown

Getting an early start on the Spring calendar of events, G-E Squares Club members have slated the "Spring Whing Ding," a square dance, for Saturday, March 28, at Goegelein's Barn, Chairman Bernie Dwyer announced today.

John Wright and his orchestra will provide music and calling for the informal event, which will be conducted from 8:30 to 11:30 p.m. Tickets may be secured from Squares and Test Engineer contact men. Prices of tickets are \$1.25 per couple for members and \$1.50 per couple for non-members.

Wednesday, March 25, is the deadline for securing tickets, Don Stearns, ticket chairman, reported. Other committee members assisting the chairman are Charles Strecker, in charge of refreshments, and Gene Pauly, publicity.

Lloyd Stubbins, Taylor St., and his wife won top honors in the recent bridge tourney sponsored by Squares and concluded Friday, March 13. The Stubbins' tallied a total of 13,050 points.

Runners-up were: Mr. and Mrs. Arthur Rowe, second place; Mr. and Mrs. Tex Thomas, third; Mr. and Mrs. Max Barrows, fourth; Mr. and Mrs. George Woodward, fifth, and Mr. and Mrs. Glen Seabold, sixth place.

Forty couples participated in the 1953 annual event, of which Joseph P. Coughlin was chairman.

First Aid Classes

(Continued from page 1)

10 hour Disaster Control Courses only. Wednesday, March 25, 4:45 p.m. to 6:45 p.m. This class is 10 Hour Disaster Control Course only. 7 p.m. to 9 p.m. This class is a 20 hour standard course. Thursday, March 26, 1 p.m. to 3 p.m., 3:40 p.m. to 5:40 p.m., 4:45 p.m. to 6:45 p.m. These classes are offered for those who took 10 hour course last year and desired to complete remaining 10 hours to get a standard Red Cross First Aid card.

TAYLOR STREET—Cafeteria

Monday, March 23, 1 p.m. to 3 p.m., 3:30 p.m. to 5:30 p.m. These classes are 10 hour Disaster Control Course only. Tuesday, March 24, 1 p.m. to 3 p.m., 3:30 p.m. to 5:30 p.m. These classes are offered for those who took 10 hours last year and desired to complete remaining 10 hours to get a standard Red Cross First Aid card.

Pilgrimage Play

(Continued from page 1)

The final series of wardrobe planning classes sponsored by Elex will get underway Monday, March 23, at 7:30 p.m. in Bldg. 16-3, Room 20. Mrs. Helen Wood, Wolf & Dessauer travel consultant, will conduct the series of five classes, which include travel and buying tips.

No Elex classes will be conducted the week of March 30 through April 2, Miss Meyers announced.

A determined soul will do more with a rusty monkey wrench than a loafer will accomplish with all the tools in a machine shop.

Danny O'Neil

hats from balloons and performs many unusual tricks with them. He includes audience participation in his act and gives away all the articles he makes during the act to members of the audience.

Appearing at theaters and supper clubs throughout the country, Romano has been on the following television programs recently: Ed Sullivan's TV program, Kate Smith's TV program, Super Circus, and the Courtesy Hour.

Danny O'Neil, who returns for his second appearance in the Club footlights, is currently starring on two of his own TV shows, "Breakfast Show," and "Our Song." He stars on the "Crossroads" radio program also and is appearing in the TV series, "Paradise Island."

TALES from TAYLOR
by Harry Parker

Charles Sherland has obtained a brand new tractor intending to go into truck gardening on a larger scale than heretofore. He is busily engaged in getting together all of the gadgets he thinks will be necessary to successful operation of said tractor. He also is building a super lawn roller with which he expects to be busily engaged in putting all the lawns in the vicinity of Waynedale in first class condition. We do know that Charlie produced corn, tomatoes, and melons of a very high quality last season. . . . Herb Sauer has gone from feathers to furs. Having built up quite a reputation as a crow slayer, he is now giving this up, intending to rest upon his laurels. Instead of crows, he is going out after fur bearing animals which he claims is a more lucrative pastime. Over the past week end, he succeeded in laying low a nice big red fox. Since he is quite enthused over this, he intends going after them in a big way, but we will venture a guess that when he hears the crow calls this spring, he will just have to go out and knock over a few. . . . It seems that every time Sam Allmandinger has any construction work done, he is plagued with a large pile of earth. If you remember the time he was building his lake cottage, there was a large mound of earth on the premises. The moving of this perplexed him no end until he got his wife a wheel barrow, then his troubles ended. At the present time, he is building a new home in Lakewood Park addition so the same conditions that existed on his lake property confront him once again. His wife flatly refused to have anything to do with this pile of earth, so it is up to Sam, who plans on doing it the easy way by hiring a man with a bulldozer and have him push the whole works into the lake. . . . Herman Doehrman discovered much to his disgust that sewing machine oil will not work so well as lighter fluid in a cigarette lighter. Being in a hurry to leave home for work the other morning and desiring to fill his lighter, he grabbed a container of what he thought was lighter fluid, but later discovered that it was machine oil.

FLOOR LORE
from Bldg. 4-4
by Louisa Pearson

Lewie Pfueger and Lloyd Runyon were off due to illness one day last week but were able to come in on Friday. Lewie's two daughters have been ill with a throat infection, but are improving now. . . . Herbie Jehl was a visitor last Friday. Herbie was one of our gang not too long ago. . . . We hear via John Walters that Eldridge Gillum has been doing some bribing around here with honey. What Gillum would like to know is how John found out about it. Eldridge says there are no keyholes around here. . . . Paul Winters nearly got blamed for something he didn't do last Friday. For a few minutes he thought he might get his face slapped. That gal Christine Helms was the guilty one. . . . Leon Rademaker has started to make vacation plans and we hope he gets to

take his trip. . . . One of the fellows in the unit bearing section thought it was Spring last Friday and opened the window wide. Not too long, though, guess it isn't quite Spring. . . . Gladys Stahly told me the other day she had a new name. She is now known as Grouchy Stahly. If Gladys hadn't laughed when she told me I might have believed it. . . . Mr. Mettler's grandson has been moved back to the Air Base Hospital at Rome, New York, and his condition is still critical. Mrs. Mettler is still with her daughter in Rome. . . . **LATEST OFF THE PRESS:** Eldridge Gillum, our newest seamstress, finally got stumped. What do you do with the material you have left over when fixing a pair of pajamas?

TOP FLOOR TOPICS
by JACK LEA

The guys on the solder line certainly had an "air" about them. At least they smelled nice. Especially John Hallien. They were doused with some expensive perfume, the kind that sells for 12 cents a gallon, tax included. . . . Alice Zumbrum has transferred to Taylor St. We hope she likes her new job. . . . The stamping section wants to welcome Dorothy McGowan to their midst. . . . Lucille Orr is the victim this time. After getting up, dressing, and preparing her morning coffee, a second look at her alarm clock revealed the time to be 2:30 a.m. . . . Bertha Wollert had a birthday Friday the 13th. . . . Mary Jane Bakle has a new dog. She calls it "Sooner". Wonder where she got that name? . . . **DAFFY DEFINITIONS:** Sunstroke—What you get if you make hay while the sun shines. Scotland Yard—Something that measures two feet and ten inches. Open Shop—A factory that has windows while a closed shop has air conditioning. . . . **COMMENT FOR THE DAY:** "Bestow kindness now, reap its rewards later."

Smoke House SAYINGS
Bldg. 22
George Minors

Eugene (Jet Engine) Miller and "Rocket Ride" Schieferstein broke all records the other night on the Bldg. 22 truck. There was a photo flash finish. The only complaints from the racers were that the track was cluttered with beams and crane ropes and the corners were not banked. In the future, the safety man, Frank McBride, must see that the aisles are kept clean. . . . Pat McCutcheon's new Cadillac will be a deep purple shade. It should go very nicely with his pink shirt. . . . Why does Henry Alfeld always test in the direction of the wind? . . . Johnny (True North) Berger says somebody on one of the other shifts is getting into his locker and wearing his socks. He says he doesn't want to appear selfish, but Johnny wishes he would quit because his feet aren't mates and he is stretching them all out of shape. . . . Dick Bodkins smoked one of Officer Tieman's cigars the other day and had to spend quite some time outside back of the building. Dick finally bought himself a new pair of shoes. His old ones were run over so bad that he was walking around on a bias. . . . We've heard of fellows sleeping on the job, but Frank Bailey is the only one we know of who wears his pajamas to work. . . . Wallace Reed has left us to join the Merchant Marines. Lots of luck, Wallace. . . . Joe Ostrowski bought a new pair of shoes the other day and his feet are so big that the salesman had to put each shoe in a sack by itself. . . . Arnold Schieferstein was late for work the other night because he had been out behind his house sailing a kite and it got caught in a tree.

OVER OUR WAY

in 19-1
by Clara Volz

Harry (Little Inch) Seitz pulled a boner the other day. He picked up his lunch bucket and headed for home. When he got there, his wife said, "Harry, why didn't you eat all your lunch?" Harry said, real coy-like, "I did." She replied, "Then where did all this food come from?" By that time, our hero saw that he brought home someone else's bucket and had to tote it back to work. After this, look before you reach. I also found out that Harry is the daintiest eater. He starts eating his lunch about 9 a.m. and doesn't finish till about 3 p.m. The fellows would like to know where he gets a large lunch bucket that he can eat out of it all day. . . . Ed Branning was complaining about having so much beef on his farm that he didn't know what to do with it. I think he's handing us girls in the office a line. In fact, I know he is. How about bringing in a hunk now and then? We'll take care of it for you, Ed. . . . Since Charley Fisher started on his new job in the factory as chief dispatcher, his legs have been given a good workout. It's a lot different from sitting on a soft easy chair all day long like you used to, eh, Charlie? . . . John Dennis, when it comes quitting time, why don't you leave like the others do? (Like a shot out of a cannon.) Yes, I know you said you were waiting for Hutch, but I'll bet you just hate to leave the place. Isn't that right, now?

HOMER RAY
Taylor St.

"Yes, 'How' poses a tremendous problem. In these times, we have evidenced great numbers supposedly employed for the betterment of governmental departments who are merely seeking personal financial gain. If it were possible to employ God-fearing people whose chief concern is the welfare of our country, this problem would cease to exist."

Inquiring Reporter:

CAN THE DEFENSE DEPARTMENT BE REORGANIZED TO OPERATE MORE EFFICIENTLY FOR LESS MONEY AS SEN. STUART SYMINGTON HAS SUGGESTED?

EDITH CANFIELD

Bldg. 31-1

"Yes. If the American people knew the truth about the bitter rivalries in the Armed Forces, they would demand wholesale reorganization of the Defense Department. The Pentagon should operate under a unification law which would give efficient business and give us far more defense for less money."

OPAL M. RUNYON

Bldg. 4-2

"Yes, I think the Defense Department should be reorganized to operate more efficiently by cutting down on some of the high ranking officers or top brass but not cutting down the output for defense or the right training of our boys."

HOMER RAY

Taylor St.

"Yes, 'How' poses a tremendous problem. In these times, we have evidenced great numbers supposedly employed for the betterment of governmental departments who are merely seeking personal financial gain. If it were possible to employ God-fearing people whose chief concern is the welfare of our country, this problem would cease to exist."

JOHN S. BABB

Bldg. 26-4

"I honestly don't see how reorganizing would necessarily assure us that the Defense Department could be operated on a cheaper basis because we cannot see that far in the future. It always costs money to reorganize."

CLARENCE E. CASELDINE

Bldg. 4-B

"I think we should reorganize it to find out where all the money is going and see if we could put some to better use for atomic attack."

FLASH; Guess what happened over the week end, in New York? Mary Ellen Hulvey received a beautiful diamond ring from a test engineer, by the name of Don Gottselig. He used to work in Fort Wayne. . . . **ST. PATRICK'S DAY** was really celebrated in Bldg. 4-6, by the wearin' of the green. . . . **ANOTHER FLASH!** Warren Berkeiser was seen putting a nickel in a cigarette machine to get a candy bar. . . . **HAPPY BIRTHDAY:** To Ruth Richey on Wednesday, March 25. . . . "WHERE IS SAM" can very well be Sam Moore's tune of the week. It seems like some people would do most anything to join the Floor Sitters Club. Sam went into "hiding" near the rear of the drafting section to work on his "PD" form. While concentrating he leaned back a little too far and the chair broke, depositing Sam with a loud bang against the floor. Sam's hide-away was discovered by practically the whole office, including a G-E News reporter. . . . **THE LOST HAS RETURNED:** Mrs. E. Bray returned to her desk last Monday looking very happy indeed and bubbling over with excitement. She and her new husband traveled through 13 states (so she says) including Washington, D. C., Virginia, down one side of Florida, up the other, and made it back to Fort Wayne all in one week, after the bad start they had. (Sh, let you in on a secret), Everett left the travelers' checks in his coat hanging back in their apartment. They only got 10 miles out of town, so it wasn't too bad. Those things are bound to happen on a honeymoon, eh, Gwen? . . . **WELCOME TO:** The new TE in John Willsey's group is Robert R. Watson, who hails from Blackwell, Oklahoma. He is a graduate of Kansas University with a degree in electrical engineering. He is still single and comes to us on his fourth test; previous tests being at A and OS, Schenectady, and Pittsfield, also with heavy military powerhouse engineering at Syracuse. . . . **FEDERAL LUNCH INSPECTOR:** Alfreda Sutton is known by all her co-workers by the above name. As the story goes she always tries to find out what people have in their lunch. If she thinks she likes it, she begs until it brings tears to your eyes and you can hardly turn her down. Wonder if she is eating the right things to gain weight! . . . **HURRAH!** Financial is proud to break into the print this week to announce we have a new father in our midst, Walt Konow. His daughter, Karen Ann, arrived on Thursday, March 12, weighing 5 lbs. Congratulations to the parents, Walt and Maggie. . . . Rosanne Boyle is leaving this week to stay at home with her children. Now that Spring is almost here we envy Rosanne being able to stay at home. Clara Steele came over from Taylor St., to take Rosanne's place. It is nice to have you with us, Clara. . . . Sarah Sue Thomson will be leaving us next Friday. Her husband is on the manufacturing training program and is being transferred to Schenectady. Good luck, Sarah Sue. . . . We welcome Marylinn Stemmler to the customer billing section. Marylinn was at one time an employee in the regional warehouse. . . . Audrey Linberg is wearing a bright smile these days. Her husband has just returned from the Service and they will now be able to take up housekeeping. . . . Max-

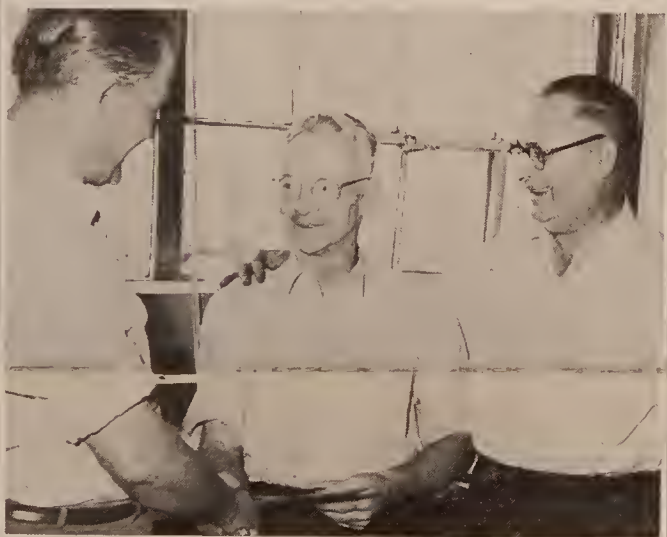

Three With 30 G-E Years

30-YEAR BEST WISHES—Darryl Franklin (left) is congratulated on his 30th anniversary with General Electric by Robert Shuster and Henry Reidenbach. Mr. Franklin was a shearer operator in Bldg. 4-1 when he joined G-E. He is now a production clerk in Bldg. 4-5.

ON 30TH ANNIVERSARY—Thirty years of General Electric service were celebrated March 6 by Ralph R. Heminger (right). Offering him best wishes are F. LeMoyné Gale and Ralph F. Shoaff. Mr. Heminger has been a G-E employee since 1923. He is a packaging specialist in Bldg. 4-6 at the present time.

ROUNDS OUT 30 YEARS—Russell Scherer (center) rounded out his 30th year as a General Electric employee March 9. With him on the occasion are Forest Monroe (left) and Joseph Howard. Mr. Scherer joined the Company as a stacker in Bldg. 4-1. At the present time he is employed in Bldg. 4-5.

ine DeBrular joined the sales accounting section to replace Fern Lovrich; Fern's husband is on the manufacturing training program and was transferred to Erie on March 9. . . . **EXTRA! EXTRA!** It was front page column news in the Journal-Gazette last week

when the "sweetheart" of the blueprint department, W. W. (Doc) Potter did not even get the name of the beautiful damsel who shared her umbrella with him at Berry and Webster Streets. Doc's only excuse is that he was soaked—rain, that is.

Anyone wanting to know what an aisle is should ask Dan Bishop. . . . The next time Alberta Watt bakes a cherry pie the girls would like for her to take the seeds out. The pie was delicious but it took so much time to get rid of the seeds. . . . If someone has an old alarm clock please notify Kindergarten. They would like to will it to Ruth Peek. They don't care what condition the clock is in just so the alarm works. . . . If Roger Isnogle didn't spend so much time at Trustee Yager's home maybe he could get to work on Saturday. . . . Pauline Settle spent Sunday at Montpelier attending a birthday party. . . . Ollie Ragan and Freida Flaugh spent the week end at Covington, Ky. Ollie brought back Easter eggs to the girls and they were very different. . . . Homer Ray and Harry Todd had their pictures taken last week. Homer had a nice smile for Brownie. . . . Congratulations to Bill Brown who has a new Nash; Harry Todd, a new Chrysler; and Deloss Martin, who has a new G-E television set. . . . Oral Emrick and Bill Brown attended the square dance last week. . . . Hilda LeCoque is recovering from an injured ankle. She forgot how to walk on ice after spending two weeks in Florida.

FLASH! Bonnie Wolf is expecting! Not a blessed event but a new Chevy. She has had it on order for some time and hopes it arrives before the end of the week. . . . Belated birthday greetings to Ruth Hine whose birthday is March 17. . . . So sorry to hear that Mary Reynolds has been called to Houston, Texas, by the serious illness of her mother. . . . Monday morning and no Evelyn Treastor. She must have liked Florida too well. . . . When Kay Webb falls she picks something soft to land on. It was her brother-in-law and they were in the process of taking home movies. . . . Lavon Nesbit has a new furnace at her house. Now there will be no more troubles in keeping warm. . . . John Stamper got a new bait (a river plug) he is going to use instead of spotys. You know, John, catfish won't bite on that. . . . Floyd Truelove, Ralph Waikel, and John Stamper came out ahead on the basketball games. . . . We hear that Al Rebber does other things at Turners besides tumbling. . . . Charlie Taylor is rushing the season. He came in wearing a squirrel's tail one day. . . . Windy Boester is the proud father of a new boy, Windy, Jr. . . . Walt Konow is a new grandfather. A girl, his first. . . . Russell Rose is the proud owner of a '49 Chevrolet. "Just like new," he says. . . . We wonder if Mary Warren's boards were really disappearing or was she seeing things on Monday morning? After all, she did attend her nephew's wedding in Fayette, Ohio on Sunday. . . . Freda Farley was sure having her troubles with "Leaping Lena." We hope it is all fixed now. . . . Our sympathy to Helen Franklin and Helen White. They both attended funerals for their uncles. Also, to Augusta Gallmeier whose two

aunts died last week. . . . Good-by and good luck to Joe Hendrickson, Eula Leasure, Pauline Denny, Eleanor Huffman, Hazel Maxson, Agnes Shane, Carolyn Pressler, and Rosemary Wall who left us for other parts. . . . Margarite Smith enjoyed herself as a week end guest of Dorothy Mollet. Incidentally, Dorothy showed up Monday with a poodle cut. Do you suppose they were doing a little cutting up? . . . Mary Alice Williams claims she was off sick but that suntan sure looks like she recuperated in Florida. . . . Mary Garrard better watch who she tries to kick, especially when it is the boss! Mardo Tobias is really quick and the next time he may catch your foot and you will have a nice fall!

Ramblings

Bldg. 31-2

by Julie Rice

Here I am behind the times (and the 8 ball) again. It'll be three weeks Monday since Ray Atkinson went to the "horse pistol" for an "abominable" operation, but old-slow-on-the-trigger here didn't know it till last week. Some of his buddies in the AC Engineering brought me up to date, though, and told me that he had been sent home last week and is doing right well. . . . New faces pop up around here like shiny new pennies in a bank. First of all our new draftsman is Robert Braun, recently associated with the U. S. Army, and presently engaged in the coil section. Also, just in case you were wondering, he is the nephew of our friend Al Braun. We also have a new mail boy, Bill Kuehner, by name. . . . Don Kaiser, the world renowned traveler and explorer, is back with some exciting tales to tell of his most recent excursion which took him into the wilds of Florida. As far as I can gather, his only regret is that he couldn't have stayed longer. . . . Something tells me that Charlie Brown is just not satisfied with urban life as it is. Last week I was told that he was both looking at a farm and inquiring about a cottage at Clear Lake. . . . That Paul Perry! He placed third and sixth in the mixed doubles tournament. . . . Well, the Red Devils silenced the roar of the Tigers last week end and much to the dismay of several people around here, especially Al Edwards. It seems that last week he made the statement to his luncheon colleagues that if Central lost, he would probably have to eat by himself next week. Well, Monday when they went to their usual eating place, Al found that there was a special table reserved for him, equipped with a screen so that he could brood in solitude. . . . One last thing, I am sincerely sorry that in my last column I misspelled the name of G. E. Plaisted. . . . Did you notice that our editor, Julie, is losing some of her pounds? Perhaps it's her night schooling which tells her to spell it "pouns" now.

WITH COMPANY 35 YEARS—Celebrating 35 years as a General Electric employee, Howard Sauer (right) receives the best wishes of John M. Brothers (left) and Paul Merkert. He first came to G-E in 1917 and is now employed in Bldg. 6-1 as a packer.

Congratulations to Mr. and Mrs. James Moore. They have a new baby girl weighing 7 lbs. 5 ozs. named Karen Louise. It is their first one and they are very proud parents. . . . Ray Goeglein is coach for St. Peter's Lutheran Grade School basketball squad of New Haven and they defeated Fort Wayne Lutheran schools in the City Tournament. He is very proud of the fact. . . . Some of the fellows seemed to be hard of hearing last week. They were going around with their hand behind their ears saying "Huh." It all points to Frank Elder and a story he told. . . . We are glad to have Frank Enderle back at work, after being off due to illness. . . . Floyd Mutton had better be a little more careful with his billfold and not leave it lying around so carelessly. He may not be so lucky the next time. . . . Happy birthday to Russ Neireiter and Rudy Rastenburg.

NOTICE: Have you noticed the sparkle in Mae Boyce's eyes? Friday the 13th was her lucky day. Mae received a beautiful diamond engagement ring from Walt Dial. As yet we have no announcement of the wedding date. . . . The 51 frame little line assemblers sure aren't superstitious. They ran 1,300 motors on Friday the 13th. . . . Norma Hicks' boy friend, Stanley Lake, has a new Plymouth and is Norma happy. . . . Maxine Insley's son was brought home from school with the mumps. . . . Bonnie Goodrich is going to be a full time housewife. She quit to do some sewing and to await the arrival of a newcomer. Since they have two girls they are hoping for a boy. . . . We wish to welcome Elizabeth Miller to the 430 group.

6-4 AIRLINERS by ELLEN BAUER

Noah Smith wishes to thank all of his friends for their thoughtfulness and help which is keeping three nurses on duty at all times for his wife. . . . We like our new glamour girl, Stella Peters. . . . Jim Burns seems to be bidding for a new job. Do you think it would be more exciting to run an elevator, Jim? . . . Clara Hoeh believes in sign languages when she talks to Mel Figley. . . . Herb Shell said he felt a draft the other day so he put on his cap and pulled down the ear muffs. Some draft. . . . Marguerite Smith is sporting a new '53 Chevy and has all of 153 miles on it. . . . SURE SIGN OF SPRING: Wa-a Miller has a new bathing suit. When are you going to model it, Wava? . . . Marcie Giradot has a new hair-do. Cute, isn't it? . . . BIG NEWS: The Airliner's won the basketball championship game. At the last minute they put in Pondo and did they ever cheer for him. Congratulations, fellows, on a fine game. . . . Judy Sparks ran out of gas last week and had to walk a mile to get gas. Don't you know it won't run without it, Judy? . . . Jean Parrish had a wedding anniversary last week. Congratulations. . . . Belated birthday greetings to Alice Steinbarger, Marcie Giradot, Ruth Cartwright and Frances Lewis. Birthday greetings to Betty Thompson. . . . Thelma Purdue sure got the fish the other day. Fish sandwich that is. Did you catch it, Thelma? . . . The girls thought they saw a hole in Hazel Leonard's coat so they sewed it up. What happen, Hazel? . . . Treace Trout has a new kind of pie called pumpkin nut and screwpie. . . . Jackie Keller has a boy friend who can't forget her. She

Elmer DeBolt Appointed Hermetic Winding and Insulation Foreman

The appointment of Elmer DeBolt to the position of foreman of winding and insulation on first shift in Hermetic Motor's Fort Wayne manufacturing sub-section was announced this week by Eldon J. Vosburgh, superintendent of the sub-section.

When he joined the Company in 1940, Mr. DeBolt was a Potter and Johnson operator. One year later, he became an inspector and was appointed a foreman of inspection in 1942. After serving in this capacity in several locations, Mr. DeBolt entered the central test and inspection office on special assignments in 1945. In June of that year, he entered the labor relations office, where he was located until his present appointment.

Mr. DeBolt and his wife, Ruby, who works in Sub-section 17, Taylor St., have three children and live on R. R. 2, Ossian.

Elmer DeBolt

got a card from Gene. . . . Art Bobay is looking for a nice blonde to drive his new car. Why a blonde, Art? . . . Frank Servey was wearing a black bow tie the other day. Are you trying to beat Zurk's time, Frank? . . . Donna Hahn received a lovely birthday gift from the foremen. What was it, Donna? . . . Dorothy Edgar was modeling her new Easter bonnet. Sure was cute. . . . Gaylord Sparks had a nice shiner. He said he got it playing basketball. Well, maybe he did.

When Does the Congress Assemble? The Constitution states that Congress shall assemble at least once in every year and that such meeting shall begin on the 3rd day of January, unless changed by law.

Neal Hench New DMM President

Neal Hench, Bldg. 18-2, is the new president of the Decimal Minute Men. Other newly-elected officers are: Allen Ruble, Bldg. 18-2, vice president; Louis Swager, Bldg. 26-2, secretary; Eldon Moodie, Bldg. 4-4, treasurer; Carl Swaim, Taylor St., steering committee, and Fred Grunst, Bldg. 2-2, sick and welfare committee chairman.

The 1953 officers, who were elected at the March 16 meeting, will be installed at a dinner meeting April 30 at the Van Orman Hotel. Retiring officers will be in charge of the installation. Wives of members will be invited to this meeting.

George E. Hicks, Bldg. 4-6, is the new chairman of the steering committee, of which Vern Boyer, Bldg. 4-5, is also a member.

Clare Boothe Luce To Greet Elex Club On Visit to Italy

Mrs. Clare Booth Luce, newly-appointed U. S. ambassador to Italy, has written the Elex Club that she will be happy to greet members on their visit to Italy this summer.

Mrs. Luce indicated that she would be delighted to entertain members of the Elex Club of the General Electric Company, in a letter to Irene Meyers, Elex adviser.

The organization is sponsoring a trip to Europe during vacation shutdown for members and their friends. Anyone interested in joining the group or in trip information should contact Doris McKeefer, Ext. 454, Bldg. 18-1.

What Is a Straight Ticket? A vote for all the candidates of a single party; generally done by placing a single cross or X in the space at the top of the column.

GAC Sub-Section 13 Hits Million Accident-Free Hours Friday the 13th

LUCKY FRIDAY 13—In honor of the safety record established by employees of GAC Sub-Section 13 last year, George App, general foreman of the sub-section, presented a 1952 meritorious safety performance award to Mark Gotsz, the safety chairman on Friday, March 13. That date also marked the completion of three million man-hours of work in the sub-section without a lost-time accident. The presentation was made at a meeting of the safety committee which is composed of the following members: R. Smith, C. Price, R. Myers, P. Wilcoxson, J. Mullaney, W. Wright, R. Pemberton, P. Bodeker, L. Gordon, C. Sherland, J. Workman, A. Bobay, J. Eme, J. Junk, R. Schooley, H. Bailey, L. Boner, H. Koksa, C. Crapser, and F. Kryder. Second shift members of the committee were absent when the picture was taken.

TAYLOR ST. 'A' TOP VOLLEYBALL TEAM

VOLLEYBALL TITLEHOLDERS—The winning Taylor St. "A" team of the Volleyball League is shown above. Left to right are (Row 1) Mel Kestner, Bob Baals, and Ozzie Nahrwald, (Row 2) Art Rasor, George Cowan, Dick Wehrle, Merle Morkoetter, and Don Arnold.

Dalman and Baker Win G-E Club Men's Doubles with 1341 Total

by Les Shroyer

Well, they did it! They bowled on the first squad of the tournament, went into first place, and stayed there until the end. The winners are Harry Dalman and Gil Baker. They are both members of the Pawlisch Shoe Repair team of the Office League. They had a 1341 total on games of 462, 437, and 442 which included a handicap of 62 pins per game. Their actual pin count of 1155 came in second. Their 1341 was good for a first prize of \$35.

Bowling on the last squad of the tournament J. Ort and Doc Peters of the Masonic League rolled into second place on scores of 449, 393, and 494 for a total of 1336. Their score included a 55 pin handicap per game. Doc had a big 654 series on scores of 236, 191, and 227. J. Ort came through with a 517 to give them the high actual of the tournament of 1171 and a prize of \$15. Their second place finish in the handicap division was worth \$30.

Also, bowling on the last squad of the tournament were Herman Conrad and Joe (The Load) Kramer. They rolled into third place with a 1328 total which included a 237 pin handicap. Herm rolled the first 600 series of his bowling career. He had a 615 on scores of 180, 213, and 222. Herm's tremendous effort netted them a prize of \$25.

In fourth place with a 1290 score is Ab Trosin and Charlie Shipman. Their score included a 222 pin handicap. Their 1290 was worth \$17.

High scores rolled last week end other than those mentioned above were: J. Ort, 212; Charlie Shipman, 201; Bill Miller, 200; Hank Vance, 219; Tony Koorsen, 201; Harry Dalman, 201; S. Nagy, 203; Ed Bowser, 221; Vic Rump, 202, 193, and 225 for a 620 series; Serge Schuster, 208; Del Bucher,

204; Carl Brandt, 212; Henry Littlejohn, 208; Glen Stapleton, 218, and Vic Rump, 214.

Another first in the tournament was Harold Dimke's 201. It was the first of his bowling career.

The above scores were quite a contrast to last week's low scores when we had only three 200 scores. Don't ask me why! Same alley, same wood, and practically the

same bowlers.

The tournament exceeded our expectations with 109 entries. The Club kicked in with \$54 to give us a prize kitty of \$272. Here's hoping everyone had a wonderful time, even those who were unfortunate enough to draw alleys No. 1 and 2. Watch the G-E News next season for another Men's Doubles Tournament.

TOP SCORES—In the first Men's Doubles Bowling Tournament, sponsored by the G-E Club, Harry Dalman, Taylor St., and Gil Baker, Bldg. 4-6, finished in the No. 1 position with a total of 1341 points. The tourney ended Saturday, March 14.

Sportliners...

by Earl D. Stauffer

Back in 1925 a little guy fresh out of Warren High School was hired into the G-E family. Claude Holmes, better known as Ife to those who know him, was quite an athlete around Warren. He played both baseball and basketball all four years in high school.

Ife recalls that the athletic teams around G-E were well filled and there was no place for upstarts like him. He joined the Kips along with Bruce and Dee Hamilton, Russ Groves, and Sid Holmes where he played short stop for the team.

Playing basketball with an independent team made up of G-E lads in a tourney at Warren, Ife got a big thrill in playing and swamping the G-E Club entry by the score of 42-14. The outcome of this tourney was that E. A. (Daddy) Barnes took Ife's whole club and got rid of the old team.

While Ife was the shortstop on the Club baseball team, they copped the city title. Jim Daley, Paul Enders and Joe Bubb were on that club.

The toughest company in which Ife played was the big semi-pro G-E cage club, along with Pres Slack, Bud Lindburg, Bruce Hamilton, Bart Quinn, Luke Belot, Byron Evard, Harry Spar, and Hank Kowalczyk. Ife agrees with Pres Slack that this was one tough league.

Basketball and baseball are sideline sports now for Ife, but he loves to traverse the rolling fairways and greens of the golf links.

Ife Holmes

He credits Vern Dassler with his taking up this game of golf.

One day while playing tennis, Vern asked him to go out for a round of golf on the old International course. He recalls that it was on a Wednesday. Saturday he bought a set of clubs. The golf bug really hit him hard. A lot of his early play was out at the Muni, but his present golf home is out at Emma Klein's Brookwood Links. Ife serves as starter there during the summer.

G-E Main Auto Entry Swamps Eckrich Owl Five 54 to 42

by Howard Colby

With the G-E Club team in a tie for first place in the Main Auto Owl League in the second half, the boys are determined to hold that position with only two games left in this stanza.

By doing this, they will force Salisbury into a play-off for second half honors, providing Salisbury wins their two remaining games.

With this in mind and playing one game at a time, the Club boys knocked off Zollner last Thursday by the score of 54 to 42.

Bob Markey and Gene Etter led the way in the first quarter by scoring 6 and 8 points respectively, while Wickliffe and Johnnie Wilson each added a field goal to make a total of 18 points. Zollner got only 7 in this quarter.

The second period slowed a little in tempo with Somers hitting two baskets and Joe Haas dumping two and a free throw. Carl Wilson and Sordelet, a new man who shows promise, each got a fielder to give the Club a 31 to 18 half-time lead.

With Ron Blodgett, Bud Hower, Etter, and Johnnie Wilson all in the scoring column in the third period, G-E pulled to a 41 to 29 lead going into the final eight minutes of play.

In the fourth period, the Club team played on even terms with Zollner as each team hit for 13 points, to wrap up the game with a 54 to 42 victory for the G-E five.

Next Thursday morning finds Zollner meeting Salisbury in the 9 a.m. game; F.O.P. and Indiana Rod at 10 a.m.; and G-E plays Eckrich at 11 a.m.

KINDLING AVAILABLE

Kindling orders are now being taken at the Employee Store, Ray Fischbach, store manager, said today. Price is \$2 per load.

AIRLINERS WEAR CAGE LEAGUE CROWN

CHAMP CAGERS—Shown are the Interdivision League's Airliners, who walked off with the League basketball crown last week. Clockwise from Bob Eckart in the dark tee shirt are Paul Ealing, Carl Warford, Dohr Krieg, Dave Bonar, Alan Huddleston, Dean Crum, Bob Honaker, Pondo Vlasheff, and Bill Guisinger. Lee Hubbartt, manager, is in the center.

Defeat Transformer '1' 55 to 33 In Last of Three Game Playoff

by Marc Junk

The Airliners from Bldg. 6-4 won the Interdivision Basketball League crown last week by defeating Transformer "1" 55 to 33 in the rubber game of a best of three games play-off. Transformer won the first half in league play while the Airliners came through with second half honors.

In the crucial final game, both teams had poor shooting luck with numerous shots popping out. This might have been because the boys were pressing a little too much.

The winners got off in front and held a comfortable lead throughout the game, although a brief rally at the beginning of the second half brought the lead down to six points from 13. The reason for this was Perry Gilliam's seven quick points.

Bill Guisinger and Dave Bonar took over in the last quarter and sewed up the ball game. Bill threw in eight points and Dave seven in that final quarter to bring their

game totals to 20 and 13 respectively.

For most of the boys, it was their first championship in any G-E Club athletic activity and they celebrated by carrying manager Les Hubbartt off the floor.

Small Motor

National Construction rolled against R and R won 2 games. They have extended their one-half lead of last week to 1 1/2 games over R and R. National Construction's record now stands at 20 1/2 won and 9 1/2 lost, while R and R has garnered a 19 win and 11 lost record. Two Leg Clothes and Test are

13, while losing 14, Teams No. 1, 2, 4, and 8 are tied for fourth place. Herb Langer rolled a 135 triplicate score. Herb's average is just a few pins higher, a 165. Marion Worman kegled a ladder series on games of 136, 137, and 138. Vic Rump kegled a 223; Paul Perry, 221; Jus Heaston, 215; Bod Dicke scored a 209; Buck Adams, O. Shinn, and Bob Stute, kegled identical scores of 203.

Transformer

Autos have taken a one-game lead in the Transformer League with a record of 11 wins and 4 losses. Radios and Bells show a record of 10 wins and 5 losses. U-I holds onto fourth place with 9 wins and 6 losses. Aker kegled the only double century count of the night, a 205.

Office League

Reproduction have gone out in front in the Office League with a record of 24 wins and 9 losses. Pawlisch Shoe Repair slipped to second place, having won 23 and losing 10. A-C is in third with 22 wins and 11 losses. Having won 19 and losing 14, Amplidyner is in fourth place. Don Waldrop scored with a big 233 count. Charlie Fisher rolled a 231; Clarence Rump, 222; Charlie (Pappy) Briggs, 212; and Frank Schlink,

205. Harold Dimke, after practicing in the tournament and rolling his first double century count this year, scored with a 205. Dick Buckner rolled a 203; Glenn France, Bob Kallmyer, and Hal Fanning each scored a 200 score. "Pappy" Briggs rolled and converted the 6-7-10 split.

Ladies Monday Night

Bowlettes are 1 1/2 games out in front, with a record of 24 1/2 wins and 11 1/2 losses. Twisters are second, having won 23 while losing 13, and Fivettes are in third with a record of 21 won and 15 lost. Mary Reuss scored the high single game, a 185 count. Ester Muzzillo and Pearl Houtz rolled identical scores of 171. Isabelle Blackburn scored a 174 count, Ann Lee is still drinking 7-Up and scored a 182. Donna Lommatsch, Ardyth Hawley, and Joyce Brumbaugh rolled 172 counts.

The doubles tournament was a great success from the stand point of entries and it looks like it will be made an annual Club event.

The next mixed doubles will be held April 11 with squads bowling at 6 p.m. and 8:30 p.m. If you haven't entered as yet sign up at the G-E Club desk. This will be the last mixed doubles for this season. Let's fill both squads.

Deacatur

Statons won 2 games from Packers in the Monday Night League. Flanges won two from Office. Briede rolled a 624 series on games of 194, 231, and 199. McIntosh started with a 170 score, rolled a 211, and 213 for a 604 series. Reynolds rolled a 218; Wilkinson, 204, and Chase, 213.

G-E Fraternal

G-E Club lost all three games to Teeple Truck Lines. K. of C. won 2 from Casablanca. Peterson Elevator won 2 from West End Restaurant and Elks won 2 from Moose-Burke. Johnston scored a 606 series on games of 160, 243, and 203. Double century counts were made by Bauserman, 208; Pillars, 215; Ulman, 213, and 210; Wolpert, 204; Murphy, 200; Faulk-

VOLLEYBALL NEWS

by Art Rasor

Taylor St. "A" repeated their volleyball title, losing only one game to second place Transformer in the second half. The team, piloted by George Cowan, defeated Tool Division 15-3, 15-11, and 15-4 to clinch the second half title along with winning the first half. Transformer became runners-up, de-

Mr. and Mrs. LeRoy H. Cook of Bldg. 27 and Bldg. 19-2 visited in Indianapolis recently. The occasion was their grandson's fourth birthday. Charles Dunbar of Bldg. 26, an uncle, accompanied the Cooks. . . . Belated congratulations to William Tutssel on becoming a proud father of a 7 lb. 4 oz. baby boy; to Flossie Shookman on her becoming a grandmother to a new baby girl; and Joe Laisure on his becoming a grandfather to a new baby boy. . . . Willis (Bill) Bunyan wishes to thank his co-workers for their get well cards and personal visits. He welcomes callers at any time. . . . OVER-HEARD: At the age of 16 Eileen Gault confessed to stealing apples. Also, at the age of 16 Vic Trammel confessed she was stealing kisses. . . . Joe Laisure's department, Bldg. 19-2 east end, has

feating Small Motor 15-12, 15-4, and 15-4. Taylor "B" beat Motor-Generator by scores of 15-10, 15-10, and 15-13.

Ray Soughan and his team have been runners up for the last four years, this year as a Transformer team and as the Main Office team for the other three years. A lot of credit goes to all who participated this season to make it a successful one.

Standings for the 1952-53 season were as follows:

Team	W.	L.
Taylor "A"	41	1
Transformer	36	6

again won the good housekeeping award. A drawing will be held to determine the winner of a pair of safety shoes. . . . Bill Pendergrass, upon seeing a newspaper picture of a man's family of ten girls, remarked, "He doesn't have anything on my father. There are ten boys in our family."

Girls' Softball League To Practice Thursdays

Practice sessions for the Girl's Softball League will be held Thursday nights at 7:30 at the Jefferson Center, Betty Puff, G-E entry manager, disclosed today.

Any girl interested in playing softball, whether or not she is a G-E employee, is eligible for the team. For further information, contact Betty Puff, Bldg. 4-6, Ext. 726.

A preliminary organization meeting was held last week.

Apparatus
Vic Rump and Team No. 11 are still leading the Apparatus League even after dropping two games. They still have a 21 win and 6 loss record. Team No. 10 and Team No. 3 have records of 17 wins and 10 losses for a tie for the number two spot. Having won

Richard O. Baumbauer

R. O. Baumbauer Is New Sect. 17 Production Sup'r

Richard O. Baumbauer has been appointed supervisor-production of No. 2 bearing motors in Specialty Motor's Sub-Section 17, Jack W. Bendure, supervisor-production, announced this week.

In 1949, when Mr. Baumbauer joined the Company, he entered the test engineers program and began his test at the Indianapolis sales office. He completed tests at the Evandale plant, Winter St., and plant engineering in Fort Wayne.

Upon completion of the test course, he entered the manufacturing training program in Sub-Section 17. He was on six-month assignments at the Erie and Philadelphia plants before returning to Fort Wayne, where he completed his fourth assignment and

It looks like Spring house-cleaning is under way in the plating section. Their windows are sparkling clean. . . . The fellows in Bldg. 17-1 are wondering why Ernie Riley doesn't bring cake for them any more. Is he eating all of it himself or has Mrs. Riley cut down on those large portions? . . . When he saw all that snow the other morning Don Sullivan was wishing it was rain so he could row in to work. . . . MYSTERY OF THE WEEK: Has Ed Arthur taken the block from under that '41 Hudson and put the tires back on for the summer? What is Dave Miller going to do with all that money when he gets it? . . . Jake Sappington is looking for a new unbreakable coffee cup. The fellows must have been practicing their golf shots. . . . We welcome Bob Wilkerson to Bldg. 4-1. Bob formerly worked in Bldg. 26-4. . . . Jack Mossburg thinks it's about time for Jim Crowe and Roy Berdeman to get their boat out. He's been hearing frogs! . . . Heinie Wichern didn't upset the fruit basket but he did spill the

the course on inventory control in Bldg. 4-6. This was his location at the time of his present appointment.

A graduate of the University of Notre Dame, Mr. Baumbauer received his BSME in 1949. From 1943 until November, 1945, he served as a navigator in the U. S. Air Force, serving 13 months in Italy. He is a member of the Supervisors Club.

Mr. and Mrs. Baumbauer and their two daughters live at 4939 Mt. Vernon Dr.

Easter eggs (candy ones down at Reigles). . . . Harold Orr and Roy Lord, Bldg. 2-E, both celebrated birthdays on March 9. Belated birthday greetings to you both. . . . Birthday wishes, also, to Joe Braun, Alton Corson, Clarence DeArmond, and Art Grossman. . . . Our congratulations to the Bob Davison's on the arrival of a 7 lb. 11 oz. baby boy, Donald Joseph. Bob is on vacation this week so he can get better acquainted with his new son. . . . That little gadget Miner Merriman was working on was cute but was it a lunch pail, a bait box, or something to carry his fish home in? . . . Now I know it's Spring! Avery Spade let his machine run over one day last week and the next thing we knew Ed Hines and Bill Oberlin had rolled up their pant legs and were wading. . . . Lloyd Covault must have found the corner that prosperity is around. At any rate, he's the owner of two (2) cars. . . . Interested in a ticket to the tourney at Indianapolis? See George Hahn, he'll sell his for half price. . . . George (Wrong Way) Bear, out for a drive on Sunday with his family, wouldn't listen to his wife when she said they were going the wrong way. They found themselves in Butler! Isn't that Dodge equipped with a compass, George?

APPRENTICE BROADCAST

by Bob Taylor

Welcome to the new tool crib attendant, Gene Miller, who is taking Verl Ohmarts place. Verl is now tool crib attendant in Bldg. 26-2. . . . Paul Rosenhahn thought he had been plagued with some terrible misfortune when he returned from his noon euchre game

Loyd Dolan Named Specialty Motor Mechanization Specialist in Sect. 1

Loyd M. Dolan has been appointed mechanization specialist in Specialty Motor's Series and Specialty Sub-Section 1, Robert L. Spittler, superintendent of Sub-Section 1, announced this week.

A graduate of the Apprentice School, Mr. Dolan entered

Loyd M. Dolan

the School when he came to the Company in 1934. After graduation in 1938, he went to work in drafting and became a junior tool designer in Bldg. 19-5 in 1940. Two years later, he transferred to tool planning in Sub-Section 15.

Moving to the DeKalb plant in 1946, Mr. Dolan became a methods and tool planner at that plant. After returning to the Fort Wayne plant in 1950, he went into central planning work in Bldg. 4-6 and held this position at the time of his present appointment.

A member of the Supervisors Club and the Apprentice Alumni Association, Mr. Dolan attended Purdue University for two years majoring in mechanical engineering. The Dolans live at 2205 Kenwood Ave.

and discovered his fine new tool box with a large lag screw put through the top and one side. Very realistic, wasn't it, Rosie? . . . Max Poling, who is farmed out to Bldg. 19-5, is sporting the nickname of "oily". He doesn't mind the name as much as how he got it. . . . The Apprentice School feels very proud to have a very talented musician in it's employ. Harvey Springer, who is now in the screw machine section, plays the kettle drums for the Fort Wayne Philharmonic Orchestra. . . . Luther Schrock and Paul Greenlee have been farmed out to Bldg. 19. Don Batchelder was sent to Winter St. . . . Paul Zook, who left for the Air Force early in January, was recently admitted to the Aviation Cadet School. . . . Dick Kummer, who had been working in the grinder section, Bldg. 12-2, left last Friday to serve his country in an Army uniform. . . . Stan Reidenbach is now the owner of a 1946 Dodge. . . . Bob Gotschall was embarrassed the other night when he shortened his brother's car. . . . Good luck to Bob Ramsey, who has left the school for another job.

SHIPPING: Evelyn Mayfield was cleaning out her desk last Tuesday morning. Among her findings was a worn out pair of shoes. Not knowing who they belonged to, Evelyn offered them for sale. . . . Georgie Turnbow and husband spent the week end in Chicago. . . . Robert Gebert and Ann Gillingham were transferred to Bldg. 2-2. . . . Carol Hershberger was all smiles last Monday. The reason? Her fiance returned from Korea. . . . It was good to see Paul Klage back after a two-week illness. . . . Welcome to Paul Richert, the new shipper. . . . Catherine Minehart really needs an umbrella these days. She has some friends who like to sit above her. . . . MAILING: Pete Helmer had his curls cut off so he wouldn't have to put his hair up every night. . . . Welcome to Donald Patton, the new mail boy. . . . RECEIVING: It had been rumored that Bob Younghaus' home did not have modern plumbing and that Bob had been taking soapless showers before he went home from work. An investigation brought these facts to light. What has meant to be a joke on Clarence Keener provided a bath for Bob. Somebody filled Clarence's overshoes with water and then replaced them on the shelf above a bench. Bob sat down on the bench in a relaxed manner, weary after the days toil. Clarence reached on the shelf for his overshoes and a cascade of cold water hit Bob. Bob hit the ceiling! Much screaming, jumping, and shaking ensued. Clarence was as surprised as Bob and left hurriedly via the nearest exit. . . . Chris Reiz came in to kiss the girls good-by. He retired March 11.

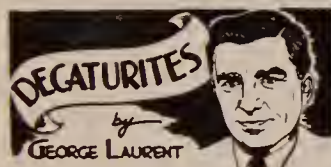

F. G. Motors

bldg. 8-1

by Mary Wright

By the time this issue of the G-E News is out, Mr. and Mrs. Elmer Debolt and daughter, Norma Jean, will be well on their way to New York where their daughter will depart on the Queen Elizabeth for Europe, where she will join her husband Rodger Ploughe. We hope you have a nice trip. . . . Irene Hockenberry has a big smile and it is all because one of her sons who is in the Marine Corps is coming home soon. . . . Virgie Mayer doesn't know the way home in a snow storm. Anyway, she turned left once too often and ended up in a dump. . . . Sympathy is extended to Virgie Mayer on the death of her brother-in-law. . . . Basketball fans might as well quiet down now, we won't be hearing "wonder what the score is" for quite a while. . . . Easter is just around the corner, so get out your Easter bonnets.

Daughter: "Do you know what kind of a man I want to marry?" Mother: "I think so; just exactly the kind of a man I wanted—until your father came along and spoiled my plans."

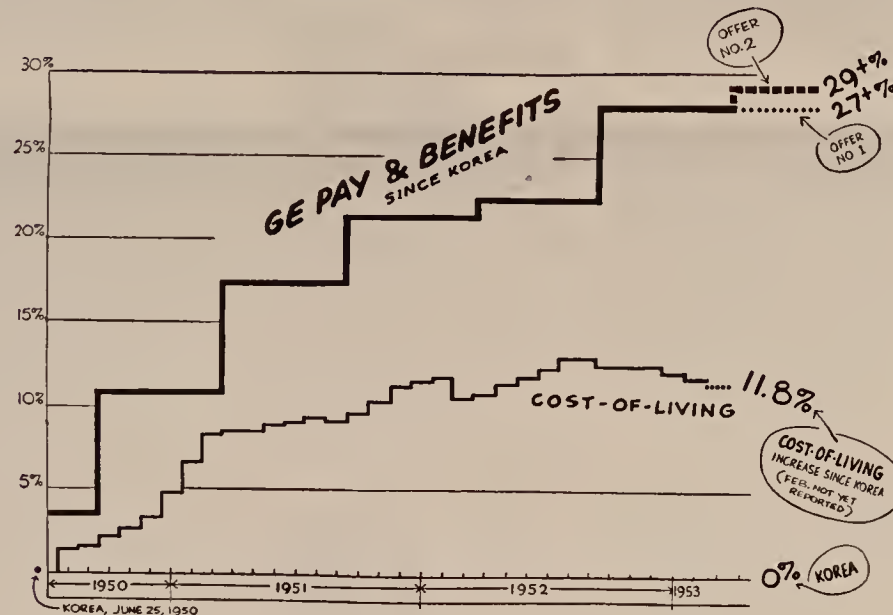

NEXT SQUARE DANCE LESSON, MARCH 26! . . . Those wedding bells have been ringing again. This time for Leona Fruechte and Lewis Ehlerding, who were married March 7. Hope you have a long and happy wedded life, Leona and Lewis. . . . Well, what do you know? That little yellow duckling won at the Fair last fall by a member of the Little family was named Joe. Now it appears that the name will have to be changed to Josephine. Going out to feed the pet duck, Dwight Little was surprised to find an egg. Now, almost every day Josephine rewards them with a fresh egg. . . . Belated birthday greetings to Norma Johnson who had a birthday last Monday. We hope you have many more, Norma. . . . Yes sir, she sure is getting brave! When the Ford was so very new, Annebell Gehrig walked home on a cold dreary day when Tibi had to work overtime. She was afraid that she would not be able to handle the gadgets correctly and might wreck the car. But now she has mastered the Ford and doesn't intend to walk home and leave the car sitting around down here again. . . . George Buckley's vivid description of robins seen in his back yard March 12: "A good sized green willow tree was black with red breasted robins."

RETIREES FROM G-E—Christine Lare (left) shows her retirement gifts to two of her co-workers, (l-r) Lola Whitacre and Arnold Johnson. She has been employed by the Company since 1917. At the time of her retirement she was working in Bldg. 4-2 on armature winding.

Another WAGE INCREASE AVAILABLE

ON WEDNESDAY we offered—for those employees represented by unions—a choice of either one of two wage settlements to become effective as of last Monday, March 16, if agreement is reached by April 17. (Any subsequent settlement would become effective as of the date of such settlement.)

Most of the union contracts are open now for consideration only of any possible wage adjustment of general application. Most of them permit wage discussions again in September along with consideration of any of the remaining items covered by the contracts other than pensions and insurance. (The non-wage items in the contract are the product of a sound long-term growth and have proved fairly stable in negotiations these last several years.)

We have offered our unions the choice of either one of two types of settlement at this time:

OFFER NO. 1. The first offer is to make any new cost-of-living adjustment indicated by any upward rise in the BLS "Old Series" Index between this March 15 and the BLS Index date used in the last wage settlement with your union. If the March 15 Index is higher, there would be a further increase; if no higher, then there would be no further increase and the present wage level will continue as now—with the next consideration of wages to be as of September 15, 1953, in accordance with most contracts.

OFFER NO. 2. The second or alternate offer is made on the basis that some or all of the unions may prefer to take a wage increase which is sure for the next full year, instead of getting little or nothing now from a cost-of-living adjustment and then only having the chance of getting something next September.

This second or alternate offer proposes agreement on these three elements

- a) Extension of the present contract unchanged for a year from this March 15—with the next general contract and wage re-opening thus moved from next September to March, a year from now

- b) A new cost-of-living wage increase calculated as before but using either the BLS "Old Series" Index figure for March 15, 1953, or the *all time high* figure for last July 15, whichever of the two figures turns out to be higher. If the figure for last July 15 is used, for example, your payroll "adder" would be increased to 9.28%.

- c) An additional wage increase for the full year from March 15 of 1.25% (minimum of 13¢) in anticipation of the 2.5% which might become available next September 15 to match the annual 4¢ in typical "escalator and improvement factor" contracts offered in certain other major industries. The advantages in spreading this possible increase over the full year are: First, the increase becomes available to you immediately—and for a full year for sure. Second, it avoids the possibility of the 2.5% being "wiped out" next September—since this "matching" would only apply to an annual adjustment of 4¢ plus—or minus—any change in the cost-of-living index. Adding the 1.25% wage increase to the new cost-of-living increase mentioned above (which will raise the "adder" to 9.28% or higher), would make your new total "adder" at least 10.53%—or higher if the March 15 Index so indicates.

This will be the sixth general wage increase in less than three years at General Electric—as shown in the rough chart above. As indicated, Offer No. 2 puts GE pay and benefits more than 29% higher than at the outbreak of the Korean War, with the cost-of-living up less than 12% for the same period. In other words, GE pay and benefits will have increased about two and one-half times as much as the cost-of-living during the past three years.

But whatever the choice, the two alternative offers are available to employees represented by unions having wages open for negotiations with us at this time. We naturally hope we can reach timely agreement with all the unions involved—and that we can thus make their desired choice effective for all employees on the proposed March 16 date.

SUGGESTIONS PAY \$4574 IN FEB. SHIPPING, RECEIVING DECENTRALIZE MONDAY

Red Braden's \$680 Is Top Idea Award

A total of \$4,574.50 in suggestion awards was shared last month by 291 Fort Wayne and Decatur employees, A. C. Hartman, suggestion system secretary, announced today. Harold (Red) Braden, Bldg. 2-2, received the high award for the month, \$680 additional award for a suggestion concerning the use of less expensive iron for rotor make-up.

A check for \$300 went to Arlo R. Kissinger, Bldg. 6-2, for his idea to eliminate a clip used on starter generators. Sam M. Hanes, Bldg. 4-4, is \$125 richer for suggesting an improved method of finishing pole piece assemblies.

Arthur McNamara, also of Bldg. 4-4, suggested a method of salvaging cleaning compounds. He was awarded \$105 for this idea. An award of \$100 went to Russell W. James, Bldg. 26-4, for eliminating

Pocketing Safety Slogans

SAFETY WATCHWORD—Providing a constant reminder to all employees that Safety Is Everybody's Business, safety committees in Large Motor and Generator and Specialty Transformer and Ballast have injected a new method of keeping this fact before employees. William Billue, Bldg. 19-1, and Oris Cagnet, Bldg. 26-4, both safety committee members, display the tags worn by safety committee members on their shirt pockets.

Five Departments to Handle Own Shipping, Material Handling, Receiving

Shipping, material handling, and receiving activities within the Fort Wayne plant have been decentralized and will be handled by the five individual departments beginning Monday, Lisle Hodell, General AC Motor general manager, announced today.

As a temporary move in the early phase of decentralization in Fort Wayne, these activities have been a part of GAC's contributing manufacturing section since June, 1952.

Part of the Company-wide program, which got under way at Fort Wayne with the decentralization of Fractional Horsepower Motor Department last year, this move was made to further the organizing of each department as a self-contained operation within itself, Mr. Hodell explained.

Resulting from the move, Specialty Transformer and Ballast Department has a product storage area in Bldg. 6-1 and its shipping office personnel together with order service personnel are now located in the former shipping office, Bldg. 6-2.

Large Motor and Generator has a product storage area in Bldg.

6-1 and will also locate their shipping office in that location.

Hermetic Motor Sub-Department has a product storage area in Bldg. 6-3 as a result of the move. Its shipping office will be in Bldg. 2-2. This sub-department has arranged to have Specialty Motor handle the products in Bldg. 6-3.

Specialty Motor has a product storage area in Bldg. 6-3, as well as a shipping office and an order service, both of which are now being completed. This sub-department is also taking over Broadway receiving activities in Bldg. 6-1, and the dock work of shipping for all departments.

Wire shipping, formerly cleared through the Broadway shipping unit, is now being handled at Taylor St.

Gas trucking activities attached to the shipping unit at the present will be transferred to the General Service Sub-Section Monday.

Payroll Sections to Deduct Insurance Payments Weekly

Beginning with wages earned next week, payroll deductions for G-E Employee Insurance will be made weekly instead of monthly, L. C. Swager, manager of employee and plant community relations, announced today.

The move was made to distribute employee insurance payments more equally throughout the month. The move was made possible since most payroll sections now have mechanical payrolls.

At the time the new insurance plan went into effect December, 1950, payroll drafts were prepared manually and the amount of work involved for payroll employees made weekly deductions impractical. With mechanical payrolls, which use IBM machines to prepare pay checks, deductions can be made each week as easily as each month since one deduction can be made as easily as many.

For the first weekly deduction, which covers the fiscal calendar week of March 30 through April 5, the full weekly amount will not be deducted. Only five-sevenths of the full weekly deduction will be taken

the first week because the March 30 and March 31 payments are covered by the monthly deductions for March. After next week, the full amount of each individual's payment into this benefit plan will be deducted from their weekly pay.

Paid-up Insurance and Salary Allotment Insurance will continue to be deducted on a monthly basis as in the past. Paid-up Insurance is a part of the G-E Employee Insurance Plan which involves additional contributions paid by employees who reach the age of 55 for men (50 for women). These additional contributions purchase life insurance for employees at retirement.

Salary Allotment Insurance is a plan, not in effect at present,

(Continued on page 1)

SAFETY FROM DRIVER'S SEAT—Safety measures connected with driving in various fields was the topic of discussion last week when Ab Jenkins, world renowned auto race driver, prominent safety authority, and consulting engineer for Firestone Tire & Rubber Company, came to the Fort Wayne plant for an informal chat with employee drivers. Left to right: John Malcolm, Bldg. 6-1, member of drivers' fleet and winner of 1952 city Rodeo; Andy Anderson, Bldg. 6-4, whose hobby is hardtop race driving; Mr. Jenkins, and Virgil Lomiller, chauffeur.

No Experiment

Some of the comments made when the Administration released wages and the prices of many goods from direct controls would have led a stranger on earth to conclude that a novel, daring experiment was being made. It seems a sad thing that many people have become so accustomed to governmental controls—and some youngsters have lived all but a few of their years under controls—that the idea of freedom in business is unusual to them.

It would be a good thing to remind ourselves that the American people built up the most productive and prosperous nation in the world without wage and price controls. Freedom is no experiment here.

The free market for both goods and the services of workers has served labor, management, and the public superbly well. In their own self-interest, all groups should continue to demonstrate that freedom really works.

* * *

Let's Re-Examine Our Budgets

The G-E Employees Savings and Stock Bonus Plan was inaugurated almost five years ago. This, of course, was not the first savings plan in the Company. Earlier plans had provided for the purchase of Liberty Bonds during World War I, General Electric Company 7 per cent investment bonds in the early 20's and 30's, and War Bonds during World War II. However, this new plan, designed after many months of intensive study, was made available to provide a higher return than other forms of investment having a comparable degree of safety.

Each and every one of us who is eligible to participate in this Plan need only purchase U. S. Savings Bonds and leave them on deposit with the Company for a five year holding period. And for this we can receive a bonus payable in G-E stock.

During the period since it first went into effect, many thousands of G-E employees have been carrying out a part of their savings program through this Plan. The Bonds they have purchased and the income they will receive from their stock bonus are, in many cases, already earmarked for educational purposes, home purchases, and extra retirement income.

During the month of April let us all re-examine our budgets. Let us all ask ourselves this question: "Can we really afford not to join a plan which will help make our futures free of financial difficulties?" Most of us will certainly agree that there is no better way—no safer way—to a more financially secure future than by enrolling right now in the G-E Employees Savings and Stock Bonus Plan.

* * *

Practical Suggestions Pay!

Here's something that can't be repeated too often—"Practical Suggestions Pay Off!" As a matter of fact, all kinds of suggestions pay off in old American dollars. G-E men and women have collected for ideas on safety, conservation of raw materials, improved methods of manufacture and dozens of other subjects relating to our business. Your suggestion, too, may be just the practical one that will collect a cash award next month. So, better write it up and send it in today.

STORIES FROM G-E HISTORY No. 1

Formation of Edison Electric Light Co. Experiments of Thomas & Houston

How does history happen? Sometimes it takes place with due ceremony in an event fully witnessed, then recorded. More often than not, however, its significance is at the time perceived only by a few people and the key moment may pass unnoticed by the world at large. The chronicler, looking back over years gone by, would be glad of the most trivial detail to bring to life a happening that has grown to loom large in the world. Too often he finds that the contemporary reporter was looking the other way, that he was off in search of news more obviously sensational.

Seventy-five years ago, in October 1878, no flags were put out and no brass bands were playing. If they were, it was not on account of Edison's Electric Light Company. What happened was that a young man, already with notable inventions behind him, felt within him a conviction that homes could be lighted cleanly and efficiently by electricity. Unless somebody else had had confidence in him, his ideas might never have reached the public, or at least might have been delayed for a long time. But a group of business men realized his need and the need of society. Getting together with Edison they formed a company to finance the months of experiment that were to follow.

Looking back upon those men from our standpoint today we might well envy them their opportunity. But at the time they took a considerable risk. The company that they formed was one that could expect no immediate financial returns and for a time not even any conclusive action. A whole year was to pass before Edison's incandescent lamp became a practical invention and a further two years before it could be brought to the public. But the share owners of the first of the companies that were later to grow into General Electric knew that they had taken part in no mere paper transaction.

What kind of things did these men have to say to each other in making their decisions, what doubts and misgivings did they have, how much did they dare to hope? This we shall never know, because nobody thought it worthwhile at the time to write a personal history, and there remain only the official papers of the business transaction. But it is unlikely that they made impressive speeches to each other. To get some idea of the kind of conversation that was made at such a time we must turn to the history of the other side of the G-E family. At about the same time, first steps were being taken towards the formation of the Thomson-Houston Company, which by 1892, the year in which it came together to form General Electric, was to become almost as big and as important as Edison's own electrical organization.

Elihu Thomson and Edwin J. Houston were teachers in the Philadelphia Central High School. Working on their own, they built a dynamo, induction coils and an arc lamp. Thomson showed the contraption to his friend Thomas H. McCollin, a commercial photographer. McCollin asked his cousin, George A. Garrett, to see a demonstration. Thomson, then 26 years old, said "I can build a better machine than this, one that will run any number of lights you want." Garrett's reply was: "Let's build a four-lighter, I'll stand the expense."

Thomson and Houston went into business just as simply as that. The first installation was in an all-night bakery; the second in a hewery. When the brewery caught fire, one of the firemen holding a hose said, "What the dickens kind of a light is that? You pour water on her and she won't go out!" That was history in the making, that was the way people were thinking and talking 75 years ago. And from these small but significant beginnings were to grow the manifold activities of the General Electric Company today and the vast changes in American living that 75 years of electrical progress have brought about.

Paul (Hotshot) Ealing must get a full charge of electricity at work before going home in the evening. It seems his greeting kiss to his wife has a great spark. . . . Ray O'Brien entertained the boys last Friday night. From all reports a good time was had. . . .

Vickie Hyre is still confined in the Lutheran Hospital. Hope she gets home soon. . . . Cecil Foor's pipe of new tobacco didn't taste so good to him. He knows now that it was a mixture of coffee grounds and tobacco that made it taste that way. . . . Helen Struver says her husband doesn't like souse, so when she buys it she eats it all. . . . Jim Stauffer got back to the States and is now on his way to Cuba. . . . Margaret Charters and Edna Rohrbach are on the sick list. . . . Francis Harter enjoyed the Indianapolis basketball games

last Saturday. . . . The big wind storm that hit the city last week took eight trees down on Jim Pugh's ground on the Winchester road. In fact, he says he has a small fishing pond where the one big tree stood. . . . Emery Tucker is scared of any wiggling animals, even if they are fake. . . . Ralph (Speedy) Waikel got picked up for speeding to a fire the other day. He thought he was behind the cops, but he was in between them. . . . So long to Dean Crum who is leaving for the Armed Services the 25th of this month. . . . We extend our sympathy to Darwin Stout on the death of his mother. . . . Herb Sullivan is going to get his glasses changed. He was driving the other night and thought there was some fog in the air because he couldn't see so well. A public servant stopped him and informed him that the lights were out on his car (no charges). . . . Tom Pauley thinks that Abe Richter has some inside dope on the basketball pools. He won three out of four this year. . . . Birthday greetings to the following people: April 6, Arnold Kiefer; April 8, Ann Hershberger; April 11, Hazel Niswonger; April 12, Jessie Hamilton; April 16, Don Greenler; April 17, Elizabeth Genthner; April 18, Ginny Burkett; April 19, C. A. Hartman; April 20, Al Olson; April 20, Martha Scherzinger; April 20, Mary Harvey; April 20, Lester Hubart; April 20, Lois Weeks; April 23, Bonnie Engelking and Joan Crumm; April 29, Pauline Kaufman and Merle Keesler; April 30, Darwin Stout and Verna Keindlesparger, and April 30, Eileen Brown. . . . Claude Gill is now among the prominent people. His picture was in the local papers as a member of the Moose Committee for the Easter egg hunt.

M. R. Bailey, F. K. White Get New Large M-G Assignments

Two appointments in the Large Motor and Generator Department have been announced by George M. Murray, purchasing agent. Marion R. Bailey has been named purchase analyst and Fred K. White has been appointed buyer.

In 1939, Mr. Bailey joined the Company and entered the Apprentice School. From December, 1941 until October, 1945, he served in the U. S. Army Air Force and was stationed in the European Theater. After returning to the Apprentice School in 1945, he graduated from the machinist-toolmaker course one year later and entered the general tool section as a tool and mold maker.

Entering the Fort Wayne manufacturing training program in 1947, Mr. Bailey completed this course and went into Large M & G tool design and machining methods in the planning section. He became an inventory control representative in 1950 and the following year was named buyer of special materials in purchasing. He was in this capacity at the time of his present appointment.

Mr. Bailey is a member of the Apprentice Alumni Association, the Supervisors Club, and the G-E War Veterans Association. The Baileys and their son live at 1624 Sprunger Ave.

Becomes G-E Employee In 1942

In 1942, Mr. White came to General Electric and began at the Supercharger, where he was located in the production section setting up impeller production and doing raw material control work. In 1946, he transferred to the shipping section, Bldg. 6-2, to work on freight rates.

One year later, he went to the Taylor St. shipping section. Mr. White moved to Bldg. 18-4 in 1948 when he was in charge of reservations, passenger transportation, freight rates, and routing. After entering Large M & G in 1951, he became control materials specialist, which was his position at the time of his present appointment.

Served In Air Force

A graduate of the LaSalle Residence School of Business Administration, Chicago, Mr. White completed the cost accounting and factory management course in 1921. He also completed the production engineering course at Purdue University Extension in 1943. From 1918 until 1920, he served in the U. S. Navy Air Force.

Mr. White is a member of the Supervisors Club. Mr. and Mrs. White and their son live at 207 W. Maple Grove.

G-E Club Kiddies Movies Saturday

Saturday, April 4, the ninth in the current series of movies for G-E employees' children at the G-E Club will begin at 9:30 a.m.

"Border Town Trail," starring Sunset Carson, is the feature movie on the program. The ninth episode of the serial "Trail of the Royal Mounted" will also be shown in addition to assorted short subjects and a color cartoon.

Fred K. White

PROCEEDS FOR SERVICEMEN'S BOXES

G-E Vets Group Endorse Elex Easter Egg Sale

With gaily colored eggs and decorated baskets, 81 contact girls and officers of Elex Club will conduct the third annual Elex Easter Egg Sale Thursday, April 2.

Endorsing the project, Roy M. Brower, acting president of the G-E War Veterans' Association, urged all employees to contribute to the Egg Sale, which is a part of the Elex defense program to raise money for sending boxes to G-E men and women in the Armed Forces.

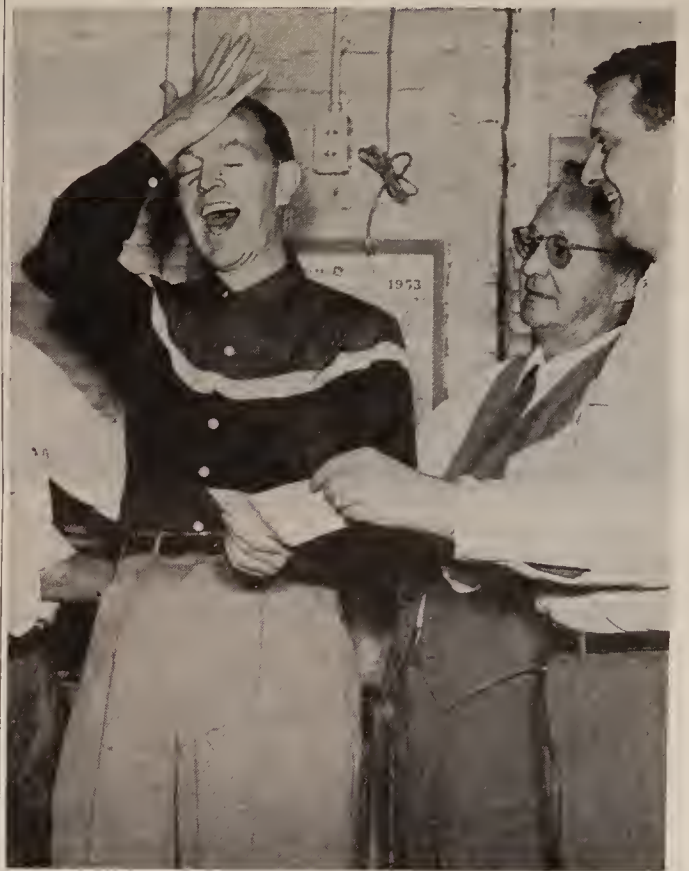

Employees may still donate eggs for the sale by leaving them with contact girls; officers; Evelyn

Blakley, Taylor St., or at the Women's Activities office, Bldg. 18-1. Members will prepare the eggs and decorate the baskets.

No Elex classes in wardrobe planning and beginning French will be conducted next week, Irene Meyers, Club adviser, announced.

BATS OUT 30 G-E YEARS—Joe Henry (center) reached the 30-year mark in General Electric service this month. He joined G-E in 1922 as an electrical welder in Bldg. 27, and is a lab assistant at Taylor St. at the present time. Congratulating him are Robert Bangert (left) and Dean Thompson.

PLEASANT SURPRISE—Harold (Red) Braden, Bldg. 2-2, was pleasantly surprised this month when he received a check for \$600 for a suggestion to use less expensive iron for rotor make-up. At his left are Vern Castle and Robert Dent. Mr. Braden was top man on the suggestion list both in January and February.

Special Sign-Up Campaign Underway For Savings and Stock Bonus Plan

At the present time, over 77,000 employees are taking advantage of the G-E Savings and Stock Bonus Plan and in this manner adding to their savings. Employees who have not signed up for the Plan as yet, will have an opportunity to do so during the whole month of April. In the month ahead, special emphasis will be placed on this benefit plan which is available to all employees of the Company. It is expected that during this special sign-up campaign, many employees will enroll and will become eligible to receive the benefits to be obtained from this extra job dividend.

By purchasing U. S. Savings Bonds through payroll deductions under the G-E Employees Savings and Stock Bonus Plan and leaving them on deposit with the Company for a five year holding period, participants will receive a bonus. This bonus is equal to 15 per cent of the purchase price of the bonds and is payable in G-E stock as determined under the Plan. Not only will the money the participants invest in Savings Bonds earn a sure return, but their stock bonus will bring them additional income, as well.

The Plan is flexible and can be geared to suit almost any budget. For those on a weekly payroll, for example, deductions may be as little as 75 cents or as much as \$10 per week. Within these minimum and maximum limits, members may instruct payroll to increase or decrease their deductions whenever they choose.

Participating employees may discontinue their purchases of bonds under the Plan at any time. Those who discontinue their pur-

chases, however, need not forfeit their rights to a stock bonus if they leave the bonds already purchased on deposit with the Company for the five year holding period. This is true even if a participant leaves the service of the Company.

Members may withdraw the bonds purchased under the Plan during any previous calendar year or years. Although they forfeit their rights to a stock bonus on the bonds withdrawn before the end of the five year holding period, they still retain the right to any income accumulated on this bonus as of the end of the previous year.

If a member dies before the end of the five year holding period, the bonds will be released from custody and the participant's heir will receive the stock bonus and all accumulated income applicable to his participation as soon as practicable.

A complete explanation of the Plan and enrollment forms, authorizing payroll deductions, may be procured from Payroll Sections.

Preacher's wife: "How was the wedding?"

Preacher: "It was fine until I asked the bride if she would 'obey' and she said, 'Do you think I'm crazy?' The groom was in a daze and mumbled 'I do.' That's when things began to happen!"

Squares Square Dance Tomorrow Evening

Tickets for the G-E Squares "Spring Whing Ding" square dance, slated for tomorrow evening at Goeglein's Barn, may be secured at the door, Don Stearns, ticket chairman, reported today.

Prices of tickets are \$1.25 per couple for members and \$1.50 per couple for non-members. From 8:30 to 11:30 p.m., the informal event will provide music for dancing. John Wright will be the caller for dances.

Bernie Dwyer is chairman of the first event of the organization's spring calendar.

APPRENTICE BROADCAST

by Bob Taylor

Congratulations to the Tom Dixons, who became the proud parents of a 8½ pound boy last Friday. . . . We wish a speedy recovery to Mrs. Hockenberry, who has been ill the past week. . . . Jack Olinke and Roger Geisman have been farmed out to Bldg. 19-4, Max Poling, from Bldg. 19-5 to Bldg. 19-4; Mel Guillaume, from Bldg. 12-2 to Bldg. 4-2, and Merrill Crews from Bldg. 19-4 to Bldg. 12-2. . . . Welcome to Ronnell Allen, who just returned from the service, to Jim Bird, a new machinist-toolmaker, and Bob Montgomery, a manufacturing trainee. . . . Jim Stroble was a happy fellow Monday morning when he was presented with \$7.50 which he won on the finals in State basketball. . . . The other day Stan Reidenbach drove his car up in the back yard to wash it. When he was finished he discovered he was stuck and had to pay \$2.00 to get pulled out. . . . Jim Stroble found out the hard way that a hammer is a dangerous tool. You should see his thumb. . . . Bob Rietdorf now looks at his tools carefully before picking them up. Prussian blue is hard to remove from the hands. . . . Summer term classes will start on March 30. . . . Stan Reidenbach finally found out that it doesn't pay to bet, even when he's sure. He was a little too sure of himself and it cost him \$10.

Arnold Landis asked, "How much will it cost to build a \$9,000 home?" Contractor, " \$11,000." . . . Congratulations to the new grandpas, George Scott and Ralph Latham. . . . Joe Stoeckly celebrated his 39th birthday again. . . . Steinie Steinbacher bought a Chrysler and it is taking a little time to get used to it. As a matter of fact, it takes two other plumbers to help him park it. The fellows stand a certain distance apart and Steinie puts the car between them. . . . There has been quite a turn-over for different cars at Taylor St. Wallace Geller finally broke down and bought a new Dodge, Carl Furge a Pontiac, and John Repine and Glen Carpenter, get this, Buicks. . . . Bob Dressel and Vince Lopez had a contest to see who could eat the most pie. After a full meal, plus a malted milk, Bob ate six pieces of pie. Vince could only eat the full meal plus five pieces. Consequently, he had to pay for what both of them ate. Vince was a little slow all afternoon but Dressel just bounced along his merry way. . . . Mary Jane Howe tried to start a new fad of dotted hair. She was painting the kitchen and the brush got out of control. It took several days to get all the specs out. . . . Wonder why Oscar Rodenbeck is insisting that Jo Miller is getting married June 5? Got the inside dope, Oscar? . . . Bob Cuney has trouble every now and then getting the bowling pins to rack up even, so, he decided to throw the ball between his legs. It didn't work, but we hear he has a sure thing planned for next week. . . . Our deepest sympathy to Art Hyser on the death of his new born twin granddaughters.

Correction

The Easter Fair, sponsored by the Women's Committee of the Fort Wayne Philharmonic Orchestra, will be conducted tomorrow at the National Guard Armory from noon until 9 p.m.

At a bankers' dinner the other evening, a banker read a bad poem he'd written, and nothing was done about it—but just let a poet write a bad check!

Insurance

(Continued from page 1)

which gave employees the opportunity to purchase insurance outside of the plant and to have deductions made on their pay checks for payments to these policies.

A schedule of normal weekly contributions and first week contributions according to the amount of life insurance is listed below:

Amount of Life Insurance	Normal Weekly Contributions	First Week Contribution
2,500	0.26	0.19
3,000	0.33	0.24
3,500	0.40	0.29
4,000	0.47	0.34
4,500	0.54	0.39
5,000	0.60	0.43
6,000	0.74	0.53
7,000	0.88	0.63
8,000	1.02	0.73
9,000	1.16	0.83
10,000	1.30	0.93
12,500	1.64	1.17
15,000	1.99	1.42
17,500	2.34	1.67
20,000	2.69	1.92

This plan is being continued only for those who were participating in it prior to its cancellation.

Suggestions

(Continued from page 1)

the making and cleaning of compound from transformers.

Two \$60 awards were paid to Paul C. Strombeck, Bldg. 4-4, and John H. Root, Bldg. 20-2. Mr. Strombeck improved the heat run rack so that it required less time and labor. Mr. Root developed a new relay for use on punch presses.

Kenneth Beard, of the Decatur Plant received a \$55 award check, and \$55 also went to Donal Eaton, of the Wire Mill at Taylor St. Mr. Eaton designed felt used in the insulating of wire, which prolonged the life of the felt and reduced maintenance cost.

Fifty dollar checks were presented to John E. Ormiston, Bldg. 6-4; Lawrence Smith, Bldg. 26-1, and Ralph Bradtmiller, Bldg. 26-3. Mr. Ormiston eliminated a set-up operation in casting machining. Mr. Smith suggested that scroll material be used instead of strip material for parts used in transformers. Mr. Bradtmiller suggested a change in mounting feet used on transformer cases.

Other February awards included \$45 each to Earl C. Wynn and Herbert Winebrenner; Robert Helmke and George K. Robb, \$42 each;

April 1 Deadline For Loans, Scholarship Applications

All applications from employees or their children for financial aid under the General Electric Educational Assistance Program for the academic year 1953-1954 must be filed with the Employee Benefits Services Department in Schenectady no later than April 1, K. W. Michael, manager-community relations, announced today. Employees of the Company who have completed one year of service and children of employees, of pensioned employees, or employees who died in the service of the Company and whose parent completed at least five years of service are eligible for awards. Awards are made on the basis of character, scholastic standing, financial need and general merit.

This year about 70 scholarships of \$500 each for the coming year are available, and loans up to \$250 at low rates of interest will be made. Such loans and scholarships have been made periodically for more than a quarter of a century. Both men and women students who have been granted these awards are studying in colleges and universities from coast to coast. In addition to the physical sciences, mathematics, or engineering, recipients are following such other courses of study as home economics, languages, and business administration.

Applications for this financial assistance may be procured from R. E. Gebert, Bldg. 16-3. Additional information also may be obtained from this office. Completed applications must be filed by April 1, and announcement of successful recipients will be made on or about June 1.

Arlo R. Kissinger \$40; Harold D. Patterson, William C. Moses, and Jewel Wickliffe, \$35; Forest E. Monroe, \$30, and Florence Hower, \$27.50.

The following employees received awards of \$25: Arthur Dale Fisher, Charles Barnhouse, Arthur H. Vachon, Chester Reinking, Eugene Coulter, Paul L. Conrad, Howard C. Oesch, Ethel E. Shroyer, A. E. Coxon, and William Achleman.

There were 259 employees who received awards of less than \$25.

Robert J. Shuster

Robert Shuster Takes New Post In Sub-Sect. 15

The appointment of Robert J. Shuster as chief dispatcher and foreman of stockkeepers on the aircraft line, Bldg. 4-5, has been announced by Frank T. Gamec, superintendent of OC & Aircraft Manufacturing Sub-Section 15.

In 1937, Mr. Shuster became a G-E employee and started as a drill press operator in Bldg. 4-5. He became a dispatcher in Bldg. 4-1 in 1942 and later had the same position in Bldg. 4-5. Named coordinator of all aircraft production in 1951, Mr. Shuster had this position at the time of his present appointment.

The Shusters and their five children live at 2504 Cambridge Blvd.

by Mary Wright

Our biggest news this week is Fort Wayne's own football star, Johnny Bright, who is spending eight hours of his valuable time on our assembly line. But only until June. That is when he goes back in training to rejoin Calgary football team in Canada. He says he has 40 pounds to remove before the first game. . . . Our handy man, Jim Hall, said he was in the market for a Toni. That wind Wednesday night took out all the curl in his hair. . . . We are glad to have Mary Hobson back after her recent illness. . . . Elmer Lamley is on a soup diet. He is getting ready for some new choppers. Advice to you, Elmer, don't eat any corn on the cob for at least a week. . . . We want to thank Billie Beeth for the birthday treat which she so graciously brought over at noon. Hope you have many more of them and more cookies just like them will be appreciated.

Spring has finally arrived and with its arrival it has brought the dreadful task of housecleaning. Everyone thought that Dewey was in it shirt deep when he wore a certain sport shirt to work. It looked like he had been painting and got the paint everywhere but on the wall. Upon closer investigation it proved to be the actual design of the material. Dewey wore the shirt just one night, what's a matter, boy, couldn't you take the razzing? . . . We hear that Frank Brindle is quite a basketball fan. The day of the semi-finals he drove to Indianapolis to visit his son, who lives across the street from the Butler Fieldhouse. Frank had to park a good distance from his destination and on his way drew a map so that he would be sure to find his car. Then he went to see the game. Television sure comes in handy, doesn't it, Frank, especially when the actual game is taking place right across the street. . . . The bees are a buzzin' 'round the honeysuckle vine. That is the sure sign of spring. George Robb is having honey trouble. He needs the money from the honey to fix up his newly remodeled house, but is pressed for time to take care of the bees and finish the house, too. His honey (that's his wife) wants the house ready to move into and between the two honeys he is having quite a time. . . . Charlie Dockery claims he got himself married but to date we haven't seen any cigars or candy to prove it. What's up, Dock? . . . Catsup on French fries is Joan Armstrong's specialty, even to the extent of pouring some on her coat and dunking the taters from there. . . . Ginny Webster enjoyed her trip to Mammoth Cave. . . . Elmer Sievers has plenty of will power. He decided to quit smoking on Tuesday and hasn't smoked since. That's the reason for all that gum chewing he has been doing lately. . . . We welcome Eleanor Huffman to our floor, she transferred in from Bldg. 4-3. . . . Thelma Kouder wants to publicly thank Esther Johnson for the beautiful necklace and earrings Esther gave her.

Wouldn't mind having a set like that myself. You are a lucky girl, Thelma. . . . We are glad to see Esther Weeks back after her illness. Poor gal lost three pounds and that lil' gal can't afford to lose three ounces. . . . Now that we are approaching Holy Week let's go to church. Most of us have time for everything but time for our Lord.

I hope that none of Vern Castle's neighbors get the idea that Vern is getting childish if they should see him trying out a child's bicycle. Vern bought one for his granddaughter, who is coming for a visit soon. . . . If the merchants in our town have a big run on Easter clothes it will be because our office girls had a Saturday off and took advantage of a swell day to get out for the Easter parade. . . . This one is on me. Because I couldn't make change I owed a girl a nickel. To be sure I wouldn't forget, I slipped a reminder under the glass on my desk. The next morning the note was surrounded by five pennies. Next time I will make it a dollar. . . . Dorothy Mills entertained the Birthday Club with a dinner and theater party. The honor guests were Helen Papiez and Pat Overmeyer. . . . No, Herb Habig has not gone into the seed and feed business. All of that Vigiro in his garage was just Herb's way of helping out his friends. . . . There are several new people in the office, and to all we say, welcome.

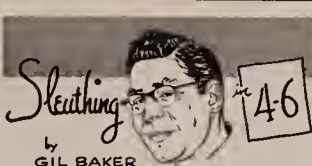

Congratulations to Mr. and Mrs. Kenneth Hart. They have a new baby boy named Donald Lee. . . . The Kenneth Handschys have moved to Waynedale. Whether it is Fort Wayne's gain and Wayne-dale's loss remains to be seen. . . . Our sincere sympathy goes to Ruby Rastenberg on the death of his mother. . . . Frank Kartholl posed with "Sir Fredrick Gas" of the Spike Jones show which was here a few weeks ago. His wife, Eloise, who snapped the picture, had trouble distinguishing between the characters. Frank is on the right. . . . Mr. and Mrs. Hugo

"They're Looking For Chloe"

Klient spent the week end in Chicago attending a golden wedding anniversary celebration. . . . Bob Mitler had a hard week end trying to keep up with a cement mixer. He made a new sidewalk and it almost got the boy down. . . . Some people get stars in their eyes, but Pat Christle gets rainbows in his. He claims he saw a rainbow in the Southwest on Tuesday morning.

AN ODDITY: Phyllis Faulkner must carry the weight in her home. She was seen pushing the car down Main St., while her husband worked like mad turning the steering wheel when necessary. She was heard saying that she was afraid to steer, so poor hubby had to prove his worth by steering. . . . HEARD IN SPECIALTY MOTOR SUB DEPARTMENT: Millie Hartman and Shirley Doster were talking together when Millie said, "Did you see Mary Ellen Hulvey's diamond?" Shirley answered, "No." Millie replied, "Yes, she's engaged to a T. E. I." . . . ANOTHER GOOD MAN TO HIT THE DUST: Susan Walton returned to the folds of the Specialty Motor Sub-Department wearing a beautiful diamond on her left hand. We are real happy for you, Susan, but don't think you had the wool over our eyes. We knew that he wouldn't get away. You have too many attractive charms, haven't you? The poor guy will be hooked to her on April 25. Oh, well, it happens to the best of us. . . . CONGRATS: A very happy birthday to Mary Smoak on Saturday, the 28th, and to Glen Stapleton March 31 (next Tuesday). . . . WELCOME TO: Our two new TE's are John Biggs, single and from the University of Utah. His home town is Salt Lake City, Utah. He reports to Mr. E. Stanberry. John had previous tests at Johnson City, G. E. L., and STAB. Pete Moore, also single and from the University of Michigan. Bloomfield Hills, Michigan is his home town. He spent six weeks at the Morrison Plant. His hobby, he claims, is sailing. . . . GOOD-BY AND HELLO: The new draftsman working at Jim Bird's desk is Clark Stevens, coming to us from the Drafting Apprentice School. Jim can now be found in the Apprentice School. . . . SOMETHING NEW HAS BEEN ADDED: The cigar smokers were busy again last week in the Financial Section, celebrating the news that Jean Jansen and his wife, Ann, became parents of a second daughter, Cynthia Ann, born March 18. Cynthia weighed 7 lbs. 5 ozs. and joins a sister, Linda Ann, who is 22 months. The proud father needed several aspirins to keep him going at the office the next day. . . . WELCOME: To Donald Deck in the Cost Department. Donald, a recent graduate of International Business College, joined G-E on March 16. Also, to Clifford Beiber. Cliff is on the Manufacturing Training Program and will be with us for a few weeks. . . . CONGRATULATIONS: V e r n Kempinen is the newest member of the Floor Sitters' Club. . . . TAKE IT OR LEAVE IT: Jean Stokke sent her coat to the dry cleaners. At that time a pair of gloves came up missing. They weren't her best gloves, but you could recognize them as such. When the coat came back from the cleaners, the gloves had been in the coat pocket and the cleaners had also cleaned them. Jean was a little disgusted to have to pay for getting the old worn-out gloves dry cleaned. . . . UNCLE SAM'S DONE IT AGAIN: Farewell to Bob Hanna, Jr. He will be getting up to the tune of Uncle Sam's alarm after April 1. . . . WISH A SPEEDY RECOVERY: To Betty Rose. . . . WELCOME: To Lewis C. Bolyard, a TE working for Fred Suhr.

Inquiring Reporter:

DO YOU APPROVE OF CONGRESSIONAL INVESTIGATIONS BEING CONDUCTED OF VARIOUS GROUPS AND INDIVIDUALS FOR POSSIBLE COMMUNISTIC CONNECTIONS?

GERTRUDE MARKLEY

Bldg. 4-2

"Yes, I approve of a Congressional investigation of any group or person who might lead to the overthrow of our government or might poison the minds of our youth with Communistic ideas."

HARRY M. TODD

Taylor St.

"The people for whom you work should have the right to question your loyalty to the cause and laws of the organization. All government employees, even school teachers, are hired by the people of our country to work for them. A pastor of a church is hired by the congregation of that church."

PHILIP J. SCHOTT

Bldg. 4-B

"I am not in favor of private investigation of individuals or groups in order to learn if they have Communistic tendencies. To do this would be creating a police state which is the very essence of Communism."

RUBY I. LEVON

Bldg. 31-1

"Definitely—In as much as we are trying so hard to clean out Communism in the U.S.A., I think anyone above reproach would not object to being investigated."

LOUIS R. ELWARD

Bldg. 26-4

"Yes, I do approve of the Congressional investigations aimed at weeding out Communistic activity in this country. If good American men can be sent to a strange country to suffer and die because of Communism, then by all means any possible Communistic action should be investigated and destroyed, barring no one or organization."

Preston Slack

Clinton Newman

Robert Turschman

Three Men Get New Appointments In Hermetic Motor Sub-Section 16

Three appointments in Hermetic Motor's Fort Wayne Manufacturing Sub-Section 16 have been announced by Robert W. Dent, supervisor-production. Preston W. Slack has been named supervisor-materials and shipping. Clinton E. Newman is the supervisor-order service. Robert N. Turschman has been appointed chief dispatcher and foreman of stockkeepers.

We welcome Herbert Stewart to the gang and hope he enjoys working with us. . . . Crane number 19 was down for a couple of days last week. They put an overdrive on it to speed it up for the boys on the west side. . . . Dick Bodkins bought a toy mechanical bunny at the gate the other day. For his little girl he says. Hah! . . . Pappy Wright got back safely from his trip to California. He says he enjoyed it immensely, especially the ride on the plane. Pappy's wife put him on the plane and gave him a stack of comic books and some bubble gum to amuse himself with on the long flight. Then, after instructing the pilot to watch over him, she departed. When Pappy grew tired of chewing his gum he looked for a place to park it. He couldn't get the window open to throw it out so he reached down under his seat and stuck it there. The lady in the seat behind him was a little perturbed though. Pappy had stuck his gum on the bottom of her shoe. . . . Kenny Settemlyre has joined the exclusive motor club of Bldg. 22. On March 13 he became the proud owner of a brand new Mercury. . . . Poor Johnny Berger had the check pool almost won when Arnold Schieferstein came through with a higher number. Too bad, Johnny, and after you had an alibi all cooked up for the Mrs. too. . . . What's this we hear about Art Thompson being talked out of a tractor? Art went to a farm sale and they had a tractor that Art wanted very much. But everyone said the tractor would go very high so Art left before it was put on the block. Several days later Art learned that the tractor sold for much less than he would have paid for it.

KINDLING AVAILABLE

Kindling orders are now being taken at the Employee Store, Ray Fischbach, store manager, said today. Price is \$2 per load.

Mr. Slack joined the Company in 1928 and entered the laboratory, Bldg. 28-2. In 1932, he became an assembler and dispatcher in Bldg. 4-2 and Bldg. 4-3. After moving to Bldg. 17-3 in 1948, he became chief dispatcher and foreman of stockkeepers and held this position at the time of his present appointment.

A member of the Foreman's Association, Mr. Slack served as vice president of the G-E Club for two years, 1951 and 1952. The Slacks, who live at 5811 Fernwood Ave., have one son who is a junior at Utah State College.

Becoming a G-E employee in 1929, Mr. Newman entered the general office billing section on customer billing. In 1937, he went to the regional warehouse as leader of billing in Bldg. 6-4. He became a renewal parts specialist in industrial control in 1939.

From 1942 until November, 1945, Mr. Newman served in the Army Air Corps. Upon returning to the Company, he returned to the position he held prior to entering the Service. After transferring to Winter St. in 1947, he became supervisor of sales forecasting and scheduling, which was his location until his present appointment.

Mr. Newman attended the University of Alabama. He is a member of the Supervisors Club. The Newmans live at 220 E. Suttentfield St.

When he came to the Company in 1929, Mr. Turschman became an inspector in Bldg. 17-2. He went on to test and inspection in Bldg. 4-1 in 1932 and transferred to Bldg. 4-4 as a tester in 1942.

After serving in the U. S. Navy in four theaters of action from 1947 until 1949, Mr. Turschman returned to the Company and became a correspondence clerk in Sub-Section 14. He became a dispatcher in 1951 and the following year moved to production methods work in Bldg. 2-2, where he was located prior to his present appointment.

Mr. Turschman is a member of the G-E War Veterans Association. He and his wife, Mary, who works in Sub-Section 17, live at 2607 Darlene Dr.

Flashes from Bldg. 4-5

by Virginia Pflueger

Flash! We have all either read or heard of children crawling into iceboxes while playing, but the other day I heard of a certain cat doing the same thing. Ambitious Mary Junk was cleaning out her refrigerator the other day. Her cat, Corky, decided it looked like a comfortable place to rest and jumped in. . . . Mamie Allen is now a 30-year member of the General Electric Company. After three attempts she finally got her picture taken. Good luck with 30 more years, Mamie. . . . Just call Lucinda Pettit "Lucky Lou." She won a few dollars on a certain ball team. . . . Two girls, with names such as Carmen Sordelet and Helen Papenbrock are stationed in Bldg. 4-2 along with Bill Henninger, George Chandler, Blackie Winifer, and Ed Bruns-worth. . . . We want to welcome the aircraft shaft section to Bldg. 4-5 and hope you like your new location. . . . "Vacations are wonderful," says Ida Mugford. "You ought to get one." Ida is one of the gals going to Europe this summer. . . . Spring is sprung and Nelda Welch has a new hair cut to celebrate the occasion. . . . Imogene Meyer's brother is home from Korea.

OVER OUR WAY in 19-1

by Clara Volz

The other night Art Braun's wife was hungry for ham. So, Art jumped in the car and drove over to the nearby butcher shop. As usual there wasn't any parking space in front of the shop, but there was a dandy almost opposite. He cut across and parked in there. It was all right to park on this side of the street, but Art's car was facing the wrong direction. He thought nobody was looking

Did you hear that all Frank Fogwell wants for Easter is his front tooth. Easter bonnets don't bother Frank, it's sandwiches. . . . Ross Halfick sure gets glue all over his hands. Better watch your cigars, Ross. . . . Leon Radamaker talked to his daughter in California last Sunday. . . . Christine Helms and Dorothy Kell had quite an experience last Wednesday during the storm. Dorothy has made a denial of her plight, and we have no way of knowing the truth. Dorothy also had an accident, she lost part of her lunch on the street, namely a pickle. How that ever got out of her bag she says she doesn't know. . . . Our two jolly men made the billboard last

People eat all sorts of things during a movie, but Pat Geschwell tried something new—Jello! Can you imagine anyone eating a dish of Jello at a show. . . . Norb Sordelet doesn't think much of Mertz's Oldsmobile. He asked Walt for a push to get his broken down Studebaker going. Norb said he kept waving out the window for Walt to start pushing. He finally looked back to see if Walt was in back of him. Walt was there all right but he couldn't budge Norb's car. . . . If anyone wants to know the difference between a cyclone, a hurricane, and a tornado just ask Jordan Gunkel.

We want to congratulate Selma Voigt on her coming marriage to Charles Dunbar, which will take place Friday, March 27. Good luck and best wishes. . . . Ernie Raypole was loaned to group 150 last week for two hours. Next time, Ernie, you should make out your own loan-out slip. . . . We also extend our best wishes to Marilyn Meyers and William Davis on their wedding of last Saturday. . . . Belated birthday greetings to Art Lussenkamp and Esther Schladenhaufen. . . . Marilyn Norton spent

so he took the chance. After he purchased the ham and returned to the car he found a pretty little pink ticket. Ham comes expensive that way, doesn't it, Art. . . . Bob Robinette and the Mrs. did some celebrating the other evening. He says he ordered an 18 ounce steak at a restaurant and could hardly eat it all. At \$3.50 a throw I would eat it if it took me all week. They then took in a movie and some of Fort Wayne's hot spots. A swell time was had by both I'm sure. . . . I get a kick out of watching Ann Thomas and Carl Schafanski swap food from their lunches. Ann gives her pickles to Carl and he in turn gives Ann a roll or cookies. The pickles are probably home-made, so Carl gets the best of the deal.

Friday, Eldridge Gillum and John Walters. They will be furnished 8 ounce gloves. They were given instructions to break clean. Eldridge Gillum says that Elmer Heemsoth is a two-faced clock, right to his face, and says you should hear him chime. These fellows never have a dull moment out there. . . . Clarence Hewes' son is home from the service this week. . . . Margaret Parisot left us last Friday to work in Bldg. 6-4. We wish her lots of luck on her new job. . . . Lewis Pflueger had a red face the other day when asked to give his name and clock number. Lewie didn't have either for the moment. . . . Paul Winters says he never would have been in the bathtub if he had known there was going to be such a hard wind storm. He wouldn't want to land out in the wide open spaces in his condition. . . . Did anyone hear Bill Putt and Ray Schuckle trying to impress each other with the best knowledge on the basketball finals.

It's fascinating to watch him go through the motions. . . . Bertha Wolbert was given a surprise potluck for her birthday. . . . We welcome Oscar Meyer to the solder group on the hermetic line. . . . Lillian Mallo had a birthday on St. Patrick's day. Lillian received a flop-eared cocker spaniel pup for a present. She says the pup doesn't cry at night, much. . . . Clarence Dick came sauntering in the other day like he had all the time in the world, muttering something about his alarm not going off. . . . Bea Adams brought Norma Smith a waist reducer in to work. Norma was holding it up admiring it when Norb came around the corner. Was her face red! . . . DAFFY DEFINITIONS: Movies—where some love to go and others go to love. Perfume—A smell used to drown a worse one. Warden—A feller who makes his living by his pen. . . . COMMENT FOR THE DAY: "To have what we want is riches, but to do without is power."

Saturday in Coldwater, Mich. . . . Marvin Van Skyock was caught on the Outer Drive in Chicago Sunday and had to drive 30 miles out of his way before he could get off of it. . . . Dick Gilgen is looking for a trailer hitch for his car. It would be handy, Dick. . . . We wish to welcome Mary Trace to our division. . . . We wish Doris Garr a very speedy recovery from her recent operation. . . . Ruby DeBolt and Elmer, her husband went to New York to enjoy their honeymoon. And after all these years too. . . . Ruby Stucky went to Indianapolis to watch the tournament on TV. . . . Goldie Tuck's father has come to stay with her for a while. . . . We were sorry to learn Esther Rihman's son was in an auto accident. . . . Happy birthdays are in store for Helen Grady and Pauline Grone. We hope you'll have many more, girls. . . . We all want to welcome Reba Boyer back to the winding section after being on our sick list for the last six weeks. . . . Alice Zumbrum says she wants to try the day shift. We hope you'll like it with us, Alice, and decide to stay.

And speaking of credit, a finance agency was having trouble collecting from a man named Jones. Finally, they wrote him: "Dear Mr. Jones: What would your neighbors think if we came to your town and repossessed your car?"

A week later they received their letter back. Scrawled across its face was the following: "I took the matter up with my neighbors and they think it would be a lousy trick. Sincerely, J. Jones."

Joan and Jean—Twin Accordionists

George and Ann Oliver—Roller Skating Artists

The Waltons—Jules and Joanne

G-E Club Spring Revue Tickets Available Mon.

Tickets for the G-E Club 1953 Spring Revue, scheduled for April 11-12, will be available beginning Monday, March 30, Gordon L. Smith, entertainment chairman, reported today.

Free of charge, tickets for the seven performances slated for the two-day period may be secured at the G-E Club desk, Taylor St. employment office, or from any of the 17 members of the entertainment committee. To secure tickets for themselves and members of their immediate families, employees should present their G-E Club membership cards at any of these locations.

Performances have been slated

at 1, 3:30 and 7:30 p.m. Saturday, April 11. The afternoon programs were scheduled at these times to enable employees working Saturday to attend a performance of the Revue. Starting times of Sunday, April 12 shows are 1, 3, 5, and 7:30 p.m.

A seventh professional act has been added to this year's spring club event. Announcement of the signing of three more acts was made this week by Chairman Smith. One of these is "The Waltons—Jules and Joanne", who present an act of comedy, dancing, and pantomime. The team has played engagements at leading clubs and theatres in the United States and Canada, appearing in such places as the Astor Hotel and Radio City Music Hall in New York City; Ambassador Hotel, Los Angeles; Cafe Atlantico, Rio de Janeiro; El Patio, Mexico City, and Park Plaza Hotel, St. Louis.

"The Sweethearts of the Accordion", Joan and Jean, are an-

other duo booked for the Revue. They present tap dancing and harmony singing while playing accordions.

Another act adding variety to the program is "George and Ann Oliver", roller skating artists. Their performance, which has been termed "divertingly different", is climaxed with a trick in which George suspends Ann head down in a dizzy spin while she drinks liquid through a straw from a glass on the floor.

Acts previously announced are Danny O'Neil, Irish tenor, who will also serve as master of ceremonies, and Billy Romano, who presents "Balloon Sculpturing".

The 16 members of the enter-

tainment committee, in addition to the chairman, who will have tickets for the seven performances are: Gayle Griffith, Winter St.; Joe Wyss, Taylor St., Sub-Section 13; Glenn Seabold, Bldg. 28-1; Buck Buchan, Bldg. 19-2; Art Brockmeyer, Bldg. 2-1; Kathryn Gardt, Bldg. 4-6; John August, Bldg. 22; Mamie Allen, Bldg. 4-5; Bob Glenn, Bldg. 26-2; Belle Buchan, Bldg. 2-2; Kenneth Redding, Taylor St. shipping section; Earl Stauffer, Bldg. 17-4; Joe Gardt, Taylor St. office; Hubert Myers, Bldg. 21; Charlie Wilt, G-E Club, and Barbara Hyman, Bldg. 18-1.

6-4 AIRLINERS

by ELLEN BAUER

Bob Hartman found out that slipping into a fog and going to sleep in a car turns out to be a chilly situation, especially in the wee hours of the morning. . . . Maxine Root looked like a repaired china doll the other day when she dropped a can of glyptal. . . . We have heard of people growing rock gardens in bowls, but we never knew you ate them. Is that your medicine, Millie Koehler? . . . De-lores Soderquist received a diamond watch from her husband. How lucky can you get? . . . Martha Engliert's husband wants to know why her name is never in the paper. We found her hiding in a far corner and in the future we will try and do better. . . . If you see Andy Anderson going around with his head in the air it's because he shook hands with the well known race driver Ab Jenkins. . . . Arnold Wendell is getting so good at bak-

ing cakes that he brought Bertha Siebold a piece. How do you rate, Bertha? . . . We hope Marie DeVaux never oversleeps again. . . . Famous last words: "I'm going on a diet tomorrow," by Roxanna Miller. . . . Jimmy Zehender gave Herb Tilbury a new kind of bath. He used black ink. Herb would like a towel the next time, Jimmy. . . . Lillian Shaffer made a bet with Bob Honker and lost the bet. When are you going to pay, Lillian? We hear Arnold Wendell is collecting all unpaid bets made to Bob. You lucky guy, Wendell. . . . Barbara Spieth and Millie Koehler spent last week end in Chicago. Babs bought a new car. What year is it, Babs, 1900? . . . Harry Kaehr wasn't feeling good and spent a lot of money trying to find out what was the trouble. After buying new glasses and all maybe you had better stay away from the dust, Harry, and you will be OK. . . . Final inspectors and testers held the Meat Cutters Convention Friday and wore white shirts and black bow ties. They really looked nice. . . . Welcome to Betty Campbell, Edith Minnick, Billie Gawthrop, and Agnes Shane. . . . Margaret Hilegeman is planning an early garden. Do you think we will have peas next week, Margaret?

EARN \$300—A suggestion award of \$300 was presented to Arlo Kissinger, Bldg. 6-2, this month for his suggestion to eliminate the clip used on starter generators. Mr. Kissinger, a group leader in Bldg. 6-2, second from left, discusses his idea with (l-r) George Ross, Forest Bunner, and Paul Hapner.

Sportliners...

by Earl D. Stauffer

It doesn't make any difference if it is ringing down the curtain on a strike in bowling, or slamming a long drive down the fairway, or being up to bat for the old timers baseball team; Lou Barney plays for keeps now as he did 25 years ago. This sportliner is a stickler on fair play and as many have told me he is very rough when the chips are on the line.

Lou's early years were spent here and in Muskegan, Mich. He was graduated from Fort Wayne Vocational high school.

His first sports love was golf. In 1913 he started to caddie at the Fort Wayne Country Club before the club house was built. He recalls that Bill Bathie was the pro at that time. Among the golfers in that day were Albert Bond, president of the Packard Piano Co.; Arthur Hall, president of Lincoln Life; Attorney James Barrett; Funeral Director, William Peltier, and J. Ross McCulloch of the Fort Wayne Bank. Lou's main caddie chore was for Albert Bond. Later the well known G-E names of Walter Goll and Fred Hunting were among the names that Barney lugged the sticks around for.

In 1917 Lou played shortstop for Johnny Savager's Celts.

Each year the YMCA used to have an indoor track meet. Lou was called a "one man track team from Van Arnams." A cigar box full of medals attests to his ability. In 1923 he tied with Bob Judy as the high point performer. One of his specialties was the 220-yard dash which he won three years in a row.

In baseball with the G-E Club, he helped win the shop league titles in 1925 and 1926. On Sundays he

Lou Barney

played with the famed Lincoln Lifers.

Lou calls baseball his favorite sport and the New York Giants his favorite team. It was on the diamond that he received his biggest sports thrill. Playing for Lou Bullerman's Lady Waynes against the Fort Wayne Colored Giants who had the great Bee Selden playing center field, Lou came up to bat in the last of the 13th inning with two outs and Ralph Harwood on first. He walloped a liner over the great Selden's head scoring Harwood all the way from first and winning the game.

STABS
Bldg. 26-2
NORMA ARNOLD

COMMERCIAL: Frank Ondrovik, former head of sales promotion, is back with us after almost two years' absence. Frank interrupted his business here to answer the call of Uncle Sam. He is being placed in ballast sales under Art Rowe. . . . Welcome to John M. Brown, who is here on test. He will be in STAB sales for eleven weeks, then will be transferred to Morrison, Ill. From there he will go to Houston, Texas. . . . A couple of weeks ago George Dykhuisen's hobby as a salesman of cutlery was put in the column in hopes that the publicity might bring his sales up. We're wondering why it is that every day at lunch time George goes over to Kathleen Schafer's desk and borrows her penknife to peel an orange. . . . Belated birthday greetings go to Ann Rastetter. . . . Tom Bailey, who used to be in Commercial and was recently placed in the Detroit Office, was in here for a while last Friday looking very chipper and prosperous. . . . **AIRCRAFT AND ELECTRONICS ENGINEERING:** We wish to welcome Virginia Frank, who is taking Dorothy Shaffer's place as secretary for Gordon Walters. Virginia was in the cost section on the fourth floor, working for Loyd B. McNamara. . . . Some time in the near future Robert G. Irish, of the Patent Office in

Schenectady, will be moved to Fort Wayne in Bldg. 18. Dorothy will be sent to Schenectady for a week's training as Mr. Irish's secretary. . . . **BALLAST ENGINEERING:** Welcome to Dorothy Bechdolt as the new typist for the office under Gordon Harvey. Dorothy was working in the drafting room for Paul Ohnesorge. Incidentally, Dorothy is the third blonde in succession in the office. It could be coincidental, but maybe Gordon is getting partial to blondes.

Stormy WEATHER FROM 17-4

HEALTH DEPT.—It's either the influence of Popeye, or the little woman wants to build him up. Wayne Chrysler brought home a case of spinach. He'll either love the stuff or die in the attempt. Good luck, Wayne, but we don't envy you. . . . Morris Mumma celebrated his birthday last week by bringing in a cake box with a very lovely cake. Upon opening it to share with the boys, he found one small, sad, beat up looking cake. The expression on his face must have been something to see! Before the roof threatened to blow off the boys admitted to the switch. However, all the carbology boys can testify to the tastiness of the original cake. . . . It was quite a pleasant surprise to see Charley

REPEAT PERFORMANCE—For the second consecutive year, the Test Engineers team in Interdivision basketball received the annual Sportsmanship Trophy awarded by the G-E Club. Presenting the 1952-53 award last week was Bill Schible, G-E Club president, at left. Others at the ceremony are (l-r): Ken Wyman, TE team member; Robert Rescorla, supervisor of test engineer activities; Ken George, TE team member, and Marc Junk, co-manager of Interdivision league.

SICK LIST

The following employees have been reported on the sick list, dismissed from the hospital, and returned to work:

Sick List

David Hanson, Maurice Cook, Dewey Heaston, Harry Hawthorne, Wilbur Gray, Doris Garr, Beatrice Eagleson, Iva Bixler, Maltha Burk, Carl Bohnke, Ollie Harvey, Eugene Carpenter, Barbara Dennis, Virginia Jones, Leatha Hey, Henry Hedges, Viola Brooks, Marvin Wicks, Clinton Myers, Jane Buffington, Angela Speith, Robert Godfrey, Glen Casteel, James Fry, June Krider, Alfred Eichler, Russell Healey, Jo Ann Locker, William Lloyd, Flossie Straley, Alice Parks, John Nuckols, George Redfern, Earl Ramey, Lucile Miller, Robert Rinehart, Pauline Zent, Ivan Parrish, Betty Powell, Katherine Young, Jack Williams, Simon Wimes, Margaret Charters, Helen Bieber, Ruth Clapp, Mable Fisher,

Justine Flutrow, Larry Refine, William Piercy, Henry Nagel, Harrison Martin, Herbert Staak, Margaret Miller, Margery Booker, Betty Fisher, Betty Reynolds, and Betty Brown.

Dismissed from Hospital

James May, Stanley Ostrowski, Sharon Dasher, and Clifford Beahrs.

Returned to Work

Bethel Breeden, Margie Ford, Cicola Bryie, Mary Hopson, Frank Enderle, Hallis Hosler, Charles Kensill, Robert Bishop, William Hoelle, Angeline Fogle, Elayne Hall, Nancy Gordon, Reba Boyer, Otto Hans, Luther Hardy, Jr., William Dunmire, Claire Forbes, Aileen Miller, Ruth Leverton, Dorothy Myers, Charles Staley, Betty Strong, Anna Rose Shaw, Rose Richards, Emil Schurenberg, William Walde, Raymond Mock, Virgil Nash, Bertha Witham, Adam Nicholson, and Willadean Todd.

Nobody can get as mad over nothing as a waiter who was expecting a good tip.

NO. 1'S ARE NO. 2 TEAM—Runners-up in the Interdivision League basketball loop were the Transformer No. 1 team. They were defeated in a crucial final game of a three-game playoff. Left to right are Dick Thomas, Herman Christman, Bob Shaffer, Doryal Smith, Perry Gilliam, Bill Miller (captain), and Dick Bolinger, Dick Pottee, Tom Schlotter. Francis Nelson, manager, is shown in the back.

To Award Four Bowling Trophies For League Play

Four individual trophies for league play in the 1952-53 G-E Club bowling season will be awarded the last week of April in the following classifications: Women's Division, high single game and high series game; Men's Division, high single game and high series game.

The trophies will be inscribed with the date and title of the award. To be eligible for these awards, keggers must be members of leagues bowling at the G-E Club and must have bowled the scores on the Club alleys.

This year's bowling season ends April 24. As league action draws nearer to the finale, the following employees are leading contenders for the end-of-season awards: Charlotte Stanford and Rachel Mounsey are tied with a 226 for high single game in the Women's Division and Tommy Williams has a high of 607 for series game. In the Men's Division, Gil Baker leads with a 276 in the high single game and H. Uhrick tops the high series list with a 668.

Masonic League

The Patrols have gained a game on the league-leading Squares. The standings show the Squares with a 23½ won and a 12½ lost record. The Patrols have 22 wins and 14 losses. Jones kegged a 617 count on games of 218, 189, and 210. Double century marks were rolled by Hughes, 216; Lauterberg, 212; Peters, 202; May, 202; Bailey, M., 204; Manecke, 204 and 201; Burton, 201; Geiger, 209; Hinricks, 202; Gearhart, 200; Altevogt, 209, and Chevalier, 201.

Apparatus

Team No. 11 leads the league, with 23 wins and 7 losses. Team No. 10 is second, with 19 wins and 11 losses. In third place is Team No. 3, with a 18-12 record. Vic Rump rolled a 629 count on games of 222, 184, and 223. Paul Perry scored a 223; Bob Winkler rolled 207 and 203; Butch Butcher, 205; Joe Laisure, 207; Don Greenler, 201; Lee Schnepf, 202, and Bill Disque, 200.

Transformer

U-I is leading the league with a 12 won 6 lost record. Radios, Autos, and Bells are tied for second place, each having won 11 while losing 7 games. Quinn scored a 202 and Fritz, 214.

G-E Owl League

It is a battle for first place between Team No. 1 and No. 3. There is only one game separating them and only three more Saturdays to bowl. Scott found the range and converted the 5-7 split. Team No. 7 won two games from Team No. 2. Team No. 3 won three games from Team No. 6. One more bowler is needed to complete the season in the Owl League. If you are interested in bowling at 10 a.m. Saturday, call Charlie Wilt, Ext. 742, or Tow Cowan, Ext. 388.

Ladies' Monday Night

It is the Bowlettes out in front

208; Don (Plunger) Stoneman, 204; Carl Hattendorf, 203; Dick Kent, 201, and Dudley Snyder, 200. Ted Ross converted the 3-7-10 split.

Decatur

In the G-E Monday Night League, Flanges lead with a record of 20 wins and 13 losses. Office is in second, with a record of 17½ and 15½. Roy Schuster scored a 610 series on games of 201, 191, and 218. Double century scores were made by Ed Reynolds, 214, and Saph Jackson, 203.

G-E Fraternal

It is Teeple Truck Lines out in front with 18 wins and 6 losses. Peterson Elevator is second with a 16½ and a 7½ record. O. Schultz scored a 206; J. Schnepf, 203; Ullman, 201 and 206; Leonard, 213; Faulkner, 204; G. Schultz, 200; Berry, 201; McIntosh, 225, and Laurent, 237.

G-E Women's League

Team No. 3 with 19 wins and 8 losses led the league. Team No. 4 is in second place with 14½ wins and 12½ losses. High score among the ladies was M. Miller with a 206; D. Kukulhan, 164; M. Bashara, 175; Kleinhenz, 162 and 161; H. Wellman, 168, and G. Laurent, 193.

Robert W. Geiger Presents Paper To ACS Conference

Dr. Robert W. Geiger, Fort Wayne Laboratory, presented a technical paper at the Pittsburgh Conference on Analytical Chemistry and Applied Spectroscopy recently.

Dealing with the photometric determination of copper with dithione as an improved method for use with the Spectrophotometer, Dr. Geiger's paper is titled "Copper II—Dithione Equilibria in Water Carbon Tetrachloride."

The conference is sponsored annually by the Analytical Chemistry Group, Pittsburgh Section, of the American Chemical Society and the Spectroscopy Society of Pittsburgh.

G-E Cagers Trip Up FOP Club To Remain in First Place Tie

by Howard Colby

In a rather low scoring game played Thursday morning, March 19, the G-E Club team handed the F.O.P. a 38 to 16 set-back to remain in a first place tie in league standings with Salisbury Axle.

In the first quarter, the Club's big center, Ron Blodgett, hit two field goals and a foul shot for five points. Gene Etter and Johnnie Wilson each tossed in a fielder. Bob Markey added a free throw to give the Club a 10-point first quarter. The only man to score for the Cops was John Pequignot, who cracked the nets for two buckets.

Gale writes that his work in the Air Force is very interesting. He likes it all but doing his own laundry. His address is A. B. Gale D. Elder, A. F. 1550352, Flight 99 Squadron 3706, Lackland A. F. B., San Antonio, Texas. . . . Arnie Johnson has seen everything now. Recently, at noon, he was watching Carl Plattner, Lloyd Miller, Ralph Reinking, and Ed Glusen-kamp at a game. Three out of four games were skunk scores. In all Arnie's (35) years he had never seen it happen before. . . . Dan Tetlow came in dressed unusually sharp one morning. Occasion? His eleventh anniversary with G-E. He says most people don't make news until their 25th year and he thinks that's too long to wait. So Don, we hope you have many, many more years with G-E. . . . Congratulations to Oliver Tracey who celebrated his birthday by treating us all to candy bars. Some of his friends presented him with a beautiful decorated cake and birthday card. On the front of the card was a unique picture of an organ grinder and monkey. Tracey thought the picture was a photo of Carl Plattner. . . . Charlie Reed came to work with very dirty hands Friday morning. He had to change a tire at 6:40 a.m. Boy, do I stick my neck out! Charlie, Park S. swears that after 55,000 miles anyone should be willing to buy new tires!

In the second period, the Club was only able to get one basket, this one by Somers, and foul shots by Taylor, Hower, and Hass. The F.O.P. team matched them with a basket and three free throws to end the half with G-E on top by the score of 15 to 9.

The third period was another slow one with Johnnie Wilson hitting two baskets, Etter hitting two free throws, Wickliffe and Blodgett each adding a charity toss. The total read 23 to 13 as the Cops were held to two baskets.

In the fourth and final stanza Somers led the Club with five points along with Bud Hower, who hit five. Hass netted two and Wickliffe three. F.O.P. five was held to just three points to rack up a 38 to 16 victory.

In other games played, Salisbury just skinned by Indiana Rod and Wire by the score of 46 to 45. Zollner took Eckrich 51 to 41.

What Are the Salaries of Congressmen? Senators and House Members receive a salary of \$12,500 per year . . . plus a non-taxable allowance of \$2,500 for expenses.

NEXT SQUARE DANCE LESSON, APRIL 9. . . . The pleasant chap who has been greasing and oiling our winding machines, Glen Germann, has left us to take up farming as a full time job. Dan Lengerich is taking over Glen's job of oiling the machines. . . . Curtis Jones is replacing Don Voglewede, working for Henry Krueckeberg. . . . Out in the cold to do a good deed and feed his feathered friends, George Buckley then hurried back to the warmth of his house. But then trouble arrived. Alas, the door was locked and George, like most everyone else, failed to carry a key in his pajama pocket. The only way to get in was to wake his wife and have her unlock the door. George really got quite cold out there before he could wake her up. . . . Ambrose Gase has a pet raccoon that does not approve of TV. At least, not when other animals appear on the screen. He protested so strongly that Ambrose had to put him outside in his cage until the program was ended. The raccoon later thoroughly inspected the TV set looking for the strange animals he had seen there a short while before. . . . We wish to express our deepest sympathies to Arthur Closs upon the death of his mother, and to Harry King upon the death of his father. . . . Greetings to Joan Borne, who celebrated her birthday recently. The office gang enjoyed the candy and cake very much, Joan, and we hope you have many more birthdays. . . . Just for the records, Vilas Bollinger says that he also has a new car. But he says that his is just a car and so is not equipped with things like stoves, sinks, etc. . . . Just how ferocious can a sandwich get? We hear that Noah Roth found one that was really savage, seems as though it wanted to bite back at him. Say, Noah, why don't you have Walt Terstame tame them for you before you try eating them? . . . Birthday greetings to Paul Briede this week. . . . We wonder why he changed from the Buicks that he formerly drove? Yes, Warren Harden has changed brands, instead of the Buick, he is now driving a new Packard. Nice going, Warren. . . . Robert Ralston and Richard Rumschlag have returned to work in Bldg. No. 1, after two years in the Service of Uncle Sam. We are very happy to have you boys back with us again.

SHIPPING: We will say farewell to Georgie Turnbow, who is leaving us to be a full-time housewife. . . . A baby boy was born to Mr. and Mrs. William Brown. The mother is Nayadean Brown, who formerly worked in the department. . . . Did anyone hear that atomic bomb blast the other day? It was only Joan Baker falling off her chair. . . . The person you saw riding around eating chocolate cookies the other night in a new Pontiac was Francis Miller. He only had 60 miles on it then. . . . Welcome to Maybelle Woodward, the new girl on the file, who was transferred from Motor Generator. . . . We are sorry to hear that

Fred Wheeler is going to the hospital Friday night. Hurry back, Freddie. . . . Congratulations to Mabel Staton, who is getting married June 6. . . . **TELEGRAPH:** We want to caution Mary Ann Laurent about these tall dark and handsome guys. . . . Cholene Slabough made a trip to South Bend to see her sister over the week end. Since when do they call them sisters. . . . **MAILING:** We hang our heads in shame to think we neglected to mention Ed Blotkamp's birthday. So, we'll just say belated birthday greetings to Ed. . . . Also, belated birthday greetings to Clint Sorenson, Buddy Hensler, and Harry Reigh. . . . Welcome aboard to Frank Bontenys and Donald Patton. . . . Farewell to Lowell Voilro, who was transferred to Bldg. 17.

We wish to say farewell to the girls who left us this week for Taylor St. We will miss you but we all wish you good luck on your new jobs. . . . Thelma Oswald had a narrow escape last week. She stepped off the curb and heard a loud swish. It was only Elmer Lontz flying low in his Mercury. Thelma said that he might get his headlights kicked out doing tricks like that. . . . Has anyone noticed how Mae SueSucher is improving on her aim? Better have your sights checked and lined up, Mae, you're shooting crossfire you know. . . . We are glad to see Paul Hapner back after his struggle with the flu bug. . . . Due to the fact that William Spahr, president of the G-E War Vets, tendered his resignation recently, Roy M. Brower, Bldg. 6-2, first vice president, has taken over as acting president until the regular election is held. . . . Berdena Musser has left us to take a full-time job of housekeeping. Berdena tells us they bought a new home in Edgerton, Ohio. . . . The New Look: Who's behind those new spectacles? Oh, it's only Bill Schreiber. . . . Just why do so many men congregate behind the coke machine? Is it that beautiful calendar of Jess Millican's?

Was Gladys Pantizen trying to save her new red boots when she fell on her face and hands in the mud? . . . Mason Smith and Milton McComb had to have it proven to them that the East guard house was closed on Saturday. . . . Is Charley Barren trying to design a new quiet machine motor without a rotor? . . . Sure was quiet Monday in kindergarten with Louise Sinn working at the other end of the building. . . . Ruth Peek hasn't received any old alarm clocks yet and is very disappointed. . . . Will anyone who has some hard boiled eggs give them to Bernadine Warner? She is on an egg diet. . . . Our sympathy to Edna Sill on the death of her father-in-law, John Sill. . . . It is reported that Ed Brockall has been bringing in carp heads and trying to make people believe they are bass. . . . Beverly Numbers spent Thursday night with Vadas Putt and they attended the theater. They have been trying to imitate Marilyn's walk but so far haven't been very successful. . . . We are happy to have Herman Watters back at work after being unable to use his injured hand, also, Wilbur Gray, who was ill with a cold. . . . Kenneth Bainbridge will be missed by the gang while he is on leave. . . . Welcome to Ruth Koons in division 17-80, and Paul Fritze in the stock room. . . . Paul LeCoque's dog gets so lonesome without him that it comes to see him at work. Paul doesn't appreciate it.

Congratulations to Mabel Moser and her husband. They celebrated their 25th wedding anniversary Sunday. It was also Mabel's birthday. . . . Did you know we have two Marjorie Born's on second shift? . . . Francine Nelson and

Jessie Wass look nice with their new permanents. Just in time for their Easter bonnets. . . . Last Saturday, when it was so nice and warm looking, Thelma D. said she was all here, but half-baked. . . . Lora S'. mother was in the Lutheran hospital after she fell and injured her foot. We do wish her a speedy recovery. . . . Edna Butler enjoyed her birthday last week. She received a lot of nice handkerchiefs from the girls. . . . Don Kesler wonders if he will get a family discount at the restaurant across the street since he has been taking the girls out. . . . We hope Bob Rinehart's hand recovers from its injury in fine shape and real soon. . . . The 51 frame assembly wishes Claude Sigman a speedy recovery from his operation, also, his sister who was in an automobile accident. We hope it wasn't too serious. . . . Rachel Millikan and Mae Boyce each had birthdays. Happy birthday, girls. . . . We want to welcome Eileen Kryder back to work. The new son is doing fine. . . . We are glad Faye Patton's husband is back at work after a brief illness. . . . We were sorry to hear Don Wanas' wife has been ill and hope she recovers soon. . . . Congratulations to Bob Hursey on the birth of his baby girl.

Everyone wonders why Cleo Crowe places his eyeglasses in his desk drawer in the morning, then puts them back in his coat pocket at night. Do you suppose they are his reading glasses and he hasn't found time to read? . . . Did you know that, besides "Wimpy," Mrs. Lemper now has a pet lamb to care for every two hours? Well, she has. . . . Our deepest sympathy to Virgil Dennis on the death of his mother-in-law. . . . See Bill Irwin on "How to catch Indiana bluegills at Houghton Lake in Michigan." . . . The new maroon Ford you see in the parking lot belongs to Meryl Armstrong, but Nolan Riley still has a new car on the prospect list. . . . When Harry Adams had trouble with his radiator hose last week he didn't even ask his riders for a bobby pin to

Another good month for birthdays. We extend our best wishes to Norman Burkhalter, Wilbur Shidler, Charles Strebig, Russell Butler, Paul Geiger, and Ernie Riley. Belated wishes to Bill Fisher, whose birthday is on the anniversary of the Battle of Bull Run. Bill is becoming quite an expert in photography but where does he find all his subjects? . . . George Bear not only gets lost while out driving but forgets to drop his riders off at their homes going home from work. He tried to take Herman Johnson home with him several times recently. . . . Have you noticed Avery Spade's new hat? . . . George Mosshammer has a real genuine wooden nickel. He paid Bob Walsh five cents for it. . . . Why didn't Paul Zuercher go out to supper with the fellows one night last week? A few nights later he opened his lunch pail to find his wife had forgotten to put his lunch in. No wonder he looks so hungry. . . . Someone cut the end of a finger off of Walter Wolfe's glove. Walter, thinking he had pinched it off while moving some work around, has been congratulating himself on not losing his finger. . . . Meredith Trout is worrying about his waistline, but not enough to stop bringing those oversize sandwiches. . . . Everyone is trying to buy Art Holtermann's hot rod after that fast trip from Richmond. . . . Our sincere sympathy to the Gerald Flick family on the loss of one of their twin babies. . . . Don Vorndron, Bill Oberlin, George Hahn, Norm Current, and Roy Berdeman all chipped in for a crying towel for Clarence Reiter and Art Holtermann after the State Tourney.

tighten the clamp. He tried it with a dime. The dime didn't hold so he asked for help at a farm house and this time a screw driver did the trick. . . . What has happened to the red truck Hazel Scott used to drive to work? Do you suppose her husband found out that it rides better than the Hudson? . . . Keep your eyes on the strong man, Francis Fulk, because he was seen throwing large reels around. . . . How could Al Hambrook ask for more on his birthday? (It was March 18.) Besides receiving an assortment of birthday, all-purpose, and sympathy cards signed by Old Father Time himself, he also received a cake with all the trimmings, a pair of hose, or should we say one woman's stocking with a lot of runners in it that looked like a spider's web, and a man's sock with a hole in the toe end big enough to drive a truck through. Last, but not least, he received the best and greatest gift of all, a brand new baby granddaughter by the name of Cynthia Ann, weighing in at 7 lbs. 5 ozs. She was born to Mr. and Mrs. Jean Jansen. Mr. Jansen works in the accounting section in Bldg. 4-6. . . . Virgil Nash got a new Howell, wait a minute, I mean Virgil Howell got a new Nash, complete with all attachments. He says it's like a house trailer and car combined. . . . Ralph Olinger has a new Pontiac. I hope the boys haven't discouraged him about the broken block and rear end falling out. . . . Willadean Todd is back to work after three weeks with the mumps. . . . Joan Crum's husband is leaving for the Service on the 31st. Best of luck to you, Dean.

REACHES 35 G-E YEARS—Carl Schoenherr (second from left) shows a letter of congratulations he received on his 35th G-E anniversary to (l-r) William Rapp, Sam Allmandinger, Charles Myers, and George App. Mr. Schoenherr started here in 1917 as a machinist. At present he is a hand screw machinist in GAC Sub-Section 13 at Taylor St.

AD-LETS

FOR SALE
WANTED
FOR RENT
LOST & FOUND

"Lost" and "Found" articles must be cleared through the Plant Protection Office, Bldg. 10-2, or the Plant receptionist, who will place the Ad-let and otherwise advertise the article.

No ad will be received over the telephone.

Only one ad per employee may be inserted. Each ad must be limited to 20 words and cannot be repeated. All articles mentioned must be personal property of the employee. Ads will not be accepted unless accompanied by the name, pay number, and division of the employee. No plant building or telephone number may appear in any ad except transportation ads, only the home telephone number or address.

Send all ads to G-E NEWS office, Bldg. 10-1.

CLOSING DATE
Monday Noon, March 30, 1953

GAS ENGINE—3 HP such as Briggs or equivalent. H-8496.

P. A. SYSTEM—E-2922 daytime or H-59284 evenings.

Congratulations on the first public appearance of our own band. The band has named themselves the "Clodhoppers." Joseph Reising is on the bass, George Mannis fingers the banjo and the mandolin, Harry Bailey on the guitar, and Fred (Curley) Leinker with his fabulous fiddle. Their first showing was at the Country Club. Now I had better get this straight before anybody starts asking. It wasn't the Fort Wayne Country Club, it was the F.O.P. Regardless of where it was, the boys did a real swell job and we are looking forward to hearing more from this outfit. . . . Can you imagine anyone defrosting their refrigerator at 5:30 in the morning? Lonnie Rockstroh did just that about a week ago. Lonnie set her refrigerator on defrost before she went to bed and forgot about it. She had to get up early and clean her refrigerator out. You sure have it rough don't you, Lonnie? . . . Wanda Grimm is now a student of advanced square dancing. . . . Sharon Dasher will be taking a three month leave soon. . . . Ray Loveless is really saving the money. Ray bought a new deep freeze and he gets all his meat and vegetables wholesale. . . . Welcome back to Alta Lee. Alta is working for Ed Lauer as a stacker. . . . Robert Carpenter has left us to go to work in another Fort Wayne factory. . . . We were very happy to see Leon Bond last Friday but was very sorry to see him leave. Leon retired last Friday after 30 years at the G-E. He received a very nice wallet and few green-

backs to fill it up with. We all want to wish Leon the best of health and good luck in the future. . . . Happy birthday to Helen Meehan, who says she was sweet sixteen recently. . . . We want to welcome Donna Murphy to the sample shop. . . . Anyone wondering what that dance was that Leonard Pequinot was doing? I found that it is called the Pequinot Waltz. . . . George Mannisto went to Huntington last Thursday evening for a visit with an old girl friend from Oregon that he hadn't seen for ten years. If you are wondering what his wife had to say about that, well, it couldn't have been much. She went along. . . . Congratulations to Mr. and Mrs. Mauri Felger. They became the proud parents of a baby girl last Wednesday. . . . WHAT WOULD BLDG. 26-3 BE WITHOUT: Millie's smile? George Whistling? Levis Mucklehead? Ed Lauer's singing? Sweet singing "Rosie You are my Posie", Bill and his squad car? Willard coming around the corner? Vera giving me news? Becky drinking cokes? Lonnie being late? Lorraine's drawings? Moe (Shakespeare) Felger? Joe and Lucy giving me stuff like this to write?

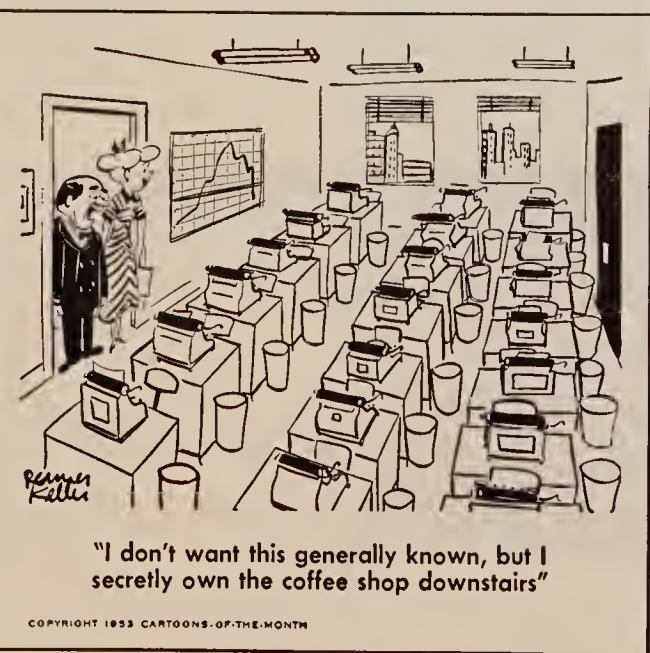

Now that the Hoosiers Hoopla is over for another season, it is time to check that old liniment bottle. It is almost time for bad cases of gardenitis or aches from spring housecleaning. . . . Double Congratulations: Two bundles of sugar 'n spice and everything nice, weighing 6 lbs. 3 ozs. and 6 lbs. 10 ozs., arrived at Lloyd and Marty Williams' home in Fairbanks, Alaska. Their names are Jo Ellen and Peggy Ann. The button poppin' grandpa is Don Williams. Besides the new granddaughters, Don and his wife celebrated their 25th wedding anniversary last week. . . . Congratulations also to DeLoss and Luella Conrad Stabler on the new pink bootied tax deduction at their home. The mama was a former co-worker. . . . Matrimonial clouds are gathering on the horizon for Peggy Rapp. May 16 is the date. We wish you lots of happiness. . . . Happy birthday greetings to Betty Dulak and Luella Knoche. . . . Hazel Cox was all excited last week end. They moved into their new home. . . . Verna Bullerman attended the bowling tournament in Chicago. . . . Esther Beerbower and Ruth Nahrwald had nice round faces last week. They had the mumps. . . . Georgianna Miller left us last week. She is expecting a visitor on the Stork Express. . . . We were glad to see Hazel Lockwood. Her life of ease is certainly agreeing with her. . . . There is no place like Indiana according to Mildred Gronau, who is back with us again after spending several months in California. . . . Alberta Foulks will be in the Easter parade driving a new Pontiac. Somebody must have impressed Alberta about the wearin' 'o the green. On St. Patrick's day she came back from the cafeteria with a sprig of parsley pinned on her dress. . . . The long and short of it. Watching a conversation between Frank Beck and Jimmy DeFord. . . . Lorena Buuck had a paint brush and a can of paint. She thought all the winders should have their noses painted, a color for each line.

Bill Jeffries paid us a welcome visit last week. He is looking good and says it's time to be outdoors now. . . . Virginia Simon and Helen Conrad had their hopes dashed last week when they learned that Stanley Green, the Civic Theatre star, was in the office on pump business—not new talent. . . . If Maynard Summers tells you a good joke, don't count on it being original. He picks them up from his school boy son. Just ask him why the soldier saluted the refrigerator. . . . Don Blodgett has proven his ability to put the basketball through the hoop. Now he wants to try something different. Since a certain girl said "yes" he is planning to slip a ring on her finger in an important ceremony two weeks hence. We think he'll do it, too. . . . The night shift observed St. Patrick's day with a limburger party—they wouldn't eat onions, though—afraid of the odor I guess. The menu on the lunch wagon was as appropriate as the cheese. They served Italian spaghetti. . . . Frank Armstrong, an outdoor enthusiast, has a fine project underway. He purchased a plot of land that has five acres of woods and makes a perfect setting for his new house and sizeable family. Frank feels so happy about it that he was seen trying to put a nickle in the drinking fountain for a cool drink of water. . . . It wasn't cold in the cafeteria the other day, Charles Laymon just couldn't get the zipper on his jacket unzipped. . . . Elmer Auman's dog pulled one on him last week. The dog started to tear after another dog and suddenly keeled over. Elmer soon revived him and learned that the dog had suffered a heart attack. . . . DIE PLANT: Ed Stahl's courtesy in picking up two soldier boys back fired the other night. The boys were okay but a trick failed to stop and tore off his bumper. . . . Charles Fike has been listening to Frank Staley too long. He now owns a Buick. . . . The boys welcome Huey Coob. . . . After helping to mount his son-in-law's TV antenna, Julian Frank said that it wasn't worth the effort. Now he drives across town to watch it every night. Just to see how bad it is, Julian? . . . George Spittler bravely invited trouble by taking the bus home during the Thursday rain, leaving his wife waiting for him at the plant with Nash transportation. That's one way to torture your wife, but don't say that we recommend it. . . . Otto Rodenbeck is now in the lumber business. Last Thursday's storm took down three 40-ft. trees. One tree put Otto back on his feet by blocking his garage door and effectively immobilizing his car. . . . Walt Esterline had a green tie on for St. Patrick's day, until someone made three ties out of it with a pair of shears. . . . Glenn Hoon is looking for a new front bumper for his Ford. A car in front of him stopped suddenly. My, what an expensive substitute for brakes. . . . Jake Denis has decided that the best policy is to look the way he is walking. He was looking back the other day and walked into the rear view mirror of a parked truck. . . . Purl Schoeff has an unusual appetite for his mid-morning snack. Last week he amazed everyone by consuming a huge piece of homemade mince pie.

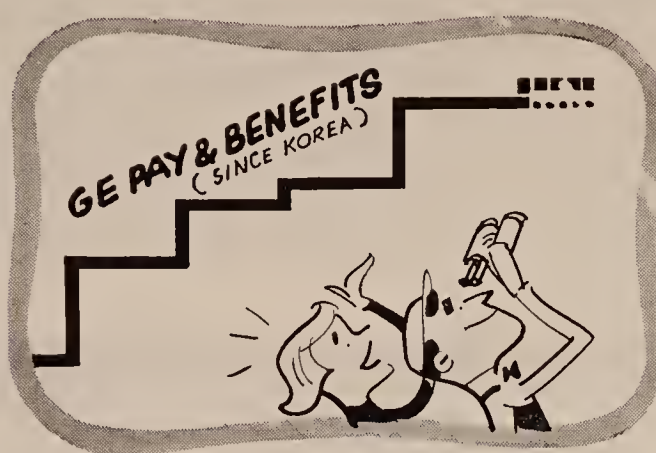

Intuition is what a woman uses when she has nothing else to go on.

COPYRIGHT 1953 CARTOONS-OF-THE-MONTH

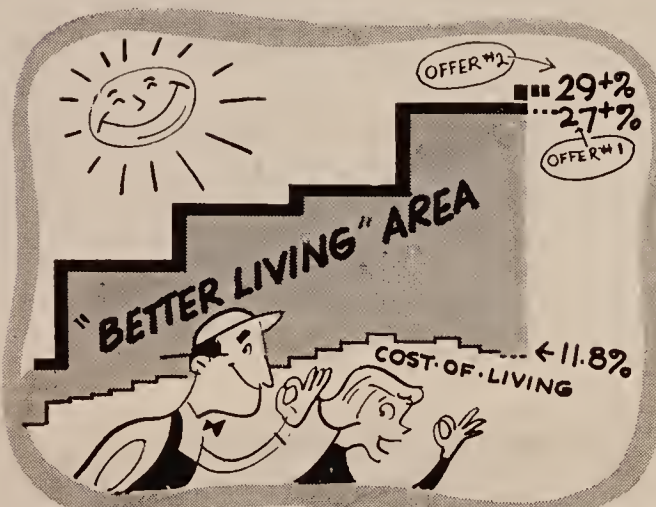

1. You can't look at just one side of the picture —and get the whole story.

2. ... Got to look at the other side, too.

3. Now compare to see the "Better Living Area" which keeps growing bigger and bigger as GE pay and benefits increase more than the cost of living.

4. And see how the new wage increase now available to all GE employees*—can make GE's "Better Living" the best yet.

Better Pay, Better Benefits, Better Living!

WITH THE NEW WAGE INCREASE now available, the growth in GE pay and benefits since the beginning of the Korean War would be about $2\frac{1}{2}$ times as great as the increase in the cost of living.

Better pay and better benefits mean better living for GE employees, their families — and their neighbors.

* This increase of the "adder" to 10.53%, or higher, became effective as of March 16 for all employees not in union bargaining units. It can become effective on that date for all employees within bargaining units if accepted by the respective unions involved by April 17.

Volume 36

THURSDAY, APRIL 2, 1953

No. 14

ANNUAL REPORTS NOW AVAILABLE

Copies of the 1952 General Electric annual report are available now to employees at either the GE NEWS office, Bldg. 18-1, or at the Taylor St. employment office.

The 32-page booklet with pictures and highlights of General Electric's activities during 1952, has been mailed to all share owners. Members of the stock bonus plan have been mailed copies of the report along with a letter from GE President Ralph J. Cordiner and information as to the balances each member has on deposit with the plan.

As pointed out in President Cordiner's letter to share owners at the beginning of the report, the objective of the 1952 annual report is to give share owners a detailed account as to the diversity of the Company's products and

ment leading to new products.

Highlights of activities in GE's five operating groups during the past year are outlined and broken down into the various divisions within each group. Of particular interest to Fort Wayne employees is the account of the Component Products Division, which has headquarters in Fort Wayne and is in the Industrial Products and Lamp Group. Listing the range of this division's products from tiny switchettes to specialty transformers and ballasts, it points out that the whole line of GE fractional horsepower motors is manufactured in this division.

A picture of the new Form G fractional horsepower motor appears in the report, which emphasizes the great anticipated growth of the market of this product.

Large Motor and Generator employees in the Fort Wayne manufacturing section can see how their work fits into the over-all

GE CLUB TO CLOSE FOR THREE DAYS

In observance of the Easter holiday, the GE Club will be closed tomorrow, Saturday, and Sunday, Charlie Wilt, manager, announced today. No movies for children will be shown Saturday. The next kiddies' movies will be shown Saturday, April 25.

R. G. IRISH NAMED PATENT COUNSEL

Legal Department Here Adds Patent Section

The establishment of a Patent Section in the Legal and Patent Department of the Component Products Division with Robert G. Irish as Patent Counsel in charge of the section has been announced by Douglas S. Moore, Counsel. Headquarters for the department are in Bldg. 18-2.

R. G. Irish

A native of Delhi, N. Y., Mr. Irish was graduated from Cornell University in 1940 with a degree in administrative engineering. He joined General Electric that same year as a student engineer on the Test Course and was assigned to the Bridgeport Works.

Mr. Irish served in the U. S. Army from 1942 to 1946. He was stationed in Washington, D. C. from 1943 to 1946, and studied nights at George Washington University where he was awarded a law degree in 1946. Upon completion of his Army service, Mr. Irish rejoined General Electric as a patent attorney in the Patent Department in Schenectady. In 1952 he was named patent counsel in the Patent Services Department.

Beer and Smith Appointments Announced in E & PCR Section

The appointment of Wallace E. Beer to the position of supervisor of employee services was announced today by L. C. Swager, manager of employee and plant community relations. Concurrent with this announcement was the naming of Everett C. Smith as supervisor of employment by Mr. Beer. Both appointments become effective Monday, April 6.

In 1926, Mr. Beer came to General Electric as a student engineer. He was named head of time and motion study in Fractional Horsepower Motor in 1928 and became section leader of planning and wage rate in Bldg. 4-4 in 1931.

After transferring to Bldg. 4-6 in 1933, Mr. Beer was appointed head of time study and wage rate. In 1937, he became a section superintendent in Bldg. 4-2. He was named supervisor of planning and wage rate in Bldgs. 4-2 and 4-3 in 1939. When he moved to Taylor St. in 1941, he became supervisor of employee relations. In 1943, Mr. Beer was appointed to the position of supervisor of employment, which he held at the time of his present appointment.

A graduate of Purdue University, Mr. Beer received his BSME

When Defeat Became Victory

It is said that when the battle of Waterloo was being fought, all England, waiting in anxiety for the result of that day, was dependent upon signals flashed from place to place by semaphore. Late in the day a station on the tower of Winchester Cathedral received this signal, "Wellington defeated." Just then a sudden English cloud of fog shut out the light.

News of the disaster quickly circulated in the city. After a while it reached London, and the whole land was plunged into gloom and despair. Then the fog lifted, and the message was completed: "Wellington defeated the enemy." Sorrow immediately turned into joy, defeat into victory!

This incident in the momentous Waterloo struggle reminds us of a far greater event in history when it appeared that the victor had been vanquished. The Lord Jesus Christ had been crucified by wicked men, and buried in a sealed tomb; His followers were scattered; His enemies surely had triumphed. All these circumstances seemed to spell "Christ defeated."

But was He?

The third day came—and resurrection! "He is not here; He is risen. . . ." How quickly death was swallowed up in victory! Through all the events culminating in the days we commemorate as Good Friday and Easter, God was saying, "Christ defeated DEATH."

Because of this victory, we enjoy today a priceless Christian heritage. And through Him we may have peace with God simply by receiving Him as Saviour.

Wellington defeated—THE ENEMY.

Christ defeated—DEATH!

—from Moody Bible Institute, Chicago.

Words by Walt

GOOD FRIDAY

The lowest point man ever reached,
In all his strange behavior,
Was when, upon a cross, this day,
He crucified his Savior.

God's gift supreme on Christmas
Was this day by man rejected;
But death upon the cross,
Was not the end, as then expected.

On this Day, called Good Friday,
Up Golgotha's rugged slope,
Weighted down with worldly error,
Stumbled Christ, man's only hope.

On this Day, reviled and taunted,
Christ was jeered and spat upon,
Any chance for human justice,
He knew, definitely was gone.

Undefended and forsaken,
Seemingly without a friend,
Mortal pain was His to suffer,
Until death could mark the end.

On a cross, outstretched, they nailed
Him.
On His head, a thorny crown.
"If thou be the Son of God," they
Jeered.
"Then, why don't you come down?"

Through it all, He had compassion
He was sent for this, He knew.
So He said, "Forgive them, Father,
For they know not what they do."

A thief, upon a cross near by,
Cried, "If it pleaseth Thee,
When coming to Thy Kingdom, Lord,
Wilt Thou remember me?"

Somewhere, today in Paradise,
This thief with Christ is living,
Because, though in the zero hour,
He found Christ still forgiving.

The skies grew dark and thunder rolled,
To signal death was near,
And as the end approached,
His crucifiers shook with fear.

"Into Thy hands, Oh Father,
I now commit My Soul."
Were Christ's last words upon the cross,
He'd reached redemption's goal.

For all the worldly sins of man,
This price, He came to pay,
Through Him we find Eternal Life,
There is no other way.

Because, just three days later,
Every single Christian knows,
From the grave and death that held
Him,
Christ, triumphant, then arose.

So, on Resurrection Morning,
Let your joyful voices sing,
For though crucified Good Friday,
Christ, your Savior, still is King.

—W. L. Whonsetter.

FLASH! Mrs. Lori (Sunshine) Brink takes a bow this week as the Muse who inspired an ode from the pen of Johnny Crocker, the poet laureate of the repair department, located within the inner-sanctum of the Employee Store. Sez Lori: "I took my waffle iron in, explaining about the pathetic waffles it turned out, and asked for the necessary repairs. I got service with a smile, and poetry too!" The poetry:

AN ODE TO WAFFLEMAKERS

The thermostat checks just fine,
The elements glow brightly in a line;
The grills are set neatly into place,
The chrome shiningly reflects your face.
The cord is coiled in neat array,
The grill does everything but play.
So if—and I quote romantic Byron—
Your waffles are anemic, no doubt your
recipe needs iron!

WELCOME: A new face in the marketing section and a rarity in our midst, a native Fort Wayne, is James R. (Jim) Pequignot, recently discharged Air Force 1st Lt. He spent four years in the Air Force materials laboratory at Dayton, O. He finished Purdue in 1949. A proposition engineer in Bob Groot's section, Jim has a problem: He is looking for a home to buy for himself, his wife, and three-year-old son. . . . HOMEWARD BOUND: A few of us will be traveling over this Easter week end. Marie Larmann is heading home to New Jersey. Lura Wyatt plants a trip to Detroit, and Clara Outlaw is going home to Kingman,

For where two or three are
gathered together in My
name, there am I in the midst
of them. St. MATTHEW XVIII, 20

Good Friday Church Services

Due to the Good Friday holiday tomorrow for all Fort Wayne plant GE employees, they will have the opportunity to attend the churches of their choice. The following is a list of special Holy Week services being conducted tomorrow by the various denominations:

Associated Churches

Combined services at the Paramount Theater from 12 until 3 p.m. Other individual services will be conducted at the Crescent Avenue E. U. B. Church, First Christian Church, South Wayne E. U. B. Church, Trinity Methodist Church, and Turner Chapel A. M. E.

A young people's service will be conducted from 2 to 3 p.m. at St. John's Evangelical & Reformed Church. Children's services are scheduled at the Quimby Auditorium at 1:30 p.m. and 3:30 p.m.

Catholic Churches

All Catholic churches in the city will have morning and afternoon services. The Good Friday Liturgy will begin at 8 a.m. and the Tre Ore service begins at 12 noon. Most churches will also have evening services.

Lutheran Churches

Missouri Synod—Union services will be conducted at the Embassy Theater beginning at 12:10 p.m. St. Paul's Lutheran Church is the site of a union service from 1 to 3 p.m. Other churches participating in this service are: Emanuel Lutheran Church, Peace Lutheran Church, and Holy Cross Lutheran Church.

American Lutheran Churches—Union services will be conducted at the Grace Evangelical Lutheran Church from 12 noon until 3 p.m. Other congregations participating are: St. John's Lutheran Church, St. John's Lake Township Lutheran Church, and Bethany Lutheran Church. Individual services will be conducted at other American Lutheran churches.

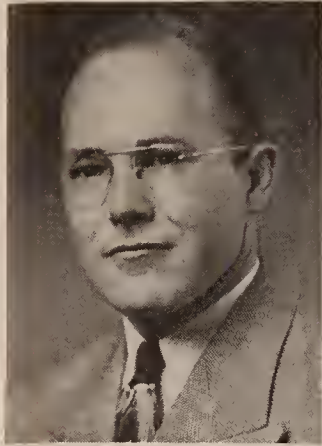

Ind. . . . LOTS OF LUCK: Wedding bells will ring next Saturday, April 11, for Wilma Jackemeyer, who will become Mrs. Guy Sills. The wedding will take place at 5:30 p.m. at the Bethlehem Lutheran Church on South Anthony Blvd. Wilma and her husband will be residents of Bloomington, Ind. . . . MARY JUDGE left the financial group on March 27 to stay at home with her little boy who is ill. We are sorry to see you leave, Mary. . . . HAPPY BIRTHDAY: To Lois Schmidt on April 3, and Millie Heinkel on April 4. Also, we'd like to wish Mary Ellen Carlson a happy birthday on the 5th of April. . . . "AN ELEPHANT NEVER FORGETS": We'd like to offer this bit of advice to the group of girls creating such a "racket" in the Company restaurant last Friday. What an interesting conversation! If you want to know

more see Ruth Epperson or Betty Quine for details, but don't consult them at lunchtime. . . . SORRY TO HEAR: We offer our sincere sympathy to Walley Clayton on the recent death of his mother. . . . We extend our sympathy to Bruce Curley on the death of his father. . . . J. E. Letsinger's 17-year-old son Robert has brought honors to the Letsinger house. Bob, who is a senior at Elmhurst, received honorable mention in the Science Talent Search conducted by the Science Clubs of America for the Westinghouse Science Scholarship. Along with 10 other Hoosiers who won this honor, Bob was the guest of the Indianapolis Times at a Junior Academy of Science meeting in the Hoosier capital March 27-28. . . . Your Bldg. 4-6 editor wishes to take this opportunity to wish each and everyone a Happy Easter.

Elex to Feature Drama Artist April 13

Freda Frazier to Review Novel; Plan 'Holland' Theme for Meeting

Freda Frazier, nationally known speech authority and dramatic artist, will be featured at the April 13 meeting of Elex Club, Roqua Wibel, president, announced today. Miss Frazier will present a dramatization of the novel, "No Other Star," by Jane Williams.

Marion C. Halleck

FWAGEE Elect Marion Halleck New President

Marion C. Halleck, Bldg. 28-2, has been elected president of the Fort Wayne Association of General Electric Engineers, it was announced today by Joseph T. Donahoo, chairman of the elections committee.

Other newly elected officers are: Dorn D. Hershberger, Bldg. 4-6, vice president; Paige W. Thompson, Bldg. 4-6, secretary, and Richard F. Schults, Bldg. 20-2, treasurer.

The new officials of FWAGEE assumed their duties as of April 1. Along with officers of other groups in the General Electric Engineers Association, the officers of the local organization will meet in Schenectady next week end, April 11-12.

A research engineer, Mr. Halleck came to the Company in 1943. He entered the Fort Wayne Laboratory in the electrical section. He set up the magnetics testing section of the laboratory and was placed in charge of it. Prior to his present position, he was group leader of the general measurements group.

A graduate of Manchester College, Mr. Halleck received his AB degree in physics and mathematics in 1937. He taught physics and mathematics at Purdue University Extension and Indiana University Extension for two years. He is a member of the AIEE and the Fort Wayne Engineers Club.

Mr. and Mrs. Halleck and their two children live at 3164 Parnell Ave.

Featuring the country of Holland, the meeting will be highlighted with decorations symbolic of that country and has been titled "Tip Toe Through The Tulips." Tickets for the dinner meeting, which will begin at 4:45 p.m. at the G-E Club, may be secured from contact girls. Deadline for securing tickets is Thursday, April 9. Price of the dinner is \$1.25 per person.

Twenty-four attendance prizes will be awarded at the meeting, which features another of the countries to be visited by those taking the Elex European tour this summer.

A native of Ohio, Miss Frazier presents book reviews in an unusual, interesting manner that brings the characters to life. Through skillful use of her voice, dramatic intensity, and facial expression, she enables her audience to see and know the characters in novels.

Freda Frazier

APPRENTICE BROADCAST

by Bob Taylor

Welcome to the new apprentice, Wilbur Doepeke. . . Last week two of the fellows acquired new automobiles. Don Bohner is now the owner of a new Ford and Allen Brown purchased a 1950 Olds. . . Some of the operators in the lathe section got quite a scare when the chuck came off of Bob Taylor's lathe. . . Some of the latest transfers: Ben Conner to Bldg. 12-2, Jim Webber to Bldg. 19-4, Ned Spehger to Bldg. 19-5, and Neil Hankey to Bldg. 12-2. . . Jack Olinke, who is farmed out to Bldg. 19-4, is taking advantage of the three-day vacation to go to Knoxville, Tenn., to see his wife-to-be. . . No matter what Ron Davis does to his lunch bucket he still forgets, and grabs the wrong one. The other day he painted his bucket with some green stripes and he still carried the wrong one home. . . Congratulations to Mr. and Mrs. Merle Aughbaugh on the arrival of a baby girl. Merle is one of our apprentices who is now in Inchon, Korea.

Add Tumbling Act, Juggling Trio To G-E Club Spring Revue Program For Two-Day Run Next Weekend

"The Whirlwinds" and the "Wilfred Mae Trio" are the two final professional acts booked by the G-E Club entertainment committee for the 1953 Spring Revue, April 11-12, Gordon L. Smith, entertainment chairman, reported today.

Together with the five professional acts previously announced, these two acts will present seven performances during the two-day run of the annual event.

A fast tumbling and acrobatic act, "The Whirlwinds," composed of four men and a girl, have appeared in theatres, supper clubs, and circuses throughout the country. A musical comedy group of two men and a girl, the "Wilfred Mae Trio," has also appeared in many of the leading hotels and clubs in the country.

Tickets, which are free of charge, may be secured for employees and members of their immediate families at the G-E Club desk, Taylor St. employment office, or from any of the 17 members of the entertainment committee. Employees must present their club membership card to secure tickets.

The three programs slated for Saturday, April 11, are at 1, 3:30 and 7:30 p.m. Sunday, April 12 shows will begin at 1, 3, 5, and 7:30 p.m.

Acts previously announced are: Danny O'Neil, Irish tenor and M.C.

The Whirlwinds

of the show; Billy Romano, who presents "Balloon Sculpturing;" Joan and Jean, twin accordionists; George and Ann Oliver, roller skating artists, and "The Waltons," Jules and Joanne, who offer com-

edy, dancing, and pantomime. Proceeds from the vending machines located throughout the Broadway, Taylor St., and Winter St. plants make these and other GE Club programs possible.

Paul T. Etchason

Etchason Granted First U.S. Patent

Paul T. Etchason, Bldg. 28-1, has been granted his first patent by the United States Patent Office, Washington, D. C. The patent covers oxygenated polymerizable esters as cure accelerators and as copolymerizable materials.

The invention of Mr. Etchason relates to polymerizable compositions of matter, methods of preparation, and resulting products. Of primary interest is the adaptation of such esters in the formulation and use of bonding and casting resins in electrical equipment.

In 1945, Mr. Etchason became a General Electric employee in the Fort Wayne Laboratory. He is a laboratory assistant at present. He attended Indiana Technical College in 1940 and 1941, majoring in chemical engineering.

Mr. and Mrs. Etchason and their four children live at 2035 Thompson Ave.

Beer, Smith

(Continued from page 1)

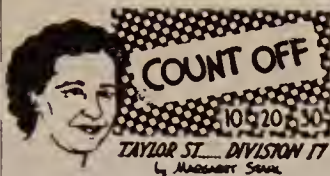

degree in 1926. He is a member of the Personnel and Industrial Relations state and city chapters, the National Vocational Guidance Association, and the Social Security Committee of the State Chamber of Commerce. He is president of the Quarter Century Club.

Mr. and Mrs. Beer and their two sons live at 625 Runyon Ave.

Mr. Smith entered Company employ in 1941 as a raw materials clerk in Bldg. 4-6. After transferring to Sub-Section 14 in February, 1942, he became a dispatcher. Two months later, he entered the U. S. Army where he served until 1946.

After his return to GE, Mr. Smith entered the central production office as an expeditor of materials for plant expansion. In 1947, he became a raw materials leader in Sub-Section 17. He was named assistant to the production supervisor in Sub-Section 15's starter generator group in 1951 and one year later became production supervisor in the sub-section's mechanical parts group. This was his position at the time of his present appointment.

A graduate of Oberlin College, Mr. Smith received his AB degree in physical education in 1935. He also did graduate study in mathematics at Ohio State University. A native of Cleveland, Ohio, he is a member of the Supervisors Club. Mr. and Mrs. Smith live at 5318 Alexander Dr.

Anyone wanting to know how the sudden bark from a dog affects you should ask Vadas Putt. It sure makes you put on the brakes, doesn't it, Vadas? . . . We don't know who was the most excited over the new baby boy named Gale Allen Mosshammer. His father, Harold, or his aunt, Gladys Pantazin. . . . We would like to know what sorority Bill Rudy is joining. He is wearing one red sock and one orange sock to work. Also, what fraternity Sydonna Fox is joining by wearing two kinds of earrings. . . . Happy birthday to Charley Penn and Louise Sinn. . . . Welcome to Donald Miller, who is new in the test group. . . . Bob Winkler had the actual proof that fish can be caught in Indiana larger than sardines. . . . Alberta Watt entertained the kindergarten section at a surprise birthday dinner in honor of Louise Sinn. Louise received lovely gifts from the girls and a beautiful corsage from Alberta. . . . Spring must be here for Pearl Everly brought some jonquils to Linda Wahrer from her own yard. . . . Bob Ewert, son of Marceila Ewert, is ill with the three-day measles. . . . Congratulations to Ollie Ragan on her 29th wedding anniversary, and happy birthday to Freida Flanger. . . . The finishers said they were glad the girls weren't too hungry at Louise Sinn's birthday party. They sure enjoyed the remainder of the

R. G. Irish

(Continued from page 1)

ment, the position he held at the time of his present appointment.

Since 1946, Mr. Irish has handled patent work for the Fractional Horsepower Motor Department and the Large Motor and Generator Department and last summer he added the patent work for the Specialty Transformer and Ballast Department to his responsibilities.

Mr. Irish is a member of the New York Bar and has been admitted for practice before the U. S. Patent Office. He also is a member of the American Patent Law Association. He is a member of the Chamber of Commerce; is a member and former president of the Junior Chamber of Commerce of Schenectady, and is currently serving a two-year term as vice president of the New York State Junior Chamber of Commerce. Mr. Irish also commanded a unit of the New York National Guard.

Mr. and Mrs. Irish and their son will reside at 4447 Lafayette Esplanade in Fort Wayne.

cake. . . . Al (Bill) Brown will be on the National Barn Dance at WLS Chicago with Hall's Hoppers Saturday night. . . . We are sorry we didn't mention that Basil Bear went square dancing the other night. . . . Jack Flower brought the boys in Section 17x70 a calendar from Pontiac, Mich. . . . Harry Todd must have thought his old Dodge was going to last him the rest of his life. He threw the title away.

Just think! Elvie Dafforn has 30 years of service in now. Most of that time has been spent listening to those wild yarns of Al Miller. . . . Wonder how Vivian Long celebrated St. Patrick's Day? She didn't make it to work until Thursday noon. Out painting the town red or green? . . . We all know that Mary Jane Bakle is a patient, mild-mannered person (it says here) but she "almost wasn't" recently. She stood in line quite some time at the license bureau to be informed that a Richard Bakle (her husband) had been there in the morning. . . . Celeste Farrell is taking her exercise by walking up those five long flights of stairs. Maybe she was anxious to get to work. . . . Mary Jane Bakle (that quiet person) claims that Mary Markey and Mary Klemm are going to end up in the obituary column (that's another name for this column) if they don't cut out their tricks. . . . We extend our sympathy to Gwendolyn Robinson and family on the recent death in the family. . . . We hear Norma Smith is raffling off 20 acres of her land to the highest bidder. Doesn't need all that room since she got that waist reducer. . . . There still seems to be a question as to whether Darrell Proxmire is going or staying. . . . COMMENT FOR THE DAY: "Wish not so much to live long, but to live well." . . . DAFFY DEFINITIONS: Beast—

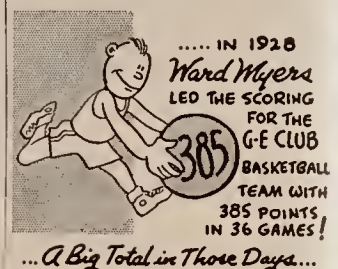

Annual Reports

(Continued from page 1)

businesses, placing particular emphasis on research and development. G-E business in this annual record. It points out the important contribution they make to industry all over the world. This department, which is a part of the Apparatus Group, is listed as the foremost supplier of electric motors and generators required by industry. Some of these units, the report states, are as large as a house and provide power for steel mills.

Other sections of the report include: a financial review, services offered by the Company to employees, special notes to share owners, organization changes, directors and officers, statistics of employee benefit plans, financial statements, and the accountants' report.

What any girl can battle if she's cagey enough. Black eyes—Indicate a strong character but a weak defense. Friend—One who has the same enemies you have.

DECATURITES
by GEORGE LAURENT

Happy birthday greetings this week to Agnes McBeth, Rosemary Miller, Luella Werst, Josephine Ivetic, and Eloise Noll. We hope you girls have many, many more happy birthdays. . . . For safety sake, keep guards in place. . . . Time Marches On: Mr. and Mrs. Lloyd Ahr enjoyed a very pleasant trip last week end. This was in celebration of their 25th wedding anniversary. From the reports we heard, Lloyd finally got around to taking his wife on a belated honeymoon trip. . . . Who Pulled Those Blinds? Jay Moser has very weak eyes and had to wear dark glasses. The lenses fell out and Jay didn't even miss them. Jay, you're a riot. . . . Your hands are worth more to us than any material. Keep them out of moving machinery. . . . Is the dog really man's best friend? Jim Stahly will be able to answer this question sooner than you think. His daughter was home recently and left her dog with Jim for an extended visit. We just know Jim and the dog will get along fine. . . . Your fingers are no good to you if detached. . . . Conversations with the students before last week's square dance lesson led Professor Geels to feel most of his students were getting too cocky. So he mixed up the partners, speeded up the music and convinced one and all they still had a lot to learn. Although the students were less in number than usual the amount of fun increased. Next and last lesson will be April 9. Even if you haven't taken any lessons before, try to attend this session. . . . Congratulations to Dan Foreman and his wife, who recently celebrated another wedding anniversary. . . . Somebody tells me Oscar Teeple took his vacation this week just so he would be sure the Easter Bunny didn't pass him up. Is that so, Oscar? . . . HAPPY EASTER TO EVERYBODY. . . . Floyd Ahr

(center) receives his 10-year volunteer fireman's pin from Lt. Shackley (left) as Luther Brokaw looks on.

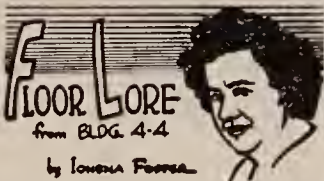

Ramblings

Bldg. 31-2

by Julie Rice

"Here Comes Peter Cottontail" is ringing from all the juke boxes and the stores are filled with last minute shoppers. To us it means new clothes, tomorrow off, sunrise service on Sunday and a variety of other personal connections. I sincerely hope that it will be a very happy Easter for each and every one of you. . . . Speaking of Easter, our Elex "Suzie Cottontail" should be popping up sometime today with some of those cute little colored eggs. Please give generously folks, it's for the servicemen's boxes you know. . . . Habit is a terrible thing at times. It almost sent several people home

with bruised noses. They just can't seem to remember that the door to the drafting room has been moved about eight feet. . . . In case you hear of anyone who has lost a parakeet tell them (not too loud though, because I think he rather likes it) to see Lester Fanning. One found him. I know this sounds silly, but according to him, he was walking along Main St., and a beautiful blue parakeet flew down and perched on his shoulder. It must have been love at first sight. . . . Some people get a new outfit for Easter and then others, like Jim Preston and Gerald Coleman, sport new cars (Buicks no less). . . . The typist tells me that Claude Penn also got a new Dodge this last week. . . . If you're tired, hungry, depressed, and the telephone rings just answer with the magic word "Sausage" and all your troubles will be over. At least they were for Hillard Butcher who won a basket on "Dinner Winner" the other night.

FLOOR LORE
from Bldg. 4-4
by IONENA FERRER

We have a new medicine man. Paul Winters wasn't feeling so well the other day and Mel Williamson gave him a pill, wonder pill they called it. It seemed to do the work, as Paul was quite pert the balance of the day. . . . All that Ross Hafich has to do is to open his mouth and he loses a dollar. It happened so quickly the other day I didn't get it at first. George Selby was the lucky one on basketball. He took nearly all there was around here. . . . Mel Williamson has again joined the Dream Club. Mel wouldn't say who he dreamed about at first but finally told. What, we just can't tell you. . . . Next week this place will be just a memory. So, this is the last time that yours truly will have a Floor Lore from Bldg. 4-4. Hope you all get the new jobs you want. Thanks to all for your help and ribbing you might have gotten. It was all in fun.

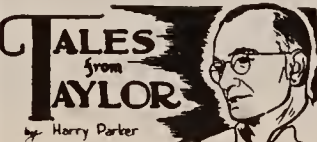

SHAFT SHAVINGS
Bldg. 19-3
by BLANCHE COWELL

Easter greetings to everyone. . . . The Easter bunny came early to John Redmerski. He must have been a good boy. The other evening, as he was getting ready to go home, he put his jacket on and reached for his hat. Ah! In it was a nest with two eggs. The boys hope he enjoyed them. . . . April fool also came early to Ted Schleys. He was handed a nice warm sandwich. When he bit into it he found a rubber wiener for filling. . . . It's about time Ralph Ayres got a new car. The other evening he went out to the parking lot to go home and part of the working parts were laying on the ground under his car. He had to put his car together before he could go home. . . . It's later than you think, Perk. Perk gets some wild ideas at times. He had the idea he would like to go to school again. Spring vacation is coming up, perhaps that is the reason. . . . Lucky People! Clayton Dafforn's father gave him a new Ford for his birthday. . . . We welcome Delbert Meyers, second trick foreman. He replaces Ray Wiese. Ray is first trick foreman in Bldg. 19-2.

ECHOES
from Bldg. 19-2
by FRED MCINTYRE

Any organization wanting to sponsor a book review should contact Nellie Parr. Her professional name is Cornelia Angelina Parsons. . . . Arno Taylor is the proud owner of a new Packard, or is it co-owner? . . . Cecile Hinton announces she will give lessons in bridge, canasta, pinochle, or poker, to interested parties. . . . For coloring Easter eggs black, get directions from Bob Schuman. . . . For a good cup of coffee see either Martha Musselman or Wayne Young. They are now brewing coffee in new coffee makers. . . . Any woman who desires matrimony with a tall, blond, handsome gentleman, and possesses the down payment on a house should see Lester Oetting. . . . Bernherdina Mailand, recently of Bldg. 19-2 and now retired, is spending a vacation in Texas visiting friends. . . . Tommy Russell's ability to produce fruit of all kinds and sizes from his pockets prompted someone to remark that he looked like a walking fruit stand. . . . BELIEVE IT OR NOT- Lefty Musser has purchased a case of his favorite beverage which he says is going to be allowed to age in his cellar until vacation time rolls around. . . . For emergency repairs on wearing apparel contact Charlie Peters. He will furnish needle, thread, and safety pins.

TALES from TAYLOR
by Harry Parker

Tom O'Connell is rapidly becoming a traveling merchant extraordinary. He seems to have his pockets full of saleable merchandise at all times. At present he is featuring a needle threader, which is certainly a slick little gadget. The sales on this item have been mounting steadily, the women going for them in a big way. At present the demand for them is so great that Tom has to work late at night taking orders. . . . We told you it would happen! Herb Saurer is taking orders for crows. We were in hopes he would lay off the raven for this season, but after hearing that familiar caw-caw the other morning he just could not resist the urge. So, he got out his crow caller, oiled up his fowling piece, and took off. After several hours afield he had no success. Nevertheless, he is not discouraged and wants all of his customers to know that eventually they will have their crow pot-pie. . . . Monroe Fuhrman had the misfortune to sprain his ankle one morning this past week. He had a terrible limp and told us the pain was terrific. He tried every kind of liniment available with no success. Then a few mornings later he came into work with no limp and no pain. When asked what happened he told us that he used an old Indian medicine man's remedy. It was comprised of iodine, paregoric, aspirin, flour, starch, and cement. The results were startling. . . . The other day Harold Hart was observed dashing madly about in the dish washing room of the cafeteria. Our first thought was that he was helping to wash the soiled dinnerware as a means of paying for his dinner. But he explained that he forgot to remove his dinner check from his tray and hurried into the wash room in an effort to retrieve it.

Inquiring Reporter:

WHAT DO YOU THINK OF PRESIDENT EISENHOWER'S FIRST THREE MONTHS IN OFFICE?

DONALD L. COMER

Bldg. 19-5

"I think the first three months in office have been carried out to the best of Eisenhower's ability. On some issues Congress has not given Eisenhower full support, especially in confirming the people he picked for jobs, regardless of party affiliation. One good example is the Ambassador to Russia."

WALLACE F. GROWCOCK

Bldg. 4-4

"President Eisenhower has been so busy getting his cabinet and other offices filled that he hasn't had much time to take care of other official business. I think he has given the war situation a great deal of thought and will be able to handle it properly."

BERNICE O. FRICK

Taylor St.

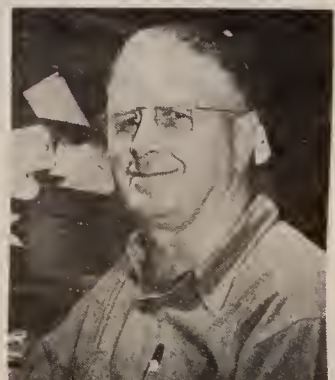

"I think he has started the ground work for most of his campaign claims. He realizes both parties elected him and they make up America so he is placing qualified people in office from both parties. Labor is well represented in his cabinet."

JOYCE D. HORNE

Bldg. 26-4

"He has made a very good start by having the governmental departments reorganized and appointing the people he has to the important jobs."

JASON A. BLACK

Bldg. 27

"I think President Eisenhower is doing a good job. His idea of 'balancing the budget before cutting taxes' seems logical. Maybe that will get some of the politicians who got into office on the promise of cutting taxes busy eliminating some of the unnecessary spending in our government."

As most of you know Henry Well's wife, Mildred, used to be our office girl and now works in Bldg. 27. Having to answer the telephone many times a day she has perfected her "Hello" until it has become as pleasant and musical as any telephone operator. Naturally, at home whenever the telephone rings Mildred seizes the opportunity to answer it and thereby improve still further on her elocution. She answered with a lovely "Hello" the other night but the man on the other end of the line wasn't impressed. It was the Dinner Winner man! No groceries, Henry. . . . What inspector in Bldg. 22 makes his wife hide in the trunk of the car so he doesn't have to pay for her at the drive-in movies? . . . Welcome to Leon Kohne, who has come to work with us. . . . The worm turned the other day when Officer Tieman got two tickets for illegal parking. Who gave them to you, Bob? . . . Here's one for Ripley. There are frogs at Lake George as heavy as the Kokomo bull, big as the Churubusco turtle, and as tame as a kitten. Johnny Berger has one of these frogs and he calls it George.

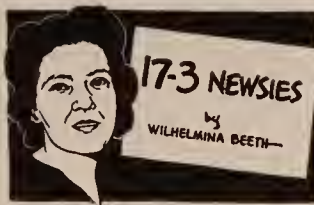

In your Easter bonnet with all the frills upon it—I suppose most of you will be going to the Easter parade, Sunday. Warren and I wish you a happy Easter. . . . We extend a hearty welcome to all the new people who have come to work with us. . . . When Carson does his work he believes in having all of the comforts of home. He was complaining to Mike about having trouble with his neck while using a certain gauge. Mike believes in keeping the inspectors happy on the job so he fixed up a nice padded head rest for the gauge. Now Carson just lays his lil' head down and inspects away. . . . Pedro's wife, Aura, and little girl, Yvonne, are leaving soon for Puerto Rico. They are going by plane to visit her father, who is ill. Pedro will be eating his own cooking for a while. . . . Who ever heard of sauerkraut sandwiches? Polly Crider brought a luscious meat loaf sandwich for her 9 o'clock snack. Some sweet soul switched sandwiches on her and you should have seen her face when she found out the meat loaf had changed to sauerkraut. . . . When Louis Becker repairs a machine for Marie Johnson he does it the hard way. He works on a machine that is located two tables away from where he is sitting. Marie says he looked like he was trying to milk a cow after the cow had walked away. . . . We hope Eddie Massengill likes his new job on heat run, so does Frank Brindle. About every two weeks Frank is looking for a new man. . . . Air-ing woolen clothes is a simple chore for Esther Weeks. Esther went to get her husband's suit to air it and there wasn't any suit, the moths had beat her to it. . . . The Chicago Auto Show has given Howard Louthan some big ideas. He is thinking about buying the 300 horsepower Chrysler he saw while there last Saturday with his wife. How are you going to do it,

C-NOTE FOR AN A-1 IDEA—One hundred dollars in suggestion award money came the way of Russell James last month for his suggestion which eliminated the masking and cleaning of compound off transformers. Left to right are Mr. James, William Crouse, Olin Lehman, and Don Waldrop. Mr. James is a leading operator in Bldg. 26-4.

Howard? A dollar down and the rest when they catch you? . . . We thought we were seeing things the other night when Polly Crider, who wears her hair short, came in with a braid wrapped around her head. She looked right sharp too. But the next time we looked her hair was short again. Either her hair grows mighty fast or it shrinks, we aren't sure. Let us in on your secret, Polly, we would like to know how you did the switch in such a hurry. . . . When Ginny Strait needs a new tube of lipstick she lets all the gals know about it and there always seems to be one in the gang who has the wrong shade and is willing to unload it on Ginny. Funny thing, the shade seems to always look good on those sweet lips of hers. . . . FLASH: Our personality gal, Lee Raver, has finally given her consent for me to announce her approaching marriage to Everett Lindeman, one of our fellow workers who is known to many of you. The big event is taking place April 3. We all wish you many years of happiness which you really deserve. . . . Bye, folks, see you in church come Easter morn.

HAPPY EASTER; I hope you don't get your Easter bonnet wet. . . . Tomorrow is Good Friday and since it is a holiday for us, take time to go to church. . . . We light another candle on the cake and wish a happy birthday to Minnie Durnell, Beverly Thomas, Ruby Leffel, Becky Moore, Eliza Page, and George Kissell. Ellen Dittlinger will have to have an Easter egg on her cake since she is celebrating Easter Sunday. . . . "I ran into a door," isn't an excuse for Mary Lee Hancock. She received her black eye from a visit to the dentist. . . . Is Ida Lewis starting a new fashion by wearing one plain stocking and one with a black heel? . . . I guess the GE should give more detailed information on how to use their

products. Floetta Zartman got a new electric blanket and couldn't understand why it wasn't warm. She didn't have it plugged in. . . . Mary Murphy says she is going down to skin and bones. Just so she doesn't fade away. . . . Marcille Harper is thinking about plastic hosiery or at least something durable. She ruined two pairs last week. . . . Dorothy Burns forgot to pay her income tax March 15, and after that nice poem, too. . . . Arla Bower has a changed hair-do. She is wearing a pretty bow on a pony tail. Real cute, too. . . . Our thoughts are with Vivian Curran, as we wish her the best of everything during convalescence from an operation. . . . We hope LaVerne Stillwell likes her new job in Bldg. 8. . . . Anne Bigson attended the bowling tournament in Chicago. . . . Sympathy is extended to Ivah Grandstaff on the loss of her sister-in-law, and Evelyn Affolder on the loss of her brother-in-law.

Tolerance comes with age. I see no fault committed that I myself could not have committed at some time or other.—Goethe.

ON LAST DAY AT GE—William A. Shreve (second from right) is shown on his last day at the General Electric Company before his retirement. He came to GE in 1926 as a student in Bldg. 21 and was a boring machine operator at Taylor St. in GAC Sub-Section 13 before retiring. Offering him best wishes for the future are (l-r) James Goins, Kenneth Fosnaught, Ora Farrell and Darce Campbell.

We owe Harold Mosshammer our congratulations on a 7 lb. 10 oz. boy named Gayle Allen. He was born Wednesday, March 25. After 15 years, no wonder Harold is all smiles. . . . Ernie Raypole had a certain paint job to do so he stayed home Thursday night and completed the job. How does it look now, Ernie? . . . Helen Miller sure wasn't awake the other morning when she fixed her thermostat. When she got to the car she found out she had forgotten to put the cork in. How wet did you get, Helen? . . . Juanita Rhoads just couldn't see how anyone could interpolate staters wrong but now she knows, after her own experience. . . . Happy birthday to Olka Johnson and Charles Penn. . . . We wish a speedy recovery to Hazel Ludwig's son, who is in the hospital. . . . Welcome to Bernice Gephart, who is helping out for a while. Glad to have you back, Bernice. . . . We are sorry to see Grace Frederick quit but we know she'll enjoy keeping house and being with her children again. . . . Jerry Frederick sure was mad when she stubbed her toe while carrying an armload of groceries. These sidewalks are really bad, aren't they, Jerry? . . . If you go to Schelper's department and see someone smiling all over the place, it's Bob Hienzelman showing off his new teeth. . . . For weeks Bob Johnson was telling how big the crappies were in Hamilton Lake but none would believe his fish stories. In order to make it real Bob brought in a 16-in., 2 3/4-lb. crappie to work. Where and how Bob got it, no one knows. . . . A very speedy recovery to Goldie Tuck, who has undergone an operation.

STAB MARKETING: Welcome to Bob Cooper. Bob came here from Schenectady on a test program. He hails from Gary, Ind., attended Purdue University and he is single. Nice looking, too, girls. . . . Quite a number of the STAB girls are taking Business Economics and they are now half way through the course. Better look out men, the fair sex seem very enthusiastic about becoming financiers. . . . If you have not already seen Avenel Stanton today wearing her Easter bonnet, and carrying an Easter basket full of eggs, you will before the day is over. This is for packages to be mailed to our men and women in the Armed Forces, so let's all do our part. . . . Several of the men in engineering and marketing attended the I. R. E. show last week in New York City, which accounts for so many empty desks. . . . Best wishes to Kathleen Schafer, whose birthday will be celebrated April 5. . . . DRAFTING: One of the first signs of Spring is Spring fever. Housecleaning, another sure sign of Spring, is encouraged in STABS. For example, Ray Hamilton has begun by washing windows in the lab. He was doing a very good job of it. He received a few pointers on how not to get the windows streaked from Les Arnold. Do you suppose Ray and Les have missed their vocations? . . . Happy Easter, everybody.

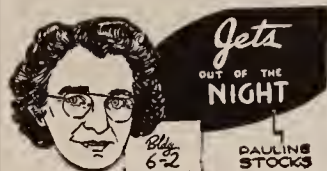

Lewis Guenther carries a bottle of 7-Up in his lunch every day. As Harold Parkison helps him open it Harry Arnold gets squirted in the face. That's one way to get firsts. Oh yes, Harry, has anyone told you that the Dairy Queen is open? . . . Benny Penkul (The Buttermilk Kid) is on a diet. Two days in a row he had an accident and spilled all his buttermilk. There is nothing like doing without. . . . Bob Baals and Paul Patton bring them in alive. When they let the mouse run around on top of the bench it was quick enough to disappear before their eyes. . . . One member of the Cake Eaters Club was unhappy and ready to resign. A fellow-member reminded him that he "couldn't have his cake and eat it, too." . . . Bud Lindeman has a dog problem and any suggestions will be welcomed. He has been offered as high as 15 cents for the dog but he is worth more as he consumes \$30 worth of dog food a week. Incidentally, Bud is losing weight each week and if a generous offer is made someone can take the mutt off of his hands. . . . This is Easter week end and I hope everyone has a good time. Be sure to drive carefully as many of you will be doing a lot of traveling. . . . Pappy Rasor became grandpa again for the fifth time on March 27. The father is John Rasor, a past employee of Bldg. 4-3 and Bldg. 6-2, now serving in Korea.

The fellows who work with Bill Tennison think he should have waited to take his vacation—that next week will be ideal for his Spring housecleaning. He did catch one bass but isn't saying whether he speared it or caught it with a seine. . . . Joe Robinson and George Arnold spent last week end in Indianapolis attending the K. of P. convention. . . . It's too late to buy Art Holterman's hot rod. He's decided to trade it in on a new

model. . . . Acra Brown says television reception is so good in Cromwell that they all wear dark glasses! . . . Bill Schwise has been telling Basil Ottinger, our Bldg. 4-1 sheep shearer, a new way to shear sheep. Just dig a trench the right depth, lay the sheep in the trench and run the lawnmower over the top. . . . When Imogene Pitts wanted to call her husband she had to dial information and ask for her own telephone number. Imogene and her husband plan to spend Easter in Nashville, Tenn. . . . Have you seen that loud shirt George Bear has been wearing? As if you could miss. . . . Don't you think Ed Hines seems a bit more cheerful since he had a visit from his old friend Ed Lallak? . . . Bob Gahman is the new safety man in Bldg. 17-1. . . . Ernie Riley imported some valuable merchandise from Ohio. He put them on the table and, oh unhappy day, they both rolled off and broke. What? No sponge?

Birthday greetings are extended to Ethel Morrison, Don Rose, Bill Shoemaker, and Frank Fann. . . . The group had a potluck dinner for Don Rose and Frank Fann on their birthday. . . . Pete and Mrs. Macke are celebrating their 30th wedding anniversary April 7. . . . We say so long to all the fellows who are being transferred and wish them good luck in their new jobs. . . . Walter Kiel has started a new fad in men's handkerchiefs. Walter's idea is to take one large one and make two out of it. Then set flowers on each corner of different designs so he can tell them apart. . . . All of the armature group hope that everyone who wins the check pool will keep in step with others by bringing in cake on Thursday. They all enjoyed the one brought in by the latest winner, Ruth Gongaware. . . . Some people get their daily exercise by doing odd jobs after working hours. Anyone having any fence rows to grub out on 160 acres let Ilo Kraft know. She is now known as "Kraft the Grubber." . . . Goldie DeLong's favorite record is, "Until I Waltz Again With You." They say she has it on her record player ready to spin every p.m.

ANNIVERSARY SMILES—Mamie Allen (center) has a big smile for Lawrence Mellinger (left) and Lucinda Pettit as she receives a letter of congratulations on her 30th anniversary with General Electric. Mrs. Allen has been with GE since 1922 and is now a tester in Bldg. 4-5. She is also well known to employees for her work on the GE Club entertainment committee.

Easter Symbols

The elusive, generous Easter Bunny got its name from its powderpuff tail, which was originally known as a "bun" or "bunt."

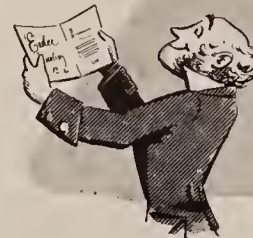

The word "Easter" comes from Eostra, the anglo-saxon goddess of Spring and pagan symbol of fertility. The snows melted and the flowers bloomed when she touched the earth, the teutonic tribes believed.

An Easter gift of colored eggs came to denote affection during the middle ages, and elaborately gilded eggs—often adorned with jewels—were exchanged among royal families.

Our custom of donning new clothes for Easter springs from the age-old desire to "spruce up" at a time when all Nature is blooming with new life. The Chinese and North American Indians always cast off their old appare' in the Spring and the Roman Emperor Constantine introduced the custom to his court in the 4th Century.

Colored eggs proved rather impractical to send any distance as Easter greetings, and in the middle of the 19th Century the people of northern Germany began sending cards in their place.

The Church Council of Nice in Asia Minor decided in 325 A. D. that Easter should henceforth fall on the Sunday following the first full moon after the vernal equinox. This was believed to be the time when the Easter lilies, symbolic of Christ's resurrection, bloomed in Egypt.

SICK LIST

The following employees have been reported on the sick list, dismissed from the hospital, and returned to work:

Sick List

Arthur Koeneman, John Kennell, John Gutermuth, Larita Eckelbarger, Harold Drabenstot, Wayne Colby, Terry Bowman, Charles Baker, Harry Anderson, Margaret Kenyon, Julian Merritt, Mary Caruso, William Ryerson, Lucille Ramm, Mildred Patton, James Sanders, Arthur LeCoque, Carl Waterson, Alyce Park, Ethel O'Leary, Robert Sparks, James Talley, Lloyd Taylor, Mary Wakeman, Robert Packwood, Mildred Reynolds, Fred Wheeler, Dorothy Myers, Fannie Whitt, Goldie Tuck, William Gephert, Edna Rohrbach, Jennie King, Lucile Ross, and Laura Black.

Dismissed from Hospital

Edna Harth, Hazel E. Hager, Walter Fritze, Herbert Staak, Elizabeth Rose, Charles Streibig, Beulah Lee, Betty Powell, and Mildred Reynolds.

Returned to Work

Marvin Wicks, William Piercy, Lucille Miller, Linda Lavachek, Flossie Straley, Betty Uhrick, Ivan Parrish, Larry Repine, William Yeiter, George Telley, Erma Lucas, Herman Watters, Helen

Carl D. Shidler

Harold W. Eggeman

Carl D. Shidler and Harold W. Eggeman were recently named to new posts in the Large Motor and Generator Department. Mr. Shidler is methods and equipment specialist and Mr. Eggeman is cost reduction specialist for the department. Complete stories appeared in the GE NEWS March 20 issue.

Smith, Margaret Miller, Earl Ramey, Cleon Oyer, Betty Reynolds, Clinton Myers, John Nuckols, Elizabeth Rose, Oscar Mize, Ellen Woodward, Clara Smethers, Howard Moore, Jacob Walters, Joseph Roop, Antoinette Lause, Betty Minard, Arthur Koons, Mable Funk, Ira Jones, Mary Henry, Ollie Harvey, Justine Fluttraw, Jane Buffington, Harold Koehlinger, Virginia Jones, Floyd Jack-

son, William Johnson, Iva Bixler, Margery Booker, Frank M. Hall, Alfred Eichler, Lloyd Goings, Dewey Heaston, Robert Keck, David C. Hanson, George Higgins, Juanita Duff, Wilma Hiede, Carl Bohnke, and Benjamin Cahn.

On the farm, lightning accounts for one fire out of three, the National Board of Fire Underwriters reports.

SHOWS \$55 IDEA—Kenneth Beard, of the Decatur plant, shows Russell Owens (left) and Vilas Bollinger his idea for changing the drill holder on the oil hole drill so a full length drill could be used. Mr. Beard received \$55 as an award. He is a set-up man in the flange machining section.

Florida Bound: Lois Yager, husband, daughter, and two grandsons are spending two weeks in Florida. Lois asked Bob Hull if she could go and Bob said she could as long as she brought him back two bathing beauties and sends him a card. . . . The third shift wants to welcome Ethel Brown and hopes she likes her work. . . . Alyce Park is home with the mumps. . . . Coy Weber is ill with the flu. . . . Have you seen Curly Wheeler's new two-tone Ford? . . . Catherine Brandt is leaving us to go back to her job at Broadway. . . . Leona Taylor will spend Easter with her folks in Markle. . . . Ruth Sparks will cook Easter dinner for family and Dad, who is from Connersville. . . . Jessie Wass will spend Easter in Albion, Mich., with her son and family. . . . The other day, when Norm Wolf came in late to work, Harley Springer asked him what he had been doing. He said he was flying a kite for his 8-month-old grandson. Can you top that? . . . Don Niles says he will eat Easter eggs Easter Day. . . . Roselyn Yeiser and family will spend Easter in Butler with her husband's parents. . . . Lloyd Garrison tells us he was married on Easter, which was April 8 that year. So, Easter they will celebrate their anniversary with a family dinner. . . . Charlie Prine, along with a lot of others, will go to church. . . . Dorothy Hart will spend Easter with her son in Garrett.

like he had just stepped out of the shower. Did you get a towel with it, Harold? . . . Ronnie Brenner believes in staying in his own back yard. He has to have the wrecker come and pull him out. . . . We are sorry to see Eugene Carpenter leave us. Gene is to enter the Irene Byron hospital in the near future and we all wish him a speedy recovery. . . . Treace Trout thought someone was pulling her coat the other day at the cafeteria. She had her coat caught in the conveyor. What was wrong, Treace? . . . Want to play volleyball or softball for the fun of it? Get in touch with Coach Carol Kinger. The cheer leader is Erma Hanney. Scorekeeper is Eleanor Whitehouse who said we should have more respect for elders.

6-4 AIRLINERS

by ELLEN BAUER

Birthday greetings to Marge DeArmond. She received some lovely gifts, including a sauerkraut sandwich. . . . Barbara Spieth made some cookies the other day and left out part of the ingredients. Anyway, they were good, Barbara. . . . What happened to Harold Dalman last week? One minute he was working at his desk and the next minute he looked

STORIES FROM GE HISTORY—No. 2

Invention of Incandescent Lamp—Opening of Pearl Street Station

Following on the formation of the Edison Electric Light Company in 1878, Edison was able both to expand and concentrate his activities with the funds that it provided. At Menlo Park, New Jersey, where for two years he had been established with his own laboratory, he increased equipment, hired more men and put all his characteristic intensity into the effort of producing a small unit electric light. In October 1879, after months of trial and error, a crude experimental lamp was connected to an electric circuit. Edison and his assistants gathered round anxiously to watch the slender horseshoe of light, half expecting it to vanish. But hour after hour it continued to glow while the small group of men continued to watch it through the night, without thought of sleep. At about 1 o'clock on the second afternoon after burning for more than 40 hours, the filament burned out. "That's fine—that's fine!" said Edison. "I think we've got it. If it can burn 40 hours, I can make it last a hundred."

It was a great moment, but the work was by no means over. Nowadays when we flick on a light switch, we take so much for granted that the principle of the incandescent lamp seems to us as obvious as the law of gravity. But to bring us that light, each stage had to be worked out with the utmost painstaking care and with many setbacks. The first trouble had been with the filament. Edison had tried many different substances and the first successful lamp had employed a filament of carbonized sewing thread. For the lamp to be produced in quantity, Edison placed his faith in some sort of fibre, after experimenting with bamboo from a palm leaf fan. "Somewhere in God Almighty's work shop," Edison said, "there is a dense woody growth with fibres almost geometrically parallel and with practically no pith from which excellent fibres can be cut." For nearly eight years Edison ex-

plorers searched the world for a fibre of this nature. Bales and boxes containing plant specimens were shipped to Menlo Park from China, Japan, Ceylon, Cuba and South America. No less than 6,000 growths were tested at the laboratory, not to mention scores of non-vegetable substances. In the end bamboo was used for the lamps put on the market, for the development of the tungsten filament was to come much later in the General Electric story.

Naturally, the lamp alone was not enough. In order to be of benefit to the public it had to function, not just in the laboratory, but in homes and offices and that meant that electricity had to be supplied on the spot. To do this, Edison had virtually to start from scratch in creating the whole idea of a central station system. "All our apparatus, devices and parts were home-devised and home-made," he recalled afterwards. "Our men were comparatively new and of course without the slightest central station experience. What might happen when a big current was turned into the conductors under the streets of New York, no one could say."

And here is one of the things that did happen. During a test a few weeks before Pearl Street, the first central station, went into operation, a young man came rushing into the dynamo room with the news: "Your electricity has got into the pavement up in Fulton Street and all the horses are dancing." A crew dashed along there and sure enough there was a leak of sufficient voltage to give a galvanic shock to horses setting their hoofs on a certain spot. Things like this had to be dealt with as they came along. It all seems very simple to us today, but the crew that rushed its way to Fulton Street must have had horrible visions of what might be happening with this new wild force of electricity turned loose.

Sportliners...

by Earl D. Stauffer

Big George Langenberg, Bldg. 4-5, has an ambition to teach youngsters the fundamentals of baseball and football from his vast experience in those sports. Without a doubt, this big guy is the shyest of all the sportliners interviewed so far. He has had so many outstanding exploits, we can only touch the surface in this article.

Although Whittlesy and Medford, Wis., claim him as a native son, George forsook his state to attend the University of Minnesota. At the Gopher school, he played varsity football and basketball for three years. His football mentor was the well known "Doc" Spears. His position on the gridiron was tackle.

On the diamond, where he really excelled, he divided his time among first base, the pitcher's box, and the outfield. His greatest sports thrill came while playing against his home state Wisconsin at Madison. He was playing the initial sack that day when the Gophers dumped the Badgers out of second place. Of course, the two home runs Big George hit really put the fire under the coffee pot.

All sports fans will recall Bronco Nagurski, Bigge Munn, and Fred Hovde who were teammates of George on the Gopher football team. Nagurski gained added fame with his All-American college career and with the Chicago Bears. Bigge Munn now coaches the Michigan State grid juggernaut, and Fred Hovde is now the president of Purdue University.

In 1930, George entered the GE factory training course. He played baseball with Lady Wayne Chocolates, International Harvester, Shcco-Eskay and Tods. With the latter, he went to Cleveland and the National Federation Tourney. He recalls that this team won five games, more than any other Fort Wayne entry had done before or since.

At GE as a member of the Squares, George was a constant performer in basketball, softball, baseball, and volleyball.

He calls football his favorite sport and naturally the Gophers are his favorite team. Among the pros, he likes the Detroit Lions.

Sportsman Langenberg

To Show Bowling Film At GE Club Monday

Fans of the art of kegling are invited to attend a 20-minute sound and color movie on the manufacture of bowling balls at the GE Club auditorium Monday, April 6, Joe Kramer, chairman of the bowling committee, announced today. The movie will begin at 8:15 p.m.

Produced by a bowling ball manufacturer, the movie shows the mixing of the rubber composition used in making bowling balls and a step-by-step procedure of the process of manufacturing involved.

Lee Jouglard and Bill Shaul, nationally known professional kegglers, appear in part of the film giving pointers in the procedure to be followed in making spares.

When a woman says she will be ready in a minute, she means a minute a few hours later.

LETTER OF CONGRATULATIONS—Arthur Garner (left) reads a congratulatory letter he received on his 30th General Electric anniversary to H. P. Koogle and W. T. McDougall. Mr. Garner worked at the Decatur plant from 1923 to 1945, when he came to Fort Wayne. He is now an inspector in Bldg. 26-1.

"Well, I know it looks big, honey," he explained, "but after I pay my conductor and fireman and the rest of my crew there just isn't much left."

MARKS 35TH YEAR HERE—Forrest F. (Dutch) Wilson (left) marked his 35th anniversary with the General Electric Company this month. He joined GE in 1918 and is now a shipping clerk in Bldg. 6-2. Congratulating Mr. Wilson are (l-r) Charles L. Saurbaugh and Clifford Uneapher.

Raconteur

Section 14, Taylor St.

by Mary Whitelock

Carl Hattendorf's wife will now have something to look forward to each week. We are back in business again with a bit of news about people in Section 14. . . . Otto Brant started into a box car to get a sample of steel one day this week, missed his footing, and landed face down on the box car floor. He finally rolled over and with a silly grin on his face looked to see if anyone saw him. He looked square into the face of the man who told this. Thank you, Charlie. . . . Bill Weber and his wife enjoy baking birthday cakes. The catch is, you must be a member of his birthday pool to get one. If two birthdays fall at the same time, you share one cake. That's the way a pool system works. Carl Miller will explain this to you a little better. . . . The controversy about that oil well Guy Bragg fell heir to along with 15 others has finally been settled in court. In about three months Guy will receive a check that should easily make him the richest man in the department. We hope so, Guy. Congratulations. . . . The fellows in the Tool Crib now know why Si Alspaugh has been sending recipes home with Bill Lavine. He is looking forward to another chicken dinner at Lavine's retreat. . . . Joe Sallot is under contract to make left hand polarity wheels on his fool-powered lathe. . . . We wish Maurice VonderHaar's daughter a speedy recovery from her recent operation. . . . Also, good luck to Theron Kitchen's son who is doing his bit for Uncle Sam. . . . We hope Ed Huhn is enjoying his vacation this week. . . . For the best way to buy a new tool box, see Gene Ralstin, our apprentice. He has decided to build one himself. . . . Abe Oyer is back on the job after losing part of a wee pinky. "No more chain saws for me," sez he. . . . Speaking of wee pinkies, the stork left a wee pink bundle at Gene Fidler's house last Monday by the name of Cathy Sue. Congratulations to the proud parents. . . . Ted Brockmeyer, Buck Bernau, Ted Childs, and Al Eichler are now on the mend and back at work. . . . Charles May is leaving for the Army. Hurry back, Chuck, so you can keep that ball team pitching. . . . The factory office welcomes Kathrine Allridge and Section 14 office welcomes Dorelyn Forde. . . . Paul Smith looked sleepy the other day 'cause he had to arise at 4:30 a.m. to see his son off to the service. Nobody home now but the Mr. and

Mrs. . . . Eldon Bell joined the Sisters of the Skillet. Initiated himself the other Saturday night while helping the little woman prepare a Mexican dinner. He tossed a tortilla into the fat and it tossed some of the same right back at him. Result: Two burned digits. . . . Poor little Doris Rhonemus proudly wore her new Past Worthy Matron's pin to work the other day and finally, at noon, had to call it to our attention. Sure observant around here, eh Doris? . . . That funny sound you hear in high bay is Abbie Hartman making a noise like a carrot so she can catch an Easter bunny. . . . Happy Easter to you all. See you in the Easter parade.

"Doc," he says, "If there's something wrong with me, don't frighten me by telling me in scientific words—tell me in plain English."

"All right," said the doctor, "In plain English, there's nothing wrong with you except that you're lazy."

"That's fine," sighed the relieved man. "Now give it a scientific name so I can go home and tell the missus."

SUGGESTS BETTER METHOD—Sam M. Hanes (center) receives a suggestion award for \$125 for suggesting an improved method of finishing pole piece assemblies. He works in Bldg. 6-4. With him are Chet B. Smith (left) and Harold V. Dalman.

SHIPPING: Easter is just around the corner. Happy Easter to all of you, from all of us. . . . We are all wondering how Mary Jane is coming along on her diet of carrots and celery. Lent is over at noon on Saturday and Mary Jane can start eating. . . . Happy birthday greetings to Eva Westrick today. . . . Absent-minded Robert Jellison had a cigarette on his ash tray, turned around and lit another one. . . . Sarah Harris was wearing her skirt backwards today. I wonder what happened? . . . Did you see the marks on Bonnie Johnson's arms? She was in a hurry to get downstairs and she thought falling down the steps was the quickest way to get down. . . . Evelyn Mayfield got her finger caught in the desk drawer. Edna Turnbaugh took pity on her and fixed her finger for her by putting merthiolate on it. . . . **TELEGRAPH:** Congratulations to Arlene and Dick Diller, who are the proud parents of a bouncing baby boy. . . . Our bride-to-be, Dolores Widner, was sporting a beautiful corsage given to her by several girl friends who took her out to Baer Field for dinner. . . . **RECEIVING:** Happy birthday to Marie Renz. Thanks very much for the candy and cigars. . . . Howard Sauers calls himself the "Mata-dor of Spain." Although we knew that he could handle the bull, we didn't know that he was proficient at bull-fighting. His previous hobby of collecting square dance records was much safer. . . . Paul Thomas and Walt Bergman have planned a turkey egg hunt. Interested parties, who do not like to see them too badly disappointed, have tried to arrange for them to join the Moose annual egg hunt. There's not too much danger of them getting hurt if they start in the last row.

RINGS UP RETIREMENT—Saying his good-bys to his co-workers is Clarence Mentzer (right), who retired from General Electric March 9. Mr. Mentzer had worked at GE since 1914 and was a foreman in Bldg. 26-2 when he retired. Shown with him (l-r) are John Altekruze, Ralph Braden, and Floyd Chileote.

The card games at noon really must be exciting. Ed Boedeker had two cigarettes lit at once while trying to play one hand alone. . . . Bernie Byanski bought some tablets to put in the gas tank of his Nash. The tablets are guaranteed to remodel your engine for at least 100,000 miles. Joe Mettler thinks that if Bernie would take three tablets himself and put three tablets in his Nash, he could jump out and race old "Betsy" the last hundred yards over the finish line. . . . Don Martz is hereby warning all golfers of the Tool Section that he is going to be hard to stop with his adjustable, non-slip, non-skid, little genius golf club. Don explains that this club takes the place of a whole bag of clubs. Very clever, but we'll just sit back and wait till we learn the score. . . . Jack Schemehorn had a crash landing in the cafeteria. According to eye-witnesses food and coffee flew in a 20-foot radius as our ex-hero lost footing and hand hold. We might explain that his nervous condition is due to the fact that he forgot his wife's birthday, while thinking about the approaching wedding of his daughter. . . .

Kenny and Friend

Fire Chief Kenny McCague is having a rough time explaining the misfortunes of his Wayne Township Fire Dept. We understand he did save one house roof and a cistern. All kidding aside, Kenny and the boys are doing a great job out there and deserve a lot of credit. . . . Cary Baker's son, Bill, is now stationed at Camp Atterbury. . . . Kurt Martin is determined to have all the fellows out to his house after Easter to open that 20-gallon cider keg to prove his innocence and how much is in the keg. . . . Mrs. Van Wormer put cream in the mixer bowl and told her husband, Van, to watch it and shut it off when the cream arrived at the proper consistency. The whirring blades lulled Van to sleep

and when Mrs. Van Wormer returned to the kitchen the whipping cream had turned to butter. Another way to torture your wife. . . . Maurice Sordelet is shown here posing in a picture taken by Charlie Wrisk. Isn't it natural? . . . Spring is really here. Didn't Carl Mosser take his Model "A" Ford off the jacks and mount new license plates? That means fishing time is here, too. . . . Mr. and Mrs. Gerry Widner were mighty lucky and enjoyed the state basketball finals at the capital last week end. . . . Max Polings is now on the bench work in Bldg. 19-4, and Jerry Gibson is on lathe work. . . . Happy birthday to Stewart Bohrer. . . . "Do coming events cast their shadows?" In one way it's true, as Vernon Burke is displaying a summertime hair cut. We think Vernon wanted to be sure he would be noticed in the Easter parade. . . . Mrs. Chet Reynolds has a mechanical ear for picking up noise when driving their family car. However, an over-heated motor fooled her completely and Chet was able to show her the trouble, a broken fan belt. . . . Orval Smith is happy to have his son, Edward, home on a 20-day Navy leave. . . . Best of luck to Kenny Doell in his new business venture, a grocery store. . . . We welcome Clifford Mix, Kenneth Cookman, Myron Poinsett, and David Mensing to our section on second shift.

A Natural

IT'S EASTER

The robin's song is gayer,
Soft and sweet as a prayer.
The grass seems a bit more green.
With more crocuses on the scene.

The chapel bells softer ring.
While choristers sweeter sing.
The sun seems friendlier, too,
Heaven dons a brighter blue.

Folks all wear a happy smile,
While dressed in the newest style.
What occasion or reason,
Or is it just the season?

Listen close, your heart will say,
"Hope reborn, it's Easter Day."

—Vivian Volk.

"Lost" and "Found" articles must be cleared through the Plant Protection Office, Bldg. 10-2, or the Plant receptionist, who will place the Ad-let and otherwise advise the article.

No ad will be received over the telephone.

Only one ad per employee may be inserted. Each ad must be limited to 20 words and cannot be repeated. All articles mentioned must be personal property of the employee. Ads will not be accepted unless accompanied by the name, pay number, and division of the employee. No plant building or telephone number may appear in any ad except transportation ads, only the home telephone number or address.

Send all ads to G-E NEWS office, Bldg. 18-1.

CLOSING DATE
Monday Noon, April 6, 1953

LOST AND FOUND

LOST—Five keys in brown key holder. Lost at College and Wall Sts.

FOUND—Six keys tied together with cord. Found on Broadway.

FOUND—An earring with one square brilliant set, and two dangles with brilliant sets. Turned in at Fairfield Ave. gate.

FOUND—Tie clasp with Masonic emblem. Found on Broadway by Bldg. 18 gate.

LOST—Six keys on chain with Boy Scout good luck charm attached. Lost on east side of Broadway plant.

FOR SALE

ELECTRIC TRAIN—With all accessories. Cost \$350, will sell for \$150. All like new. A-2746.

LOTS—Three adjoining lots in Fairfax addition. Will sell together or separately. H-17665.

CAR AND HOUSE TRAILER—'41 Packard and 18-ft. house trailer. Will not sell separately. The first \$800 in cash takes them. H-77661.

GIRL'S COAT—Size 8. Black and white check, fitted. All wool Coatcraft from W&D. Matching hat. Make an offer. H-59604.

HOUSE—Three apartment house, \$10-500. Close to G-E. H-4163 or H-02338.

BED SPRINGS—Brand new. Reasonable. 642 West Creighton.

BICYCLE—Boy's 26-inch. Good condition. Reasonable. A-69323.

MOVIE PROJECTOR—8 mm Keystone. 250-watt bulb. \$30. A-59179.

SEWING MACHINE—Electric converted. Cabinet style, in good condition. H-70063.

CAR—'49 Ford custom two-door. Blue. New white wall tires. New seat covers and brakes. Perfect condition. Can be seen at 1723 Andrews St. or call A-36423.

MACHINIST TOOLS—Miscellaneous. Mikes, callipers, indicator, gauges, etc. Standard brands. Cheap. J. I. Hulwick, 1845 Broadway, Monday through Friday.

BOY'S COAT—And hat. Sizes 2-3 years. Light tan. \$4.60. H-28755.

CAR—Buick. 36-61 motor, battery and radiator. \$35. A-95722.

ENCYCLOPEDIAS—Set of Funk and Wagnalls consisting of 36 volumes. Brand new. Reasonable. H-37544.

BOY'S CLOTHING—Size 6. H-35444.

DINING ROOM SET—Oak. Buffet, table opens 12 ft., and six chairs. Also library table. A-67112.

ACCORDION—Hohner 12 bass. \$20. A-97643 Monday through Thursday after 5 p.m.

MOTORCYCLE—1948 Harley Davidson. 61 O.H.V. Can be seen at 2125 Brown St.

UMBRELLA TENT—Brooks. Size 9 ft. x 11 ft. with side wings for extra room. Used one week. H-68894.

WASHER—Bendix automatic and dryer. Just been completely overhauled. 2711 New Haven Ave. E-35783.

CABINET—Youngstown steel base cabinet. Like new. 18-inch black top. Cost \$58. Will sacrifice. H-48951 after 6 p.m.

GIRL'S DRESSES—Robe, coats and hats. Sizes 6 to 8 to 12. Also pair of tan oxfords, worn only twice. Size 6 1/2 AA. Tan shoes, size 5 1/2 A. H-10021.

DOG—AKC registered male boxer. Fawn color. One year old. E-40671.

CAMERA—9x12 cm. Tessar lens, coupled range finder, and accessories. A-35024.

CAR—1947 Oldsmobile 98, convertible. New white side wall tires and new top. A-1 condition. 3419 S. Barr.

BASS VIOLIN—Excellent condition. Phone 3 long on 23. Poe exchange.

WATER HEATER—Gas. Class lined. 20-gal. Good condition. Reasonable. H-60671.

CAMERA—Kodak Bantam f4.6 for color or black and white. Ever-ready case. \$30. H-6428.

TV SET—RCA 17-inch. deluxe console. 1952 model. Installed with new antenna. Booster included. \$376. A-77461 after 4 p.m.

RABBITS—2301 Morris St.

CAR—King midjet 1962 two passenger. Reasonable. One new Cushman scooter tire and tube. E-66614 after 6 p.m.

STOKER—Deluxe Iron Fireman. Excellent condition. For summer installation. A-70693.

SUIT—Navy blue. Size 20. Like new; \$12. A-99739.

PONY—White mare. Four years old. Broken to ride; gentle. Phone Decatur 3-8212.

CAR—1950 Chevrolet four door sedan; \$1085. Console radio; \$15. Five, almost new. 475x19 tires and tubes; \$5 a set. Typewriter; \$30. A-16342 after 6 p.m.

LOT—Large corner lot in Indian Village. Filled and ready to build on. Cash or terms. A-65545 after 6 p.m.

HOUSE TRAILER—Mobile Sportsman, all aluminum, 18 ft. A-1 condition. Many extras. 2213 Thompson Ave.

CAR—1935 Plymouth two-door. Runs good. See at 2430 Fillmore.

RABBITS—Does with young. A-26248.

BOY'S SUIT—Dry cleaned and ready to wear. Medium brown gabardine. Size 9. H-0531.

CAR—1949 Studebaker, four-door, overdrive. H-67454 after 4 p.m.

SINK—Double tubs and drainboards. Four drawers with storage space below. \$15. H-74101 after 5 p.m.

BICYCLE—Girl's Schwinn. Reasonable. A-87814 after 6 p.m.

LAWN MOWER—Two chairs, African violets. H-46031.

LOT—No. 99 Fairfax addition. 369 x 50 ft. One Studebaker Commander motor. Also, Chevrolet 1 1/2 ton truck transmission. Ralph Graves, R. R. No. 12, Fort Wayne.

FOR RENT

APARTMENT—Unfurnished three rooms and bath. Heat and utilities furnished. No drinking. One small child accepted. 2008 Maumee.

ROOM—Newly decorated and nicely furnished for gentlemen. Close to both Taylor St. and Broadway plants. A-56395.

ROOM—Large pleasant room in adult home. Gentlemen. 2628 Broadway.

APARTMENT—Three room upper. All utilities furnished. Close to Broadway and Taylor St. plants. E-69661.

APARTMENT—Three-room, nicely furnished. Private. Full recess bath. Employed couple of good habits. E-36294 evenings and week ends.

TRANSPORTATION

RIDE WANTED—From 1125 Oneida (in Lakeside) to Taylor St., 6:48 a.m. to 3:18 p.m. A-26311.

RIDE WANTED—From six-tenths mile west on U. S. 24 to Taylor St., 6:48 a.m. to 3:18 p.m. A-66733.

RIDERS—Or ride wanted. Third shift Taylor St. plant, from Carrett. Phone Garrett 8315.

RIDE WANTED—From Decatur to Taylor St., 8 a.m. to 4:30 p.m. Phone Decatur 3-2240 after 4:30 p.m.

RIDE WANTED—From Churubusco to Taylor St., 8 a.m. to 4:30 p.m. Barbara Kooner, Ext. 2650 or Churubusco 2063.

RIDE WANTED—From 3 miles west of Yoder to Broadway, 8 a.m. to 4:36 p.m. W. Konow, Ext. 2196.

RIDE WANTED—From Tri-Lake to Taylor St. First shift, 6:48 a.m. to 3:18 p.m. Gladys Disler, Ext. 2621.

WANTED

CEMENT MIXER Used. H-01611.

APARTMENT—Or house. Five-room unfurnished where children are welcome. City or suburban. H-55390.

CAR—Any make from '37 to '41 model. H-66332.

MOTOR—Three-fourth HP 3450 RPM 110-220. H-66321.

PARROT CAGE—Square. H-46031.

TO RENT—Three- or four-room unfurnished house or apartment in nice location. Would like stove and refrigerator, but not necessary. H-8784.

HOUSE—Two or three bedrooms, near G-E. H-20494.

BICYCLE—Girl's two wheel. Up to 22 inches in height. Also playground gym set. E-69187.

TENOR SAX—Conn preferred. E-71451.

MISCELLANEOUS

WILL CARE for children in my home. 6 m.m. to 6 p.m. Fenced in yard. H-59072.

GIRL OR WOMAN to share my home for 86 a week and share one-half utilities. A-26222.

Stormy Weather

From 17-4

by Bill Hurtt and Larry Reed

Superman has at last been revealed! Our own Ralph Thomas can drive from here leaving at 6 a.m. and arriving at Duluth, Minn., in time for supper. Here is the real top: Ralph and some friends were fishing up there in a cabin cruiser five miles out on the lake when the motor gave out, due to the lack of gas. Although they had no means outside of swimming back, this presented no problem to our Ralph who proceeded to row back. Now, get this, using a fishing net. We very meekly surrender and award him the medal of distinction (?). . . . It doesn't pay to keep someone on the hook. John (Red) Braden played hard to get, apparently, and the Daisy management wouldn't hold still. So Red lost out on the job and had to be satisfied with piloting the American Vans again. Aren't you sorry now, Red? . . . Don Thomas brought in a large box of fried fish the other day, which were vastly enjoyed. The only complaint the boys had to make was that he could have at least notified them earlier, instead of waiting until the lunch period was practically over. . . . Otto Proehl paid us a visit from the deep South looking fit and well tanned. It's nice to see you, Otto. Don't wait too long to come again. . . . Did Larry Reed lose his voice from trying to talk his wife into buying a new Hudson, or arguing in favor of a television set? As lucky as he is, he'll probably end up with both. . . . No matter how much you crank a tractor, they simply won't run without gas. Jerry Holdgreve found that out. After putting in some outboard motor gas, it so surprised him by starting that he fell over a 2x4. We wonder what would have happened if he had put in aviation gas. . . . Edna Ward talks very brave at work, but apparently not at home. Could be you're henpecked, Edna, or is that the word for it? . . . Look out for flying splinters, boys. Alice Pflueger says her leg is OK now and she's ready to resume her bowling. . . . Only a favored few got to see that cartoon Maxine Baker showed. It certainly reminded us of someone very close, but, of course, we couldn't reveal their identity. It really was a perfect description and maybe she'll let us all in on the secret someday.

30 YEARS FOR DECATUR MAN—Marion Hoagland (left), a tool room mold and die repairman at Decatur, reached the 30-year mark in General Electric Service in March. Carl Smith offers him best wishes on the occasion.

. . . Another fugitive from Florida dropped in to see us, Fritz Stauffer. We must say that he looked very fit and in the "pink" of condition. . . . If you've ever wondered what the "Grim Reaper" looked like, you certainly missed the chance of a lifetime when a recent picture of Clarence Nussel came to light. Complete with shorts and a scythe, he certainly did present a very "grim" picture. We must also give due credit to Ed Klomp for so very aptly furnishing the title. . . . Phillip Lydy soon learned that you lose the knack of doing things you did as a kid. After attempting to fly a kite, and failing, he kicked it, threw the ball of twine at it, and finally gave it up to his kids. Quite a time you had there, Phillip. . . . Another of our pensioners was up to see us last week looking fit as a fiddle. It was Charlie Schilts. Come back again soon.

We wish Bill Gepfert a speedy recovery. Bill was operated on last Saturday. Hope to see him back at work real soon. . . . We want to say good-by to some of the fellows who have been transferred to the 2nd and 3rd tricks. Wimpy Guldice and Clarence McClellan on 3rd, and Farris Thomas on 2nd. Also, Clifford Shuler, who has left us to reside in California. . . . Charlie Baker has been missed on 1st trick. He is now at Taylor St. working on 3rd trick. . . . We wish Marvin Ruhl a very belated happy birthday. Yellow and brown ribbons decorated his desk on March 26. Many, many more, Marvin. . . . Did you notice that Waldo Greider had shaved off his mustache and the next day it turned cold again? Please let it grow back, Greider, so it will warm up. . . . Fred N. seems to be having trouble with his telephone calls from 4th floor, Fred answers and W. K., on the other end, hangs up. What's up, Fred? . . . Bill Woebeking was standing on the steel table last week when along came the machinist and pulled at his trouser leg. Down came the curtain! . . . Manuel Fernandes was in Monday for a short visit. We were glad to see him. . . . We haven't heard from Johnny Hughes lately. If you read this, Johnny, I want to say "hello" and hope you are feeling much better.

OVER OUR WAY

in 19-1

by Clara Volz

Magdalene Perrey is a lucky gal. She won \$10 in a basketball pool last week. Now you can buy that new hat for the Easter parade, Maggie. . . . Willard Smith has a fondness for goat's milk. I prefer good old cow's milk myself. . . . I heard an interesting discussion between Charlie Waltemath, Bldg. 19-B, and Bob Buck the other day. Bob claims that he may be older than Charlie, but he is younger in actions. How about that, Waltemath. . . . We have another winner in the crowd. Max Bowers won \$17.50 in two different basketball pools. Oh, happy day! . . . You can say all you want to about women drivers, but I know of a certain fellow who has trouble even before he gets out on the street. One Mike Sorgen drove his car out of the garage, and picked up a garage door on the way. Tsk! Tsk! . . . Ed Branning, I haven't seen any of that beef yet. You bring some in, and we'll give you a big write-up. (Lucky, lucky you.) . . . Tomorrow we will have a day of rest to do with as we choose. Since it is a Holy Day it would be fitting to spend some time in the church of your choice.

F. G. Motors

bldg. 8-1

by Mary Wright

This week I would like to mention a hobby of a personality and also the reason for such a hobby. His wife says he just never grew up. Ross Domer spends many hours with teen age boys as Scout explorers. We know he does a good job with the boys and also it gives him a good excuse for not acting his age. . . . We are glad to have Hallie Hosler join us after returning from a recent illness. . . . Harold Dominique met with a very strange accident while crossing at an intersection which injured his thumb. If Harold walks around with his hands in his pockets, we'll know why! . . . Since Good Friday is a holiday, let's all go to church. . . . If Jim Hall ever tells you he is looking for an old date, don't get alarmed. It is only the date on a stator.

COPYRIGHT 1953 CARTOONS-OF-THE-MONTH

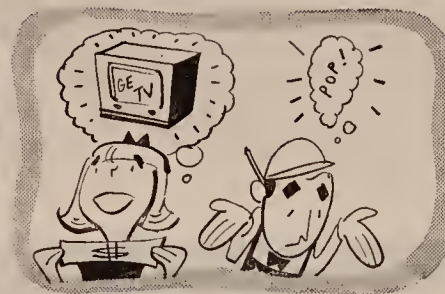

GE Pay & Benefits* ...

FOR EARNING—GE employees get better pay & benefits—including the “extra dividends” which the GE job pays over and above the weekly pay check.

FOR SAVING—GE employees get General Electric stock bonuses by participating in the GE Employees Savings and Stock Bonus Plan.

FOR SPENDING—GE employees and pensioners get substantial discounts on General Electric products.

Add up to Better Living ...

FOR RESTING—GE employees get up to seven paid holidays when these holidays fall within the regular work week.

FOR RELAXING—GE employees get up to three weeks paid vacations.

FOR RECOVERING—GE employees get sickness, accident, hospital and surgical benefits under the GE Insurance Plan.

For GE Families and Neighbors!

FOR YOUNGSTERS—GE employees get maternity benefits of \$150 for normal deliveries (\$75 and \$225 for others) under the GE Insurance Plan.

FOR OLDSTERS—GE employees with long service under the GE Pension Plan get guaranteed *minimum* retirement incomes up to \$125 a month—most get more.

FOR EVERYBODY—GE pay & benefits mean better living not only for GE families but for their neighbors and for the community as a whole.

*Pictured above are just some of the 21 “Extra Dividends” the GE job pays—over and above weekly earnings.

SPRING REVUE STARTS TOMORROW

CORDINER VISITS STAB—On a tour of midwest General Electric plants this week, GE President Ralph J. Cordiner visited the manufacturing sections of Specialty Transformer and Ballast Monday afternoon. Mr. Cordiner, right, views a display of products manufactured by Bldg. 26-3 employees as Richard J. Keyser, left, Section 93 superintendent, points out devices which provide new fields of application for the department's products.

Elex Club Announces Plans For Square Dance April 25

Under the sponsorship of Elex Club, "Twirl Whirl," a square dance, has been slated for Saturday, April 25, at Gerke's Hall from 9 p.m. until 12:30 a.m., Mary Leiter and Justine Brown, general co-chairmen, announced today.

A part of the Club's defense project through which boxes are sent to GE employees in the Armed Forces, the dance will feature the music of Chuck Wright and his orchestra. Proceeds from the informal event, which is open to the public, will go toward Elex' defense fund.

Tickets, which are 75 cents per person, are now available and may be secured from contact girls, officers, or at either the Broadway Women's Activities Office, Bldg. 18-1, or Evelyn Blakley, Taylor St. Tickets will also be available at

the door the evening of the dance.

Attendance prizes will be awarded between dances, it was also revealed. Assisting the general chairman with arrangements for the dance are: Jane Yergens, ticket chairman; Maxine Root, assistant ticket chairman; Geraldine Schmidt, refreshments; Grace Collins, assistant refreshment chairman; Donna Bauermeister, in charge of attendance prizes; Roqua Wibbel, cashier, and Theresa Lindenberg, publicity.

GE Club Gets Ready for Two-Day Run Of Big Seven Act Show for Employees

Ushering in the Spring season of GE Club activities, the 1953 annual Spring Revue will get under way tomorrow with the first of seven performances beginning at 1 p.m. in the auditorium.

Seven professional acts, which have entertained in leading theaters, supper clubs, circuses, and on radio and TV, have been signed for the two-day run of the revue.

Starting times of the seven shows are: Saturday, 1, 1:30, 5, and 7:30 p.m.; Sunday, 1, 3, 5, and 7:30 p.m.

Offering a program of variety and unusual entertainment, the following acts have been booked: Danny O'Neil, Irish tenor and M.C.; Billy Romano, presenting "Balloon Sculpturing;" Joan and Jean, twin accordionists; George and Ann Oliver, roller skating artists; The Waltons, duet presenting comedy, dancing, and pantomime; The Whirlwinds, fast tumbling and acrobatics by four men and a girl; and the Wilfred Mae Trio, novelty act.

Employees who have secured tickets which they cannot use should return them either to the GE Club desk or Taylor St. employment office. Persons who still wish tickets should check these locations to see if any tickets are available.

Supervisors Plan Fish Dinner Wed.

Plans for a fish dinner for the April 15 meeting of the Supervisors Club were announced this week by co-chairmen Arthur M. Bireley and A. L. Alic, administrators of Group I. The Southwest Conservation Club is the site of the meeting. It will begin at 6 p.m.

Sound movies of various outdoor sports will be shown and refreshments will be served.

Any members who wish to attend the meeting and have not yet made their reservations should do so immediately with their contact men.

GE President Visits Martha Scherzinger At Retirement Party

Ralph J. Cordiner, president of the General Electric Company, paid a surprise visit to Martha Scherzinger Monday night during a party held in her honor.

Miss Scherzinger, who retired from the Company yesterday, was entertained at a dinner Monday by 40 supervisors and foremen from Specialty Motor Sub-Sections 1 and 2. Prior to the dinner, Mr. Cordiner, Robert Paxton, executive vice president, and H. A. MacKinnon,

(Continued on page 4)

YOU TAKE IT—I'VE RETIRED—Christian A. Reiz hands over a phone call as he begins his life of retirement on his last day of work. Mr. Reiz has been a General Electric employee since 1918. He was employed in Bldg. 8-1 at the time he retired. With him are (l-r) Herb Jesse, Harry Beatty, Carl Turschman, and Otto Witte.

When We Are A Few Years Older

Someone once said: "Capital is merely labor a few years older."

Suppose a man has spent a good many years building up a tidy little one-man garage and repair business—working 12 or 14 hour days and putting all his savings into the venture so that he would have the space and the equipment to handle more business.

The time comes when this man is not as young as he used to be. He wants to retire or at least cut down his working hours. So he makes an offer to a young mechanic: "Run this place for me. I'll be around, but you'll carry most of the load. I'll pay you a regular salary, which will amount to about half of the earnings."

Certainly this garage owner would have every right to consider that he had offered the young man a pretty good deal. But suppose that after working in the shop for a few weeks—using the tools, the building, the supplies that the owner had bought with the savings he'd worked for over the years—the mechanic said: "Look, I'm doing practically all the work here. I ought to be getting 75 per cent of the profits or more."

The chances are that the owner would show him the door, fast.

A sequel to this story might tell what happened to the young mechanic. Assume that he was a sensible fellow—even if he was rashly over-eager to grab the lion's share of the fruits of the older man's lifetime of work. After a time, he manages to set up his own place. He works hard, saves, and eventually is in about the same position as the man who threw him out, years ago. By now, without a doubt, he is able to see that garage owner's point of view.

It may be said that the story of the small repair shop is all right as far as it goes, but that no comparison can be made between a one-man business and a good-sized industrial company.

Yet the differences aren't great. There are more workers in the manufacturing company, and more owners. The amounts of money needed to buy machines, tools, factory space and so forth are much bigger. The total figures may make the investment and earnings and manpower of the little shop look small—but the essentials are the same.

A good many people had to save, or they would not have been able to invest in the industrial company. In order to save, they had to work. (The so-called "idle rich" can be discounted; there aren't enough of them to finance a small fraction of industry today.) The stockholders may not have earned their money from the company they invested in—although many employees are also shareowners—but that doesn't change the fact that they did work, save, and invest in an enterprise that provides jobs and earnings for others. They did this for the purpose of deriving future income from the investment of their past labor and savings.

Capital is represented not only by shares but by insurance policies, participation in pension trusts, and savings accounts. Nearly everyone today has a stake in the fair treatment of capital. There is a lot of sense in the statement: "Capital is merely Labor a few years older."

SHIPPING: We have a bride-to-be in our little group. Carol Hershberger will be married to John Thurber April 18. Best wishes to you, Carol. . . . Wayne Jones parked his car in a three-hour parking zone. Unfortunately he never thought about it until noon when he missed his lunch. In the meantime four hours had elapsed. He just winked at the officer and he didn't give him a parking ticket. . . . Who says there isn't an Easter bunny? Catherine Minehart has proof. When she came in Thursday morning there was an Easter basket all decorated up and setting on her desk. . . . Happy birthday greetings to Joan Baker and Evelyn Geiser next Wednesday. . . . We say farewell today to Joan Stuke, who is leaving us for the farm. . . . Hello to Pat Davis who is taking Joan's place. . . . Mabelle Woodward left us last Tuesday and went back to Bldg. 31. . . . WISH I'D SAID THAT: "Life's like an overnight bag—if you try to pack too much into it something's got to give." . . . TELEGRAPH: Norma Durnell is all smiles this week. The reason? Her boy friend is coming home on furlough. . . . Dolores Widner still has one more day of freedom. She will be married Saturday evening to Ralph Miles. . . . RECEIVING: The Fred Prince family announce the arrival of their princess, Christine Anne, on Tuesday, March 24. She weighed 8 lbs. 7 ozs. Fred checked in at 9:25 that morning, due to the arrival of her royal highness. . . . It's really rough on parents who stay up until the wee, small hours to help the Easter bunny, then

have the offspring arise at break of dawn with shouts of, "Oh, come look at what the Easter bunny brought." An academy award should be given to Bob Younghaus who managed to portray surprise and enthusiasm for his daughter before he even had his eyes open. . . . We have a new employee, Genevieve Ramos, with us. She is replacing Delores Schwartz who is transferring to Bldg. 18, to do ediphone work. . . . Ed Dirks, who worked with us previously, is back again. We think he likes us. Ed had been working in Bldg. 6-3 for the last seven months.

Ramblings

Bldg. 31-2

by Julie Rice

"She walked down the aisle like a good girl should" will be the order of the day for Bea Heck. After all these months of planning it has finally dwindled down to the hours and minutes stage. All kidding aside Bea, it's really wonderful and we wish you all the happiness in the world. . . . Well, we sure are glad to see again the smiling face of Margaret Schneider in our midst, after several weeks of absence due to illness. Welcome back, Margaret. . . . Several lucky members of the A.I.E.E. (American Institute of Electrical Engineers, for the benefit of stupid people like me) made a trip to South Bend yesterday for a conducted tour through the Studebaker plant. Didn't they give away any samples of their products? . . . I can't say that I blame him, but from what I hear, Lester Schowe is the proud papa of a brand spanking new house, a country home no less. . . . Say, if you have any mechanical engineering problems just see Ty Schuerman and he'll straighten you out in nothing flat. In fact he's been teaching an engineering review class at Purdue Center (Yea, Rah) during the past few weeks. . . . Speaking of engineering review, I know three people, namely Earl Elwonger, Arland Werker, and Lee Preston, who probably were reviewing pretty hard last night. Last minute cram for the exam, State Board of Engineers, that is.

SICK LIST

The following employees have been reported on the sick list, dismissed from the hospital, and returned to work:

Sick List

Maxine Beck, Evelyn DiGregory, Betty Grim, Wayne Colby, Edward Huhn, Clarence Gaar, Evelyn Jennings, Robert Kirby, Ruth Byrd, Luella Knoche, Delores Stout, Thelma Hill, Ruby DeBolt, Wade Moore, Olga Welch, George Welker, Sovilla Welch, Ralph L. Miller, Margaret Turney, Hilda Will, William Ryerson, William Leimenstot, Kenneth Schwinen, Eva Morrison, John Putnam, Ray Morse, Helen Ritter, Lorine Schaeffer, Howard Schultz, Andy May, Velma Rose, Elaine Wilder, and Elmer Mourning.

Dismissed from Hospital

Fred Wheeler, Mildred Reynolds, Thelma Hill, and Victoria Hyre.

Returned to Work

Charles Atkinson, John Guter-muth, Alfred Eichler, Harold Drabenstot, Eleanor Beerbower, Ellen Henry, Larita Eckelbarger, Robert Godfrey, Maxine Beck, Henry Blair, Harvey Anderson, John Kennell, Willison Franklin, Harry Hawthorn, Alice Joan King, Maurice Cok, Henry Calhoun, Joyce Kryder, Dorothea Beasley, Lucille Ross, Marcella Rodman, Fannie Whitt, Edna Rohrbach, Alma Ladig, Doyle Sheets, and Alyce Park.

Bldg. 22

George Minana

Here's hoping everyone enjoyed their Easter vacation and will enjoy the hard boiled eggs in their lunch for the next two weeks. . . . So long to Bernie Roth, who has left us to work in Bldg. 19-2. We wish him lots of luck in his new work. . . . Vern Pease tore down the front door again and Frank Mathews has got the big rolls busted again. Aspirins for Albert. . . . Bob Dietrich came in to see us the other Friday. We were glad to see Bob. He is looking very well. . . . Ferroll Hill is planning on buying the little woman an overstuffed boat seat with a back on it for Mother's Day. Hill says he gets so tired sitting on those hard seats. . . . Rumor has it that Waymon Morton is married. He was seen over at the Employee Store buying an electric iron. He bought the lightweight model, too. Hurts less when bounced off of a fellow's head. Eh, Waymon? . . . Ralph Garrett couldn't find anyone to fool April 1 so he cut his own ruler in two with a torch.

Larry G. Waggoner is stationed at Ft. Knox, Kentucky now. His present address is:

Pvt. Larry G. Waggoner, U.S. 53328890
Co. A 33rd, Med. Tk. Bn. CCB
3rd Armored Div.
Ft. Knox, Kentucky

The following employees have entered the Armed Forces: Charlie J. Eldridge, Robert L. Mann, Howard L. Moss, Jr., Eldon R. McKinnie, Calvin E. Krieger, Kenneth C. Hobrock, Thomas C. Harrison, Donald M. Dilling, Weldon J. Cramer, Willard T. Johnson, Orville L. Bork, Jr., Thomas Brooks, Robert W. Derrow, Robert D. Miller, Harold R. Huyghe, Roy L. Harding, Gerald P. Lothamer, William W. Edwards, Bernard W. Bruns, Ananias Byrd, Richard D. Kummer, Joseph Drinkie, Walter R. VanKirk, Hubert D. Calahan, James E. Shaw, John White, Jr., and James C. Johnson.

PONY League to Sponsor Square Dance April 17

A square dance sponsored by the PONY League has been slated for Friday, April 17 at Goeglein's Barn, Bob Smith, Bldg. 26-2, vice president of the league's north division, announced this week. The dance is open to the public.

Music for dancing from 8 to 12 p.m. will be provided by

Leo Zimmerman and his Melody Rangers. Paul Remaklus has been scheduled as caller for the rounds.

Tickets are 75 cents per person and may be secured from Mr. Smith, Don Hensch, Bldg. 16-1, secretary of the north division, or from Sam Macy, Bldg. 26-4, manager of GE's team in the league last season.

Proceeds from the informal event will be used in financing operations of the league during the coming season.

The league will be increased from eight to 12 teams this season, the officers announced this week. Tryouts and practice sessions are expected to get under way within the month. There are six officers of the organization who work on a volunteer basis.

Engineers Plan Astronomer Talk On South Africa

John B. Irwin, professor of astronomy at Indiana University, will be the main speaker at the Thursday, April 16, meeting of the Fort Wayne Engineers Club, Robert Rowe, program chairman, announced this week.

Beginning at 6:30 p.m., the dinner meeting will be conducted at St. John's Evangelical & Reformed Church, 219 W. Washington Blvd. Reservations may be made with contact men for the dinner. The cost will be \$1.50 per person.

"An Astronomical Visit to South Africa" is the title of Professor Irwin's address. It will include a presentation of colored slides of his trip to South Africa in 1950.

Allen J. Tremper, Jr., has been slated as the dinner speaker and will discuss the Fort Wayne Convention Bureau.

SUGGESTION WORTH \$60—Paul V. Strombeck (center) explains his idea for improving the heat run rack so that it would require less time and labor to Robert E. Olson (left) and Chet B. Smith. Mr. Strombeck was awarded \$60 for his suggestion. He is a production clerk in Bldg. 19-5.

Elex Sponsored Shorthand Course Starts Thursday

As a part of Elex Club's educational and cultural program, a shorthand course will be sponsored by the organization, Irene Meyers, club adviser, announced today.

Open to all women employees interested in learning shorthand fundamentals, the course will get under way Thursday, April 16, in Bldg. 16-2, Room B of the private dining room at 4:45 p.m. Avenel Stanton, Bldg. 26-2, is the instructor for the course. It is limited to 30 entrants.

Consisting of eight weekly classes, the series will be conducted from 4:45 until 6 p.m. Thursdays.

Those interested in enrolling may do so at either the Women's Activities Office, Bldg. 18-1, or with Evelyn Blakley, Taylor St. Enrollment for Elex members is \$2 and for non-members it is \$2.50. Those entering are asked to furnish their own notebooks with ruled paper. Plans for securing textbooks will be announced at the first session.

CREDIT UNION NOTICE

All members of the Fort Wayne General Electric Employee Credit Union who have automobile titles in the Credit office that are no longer needed as security for loans have been asked to call for the titles at their earliest convenience, Lee Culp, secretary-treasurer, announced today.

ABBOTT MARKS 30 YEARS—Charles J. Abbott, Jr., (center) marked his 30th year as a General Electric employee March 30. Harry Mitchell (left) and Lowell Welker congratulate him. Mr. Abbott was a machinist in Bldg. 26-5 when he joined GE in 1923. He is now a toolmaker in Bldg. 19-5.

THANK YOU

In announcing that the Elex Easter egg sale exceeded its goal \$1,000, Irene Meyers, club adviser, stated, "I wish to extend my thanks and appreciation to Elex members, all other GE employees, and pensioners for their efforts and support in making the Elex egg sale, conducted last week, a success."

As a result of the egg sale, Miss Meyers said the club was able to complete payment for the 338 Easter boxes sent GE employees in the Armed Forces. Through this cooperation, employees and pensioners have become a part of our defense program and have aided in making it a success, she added.

Typical of the many letters sent by persons who have received the Easter gifts is one from Cpl. George O. Houser, sent April 1, in which he said, "No, this isn't an April Fool's greeting. It's from a Marine in Korea now on his way home and he wants to thank everyone for all the gifts he received during his time, including the one last night for Easter."

Another letter of appreciation sent by Pvt. Robert E. Thomas, who worked in Bldg. 26-3 and is in Japan now, said in part, "I hope the other fellows write to you and let you know how good it makes us feel to know that our fellow workers have not forgotten us."

The Elex girls didn't lay any eggs on top floor, but according to reports the Easter egg sale went over with a bang! The contact girls wish to thank the employees for their generous support. . . . Mary Klemm received a consolation prize after being called by a quiz program. Mary didn't have the correct answer to the question, and now she doesn't know what to do with the prize. Lots of people would know what to do with it, Mary, why not you? . . . Lueille Orr declares she's all through betting, after losing on the Pistons.

STAB Design Engineer Receives Patent on Ballast Core Construction

Charles A. Howlett, design engineer in Specialty Transformer and Ballast's fluorescent ballast engineering unit, has been granted his first patent by the United States Patent Office, Washington, D.C.

The invention of Mr. Howlett covers a unique core construction for fluorescent lamp ballasts.

In 1941, Mr. Howlett joined the Company and entered the test engineers program at the Schenectady plant. He entered the U. S. Army in March, 1942, and served overseas in England and the European Theater prior to his discharge in March, 1946.

After returning to the Company, Mr. Howlett completed a test assignment in STAB and went off test course to become a design engineer in the department's aircraft transformer unit. In 1947, he transferred to his present position.

A graduate of Rose Polytechnic Institute, Mr. Howlett received his BSEE degree in June, 1941. A registered professional engineer in the State of Indiana, he is a member of the AIEE, FWAGEE, and the GE Squares. Mr. and Mrs. Howlett and their two sons live at 3814 Hiawatha Blvd.

Charles A. Howlett

Haynie to Address GE Squares Wives

Gilmore S. Haynie, U. S. District Attorney of the Northern District of Indiana, will be the guest speaker at the monthly meeting of the Women's Division of the GE Squares Tuesday, April 14, in the Squares Hall.

Beginning at 8 p.m., the meeting will also include the showing of a cancer film. Mrs. V. R. Peterson is serving as chairman.

Assisting the chairman with arrangements are: Mrs. V. Rowan, Mrs. J. W. Taylor, Mrs. R. L. Spittler, Mrs. George Girod, Mrs. Thomas Krighbaum, Mrs. Gene Korvik, Mrs. John Evjen, Mrs. William Garvey, Mrs. Donald Knight, and Mrs. John Lunde.

up on a dollar down. Telephone booth—A vertical coffin where sweet dispositions are buried. Marsh—Where a man will sit all day to shoot a duck and then later on raise the devil if dinner is 10 minutes late.

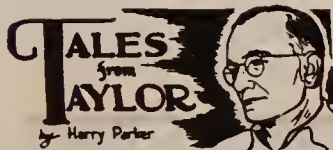

STAB SALUTES SAFETY

In honor of the outstanding safety records chalked up by Specialty Transformer and Ballast employees during 1952, five meritorious safety awards were presented employees by Carl H. Rinne, STAB general manager, at meetings conducted in the five locations, recently. The awards were issued by the Fort Wayne plant safety committee.

UPPER LEFT: Section 94 second shift safety committee for 1952 displays the four previous awards the Section has received as Mr. Rinne presents its fifth consecutive plaque. Shown (l-r): Delmare Grotian, Jim Baker, Pauline White, Dewey Snyder, Verna Powers, Frank Erwin, Don Edwards, Walter Eker, Agnes Jump, William Crouse, Section 94 superintendent, Mr. Rinne, and Richard Smith.

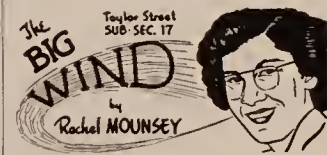

UPPER RIGHT: Members of Section 93's 1952 safety committee receiving their section's award are (l-r) Tom Black, Ed Becker, Ray Hamilton, Mary Reed, Mildred Haslup, Doris Reinhold, Frank Schultz, Eugenia Fry, Delores Stapleton, Edna Boland, Mr. Rinne, who presents the award, and Don Waldrop, safety chairman of Sections 93 and 94. Gladys McConnell, also a member of the committee, was on vacation when the presentation took place.

LEFT: Lyle Tarlton, at right, member of Section 91's safety committee, receives the plaque honoring his fellow employees' safety record from Mr. Rinne.

After several unsuccessful ventures Jim Workman is going to embark upon another one, which he claims will really pay off. This latest project is to be goat farming. Having acquired several of these little animals he plans on building up a herd second to none in this part of the country. He tells us that within a year he will be able to furnish pasteurized goat milk to anyone desiring it. He is, as of now, accepting customers. If any of you are interested you had better get your name on his list. He also plans on growing a goatee and mustache so he will look the part of a genuine goat shepherd. . . . Our historian, Art Brendenburger, was telling us this last week that just forty years ago to the day, March 27, he crossed the land upon which the Taylor St. plant stands in a motor boat. The water covering this plot of ground, being approximately 20 feet deep. The year, as you will remember, was 1913. . . . Monroe Fuhrman is forever bragging up his car and at the same time ridiculing those owned by his co-workers. He claims he gets 28 miles to the gallon and that his car never fails him. Well, last Wednesday evening there was a terrific traffic jam on Washington St. Upon investigation we discovered Monroe's car headed the procession, dead as a do-

dud. He was standing in the street holding a tow chain trying to get someone to pull his clunker off of this hazy thoroughfare. . . . Several years ago, one beautiful spring morning, Al Timme went mushroom hunting with Harley Ward. While in their search for this edible fungus, an eight-inch garter snake dashed across Al's path. This frightened him no end. He decided right then and there to call a halt to the mushroom hunt, claiming that the snake was a diamond back rattler. Being unable to convince him, the hunt ended. No one has been able to get him on a similar hunt since.

Myrtle Cramer was real happy when her son arrived home on an eight-day pass from the service. . . . Nellie Wiggins was pleasantly surprised to receive such a large plant from her husband, who is in Korea. . . . Earl Glass came in with his new Easter hair cut. What we would like to know is, where did you get it, Earl? . . . Doris Moon is enjoying an Easter vacation in Denver, Colo. . . . Theo Olsen was in Wisconsin, and Geneva Harter went to Evansville over Easter. . . . Happy birthday to Whitey Colvin whose birthday was Monday. . . . Ruby Chrysler was in Kentucky over the weekend. . . . Arveda Neal has joined us on days again. Glad to have you back, Arveda. . . . Lenora Brown doesn't care for pink. She has to like it now due to her napkins fading. . . . Sarah Pulver was in such a big hurry the other day she started filling her board with unwound stators. . . . Irma Knapp moved into her new house on Friday.

A pessimist gets that way after he's financed an optimist.

Flashes from Bldg. 4-5

by Virginia Pflueger

Flash! The testers in the south end are very happy over the decision of Pauline Adams to turn the coaching of the Pistons back to Paul Berch. "We feel," say the testers, "that this move was made in the nick of time." The Pistons have been doing very well since Berch took charge again. . . . Wedding bells rang for Deloris Silvers and Earl Long on Saturday, March 28. Congratulations, Deloris and Earl. . . . Marie Dunfee spent her Easter vacation visiting her daughters and their families. One daughter lives in Indianapolis and the other in Bluffton. . . . Ruth Leeuw spent last week in Lima, Ohio, caring for her mother, Mrs. Morris was recently discharged from the hospital at Lima. . . . Birthday congratulations are for Zelda Keister and Dean Goshert. We hope you have many more. . . . The Bldg. 4-5 office force wish to welcome Orleda Popa and Ionena Foster.

APPRENTICE BROADCAST

by James Bird

Welcome to our new apprentice, Vaughn Moore, and also to Douglas Campbell, the new test engineer. . . . Lunch buckets have been disappearing around the school lately. Bob Taylor, who was farmed out to Taylor St., finally found his. The question is—where is Ken Johnson's? . . . Glad to see Dave Jones back in Bldg. 12-2 from Taylor St. . . . Bill Owen, an apprentice graduate now in the

OVER OUR WAY in 19-1

by Clara Volz

Money on the side: Roger Paxson and Henry Papenbrock thought they would have some fun on April Fool's day. Roger soldered down a

nickel on the floor out in the factory. Along comes Bill Hanke, but he's one smart feller. He remembered it was that certain day, and when he saw the nickel, he went to a work bench, picked up a screw driver, and pryed up the nickel. A short time later Pappy (that's short for Papenbrock) thought he would play the same trick. Again Bill came along, saw the dime and repeated the same procedure as before. I remember I fell for that trick when I first started working in Bldg. 19. I saw a penny on the factory floor and thought, "Oh boy, today's going to be my lucky day, I found a penny." When I leaned over to pick it up, the penny wouldn't come loose. I never was so embarrassed in all my life. . . . We all have irritations now and then. Now you take Adam Farrell. He can work up a pretty good sweat, and over an innocent looking ordinary calendar at that. Could be someone's name on it that burns him up so. Anyhow, once a month, by hook or crook, that calendar is put up on his office wall by one of the fellows, and by yiminy that calendar comes down by Adam.

More people would follow the straight and narrow path—if there were an admission charge.

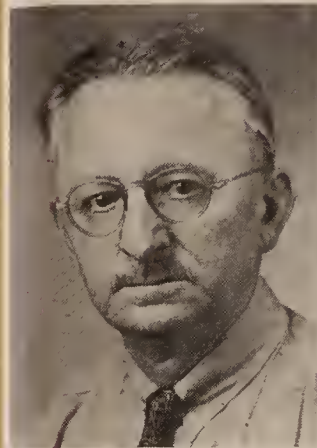

Scherzinger

(Continued from page 1)

vice president, stopped in to congratulate Miss Scherzinger on her forthcoming retirement after 44 years of service with the Company.

The only woman foreman in the Fort Wayne plant, Miss Scherzinger was employed in Bldg. 4-3.

G-E DEATHS

Claude A. Curley

Rites Held March 30 For Claude Curley

Services for Claude A. Curley, 69, of 4808 Weisser Park Ave., were conducted Monday, March 30 in the South Side Nazarene Church. The Rev. E. M. Ferguson officiated. Burial was in Prairie Grove Cemetery. Mr. Curley died Friday, March 27 at the Methodist Hospital.

A retired GE employee and Quarter Century Club member, Mr. Curley joined the Company in 1920 when he was a receiving clerk in Bldg. 6-1. He held positions also as a checker and cutting operator. Later, he was a machine operator in Bldg. 12-1, which was his location at the time of his retirement June 16, 1948.

Surviving are three daughters, Mrs. Lynn Sprunger, Mrs. Lawrence Stout, and Miss Ruth Curley; two sons, Bruce and Horace; three sisters, Mrs. Leroy Pooler, Miss Roxie Curley, and Miss Gussie Curley; 15 grandchildren, and one great-granddaughter.

Retired GE Employee, Clyde Murphy Dies

A retired GE employee, Clyde Murphy, 67, died Wednesday, April 1, at his home, 1409 Fourth St. Services were conducted Saturday, April 4, at the C. M. Sloan & Sons Funeral Home. The Rev. Violet Rice officiated. Burial was in Lindenwood Cemetery.

In 1943, Mr. Murphy became a General Electric employee and entered the Taylor St. plant as a stockkeeper. He transferred to Bldg. 20-2 on the same job in 1946. Prior to his retirement Feb. 1, 1949, he was a stockkeeper in Bldg. 8-1.

Survivors include two daughters, Mrs. Mary Rhodes and Mrs. Jane Radich; one son, Joseph; one brother, Howard; one sister, Mrs. Dessie Scott, and 12 grandchildren.

Helen Engel

Emily Nierman has a new way of solving an old problem. While in Chicago recently, she had a hotel room right on Michigan Blvd. The noise was so loud she couldn't sleep so she got some Kleenex and stuffed her ears shut. . . . The Bob Blockers are going to have to put all their eggs out of young Dennis' reach. He learned how to peel Easter eggs, and he might get one that isn't cooked. . . . Eva Gangwer asked for a short haircut and she got it! . . . Vera Fetro spent Easter week-end in Columbus, Ohio. . . . Ilene Braun spent the Easter vacation in Decatur and Fern Hallowell went to Hartford City. . . . Bob Black has the first fish story of this spring. He got a 3-lb. bass, so he says. . . . Wedding congratulations to Everett Lindeman and Lee Raver who were married Friday evening, April 2. He also got a new Packard for their trip to Tennessee. . . . Hiney Kammer appreciated the lift home during the rain storm from Don Mason but said it was like jumping from the frying pan into the fire—the roof on Don's car leaked. . . . Harold Stricker left last Tuesday. . . . Louie Etter knows all about the picture "Peter Pan." He saw it three times and each time with a different girl. It was 10 cents cheaper down at Bloomington, too. . . . Bill Byerlein would like to get a good bet on the heavyweight fight, since he lost so much on the basketball games. . . . Tom Lockhill wonders how a horse so full of hay can be so hard. He is having difficulty walking and sitting after a week-end on the farm. . . . John Foster was married to Mary Foster last Friday. Congratulations all around. Now she can write her name as Mary Foster Foster. Ted Bain wants to know when you're having the reception, John? . . . Abe Richter set up a wood working shop for his boys, but he is the "boy" having all the fun. . . . We understand that Howard Pfeiffer, as a result of his good impression on the air, is now in pictures. We hope it won't be long until he is on television. Howard owes part of his popularity and success to his dog, Mitzie. . . . Gus Rutz has a very sore finger. He forgot there was a grinding wheel on the grinder. . . . Paul Shaffer bought a different Ford. He didn't know that he was going to have to buy oil by the case to keep it running. . . . Olga Welch is home convalescing from an accident. She came to blows with a car. She is at the home of her daughter, 454 W. Williams. . . . It is lambing time at the Hank Shirley farm. His family increases daily. . . . Don Bice spent a week's vacation visiting his daughter and family at Binghamton, N. Y. . . . Vickie Hyre has left the hospital and is now at home. Get back in the pink soon, Vickie. . . . Grace Ober had a nice letter from John Gaskill, a former co-worker, who is now working in San Francisco. . . . Sam Taylor is the happiest person at GE. Reason? He was able to take John Figley for the first nickel he ever earned and get an apology all at the same time and he dares anyone to try to beat it. . . . Joe Dibert has a new power mower (new to him, that is). He has to take it out in the street to turn it around, as his yard is too small. He had to have the power mower so he would have more time to light his Camels with his lighter filled with degreasing fluid.

. . . Birthday greetings to Geneva Moody. . . . Mary Warren enjoyed her recent visit in northern Ohio with her mother, father, and sister. . . . We are glad to see Malinda Behrman look so well after the third week vacation. Incidentally, she claims she worked so hard housecleaning and cooking she had to get back to work for a rest. . . . Martha Bulliet spent Easter in Kentucky. The Easter bunny must have gotten her because she failed to appear at work Monday. . . . Berniece Johnson had a wonderful time in Chicago over Easter. . . . The biggest social event of the season was the dinner held in honor of Martha Scherzinger who spent her last day with us Thursday. Over 100 people attended. All were co-workers, associates, and former co-workers. Martha received many beautiful gifts and congratulations on her 43 years with GE. Martha has been a wonderful forelady and friend to all who worked for and with her. The people as well as the Company will miss her, as she was "tops." Everyone joins in wishing her health, happiness, and the best of everything in her retirement. She plans to do a lot of traveling and she will also be kept busy with many other interests.

Mary Murphy spent Easter Sunday supervising 18 children in an Easter egg hunt. . . . Jack and Arlene Underhill were in the Easter parade in a new Ford. . . . Happy birthday greetings to Helen Lewis, Iva Bixler, Sarah Russell, and Rose Fuhrman. . . . When Joe Jensen set a big box of Easter eggs by one of the contact girl's work place he remarked, "and my name is not Peter Rabbit." After seeing Joe walking around munching on all those carrots and celery, we aren't so sure about that. . . . Hilda Rinehart began the week by ringing in one hour late, thanks to her alarm clock that will not ring if not set. . . . Glad to report that Faye Kitteridge, Irene Blank, and Luella Knoche are on the improved list. . . . We bid farewell to Ann Brudney and Emma Walker. They are taking up full-time housekeeping. . . . Spring is in the air and new permanents are all a-bloom. By the way, have you noticed Herman Osborne's new hair-do? . . . Bertha Witham wishes to thank everyone for her gift. We are glad to see her ringing in her clock card again. . . . Spring caught the fancy of Eddie DeFauer. He, too, has a new car. . . . Maxine Hathaway is the newest member in the Floor Sitters Club. . . . Last Thursday Dorothy Burns, Rosemary Kelso, Mary Murphy, Lucy Riley, Arala Bowers, and Inez Drummer had a potluck. Thanks, Lucy Riley, for bringing the chicken. . . . 'Twas April 1st. The whistle blew to go to work. Joe Jensen started to pick up his tool box, but it was bolted firmly to his work bench. Besides that the keys were locked inside. . . . Mary Shumm looked out to see the snow that wasn't falling. . . . Eva Fisher jumped at an imitation spider. . . . Don't worry, there is another April 1st coming. . . . We hope Mary Baker likes her new job in Bldg. 8-1. . . . Jerry Snyder has left on an indefinite leave. . . . On our sick list is Evelyn Jennings. Hope to see you back soon. . . . Florence Hawk is still bedfast. A card might cheer her.

Inquiring Reporter:

ARE YOU IN FAVOR OF THE DECISION TO HAVE THE 1955 AMERICAN BOWLING CONGRESS TOURNAMENT IN FORT WAYNE AT THE COLISEUM?

RONALD D. HILE

Bldg. 27

"Yes. Young and old alike participate in bowling. Fort Wayne is located rather centrally in the U. S. A. and many will enter who otherwise could not. It will also bring extra business to the city."

ARTHUR N. WOLFE

Bldg. 19-5

"Yes, I am in favor of it. To accept some sporting events and refuse others would reflect upon the city and Coliseum. Having it should only bring profit and prominence to the Coliseum and maybe even a television station to Fort Wayne."

MARTHA KRUSE

Bldg. 26-4

"Yes, I'm in favor of it because it will certainly put Fort Wayne in the limelight since this event is known throughout the nation. It will greatly benefit our city financially also."

ELIZABETH K. BIEBER

Taylor St.

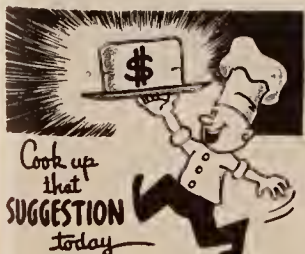

"Of course! I am very much in favor of this move. Fort Wayne has a great many bowling sportsmen and women who can realize the benefits gained when something like this is brought to our city."

LEWIS H. HUTCHINSON

Bldg. 17-1

"Yes. I am in favor of the decision to have the American bowling tournament here in 1955 providing it won't interfere with the high school super regional basketball tournament. I think it can be worked out so we can have both."

SURE, WE BELONG TO THE GE EMPLOYEES SAVINGS AND STOCK BONUS PLAN!

and here's why.....

I HAVE TWO
LITTLE CHILDREN...

In not too many years Joey and Jeanie are going to be ready for college. I never could go to college because there just wasn't the money. My kids aren't going to be in that fix. Some of my matured Savings Bonds and the cash dividends I'll get from my GE Stock Bonus are going to help them with their educations.

WE DREAM ABOUT
A HOUSE OF OUR OWN...

This will be a big investment but we're going to be ready for it soon. It won't be long before we'll be able to make our down-payment and move in. After that we'll use our matured U. S. Savings Bonds and the dividend from our GE Stock Bonus to pay the monthly installments. Before we know it, the house will be ours.

I WANT EXTRA MONEY
FOR RETIREMENT...

I'm planning to do a lot of wonderful things when I retire. Of course, some of my plans will require extra money, but I'll have it. The U. S. Savings Bonds I'm buying will make a nice addition to my GE Pension. On top of all that, I'll have the dividends from my GE Stock Bonus, too.

- ✓ Money Put in Savings Bonds Is Safely Invested
- ✓ Money Invested in U. S. Savings Bonds Earns a Sure Return
- ✓ The 15% Stock Bonus is an Extra Dividend Granted by GE to Those Who Practice Thrift and Leave Their Bonds on Deposit with the Company for a 5 Year Holding Period

Are You Planning Your Savings Program Wisely?

YOUR SUPERVISOR CAN HELP YOU...

GENERAL  ELECTRIC

Questions — Information Clinic — Answers

WANTS EMPLOYEE STOCK PURCHASING PLAN

QUESTION:

Why doesn't the General Electric Company have an employee's stock purchasing plan? Some of us employees would like to own GE stock, but we cannot afford to tie up large sums of money in government bonds or afford to pay the high brokerage fee for buying one or two shares of stock at a time?

ANSWER:

The fact is that the General Electric Company once offered a stock purchase plan to employees in hopes that such a plan would help them to add financially to their security and to enable them to become share owners of the Company.

In 1920, the Company established a plan whereby employees could subscribe for from one to ten shares of its capital stock at a price considerably below the market price at that time. Soon after the subscription was offered, the market price went down because, like all equity stock, GE common stock began to reflect an unfavorable change in economic conditions. Many employees then cancelled their subscriptions. Later the price went up and several thousands saw an opportunity to make a profit and sold their stock. Thereby, the essential purposes of the plan were defeated and consequently, it was soon discontinued.

Since that time, the possibility of establishing another stock purchase plan has been studied by management on several occasions and continues to receive consideration. The conclusions thus far have been that the establishment of a straight stock purchase plan is presently inadvisable in view of the results experienced with such a plan during the Twenties. On the other hand, however, the GE Employees Savings and Stock Bonus Plan, inaugurated in 1948, does provide a means whereby employees can acquire shares of GE stock. In addition to encouraging thrift, this plan, by means of a stock bonus, affords employees an opportunity to become share owners of the Company without risking their savings. The GE stock which participants are entitled to receive under this plan costs them nothing whatever.

Since the present GE Employees Savings and Stock Bonus plan offers employees an opportunity to acquire shares of Company stock and since it may cost the Company as much as \$4,500,000 annually, it seems hardly necessary or advisable to establish an additional plan at this time.

THINKS EMPLOYEE STORE IS UNDERSTOCKED

QUESTION:

Why is our Employee Store so understocked? For instance, No. 5 flash bulbs?

ANSWER:

The demand for No. 5 flash bulbs has been tremendous from October and through the holiday rush. The Employee Store reports that they had adequate stocks of these bulbs

up to and including Christmas time; however, since that time, deliveries from the factory have been slow because of the great demand.

On checking with the Employee Store, we find that they have placed orders for 15,000 No. 5 flash bulbs since January, of which only 600 have been delivered so far. This was our share of the bulbs produced.

All sources of supply indicate that this situation will be relieved within a few weeks and there should soon be an adequate supply available for GE employees at the Employee Store.

ASKS WHY PLATING WORK IS SENT TO OTHER LOCATIONS

QUESTION:

How does it come that the Company sends work to other Plating Departments in the city and we have little or none. All I can get from our foreman is that we are just plating for our division. Equipment standing idle, sure don't make money!

ANSWER:

With the decentralization of the Fractional Horsepower Motor Department, it is expected that each of the four sub-departments will, as quickly as possible, organize to take care of all of their own plating requirements. Of course, all possible courses of action will be thoroughly explored before final plans are completed and announced.

BLDG. 17 NEVER CONDEMNED

QUESTION:

I would like more information about Bldg. 17. Was it condemned at one time? What about the oil stains coming through the bricks on Broadway? Is this building safe? How about 17-3? This floor looks like it is overloaded. There is talk.

ANSWER:

Bldg. 17 was constructed in 1911 and we have no record of its ever being condemned for any reason whatsoever. The stains on the exterior brickwork were caused by oil leaking through the wall from nearby equipment which has long since been relocated. This condition in no way affects the stability of the building.

This structure has been carefully maintained and although over 40 years old, is perfectly safe for its present occupancy. Inspection is made from time to time in order to prevent any overloading of floors.

REASON FOR REMOVAL OF WORLD WAR II STRUCTURE

QUESTION:

Why was the World War II memorial removed? A lot of veterans are wanting to know if it will be replaced.

ANSWER:

The structure referred to in the question was not a World War II

memorial. It was not intended as such when it was erected. Its only purpose during World War II was to act as a place where the number of GE employees who entered the service of their country and the number who gave their lives could be tabulated in a prominent place.

It had become increasingly difficult to maintain this structure in a suitable manner. It was removed since it had more than served the purpose for which it was erected.

There are no plans for replacement in the immediate future.

Harold Mosshammer, president of the Volunteer Fire Department, has a new member in his department. We hear his new son would be very good at extinguishing fires. . . . Clarabelle Whiteman spent Sunday in Indianapolis. . . . Famous words of Elmer Scherer, "What's on my mind?" . . . Mr. and Mrs. Clark Holmes celebrated their 40th wedding anniversary Sunday with a family get-together. . . . Doyle Sheets found out the hard way that 30 frame stators are heavy. His poor smashed toe was the receiver. . . . Linda Wahrer and Ruth Peek spent the week-end in Erie, Pa. While there they visited the GE plant. There are 300 acres at Erie and they manufacture Diesel motors and refrigerators. . . . They say fishing pox isn't contagious but most people are staying away from Ed Brock, all's place. The sign that says fishing pox scares most people away. . . . Catherine Chilcote has been admitted to the St. Joseph hospital awaiting surgery. We wish her a speedy recovery. . . . The kindergarten group presented Ruth Peek with an alarm clock. Now Cuddles Watt won't have to telephone her every morning. . . . The co-workers of Selma Dunbar presented her with silverware Monday. We all wish her and Charles a very happy wedded life. . . .

Everyone is wondering when Sarah Moore is going to bring Ed Feidler the bill for her new socks. Ed still says it wasn't his fault. . . . Farmerette Louise Sinns' chickens were dying of thirst. She finally got the water fountain repaired so now we think we will have some fried chicken one of these days. . . . Some people say that if Doyle Sheets wouldn't be walking around with his head up in the air he wouldn't fall down and break his toe. . . . Wilbur Gray and family attended a funeral in Ohio over the week-end. . . . Mr. and Mrs. Charles Dunbar entertained relatives from Effingham, Ill., over the Easter holiday. . . . Linda Wahrer is getting around very well after falling down the basement steps Monday. . . . Howard Householder's sons were quite surprised when they opened a box and found a real live rabbit.

"What type of man would you call a real executive?"

"A man who can hand back a letter for a third typing to a red-headed secretary."

F. G. Motors

bldg. 8-1

by Mary Wright

It was no April fool joke for Irene Hockenberry. It was her birthday and that candy was really good. Hope you have many more. . . . We always look forward to new spring bonnets but Pete Heckler has a new fashion. He has the heels of his shoes painted. He must be going to dance that heel and toe. . . . Laura Gross worked with us one day last week. Come back again, Laura. . . . Mary Baker and Florence Vett joined us last week. Glad to have both of you with us. . . . Spring must be here, for Rachel Jackson has put her jeans away for the summer. . . . If I have missed any of you in getting your name in the news, just let me know. I want everyone to bring news to me so I can give personal mention.

BIDS GE FAREWELL—Leon Bond (center) shows his retirement gifts to a group of his friends during the celebration in his honor on his last day of work. Left to right are Al Reiman, Farold Schuman, Mr. Bond, Floyd Chilcote, and Herman Curry. Mr. Bond joined GE in 1922 as an inspector in Bldg. 4. He was a forman in Bldg. 26-3 prior to retirement.

TOTALS 30 GE YEARS—Roman Neibel (second from right) receives best wishes on his 30th General Electric anniversary from (l-r) Vic Hall, Ray Lepper, and Frank Gamec. Mr. Neibel joined GE as a machine hand in Bldg. 4-2 in 1923. He is now a toolmaker in Bldg. 4-2.

The Moose Easter egg hunt is quite a competitive affair for kids, but how did Kenny Sefton win two prizes? He probably helped to hide eggs and remembered the choice spots. . . . The effects of spring are showing on Ralph Steward. Have you seen his latest close cut haircut? . . . We wonder if Jule Doster and Allison Van Wormer bought their wives new Easter bonnets this year. They bought themselves new cars. . . . Kenny McCague's firemen are bringing the Mills Bros. three-ring circus to Fort Wayne April 27. You can buy advance sale tickets at a savings from Kenny McCague, Roy and George Prince, Richard Miller, Russell Poorman, or John Ormiston. Kenny claims they will have forty tons of elephants. . . . With his car all tuned up John Stetler decided to take a drive and treat his wife to dinner last Sunday. Guess where they ate—in Cincinnati. . . . Chet Reynolds enjoys a baked bean sandwich but Gerry Gibson has another favorite—a head lettuce sandwich. . . . Max Baron feels well qualified to discuss matters of high finance now. Especially after picking up some pertinent points on the subject from Maury Sordelet. . . . Chet Reynolds is building his wife a new cabinet unit for their kitchen. From the material he is using he will also need to reinforce the foundation. . . . Looks like Max Baron's apron was worn while coloring eggs. . . . Hayden Rice brought Julian Franke a souvenir edition of the Milwaukee Journal. It was a 252-page feature celebrating the Braves coming to Milwaukee. Julian says his house-cleaning chores will suffer until he gets it read. Please note, Mrs. Franke. . . . James Lee, who moved to a suburban farm last Friday, is quite aggressive. He is taking future egg orders so he'll know how many chicks to buy. . . . The Ram's horns on Eldon Mee's Dodge took a determined set and Eldon found himself in Louisville last weekend. . . . Remember the wren house Elmer Auman built and mounted on his garage last spring? The same robins have returned and built a nest on its roof this year. . . . Bill Trumbower stocked his farm with the seven little pigs he bought from Bud Dunlap last week. It looks like Bud would rather play golf than raise pigs. . . . Otto Rodenbeck has returned

got close enough to see if there were any keys on the string, in an effort to draw electricity, but it must have been not only an interesting, but also an instructive sight. . . . According to Maxine Baker, Jim Smith's shirt must have been the result of left-over Easter egg dye. Gaudy but nice, Jim. We can't say too much because some of ours have bordered on the wild side, too. . . . We'd like to welcome a few new men to our floor. They all work in the test section. Byron Neuman, Ronald Fisher, and Mario Vega. Glad to have you with us, boys. . . . John Miller is back in test again and we'd like to welcome him back with us. We hope that he is here to stay this time.

WELCOME: We would like to welcome Robert Humbert to our specialty motor drafting section. Bob comes to us from Carl Brandt's school. Also, hello to Donald Knight, new TE working for Max Barrows. His home town is Eau Claire, Wis., and he is a 1951 graduate of Marquette, holding a BSEE degree. There is a Mrs. Knight. . . . HEARING INSTEAD OF SEEING: Did you ever "hear" Art Nicholson's socks. WOW! Those bright fluorescent green and vermilion argyles. Of all the loud socks we've seen, they take first prize. Did you pick them out yourself, Art? . . . NEW EASTER BONNET: Chris Flanigan went to church Palm Sunday and someone took his hat by mistake. So, Easter Sunday Chris looked over the display of hats until he found one that looked like his and replaced it with the one left for him last week. He is not sure, but he thinks he picked the right one. . . . WELL, WELL: Jean and Jim Stokke have moved into their new home. She says everything is under one roof, all they have to do is find it. . . . FAREWELL: To Louis Estabrook, who is taking his next test at Schenectady. . . . Also, to Don Knight and Ted Briles. . . . PEOPLE ARE FUNNY AT TIMES: What's this we hear about Barbara Moore bringing milk to work in her thermos bottle and taking GE water back home in it! What's the matter, Barbara, no water in Avilla?

Golden Wedding Anniversary

Mr. and Mrs. C. O. Tuttle of 5856 Arbor Ave. will celebrate their 50th wedding anniversary April 15. Mr. and Mrs. Tuttle were married in Fort Wayne in 1903.

A reception will be held Sunday, April 19 from 4 to 10 p.m. at the Lunz Barn located in Elmhurst Gardens. No written invitations have been issued but all relatives and friends are invited to attend.

Mr. Tuttle retired from General Electric April 1, 1949.

The Tuttles have two sons, Myron and Caryl, of Fort Wayne, and one daughter, Viola Baumgartner, of Del Paso Heights, Calif. They also have six grandchildren and two great grandchildren.

to duty after spending several days as a guest of the GE plant in Linton. . . . Poor Frank Druhot must have been kept too busy between fishing and hunting for Easter eggs, because he wasn't able to make it to work on Monday morning. . . . Our chubby steward, Lowell Welker, is getting quite a work out on the east side of Broadway while fixing a press. We think that he will be able to get his weight down for playing golf in the near future. . . . Don Alcott must still be in the doghouse. His wife still forgets the sandwiches in his lunch occasionally. She must also forget that Don is our golfing hero and he has trophies to prove it. . . . We extend our best wishes to Bob Truelove and Paul Brinkroeger who added another year to their ages. . . . Lloyd Welbaum spent the Easter week-end in New York City with his family. . . . Jack Schemehorn really had a nice reception party for his daughter, Joan. There was plenty of refreshments for everyone of the esti-

mated 1,000 people in attendance. The music was furnished by Ken Smith's musical band with Bud Dunlap presenting some fine harmonica special numbers. Kenny would like everyone to know that he is not the Ken Smith referred to in the daily papers.

Birthday greetings to Eva Penn. Her candy was very good. . . . Congratulations to Helen Buck who is grandma for the first time. The baby is Carolyn Sue. . . . Betty Denny has left us to join the wedgers on second shift Bldg. 4-5. . . . Christine Lare is enjoying her stay in St. Petersburg, Florida. She writes she has found many of her old friends are there. She is enjoying making many new friends, too. . . . Charlotte Clover is improving nicely and she has added hooked rugs to her list of hobbies. She enjoys the letters and cards from her GE friends. . . . Floyd Loraine is enjoying a visit by his son who is on leave from the Armed Forces, after which he will be stationed in Korea. . . . Marjorie Hite enjoyed her trip to Cleveland, Ohio, where she attended a Sunday School convention. . . . Jimmy James attended church Easter Sunday morning. He says that is really news! But he enjoyed it so much he is not going to wait until next Easter to go again. . . . Wilbur Meyers attended a wedding recently and had a hard time keeping his eyes open at work the next day. . . . George Seibold is quite concerned because there hasn't been anything about him in the news lately. George, we will see what we can do about it! That's a promise.

HONORED ON 30TH ANNIVERSARY—Mary Ruth Theurer (second from right) was honored by her co-workers on her recent 30th anniversary with the General Electric Company. Shown with her are Martha Scherzinger, R. T. Blee, and Robert Spitzer. Mrs. Theurer, who has been with GE since 1923, is employed in Bldg. 4-3.

What Is a Poll Watcher? A person designated by a political party to watch a particular voting place to prevent illegal voting.

GE Rod and Gun Wins Bowser Trophy Match

The GE Rod and Gun Club won the Bowser Trophy match at the National Guard Armory on Wednesday, April 1. Scores were as follows:

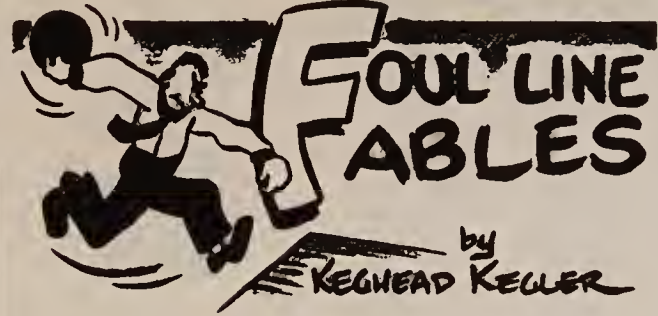

GE NO. 1 TEAM	
H. Patterson	147
E. Allmendinger	146
L. May	148
Total	441
INTERNATIONAL HARVESTER NO. 1 TEAM	
Parks	145
Croghan	147
Jones	148
Total	440
GE NO. 2 TEAM	
D. Heckman	143
O. Emrick	149
R. Miller	146
Total	438
INTERNATIONAL HARVESTER NO. 2 TEAM	
Murphy	148
Sutton	141
Sipe	148
Total	437

One night last fall, while Herman Lengerich and Cecil Franklin were coon hunting, Herman lost his flashlight. Recently, while hunting in the same area, Cecil found the long lost flashlight. The next day Cecil returned the flashlight to Herman. Herman's remarks were something like this, "Bet the light was still burning, otherwise Cecil couldn't have found it." . . . Oran Schultz and Bob Lord are members of the West End Restaurant bowling team which bowled in the ABC Tournament at Chicago early in the week. Scores were not available at the time of this writing. . . . April Fool: How does it feel to play a joke on yourself? Anyone really wanting to know should ask Lank Linn of the office. Lank drove his car to work, then "bummed" a ride home. On second thought, maybe he wanted to save some gas. He couldn't be forgetful, as he just isn't that old. . . . Happy birthday to True Gephart whose birthday was on April 1. Also, to Dick Steele whose birthday was April 3, and Dwight Girod, April 3. . . . Bob Duras is back to work after undergoing surgery. Bob got such a nice letter from a "friend." No doubt that made Boh improve faster.

\$50 AWARD—Ralph Bradtmiller (left) receives a suggestion award check for \$50 from A. J. Rieman. He suggested a change to the mounting cases used on transformer cases. Mr. Bradtmiller is a group leader in Bldg. 26-3.

Team No. 11 is still leading the Apparatus League with a record of 28 wins and 8 losses. In second place is Paul Perry and Team No. 10, with 24 wins and 12 losses. In third place is Team No. 3, having won 21 while losing 15 games. Oscar Huger continued to hit the pocket and collected a 220 count.

Bob Blomker kegled a 213; Cliff Dunten, 208; Walter Beaty, 202; Ed Reese, 201; and Bob Winkler, 200. Splits were made by Paul Perry, 3-10; Bob Sexton, 5-10; Walt Beaty, 5-10; and Bob Branning, 5-7.

Ladies' Monday Night
Jerry Stolp kegled a 184 count for the high game of the night. Bowlettes are still leading the league with a record of 29½ wins and 15½ losses. Skooters are in second place, having won 27 games and losing 18. Twisters and Fivettes are tied with 26 wins and 19 losses.

Small Motor
Two Legs Clothes have taken over the lead with a record of 23 wins and 16 losses. In second place, one-half game behind, is National Construction, having won 22½ games and losing 16½. R and R, Models, Drafting, and Test are in a tie for third place, 1 game behind the leaders with a 22-17 record. Howard Hoffman rolled 216 and 220; W. Whonsetler, 203; Jack Margerum, 204; Dick Tobias, 202; and Jim Carey, 201.

Masonic
Glenn Bower converted the 5-7-10 split. Squares and Patrols are tied for first place with 26 wins and 16 losses. Trowels and Doric are tied for third place, each having won 24 games while losing 18. Corinthians are in fifth place with 20½ wins and 21½ losses. Howard Hickman found the range and kegled a 225 count. C. Lauterberg rolled a 232; Doc Peters, 224; Somerville, 220; May, 206; Crabill, 205; and Smith, 200.

Transformer
Autos are leading the league with 17 wins and 7 losses. Bells and U-I are tied for second place, with 16 wins and 8 losses each. E-I is in fourth place with 13 wins and 11 losses. There was a shortage of double century counts this week.

Office
Reproduction and AC are tied for first place, each having won 28 and losing 14. Amplidynes are in third with a 27 won and 15 lost record. Pawlisch Shoe Repair is in fourth place with a 25 and 17 record. Gil Baker put together games of 181, 214, and 206 for a 601 total. Paul Ohnesorge kegled a 217; Wendell Miller, 216; Vic Rump, 213; Harry Dalhman, 210; Ed Hagadorn, 203; Hal Fanning, 202; Harry Brown, 202; Carl Hatendorf, 201; and Sam Macy, 200. Harold Dimke kegled his high game of the season, a 216 count.

Decatur
Office won 2 from Flanges, and Packers won 2 from Stators. Lord rolled a 215, and Schultz, a 200 in the GE Monday Night League.

GE Fraternal
West End Restaurant won 2 games from K. of C. Casablanca won 2 from Peterson Elevator, GE Club won 2 from Elks, and Burke-Moose won 2 from Teeple Truck Lines. George Laurent kegled a 615 series on games of 185, 224, and 206. Bruick scored a 613 series on games of 215, 227, and 171. Berry put games of 174, 247, and 189 together for a 610 series. Custer rolled a 245 count; O. Schultz, 204; Briede, 200; Crates, 213; Pillars, 205; Rider, 214; and Hoffman, 201.

GE Women's League
Team No. 2 won 2 from Team No. 3. Team No. 4 won 2 from Team No. 1. J. York rolled 181 and 167; Klienhenz, 166; and Miller, 161 and 167.

Those fancy T-shirts the pin boys have been sporting this past week were furnished by Elliot Meyers, of Morris-Meyers, who bowls in the Masonic League on Tuesday at the Club. Keghead would like to extend his thanks along with those of the pin boys to Elliot Meyers.

George Martin, Lab Engineer Granted First U. S. Patent

George C. Martin, Bldg. 28-1, has been granted his first patent by the United States Patent Office, Washington, D.C. it was announced this week.

The invention relates to a gasket material comprising a glass fiber mat coated and impregnated with a heat cured liquid coating composition, a dispersion of finely divided solid material and a liquid dispersing medium. Mr. Martin's invention is non-wicking, withstands continuous temperatures up to 125 C, and is highly chemical resistant. It is of primary importance as used in chemical manufacturing and wire enameling equipment where it must withstand continuous exposure to both liquid and vaporized cresylic acid.

In 1946, Mr. Martin came to the Company as an engineer in the laboratory. In January this year, he was named group leader in the application group of the chemical insulation unit, which is his position at present.

A graduate of Syracuse University, Mr. Martin received his BS degree in chemical engineering in 1946. He is program chairman for the noon luncheon meetings of the American Chemical Society, North-eastern Indiana Section. He is also a member of the GE Squares Club.

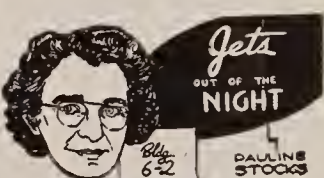

The Martins and their two children live at 429 W. Maple Grove.

A sure sign of spring is when Scotty starts talking about planting his petunias in the window boxes in Bldg. 9. . . . We have noticed a big improvement in Ray Bailey since he changed from graham crackers to raisins. . . . If you've noticed Sam Mastro looking at his feet lately, it's because he is admiring his new Easter shoes. They are pretty, Sam. . . . Wayne Shull is really ready for spring with a flashy new convertible. . . . Oscar Beaty sure did a nice job of spring house-cleaning. Someone should call his wife's attention to it. . . . Isn't it a strange coincidence that the cartoon that was sent to the power house came from Bluffton, where Harry Oliver lives. . . . From all the extra money that John Repine and Bob Pion have been taking home they should be called "Double Lucky." . . . It's another new Buick in the engineering office at Taylor St. The proud parent is Ross Holt. . . . Bob Hughes is also sporting a new Buick. . . . Whitie Van Auken is vacationing in Washington. He said he would

George C. Martin

We hear Charles Thomson is loaded with real live money. When he sits down his billfold jumps out of his pocket. How about putting a button on your pocket to hold your billfold in, Charley? . . . Pete Macke got all excited when Geneva Curtis emptied her aspirin bottle. She was only changing them to a box.

probably take time out to give Ike a few pointers. . . . Ernie Reed had his picture taken for a passport. He said the picture doesn't look like him, and to top it off they put a legal seal on top of it to mess it up a little more. . . . Did you see the bright glow in the north this week? It was George Dunifon's new Dodge parked in front of his house. . . . Danny Dressel got quite a few eggs from the Easter bunny but wasn't too happy about it. Papa Bob forgot to tell him to take the shell off of the hard boiled eggs before eating them. That could almost make a boy lose faith in his father. . . . Congratulations to Walt Dial, who got married last Friday.

Doctor: "Now, madam, place this thermometer between your teeth and keep your mouth closed for five minutes."

Husband: "How much ya want for that thing, Doc?"

GE CLUB MIXED DOUBLES

Saturday, April 11

Squads roll at 6 and 8:30 p.m.

Raconteur

Section 14, Taylor St.

by Mary Whitelock

Fred Harris has a grandson who speaks perfect English. Whenever he is cookie minded he approaches his grandmother as follows: "Dammy, Dammy, Tooie, Tooie" and grammy knows the little fellow is not cussin'—just fussin'. . . . Twenty-five years ago on April 7, 1928, Mr. and Mrs. Herbert Kellermeier were joined in holy wedlock at the Redeemer Lutheran Church. This year, after many trials and tribulations, they will celebrate their anniversary in a manner fitting the occasion. Congratulations and many more years of marital bliss. . . . Ted Brockmeyer has been waiting for a new car he ordered about 12 weeks ago. Tuesday he received a call that his car was ready. Elated, he rushed to the dealer to pick it up and whatta you know—it was not painted as he had specified. Ted refused to accept it and left disgruntled. We believe the car would be beautiful in any color. . . . Happy birthday to the following folks in the winding section: Florence Schlosser, Mabel Curry, Violet Meyers, and Tom Carmier. . . . Geneva Pickering is the proud owner of a television set and Beulah Conrad has a new automatic washer. . . . Jerry Uhl (when contacted for news) said he was so busy he felt like a head with its chicken cut off (which sounds very busy, indeed). . . . We are happy to report Marilyn Clark's little boy, George, is at home, and on the mend after being hospitalized with pneumonia. . . . Ray Brown, from the winding section, has a blackmail system that pays off in yummy pecan pies. Cliff Witham is drooling on the sidelines and trying like everything to break into the racket. . . . Ewald Stinsmuehlen got through April Fool's day without a hitch, but that night, when snug in bed, his mother-in-law yelled that the Kroger store was on fire. He yanked on his trousers over the P. J.'s, charged down the stairs and out into the yard before he could pull himself together. He's now in the market for some good mother-in-law gags. . . . Maxine Daniels finally got a room in the Lutheran and by the time you read this she'll no doubt be up and at 'em. Can't keep a good gal down, you know. . . . Mike Brayer can really make cute li'l ol' Easter eggs. We call ours Grandpa Moses. He's equipped with cotton whiskers and a cotton fringe around the top. The egg, silly, not Mike. . . . QUOTABLE QUOTES overheard in section 14 office: Carl Reynolds—Anyone set 'em up while I was gone? Lucile Salas—Somebody's got rocks in their head. Vern Daseler—Three D and Marilyn Monroe, that's for me. Dorelyn Forde—Gotta charge up-town tonight and buy something new. Ralph Fishback: We can't send this card out without a drawing number. Carl Kloepper—Could you tie this bandage for me, please? Kathleen Jencks—Now, when I worked at Jewell. . . . Norm (One Putt) Meyers thought spring was here so he rushed out to play a bit of golf last Saturday and developed a touch of pleurisy. Too old to cut the mustard, hm? . . . Today was house cleaning day in the Tool Room. Due to the bad cases of housemaid's knees and spring fever there will be no work tomorrow. . . . Anyone wishing to book a juggling act for en-

ORCHIDS FOR THE LADY—Caroline Hans, wearing an orchid and smile at her retirement party, shows a gift she received to Basil Bowley. Mrs. Hans had worked at General Electric since 1925. She was employed at Taylor St. before she retired.

tainment, see Sessler and Hitzeman. . . . Herb Tons isn't afraid to get sick now that his wife is a full-fledged Nurses' Aide. . . . All of us who have worked with Hugh Thomson wish him good luck on his new assignment and as McGee would say, "There goes a good guy." . . . PEOPLE WE ENVY: Paul Hitzeman, because of his trip to Washington, D. C.—Theron Kitchen, because of his ability to get skunked.—Gene Ralstin, because of his ability to turn a serious situation into a comedy.

Hugo Wengert may soon have the world beating a path to his door. He's invented an electric mousetrap and gives demonstrations any evening in Bldg. 2-E. He brews a good cup of coffee, too! . . . Congratulations to Ida Nell and Henry Lowe, both of Bldg. 4-1, who celebrated their 23rd anniversary last Sunday. We wish them many more happy years together. . . . Jim Moore has a new nickname, Twitcher. . . . Mystery of the Week: Do we have a one-legged man in Bldg. 4-1? Why is there a new shoe in the window that no one claims? . . . Kenny E. Bergman, who works on 2nd trick, wants everyone to know that the Kenny Bergman who was picked up for speeding was Kenny F. and should in no way be mistaken for him. . . . Everyone was wondering where the fire was except Pete Bobay. He put his pipe in his pocket still lighted! . . . Ray Lepper must be doing all the rowing when he and Roy Berdeman go fishing. Roy is catching all the big ones and brought in the proof, a six-pound bass. . . . Ernie Riley went fishing with his grandson at Wawasee but I guess it was too

cold for the fish. . . . Clyde (Alabama) Kilpatrick is finding his way around Bldg. 2-E a little better since he has his glasses. . . . Meredith Trout is beginning to wonder if someone is trying to give him a gentle hint. Each morning his desk is moved out. . . . The smelt fishing wasn't too good at Au Gras, Mich., over the week-end, but Frank Lawrence and Virgil Allmandinger caught all the perch they wanted. . . . Our finny friends in the Muskegon River were safe as far as Miner Merriman was concerned. He went up to fish, but the rain, wind, and snow kept him in his tent and he spent the week-end cooking and eating! . . . Birthday greetings to Ida Nell Lowe, Ed Brosche, Bob Warnement, Howard Scott, Reinhold Frede, and Damon Weaver. . . . Ted Schelper underwent surgery a week ago at the Lutheran Hospital. We all wish him a speedy recovery.

ANNIVERSARY BEST WISHES—Thirty years with General Electric was celebrated recently by Edna Etzler (second from left). Congratulating her (l-r) are Joe Laisure, Florence Hindman, and Dewey Wickliffe. Miss Etzler did armature work in Bldg. 19-2 when she joined GE. She is still working in that location.

MOTOR and GENERATOR

Thought of the Week: "The best way to make your dreams come true is to wake up."

—Tilley Schlesinger.

For some time past the column "Motor Generator Static" has been missing from the GE NEWS. This omission was due to the illness of Ed Foley, our division editor, who is on sick leave. We are happy to report that Ed's condition is improving and we wish him a speedy return. However, when conditions like this exist "the powers that be" start looking for a "fall guy" and I was chosen to edit the column until Ed's return. This writer is aware of his limitations and accepted the responsibility with considerable misgiving. To approach Mr. Foley's success as a news man is quite an undertaking, for he seemed to have a nose for news and the ability to compose findings into pleasant and interesting reading. We will do our utmost to keep the column going but all of you folks must help. You must turn in the news items. Without news items there can be no column. . . . BOTTLES: The other morning Charley McAfee remarked, "The reason I am late this morning is because of a bottle." We looked at Charley with a new interest, for the downfall of many men could be traced to a bottle. He did not seem to be the type—just what was his weakness? Then he explained. It seems the McAfee's use a popular brand shampoo and tonic. Due to the size of McAfee's family the shampoo is usually purchased in the large economy size, while the tonic comes in a smaller size bottle. Little did Charley know that Mrs. McAfee had attended a sale and purchased a bottle of shampoo, which entitled her to another small bottle free of charge. So, on the fatal morning Charley picked up a small bottle, which represented only tonic to him, and applied it liberally to his hair. He began massaging his

scalp and was surprised (not pleasantly) to find his hair covered with a lather. He discovered his error and had to undergo a complete hair wash before starting to work. Hence, late to work. . . . HANDY MAN: Homer Campbell is quite a handy man around his home. The only thing that surprises us is that a home remains after some of his efforts. In past issues we reported his hedgecutting, the cutting of water-pipes, the fire in his bathroom, and numerous other accomplishments. This report is on painting. The Campbell's were refinishing their walls and a decision was reached to paint certain walls and paper others. Homer began work with his trusty brush and a bucket of paint. Things were going fine until he heard a voice beside him. The voice belonged to Mrs. Campbell who remarked, "Homer dear, that is the wall we're going to paper." (Ed. Note: Next week we will tell of his paper hanging experiences. . . . WHAT TO DO: Bud Fisher gets into some awful complications. The other evening he turned on his television, the program came in fine. While he enjoyed this entertainment our hero also wanted to listen to the Piston game. What to do? Finally the old brain started to click. He turned on the radio and sat half way between radio and television so he could watch and listen to both.

CONGRATULATIONS to Mae Boyce, who became Mrs. Walter Diel last Friday. We sincerely wish them the best of everything. . . . Lora S. celebrated another birthday. The cake and sandwiches were delicious, Lora. . . . Esther Watson was honored with a supper. She received a radio and overnight bag. Esther has retired and will be missed very much. . . . Boh Huhn had gone through April Fool's day without getting fooled until 11:30 p.m. With just another 30 minutes to go Elizabeth Miller fooled him. Boh, you let a woman out-wit you! . . . We wish a speedy recovery to Velora Drury, who is in the hospital. . . . Walter Koehlinger says he helped his children hunt Easter eggs. Just like old times isn't it, Walter? . . . Curly Wheeler and Doug Drake have new Fords alike. Happy traveling, fellows. . . . We wish to welcome Delores Martin and Joan Hicks to our section. . . . Tracey and George Bartle have a brand new granddaughter and baby sat over Easter instead of going on a trip as planned. . . . Maxine Insley has a new collie pup at her home and she needs all the newspapers she can get. . . . Edna Butler attended a wedding in Muncie. . . . What was wrong with Ed Hutsell? He came to work with his socks on wrong side out. Did you turn the hose on them, Ed? . . . Ask Dorothy Guiff which end of the cigarette she would puff on if she was a smoker. . . . We hope Norma Hicks' children are over the mumps by now. . . . We wonder why Rita Wolf was trying on wedding gowns last week. . . . Francis Massengill and husband went to Detroit over Easter. . . . Faye Patton cooked for company Easter. You know, Faye is a very good cook. . . . Jessie Harter enjoyed the Churubusco senior play Saturday night. . . . Rita Wolf spent her time on Easter taking in the shows. She went to four.

- LOST—Silver Ronson cigarette lighter with initials W. M. F. Left in cafeteria, Bldg. 16.
- LOST—Gold earring shaped like a shield with a lion in the center with green and red enamel. Lost in Bldg. 17-2, or between Bldg. 17-2 and 18 gate.
- LOST—Rose tinted safety glasses with coverings over ear pieces. In brown case. Lost at Taylor St. Plant.
- LOST—A metal ash tray, and brown Esterbrook fountain pen. Lost in Bldg. 26-2.
- FOUND—One white glove. Turned in at Bldg. 18 gate.
- FOUND—One brown wool glove. Turned in at Bldg. 18 gate.
- FOUND—One pair of black kid gloves. Turned in at Bldg. 18 gate.
- FOUND—A house key on a chain. Found in front of Bldg. 18 gate by bus stop.
- FOUND—A house key. Turned in at Lindley Ave. gate.
- LOST—Eastern Star earring. Lost between elevator and Johnson's 5 and 10 Cent store, or around Bldg. 8.
- LOST—Black billfold containing identification papers with the name of Henry P. Hahn. Contained approximately \$35. Lost at Broadway or Taylor St.

FOR SALE

- PUPPIES Beagle. Six weeks old. A-30053.
- REFRIGERATOR—Coldspot, 7 cu. ft. Good condition. \$25. A-66652.
- RADIO COMBINATION—RCA Victor, 1951. 35-45-78 RPM Console. E-35165.
- CAR—1946 Plymouth Special Deluxe. Four door. Motor completely overhauled. Tires very good. Reasonable. A-60693 or A-79275 any time.
- WASHER—Dexter Twin Tub. Excellent condition. 1326 Rose Ave. R. R. No. 1, New Haven. Phone New Haven 4085.
- REFRIGERATOR—8 cu. ft. Excellent for cottage or spare in home. The GE CM3 compressor and motor can be used for paint sprayer. \$15. A-46162.
- KITCHEN SINK—Double drain with ring. \$30. H-17341.
- COAT—Girl's spring with hat. Size 2. All-wool, melon color. A-39354.
- CAR—1939 Plymouth coupe. Perfect running condition. \$90. H-9673.
- WOOD LATHE—With motor and chisel. A-1 condition. \$75. 8-inch table saw complete with motor and stand. \$55. 1920 Kentucky, after 5 p.m.
- GAS RANGE—All enamel, thermostat control. Excellent oven for baking. Reasonable. H-64843, 224 E. Foster Parkway.
- TELEVISION CABINETS—Two complete with safety glass and mask for 17-inch tube. One blonde table model and one mahogany console. H-19005 after 6 p.m.
- BOAT—Plywood, A-1 condition. H-75053.
- BREAKFAST SET—Chrome. White metal utility cabinet. H-66084.
- CAR 1947 Plymouth Special Deluxe. Clean and good tires. R and H. \$600. E-6450.
- TYPEWRITER—L. C. Smith standard with metal stand. \$45. E-2040.
- BOY'S SUIT—Size 16. Brown plaid. Worn very few times. H-20832 after 5 p.m.
- BUILDING—4 ft. by 7 ft. Suitable and wired for concession stand. E-2766. 946 Burgess St.
- CAR—46 Chrysler Royal. Perfect engine, radio, heater, and fluid drive. Four new tires. \$600 or will consider older car in trade. Electric portable washer. Also, miscellaneous clothing. H-77661.
- BICYCLE—Boy's 26-inch Henderson Schwinn knee action, hand brakes, two lights, two horns, speedometer, and various other accessories. \$32. A-70815.
- WOODED LOT—85x150 ft. Restricted. Lakewood Park, near Waynedale. Water, gas, and paved street. Lake across street. \$2,600. A-68771.
- REFRIGERATOR—Monitor type. Good condition. Phone Roanoke 3163.
- HOUSETRAILER—12 ft. aluminum. Ideal for fishing or hunting trips. Reasonable. H-37372.
- REFRIGERATOR—8 ft. monitor top, with vegetable bin below. A-65106.
- GIRL'S CLOTHING—Suits, dresses, skirts. Sizes 10 to 12. Reasonable. H-60182.

- CAMERA—Brownie, 2 1/4x3 1/4. Like new. E-5204.
- TRAILER—Two wheel. Steel tongue, oak frame, 6,000x16 wheels. Practically new. 3202 MacArthur Dr., Apt. 10, Waynedale.
- FIELD DRUM—Ludwig with all accessories and case. H-70063.
- FLOORING—Clear hardwood. H-81535 after 4 p.m.
- BABY TENDA—With pad, safety belt, and chair. Gate: wardrobe; kitchen cabinet. H-64473.
- HOUSE—Small two bedroom bungalow. Carpeted living room; modern kitchen with garbage disposal; full basement with gas heat. Garage with paved side drive and fenced in back yard. Located in northeast part of town. Reasonable. A-19333.
- TREE SPRAYER—Tank type on wheels. E-69554.
- STOVE—Oil burner. In good condition. 1810 St. Joe Blvd.
- FORMAL—Blue. Size 14. A-95885.
- 8 MM UNIVERSAL MOVIE CAMERA—With built-in exposure meter and leather carrying case. \$25. K-3576.

WANTED

- BOY SCOUT UNIFORM—Size 14. E-72162.
 - SINK—Stainless steel single basin. Same as was on sale at Employee Store for a number of years. H-75662.
 - YARD FENCING—Approximately 125 to 150 ft. A-95481 evenings or Saturday and Sunday.
 - SHOE SKATES—Boy's roller rink. Size 1 or 2. Phone 3843 Monroeville or write Box 45.
 - CAMERA—35 mm. In good condition. Reasonable. K-2649 after 4 p.m.
- TRANSPORTATION
- RIDE WANTED—From Churubusco to Taylor St., 8 a.m. to 4:30 p.m. Barbara Konger, Ext. 2658 or phone Churubusco 2063.
 - RIDE WANTED—Will exchange ride or riders to GE Broadway, 11:45 a.m. to 7 a.m., from Kendallville. Phone Kendallville 1303. Oland Auterrieth.
 - RIDE WANTED—From Antwerp, Ohio to Broadway, 8 a.m. to 4:30 p.m. Mary Preston, Antwerp 215.
 - RIDE WANTED—From Huntington to GE Third shift, 11:48 to 7 a.m. John Swenals, Huntington 3011-3 or Ext. 388.

MISCELLANEOUS

WANT RELIABLE WOMAN—To care for children and do some light housework. Live in during week. Have week-ends off. Phone Roanoke 5108.

FOR RENT

- ROOM—Available for executive. Large sunny room, three windows. \$8 a week. Smaller room, also cross ventilation. \$6 a week. Share bath with another gentleman. Fairfield-Pontiac section. K-5028 for apartment.
- APARTMENT—Unfurnished. Three rooms and bath up. Utilities furnished. Use of garage. Middle aged couple preferred. References required. H-57665.

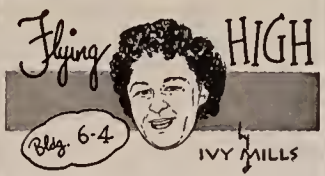

THANK YOU

I wish to express my thanks to all my friends and co-workers, for the gifts and send-off given me on my last day of employment with the Company. It will always be a cherished memory.

Caroline (Carrie) Hans.

When we came to work Monday morning we found we had been moved out of the office into the aisle. There was a mad scramble getting our desks and chairs so we could go to work. The leading questions of the day were: "Why didn't we pay our rent?" Or, "How do we like the wide open spaces?" Our office is being remodeled, and we are sure when it is finished it will be worth all the inconveniences now. . . . Sometimes Elmer Wagner brings his lunch to work. He usually packs it himself and he likes swiss cheese. One morning he picked up a package thinking it was cheese. Imagine his surprise when he opened it and found a fourth of a pound of butter. . . . Joe Burton, Otto Pfueger, Ed Lepper, and Fred Buchholz were playing euchre one lunch period. The losers were to buy a new deck of cards. Joe and Otto were doing fine until a pretty girl walked by. She stopped to talk a minute. Well, Otto and Joe had to buy the new cards. . . . Mrs. Henry Becker wasn't satisfied with the bunny rabbits at Murphy's store. So, Henry took her to Chicago to go shopping at Marshall Fields. Since when does Marshall Fields have a store on Maxwell St.?

We wish Marie and George Johnson a very happy birthday. Marie celebrates April 12, George, April 17. . . . The clock had Barbara Ternet a little befuddled the other night. Since she is used to working days she seems to have the urge to go home after 3:30. At 10:30 the other night she gathered up her tools and put them away. Louis Becker looked at the clock and then at Babs. She looked at Louis then looked at the clock. "Oooh," she says, "I thought it was 11:30." Boy, did those tools go back to work in a hurry with Babs right behind them. . . . We hear the YWCA pool has a lot of water lately. Reason? Julie Medsker has started taking swimming lessons and each time she goes she swallows half the water in the pool. . . . Television is a wonderful thing. Paul Beauchamp is so in love with his set he is ready to put his foot right through the screen. The day before a ball game the reception is wonderful. The day of the ball game there is nothing but a blurr. . . . We say good-bye to John Oakes and Esther Weeks, they have transferred to days and we sure will miss them. . . . We have a good samaritan in our midst. Thelma Kouder delivered a dead cat to its owner at midnight. We always knew Thelma was a good kid but never realized how good. . . . Give me a horse, a great big horse and let me WAHOO! When Carson gets his tractor stuck in the mud how does he get it out? Why, he hands his wife a shovel and says, "Start diggin' Sister." . . . On her way to supper Helen looked like she had suddenly developed a case of hives, the way she was digging for that dollar bill that wasn't there. Bea Webster paid for her supper and the gals came back on their hands and knees a lookin' for that buck. Don't know who was the most worried, Helen or Bea. They didn't find the dollar but are still a lookin'. . . . Have you noticed that lovely aroma permeating from Jerry Kramer? That's his new skin satchel called "Cotillion." Just call him "Chris" from now on. . . . Along comes Junior swingin' his little axe—Tony Mandra bought his wife a new

umbrella. He hung it in the closet and told his lil' boy that it was a surprise for Mommy. So what does Junior do? He says, "Oh Mommy, we got you a surprise! Just open the closet door and see the new umbrella hanging there." . . . When Ivy buys a gift for anyone that's news. She bought Lee Raver a wedding gift and what happens? Lee thinks the gift is a booby trap and is afraid to open it. Lee's face was a lovely shade of red when she finally opened the present and found out everything was on the up and up.

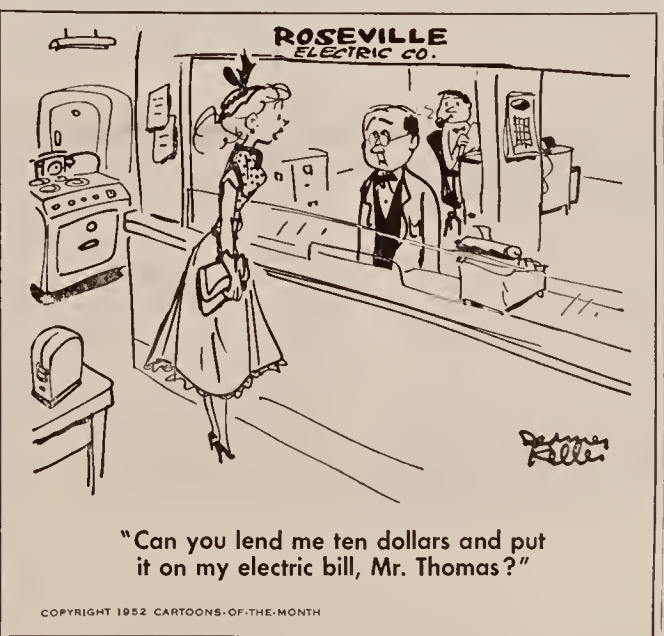

6-4 AIRLINERS
by ELLEN BAUER

Moe seems to be having his troubles. First he was stopped by the State Police for not having tail lights. Then he got lost in his own home. Should we tag the rooms, Moe? . . . Welcome: Dolores Germano, Elma Volz, Mary Alice Williams, and Harold Bishop. . . . April Fool's day had its usual run of jokes when Gene Haisley tried to pick up a knife and Dick Seibold admired Linda Rupert's ring, water and all. . . . Colleen Marie Curtis is a welcome little bundle at the Bill Curtis home. . . . We were sorry to hear that Esther Muzzillo injured her thumb. Hope it is better, Esther. . . . Jackie Keller seems to be having her share of trouble. First she forgot her umbrella, went back to get it, and forgot her purse. What seemed to be wrong, Jackie? . . . Lillian Stoppenhagen has left us to become a full-time housewife. Maybe she will learn to bake a cake with all of the ingredients. . . . Eugene Grable has left us to work for Uncle Sam and Urban Butz is leaving for other work. . . . Holley Mee and Bill Maxon get their coffee from the girls at work but they make their wives wash their cups. . . . Who were the three fellows sweating blood over the Pistons and Minneapolis game last week? Were they Pat Pater-son, Bill Lowring, and Jake Butz? . . . Jimmy Zebender said he washed his face one morning last week. Where did the lipstick come from, Jimmy? . . . Frances Lewis was going to loan one-half of her umbrella out and what happened? She left it at work, some friend. . . . Ruth Elmer has a new Mer-cury.

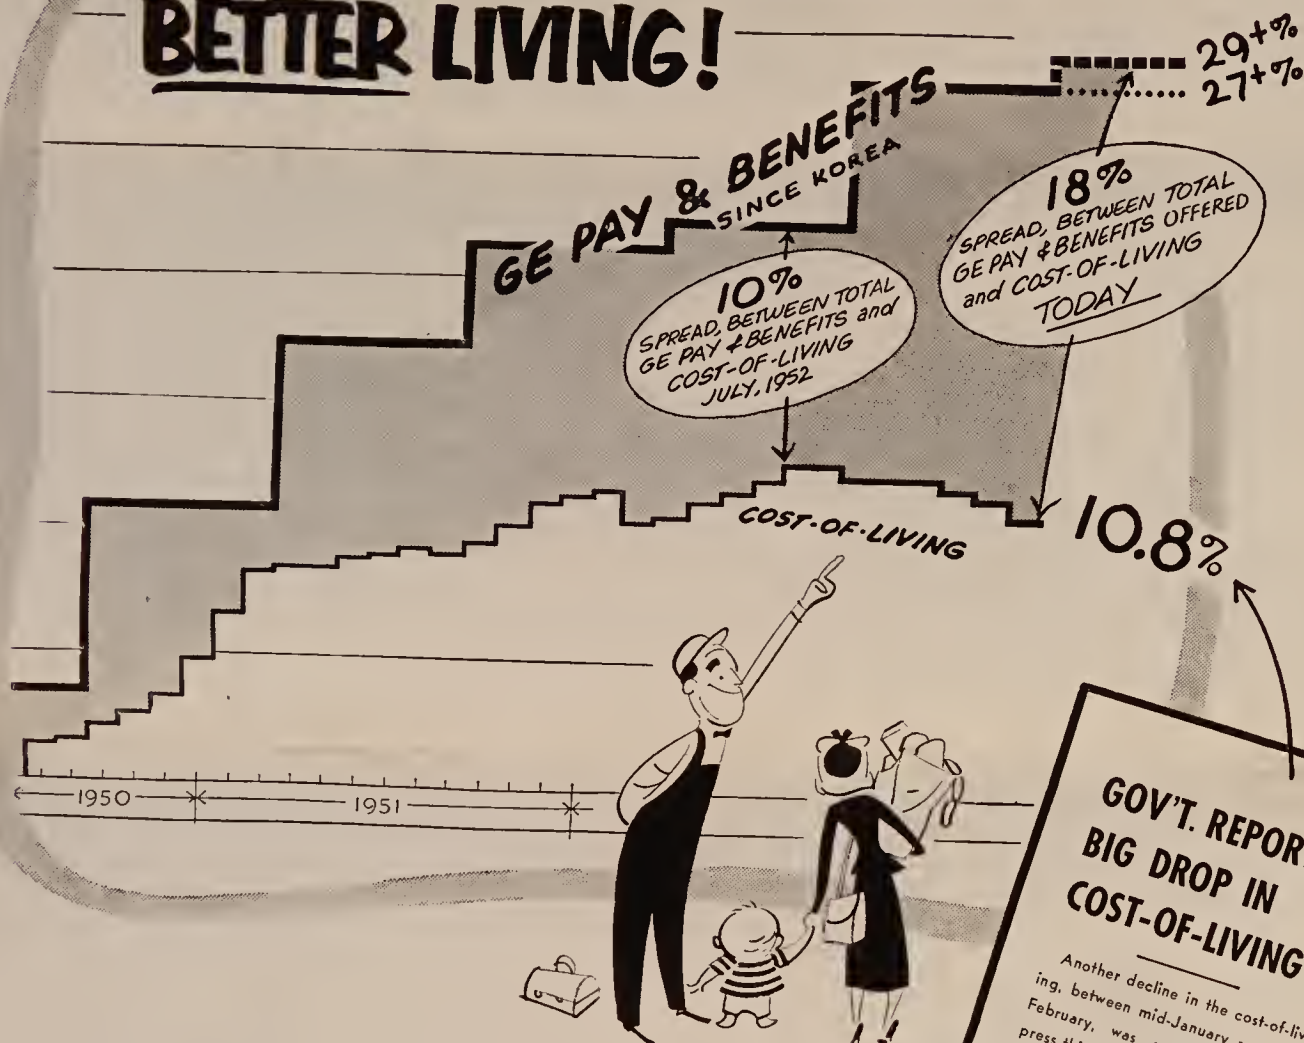

There's nothing like getting excited when seeing someone off on a little vacation as did Melvin Bill when he took his wife and son to the depot. Mrs. Melvin Bill was to attend a convention in Colorado and she and the boy were going to stop at her relatives in Kansas City. Bill put the luggage on the train and as he was saying good-bye the boy mentioned that the train was moving. Bill said it was the freight train on the other track, but soon he began to realize they were moving also. Before he could get off the conductor had closed the door and Bill had to pay fare to Warsaw, Indiana. The fare was \$1.55 but Bill didn't have the change, all he had was his pay check. The Mrs. had to give him enough money for two fares and a breakfast. I guess all Bill needed was to have a ticket on his car when he returned, but he was lucky as the windshield was clear. I suppose Bill realizes that he was also lucky enough not to be on a limited, because a round-trip to Chicago could have spoiled the whole day. . . . Wayne Getts and Ralph Rolape were both transferred to Sub-Section 13. . . . We welcome Forrest Mann to the production section. Forrest Gill will assume the duties of Mr. Getts. . . . The boys on Cy Ort's trick are wondering if Roy Fields took back all he said about his son-in-law's driving. Roy loaned him his car on April 1st and they called to tell him they had wrecked a fender on his 1949 Packard. As Roy rushed home his first thought was to see the damage, but a peculiar expression came on his face as he stared at an APRIL FOOL sign taped on the fender. . . . Bill Skinner, Herman Bertsch, Bill Wareham, and Herman's brother-in-law took a trip to Tennessee over the Easter holiday only to snag a few crappies. They ran into the game warden and the sheriff of the county but were unharmed as they were caught eating and not making moonshine. To top everything Skinny McGary, a student of Bill Skinner's fishing class, went to High Lake and snagged a 6 1/2 pound bass! Maybe he ought to invite the boys on a fishing trip. . . . Cleo Crowe almost won first prize at the Moose Easter parade, wearing a tulip hat and having his pants rolled up to his knees. However, he had to settle for second place as one of the others had a better strutting act. . . . The Easter bunny visited Lois Connett and Priscilla Thrasher a little early, bringing cute little baskets holding a couple of eggs. They had a problem trying to figure out "Who has the long ears?" . . . If you didn't see it in the city papers I'll pass it on to you. Ralph Storm helped a little tot by tying up a dog that was playing a little rough with the neighborhood kids. But unsung heroes, like Eubert Logan, aren't mentioned in the papers. He helped a boy get his foot out of his bicycle wheel. In this case we'll tag him hero No. 2. . . . Steve Bobay's dog, Snookey, is really proud. She became grandmother to a litter of seven. Beulah, the mother, is owned by Warren Harding.

What Is Capitalism? Private enterprise or an economic system which permits privately owned and managed production, distribution and exchange of merchandise.

GOOD NEWS for still BETTER LIVING!

PRICES were reported down again this week. But whether the Bureau of Labor Statistics announces another drop in prices, as it did last Monday—or whether GE pay rises further again in dollars—it means *better living—better buying power*—for General Electric employees and their families. Since last July *both* have happened—that is, GE pay has gone *up*, while the cost-of-living has gone *down*.

Today's lower prices and higher GE Pay & Benefits, including the new wage increase now available to all GE employees*, mean that the buying power of GE pay can be about 8%—11 to 16 cents an hour—*higher* than last July.

*The increase of the "adder" to 10.53%, or higher, became effective as of March 16 for all employees not in union bargaining units. It can become effective on that date for all employees within bargaining units if Offer No. 2 is accepted by the respective unions involved by April 17.

NO BAD WEATHER

Sunshine is delicious, rain is refreshing, wind braces up, snow is exhilarating. There is no such thing as bad weather, only different kinds of good weather.—Ruskin.

FIRST IDEA BONUSES AWARDED IN DIAMOND JUBILEE CONTEST

Story Page 3

TIME FOR IDEAS—Three Large Motor and Generator employees received the first suggestion bonus prizes in the Diamond Jubilee contest. Lloyd Brown, Harold Traxler and George Ealing each received a GE clock and cigarette lighter for suggestions earning \$75 or more. At the presentation (l-r) are Joseph F. Eckel, general manager, Mr. Brown, Mr. Traxler and R. M. Hartigan, manager of Fort Wayne manufacturing. Mr. Ealing was not present when the photograph was taken.

APPRENTICE ALUMNI PLAN CIVIC THEATRE PARTY WEDNESDAY

Story Page 4

DANCE FOR DEFENSE—One of the signs advertising the Elex Club square dance with proceeds to be used for the group's defense program is shown the co-chairmen, Justine Brown, left, and Mary Leiter, center, by Theresa Lindenberg, publicity chairman. The dance will be conducted April 25 at Gerke's Hall from 9 p.m. to 12:30 a.m.

LUCKY NUMBER SIX—The fact that "You are six times safer working at General Electric than at home" will be displayed to midwest citizens by the GE truck carrying the sign which points out this statistic. The sign was received and attached to the truck this week. National Safety Council figures indicate that there were 18 deaths per 100,000 persons in the home in 1951 as compared with 3 deaths per 100,000 GE employees.

DAYLIGHT SAVING TIME

Fort Wayne, April 17, 1953.

At midnight Saturday, April 25, clocks throughout the city will be set forward one hour to Eastern Standard Time. However, the Broadway and Taylor St. Plants will not change their clocks to Eastern Standard Time until midnight, Sunday, April 26, at which time the least number of people are working.

Any third shift operators working on Sunday night will ring in on Central Standard Time and ring out on Daylight Saving or Eastern Standard Time so that the interval worked will be one hour less than the clock card registration. The Payroll Sections will take care of this adjustment in time.

Better Than the Sugar Bowl

There are many things that people can do with their savings. Some like to sew their money up in a mattress or keep it hidden away in a sugar bowl. However, most people prefer to put their savings to work.

For example, some people buy shares of stock. This stock represents part ownership of a corporation, the profits of which may be passed on to the share owners in the form of dividends. These dividends represent a return on the capital which these share owners have invested.

Other people prefer to invest in bonds. Bonds do not represent part ownership, but rather, a loan of money. The borrower agrees to repay the loan plus interest. In this case the interest paid constitutes compensation to the bondholder for the use of his money.

Many people today are putting their savings to work by purchasing U. S. Savings Bonds. These Bonds represent a loan to our great nation and as such are the safest and most stable of securities.

Here at General Electric there is a convenient plan available to employees which not only provides the stability afforded by government bonds, but which also results in a higher rate of return than is usually available through individual purchase of such bonds or other high grade securities. This Plan is known as the GE Employees Savings and Stock Bonus Plan. All an employee need do is purchase U. S. Savings Bonds under this plan and leave them on deposit with the Company for a five-year holding period. This period commences with the date of purchase and ends five years from the January 1st of the year following the year in which such bonds are purchased. For doing this, the participating employee receives a bonus payable in shares of GE stock.

By participating in the GE Employees Savings and Stock Bonus Plan an employee can receive this three-fold return on his savings:

- 1) The regular interest paid on the U.S. Savings Bonds,
- 2) The shares of stock in our Company received as a bonus, and
- 3) A part of the Company's yearly profits paid as dividends on the shares.

Those of us who are looking for a profitable yet very safe way to invest our savings can hardly afford to pass up a Plan like this. Participation in the GE Employees Savings and Stock Bonus Plan will mean that we are investing our money wisely and giving our savings programs a lift.

'Don't Let Them Get Away'

The elusive butterfly can be easily captured with the right equipment. Similarly, ideas can be trapped with a pencil and paper. Moreover, ideas which are written down and dropped into the suggestion box are the only ones which can win awards. The next time an idea strikes you, write it down and deposit it in the suggestion box. It may be worth money to you.

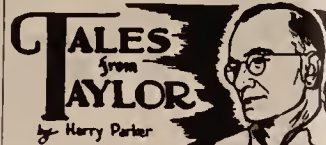

GET WELL QUICK: Bill Hoffmeyer is recovering from an emergency appendectomy. Hope you will be back with us soon, Bill. . . . **CONGRATULATIONS:** There was a new member added to the family of Mr. and Mrs. Forrie Carlson, Kay Ann, 6 lb. 8½ oz. April 9. . . . **BELATED BIRTHDAY GREETINGS:** To Cecil Harrod on 4-5-53. . . . **FAREWELL:** To Gil Hilt, who is leaving the Company today. . . . **WHAT TO HOLD:** The hot wire or the dead one. Just ask Dan Geary for the shocking answer. . . . From now on we will attempt to include some tid-bits of gossip or such from the production, purchasing, planning and inspection, and test groups. Perry Zahn's birthday was April 9, but he was so wrapped up with a cold that particular day, that he didn't even remember until his wife called him. Maybe he wanted to forget, but his twin daughters reminded him again that evening. Thanks, Perry, for the candy on Friday. . . . Ralph Heminger left Bldg. 4-6 last week to join the folks in the shipping section. The candy Betty Swift made for Ralph was most delicious. . . . We just haven't decided yet what we will do with Bill Crane, if he wins the check pool many more weeks in succession. . . . We welcome Harry Richardson to Mr. Snider's group. . . . I hope all the other GE people whom I saw at the Lauritz Melchior show Sunday night enjoyed it as much as I did. . . . We all agree that the Spring Revue was a huge success. Our appreciation to all who arranged for everything. We know it requires a lot of extra time and effort. . . . **WEDDING BELLS:** Betty Byrd became Mrs. Everett White on April 3. Best wishes to the bride and groom. . . . **ENJOY YOURSELF?** Nancy Ingram visited her old Alma Mater last week-end, Bowling Green State University. . . . **SO SOON?** Evelyn Campbell has spring fever. Her

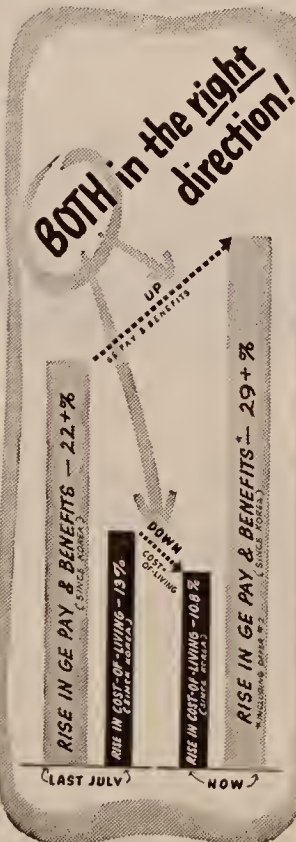

telephone was giving her a difficult time last week. She answered it when it didn't ring. . . . **A HAPPY BIRTHDAY:** To Dottie Brubaker today, April 17. Many more! . . . **HOWDY:** We'd like to have you meet Carol Lois Stitz, the new messenger you see traveling around with Lois Schmidt. Welcome to our fold, Carol. . . . **HELLO AGAIN:** We had another visit by Ernie Spaulding last Monday. We all think you're looking much better, Ernie. We hear too, that Owen Vaught is feeling much better now that spring is definitely here. Ruth Lowdermilk is still on the sick list, but we earnestly hope she will be able to return to work soon. We miss you, Ruth. . . . **A NEW FACE:** In the marketing section belongs to Robert T. (Bob) Hess, New Orleans native and Tulane graduate, who transferred from Bldg. 19-1 to his fourth test assignment. Bob is working with Mrs. Richey's son, Bob, who thinks now that he might dig himself out of that stack of paper work. Small induction motors are not the only reasons for Bob Hess choosing Fort Wayne for his fourth assignment, according to reliable sources.

The finishing bench held a potluck Thursday for Faye Bolinger, who took a leave of absence. Her co-workers gave her a GE iron as a gift. . . . Lela White made a new resolution; to quit smoking. That won't last long. . . . Ruby Brandt was seen chasing the Easter bunny. The latest report is the rabbit was the faster of the two. . . . Mary Smith was given a surprise potluck for her birthday. . . . Welcome to Florence Bieber, who has joined the second trick finishers. . . . Our sympathies to Dorothea Gaff on the death of her sister. . . . **DAFFY DEFINITIONS:** Heaven—Where marriages are made and that is why so many married people harp. Lie—a poor substitute for the truth but the only one discovered thus far. Eve—The only woman who could not sound off about the men she might have married. . . . **COMMENT FOR THE DAY:** May your life be like a snowflake, that leaves a mark, but not a stain.

Howard Harold is the owner of a certain make of tractor and it might be said that he is very much disgusted with it. He runs down its reputation at every opportunity. He purchased another make and proceeded to put it to work immediately. Being unfamiliar with its operation he ran it through a fence, turning the tractor on its side. After getting it righted it absolutely refused to run. Being very unhappy about it all he took both the old one and the new one down and traded them in on a brand new one of the same make as the one whose reputation he sought to destroy. . . . Ray Eastes rolled out of bed bright and early one morning last week. He looked cockeyed at his clock and thought to himself that he had better hurry or be late for work. Arriving at the plant he observed that there was not much activity in the parking lot. He was sure that he was late for work. Entering the plant he glanced at a clock which registered 5:15 a.m. Feeling put out with himself he did an about face and drove back home. . . . Ralph Dunlap, deciding that it was the opportune time to clean up his yard and flower beds, got busy raking away the fall and winter's accumulation of leaves and rubbish. Now remember this operation was done and completed while his wife was away. Upon her arrival she viewed the situation and forthwith ordered Mr. Ralph to recover the flower beds with the leaves he had removed. She also gave him orders not to sow lettuce seed upon his lawn as the zoning ordinance will not permit him to set up a vegetable stand in that area. . . . Seeking to have a little sport with Ed Schaefer, Paul Rommel and George Breinfolk decided to do a little window peeping at Ed's home, during the wee small hours Saturday night. Hearing a slight noise at one of his windows, Ed got up to investigate, thinking that perhaps burglars were trying to gain entrance. He armed himself with a flashlight and a sawed off shotgun and proceeded to the window in question. Snapping on the light there stood Paul and George grinning like two mules eating thistles.

OUT OUR WAY

by J. R. WILLIAMS

GE to Sponsor Booth No. 104 At Home Show

GATES TO BROADCAST FROM DISPLAY NIGHTLY

Fort Wayne General Electric will sponsor a booth at the city's 1953 Home Show conducted by the Junior Chamber of Commerce, April 18 through April 26, at the War Memorial Coliseum, K. W. Michael, manager, community relations, has announced.

Carrying out the Company's 75th anniversary theme, the GE booth will feature former and present products of fractional horsepower sub-departments and Specialty Transformer and Ballast Department which are produced for use in the home. The show will be open from 6 to 10 p.m. week-days and from 12 noon until 10 p.m. Saturdays and Sundays.

Gates to Broadcast

Hilliard Gates will broadcast his 6:15 p.m. week-day program "Gateway to Sports" directly from the GE booth, which is No. 104, each evening of the show.

Two utility motors manufactured by General AC Motor Sub-Department will be among the prizes given away at the show by the Junior Chamber of Commerce. Both of these motors will be on display at GE's booth.

Motors Displayed

Under the large sign of the 75th anniversary emblem on the booth, the following fractional horsepower motors will be displayed: an 1891 electric fan, an antique motor, 1/4 horsepower double shaft motor made in 1910, Form B 1/2 horsepower general purpose motor weighing 49 pounds, Form G 1/2 horsepower motor weighing 26 pounds, and a chrome-plated blower.

STAB products to be displayed in GE's booth are: a replica of the first Edison incandescent lamp, modern circline fluorescent lamp, an old model doorbell transformer, and a modern doorbell transformer.

GE Comic Books

Copies of two booklets, printed in color, which explains two phases of General Electric progress in comic strip form will be available to the public free of charge at the booth. These are "Adventures in Electricity," which tells the story of light from Edison's first lamp up to the fluorescent lamp, and "Land of Plenty," which is the story of freedom and power.

The chairman of GE's exhibit is being assisted by William E. Shryock, who is in charge of fractional horsepower display, and R. A. Chatterley, in charge of STAB's display.

The Grand Leader Department store, GE appliance dealer, will have a display of General Electric appliances in a booth on the upper floor at the Home Show.

First Suggestion Bonus Prizes Go to Three M-G Employees

The first distribution of suggestion bonus prizes in connection with General Electric's 75th anniversary celebration were announced this week by A. C. Hartman, secretary of the Suggestion System. Three employees in the Large Motor and Generator Department received GE clocks and cigarette

lighters for awards of \$75 or more. They were Lloyd Brown, Harold Traxler, and George Ealing, who shared in a \$525 award.

The triple presentation was made last week by Joseph F. Eckel, general manager of the Large Motor and Generator Department.

According to the rules of the contest, any Fort Wayne employee who earns \$25 or more for a suggestion during GE's Diamond Jubilee year will receive a suitably engraved cigarette lighter. Clocks are also awarded those who earn awards of \$75 or more.

Among the first recipients of lighters were Archie Stalhut, of the General Tool Section; Francis

Bendel and Fred Clark, of General Service; Dan L. Persing, of Specialty Motor Sub-Section 19; Earl Strong and Arnold Wurbenhorst, GAC Sub-Section 14; Stella Kempf and G. O. Keck, Hermetic Sub-Section 16.

Mr. Hartman stated that the contest was already exceeding the suggestion committee's fondest expectations. During the month of February, more suggestions were received than at any time since the Suggestion System was formalized. He added that he hoped all employees would take advantage of the opportunity of receiving one of the bonus prizes.

61st Annual Share Owners' Meeting Slated for Tuesday in Schenectady

The 61st annual share owners' meeting of the General Electric Company will be held in Schenectady Tuesday, April 21, the company announced today.

One of the largest of its kind in industry, the annual meeting this year is expected to attract a new record high in attendance, exceeding the total of more than 2,000 present at the 1952 meeting.

Mailing of invitations and proxy statements to the approximately 250,000 share owners has been completed.

Principal item of business on the day's agenda is the election of 16 directors. Share owners also will be asked to consider the approval of a proposed stock option plan to encourage key employees to become share owners in the company by purchasing shares under a "restricted" stock option plan.

Under the proposal, up to 1,400,000 shares of the company's common stock of no par value would be made available. The plan would be administered by a committee of not less than five directors to be appointed by the board of directors.

Cordiner Principal Speaker

The meeting will be held in one of the large buildings of the Schenectady Works and is scheduled to begin at 10:30 a.m. President Ralph J. Cordiner will deliver the principal address of the day.

Prior to the business meeting, tours will be available through the Research Laboratory and the Turbine Plant and a "House of Magic" show and the new GE film, "A is for Atom" will be shown. A box lunch will be served after the business session and the tours and "House of Magic" demonstration will be available again in the afternoon.

In keeping with the current GE observance of 75 years of electrical progress, historical displays will be provided to show share owners how the company's products have progressed.

At last year's meeting here, GE

share owners attended from 16 states.

Geographically, GE share owners live in every state and numerous foreign countries. New York State, with approximately 60,000 share owners, heads the list with Massachusetts ranking second.

46% Are Women

At present, 46 per cent of the share owners are women, while 33 per cent are men. Joint accounts total nine per cent of all share owners in the General Electric Company.

Trustees, guardians, and other fiduciaries constitute slightly less than 10 per cent, while one per cent, or about 2,500 educational and charitable institutions own GE shares. The remainder is divided between brokers, banks, bank nominees and all other business enterprises.

Elex 2nd Shift To Fete Bosses At YWCA Lunch

Tuesday, April 28, is the date set by second shift Elex Club members for their Bosses' Luncheon, Grace Collins, vice president, announced today. Beginning at 12 o'clock noon at the YWCA, the meeting will feature The Bell Ringers on its program.

The luncheon will highlight the country of Switzerland with decorations symbolic of that land. Members should make reservations for themselves and their bosses by Thursday, April 23 with contact girls. Price of the luncheon is \$1.25 per person.

Winner Named Hermetic Motor Sales Manager

Robert J. Winner has been appointed manager of sales in Hermetic Motor Sub-Department, David C. Hanson, manager of marketing, announced this week.

When he became a GE employee in 1947, Mr. Winner entered the test engineers program, taking his first assignment at the Winter St. plant. He transferred to the development laboratory, Bldg. 17-4 for his next assignment.

In December, 1947, he went off test and entered Fractional Horsepower Motor sales, doing work in the business and marketing research analyzing section. After entering Central FHP Marketing last summer, he was named marketing research specialist and had this position prior to his present appointment.

Mr. Winner graduated from Purdue University in 1947 with a BSME degree. He is a member of the GE Squares and FWAGEE. Mr. and Mrs. Winner, their twin sons, and daughter live at 1221 Scott Ave.

Theodore N. Ness Named Hermetic Application Engineering Specialist

The appointment of Theodore N. Ness to the position of application engineering specialist in the Hermetic Motor Sub-Department has been announced by Robert J. Winner, Hermetic manager of sales.

In April, 1926, Mr. Ness came to the Company and entered the student test engineer program, beginning in the Specialty Transformer and Ballast Department. A short time later, he transferred to Fractional Horsepower Motor.

After completing test assignments, Mr. Ness entered FHP design engineering in January, 1947 and began factory contact engineering work. In 1930, he moved to application engineering where he worked on refrigeration motors of all types. Last year, he transferred to Hermetic application engineering, which was his location at the time of his present appointment.

Graduating from Iowa State College in 1925, Mr. Ness received his BSEE degree. He is a member of the oFt Wayne Engineers Club, FWAGEE, Quarter Century Club, and the GE Squares.

Your Last Chance To Swing, Partner!

Winding up the GE Club square dance season, the final square dance will be conducted tomorrow evening in the club auditorium beginning at 8:30 p.m., Gordon L. Smith, entertainment chairman, reported today.

Playing for dancing until 11:30 p.m. will be Johnny Lukens and his Rhythm Rascals with Bill (Cooky) Lee calling for the numbers.

The dance is open free of charge to employees and their friends.

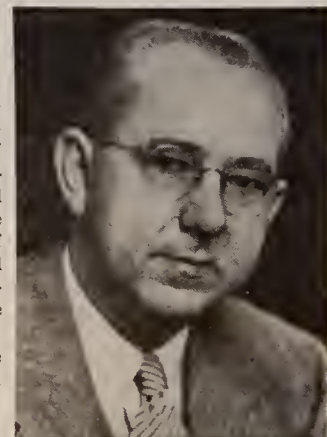

Partizan to Meet

The Partizan Chapter of the Elex Club will meet Tuesday, April 21, at 1 p.m. for a "Home-maker Shower" at the Gas Kitchen. Mrs. Merle Ayers will serve as chairman of the business and social meeting. She will be assisted by Mrs. Fred Slyby, co-chairman; Katherine Wise and Marie Hummel.

Wareham Elected Forum Club Pilot

William W. Wareham, Bldg. 28-1, has been elected president of the Fort Wayne Forum Club for the coming club year. A group leader in the Chemical-Insulation Unit of the Fort Wayne Laboratory, Mr. Wareham is also a member of the Northeastern Indiana Section of the American Chemical Society and the Fort Wayne Engineers Club.

The Forum Club is an organization designed to promote development of effective public speaking in its members, who are business and professional men of the community.

Theodore N. Ness

Apprentice Alumni Assn. Plans Civic Theatre Party For Members and Guests

Plans for a Civic Theatre party, Wednesday, April 22, for members of the Apprentice Alumni Association and their guests were announced today by Wayne Boester, chairman.

Beginning at 8:30 p.m., the play "See How They Run, a comedy by Philip King, will be presented. Admittance is by membership card only, the chairman stated.

A farce in three acts, the play revolves around one comically complicated situation after another. Leading roles will be handled by Pattie Gilbert, who portrays Penelope Toop, wife of an English vicar; Bob Becker, as Cpl. Clive Winton of the U. S. Army, and

Don Junk as Penelope's husband, Rev. Lionel Toop.

The showing to be presented for Apprentice Alumni and guests is an advance performance of the play, which will be open to the public on April 23, 24, 25, and 26, and May 1 and 2.

John B. Margerum Appointed FHP Marketing Research Specialist

The appointment of John B. Margerum to the position of marketing research specialist in Central Fractional Horsepower Motor Marketing has been announced by Robert C. Hanna, manager of Central FHP Marketing.

In 1942, Mr. Margerum came to General Electric and entered the test engineers program at the Lynn River Works. After completing his last test assignment and the course in Fort Wayne FHP, he became assistant to the supervisor of inspection and test in 1943.

In 1949, Mr. Margerum became supervisor of cost reduction and expense control and in January, 1951 was named assistant supervisor of general planning. He was appointed supervisor of inspection and test in the Specialty Motor Sub-Department in July last year and had this position at the time of his present appointment.

A graduate of Pennsylvania State College, Mr. Margerum received his BSIE degree in 1942. He is a member of the GE Squares and Supervisors Club. Mr. and Mrs. Margerum and their two sons live at 1221 Roosevelt Dr.

John B. Margerum

DMM to Hold Annual Banquet Monday, April 20

TO INSTALL OFFICERS WITH WIVES AS GUESTS

Monday, April 20, the Decimal Minute Men will conduct their annual banquet at the Hotel Van Orman beginning at 6:30 p.m., Gene Foster, chairman of the steering committee, announced today.

Members' wives will be guests at the meeting, which will include the installation of newly-elected officers. Outgoing officers will be in charge of the installing ceremony. A special program of entertainment has also been planned, the chairman reported.

Officers who will take over the duties for the coming club year are: Neal Hench president; Allen Ruble, vice president; Louis Swager, secretary; Eldon Moodie, treasurer; Carl Swaim, steering committee, and Fred Grunst, sick and welfare committee chairman. G. E. Hicks will be installed as chairman of the steering committee.

Employees Asked to Tryouts For St. Joe Football Team

Employees interested in football are invited to attend tryouts for the St. Joe Athletic Club football team at the first Spring practice session Sunday, April 19, at the club field, Chic Shimer, coach, announced this week. Anyone interested in playing football is invited to attend this session, Coach Shimer stated.

The practice session has been slated to organize the team for the Fall football schedule and will get underway at 2:30 p.m. The team competes with others in the semi-professional league.

The athletic club field is located at the corner of Tennessee and Anderson Sts.

RAININ' METERS—Anne Marie Nally is caught in an unusual April shower—of photographic exposure meters. The Massachusetts girl was named "Miss Exposure Meter" in a contest recently conducted for the employees of the West Lynn Works of General Electric's Meter and Instrument Department. Anne is holding the 1,000,000th meter produced by GE. The Mayor of Lynn and the Governor of Massachusetts officially commended the Company for this production achievement and credited Lynn with being the electrical measurements center of the world.

Dealer Change for Home Heating, Cooling Equipment Line Announced

Cupp, Inc. has been appointed the wholesale dealer in northeast Indiana and northwest Ohio for General Electric's complete line of home heating and cooling equipment, W. E. Beer, supervisor of employee services, announced this week.

Three Fort Wayne retail dealers were concurrently announced. They are Air-Flow Sheet Metal, Inc., 5001 Avondale Drive; Hildebrand Heating Co., 3209 Thompson St.; and Biddle & Thomas, Inc., 2510 Pioneer St.

GE employees may purchase this equipment at an employee's discount in the same manner as any major appliance. Dealers will give them employee sales certificates which will be filled out in the Employee Store.

Thomas Receives Sigma Xi Honor

Hubert L. Thomas, Taylor St. laboratory, has been promoted to full membership in Sigma Xi, national scientific honor society, by the Indiana University chapter, it was revealed in a recent announcement by the University. Dr. Thomas had been an associate member of the society. Election to the organization is in recognition of scientific research ability and scholarship.

Dr. Thomas received his BA degree in chemistry and MS degree in organic chemistry from Cornell University in 1947 and 1948. In 1951, he received his PhD degree

Welcome to Wilmer Finger in stock room. He was transferred from Broadway and formerly worked at Taylor St. . . . The co-workers of Ed Feidler enjoyed his birthday treat. . . . Clarabelle Whiteman has acquired a southern accent since she lives at South Whitley. . . . Some people were making unkind remarks about Bill Miller's basketball decisions. Bill took the remarks to heart and bought himself a new pair of glasses. . . . Catherine Chilcote is home from the hospital and we hope she will be back with us soon. . . . We are sorry that Goldie Waikle is ill with an injured knee. . . . Velma Reiter has gone to northern Minnesota to attend the funeral of her cousin. She plans to be back with us Wednesday. . . . Sydonna Fox entertained her brother and sister-in-law, Mr. and Mrs. Clayton Farrell of Chicago, and nephew and family, Mr. and Mrs. Robert Farrell of Brookville, Ohio, for Sunday dinner. . . . Selma Dunbar and Marguerite Stahl are back to work after being ill with the flu part of last week. . . . Roger Isnogle is going to be a busy boy working third trick and farming on the side. . . . Basil Bear is working days for a week to further his education.

in organic chemistry from Indiana University.

A member of the Fort Wayne laboratory since December, 1951, Dr. Thomas has been engaged in development of organic materials.

WEARS RUBY SERVICE PIN—Paul L. Meyer receives a ruby General Electric service pin for 40 years of service with the Company. Mr. Meyer is a set-up man on automatic screw machines in Specialty Motor Sub-Section 17 at Taylor St. On hand to congratulate him are (l-r) Fred Schafenacher, Roy Rippe, Mr. Meyer, Art Hubler and George Bridges.

G-E DEATHS

Harry G. Greider

Harry Greider, Age 65, Dies at Home April 11

A retired GE employee, Harry G. Greider, 65, died Saturday, April 11, at his home, one mile south of Churubusco on U. S. Highway 33. Services were conducted Tuesday, April 14, at the Krider Funeral Home, Churubusco, by the Rev. Darrel F. Taggart. Burial was in Greenlawn Memorial Park, Fort Wayne.

When he became a GE employee in 1922, Mr. Greider entered Bldg. 19-4, where he did coil work. Later that same year, he transferred to Bldg. 26-4 and was a machine operator. He went to Bldg. 17-1 in 1932 to work as a set-up cold header. Prior to his retirement December, 1952, he was located in Bldg. 2-E. He was a member of the Quarter Century Club.

Survivors of Mr. Greider include his wife, Effie; one son, Waldo; his mother, Mrs. Martha Herman, and four brothers, Samuel, Earl, Charles, and Raymond.

Cyrus D. Imbody Dies After Long Illness

Services for Cyrus D. Imbody, 43, who died Sunday, April 12, at St. Joseph Hospital, were conducted Wednesday, April 15, at the C. M. Sloan & Sons Funeral Home. The Rev. Charles Ford officiated. Burial was in the IOOF Cemetery, New Haven.

Joining the Company in 1951, Mr. Imbody worked in Bldg. 26-4 until he took a leave of absence for illness October 27, 1952.

In addition to his wife, Esther, survivors include three sons, Danny, Eugene, and James; two daughters, Patricia and Nancy; three brothers, Carl, Nelson, and Clare; one sister, Mrs. Morris Drummond; one half-brother, Gerald Imbody, and one grandchild.

Rites Held Saturday For Decatur Physician

Dr. Waldo E. Smith, 81, Decatur plant physician from 1920 until 1952, died Thursday, April 9, at the Adams County Memorial Hospital. Services were conducted Saturday, April 11, at the Zwick Funeral Home by the Rev. Ray J. Walter and the Rev. L. T. Norris.

Burial was in the mausoleum at the Decatur cemetery.

Known as the dean of Decatur's medical practitioners, Dr. Smith was named plant physician at Decatur GE in 1920 when the plant was built and served in that capacity until April last year when he retired. He established his practice in Decatur in 1906.

He was a member of the Adams County Medical Society and the Indiana State Medical Association.

A native of Dublin, Ohio, Dr. Smith majored in education and pharmacy at Ohio Northern University, where he graduated in 1896. He graduated from the Ohio State University medical school in 1906.

Survivors include his wife; two daughters, Mrs. Lucile Eicher and Mrs. Genevieve Santini; one son, Dr. Lowell C. Smith; six grandchildren; 10 great-grandchildren; one brother, Herbert, and four sisters, Miss Mae, Miss Cordelia, Mrs. Florence Horchy, and Mrs. Louise Coleman.

Christian Kaiser, 77 Dies In Retirement

A Quarter Century Club member, Christian D. E. Kaiser, 77, 1914 W. Packard Ave., died Monday, April 13, at the Lutheran Hospital. He had been ill for one month.

Services were conducted yesterday at the Rodenbeck Funeral Home by the Rev. Walter Klausning. Burial was in Greenlawn Memorial Park.

A retired employee, Mr. Kaiser attained a total of 44 years service with the Company before he was pensioned Sept. 1, 1945. He became a GE employee in 1901 as a machinist and was a toolmaker at the time of his retirement.

Surviving are one son, Donald; one daughter, Mrs. Phyllis Hall; six sisters, Louise, Clara, Marie, Anna, Alma, and Elfrieda, and three grandchildren.

In case you haven't seen Don Pappert, he is on a two-week cruise at the Great Lakes Naval Station. Do you suppose he'll come home with sea legs? . . . When George Andorfer and Romie Baumgartner went to visit Vern Davis they caught him with a few days growth of beard and quickly admitted him to the Honorary House of David. . . . Jack Heiniger is coming along fine and should be back to work soon. I'll bet he is catching up on his television programs. . . . Nolan Riley has finally relieved himself of the pressure and razzing from his workers by actually buying that new Ford. . . . Norm Culler was in the market for a buck rabbit so he went to see Skeeter Johnson. Skeeter reached into the pen and gave Culler the buck, but two days later it had little ones! . . . Today, April 17, is the last day for Doris Metzger, who has taken another job. Be sure to let us know how that new Buick rides. . . . Birthday greetings to Joan Crum on April 23. . . . Ali Bendow Hambrook forgot to gaze into his crystal ball to foresee the future. He's telling everyone it was an auto accident, but actually his light socket blew a fuse.

Kenny Gaunt was all smiles Monday. Good reason, too. He is the proud father of a baby girl. Kenny wanted a boy, but don't forget, Kenny, girls are nice, too. Hilda and Jim Staley are the proud grandparents. . . . Dave Emblar and Chet Kleinknight celebrated their 37th birthdays Saturday. Some of us didn't think they were that old. Anyway, happy birthday. . . . Just why does Ray Leitz weigh himself so often? Maybe he is on a reducing diet. . . . Now that the square dancing lessons are over, we should have several good dancers who will be able to teach the rest of us. . . . Joan Borne is quite proud and she should be, too. She received a big picture of her husband, who is in the Army in Japan. . . . Ina Noack, Betty Reichart, and Josephine Ivetich have been vacationing in the South. Ina states she saw hundreds of sailors and tried to get one to bring back with her. . . . What was George Cramer doing on the floor the other night? George says they will have to move the steps. Maybe he should have eyes in his feet. . . . The employees of Decatur plant wish to extend sincerest sympathies to Mrs. W. E. Smith upon the death of her husband, Dr. W. E. Smith. Dr. Smith was Decatur plant physician from 1920 to April 1952 when he resigned, in order to lessen the burdens which he felt should be given to some younger physician. Dr. Smith was 81 years old at the time of his death.

Norma Huff and Dorothy Guiff spent last week-end in Virginia visiting Norma's children. Norma showed us pictures of her two boys. They are very cute. . . . Dorothy Hart spent the week-end with Faye Patton and family at Roanoke. . . . Guy Livingston sure got his passes mixed up. He received a dispensary pass and thought it was a pass to go home. . . . Marge Rader and husband bought a beautiful cottage on a hill in the woods at Lake Papakeechee and invite everybody up this summer. . . . Shirley Freund spent the week-end in Detroit, Mich., with relatives. . . . Pauline Traces is our latest curly top. . . . Mary Stewart is real proud of their new Bel-Air Chevrolet. . . . Coy and Joe Weber have moved to their cottage at Steinbarger Lake. All we are waiting for is an invitation, Coy. . . . Just call Edith Schaubert and Edith DeMuth the bubble gum kids. . . . Marge Furthmiller's husband is home on leave and, of course, Marge is very happy. . . . Eva Heazlit and Edith DeMuth attended a wedding at Cecil, Ohio, Saturday. . . . Mary Biehl's son and family from Muncie visited in Fort Wayne. . . . Bob Huhn spent his week-end at his lake cottage. . . . Sylvia Walker's little son was in the hospital. We hope he is soon well again. . . . Did you see the egg that Bill Blackman got? The egg was tossed to Bill and he got raw egg broken all over himself. . . . Can you imagine Don Kesler going to Celina, Ohio, to fish for carp? . . . Mabel Mc... received a telephone call at work to tell her of the arrival of a new granddaughter.

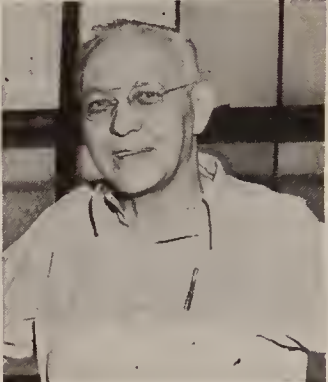

Inquiring Reporter:

WHICH TEAM DO YOU THINK WILL WIN THE NATIONAL LEAGUE PENNANT THIS YEAR AND WHY?

JOHN M. HOELLE

Bldg. 19-1

"I pick the N. Y. Giants to beat 'them bums' the Dodgers in a close race. Both teams feuding when they play each other in dear old New York will give 'Lippy' the nod on the N. L. pennant."

CHARLES H. FRYBACK

Bldg. 17-2

"On the basis of good sound pitching and a very fine defensive infield and outfield, especially with Monty Ervin ready to go this year, I can't see how the Giants can miss. Also a big help to them are Sal Maglie, who is in great form, and Leo Durocher, who is a wonderful manager."

DORAL E. SMITH

Bldg. 26-4

"In my opinion, Leo Durocher and his New York Giants will win the National League pennant this year. They have a strong pitching staff and a hard-hitting, well-balanced ball club. With these reasons and a little luck, the Giants will come through, I believe."

FLORENCE DOEGE

Sub-Section 14 T. St.

"I would pick the Dodgers to win the National League pennant because they have the best team of all this year."

MARY F. TAYLOR

Bldg. 20-2

"Brooklyn Dodgers. Any team that can have Billy Cox as utility man and John Padres for a fourth starter will be hard to beat. Their over-all field and bench strength can't be matched over the span of 154 games. Junior Gilliam could make Brooklyn a World Series winner."

MOTOR and GENERATOR

Thought of the Week: "Best thing you can spend on your children is not money; it's time."—Burton Hillis.

PROGRESS: Last week we described Homer Campbell's experience at painting. This week we will tell of his paper hanging attempt. By a complicated mathematical process, Homer determined the length, trim and ends of each strip of paper. This task completed, the paper was cut and paste applied. This pre-fab method speeded up the application of the wall paper, but as work progressed something seemed to go wrong. Stripes that started straight were leading off at a distinct angle. Homer's formula had covered only perfectly square walls and openings. So the Campbells removed the paper and started with a new supply, applied the old-fashioned way. Homer calculates experiences like this can set progress back as much as 100 years. . . . **EARLY:** One day last week when Madonna Bailey awakened the sun was shining and the birds singing. Rubbing the sleep from her eyes Madonna hopped out of bed. Little did she know that the day was exceptionally clear and the early birds were singing while waiting for the early worms to show up. Even a dynamo of energy, she dressed, ate a hasty breakfast and departed for work. When she arrived at the parking lot things seemed wrong. There was plenty of parking space. When she arrived at the office she knew something was wrong. The place was deserted—she was one hour early.

Recently a group of fellows, including Earl Souers, Ben Franklin, and Lynn Crawford, of Bldg. 4-5, were going to Houghton Lake, Mich., to fish. Knowing George Seibold to be a man of the "Great Outdoors" and a skilled fisherman, they invited him to accompany them. George's first worry was, he did not have time to get ready and eat supper both. So, he sacrificed his supper thinking the fellows would all enjoy food together. But the odds were against him! Everyone else was more concerned about getting to their destination than food. After about 150 miles of pleading starvation, George got to eat. Then another 100 miles to the lake and to bed. Early the next morning all were ready to go on the lake when, behold! George was equipped to fish for bass, the others for bluegills. After lunch George decided to watch the happenings of the lake from the car. When the fellows returned George joined them with the remark, "It's just as well I didn't go out, I have been watching and didn't see anyone catch a thing." But there seems to be a little discrepancy between George's watching story and the photo the fellows snapped on their return. See Ben Franklin for proof. . . . Belated birthday greetings to Mark Brindle and birthday greetings of the week to Charlie Reed.

STARTS 41ST GE YEAR—Frank Glenn (right) launched his 41st year with General Electric March 24, and was honored on the occasion by some of his co-workers, (l-r) Herbert Mennewisch and Glenn Kline. Mr. Glenn, who joined the GE organization in 1913, is a bench machinist in Bldg. 19-5.

Question of the week: How did Eleanor Hoffman get her jaw bone out of place? Did her husband, Louis, really sock her or was it because she yawned so hard her jaw snapped? We probably will never know. . . . Friends are nice to have, aren't they? Marie Johnson says "thank you" to all the people who gave her gifts and cards for her birthday. . . . Button, button, who has the button? Victor Wiegand has been missing a button on his trousers for six months now. Poor fellow hasn't a wife to keep his clothes in repair. We have been telling him about

the nicer things of married life, but Victor won't listen. . . . In the process of baking a ham, Esther Berhaegen spilled the juice all over her foot and managed to have a cooked hoof as well as a ham. . . . One of the new bursers of 2x36 is Violet Smith. Welcome to the Bursers Club, Violet. . . . The first warm day we had, Clarice Fyoch was seen working away in her bare feet. Everybody was wondering what the new perfume was, that is, until they saw the feet. . . . That is really Esther Weeks at the winding machine. Can we help it if Harold Dalman changes his mind after the column is mailed? . . . Tony Mandra celebrated his birthday April 13. Happy birthday, Tony. . . . Since Charlie Dockery and Eddie Messingill are working near each other this is the typical conversation heard. "Where you all from?" "Why, I am from Tennessee, the

hills, that is!" They are our Tennessee hill billies. The next thing that probably will happen is that the Revenooers will be back in test hunting for that still. . . . Hilda didn't want to take her rings off for the drill press job. It would be a terrible thing if you didn't have a finger to wear those beautiful rings on, so cheer up, gal, and let "Safety First" be your motto. . . . Mike's boy Terry went to the hospital April 12, for how long he doesn't know. I imagine that little boy could use some cheering up, so let's send him cards. Address to Terry Gouker, Lutheran Hospital. . . . Our editor of "Flying High" is usually doing just that. In spite of her many activities here and at home, she has a good job, don't you think? She is always trying to inspire others. Wonder if a word of thanks from us might be an inspiration to her, too? (Your typist.)

Fort Wayne to Host American Metals Soc. At Purdue April 25

The Fort Wayne Chapter of the American Society for Metals will be the host chapter at the Fifth Anniversary Symposium on "Modern Physical Metallurgy" at Purdue University, Saturday, April 25, Dean W. Thompson, Fort Wayne Chapter chairman, Taylor St. laboratory, announced this week.

Everyone who is interested in or associated with metals is invited to attend the meeting, which is sponsored by the Indiana Chapters of the national society.

George Hemmeyer will serve as general chairman of the symposium and Gene Warwick is chairman of the symposium finance committee. Both are engineers at the Taylor St. laboratory.

The annual state meeting, which is recognized as the outstanding metallurgical gathering of the year, will include some of the country's outstanding speakers and authorities on metals on its program.

Reservations for the conference, which begins at 9 a.m., should be made with Gene Warwick.

Speakers scheduled for the symposium are Dr. J. B. Austin, ASM vice president and director of research at the U. S. Steel Corp.; Dr. Arthur E. Focke, director of materials development at the Aircraft Nuclear Propulsion Project of the General Electric Company; John R. Willard, manager of sales engineering and development division of the Aluminum Company of America; and Arthur R. Lytle, director of research at the Union Carbide and Carbon Laboratories.

STAB MARKETING: Bob Eddy is the proud father of a baby boy born Easter morning. Our congratulations to Mr. and Mrs. Eddy. Mrs. Eddy was the former Velma Meads of the order service. . . . We wish to welcome Ted Briles into sales. Ted is here on a three-month's test assignment. He hails from Harrisonville, Mo., and is a graduate of the University of Missouri. He is single, and is social chairman of the TE's. One of his responsibilities is to provide dates for the newcomer test engineers in Fort Wayne for their social functions. So gals, make yourselves known and help Ted out, and prove that Fort Wayne is the friendliest city in the country. . . . **FIRST SIGN OF SPRING:** Denny Pease got his annual crew cut. . . . Now that Bernie Dwyer is in the ballast engineering section, we have hopes of his revolutionizing the ballast industry. . . . Harold Fisher ran into some trouble with the law last week. While he was in paying the fine for a parking ticket, the policeman was writing him out another one. The Fort Wayne police are really on the job, aren't they, Harold? . . . **ENGINEERING:** Welcome to Nick Gloumakoff, our new test engineer who is working with Chet Krasienko and George Duncan in the "Club Car." Nick hails from New York City.

RETIREMENT PARTY—A retirement party was staged for Frieda C. Morin last month as she left the Company after 28 years of service. Watching Mrs. Morin as she opens her gifts are Lloyd Fosnight (left) and Mrs. Dale Sims, Mrs. Morin's daughter. She was employed in GAC Sub-Section 13 at Taylor St. before her retirement.

STORIES FROM G-E HISTORY—No. 3

Foundation of Research Laboratory

Both on the Edison and Thomson-Houston sides of the family the main stimulus had always been the invention and development of new processes and machines. By the time that the two came together in 1892 to form General Electric the era of the back-room workshop had gone by. The men with ideas were to be found in the place naturally prepared for them—the country's great colleges and universities. Those who carried out original investigations in these places regarded them as sanctuaries in which they would not be hurried and where no kind of expediency would dictate the lines they were to follow. Pursuing a policy entirely new in the field of industrial research, General Electric founded, right at the beginning of the new century, a laboratory that would offer these men the same kind of freedom that they enjoyed in academic surroundings, plus the use of first class facilities and the invaluable association with other outstanding men engaged in similar work.

It was in this manner that such great names as Whitney, Coolidge and Langmuir came to be associated with the Company. Dr. Langmuir delights to tell of his first arrival at the Lab in 1905. He was greeted by Dr. Whitney, the laboratory's first director, who invited him to spend a few days just looking around at the work that was being done and to choose whichever job he himself would most like to work on. "In a purely selfish way," as Dr. Langmuir says, he chose to work on high vacuum and on tungsten filaments. He worked like this for three years and each day Dr. Whitney would

come around and ask each man in the laboratory "Are you having fun today?" "And they all were having fun, too," says Dr. Langmuir; but after a while he said to Dr. Whitney, "I'm having a lot of fun, but I really don't know what good this is to the General Electric Company." "That's not your worry," said Dr. Whitney, "that's mine. As long as you are doing something that is related to the work the Company is doing, why, we want to see that work go on."

Looking at the results of Dr. Langmuir's "fun" it is easy to see how right this policy was. From his "purely selfish" interest in high vacuum alone there sprang two of the greatest electrical discoveries of the early years of the century. It was not only that he developed the vacuum tube which has played such a key part in radio broadcasting—this was more or less in the direct line of his work and might have been evolved by a regularly planned research project—he also originated the gas-filled bulb, which is now the standard type sold for household uses. How did this happen? It happened because Dr. Langmuir went off in search of knowledge for its own sake. In his work on high vacuum he wanted to know what would be the result of a bad vacuum in a light bulb. Up till then it had been thought that it was the worst thing you could do to put gas into a light bulb. But, as a result of his experiments, he found that some gases greatly improved the performance of the bulb and it wasn't long before the results of his investigations were incorporated in the Company's regular production of lamps.

Joint U. S. Patent Granted Fred Suhr, Martin Heller, Jr. For Motor Testing Device

Announcement of a joint patent granted to Fred W. Suhr, Bldg. 4-6, and Martin W. Heller, Jr., formerly of the Fort Wayne Laboratory and now at Schenectady, was made recently by the United States Patent Office, Washington, D.C.

The patent is for a motor testing device used for testing singlephase alternating current motors or for measuring reactances of various reactive devices.

A group leader in the advanced engineering development section of Specialty Motor Sub-Department, Mr. Suhr came to the Company in 1929. He entered the test engineers program at the Schenectady plant. He completed tests at the Erie and Lynn plants and completed the program at the latter location in 1931.

In 1937, Mr. Suhr came to the Fort Wayne plant and entered Fractional Horsepower Motor engineering, where he was a design engineer. He moved to AC engineering in 1943 as a group leader in design engineering. Joining FHP development engineering in 1946, he was a group leader there until entering Specialty Motor last year on his present job.

A graduate of the University of Minnesota, Mr. Suhr received his BEE degree in 1929. He also has done graduate work at Massachusetts Institute of Technology.

Fred W. Suhr

He is a member of the GE Squares, Fort Wayne Engineers Club, FWAGEE, and AIEE. He is a member of two subcommittees of the national AIEE.

Mr. and Mrs. Suhr and their son live at 306 Maple Grove.

SICK LIST

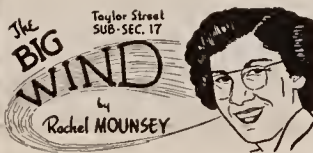

The following people have been reported on the sick list, dismissed from the hospital and returned to work.

Kenneth McKnight, Jimmie Moore, Michael Remecki, Betty Robinette, Wilbur Spaw, Harold W. Struver, Esther Watson, Kenneth White, Betty J. Walti, Eleanor Sellers, Mary Stocks, Loretta Jarrett, Ed Huhn, Sadie Hudlow, Howard Griefenstine, Eber Gillispie, Martin Fahlsing, Norma Davis, Donald Clingerman, Ethel Carr, Betty Byram, Faye Folinger, Mary Anderson, Golden Arms, Katherine Chilcote, Federico Heredia, Maxine Crowe, Ed Bireley, Mary Epperson, Dorothy Kaylor, Joseph Dennis, Marguerite Dasher, Elizabeth Clevenger, Lorena Heiman, Erma Manor, Ruth Fields, John Henry, William Hoffmeyer, Joye Shroyer, Daisy Long, Marian Morrison, Rebecca Wagner, Esther Rapp, Beatrice Fenske, Richard Harlow, Maude Mountz, Maxine Daniels, Carl Bohnke, Myron Poinsett, Alma Raymer, Virginia Wetzel, Art Wedler, Walter Rehling, Lena Schaper, Marilyn Yates, Edmund Kaliker, Julio Lopez, Myrtle Morgan, Barbara Barrett, Ruth Byrd, LaRita Eckelbarger, Helen Grady, Frank Enderle, Barbara Kolb, Chester Bowen, Velora Drury, and Fane Clingenpeel.

Dismissed from the Hospital
Arthur Koeneman, William Gephert, Maxine Daniels, John Henry, Clarence Gaar, Richard Harlow, Sovilla Welch, Lorine Schaeffer, Alma Raymer, Goldie Tuck, Marilyn Yates, and Esther Watson.

Returned to Work
Betty Grim, Robert Kirby, Eleanor Beerbower, Edna Guyot, Helen Buck, Maxine Daniels, Emily Colvin, Virginia Henry, Alice Gentit, Charlotte Clover, Richard Arnold,

Merritt Hartman, Maltha Burk, Margaret Schneider, Fred Wheeler, Thomas Shanahan, Elaine Wilder, Mildred Patton, Helen Ritter, George Taylor, and Pauline Maybee.

We are very glad to have Emily Colvin and Edna Guyot back after being on the sick list for a few months. . . . If anyone wonders why it is so calm around die cast section, it's because Ed Bireley has left us for an operation. We wish you a speedy recovery, Ed. . . . Congratulations to Homer Brown on a new baby girl. . . . Esther Richmond is all smiles over that new grandson born in Alaska. . . . Congratulations are in order for Loretta Rauske on the beautiful

Company Donates Five Trophies For Teen-Age Roadeo

Five trophies will be donated by the General Electric Company to the top five drivers in Allen County's first Teen-age Driver Roadeo to be conducted Saturday, May 2, at Smith Municipal Airport, Ray D. Jones, co-chairman of the event, announced this week.

Organized to promote safe driving among city and county high school pupils, the event will award one trophy to the champion and four trophies to the two boys and two girls who are runners-up.

The first-place trophy has the figure of a driver behind a wheel on top of its pedestal base. The other four have on their bases a figure representing a wheel on a spoke with two wings extending back from it. All are gold plated.

Mr. Jones, Bldg. 4-6, is chairman of the civic affairs committee of the Fort Wayne Engineers Club, which is sponsoring the Roadeo along with the public safety committee of the Chamber of Commerce and the Fort Wayne Police and Allen County Sheriff's departments.

The young man who has not wept is a savage, and the old man who will not laugh is a fool.—Santayana.

ON 40TH ANNIVERSARY—Albert J. Kruse (center) is congratulated by (seated, l-r) James H. Oman and Herbert C. Grueb and (standing) Lisle Hodell, John J. Welch, and Fred Schafenacker on his 40th anniversary with General Electric. Mr. Kruse came to GE in 1913 as a clerk in Bldg. 6. He is now employed in the offices at Taylor St.

30-YEAR HANDSHAKE—Clarence Schroeder (left gets a hearty handshake from James Kline and Herbert Sauer on his 30th anniversary with the Company. Mr. Schroeder was employed in 1923 as an assembler in Bldg. 26-2. He now works in GAC Sub-Section 13 at Taylor St.

Stormy Weather

From 17-4

by Bill Hurtt and Larry Reed

Our troubles are over now that John (Tex Richard) Howard has taken over all promotional ideas and plans. We're a little afraid to go along with his ideas since that bluegill net he is so proudly displaying resembles a butterfly net. When you start that, they're liable to back the wagon up anytime. Don Thomas says he would only take it as far as the middle of the lake and then sink it with weights. . . . It's a pleasure to report that our own Elmer Busche went to the rescue of a little girl who had her arm caught in a cement mixer. He succeeded in freeing her and at last report she hadn't suffered any serious injury. Hats off to you, Elmer. . . . If there isn't any ice, how can Ray Pflueger get as cold as he did the other day fishing. Maybe we didn't get the full story, but something seems to be fishy and that doesn't mean the fish either. . . . Here is something we hate to say, but it looks as though Maxine Baker has jumped her trolley since we saw her batting at

imaginary flies the other day. That puts her in the category of Red Skelton and his famous remark—"Boy, a big bunch flew over then." . . . It's a case of crackers and water Friday for Edna Ward. Is that supposed to be a new diet or were you pulling our leg, Edna? . . . You all want to know why Helen Fletter was all dressed up last Monday in a new skirt and everything. It was her birthday and we extend our best wishes to her. Which one was it, Helen? . . . We are sorry to have LeRoy Hawn leave us and say that you will be missed by the gang up here, LeRoy. . . . Quite a bit of class has been added to the hourly boys' euchre game. They came up with a new board beautifully lacquered. Even if it doesn't help their game, it adds something to the appearance. . . . One of the sportswriters' selections for the winners and standings of both major leagues was posted on the bulletin board. This particular one picked Cleveland and the Giants. Herb Buck and John Braden get the blame for it and the big question is why didn't they bring in the selections of the other sportswriters? Remember, fellows, there are quite a few who don't agree with these selections or were you hoping we would start something? . . . There are quite a few of us that feel there will be flights made to the moon inside of

F. G. Motors

bldg. 8-1

by Mary Wright

I hope no one missed the show at the GE Club this week-end. It was really worthwhile. Danny O'Neil would sure be a help to our singsters in group 53. We really have a variety of songs, from gospel hymns to "Doggie in the Window." . . . Mike Remec sure has his share of bad luck after recovering from a recent illness he returned to work and met with an accident the same day. Hope he will be back soon, good as new. . . . Harold Hall and Willie Dunigan went fishing in the St. Joe river. They returned with no fish, but their time was not a total loss, for they brought back three baby rabbits. You couldn't hardly call this a fish story. . . . Happy birthday to Florence Lea. She said she was having one of them this week. Hope you have many more, Florence. . . . We have some new faces on our line. We want to say welcome and hope you like it as well as we do.

Ramblings

Bldg. 31-2

by Julie Rice

We have all been pretty concerned about Maurice Emling lately because of his recent stay in the hospital. But on last report his recovery was good and he was

25 years and just as many who believe it will never take place. How about it, gang, here is a chance to get a new argument started? You'll have to admit it would be different from our old stand-bys of politics, basketball and taxes. . . . Mike Lowe put the bite on us for \$1.00 instead of 50 cents the other day. Here's hoping it doesn't get mixed up now, but we shouldn't kick, Mike makes a pretty good treasurer so we were only kidding. . . . Huston Williams claims his lunch hasn't been setting so well lately. Could this be a slight hint to the little woman to change his menu?

IDEA PAYS \$50—Lawrence Smith (left) earned \$50 for his idea that scroll material be used instead of strip material for parts used in transformers. Freeman Rohlfing is shown with him. Mr. Smith is a slitting machine operator in Bldg. 26-1.

supposed to return home sometime this week. Now, the next thing on the agenda is to get well quick, Maurice. . . . We want to express our sincerest sympathy to Don Kaiser on the death of his father. It was a shock to all of us. . . . Now we take you to Payne, Ohio, for an on-the-spot report of the marriage of Beatrice Heck and Charles Ankenbruck. The bride wore a blush pink gown with a four-foot train, and—oh, for gosh sake! You read all this in last Saturday's society section anyway, so why bore you. It really was a very pretty wedding, though. . . . \$500! Now who couldn't use \$500? I know that I could, but think how Thelma Clements felt when someone broke the news to her last Thursday that her name had been called in the drawing for \$500 at the Rialto Theater the night before. . . . TV sets are all the rage now, or so it seems anyway. Two more plutocrats, namely Elga Ginder and John Wolf, now own those domesticated cinemas.

KINDLING AVAILABLE

Kindling orders are now being taken at the Employee Store, Ray Fischbach, store manager, said today. Price is \$2 per load.

SHIPPING: Welcome to Catherine Trautman, the new girl on the complete file. . . . Edna Turnbaugh and husband spent the week-end in Cleveland. . . . Dutch Wilson had his picture in the GE NEWS the other week. Some kind hearted soul sent him six copies through the mail this morning, so he could distribute them among his friends. . . . **MAILING:** Eddie Blotkamp hitched a ride home the other night, getting about half way home he woke up to the fact that he had driven that morning and had to walk back to the parking lot and get his car. . . . **TELEGRAPH:** We wish Mary Ann would tell us what a certain city in Michigan has that Fort Wayne doesn't have. . . . Cholene Slaubaugh really was in a whirl Monday after all that square dancing Sunday night. . . . Dolores Widner and Ralph Mile took the fatal step Saturday evening. It was a beautiful wedding. Congratulations to you both.

Fashion wears out more apparel than the man. Shakespeare.

Wearers of the belt buckles and bracelets shown above will compete in the annual Champion of Champions Bowling Tournament at the GE Club alleys Monday, May 4, Joe Kramer, bowling chairman, announced today.

The gold-plated bracelets and buckles will be awarded to the teams who wind up season play in

the top spots of their individual leagues. The 13 winning teams in the men's leagues will compete at 7 p.m. and the three women's teams who take first place honors in their leagues will compete at 9 p.m.

Members of the two winning teams in this playoff series, who

emerge the champion of champions for 1953, will receive sweaters or jackets with the GE insignia on them. These prizes are donated by the GE Club.

This grand finale to the club bowling season will be run on a handicap basis of 70 per cent of the difference between 1020 and the team's average.

REACHES 35TH ANNIVERSARY—John J. Junk rounded out his 35th year as a General Electric employee March 26. Mr. Junk (center) is congratulated by William Rapp (left) and Sam Allmandinger. He was a messenger in Bldg. 18-2 when he joined GE and is now employed at Taylor St. in GAC Sub-Section 13.

Final Mixed Doubles Tourney Slated for April 25 at Club

The final GE Club Mixed Doubles Tournament of the season has been scheduled for Saturday, April 25, Joe Kramer, bowling chairman, announced today.

A first place prize of \$25 has been donated for this event by the GE Club. Bowling at the club alleys, squads

will roll at 6 and 8:30 p.m. Entry fee is \$2 per person and couples should enter either at the GE Club desk or by calling Charlie Wilt, Ext. 742. The list of entries is limited to 48 couples, Kramer reported.

In last week's mixed doubles there were only two 1200 counts and Ann Lee shared in both of them to finish in first and second place. She teamed up with Carl Hattendorf to shoot a 1,240 for first place and \$15. She then teamed up with Serge Schuster to score a 1,218

for second and \$10.

The rest of the prize list is as follows:

3rd	M. Rollins-H. Blauvelt	1192	\$8
4th	W. Schevrich-S. Schuster	1183	\$7
5th	B. Lantz-G. Kaade	1190	\$6
6th	Mr. and Mrs. Parasot	1141	\$5
7th	Mr. and Mrs. G. Ornsby	1140	\$4

High scores were Carl Hattendorf's 197-193-182—572 for the men's high series and Ann Lee's 170-139-172—481 for the women.

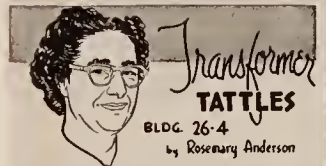

Other high scores were Ann Lee, 207; Winnie Scheurich, 179, and Del Bucher, 211.

GE Club Makes Plans to Enter Team In Major City Softball League

The GE Club will enter a team in the Main Auto major softball league in the city. Dick Thomas, Bldg. 26-4, and Jim Cahlan, Bldg. 26-1, will co-manage the entry.

The first meeting will be held Tuesday, April 21, at 3:45 p.m. in the GE Club. Anyone interested in playing with the team is asked to attend the meeting or contact Thomas or Cahlan. Pitchers are especially needed, Thomas said.

Perry Esterline, Bldg. 4-4, will handle publicity for the team.

I would like to thank Zella Disler and Ralph Braden for their co-operation in getting news for this column. With their help, I hope to supply you with an interesting column. . . . First, we would like to wish a speedy recovery to Jerry Regan's wife. She has recently undergone an operation at the St. Joseph hospital. . . . Anyone wanting a package of cigarettes see Frank O'Bringer. Frank starts after a pack of Luckies, walks out to the time clock, punches out his card, walks back, sits down at his desk, and reaches in his pocket for a smoke. When he finally woke up, guess what? No cigarettes. Try punching the cigarette machine next time, Frank. . . . Say, Dutch Norwalt, why don't you house break your dog or stop walking in the kitchen in your bare feet. Either one will do, won't it? . . . Attention Chief Hanauer! Noah (Smoky) Kuntz is ready for a promotion. A fire broke out at the west end of Bldg. 26-4. Noah jumped up on the elevator, rode down to Bldg. 26-1 and let the other guys put out the fire. . . . The winding section is sorry to see Charlotte Esters leave. Don't forget us, Charlotte. . . . To prove that our workers are wide awake and alert we have Devona, a finisher, who signs her check stub and throws her check away. Is that why the cashier looked at you so funny when you tried to cash it? . . . My boss, Olen,

Owl Softball Team To Meet Tues. A.M.

Organization of the Owl softball league is under way and the first meeting will be held in the GE Club gym at 9 a.m. Tuesday, April 21, Ben Penkul, manager, reported today.

All second shift employees interested in taking part in softball with the league should report to the meeting or contact Penkul at Taylor St., Ext. 2662. Those reporting to the first work-out should bring their own gym equipment.

is getting to be quite a dancer. His latest accomplishment being the hula. That is the one, isn't it, Olen? . . . When Morrie Matson's wife complained of having a headache, he went to get a pill and a glass of water for her. Before returning to her, he took the pill and drank the glass of water himself.

It's a little late to talk of Easter, but I just couldn't help mentioning how happy Herb Koch looked; when he was passing out those Elex Easter eggs. . . . Herb Lemmel was not doing his morning exercises when he was wrestling with his chair. It is just that the chair has a weak leg and nearly threw Herb, but Herb won after a lot of struggling. . . . Howard Reinking thinks that the old flu bug has overdone his hospitality and he would just as soon that the little insect go to far-away places. . . . Just a word of cheer to Harold Struver, who is in the hospital. Hurry back, Harold. . . . Congratulations to Dick and Mrs. Lare. The Easter Bunny brought them a little son named Stephan Robert.

It is a wide open race in the Small Motor League for the second half championship. Two Legs Clothes, Drafting and Test are tied for the top spot, with a record of 24 wins and 18 losses. National Construction, having lost 18½ while winning 23½, are in 4th spot. R and R and Models are tied

for 5th place, each with 23 wins and 19 losses. Hi Five is in 7th place, just 2 games out of first place, with 22 wins and 20 losses. Paul Merkert rolled a 213 count; C. Shipman, 202; H. Doehrmann, 201; and Joe Kramer, 201.

Ladies Monday Night

Bowlettes lost 3 games, but still are in the top spot, with a record of 29½ wins and 18½ losses. Lowly Rollers are in 2nd place, with 28½ wins and 19½ losses. Skooters and Fivettes are tied for third spot, with 29 wins and 20 losses. Ann Lee kegled a 179; Alberta Roth rolled a 172; Kay Bade, 171; and Esther Muzzillo, 170. Winnie Scheurich and Betty Ross converted the 3-10 split; Marilyn Franke converted the 4-5-7; rances Miller the 3-7; Margaret Beugnot the 5-10; and Joyce Brumbaugh the 4-5.

Monday Office

Reproduction, AC, and Amplidynes are tied for first with a 29 and 16 record. Pawlisch Shoe Repair is in 4th spot with 26 wins and 19 losses. Les Hahn kegled a 222; Erv Aumann also rolled a 222 count; Dean Burgemeister scored a 213; Bush Bushong, 212; Earl Morrell, 211; Joe Donahou, 210; Glen France, 201; Harry Dahlman, 201; and Bob Langdon, 206. This was Bob's first double century count. Now that you have the range, Bob, go get more. Charlie Shipman converted the 5-7 split.

Masonic League

The second half ended with the Squares on top, with 28 wins and 17 losses. In second place were

Patrols with a record of 27 wins and 18 losses. Doric and Trowels tied with 25 wins and 20 losses each. Lautzenheiser scored a 216; Smith, 210; Ruhl, 203; and Geiger, 202. Thanks, Frank Quinn, for helping make this column possible.

Transformer

Autos and U-I are tied for first place each with 18 games won and 9 lost. Bells are in third place with 16 wins and 11 losses. Double century scores were made by the following: Proxmire, 228; Gnau, 205; Antalis, 202; Hein and Pritchard, 200.

Friday Night Ladies

Team No. 3 is leading the league with 27 wins and 15 losses. Team No. 2 and Team No. 1 are tied for second place with 24 wins and 18 losses each. Team No. 8 is in fourth place with a record of 23 wins and 19 losses. Emma Vaughn kegled a 190; Ida Yahue, 179; Liz Shearer, 178; Charlotte Stanford, 176; and Betty Thompson, 170. Tommie Williams converted the 4-6-10 split.

Interdivision

The Old Crown Beer and Ale and Kinney Koncession remain tied for first place in the team standings with the Hermetics just one game behind. It still is a tight race for the second half championship with just two more weeks to bowl.

Old Crown Beer and Ale took 2 games from the Tools. Don Baker rolled a 233 for Tools. Art Seidel, a 207, and Carl Miller, a 206, a 206 for the Beer Barons. Transformer

Herb Koch

Koch Rolls 1,910 In ABC All-Events

Herbert F. Koch, Bldg. 2-2, totaled 1,910 in the all-events division of the Golden Jubilee American Bowling Congress Tournament in Chicago, Tuesday. Herb had failed to score 1,800 in any of 14 previous appearances at the meet.

Koch, who averages 187 in league play, had 175-242-248—665 in doubles, 184-209-225—618 in singles, and 188-230-209—627 in five-man competition.

Koch's aggregate was the 19th 1,900 of the 1953 tournament. It was 84 pins short of the 1,994 with which Frank Santore, of New York, has been pacing the standings, and 18 pins short of tenth place.

won 2 games from Kiels Tavern. Don Castle rolled a 206 for Transformer. Harvey Bros. took all 3 games from Central Dairy. Shepler rolled a 215 and a 200 for Harvey Bros. Kinney Koncession won 2 games from Deadheads. Brouwers won 2 games from the Gutterdusters. Hermetics took all 3 games from the Jets.

Decatur

Office is out in front with 23½ wins and 18½ losses. Flanges and Packers are in second place with 22 and 20 each. Stators are in fourth place with 18½ wins and 23½ losses. Jackson scored a 233; Briede, a 236; and Schultz, 212.

GE Fraternal

Teeple Truck Lines lead the race with 22 wins and 11 losses. Peterson Elevator is in second place with 19½ wins and 13½ losses. West End Restaurant is third with 18½ wins and 14½ losses. Schuster scored a 223; Laurent, 220; Steury, 202; Macklin, 223; Benuick, 204 and 203.

Apparatus League

It is still Team No. 11 leading the pack with 30 wins and only 9 losses. Team No. 10 is in second place with 25 wins and 14 losses. Third place is being occupied by Team No. 3 with 23 wins and 16 losses. Clarence Kubisch kegled a 232 score, the evenings top score. Bob Winkler rolled a 208 and 227, Earl Zollinger, 221; Vic Rump, 201; and Bob (without help from the pinboy) Knepple kegled an even 200 count. Splits were made by the following: Ross Smith, 6-7-10; Darwin Stanley, 3-7-10; Marion Worman, 4-9; Jimmie James, 67; and Walter Beaty, 5-7 and 4-9.

STATE CHAMPION—Erna Parker, Bldg. 4-5, can feel justly proud and happy as she marks up the score of 569 with which she won the Class B Singles event of the Women's Indiana State Bowling Association 1953 Tournament. Notified of her honor this week, she received the pin given for this event. Erna kegled the winning score at Evansville March 29.

TOOL BITS

BLDG. 19-4—19-5

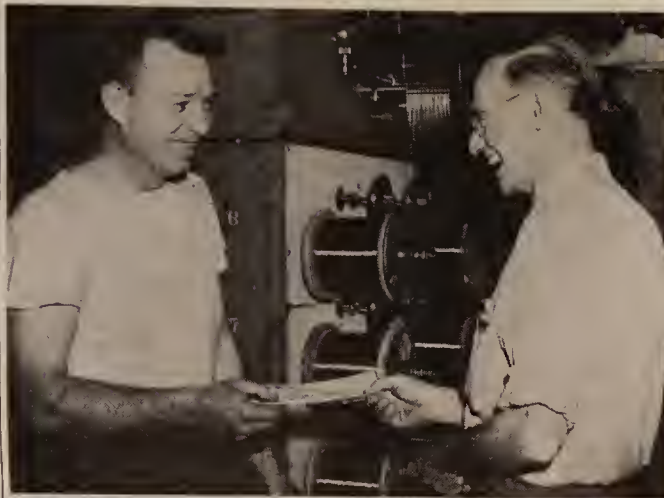

by Don Clark

One of our proficient milling machine operators, Herb Ort by name, was sporting the shiner of all shiners last week. His story was just as good, too. Walking in the dark one night he stepped into a hole where he was planning to install a register. This threw him and he cracked his head on the corner of a bathroom cabinet. Herb claims he learned two safety lessons. Not to walk in the dark and keep all holes in the floor well covered. . . . James Lee doesn't mind that his daughter is winning beauty prizes but does object to buying those expensive formals. . . . Harold Cutler and Glenn Ramsey should get together. Glenn would sure go for Harold's specialty of garlic flavored spring onions. . . . Mr. and Mrs. Wilson Garman spent last Saturday trying to catch some fish. The only enjoyment they had was inhaling plenty of clean, fresh air. . . . Fire Chief Kenny McCague can't understand how one of his volunteer firemen, who was chopping at a burning timber with an axe, missed and clobbered his own head. Now Kenny is inaugurating a class to study the art of chopping. . . .

"Our Roy Rogers"

Ron Blodgett is now a happily married man and thanks the boys for their wedding gift. . . . Paul Weaver is planning on having the cleanest fence rows in his neighborhood since he bought his wife the new axe. . . . We think that Elmer Auman really enjoyed life when he was a boy of 15. This picture was taken at the home place on John Street. It's not difficult to recognize Elmer with that big smile. He's the one that's wearing the hat. . . . Kenny Frick must be bappy inside. Anyway, he is always whistling when he works. Now I hear that some of the boys are wisbing that he would change records and play the other side. Maybe that song brings memories, Kenny. . . . Purl (Frogman) Schoeff was fishing hip deep in the Wabash River when he suddenly went headlong into the water. We don't know if he fell or if he saw a big one go by that he was really desperate to get. . . . Carl Strong has the makings for some fine dinners in those 1,000 chickens at his place. . . . Birthday greetings to Archie Wright. . . . Mrs. Sloffer has a thoughtful husband. Everett bought a motor scooter to ride to work so she can use the car. . . . We wish Mrs. Louis Paluszak a speedy recovery from her illness. . . . The lathe unit says good-by and good luck to Chet Stoner and welcomes Elijah Stearns. Chet is now operating a boring mill in Bldg. 19-4. . . . We congratulate Mr. and Mrs. Stewart Bohrer on their 24th wedding

RAKES IN \$55—Fifty-five dollars in suggestion award money was paid to Donald Eaton (right) for his design of felt used in the insulating of wire prolonged the life of the felt and reduced maintenance cost. E. C. Ort is shown with Mr. Eaton, a Wire Mill employee at Taylor St.

anniversary. . . . Larry Farmer, now working in heat treat unit, was quite puzzled the other day. It seems that someone wanted him to harden a hammer in the lead pot. The heat treatment proved to be quite effective and completely dissolved the hammer. Don't accept anymore lead hammers, Larry. . . . **DIE PLANT:** We thought for a while that Dallas Kees was out of razor blades but he told us that Harlan is having a Centennial celebration. If you don't have a beard it costs you \$5. Dallas is saving both ways in blades and the fine. . . . Chet Rennecker, who has the golfing fever, is taking lessons on how to hit the poor little ball. Whenever he learns to hit it at least 50% of the time they will then let him try it with a golf club in place of a broom. . . . Art Dicke claims no one will believe him on how his forehead got nicked, so he started a story that he fell off of a stool. . . . Woody Hursh drilled the first hole on the new radial drill press in Bldg. 19-4. He also has the distinction of being the first person to spoil a piece on it. . . . Attention farmers: Bob Truelove has a piece of ground that has been put to corn for 50 consecutive years without rotation or fertilizing. He claims he's always produced an average of 80 to 100 bushels a year, more or less. . . . Mary Ellen Owen paid us a surprise visit recently. She reports that Bill will soon be at Ft. Lewis, Washington.

OVER OUR WAY

in 19-1

by Clara Volz

Well, it's getting around close to that time. (Spring housecleaning, I mean.) I know you fellows will be real helpful, too. Things like holding the ladder while the little woman tears off the wall paper; mixing the paint, so she can have it all ready to go over the woodwork; putting up the clothesline, so she can hang that 9x12 rug up to beat the heck out of. Yes, it's these little thoughtful acts that are so dear to a woman's heart. Try 'em and see what happens. . . . Howard Musselman, of Bldg. 19-2, is on the sick list. Sorry to hear it, Howard. Don't get discouraged, things aren't ever as bad as they seem. We'll all be looking forward to seeing you back soon. . . . Art Druce's daughter Joyce was married last Saturday morning. Best of wishes. . . . "Shoe Shine Boy": Bob Robbinette has all the equipment for shining shoes, so if anyone feels the need of a shine, just step up, and he'll take care of you I'm sure.

Nothing so needs reforming as other people's habits.—Mark Twain.

30-YEAR CONGRATULATIONS—A 30-year General Electric anniversary was celebrated recently by Carl H. Baerman (center). Granville Gorrell (left) and Herbert Thiele congratulate him. Mr. Baerman joined GE in 1923 as a machinist in Bldg. 4-2. He is now a mill operator in Bldg. 19-5.

Raconteur

Section 14, Taylor St.

by Mary Whitelock

Walt Niemeyer and Fred Vogt usually ride with someone unless they are planning on working overtime. Then they take turns driving Vogt's Dodge or Niemeyer's Pontiac. Last Monday after working overtime, the boys went out to the parking lot, each looking forward to draping the weary body in the other fellow's car. They finally realized they had out-fumbled each other and were preparing to call a taxi, when Dallas Corson roared around the corner and about ran over them. Almost before Dallas had lowered the landing gear, Walt and Fred were on the back seat chorus "Home, James!" . . . Margaret Evans of the Winding Section was caught trying to fry hard boiled eggs for breakfast the morning after Easter. . . . See Sylvia Caerbaugh about smelling good fish. . . . Loretta Jarrett had her tonsils removed and Beatrice Fenske is on the sick list. . . . Our sincere sympathy to Wilma Merri-man on the death of her nephew. . . . Catherine Erwin celebrated her 39th birthday (again) with a chop suey supper at her house the other night. Later, two unidentified and poorly dressed moochers showed up for a hand-out. . . . Happy birthday to Ewald Stinsmuehlen, Louis Shattuck, Dorelyn Forde, Willadean Rathert, Russ Frey, and Yankee fan, Anthony Tosconi. . . . Anyone with a little surplus capital to invest and who is interested in sponsoring a stock car, should contact Abbie Hartman. Her son is part owner of one of those buckets of bolts and it's taking all of his mad money to keep wheels on the thing. . . . Ray Fredericks was seen walking through his strawberry patch last week-end licking his chops. One little plant looked up and said, "What's the matter with you, big boy? Kinda early, ain't'cha?" . . . George Angel got fish hungry last week and drove up to Lake Webster to try his luck. The weather fouled him out. He will try again when it warms up a little. . . . John Miles attended the wedding of his son recently and looked very nice in his new suit. Congratulations to the wedding party. . . . The boys are anxious to see Ted Brockmeyer make a decision on that new car he ordered, or else stop talking about it. . . . Ed Huhn, who is home ill, says he would appreciate a visit from the gang in the Tool Room. . . . John Heinie, looking hale and hearty as ever, visited us this week. John is now making his retirement dream come true. . . . Carl Fuller is now planting the "Back 40." If the potato crop is good this year, he will have everyone out for a potato roast. That should be good—roasted potatoes. . . . Bill Lavine took his small son to church with him Easter Sunday. Now a great many fathers took their sons to church that day, but no father appeared wearing such a horrible tie as Bill did. At least, Randy didn't think so when he told the congregation about it. . . . If you see a Plymouth rocking around town with just a hand on the wheel, it's Art Bear. The rest of him is under the dash tuning in his new radio. Either the radio controls should have left-hand extensions or Art needs a car with a right-hand drive. . . . Section 14 is sorry to lose Hugh Thomson who is leaving for Schenectady

and his next assignment in the Advanced Manufacturing course. Hugh will be a daddy this summer so his fellow diners showered him with gifts for the little fellow at a potluck held Thursday noon. The many friends he has made during this six months' stay with us extend to him the best of wishes and lots of good luck.

BLDG. 22

George Noland

Many of the gang were out of the state over the Easter holidays including Al Mason, who was in Pennsylvania visiting his son and family. Dick Bodkins, who was in Michigan visiting his folks, and Henry and Mildred Wells, who were up in Canada visiting Henry's old flame, Snowflower. Henry and Mildred love to rough it up there in the North. Henry says you should see Mildred in her sleeping bag. Everyone else zips themselves up in the bag with only their heads sticking out but Mildred goes in the other way. She goes in head first with her feet sticking out. Henry explained that she is afraid of the bears. . . . We had some excitement around here last week. Frank Mathews' rolls caught fire and the city fire trucks

Snowflower

were called in. . . . Charles Mowery was injured when a large piece of steel fell from the top of a rack and struck him on the head. Charlie had to have six stitches sewed in his head. We are glad to report he is doing fine. Also, after a careful check, it was found that the bar of steel could be straightened and salvaged. . . . We are sorry to see Herb Stewart leave us. He is going to work in a factory in his home town, Kokomo, Ind. Herb is the father of 14 children. When he was requested to give their names and ages for insurance he had to go home and have his wife write them all down on paper for him. Herb's eight-year-old daughter, Connie, by the way, has a wonderful voice. Her singing won her a wrist watch and \$150, with a chance to appear on TV at the Indiana Theater in Kokomo.

LOST & FOUND

AD=

ILLETS

"Lost" and "Found" articles must be cleared through the Plant Protection Office, Bldg. 10-2, or the Plant receptionist, who will place the Ad-let and otherwise advise the article.

No ad will be received over the telephone. Only one ad per employee may be inserted. Each ad must be limited to 20 words and cannot be repeated. All articles mentioned must be personal property of the employee. Ads will not be accepted unless accompanied by the name, pay number, and division of the employee. No plant building or telephone number may appear in any ad except transportation ads, only the home telephone number or address. Send all ads to G-E NEWS office, Bldg. 18-1.

CLOSING DATE
Monday Noon, April 20, 1953

LOST AND FOUND

- FOUND—Key No. 0676. Found on a desk chair in Bldg. 4-2 office.
- FOUND—A very tiny key. Found in front of Bldg. 18 gate.
- FOUND—One key. Found on floor near tool crib in Bldg. 26-2.

FOR SALE

- ELECTRIC RANGE—Hotpoint with deep well. Good condition. Ideal for lake cottage. \$25. H-64164.
- STRAWBERRY PLANTS—\$2 per hundred. Also deep well 1/2 HP jet pump. \$30. A-37466.
- GAS CONVERSION BURNER—Byron. Two Coleman oil floor furnaces. Nu-way conversion oil burner, and 24-in. used Holland furnace. E-6346.
- RADIO—Portable. Needs battery, used only twice. \$4.50. Also, blue knit bathing suit, worn very little. \$1.50. A-69494 after 4 p.m.
- MOTOR BIKE—Whizzer. 1948 model. 1500 actual miles. E-4908 or A-29181.
- LOT—No. 99 Fairfax addition 169 x 50 ft. Paul E. Graves, R. R. No. 12, Fort Wayne.
- BED—Single metal with new spring and mattress. Small oak dresser. G-E washer. Mattress for double bed. All in good condition. H-8734. 4014 Tacoma.
- CAR—1950 two door Chevrolet with new seat covers and tires. Reasonable. H03037.
- SCREEN DOORS—Used. 80 x 30. 81 x 32. 84 x 36. and 85 x 36. Extra heavy. In very good condition. H-26182.
- CAR—1942 Pontiac 8 Streamliner. Four new tires and tubes, radio and heater. Good condition. Medium size 26-in. boy's bicycle. Lot on Crooked Lake. 50 x 100. Weaver pressure cooker, 8 qt. size. Used only once, like new. H-28961.
- SHALLOW WELL PUMP—Duro with pressure tank, complete; \$15. Sears one wheel trailer; \$40. Both in good condition. H-46571 evenings.
- HONEY—4 cakes for \$1. Phone Churubusco 5517.
- LADIES GOLF CLUBS—And bag. Like new. Used only twice; \$20. K-1730.
- TYPEWRITER—Underwood Standard; \$45. H-8733.
- TABLE LAMPS—Three and one bridge lamp. \$2. each. Excellent condition. A-38453.
- IRONER—Horton portable. Good condition. H-66831.
- CANARIES—Two hen birds for mating. Also, cages. E-69273. 1117 St. Mary's Ave.
- HOUSE—Six room. Three bedrooms, large living room, fireplace and automatic heat. Strictly modern. Living room rug, draperies are included. Northeast. A-57434.
- FLOOR FURNACE—Coleman. Used 6 months. 8 ft. deep freeze. Churubusco phone 5475.
- REFRIGERATOR 6 cu. ft. Hotpoint. Excellent condition. H-55602.
- LOT—41 ft. x 180 ft. 3016 Crescent Ave. E-4349.
- LAKE COTTAGE—And lot 80 x 80 ft. at Bear Lake. Two rooms furnished. Heat and Philgas stove. \$1,500 with \$400 down. K-2088.
- BABY BUGGY Thayer and Horton conventional washing machine. A-69945 Friday after 5:30 p.m. and Saturday and Sunday. 2522 Lynn Ave.
- BEDROOM SUITE—Four piece. Also, innerspring mattress and springs. Rug and pad 10 ft. by 8 ft. 4 in. Reasonable. H-35114.
- HOUSE—Three bedroom. Automatic heat. Fenced in back yard. Double garage. Well take care of. 2950 Winter St. \$10,800. K-1162 anytime.
- WRIST WATCHES—Two men's. Very reasonable. H 77661.
- BABY BED—Large size. Complete; \$10. Also, child's gym set, medium size; \$8. H-75451.
- GIRL'S CLOTHING—Dresses and skirts, including Brownie dress. Sizes 8 and 10. Skirts size 18. Navy coat, size 18. H-83675.
- PARAKEETS—85 ft. garden hose. Black and Decker 1/4 in. size drill motor. A-19312.
- BUFFET—Mahogany. 48-in. long. A-39044.
- WASHER Horton. Also, maroon upholstered chair and ottoman. E-1963.

FOR RENT

- APARTMENT—Four room with private entrance. Near Broadway Plant. A-66624.
- ROOM—For first shift worker. A-67671 before 2:30 p.m.

WANTED

TRAILER—One wheel. A-98501.

LAWN SWING SET—Children's. Also, porch glider. H-26185.

STUDIO COUCH—Prefer pillow type. A-39824.

CHINA CLOSET—Or cupboard with glass front for girl's doll collection. H-35015. 801 Heustis.

20 IN. BIKE—Boy's preferred. E-5858.

BICYCLE—Girl's 24 in. H-19814.

DINING ROOM SUITE—Duncan Phyfe; 3 pedestal. In good condition. A-79275 anytime.

GYM SET—Outdoor type. E-32785.

AIRLINERS

by ELLEN BAUER

What some people won't do for a dollar or should we say how some people squander their money anyway. Millie Koehler bet Bill Weaver and Charlie Coffman a dollar that they couldn't drink their cokes with a raw egg in them. So what happens? They won their dollar! . . . Would someone please inform Ronnie Elliott to keep his upper plate in his mouth? Maybe the girls wouldn't run the other way when he smiles at them. . . . We are sorry to hear that Elizabeth (Maxine) Johnson is in the Lutheran hospital in room 179. Also Clara Hoeh's sister, who was operated on, is at the Lutheran and we wish both of them a speedy recovery. . . . Barbara Speith received a lovely what-not shelf and a pillow top from her husband. . . . Your Elex contact girls, Millie Koehler and Katherine Meley, wish to thank each and everyone for his co-operation in the Easter egg sale. It was a big success. . . . Congratulations to Lee Lindeman, who was married recently. Also, Johnny Foster, who was married last week. . . . "Hi-Diddle-iddle" is the new theme song of the final inspectors and testers since they have the sky, the stars, the moon, and the cow on their windows. Sure looks nice, too. . . . James Howard Courtney sure can find the oddest places to go to sleep. How about that, Howard? . . . The old saying "Little But Mighty," sure fits Maxine Root. Several big fellows tried to open a window but had no success, so what happens? Little Maxine Root goes over and pulls open the window. Who do they say is the weaker sex?

Wonder if Gladys Strong ever got all her beef roast and potatoes eaten? She cooked a big dinner and no one showed up. They will probably come next Sunday and you won't have enough! . . . Wouldn't you know it? Bea Davis got to meet Alex Templeton. . . . We had just one casualty as a result of Martha Scherzinger's dinner. Emily Neirman ate so much she fell down and just about broke her legs. She saved the eggs though. . . . Freda Copeland, a former co-worker, underwent an operation recently and is reported to be recovering. . . . Geneva Moody wishes to thank the girls for the lovely birthday dinner and gifts. . . . Edna Hauser spent last week-end in Dayton. She was visiting with her nephew who was stationed in Guam. . . . We are glad to have Mary Alice Williams and Joyce Jackson back with us. . . . Edith Juillaret is worried about her son who is in the Navy. He was in an auto accident and is in the hospital, though his condition is not too serious. . . . Congratulations to Harry and Joyce Dull, who have a new boy at their house who answers to the name of David Carl. Mother, father and son are all doing as well as can be expected, he being their first. . . . Hazel Stauffer was admiring some jewelry recently and said, "My, aren't those two earrings and pin pretty." Wonder if she ever heard of anyone receiving just one earring? . . . We wish a speedy recovery to Pappy, Helen Struver's husband, who is a patient at the Clinic Hospital at Bluffton. . . . Evelyn Skelton was so happy to be back on her old job that she got so hot that her hair caught on fire. No kidding, Bob Bloeker was a hero when the sparks fell and landed on Evelyn's head. . . . Margie Ogden spent the week-end in Chicago visiting relatives. . . . Sorry to know that Dorothy Hoffman's mother is still on the sick list and has been taken to the St. Joseph hospital. Hope she gets well real soon. . . . Hazel Niswonger was still celebrating her birthday Monday. She was wearing one of the red roses her husband gave her for a gift. . . . Ray O'Brien is pretty light and fast on his feet when the traffic is thick on Broadway. . . . Emily Neirman locked

the storm door on the porch and went to bed feeling that everything was securely locked. Imagine her surprise when the next morning it dawned on her that the windows were all out of the porch and the locked door wouldn't have kept anything or anyone out! . . . Emery Tucker must not be a very good painter as he had to paint the ceiling twice. Of course, he blamed it on the paint. . . . Sam Taylor is saving for old-age as he goes clear to Monroeville to get a hair cut because it is a bit cheaper. Why don't you go to John Figley's basement, Sam? He would cut your hair for half price. . . . John Figley must have overslept Saturday, because he missed his ride with Herb Black. . . . Bill Schultz was sitting between two good looking fellows at the Union meeting and everyone thought they must have been from the East because they weren't recognized at first. On closer inspection, they turned out to be Herb Black and Joe Dibert. . . . Howard Hubbard, now known as "Short Stubs," is singing at a local night spot. We don't know if it is Howard's singing or the lady on the trapeze who is drawing the crowds. By the way, he is looking for a small horse as he wants to work up a western act. He is planning on taking Hank Williams' place in the entertainment world. . . . It would have been much cheaper for Freeman White if he had hired a carpenter to put the covering on the eupboards, as his hammer slipped and he had to go buy a new sink. . . . Walt Konow's son is home from Korea and everyone is very happy. . . . Barbara Smith must be getting pretty good at this "fencing" as she was picked to "fence" with the instructor. (We won't say who won.) Anyone wishing instructions contact Barbara on 2270, as she is thinking of turning pro.

SLEEPY TIME GALS

Taylor St. Sec. 17 third trick
by Jeanne Gabourie

Marilyn DeBolt is the best welder we have. In a discussion the other night we decided it was because she was in her second childhood. But Herb still wonders why she does not make pool. (Could be she's asleep.) Herb, Marilyn says she is going to charge admission the next time you bring someone around to watch her weld. . . . There are two types of girls on our table. Jeanne, who is so quiet you never hear a word from her, and Pauline, who yells "Neva" so loud you can hear her at the Broadway plant. . . . We can't figure out if Herb talks persuasively or softly, but one of his listeners the other night fainted. Who do you suppose it was? Did you ever have anybody swoon for you before, Herb? . . . Mary Foster's little seven-year-old son got all dressed in his Easter clothes ready for Sunday School. As he looked in the mirror for a final inspection he remarked, "Gee, Mother, if I didn't have those two front teeth out I'd really look sharp." . . . We are wondering why Lois, Pat, and Neva have signs reading, "God Bless our Mortgaged Home!" It was Lois's idea so you had better ask her. Lois says she can't resist a bargain. One week they were \$1, the next week 75 cents, so Lois bought them. Of course, yours truly had to have one, too, even if my house isn't very big. . . . Happy birthday to Amber and a belated one to all the girls who had one before we rated a spot in the GE NEWS.

ECHOES

from Bldg. 19-2

by Fred McIntyre

Anyone owning an electric hedge clipper contact Glenn Bice who says he wants to use one on his beard the next time he shaves, which, if he doesn't weaken, will not be for several months. His residing community of Harlan is celebrating a Centennial then and the men are required to grow a beard or pay a fine. . . . Joe Campbell, formerly of Bldg. 19-2, is now attending an engineering meeting in Chicago. . . . Florence Hindman is now a city dweller, having sold her home in Waynedale. She now resides at 3606 Avondale Dr. . . . Three canaries in the persons of Vi Trammel, Catherine Eekenbarger, and Nell Parr got their feathers wet when the bird bath erupted prematurely. But, Lawrence Pequignot was on hand to assist them in preening with an air hose.

A big hand for the GE Club entertainment committee! The Spring Revue was tops. . . . CUPID KNOTS: From all the newlyweds we would almost think it was June in April. Our "we wish you happiness" mat is out for Lowell Voitot and Shirley Ritter. Also, Robert Benedict and Mildred Bradtmueller; Johnny and Mary Foster. Mary didn't have to learn to write a new name. . . . Belated birthday greetings to Margaret Stuck. Hope you have many more of them. . . . We bid farewell to Jim Lewis and Deane Parker. They both are working for Uncle Sam. Jim is in the Army and Deane is in the Navy. . . . Mildred Melvin spent Easter week-end in Liberty, Ind., getting acquainted with her new niece. She is aunty for the first time and quite happy about it. . . . Ethel Bell visited in Akron and Columbus, Ohio. . . . Esther Reiter spent last week-end in Minnesota. . . . Lucy Alexander dropped her clock card in the box on Thursday. Mixed up on the days? . . . Helen Lewis didn't know which day it was either. . . . Ellen Williamson received a beautiful corsage of orchids from her husband, who is stationed in Hawaii. . . . Ruth Limenstahl lost a bout with a stator. She has a fractured toe to show for it. . . . When a section of the fluorescent lights came loose, we found out that when Therlene Freiburger is frightened she doesn't lose the power of her vocal cords. . . . Did you notice the thumb nail sketch that Jerry Boyee was displaying? . . . Our Elex contact girls wish to thank everyone for the co-operation in the Easter egg sale. . . . Glad to see Virginia Henry ringing in her clock card again. . . . We wonder where Joe Bell's mind was the other day. He was in the cafeteria eating his dinner, when all at once he decided to sing. Then he had to chase down along the conveyor to get his check stub before paying the cashier. . . . If Alberta Foulks looks sleepy blame it on the new TV set. . . . On our sick list is Marilyn Yates, Betty Brown, and Sadie Hudlow. We wish you a speedy recovery. . . . We extend sympathy to Mildred Huntington on the death of her father-in-law.

GE Pay goes Up!

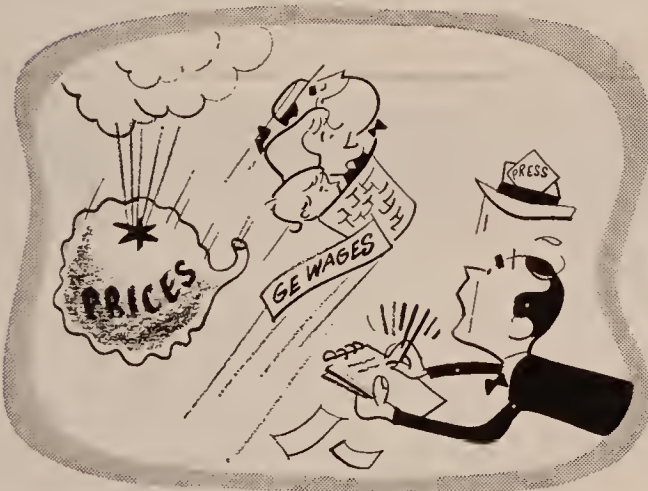

1. It's **NOT NEWS** when wages and prices go up together. (For two years after the beginning of the Korean War, wages and prices soared to all-time peaks.)

2. It's still **NOT NEWS** when wages and prices go down together. (Declines in the cost-of-living are bringing some wage cuts for millions under "escalator" contracts.)

Cost-of-Living goes Down!

3. But it's **BIG NEWS** when wages go up—while prices go down. (Although prices were starting down, General Electric pay continued to go up with last fall's wage adjustment. —And GE pay has gone up *again* for some GE employees and can likewise go up again for the rest of GE employees under the new wage increase now available.*)

4. And it's **"BETTER LIVING"** for GE employees and their families. (Lower prices and higher General Electric pay, including the increase available under Offer No. 2, mean that *buying power* (real wages) of GE pay can be more than 8% higher than last July when the cost-of-living reached the all-time peak.)

So Real Wages Rise Two Ways!

* The increase of the "adder" to 10.53%, or higher, became effective as of March 16 for all employees not in union bargaining units. It can become effective on that date for all employees within bargaining units whose unions accept by April 17.

NEW DEPARTMENT SET UP AT WINTER ST.

SELSYNS FOR 3-D—Elmore Hurt, Bldg. 4-3 assembler, turns out a group of selsyns (self-synchronizers), GE's miniature alternators which when hooked up to a pair of regular movie house projectors keep Natural Vision films in synchronization. With the new enthusiasm for three-dimensional films, production of these items has tripled in the Specialty Motor Sub-Department.

'BRAIN' PRODUCTION SOARS

Specialty Motor Employees Help Bring 3-D to Movies

The General Electric Company has come up with an inexpensive system to help movie exhibitors across the nation convert their theaters for handling three-dimensional films.

The GE system consists of inter-connected "brains," or selsyns, which keep two or more projectors operating at the same speed for 3-D projection, or by the flick of a switch permit the cameras to be operated independently for standard film projection.

The demand for these low priced systems has forced Specialty Motor to put extra workers on its assembly lines in Bldgs. 4-4 and 4-3 so that production of selsyns has soared 300 per cent over last year. To date, enough selsyns have been ordered by the movie industry to equip almost 2,000 theaters. They cost about \$100 apiece.

Though there are various methods of creating depth illusion, the Natural Vision technique used in "Bwana Devil" and the newer "House of Wax" has widest ac-

(Continued on page 11)

Supervisors, Foremen Slate Joint Meeting

H. A. MACKINNON TO ADDRESS GROUP

Harold A. MacKinnon, GE vice president and general manager of the Component Products Division, will address a joint meeting of the Supervisors' Club and the Foremen's Association Wednesday evening, May 6, Jerry C. Duryee and Leonard G. Reuss, presidents of the two organizations, announced today.

"Our Growing Business" is the title of Mr. MacKinnon's address to be given at the dinner meeting.

Invitations and reservation cards are being mailed to members of both groups today and Monday. Members should indicate on the reservation cards whether or not they can attend the meeting and return them to Wallace E. Beer, Bldg. 18-1, by Monday, May 4.

The Decatur plant Aeolian Choir, composed of 60 employees and members of their immediate families, will present a half-hour program of popular and semi-classical music. Included in the choir are a barbershop octette, an all-girl choir of 30 voices, a 30-voice men's glee club, and a two-piano team.

Insulation Unit Decentralization Effective Monday

Effective Monday, the operations of General AC Motor's insulation unit will be decentralized and each of the five departments of the Fort Wayne plant will handle its own insulation manufacturing, Lisle Hodel, GAC general manager, revealed today.

When decentralization began in Fort Wayne General Electric last year, the wire and insulation subsection became a part of GAC's contributing manufacturing section.

Prior to this, insulation activities were a part of the Works Service Department. They have been located in Bldg. 12-B and 12-3 until the present split. Products of this unit include mica and paper insulation.

In further breaking down oper-

(Continued on page 11)

Mayes Appointed General Manager Of Small Integral Motor Business

Establishment of a Small Integral Motor Department at the Winter St. plant and the appointment of Thorn L. Mayes as general manager of the department was announced today by W. C. Wichman, vice president and general manager of the Industrial Power Components Division. The announcement becomes effective Monday.

Thorn L. Mayes

The new department will have responsibilities for standard and derivative lines of polyphase induction motors 1-5 horsepower.

The move is the first step in the transition of the operating functions and responsibilities of a Small Integral Motor business from the Motor and Generator Division of the Apparatus Group to the Industrial Power Components Division of the Industrial Products and Lamp Group, Mr. Wichman stated.

Origin of the new business was August 27 last year when Winter St. was designated as the site of a long-range Small Integral Motor Planning Study. The study is being dissolved as of Monday, Mr.

(Continued on page 4)

Suggestion Awards Hit All Time High in March

2500 Ideas Submitted for 1st Quarter Average Award of \$19.65 Sets Record

Suggestion awards reached an all time high in March with \$5,401.70 paid to 293 Fort Wayne employees during the record month, A. C. Hartman, secretary of the suggestion system revealed today. The quarterly report on suggestion activities for the first quarter of 1953 shows that 2,500 suggestions were received during this period. The average award of \$19.65 per suggestion also sets a new record, Mr. Hartman said.

Top honors for the year still go to Harold M. Braden, Bldg. 2-2, whose three adopted suggestions have earned him \$1,085 so far this year. His latest award of \$85 was for a suggested change in material.

Margie Ulrich, of Specialty Sub-Section 17 at Taylor St. earned \$330 for suggesting an improved test and inspection routine. Lloyd Brown, Harold Traxler, and George Ealing, all of the Large Motor and Generator Department, shared an award of \$525 for improving winding methods.

Velva Smith and Arthur Fisher, both of Bldg. 4-5, received \$325 each for their ideas to improve winding methods. Elmer Koelinger, Bldg. 4-4, suggested an improved heat run and test operation which

FACTS ABOUT CANCER!

KNOW THE DANGER SIGNALS

1. Any sore that does not heal.
2. A lump or thickening in the breast or elsewhere.
3. Any change in a wart or mole.
4. Persistent hoarseness or cough.
5. Unusual bleeding or discharge.
6. Any change in normal bowel habits.
7. Persistent indigestion or difficulty in swallowing.

YOU HELP FIGHT CANCER through YOUR GIFT

To the UNITED FUND of Allen County

We hear from a reliable source that Bill Miller is making considerable headway with the blonde that is hanging around his bench. This true, Bill? . . . Ed Englert, our so-called inspector, is in trouble again. He okayed some coils without calling Mr. Schurenberg. All were wrong again. I think you know who gave me this bit of news, don't you, Ed? . . . Does Lawrence Kleven have to make so many trips out of test? Or, maybe he's on guard duty, who knows. Anyway, Western Electric would like to know. . . . We would like to wish a speedy recovery to Helen Ritter, who is recovering from an operation at the Lutheran hospital. . . . Mr. Schurenberg's wife has been ill. Hope she recovers soon. . . . "Private" Cliff Thompson received a phone call recently. Pausing he said, "Yes Sergeant Thompson." It seems that the Sergeant is Cliff's wife. Oh well, you know that old saying, Private. Some people have it and some people don't. . . . The girls in the office had supper at the Victory Club Thursday evening for Tubby and Betty. We hate to lose you two, but good luck. . . . Also, good-by to Dick Rump. Today is his last day at GE. . . . Pete, I just couldn't pass this by. That picture in the Sunday paper a few weeks ago was really cute. No kidding, that high stiff collar really did things for you. . . . Congratulations to Gale Hull. He

was married Saturday, April 11. . . . If you should be walking from one end of Bldg. 26-4 to the other, and you hear something that faintly reminds you of singing, think nothing of it. It is only Buz Hizer, Minnie Mennewisch, George (Walter Winchell) Englert, and Dave Manning who think they are a Barber Shop Quartet.

Oh boy, is this office ever strutting around now since Herb Koch put us on the map. We are seriously thinking of charging admission to the office. . . . A happy return to Howard Schultz, who is back after having cheated his children out of the mumps. Anyway, Howard looks quite normal again. . . . Toot, toot, honk, honk, make way! Here comes Dorothy Mills in her new car. Of course, we are only kidding for Dorothy is a very good driver. . . . If Dorothy Askren looks a little tired lately it is because she has been trying to sandwich her dates between her overtime. Vacation can't come too soon for her. . . . The guy walking around in his sleep was Ralph Arney. You see Ralph works the second shift, but Saturday he came in on first. We were about to take up a collection to buy him a white cane. . . . Barbara Houser works the first shift and her husband works second. So, they bought a parakeet to keep them company. The little bird flies better than he talks. Maybe you don't say the right things to him, Barb.

Cordiner Tells Shareowners GE May Produce 4-5 Billions In Goods and Services in 1961

The General Electric Company, which reported record sales of \$2,623,888,000 in 1952, "could well be called upon to produce between four and five million dollars worth of goods and services in the year 1961," President Ralph J. Cordiner told share owners attending the Company's annual meeting in Schenectady Tuesday.

His estimate, he said, was measured in terms of 1952 dollars and was based on the pre-

diction that the electrical manufacturing industry's percentage of the gross national product would increase from 4.1 per cent last year to 5.75 per cent in 1961. "We believe the electrical manufacturing industry will grow more than twice as fast as the remainder of the economy during the period from 1952 to 1961," he said.

Mr. Cordiner reported to the share owners that the Company's backlog of orders for capital goods, including defense products, was the highest in history totaling \$3,325,000,000 at the end of 1952 as compared to \$2,129,000,000 in the previous year and \$1,016,000,000 in 1947. He pointed out that the ratio of unfilled orders to sales volume has remained about the same for several years, but cautioned that in any down-turn of the market it could be expected that some of this backlog would disappear or be deferred.

Expansion Expenditures

Declaring that General Electric intends to spend more than \$500,000,000 for expansion in the next three years to bring its postwar expenditures for new plant and equipment to \$1,100,000,000, Mr. Cordiner emphasized that the expansion program was based fundamentally on estimates of the requirements of a growing civilian economy. "In recent discussions about fluctuations in the stock market, the unfortunate term 'peace scare' has been used. Any promises of peace in Korea and throughout the world should be wholeheartedly welcomed. Industry has a growing job to do even if we are fortunate enough to arrive at the point where our defense job can be cut back." Expenditures for expansion are expected to be \$168,000,000 this year, \$177,000,000 in 1954, and \$162,000,000 in 1955, Mr. Cordiner said.

In his report to the share owners, Mr. Cordiner revealed that General Electric had increased its manufacturing floor space nearly 20 million square feet in the past seven years or by an amount equal to about three-fourths of the Company's total facilities in 1941. Present manufacturing facilities, he said, amount to 58.9 million-square feet.

Provide Development Facilities

In its expansion and modernization program, the Company has included major projects for advanced engineering and development laboratories in various parts of the country. "We must continue to provide development facilities of this kind if General Electric is to continue in the forefront of research and engineering," he said. "Additional laboratory, development and test facilities are already planned for turbines at Schenectady, for large motors and generators, for large power transformers at Pittsfield, Mass., for Carbonyl at Detroit, and major appliances at Louisville. He pointed out that the ratio of plant ex-

penditures to total sales volume for the next three years is expected to be about four to five per cent.

"It is our belief that our continuing program for new and modernized plant and equipment is in our long-range interest and in the interest of the economy as a whole," Mr. Cordiner said. "By doing everything in our power to grow with the economy and to increase the use of electrical products in other industries, in commerce, in transportation and in the home, we are making a decided contribution to a continuing higher standard of living and to the maintenance of a sound economy."

We are embarked upon a policy of growing new businesses from within. We are not growing larger by buying other businesses. By our concentration on research and engineering development we are constantly adding to the stream of new and wanted products and services. We are constantly bringing out new and better products which render so much more in service that our customers will insist upon having them."

General Electric's defense business, Mr. Cordiner reported, was about 30 per cent of total sales in 1952 and is now expected to be about the same this year. He stressed that this business consists mainly of items which are difficult to make and are highly technical in nature. "They are items towards which we believe we can make a definite contribution and which we believe others are not equipped to make as well or at all," he said. For this reason, he added, General Electric is engaged in defense business which would be the last to be discontinued in any general paring down of the national defense program.

Remarks on 1st Quarter Earnings

"In the first quarter of 1953 sales of products and services to customers were \$777,819,000, an increase of 39 per cent over the \$560,557,000 for the similar period of 1952, which is the highest first quarter in the Company's history. Earnings rose to \$45,849,000, of \$1.59 per share, for the first quarter of this year contrasted with \$29,024,000, or \$1.01 per share, for the corresponding period of 1952, an increase of 58 per cent.

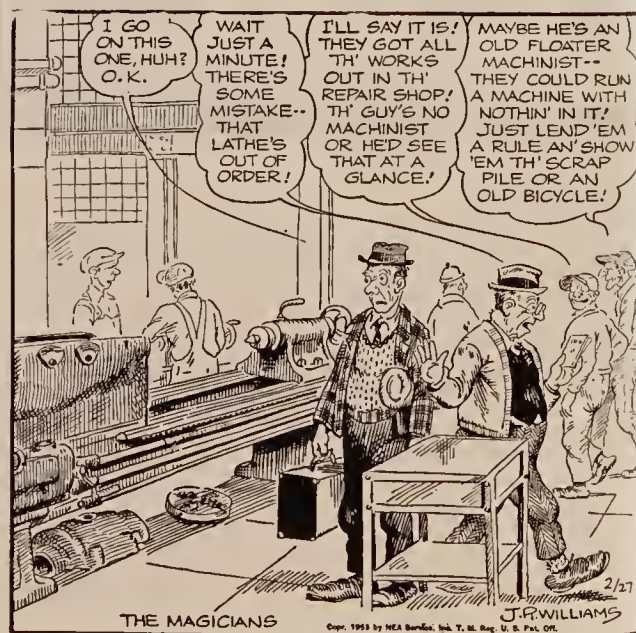

"I wish to specifically call your attention to the fact that this rise in profits is due to an increased volume of business and to the fact that the first quarter results this year were based on the present tax law with excess profits taxes computed at one-half the 1952 rate. If the excess profits tax is extended at the 1952 rate, earnings for the first three months of 1953 would be reduced to \$33,849,000, or \$1.17 per share, or, in other words, we would require approximately \$12,000,000 additional for excess profits taxes.

"Your management is far from sanguine or elated with the earnings for the first quarter of 1953, as they represent but 5.9 per cent of the sales dollar, and for the four years 1937 through 1940 the attained amounted to 13 per cent in ratio to sales billed and as recently as 1950 the earnings were 8.8 per cent of sales billed."

GE VETS PLAN ANNUAL SPRING BANQUET

Group Slates Election of Officers For Saturday, May 2, Program

Members of the General Electric War Veterans Association will conduct their annual spring banquet and election of officers Saturday, May 2, at the American Legion Post 47, Roy Brower, acting president, announced today.

Beginning at 6:30 p.m., the banquet will include a program

GE Inventors To Receive Share Of Common Stock

A change in the amount of awards presented employees for whom patent applications are filed by the General Electric Company has been announced by Donald L. Millham, comptroller.

One share of General Electric Common Stock will be given each employee who signs a patent application. When two or more employee-inventors sign a patent application, each person is eligible for the new award. The change became effective April 1, 1953.

Approved by the advisory committee, the new award system eliminates the former one under which \$25 was given each employee whose patent application was filed with the U. S. Patent Office by the Company.

At the time the employee signs the application, he will be given a Certificate of Stock Award notifying him that the stock certificate will be mailed to him.

Since the change went into effect, three Fort Wayne plant employees have received the new awards. Paige W. Thompson, Bldg.

of entertainment. Tickets for the annual event are \$2 per person and may be secured from contact men. Candidates for the six offices are:

President

Robert Turschman, Bldg. 2-2.
Dewey Parkinson, Taylor St. Wire Mill.

First Vice President

Roy Brower, Bldg. 4-4.
Walter Bloomberg, Bldg. 4-3.

Second Vice President

Robert Johnston, Taylor St.
Roy Ogdon, Bldg. 4-1.

Secretary

Larry Suelzer, Winter St.
Phillip Lydy, Bldg. 17-4.

Treasurer

Herb Koch, Bldg. 2-2.
Carl Rehling, Bldg. 20-2.

Director—3-Year Term

Mahlon Grubbs, Bldg. 17-1.
Harry Feaser, Bldg. 10-2.

Members of the nominating committee in charge of this year's election are: Ed Martin, chairman; George Ellison, Robert Fry, Fred Crickmore, and Irvin Zollinger.

4-6, and "Albert" L. Olson, Bldg. 4-4, each received a stock certificate for their joint patent application. Both are Specialty Motor Sub-Department employees. E. J. Zelt, Bldg. 26-2, is the first Specialty Transformer and Ballast employee to receive a new award for his invention, the application for which was filed this month.

Elex Members to Fete Mothers At 'Paris in the Spring' Parties

"Paris in the Spring" is the theme of the two Mother-Daughter parties slated by the first and second shift Elex Club members the first week in May, Roqua Wibel, president, announced this week.

First shift members have scheduled Thursday, May 7, as the date of their annual event for their mothers. Beginning at 8 p.m., the party will be conducted at the GE Club auditorium.

Lloyd La Vaux, "The Poet of the Accordion" has been booked for the program. The nationally-known accordionist has presented concerts and programs in hotels, concert halls, theaters and on many radio and television programs. In New York City, he has appeared at Carnegie Hall, Hotel Statler, Waldorf-Astoria, Hotel Astor, Manhattan Center, NBC radio and TV stations and on the Dumont Television Network. He has been widely acclaimed by critics in many of America's larger cities.

Price of the meeting is 50 cents per person. Reservations should be made with contact girls by Thursday, April 30. Dessert will be served at the meeting and each mother attending will presented a gift.

Second shift members will also feature the country of France at their meeting honoring their mothers, Tuesday, May 5 at the YWCA. The luncheon will begin at 12 o'clock noon. Gifts will be presented at this meeting also and a variety program has been planned.

The luncheon is \$1.25 per person. Thursday, April 30 is the deadline for securing reservations from the contact girls.

Both parties will feature the theme of the meeting in decorations. Paris is another of the

To Entertain Elex Mothers

places to be visited by persons making the Elex sponsored European Trip this summer during vacation shutdown.

ON AIR FROM HOME SHOW—Hilliard Gates (center) broadcasts his "Gatesway to Sports" radio show sponsored by General Electric from GE's booth at the Home Show, currently underway at the Coliseum. Listening to the 6:15 p.m. sportscast are R. A. Chatterly, Bldg. 26-2, Jim Capps, of special events committee in charge of tonight's home workshop night, and R. F. Rowe, general chairman of the annual Home Show.

SEEN AT THE GE BOOTH—GE employees working on Home Show committees get together at GE's booth during the evening. Looking at an antique GE fan manufactured in Fort Wayne are C. D. Pease, member of the Home Show board of directors in charge of publicity; Jim Capps; Fred Meyer, in charge of traffic flow at the show, and R. M. Chatterly, of the GE booth committee. The show will be open tonight at 6 p.m. and from 12 noon to 10 p.m. Saturday and Sunday.

SIX EMPLOYEES GET WISE OWL AWARDS

'TWIRL WHIRL' TOMORROW—Working on last-minute arrangements for the Elex square dance, "Twirl Whirl," to be staged tomorrow night at Gerke's Hall are the six committee chairmen (l-r): Donna Bauermeister, Grace Collins, Maxine Root, Geraldine Schmidt, Roqua Wibel, and Jane Yergens. Tickets for the dance, which is open to the public, may be secured at the door beginning at 9 p.m.

New Departments

(Continued from page 1)

Mayes was appointed manager of Small Integral Motor Planning at that time.

During the period since the initial move last year, a manufacturing pilot line has been set up for the manufacture of standard polyphase motors, Mr. Mayes reported. This line will be converted to handle derivative lines and additional manufacturing facilities and equipment will be installed to handle the regular lines, he added.

At present an external and internal renovation program is being conducted at the Winter St. site. Manufacturing facilities will be enlarged and located on the second floor of the building. Rearrangement and refurbishing of offices are scheduled for completion this year.

In conjunction with the establishment of this business, four op-

erating sections and section managers have been announced by Mr. Mayes. These are listed on Page 7 of this issue.

Mr. Mayes came to the Company in 1927 and entered the Test Engineers program. After completing assignments at the Schenectady and Lynn River plants, he transferred to the Oakland plant in 1930 and served on motor design and application for 12 years. During this same period, he served also as an application engineer in several western states.

In 1942, Mr. Mayes was designated engineer and superintendent of the Oakland Motor Section. He was appointed works engineer for the Oakland and San Jose operations in 1947. After returning to Schenectady in 1949, he became assistant to the manager of engineering, Apparatus Department.

Later, he moved to Lynn as assistant to B. A. Case, manager of engineering, Small Apparatus De-

partment. In 1950, Mr. Mayes was appointed manager of the Lynn Motor Engineering Division. Last year, he came to Winter St. as manager of Small Integral Motor Planning, which was his position at the time of his present appointment.

A graduate of the University of California, Mr. Mayes received his BSEE degree in 1927. He is a member of the AIEE, ASME, GE Squares, and Foremen's Association. He is a registered professional engineer.

Mr. and Mrs. Mayes, who have two children, live at 4108 Hiawatha Blvd.

KINDLING AVAILABLE

Kindling orders are now being taken at the Employee Store, Ray Fischbach, store manager, said today. Price is \$2 per load.

Six GE employees were among the workers of Fort Wayne industry who were recipients of Wise Owl awards at the concluding session of the 1953 Northeastern Indiana Safety Conference and Exposition Wednesday evening at the Chamber of Commerce.

The six men are: Ward Hull, Sub-Section 17, Taylor St.; John Bell, Bldg. 20-1; Orville Johnson, Bldg. 26-4; Ed Klomp, Bldg. 17-4; James Parker, Bldg. 2-2, and Monroe Fuhrman, Sub-Section 13, Taylor St. This was the second award presented to Mr. Parker and Mr. Fuhrman.

Presented by the Industrial Safety Committee of the Chamber of Commerce, the awards were given those who have saved their eyesight during the past year by wearing protective equipment. James E. O'Neil, director of industrial service, National Society for the Prevention of Blindness, New York City, made the presentation.

Approximately 70 Fort Wayne GE employees connected with various phases of safety attended the two-day convention sponsored by the Industrial Safety Committee.

Partizan to Tour Ohio Woolen Mill

Partizan Chapter members will journey to St. Marys, Ohio, Monday, April 27, to tour the St. Marys Woolen Mills, Myrtle Bennett, chairman, announced this week.

Leaving at 8 a.m., the group will make the trip by special bus. Those taking the trip should be at the Greyhound bus station at 8 a.m. Monday. In addition to touring the mills, the group will have luncheon and visit the sales offices and view displays there before returning to Fort Wayne in the afternoon.

Last-minute reservations may be made by contact Mrs. Bennett on H-01872. Price of the trip is \$1.50.

Safety Shoes Save Mover Crushed Foot

A safety shoe saved Richard Miller, Bldg. 20-1, some crushed toes last week when Miller put his best foot a little too far forward.

Miller, a second shift machine mover, was helping move a flywheel for a punch press on a hand-operated industrial truck. While attempting to take it from an elevator, the truck came down on his foot and crushed the steel cap in his safety shoe. The cap was so badly bent it had to be returned to the Employee Store for repairs. And Miller's foot? As good as always, thanks to his safety shoes.

voices. Professor Gustave A. Lehman, head of the music department at Colgate-Rochester Divinity School, will conduct the massed choir. Jack Ruhl will serve as organist for the occasion.

Begun in 1949, the Festival was organized by a group of organists and choirmasters.

AEOLIAN CHOIR TO TAKE PART IN MUSIC FEST

Members of the 60-voice Aeolian Choir of the Decatur plant will travel to Fort Wayne Sunday to participate in the fifth annual Westminster Choral Festival, David C. Embler, director, announced this week.

Beginning at 7:30 p.m. Sunday, the Festival will be presented at the Zion Lutheran Church, Creighton and Hanna Sts. The program is free of charge and the public is invited to attend.

Mr. Embler, who is serving as general chairman of the 1953 Festival, announced that 10 choirs will appear individually and also combine to form a choir of over 350

Mylar—Polyester Film

Glyptal Varnish

Neoprene Leads

New Miracle Materials In Form G Insulation

GAC USES MYLAR, GLYPTAL, NEOPRENE IN NEW CONCEPT OF MOTOR DESIGN

Out of the laboratory test tubes and onto production lines of General AC Motor Sub-Department, three new materials have traveled to provide insulation for the Form G motor.

With trademark names which make the materials sound like something from another planet to the average individual, these new materials are Mylar, Neoprene, and Glyptal. However, their characteristics are very down to earth and essential to the insulation system of the Form G motor.

Each of these has made its debut on GAC assembly lines since the beginning of production of this entirely new concept in motor design last year.

The most recent one, Mylar, is DuPont's new film product. This material, which is used for Form G phase, slot, and wedge insulation, is being considered for many other uses by the DuPont Company. In a different form the same film being handled by GAC employees for stator and winding insulation may become storm windows, recording tape, a thread for yard goods.

Its advantages as an insulation are its ability to withstand high temperatures, moisture, and high voltage. It also requires less space than other forms of insulation and requires no anti-fungus treatment. Its present disadvantages of higher cost, harder to handle, and less available are temporary conditions caused by the newness of Mylar and will be eliminated as its development continues.

A General Electric manufactured braidless material, Neoprene is a synthetic rubber composition applied to wires which become the

leads used by GAC production workers. Adding color to the motor as it moves along the stages of manufacture, the seven different colors of the leads have been provided to aid employees in identifying different sizes and placement. Essential for the job they perform, the Neoprene leads are smaller than former ones, oil resistant, need no anti-fungus treatment, and do not fray.

The various color leads also aid the customer in connecting the motor.

A tile red liquid, Glyptal, like product. Delivered in large barrels, Neoprene is a GE manufactured this insulating material is poured into large tanks where stators are dipped in it and baked until the liquid dries to a hard finish.

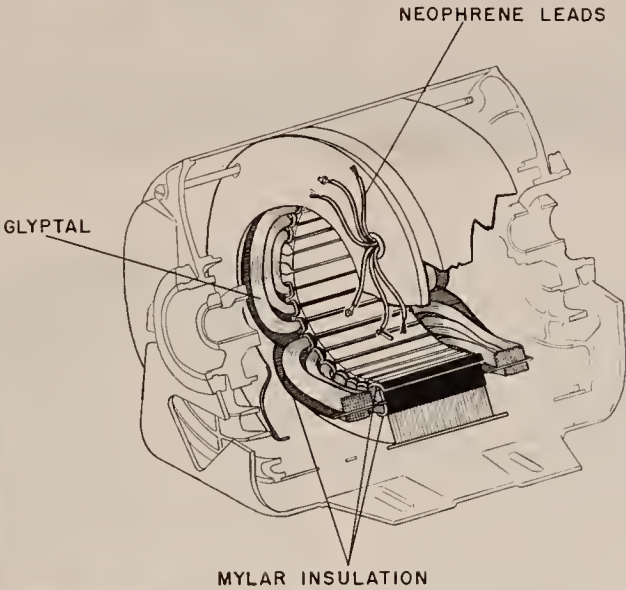

Formerly used in motor production, the Glyptal being used on Form G motors is a new material. Its name is one given many different types of insulating and finishing materials produced by GE laboratories. Generally used as a primer, Glyptal, like the other insulation used in Form G has been selected for the use because it is the best available material.

The measure of a man's real character is what he would do if he knew he would never be found out.—Macaulay.

APPRENTICE BROADCAST

by James Bird

Glad to have James Schwartz back from Bldg. 19-5. . . . Two of our fellows have just returned from Korea, they are Dick Gottschall and Don Konow. Welcome home. . . . A new face this week is Bob McDaniels, who is taking some advanced training here in the school. . . . Have you ever heard of someone stealing school books? Well, Max Poling was the unlucky fellow who was relieved of his. Someone took them out of his car. That's one way of getting out of home work. . . . Welcome back to Dick Arnold, one of the drafting apprentices who had an operation and has been on sick leave a couple of months. . . . Announcing a new course. The instructor will be Dick Reinking, and the course will be on the care and use of "Taps." Dick, you sure picked a good time to bust them. . . . We are very sorry to hear that Bob Barnes' father is ill in the hospital at Marion. Hope he will be well soon. . . . Brother Brandt is trying to apply mechanics to his favorite pastime. He is trying to change square dancing to more of a mechanical dance. Sure hope it works out, Carl. . . . Congratulations to Bob Taylor on his new Chevy. . . . There was a little excitement Friday when a gear shaper motor caught fire. . . . Harvey Springer has had trouble working this week so he has put a battle flag on his machine. Does it help any, Harvey?

The Grapevine
by Ruth McBride

Those bulging pockets of George Belchner hold the overflow from his lunch pail. He just can't get enough food in his pail, so he fills his pockets. He still says he's on a diet! . . . The new girl on second trick in Bldg. 2-E is Jane Crissmore. Most of you will remember when she worked in Bldg. 4-1 and more recently in Bldg. 6-2. . . . Our congratulations to Mr. and Mrs. Robert Hetherington on the arrival of an 8 lb. son, Clifford David. The proud father works in Bldg. 17-1. . . . The boys in Bldg. 4-1 are going to buy an alarm clock for Avery Spade so he'll have something to remind him to shut off the water when he fills his machine. Yes, he ran it over again. . . . It was with a deep sense of loss that we heard of the death of Harry Greider. Harry worked for many years in Bldg. 2-E and was just recently retired from that department. Our sincere sympathy to his family. . . . Ralph Beerman, Bldg. 17-1, being an expert horseman, was teaching his 4-year-old son to ride his new pony. The steed shied, Ralph let go of the boy and grabbed the pony. Result, one boy on the ground. Luckily he was unhurt and still thinks his father can teach him to ride. . . . Norman Burkhalter has been getting his haircuts from Basil Ottinger. . . . Our sympathy to the Ed Caley family on the death of his father. . . . Fred Schaaf, retired, has undergone surgery at the Lutheran Hospital. Perhaps some of you would like to send him cards. . . . Lawrence Fuller and George Belchner are giving Hugo Wengert some competition on his mousetrap. They're using slingshots. . . . Another candle on their birthday cakes for George Bear, Carl Fisher, Harold Harlan, Henry Wichern, Howard Hoffman, Clifford Dowden, and Levi Mercer.

Happy birthday, fellows. . . . Carl Fisher put in a new lawn at his Oliver Lake cottage. Now he spends his week-ends driving off the flocks of coot who think he planted the grass just for them. Miner Merriman says Carl needs a coot hound! . . . Congratulations to Mr. and Mrs. Ray Epperson, who celebrated their 26th anniversary on April 14. . . . Bill and Mrs. Schwise spent last week-end in Louisville visiting Bill's sister. . . . Our sympathy to Howard Koehl on the death of his father, George Koehl, and to Cecil McCall on the death of his mother.

OVER OUR WAY

in 19-1

by Clara Volz

HONESTY IS THE BEST POLICY: Magdalene Perry lost her billfold on the bus the other Friday night, check and all. Some unknown lady found it and gave it to the bus driver. Our hero of this story, Bob Norton, heard the driver mention Maggie's name. He said that he knew her and would return the billfold to her. So, Bob informed Maggie that he had it. When he gave it back he wouldn't take any reward for his kind deed so Maggie said the cokes were on her all week. Note: This means for Bob only. . . . Roger Paxson has left us to work in Bldg. 19-2. Jim Fett will replace him. . . . Charlie Fisher seems to have quite a few nicknames. Two that I can mention off hand are "Kingfish" and "Sugar". Maybe cause he's so refined? . . . I hear from reliable sources that Lloyd Grider is quite a singer besides being a whizz bang golfer. . . . The day wouldn't seem right without Smitty's friendly "Good morning"; Leo Lambert's "how you all"; Tom Macy's nice grin; Warren Wickliff's big smile for us little old office gals, and Ed Marchand's hearty laugh. These are just a few characteristics of the gang. More coming up later.

RETIREMENT GIFT—Harley Beery (center) gets best wishes all around from a group of his co-workers on his last day at GE before retirement. Left to right are Carl Steinbacher, Delphia Williams, Mr. Beery and Fred Crickmore. Mr. Beery had worked for GE since 1915 and was employed in Bldg. 4-B before retirement.

G-E DEATHS

John W. Trinen

Rites Held Saturday For John Trinen, 75

Services for John W. Trinen, 75, who died Thursday, April 16, were conducted Saturday, April 18, at the Tom Mungovan Funeral Home by the Rev. Robert Yunker. Mr. Trinen died at his home, 4330 Drury Lane. Burial was in Lindenwood Cemetery.

A retired GE employee, Mr. Trinen came to the Company in 1916 as a punch press operator in Bldg. 26-1. In 1919, he became a truck driver. Prior to his retirement November 1, 1946, he was a punch press operator in Bldg. 26-B. Mr. Trinen was a member of the Quarter Century Club. Last year he and his wife celebrated their 50th wedding anniversary April 19, 1952.

In addition to his wife, Ida, survivors include one daughter, Mrs. Gladys Walker, of this city; one sister, Mrs. Ida Fackler, Chicago; one grandson, Robert Worman, Fort Wayne, and two great-grandchildren.

Q-C Employee Dies In Lutheran Hospital

A retired Quarter Century Club member, Ferdinand Kayser, 77, died Friday, April 17, at the Lutheran Hospital. Services were conducted Monday, April 20, at the Klaehn Funeral Home by the Rev. Fred Heidbrink. Burial was in Lindenwood Cemetery.

Joining the Company in August, 1892, Mr. Kayser was a machinist. In 1912, he moved to Bldg. 17-3 where he was on the same job. Prior to his retirement in 1932, he was an assistant foreman.

Survivors include a brother, Herman, in Germany, and several nieces and nephews.

6-4 AIRLINERS

by ELLEN BAUER

Carol Klinger and Betty Thompson were trying to get in Bldg. 4 one day last week and it seems the door was locked. Who was the railroader that yelled at you, Carol? . . . Margaret Parisot was trying to be nice when she started to pick up a billfold and give it to an inspector and what happens? They pull the string and so no billfold. . . . Glen Archibold is the proud owner of a new '53 Chrysler. . . . The girls on the 30 line want to know if you have any other words that you can say, Moe? All you can say is, "Whatsa got to eat." . . . Joe Detweiler is retiring today and we are sorry to see him leave. . . . Esther Muzilo isn't taking any more chances on unlocked doors. What happened, Esther? . . . Ask Jimmy Zehender what kind of coffee cream he is using. The jar said hand cream. Did it taste good, Jim? . . . Birthday greetings to Lu McCague, Millie Koehler, and Walt Richardson. Walt received a lovely card, but who from is the next question, huh, Walt? . . . Oh yes, Don Greenler had a birthday, too, but he hasn't baked the cake yet. . . . Who was Pondo and Bill Crane singing to the other day? Sure was pretty, boys. . . . Herman Buuck was so anxious to get to work the other day that he got off on the third floor then had to get back on the elevator. Should have the man call the floors next time, Herman. . . . Who has whose furniture is what we are wondering as Walt R. and Dorothy Edgar swapped houses. They still have their own mates.

Spring, spring, beautiful spring. Just wondering if April showers bring May flowers what April snow is supposed to bring. . . . Rose Marie Diem is shoveling the snow off her garden in order to start planting. Esther Johnston has cut some shorts out but is undecided whether to finish them or not. . . . Pearl Machaeles and Marie Johnson didn't sleep a wink the other night and neither did their spouses. The reason? A party for Martha Scherzinger who is retiring. Eleanor Huffman was their chaperone and after the party they went shopping and those grandmas led her a merry chase. So much so that Eleanor ended up in the hospital with a dislocated jaw. Next time don't try to keep up with them, Eleanor. . . . Joan Hartman took her young son Bruce on a shopping trip for a pair of shoes. She had intended buying mesh ones but Bruce threw a tantrum for sandals. Guess who won? He got a pair of each. I'll go on a shopping trip with you any time, Joan. . . . Tom Andrews didn't appreciate the collection the gang took up for a pair of shoes. He really didn't need a new pair, his big toe was just a little dirty from dragging on the floor. Anybody having a spare pair just bring them in. Size or color doesn't matter. . . . Thanks to Roby Garland, 2x36 now has plenty of chairs. . . . Pearl Machaeles sold Jerry Kramer a chance on a GE washer.

He didn't have anything but a five dollar bill and finally after he got change she handed him a flat washer. Wake up, Jerry, these grandmas are really full of tricks. . . . If anyone has any used garters please see Marie Johnston. She bought some snazzy new nylon bobby socks and lo and behold, every five minutes her socks disappear inside her shoes. If you don't have any garters, suspenders will do. . . . Thelma Kouder's son, Don, is being married April 25 to Delores Vexel, a South Bend gal. Best wishes to the happy couple. . . . Joan Armstrong is playing it smart. She breaks a cup every time she washes dishes so Polly Cridder and Vera Sessler won't let her do dishes anymore. . . . The can you imagine department: Esther Weeks without her cheerful greeting for one and all alike. Kit Carson Blowers missing his daily tea without the other two cronies. Victor Wiegand treating the ladies to cokes. Frank Brindle without his hands in his pockets. Victor Timmerman missing his daily cooling off of all in the south end. Toney Mandra without a poem. Jerry Cramer without a practical joke and Walter (Roanoke) Wohlford without his stogey.

SLEEPY TIME GALS

Taylor St. Sec. 17 third trick
by Pat Pepple

Herb Fuhrman decided three of us were resting a little too much the night we missed our 4:30 break because we were late coming back from our 4 o'clock break. We're not saying which three, but Lois Pinkerton, Jeanne Gabourie and I were honored to find him waiting in the aisle for us. . . . By the way, Lois has a new excuse for being late to work. She doesn't oversleep like the rest of us. She has to walk. Why don't you learn to drive, Lois? . . . We see Gerry Lothamer has a diamond. The lucky guy's name is Jerry, too. Best of luck to both of you. . . . If you girls in the winding section want to know where Hiram Walker is when you need him, try looking in the big cage. That seems to be his and Bill Bockerman's favorite hiding place. . . . We asked Gladys Leetch why she always takes her husband away from the rest of the girls to talk to him. It seems one of the girls flirted with him and scared him away. You can bring him back again, Gladys, we'll leave him alone. . . . Maxine Barnett almost had to stay in the car the other night, but we finally pried her loose from the seat. She sat in some gum. Next time you had better look, Maxine. It really doesn't matter as long as you have those five other coats. . . . Aggie Safford bit into her sandwich one night and found a note from her husband. How did it taste, Aggie? . . . Betty Coleasure and Mary Foster are on our sick list. Hope you are both well and back to work soon. . . . A slightly belated happy birthday to Joyce Fate, Jane Bennett, and Marjorie Parsh. . . . Some people can't seem to get to work on time and when they do they burn themselves with a welding torch and try to put out the fire with coke. What's the matter, Bev Foster? . . . Lou Bopp, the marriage counselor, is open for business. She'll solve any and all your problems. . . . Corrine Faulkner tried to get a transfer, but failed. Now she's trying to burn the place down. Carole Doyle, you had better look out, you sit a little close. Of course, Bev can always run down with a coke to put the fire out.

Inquiring Reporter:

WHICH TEAM DO YOU THINK WILL WIN THE AMERICAN LEAGUE PENNANT THIS YEAR AND WHY?

SYLVIA V. CEARBAUGH
Taylor St.

"New York Yankees because they have the best pitcher, a catcher that's hard to beat, and an all-around good team that plays well together. They are a team that loses some games during the season but always are ready to win a pennant. The last four years have proved that."

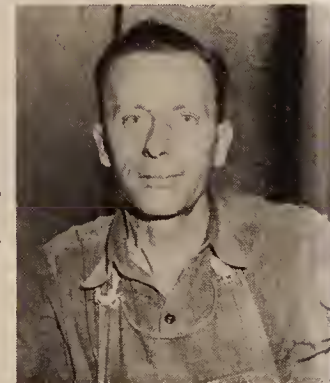

WAYNE ROUSSEAU
Bldg. 17-2

"My pick would be the Cleveland Indians. They have a good ball club and have been knocking at the door to the pennant."

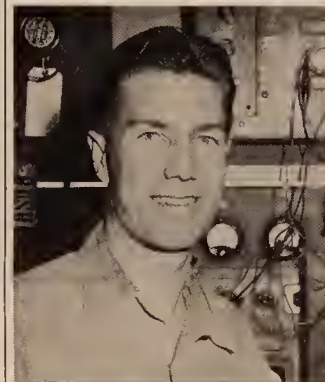

GEORGE W. PRINCE
Bldg. 19-1

"The Yanks. Their line-up is getting old, but their pitching is tops. They have the best catchers and their outfield is very strong."

RICHARD M. BULTEMEIER
Bldg. 26-4

"I think the Cleveland Indians are going to win the pennant this year. With some very good pitchers like Garcia and Lemon on the staff, not forgetting their good hitters, they shouldn't have too much trouble."

MAXINE J. PATTERSON
Bldg. 20-2

"The Yankees! In the first place, they are the money team and can get the best players and have the best record. Also, I think they will win because they have built up such a reputation and have the enthusiasm back of them."

Four New Section Managers Announced For Small Integral Motor at Winter St.

Concurrently with the announcement establishing the Small Integral Motor Department at Winter St., four operating sections and four section managers have been announced by Thorn L. Mayes, general manager. The appointments become effective Monday.

The four sections and their respective managers are:

Marketing Section, L. Dean Fowler, manager of marketing.

Manufacturing and Employee Relations Section, Oscar L. Weitzman, manager of manufacturing and employee relations.

Engineering Section, J. Herbert Behm, manager of engineering.

Financial Section, Martin L. Kresge, manager of finance.

L. Dean Fowler

Mr. Fowler came to the Company in 1923 as a test engineer at the Schenectady plant. In 1926, upon completion of the test engineers program, he entered the sales training course at that plant. Later that same year, he became a student engineer in the Fractional Horsepower Motor Department.

After transferring to the Los Angeles office in 1928 as an FHP specialist, he moved to the San Francisco office in 1942 as a Pacific District motor specialist and commercial representative of the Oakland plant.

In 1944 Mr. Fowler was appointed manager of sales in the Integral Horsepower Motor Section at Oakland. Transferring to the Control Division as manager of marketing in 1950, he came to Fort Wayne last year as consultant on Mr. Mayes' staff and held this position at the time of his present appointment.

Mr. Fowler received his BSEE degree in 1923 from the California Institute of Technology. In 1938 he received his LLB degree from the Southwestern Law University.

Mr. and Mrs. Fowler have two children and live at 1012 Prange Dr.

Oscar L. Weitzman

A native of Fort Wayne, Mr. Weitzman joined the Company in 1906 as a machine operator in the Meter Section. Shortly afterward,

he joined the Apprentice School. After graduation from the machinist-toolmaker course in 1911, he entered the tool room and model shop.

In 1914, Mr. Weitzman was named assistant foreman of the Apprentice Department and in 1919 became superintendent of apprentices. He was assigned engineer for refrigeration tool and machine design in 1928 and continued in this capacity until 1935 when he was appointed superintendent-in-charge of all Fort Wayne Works tool rooms and model shops.

Named superintendent of the Refrigeration Division, Winter St., in 1938, Mr. Weitzman became plant manager of the Winter St. Air Conditioning Department in 1939 and held this position until last year. In the period during World War II, he was appointed to organize and be in charge of the new Power Drive Department, producing gun fire control devices. Last year, he was assigned to Mr. Mayes' staff as manufacturing consultant and held this position prior to his present appointment.

Mr. Weitzman is a member of the Fort Wayne Engineers Club, Fort Wayne Tool Engineers, Supervisors Club, Foremen's Association, and GE Squares. Mr. and Mrs. Weitzman live at 1311 W. Foster Parkway.

J. Herbert Behm

Mr. Behm entered General Electric in 1929 when he joined the test engineers program at the Schenectady plant. In 1931, he transferred to Fort Wayne Fractional Horsepower Motor Department, where he was a design engineer. He was named line de-

signer of special AC motors in 1936.

In 1943, he was appointed assistant section engineer in the Aircraft Motor Section and in 1945 moved to the AC Motor Section on the same job. Two years later, he became assistant division engineer in the AC Motor Division and was appointed division engineer in August, 1949.

After transferring to the Lynn plant in June, 1951, Mr. Behm became assistant to the engineer of the Small Apparatus Department. In October of the same year, he was named assistant to B. A. Case, manager of engineering, Lynn Motor Section, Small and Medium Motor Department. One year later, he became engineering consultant of the Small Integral Motor Planning Study and was in this position at the time of his present appointment.

A graduate of Syracuse University, Mr. Behm received his electrical engineering degree in 1929. He is a member of the National Society of Professional Engineers, AIEE, FWAGEE, and GE Squares. Mr. Behm resides at 2929 Wawona Trail.

Martin L. Kresge

Mr. Kresge became a GE employee in 1941 and entered the business training program at Bridgeport where he was assigned to the Construction Materials Division. From 1942 until 1945, he was a member of the Armed Forces and served in the European Theater of Operations. Returning to the Company in 1945, he performed a variety of assignments in the Wire and Cable Department until 1948 when he was appointed supervisor of accounting in the same department and was a traveling auditor from 1949 until September, 1952. Prior to his present appointment, he was a consultant on Mr. Mayes' staff.

A DePauw University graduate, Mr. Kresge received his AB degree in economics in 1941. He is a member of the Supervisors Club. Mr. and Mrs. Kresge and their three children live at 2246 Hiawatha Blvd.

WITH GE 35 YEARS—Celebrating his 35th year with General Electric, Arthur H. Brandeburger (right) is congratulated by (l-r) Charles Clawson and Russell Adams. Mr. Brandeburger joined GE in 1916 as a machine hand. He now works in GAC Sub-Section 13 at Taylor St.

TAYLOR MADE TOOLS

by Charlie Winans

SURPRISE: After a long absence it's nice having Bill Walde back with us, and Bill Johnson, who was off for quite a while due to illness. Also, Russ (Hot Rod) DeVeny is back after a week of illness, too. . . . Next I want to introduce some of our new help. Thomas McCrae is our latest apprentice boy. Ernest Merriman and Don Schelper on grinders, first shift. Ronald Simons and John Hathaway

We are glad Garnet Zollinger and Mayme Perryman have returned to work after being ill. They are real happy to see their friends again. . . . Loretta Day and Verna Makin look mighty pretty with their new hair-do's. . . . The other week-end when Shirley Freund went to Detroit she told Marge Radu she would stop at her house for breakfast. Well, Shirley didn't stop for breakfast but she did stop and leave a note letting Marge know she had been there. . . . Eileen Kryder showed us some snapshots of their baby. We will all agree,

in the same section on nights. Ivan Voirol and R. Sparks in the Carboly crib. Jesse Ebersole in the lathe section. Clarence Miller on the mills. Russell Clark in the machinist gang. And Keith Mast on the bench. . . . Paul Boedeker was in Chicago the first of the week burning up the alleys in the ABC Tournament. . . . We have another attraction in the group, it's Harold Whonsetler's new blue cap. . . . There is nothing new to report on Curley Boy Sherlock. But Galen (Oily) Gillenwater has an advertising space on the front of his grease wagon that he will rent for a nominal fee.

he is a fine boy, Eileen. . . . The cracker-jack Jim Berry brought in was mighty fine. It sure is funny how hungry the girls get when there is something brought in to eat. Thanks a lot, Jim. . . . We hear Marge Judge's car was hit while driving to work. The car that hit her's was damaged much worse. Lucky, Marge. . . . Barbara Toles is on leave. Now she will have time to watch her chicken that lays an egg but looks and crows like a rooster. . . . One of the girls snubbed Mary Stewart the other day in the parking lot because she didn't recognize the Stewart's new car. . . . Minnie Kendricks is now in the Irene Byron for rest and care. I know Minnie would be glad to hear from any of the girls. . . . Did you know Stanley Nicholson was a musician? When asked what instrument he played he said, "You name it and I'll play it." . . . Welcome to Marian Hellen, Dorothy Gerhard, and Betty McChesler. . . . What's this about Lura Bear's husband blowing his top the other night. Convertible top that is. . . . Francine Nelson has quit to take up household duties. . . . Dot Guiff has a new car, a 1929 Willys. The poor thing had a flat tire in the rain Wednesday evening. Better you should trade it off for a Rolls Royce, Dot. . . . Norma Huff has moved to a new apartment. We will all be up to see Norma the next time we work overtime. . . . Faye Patten is having trouble with housecleaning. Her new rug won't fit.

THE \$TUFF THAT A DREAM HOME IS MADE OF...

Do you dream of owning a home of your own?

One of your friends, a neighbor, or a fellow worker may have turned just such a dream into a reality. How about your own dream? Is it going to come true some day?

It can you know. You can make a start with your dream home program right now by joining the GE Employees Savings and Stock Bonus Plan. In what seems no time at all, as a member of the Plan, you will have accumulated a sizeable amount—an amount which will make it possible to turn what has been a dream into solid walls, trim shutters, and a picket fence.

Under the GE Employees Savings and Stock Bonus Plan, your money will be safely invested in U. S. Savings Bonds that earn a sure return. And by leaving your bonds with the Company over a five year period, you will receive a bonus in GE stock equal to 15 per cent of the purchase price of the bonds. Your ownership of these shares will mean cash dividends for you.

This is the stuff that all dreams are made of—the stuff that can help make your dream home a reality—your savings in the GE Employees Savings and Stock Bonus Plan.

Thought of the Week: "The elevator to success is out of order; take the stairs."—F. J. Freeman.

FORGOTTEN MAN: During the past 20 years the words, "Forgotten Man," became a political expression. We have tried to figure out just what constituted a "Forgotten Man" and the results are confusing. It seems that the local, state, and federal tax systems and the draft boards have located almost every one. However, we now write of a truly "Forgotten Man." The other evening Vera Garber and Elsie Hart were walking out from work. As they neared the street Vera noticed a car parked at the curb. "Looks like my husband came to pick me up," she observed. As they came nearer to the car, Vera remarked, "That isn't my husband and look at him grin at us." They came abreast the car. "Why don't you get in?" Elsie asked. "Not me," replied Vera, "that's not my man." "It certainly is," Elsie informed her. Vera looked; her face turned red. It was her husband—the "Forgotten Man." . . . **PULLING STRINGS:** Mary Ann Walker went bowling with some girl friends. The results were surprising. Mary Ann explained, "The pin boy seemed to like me. He had a string across the alley, and if I didn't knock all the pins down, he would pull the string and upset the rest. Gee, the girls were mad." . . . **STILL FRIENDS:** Pappy Archbold and George Monper get along like cats and dogs. When they meet, insults start to fly. The other day Pappy met George carrying a motor down the street. "Ah! Ha; Stealing motors are you?" Pappy inquired. "You should drop dead," replied George, "this is my antenna motor. It didn't work so I had it checked but it's all right. They figure the fault lies in the control." "That's typical of you," Pappy remarked, "crawling around on the roof tearing down the mast and antenna. Always doing things the hard way, why didn't you

check below first?" "Nuts," was George's only reply. But they are still friends. . . . **LUCKY:** K. L. McDaniels is a lucky fellow. Recently, Alice Rosendahl sold tickets for her sorority, the prize being a \$75.00 suit. Mac bought one ticket and won the prize. Some guys have all the luck.

The urge to hear some recorded music led Earl Mounsey to the home of Cloyd Dellinger recently. While listening to the records, Earl suddenly remembered he also was making a record. A record for washing clothes. Earl had put several pairs of overalls in the washer then went away and forgot them. Say, Earl, after washing your overalls for three hours, was there really anything left of them? . . . The second shift night nurse is Mrs. Leona Omlor, wife of Charlie Omlor, employed in Bldg. 1. Welcome, Leona, and we hope you like us. . . . Belated birthday wishes to Harriet Pollock, who celebrated her birthday April 4. She doesn't say how young she is. . . . Welcome to Vera Geels in the office. If Vera can't "call" square dances I'll bet she can dance. Vera is a sister to Carl Geels, noted square dance caller and teacher of square dancing. . . . If anyone is having trouble waking up in the morning James Jackson has a very unique method, "just sit on your thumb." He guarantees it will awaken you fast and keep you awake, too. I still don't know how it is possible to sit on your own thumb, but probably Jim will be glad to show you. . . . Frances Hitchcock is no doubt the champion cake baker in Wren. She baked a cake for her daughter and believe it or not it was two inches high. Everyone in the office thought she meant each layer but Fran said both layers, and she should know. . . . The Foremen and Supervisors Club Fish Fry of April 17 was attended by more than 35 members. J. K. Eady, chairman, reported that his entertainment of all food and no speeches was well received. Mr. E. W. Lankenau was a guest at the dinner table and the big winner at the card table. George Myers was crowned grand champion fish eater.

IDEA BRINGS \$275—Elmer Koehlinger (left) receives a suggestion check for \$275 for his suggestion for an improved heat run and test operation. Congratulating him on his windfall are C. B. Smith (center) and Les Hubartt. Mr. Koehlinger is employed in Bldg. 4-1, Specialty Sub-Section 19.

GE Club Major Nine Slate First Workout

Top Bowling Team to Get \$25 Prize In Final GE Club Mixed Doubles Event

The Saturday GE Owl League finished the second half with Team No. 1 out in front with a record of 27 wins and 9 losses. Team No. 3 finished second with 23½ wins and 12½ losses. In third place, with 21 wins and 15 losses, was Team No. 7. George Soule converted the 4-7-9 split. Scotty Scott converted the 5-7-9 split. He was awarded the ABC Achievement Plaque, having improved his average from a 79 to 105. Henry Vance kegled a 226 count.

Office

The second half in the Office League ended in a tie between AC and Amplidynes. Bob Knepple, league secretary, announced that a roll-off would be held Saturday afternoon at 3:30. The winner of the roll-off will bowl the first half championship Monday night. Ed Whipple rolled a 215; Frank Schlink, 206; Denton Manecke and Hal Fanning each scored 201 counts; and Dick Kent ended the season with a double century, an even 200 count. C. Briggs converted the 5-7 and the 5-10 split. Ted Ross picked up the 1-2-10 and Clarence Rump the 1-2-4-10.

Transformer

U-I and Autos are tied for first place, each having won 20 games while losing 10. Bells are in third place with a 18 and 12 record. In fourth place is Radios, having won 17 while losing 13. Parlow kegled a 220 and Barker scored a 203.

Small Motor

Two Legs Clothing have surged into the lead with a record of 27 wins and 18 losses. Drafting is in second place, just one game out of first, with a record of 26 wins and 19 losses. Models and Test are tied for third place, each having won 25 while losing 20. John Margerum scored a 214, M. Bennet, 201; R. Seidel, 211; L. Parrish, 204; J. Carey, 203; F. Quinn, 202. Next Wednesday the High-Low Doubles are rolled so come down a little early. Walt Lamboley is handling the entries.

Interdivision League

Kinney Koncession and Old Crown Beer and Ale still remain tied for first place in the Interdivision Bowling League with just one week of bowling left. Kinney Koncession won two games from the Gutterdusters, losing the last game by a mere two pins. Vic

Rump gathered a nice 226 game for Kinney's.

Old Crown Beer and Ale won two games from Harvey Bros. Marc Junk had a 213 game for Harvey Bros., and Noah Kuntz a 210 for the Old Crown boys. Central Dairy downed Kiel's Tavern two games out of three. Transformer took all three games from the Tools. Whitey Lieberenz rolled himself another 200 score. He had a 203. Deadheads won all three games from the Jets. Brouwers won two games from the Hermetics. Doyle Miller had a 201 game for Brouwers.

Apparatus

Team No. 11 is leading the league with a record of 32 wins and 10 losses. In second place is Team No. 10 with a record of 27 wins and 15 losses. Pappy Briggs and Team No. 8, with a record of 25½ wins and 16½ losses, are in third place. Team No. 8 rolled a 973 actual count for the high league single game. Windy Boester scored a big 233 count. Lloyd Parrish, 227; Jus Heaston, 210 and 223; Jimmie James, 214; Joe Laisure, 229; Elmer Weber, 200 and 214; and Bob Knepple, 207. Harold Lehman converted the 4-7-9 split.

Ladies' Monday Night

Holeyrollers won the second half of the Ladies' Monday Night League edging out the Skooters by one-half game. Holeyrollers ended with a 30½ won and 20½ lost record. Skooters had a 30 won and 21 lost record for second place. In third place were Bowlettes with a record of 29½ games won and 21½ games lost. Esther Muzillo rolled a 162; Pearl Houtz, 174; Isabelle Blackburn, 173, and Bertha Marr, 170.

Decatur

Teeple Truck Lines are leading the GE Fraternal League with 24 wins and 12 losses. Peterson Elevator is in second place with 20½ wins and 15½ losses. In third place is West End Restaurant with a record of 19½ won and 16½ lost. Baumgartner kegled a big 619 count with games of 159, 203, and a pin heavy count of 257.

A first place prize of \$25 will be awarded the top keggers in the GE Club's final bowling event of the 1952-53 season, the Mixed Doubles Tournament tomorrow evening, Joe Kramer, bowling chairman, reported today.

There is room for a few more entries in the final event, which is limited to 48 couples, the chairman announced today. Those who wish to enter may do so either at the GE Club desk or by calling Charlie Wilt, Ext. 742. Entry fee is \$2 per person.

Squads will roll at 6 and 8:30 p.m. at the Club alleys tomorrow. In addition to the first place prize, which is donated by the GE Club, entry fees will be returned in prizes.

Lord scored 217, 195, and 193 for a 605 series. Steury kegled a 209; Zelt, 206; Briede, 212; G. Schultz, 211; House, 203; Johnston, 203; and Faulkner, 202 and 203.

Monday Night League

Office is in the top spot with a record of 26½ wins and 18½ losses. Flanges and Packers are rolling in a second place tie with a record of 23½ wins and 21½ losses. Wynn kegled 189, 255, and 167 for a 611 series. Schuster scored a 200 count.

Local All-American to Pitch; Other GE All-Stars in Lineup

The first practice session for the GE Club major league softball team is slated for Wednesday, April 29, from 7 to 9 p.m. at the GE Club gym.

Co-managers Dick Thomas and Jim Calland asked all interested players to report for the practice and bring gym shoes and gloves. Gym shoes are necessary for the first workout, since they will be practicing inside the gym. Any players who can't make the practice should contact Thomas on Ext. 336, Bldg. 26-4, or Calland, Bldg. 26-1.

A fairly good turnout reported for a preliminary meeting in the Club this week.

At the moment, Thomas and Calland reported that it looked as though the team would be built around Pitcher Johnny Bright, Bldg. 17-3, former Central High School All-Star and All-American from Drake University. Bright now plays pro-football in Canada.

Some of the other well-known local talent which will be playing for the GE team are Richard Fawley, who pitched for the Armed Forces last year; Perry Esterline, fiery GE third sacker; Bob Baals, catcher and former GE star; Thomas, who pitched for Magnavox, and Calland, catcher, formerly of the City Light city champions.

The regular season will get under way May 16, with all games played on Tuesdays and Thursdays at Municipal Beach. All players will receive major awards at the end of the season.

Both Calland and Thomas

stressed that they still need ball players for the team and urged prospective players to get in touch with them.

Raconteur

Section 14, Taylor St.

by Mary Whitelock

When the apple trees are in bloom Harce Harmon, a pensioner from Sec. 14, and his wife will look with longing eyes upon a scene they have witnessed every Spring for the last ten years. To give up the glory and fragrance of an orchard in full bloom could bring a tear to the most calloused of hearts, and yet, the Harmon's are doing just that. They have sold the farm and will soon be residents of New Haven, Ind. We hope that life will be kind to them there, quiet and peaceful as all of us would want it when we retire. God love them. . . . Sherri Ludwig and Delmar L. Nickelson were married April 11, 1953 at 9 p.m., in Roanoke, Ind., by the bride's uncle, a Justice of the Peace. Although a complete surprise to his friends in the High Bay area, they all join in congratulations and wish the newlyweds a very happy married life. . . . Frank Widner's daughter and John Miles' son have become Mr. and Mrs. Congratulations! . . . Polly Line's husband has really gone all out for shrubs and rose bushes for their yard. Polly says the lawn is getting so small there is hardly enough room for Skipper (the budgie-bird) to take a stroll. . . . Come one, come all, to Lavine's Retreat. Woolly Willie, proprietor, is going to have the grand opening some time this summer. . . . Ray Brown is still a firm believer in the old adage, "You can take the boy away from the farm, but you can't take the farm away from the boy." So, he painted his kitchen implements orange. . . . Our sympathy to Mr. O. Dobler on the death of his sister and to Beulah Conrad on the death of her brother. . . . Russ Runkel is back at work again but Wilma Merriman and Betty Beiber are on the sick list. . . . Dorothy Gitter left Friday to move to Michigan. . . . Clarence Weist wears such loud tops no one can tell if they are shirts or his pajama tops. . . . Claude Holmes should be glad he isn't President and have to toss out the ball to open the season. He cleaned so much wallpaper lately he could never make the grade. That's the only time he and his wife argue, in the Spring, sez he. . . . We wish to welcome Bill Williams and Lucid Byrd, who are studying under the Advanced Manufacturing Training Course.

PACKED FOR RETIREMENT—Esther Watson (right) shows Helen Deahl and Margaret Kenyon a gift she received from her co-workers on her last day of work with GE, which should come in handy in retirement. Mrs. Watson has worked at General Electric since 1943. She was employed in Specialty Sub-Section 17 at Taylor St.

Walter W. Dreyer

Walter Dreyer Named Foreman In Sub-Sect. 16

The appointment of Walter W. Dreyer to the position of foreman in training in Hermetic Motor Sub-Section 16 has been announced by Eldon J. Vosburgh, superintendent. Mr. Dreyer is located in stator winding and finish, line 3, second shift.

When he became a GE employee in 1943, Mr. Dreyer entered Bldg. 19-5 as a lathe operator. In November of the same year, he entered the U. S. Navy and served in the Pacific theater. After his discharge in April, 1946, he returned to Bldg. 19-5. Four months later, he entered Purdue University.

Mr. Dreyer graduated from Purdue in June, 1950, with a BSME degree. He returned to the Company that same year and entered planning in Sub-Section 17 at Taylor St. In March, 1951, he transferred to Sub-Section 16, where he has worked in the wage rate section until his present appointment.

Mr. Dreyer is a member of the ASME, Foremen's Association, Decimal Minute Men, and the General Electric War Veterans Association. The Dreyers and their two sons live at 2710 Dodge Ave.

by Mary Wright

Florence Lea believes in returning good for evil. A little mouse got in her locker and ate her lunch. When she opened up her locker the mouse ran to his hide-away. It was the mouse's advantage to let Florence know where he hides. The little mouse now finds some cheese and crackers. After seeing that the mouse liked that so much she is now putting some milk out for him. . . . Margaret Simmons says she doesn't mind her new nickname of Rebel but why expect it from Jim Hall, when he is from the South, too, and he is the one that gave it to her? . . . Rachel Jackson spent last week-end visiting in Kentucky.

Ramblings

Bldg. 31-2

by Julie Rice

Some new personalities have been bounding around here in the last couple of weeks and I guess it is time for an introduction. Folks, the new engineers are Dick Behymer an Ohio State man from Hillsboro, Ohio, and Howard Brust, a Colorado State man from Minnesota and hear he plays a mean piano. . . . Everybody has been asking me what happened to Bill Ryerson so here is what I could dig up on him. Last Saturday a dental surgeon cut out two of his teeth and at last report he was doing fine. . . . Have a program, sir! Yes, the GE exhibit is right over there. Paul Hasler and George Fridholm could be heard saying such things as these all through this last week. They were a couple of industrious J.C.'s working at the Home Show. . . . Just a warning to careless people who don't look at and inspect the merchandise before they carry it from the store. If you don't watch out you'll be just like Robert Hawkins, who purchased a pair of shoes and when he got them home he found he had two different kinds of shoes.

Don't offer to sell Bonnie Wolf a jeep, she might buy it, she has waited so long on that Chevy. . . . A speedy recovery to the wife of Elmer Robbins, who had a serious operation last week. . . . Congratulations to Esther Pape, who is now a member of the Quarter Century Club. . . . Fred Castor is on the sick list. Hurry and get well, Fred. . . . Anyone interested in bowling on the "300" Club team contact "Speedball" Boester, "Gut-terball" Parrish, or "S-curve" Buckmaster. They are in need of two men on their team. . . . Sorry to have Arnold Lower leave us, but our loss is someone else's gain. . . . Our sympathy to Dorothy Hoffman in the death of her mother. . . . Glad to have Lorena Hahn back with us. . . . Bill

William David, Paul Bohn Receive New Large Motor-Generator Posts

Two appointments in Large Motor and Generator Department have been announced by R. A. Woehr, manager of production. William R. David, Jr., has been appointed services decentralization projects specialist in the Fort Wayne Manufacturing Section. Paul E. Bohn has been named supervisor of production.

Joining the Company in October, 1946, Mr. David entered the test engineers program at the Schenectady plant. After taking tests at the Lynn and Pittsfield plants, he returned to Schenectady where he completed the program and entered the Advanced Production Training Course Group 10 in 1948. While on this course, he spent six months in various operating sections of the Fort Wayne plant.

Upon completion of the course, Mr. David came to Fort Wayne Large M & G as assistant to the supervisor in charge of inventory control in 1949. One year later, he became supervisor of production services and subsequently was named supervisor of loading and requisition service. Prior to his present appointment he was supervisor of production.

A graduate of Syracuse University, Mr. David received his BS degree in industrial engineering in 1943. He is a member of the National Society for Advancement of Management, Supervisors' Club, and the GE Squares Club. Mr. David lives at 711 Edgewater Ave.

When he entered the Company in 1916, Mr. Bohn was a messenger. Six months later, he entered

William R. David, Jr.

Paul E. Bohn

production work in the regional warehouse as a clerk. In 1921, he moved to Large M & G as a production clerk and had several other assignments in the production section.

In 1940, Mr. Bohn was named assistant supervisor of production. He was appointed staff assistant

on the production manager's staff in 1950 and was on special assignment until his present appointment.

A member of the Quarter Century Club, Mr. Bohn is also a member of the Supervisors Club. The Bohns and their two daughters live at 4313 Arlington Ave.

jorie Ogden is going to use the rabbit's tail for a powder puff—the one she found in her coat pocket? . . . John Figley likes his eggs strong. He is still eating Easter eggs. . . . Charlie Taylor is going to have to get someone to exercise that new Dodge he got last August. He has all of 1100 miles on it. Why don't you learn to drive, Alma? . . . Now we know why the extra whistle blows on Fridays. It is the bosses' payday and Lloyd Jacobs is first in line to get his with Glen Castle running a close second. . . . Here's hoping that Les Richter catches on in this next week as he won't be here. . . . Sympathy to Lester May and his wife in the death of their infant child. . . . Floyd Steinbacher is out of the sheep business and into the chicken business. We understand he sleeps in the brooder house to help keep the chicks warm. . . . Avery Spade has a new idea. He tried to float the steel punching from the basement to the fourth floor, but it didn't work. . . . Welford Kinsey got a new Nash last week. . . . Wonder what happened to Marlo Shepherd's salesmanship that he couldn't sell him a Chrysler product. . . . Birthday greetings to Wava Augenbach. . . . Earl Sexton is the slowest driver on the road. Everyone passes him at 60 miles. Won-

Our deepest sympathy to Waldo Greider, on the death of his beloved father, Harry Greider, April 11, 1953. . . . Also to Glen Kaylor, on the death of his brother, Dewey Kaylor, April 11, at the Methodist Hospital. . . . Gerald Crum and Jacob Lorenze are trying to form a new club. We have decided to call it "The Sardineans." The reason is the two boys eat sardines and crackers every morning at 9 o'clock. Anyone wishing to join, just bring your own sardines and crackers. . . . Eddie Dauscher is practicing for the Memorial Day races a little ahead of time. The only trouble is, it cost him \$35 for speeding. . . . We wish a happy birthday to George Christman and Eddie Daucher. On April 16 they both passed out candy bars.

der if his speedometer is slow? . . . Russell Rose had the carbon blown out of his Chevy and now it doesn't use any oil. . . . A speedy recovery to Marvin Rutz, who had a tonsilectomy last week.

30-YEAR MAN—Carrol G. Arnold joined the ranks of GE employees with 30 years of service March 30. Offering him best wishes on his anniversary are (l-r) Lyston Persing and Neal Hensch. Mr. Arnold is a wage rate statistician in Bldg. 18-2.

FIRST HAM LEAGUE PRACTICE!

The first practice run of the Ham League season is slated for Monday, April 27, and Thursday, April 30, from 7 to 8 p.m. at the GE Club. Bill Schible, manager, reported today. Players must be 35 years of age or over and should furnish their own gym shoes and gloves.

Selsyns

(Continued from page 1)

ceptance by exhibitors. The process employs two projectors casting superimposed polarized pictures on a flat screen before a begoggled public whose left eye can't see what the right is viewing.

Formerly it was necessary to connect the cameras together by a steel shaft with adjustable couplings when using this technique. But this spinning metal bar used up needed space in the projection booth and made it difficult for the operator to load the film. Also it meant coupling and uncoupling the bar three to seven times a day if a 3-D short were to be shown with a standard feature. The GE system eliminates the coupling process, and replaces the shaft with wall- or floor-mounted electric wire.

The system is made up of two small devices called selsyn generators each about the size of a football. One is linked to each projector motor by a short chain. Powered by a standard wall plug outlet, the selsyns are interconnected by three wires.

If one projector creeps up on its twin, thereby causing a difference in the timing of the pictures being flashed on the screen, an abnormal current flows between the two selsyns.

The "brains" electrically change this current into magnetic strength which works through the geared selsyns to speed up the slower motor and slow down the faster one until they are back in unison. The selsyns respond so rapidly that the audience remains unaware of the electrical troubleshooters at work in the projection booth.

Though selsyns are new to the projection booth, they have had wide use in other fields for many years. Large theaters such as New York's Radio City Music Hall use them to remotely control the smooth shifting of colored lights projected on the stage from the ceiling of the auditorium. The GE system here permits an operator at a master control board to dim or change the colors of hundreds of spotlights in perfect unison.

The huge guns of American warships also are controlled by selsyns. These high-accuracy "brains" permit the gunnery officer sealed in the fire control tower to turn a selsyn which is electrically linked to selsyns in the gun mounts. These direct the pointing of the gun in the exact position for firing.

One of the oldest jobs the GE selsyn has performed has been in the protection and remote control of the locks in the greatest canal in the world. The little "brains" are located at each lock in the Panama Canal and relay back to a scale model in a control station, the depth of water, the opening and closing of the lock gates, and the raising and lowering of the cable which protects the gates from collision. Thus the operators can see on the model exactly what the condition of each lock is. Since their installation in 1912 not one selsyn has had to be replaced, according to GE engineers.

Whether it be dam control in Panama, fire control in battleships, or synchronizing control in the

GET \$325 EACH—Velva M. Smith and Arthur D. Fisher (center) received \$325 each this month for their ideas to improve winding methods. Maurice Crow (left) and V. R. Robinson congratulate them on their awards. Both Mrs. Smith and Mr. Fisher are employed in Specialty Motor Sub-Section 15, Bldg. 4-5.

Insulation

(Continued from page 1)

ations which contribute to all the departments, the dividing of insulation is another part of the program under way to organize each department as a self-contained business operation within itself.

The three fractional horsepower motor sub-departments will absorb their insulation operations within their individual sub-sections. Equipment, materials, and personnel are being transferred to each of the sub-sections in the Specialty Motor, GAC Motor, and Hermetic Motor Sub-Departments.

Specialty Transformer and Ballast insulation activities will be moved to Bldg. 12-B and combined with STAB operations in Bldg. 12-1 and 12-B.

Large Motor and Generator Department will rearrange the equipment in Bldg. 12-3 and carry on its insulation manufacture temporarily in that location.

Shaffer

(Continued from page 1)

suspended breathing caused by near drowning at Shriner Lake, July 20, 1952."

He received a bronze plaque and certificate from the National Safety Council and a certificate from the American Red Cross at the Conference and Exposition's first dinner meeting, attended by 350 area safety men.

William Jordan, Bldg. 18-5, also received an American Red Cross certificate at the banquet for his act of finding Cinda Lou in Shriner Lake. Mrs. Walter Funk, Fort Wayne housewife, who also performed resuscitation of the little girl, received the same awards as Mr. Shaffer.

projection booths of 3-D movies, the brainy selsyns of the Specialty Motor Sub-Department seem to be in command.

It's a girl for Mr. and Mrs. Harry Meads, arriving Thursday, April 16, weighing 6 lbs., 10 oz. Her name is Janet Colleen. . . . Harold Iffland must be feeding his boy Cheerios for breakfast or extra helpings of spinach for dinner. Twice in three days he pushed his bed against the door to wedge himself in the bedroom. He's only 15 months old now, but wait until

Suggestions

(Continued from page 1)

paid him \$275. Ray Bracht, Bldg. 4-2, suggested the elimination of a clip used on starter generators for which he received \$156.

Earns \$80

Eighty dollars was paid to Elmer J. Pion, GAC Section 13 at Taylor St., for suggesting an improved method of packaging shipment parts. Also receiving \$80 was Charles J. Belot, Wire Mill, for an idea which resulted in the salvaging of silicone.

Two \$0 awards went to Doris L. Salge, Specialty Transformer and Ballast Department, and Carl F. Saaf, of the Wire Mill. Miss Salge's idea for a change of coil winding, and Mr. Saaf's suggestion resulted in the salvaging of material.

Other Awards

Other awards were: Arthur Stahlhut, \$47.40; Willis K. Dillman, Walther H. Kiel, Arnold H. Wuebbenhorst, Francis J. Bendel, Herbert C. Scherer, and Howard F. Winters, \$45 each; J. Marquardt, Earl W. Strong, and Stella Kempf, \$35 each; Fred K. Clark, John F. Driver, James W. Ward, G. O. Keck, and Donald M. Stanley, \$30 each; Lester A. Hubartt, Don L. Persing, Paul A. LeCoque, Arthur C. Garner, Richard Hoppin-garner, and Gerald Norwalt, \$25 each.

SICK LIST

The following people have been reported on the sick list, dismissed from the hospital and returned to work.

Ida Humbarger, Dorothy Hoover, Dewey Heaston, Evelyn Harmeyer, Eileen Davis, Eber Gillispie, Betty Gates, Max Fielitz, Charles Elzey, Charles Edwards, Harold Drabenstot, Nora Doud, Russell DeVeny, Margaret Bridewell, Elizabeth Bieber, Edward Bireley, Edward Besancon, Barbara Coulter, Opal Fosnaugh, Charles Gibson, Mary Baumgartner, Merry Burleson, Betty Hiestand, Delpha Gillian, Willard Smith, John Nuckols, Edward Sarrazine, Betty Coleasure, Wilma Merriman, Rose Richard, Hallie Hosler, Beatrice Hays, Ferdinand Reaser, Delores Martin, Clarence Seslar, Claudia Twibell, Elizabeth Odom, Helen Ritter, Ray Stout, William Robinson, Nancy Locke, Rena Mitchell, Isaiah Noel, Bertha Witham, Clestes Pierson, Russell Lageman, Harry Kessler, Otto Borkenstun, Wanetta Vinson, Martin Wells, Joan Ott, Mary Jane Ilt, Malinda Bradtmiller, Miguel Bustos, Barbara Toles, Leslie Ternet, and Dorthula Sorrell.

Dismissed from Hospital

Lelah Ryan, Theodore Schelper, Marion Morrison, Hilda Will, Isaiah Noel, Frank Enderle, Velora Drury, Norma Davis, Betty Brown, William Hoffmeyer, John Hott, Wendel Hogle, Merritt Julian, Catherine Chilcote, Fred Castor, Edward Bireley, Glen Kumfer, and Sadie Wolff.

Returned to Work

Betty Walti, Erma Manor, Ruth Leimenstoll, Jack Williams, So-villa Welch, Eva Morrison, Wilbur Spaw, Rebecca Wagner, Howard Schultz, Mayme Perryman, Robert Rinehart, Garnet Zollinger, Otto Proehl, Robert Sparks, Joan Locker, Henry Nagel, Thelma Proxmire, Lorena Heiman, Clarence Gaar, Wendel Hogle, Virginia Goegelein, Howard Griefenstine, Lorena Hahn, Barbara Kolb, Russell Kensill, Mildred Cutchin, and Hazel Ludwig.

What Is Corporation Tax? One paid directly by a corporation, such as income tax, excess profit tax, processing tax, corporate tax, etc.

EARNs EXTRA \$165—An extra \$165 came to Ray Bracht, Bldg. 4-2, for suggesting the elimination of a clip used on starter-generators. Vic Hall (left) is shown with him. Mr. Bracht works in Bldg. 4-2. Bldg. 4-2.

Through all our years of service we have detected a great amount of friendliness among General Tool employees. However, those fellows in the grinding unit are amazing with their spirit of fellowship. If they aren't passing out birthday cake it's something else. Everyone who has worked in a factory understands the appetite that comes in mid-morning for half a sandwich or such. So one morning last week Gus Kruse treated the gang to a morning snack, in the form of sandwiches. The menu included pumpernickel, onions, horseradish, highly flavored cheese, and cold meat. Pass the clothespins, Joe. . . . Those pictures in the News last week were really fine. Glenn Kline, Herb Mennewisch, and Frank Glenn are really photogenic. . . . Art Wolfe is in mourning. A snippy little Nash bashed in the back-end of his Buick. . . . Harold Cutler is quite blue, too. Someone poisoned his prize beagle hound. . . . A welcome to Charles Fosdick in the lathe unit. . . . Dick Gecowets in digging a new basement has instead gained a miniature lake. . . . Ron Blodgett, our recent bridegroom, is finding three rooms too small to live in since he's married. Harold Blauvelt has offered to rent him his barn if the livestock doesn't mind. . . . Al Arlic reports fine fishing in Michigan and has two rainbow trout to prove it. Ed Gruber found the fishing rough last week-end. He only caught one fish. He cleaned it anyway and put it in the freezing unit at the cottage. Just wait until he goes up there again. He forgot to take out the fish when he shut off the power to return home. He'll probably send his wife on ahead. . . . Ralph (Moo-Moo) Obringer made the office a milky way the other noon when he endeavored to transport his half eaten lunch to a new location. He put the cup on the thermos but forgot about the cork. If milk baths improve beauty, Ralph should have the most beautiful feet in the office. . . . With John Blair taking over a jig bore job, John Becker has moved to the lathe unit. . . . John (Curly) Neukam celebrated another birthday this week. They say the cake tasted good. . . . Russell Sage and Vernon Burk were synonymous in their thinking on Monday. Both showed up at work wearing unmated socks. . . . Bob Truelove fell down the cellar stairs with a case of soft drinks and broke all the bottles. Oh yes, Bob's okay, too. . . . With the snow flurries around here it reminds us that Carl Einsiedel is still hoping for three feet of snow. . . . Monday was wash day for Hank Frey, in Bldg. 19-4. A machine sprayed his brand new apron completely with oil so he proceeded with the hand laundry. It was a nice job but it is a little yellow. He's saving the bleach for the guy that turned on the oil. . . . Woody Hursh is figuring on more fishing time this summer. He purchased a power lawn mower for his wife, Opal, to use when mowing their lawn. . . . A late news flash: Bernie Byanski got his car started this morning! Bernie claims the pill treatment for his Nash is working out very satisfactorily and that it's a big lie about the pills causing the spark plugs to weld fast to the head. . . . DIE PLANT: Bob Bryan has his house plastered now so be on the lookout for those wedding cigars, boys. . . . The reason it turned cold again is because Bob Roy just put in a new furnace. . . .

Our bearded boy, Dallas Kees, is thinking about giving that brush on his face a spring trimming. . . . We welcome Archie Wright back with the old gang in the Die Plant. . . . Bob Mosshammer has a new boss at his house, a little baby girl. . . . Forrest Whonsettler is taking orders for spring fryers and eggs. He doesn't have his chicken house built yet but he wants to be sure of a market for his chickens before he starts Dorothy on the actual construction. . . . Glenn Hoon made the maiden voyage in his new house trailer without incident, just a few extra gallons of gas in the Ford. He now has the trailer spotted in the far north, Michigan that is.

Your news reporter Marguerite Stahl and husband Harry decided to take in a little fishing trip down to "Dales Hollow Tenu." She will probably have some good fish stories for you fishermen next week. . . . Ralph Soest either has a new line of business or is really in the money. He can afford to drive that new Plymouth and leave the gas tank cap off. He scattered gasoline from Broadway and Bluffton Road to the Taylor St. Plant. Ralph, are you advertising for Plymouth Dealers? How many miles can you drive and spill gas too. Lucky Glenn Miller didn't have to walk home. . . . Gladys Pantazin has a new hobby, garage mechanics. . . . Don't worry, Clara-belle, she will talk to you Monday. . . . We welcome Bill Putt, our new foreman, to assembly from repair and return. . . . Keller's department wishes to welcome Louie Pflueger as new set-up man. . . . Jan Stanford spent the week-end at her home in Delphos, Ohio. . . . Hillard Moore really looks sharp in those new clippers. . . . Welcome back on days, George Marschand. . . . Bill Brown and wife spent the week-end in Cincinnati, Ohio square dancing on TV on the Richter Diamond Hour, with Halls Hoppers. . . . Harry Todd and family finally got that new car out of town over the week-end.

Mr. and Mrs. Fred Buchholz and granddaughter have returned from their vacation. They took a trip down south visiting the Gulf of Mexico, New Orleans, and many other interesting points along the way. Fred said it was a wonderful trip. . . . Rudy Rastenburg and Henry Becker thought they rated ace high with the boss, Mr. McCormick, because he bought each of them a coke. But LeRoy Cook got the new little orange wagon. . . . WELCOME: Since the office has been enlarged Lenny Reuss has moved in from Bldg. 19-2. George Garwick hangs his hat here now. Also, Dorothy Whonsettler is a new addition. She comes from Bldg. 6-2. We hope they will like it here. . . . QUESTION OF THE WEEK: What is there about Herb Wendt that reminds us of Ben Turpin? . . . Congratulations to Mr. and Mrs. Clifford Merkel. It's a boy named Steven Lee. He was born March 25 and weighed 7 lbs. and 12 oz. . . . Charlie Waltermuth, Joe Burton, and Don Connett were matching to see who would buy the cokes. Charlie and Joe had a trick up their sleeves that worked before

Prodigy

but somehow it back-fired and Joe had to buy the cokes. . . . This little Miss is starting out young to play the piano. We wish her success. She is Cynthia May, eleven months old, and the daughter of Mr. and Mrs. Glen Goshorn.

ALL SET FOR RETIREMENT—Charles Mathias (right) prepares to open his farewell gift from his co-workers, which he received on his last day at work before retiring. Congratulating him are (l-r) Herbert Peppler and George Webb. Mr. Mathias joined GE in 1923 in Bldg. 8-2. He was a treat operator in Bldg. 26-1 before retiring.

THIRTY YEARS OF SERVICE—Elvie Dafforn (left) recently added 30 years of General Electric service to his record. Welcoming him into the veterans' ranks are Al Miller (center) and Howard Shipman. Mr. Dafforn was a stacker in Bldg. 26-2 when he joined the Company. He is now an assembler in Bldg. 26-5.

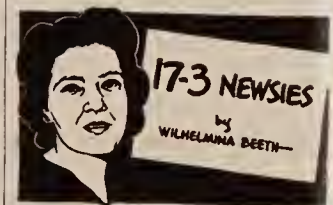

Stormy Weather

From 17-4

by Bill Hurtt and Larry Reed

After seeing Alice Pflueger's eye we wonder if it was a case of talking when she should have been listening or how does the other fellow look. . . . WHY WIVES TURN GREY: All you have to do to make that happen is to do as Alice Hahn's husband did—proceed to burn up with the trash your wife's nice, new yellow dust pan. However, we don't believe she got too mad, not with her sunny disposition. . . . KINDLING IS NOW AVAILABLE: Carl Hattendorf has a new desk and according to him, his old desk could very well be used as such, since he couldn't open the old one without having the handles pull loose every time he opened it. . . . It's back to school for Dorothy Raucci and Helen Fletter, who have enrolled in the shorthand school. Good luck, students. . . . We can't figure out whether Don Baker was really helping in the kitchen the other night at the fish fry or whether he was stocking up for home. Anyway, he has a rather gamey odor since, and Larry Reed won't let him get close to the hot radiators back in his section. . . . Our office has made a slight change in the seating arrangement but the only comments made so far are: which one, Bob Lauer or Bill Hurtt will get sick first of looking at one another. Latest report is that now that they can see each other perhaps they can get better acquainted. . . . We extend our sympathies and best wishes for a speedy recovery to John Howard's son who was hurt in an accident the other day. . . . Your editors have been threatened with various and sundry violence from some of our co-workers but we will continue to stick our necks out. Seriously though, fellows, we don't mean to offend and if by any chance we have, please forgive us. Which brings to mind. This is your column so drop us any tips, hints, etc., which may make interesting reading. . . . Now that the inspection department has been given their own outside phone book, wouldn't it be nice if they had their own outside line? Keep punching, fellows, maybe Santa Claus will remember you. . . . We'd like to welcome Lloyd Runyon to the testing department, and hope that he likes his new surroundings. . . . We'd

like at this time to say good-bye to a very fine fellow. Our apprentice boy, Bob Doelling, is leaving us to go to work elsewhere. We all wish you a lot of luck, Bob, and come back to see us often. . . . Would it have been worth seeing? We refer to the sign Bill Meeks carried around. Of course, the investment was only a nickel and who knows, it may have been worth more than that to see him dance.

TIMELY REMINDER! Don't forget to turn your clocks up an hour tomorrow night. . . . And speaking of time, we think it is time to hear that Faye Kitteridge will be ringing in her clock card again. Come on, Faye, up and at 'em. . . . Doris Merriman has a new headache cure. She hit herself on the head with a mallet. She had a nice black and blue spot, but her headache was gone. . . . Bob Griffin likes to tease his small son. The other evening he carried it a little too far. Sonny bristled and Bob, expecting the worst, just received a "you're a-a-a- well, you're married, that's what you are." . . . Becky Moore spent the week-end in the sunny state of Tennessee. She tells us spring is really there and she didn't mind the hot sun one bit. She should have put a little of that weather in her pocket and brought it along with her. . . . Rose Fuhrmann spent the week-end in Chicago. . . . Ruth Denton wasn't in practice for a foot race. She went out Fairfield way when she happened to think she was to meet her husband on Broadway. . . . It's a happy birthday to Ethel Keller and Leona Hollis. . . . During last week's cool weather Mildred Young tried to make us believe spring was here. She come in wearing a new short hairdo and bobby socks. . . . Mildred Huntine is a proud new grandma. It's a boy. . . . Over in Bldg. 8 Mary Wright must have been in a hurry the other night. She almost floored Edith Bohde in the rush. In all the excitement she said, "thank you," instead of "excuse me." . . . We bid farewell to Connie Boese, who is leaving us to go to San Diego, Calif. Her husband is back from Korea and will be stationed in California.

FOR SALE

WANTED

FOR RENT

LOST & FOUND

AD=ILETS

"Lost" and "Found" articles must be cleared through the Plant Protection Office, Bldg. 10-2, or the Plant receptionist, who will place the Ad-let and otherwise advertise the article.

No ad will be received over the telephone. Only one ad per employee may be inserted. Each ad must be limited to 20 words and cannot be repeated. All articles mentioned must be personal property of the employee. Ads will not be accepted unless accompanied by the name, pay number, and division of the employee. No plant building or telephone number may appear in any ad except transportation ads, only the home telephone number or address. Send all ads to G-E NEWS office, Bldg. 18-1.

CLOSING DATE
Monday Noon, April 27, 1953

LOST AND FOUND

- LOST—A black dinner bucket. Left on the back of a car by the burner in Jones St. parking lot on April 2, 1953.
- LOST—Long silver earrings. Lost between Bldg. 17 and Broadway.
- LOST—A round white clip earring with two gold stars and a zig-zag line across it.
- LOST—A rosary made of brown cocoa beads. Lost in Bldg. 4, or on Fairfield Ave. It is a keepsake.
- FOUND—A green striped Diamond Point fountain pen with several names on it. Turned in at Lindley Ave. gate.
- FOUND—A dark brown leather lined glove. Turned in at College St. gate.
- FOUND—Some jet beads. Found at Taylor St. Plant.
- FOUND—Three keys on heart shaped wire holder. Found in Fairfield parking lot.
- LOST—Pair of safety glasses in brown case. Lost in plant, or on parking lot at Taylor St. Plant.

FOR SALE

- WATER HEATER—Gas automatic. H-24795 after 4 p.m.
- TAYLOR TOT—Used. \$2.50. Also, rubber wheeled lawn mower. \$10. K-3767, or 3117 Adams St. between 9 a.m. and noon.
- RUC—McGee Kingdom 9 x 15 carved leaf design; gray. Two runners and pad included. \$90. H-76743.
- CAR—1949 Ford Six. Tudor. Radio and heater. Inquire at 1625 (rear) Boone St.
- OIL STOVE—Three burner New Perfection with back; \$10. Double galvanized wash tubs on castors, with faucets and lid; \$5. Corduroy sport coat, maroon. Size 16; \$4.50. H-48744.
- DESK—Walnut finish, good condition. Reasonable. H-81945.
- FORMAL—Yellow lace and net, size 14. Worn once. H-59581.
- OIL HEATER—Duo-Therm; \$30. Bard washing machine; \$20. Warm Morning stove; \$15. Hair curler (small); \$8. All in good shape. H-86230.
- SUN VISOR—Plastic. One new 600 x 16 Atlas tire. 632 Prospect.
- ANTIQUE BED—Full size solid walnut, with springs. Good condition. H-74611.
- HOUSE—Five room ranch style bungalow. Garage attached. Stone and frame construction. Large picture windows. Fireplace. Modern fold doors. Lot 70 x 190. \$14,800. H-48557.
- CAR—1949 Chrysler, radio, heater, and good tires. Clean and in perfect condition. 1920 Kentucky Ave.
- BOY'S BICYCLE—Arnold Schwinn regular size. As good as new. 820 Nuttman Ave. H-79005.
- RUGS—Alexandra Smith. Shades of rose, floral design. One 9 x 12; \$40. One 27 in. x 84 in.; \$5. Two 27 in. x 46 in.; \$2.50 each. H-66471.
- CAR—1950 Nash Custom. One owner. Tires like new. \$1200. H-71635.
- DRAPES—Five pair lined. Beige and rose. Reasonable. A-75502.
- GAS STOVE—Good condition. H-57851 after 5 p.m.
- BOOKCASE—And desk combination. Also, Heaton coal burner. New grates. Excellent for lake cottage. K-3730.
- CAR—'49 Plymouth convertible. Radio and heater. White wall tires. One owner. E-55174.
- PORCH GLIDER—\$15. Also, 4 pairs of drapes; \$2.50 a pair. H-26211.
- DINING ROOM TABLE—And chairs. Duncan Phyfe mahogany. K-1635.
- COTTAGE—Lake front, Ridinger Lake. 35 miles west on 30. Can be seen on weekends or write to Bob Blosser, Piercetown, Ind.
- BICYCLE—Girl's 20 in. American. Good condition. E-664401.
- REFRIGERATOR—CE 7 ft. In good condition. H-69022.
- HOUSETRAILER—18 ft. and 1946 Chrysler. Radio, heater, and perfect motor. Will sell together for \$1200. Small down payment. H-76661.
- TICKETS—Two for the 500 mile race, \$12 each. H-02337 after 6 p.m.
- HOT WATER HEATER—20 gallon gas. Glass lined. Good condition. H-60671.
- RADIO—RCA Victor. Westinghouse refrigerator. Chrome table. 1 year old H-83923.

- WPA TOILET—\$15. E-38825.
 - MOTORCYCLE—1949 Jawa. Excellent condition. Reasonable. A-40153.
 - SWEEPER—Kenmore with all attachments. One year old; \$35. E-66835.
 - COAT—And hat set. Boy's, size 6. \$3. 642 West Creighton.
 - BEDROOM SUITE—Three piece 3/4 size Jenny Lind. Springs, mattress, 2 contour sheets, \$65. Grey fur coat, size 16. Two piece aqua suit, size 14. H-70761.
 - LIVING ROOM SUITE—Two piece. Dining room suite; 6 chairs and buffet. Breakfast set; 4 chairs. Florence gas stove. Kerosene water heater; new 50 gal. A-78239.
 - ACCORDION—120 bass with case. In excellent condition. \$225. E-36703 after 5:30 p.m.
 - ANTIQUE VIOLIN—Inscription: Antonius Stradivarius Cremonensis, Faciebat Anno 1719. 313 1/2 West Washington St. H-40615.
 - FLOORING—Yellow pine, 1000 bd. ft. 3/4 x 3 1/2 T and G end matched. Sell part or all. H-15140.
 - BOAT—16 ft. metal boat with built in live box. 1135 Broadway.
 - CAR—1947 Plymouth Club Coupe. Special Deluxe. Radio and heater. Seat covers. H-59953.
 - REFRIGERATOR—Like new. \$22 1/2 Wilt St.
 - EXTENSION LADDER—32 ft. Like new. \$18.50. Twin size box springs. \$12.50. New 18 x 24 two sash Mullian type window. \$14.50. E-79163.
 - BICYCLE—26 in. Spring fork Schwinn. 18 in. lawn mower. General Mills Betty Crocker iron. 4231 Arlington after 4 p.m.
 - OCCASIONAL TABLE—Carved walnut 24 x 24 x 29 in. All metal 6 ft. porch glider. Green with white trim. Casco utility table cart with drop leaf. Neutral color. All practically new. H-68474.

 - THREE ANGORA Kittens to be given away. H-78244.
 - WANT HOMES for three part collie puppies. Waterloo 2172.

GIL BAKER

FAREWELL TO A SWELL
GAL: I wish to thank Gloria Snyder for the typing of the 4-6 Column and for assisting me in correcting all errors. Goodbye and good luck. Gloria is leaving us to become a full-fledged housewife. Best of luck and please keep in touch with us, will you, Gloria? A luncheon was given last Friday in Gloria's and Marilyn Saine's honor. Approximately 40 friends participated. They both were presented with very lovely and appropriate gifts as well as corsages. Marilyn is leaving us a week from today to follow Gloria's footsteps. . . . MEMORIES: Tomorrow our Suzie Walton will change her name to Mrs. George Pearson. She will be married at 4 p.m. at the Garrett Methodist Church. A luncheon was given in her honor at the Company Cafeteria last Tuesday, attended by approximately 30 friends. Sue was presented with a lovely corsage and a set of stainless steel flatware. From her co-workers, Sue received a beautiful GE clock. May your future life be filled with happiness. . . . OH! WHAT HAPPENED TO YOU? Well, well, of all things—"Big Moose" Foltz has the mumps. How did you escape all these years? Hope it doesn't turn out to be an epidemic in Bldg. 4-6. We sincerely hope you will recover soon and that you don't get 'em on the other side. . . . DIET? Phil Faulkner was seen refusing macaroni and cheese in the Cafeteria the other day and then taking a great big piece of pie and two large scoops of ice cream. . . . WARNING! Don't anyone give Charlie Wurm another cigarette. After attempting to smoke one, he had to take the next day off. . . . WELCOME TO OUR CLUB: Jack Wilson joined the Floor Sitters Club and did a very nice job of it. He says Paul Motter pushed him. How about that, Paul? . . . WANT A LIGHT? Pat Boling was being real nice to Paul Motter and offered him a light for his cigar. Paul jumped when he saw the light, because he thought the cigar was blowing up. . . . WELCOME: To Lee O. Woods, working for C. J. Herman, a new T.E. He hails from Big Spring, Texas. A graduate of Rice Institute, he has a BA, BS, and EE Degree. He is married and has a three-month-old daughter. He likes photography for a hobby. . . . Also to Alvin Zent, an engineering assistant working for L. Wight-

man. He hails from nearby Huntington. A graduate from Tri-State and is married. . . . COMING UP IN THE WORLD? Karl Feiertag is in his second childhood now that he is using a high chair again. It is his own creation, but we are not sure how long it will hold Karl. . . . FAREWELL: To Harold Stephens, who is taking his next test in Motor Generator. We EXPRESS SYMPATHY: To Lillian Sitko, whose mother, Mrs. John Sitko died on April 15. . . . ANOTHER WELCOME: To Mary Ann Preston and Beverly Cameron in the customer billing section.

Congratulations to all those responsible for the GE Spring Revue. I would like for them to know that I have heard many comments on it and many say it was the best yet. . . . Will the stockman in Bldg. 19-3 who wears the Roy Rogers badge, please take it off when in the presence of Officer Tieman? It gives him an inferiority complex. . . . Frank Mathews and Erv France finished in the money at the American Bowling Congress in Chicago. Congratulations! . . . Congratulations also to Annette Thomas who was installed as head of Eby Post 857. . . . Any of you visitors who drop in Bldg. 22 please notice our new clocks. They're really quite the stuff and we are quite proud of them. . . . Dick Bodkins' wife and baby are in Michigan and he is pretty tired of batching it. Dick says he's never going to let them go away without him again. It's too lonesome. . . . Frank Walker went on second trick and Henry Blair came on days. . . . Henry and Millard Wells are very particular about their work. If a job doesn't suit them they tear it down and start all over again. . . . It was a sad day the other Saturday for Don Voorhees. His luxurious limousine wouldn't climb a slight incline and he held up a whole line of cars. It took about 20 of the boys to push the huge cruiser up the incline. All of the rest of the cars came through with flying colors and no help. Hope Motor Trend doesn't hear of this, Don. . . . Our office girl, Mildred Messer, is ill. Here's wishing her a speedy recovery.

"The mill wheel is never turned by the water that has passed."

Specialty Motors SRO

by Eileen Fitch

GREETINGS from Specialty Motors, Shipping, Receiving, and Order Service. We want to introduce the reporters throughout the departments who will collect any news you may have. Ruby Flaugh, who has in the past been doing a swell job of reporting for Receiving, will continue to do so. Gertrude Koldewey in Telegraph, and Marilyn Moore in Order Service. On 6-1, Elmer Griswald will be on hand, and on 6-3, George Hill. Bill Switzer will do the news gathering for 2nd shift workers. So all you gals and guys be sure to let these people know all the news in your departments. . . . Carl Wagner decided to drive to Cleveland, Ohio over the week-end. Carl said it wasn't the big city that lured him in that direction. He heard of a restaurant in that locality that offered all you can eat for just \$3. Carl has often wondered just what his food capacity is, but until hearing of this remarkable offer has hesitated to satisfy his curiosity, because of the "budget-upset" which he felt might be involved. . . . Anyone interested in the "art" of handling flat tires, contact Eloise Hoehn, voice of experience. Tuesday evening, as Eloise approached her car, lo and behold, a flat tire. Lady Luck was with her as two very nice gentlemen changed the tire for her. Wednesday evening as she left for "Home Sweet Home" the very same tire and every bit as flat as it was the day before. This was carrying her good nature a little too far. Eloise phoned her husband, calmly stating she thought it was his turn for a struggle with the flat tire situation. . . . We want to extend get well wishes to Arthur Koeneman. Hope it won't be too long until your back with us, Art. . . . Happy birthday to Evelyn Stapleton this week. Many more birthdays, Evelyn.

One of the finishing girls had some fried liver for lunch. Gladys Williams thought it smelled like chicken pot pie and was disappointed to learn it was really liver. . . . Mary Jane Bakle says if you want to stay dry on a rainy day don't get under an umbrella with Vivian Long. Vivian pushes you out in the rain and pokes you with the umbrella spokes if you try to get back under. . . . John Hallien, one of our most ardent supporters, expressed disappointment in our column since Jordan Gunkel's name hasn't appeared for awhile. Get something on him, John. . . . Welcome back to Charles Elzey, who has been sick. . . . Virginia Smith, according to reports, makes it to work but doesn't actually wake up 'till nine o'clock. . . . Pearl Eger claims she gets scratches all over her arms, as a result of parking her car near some bushes. That's a likely story. . . . COMMENT FOR THE DAY: "To find his place and fill it, is success to man." . . . DAFFY DEFINITIONS: Commonwealth—A joint checking account. Equality—In a cemetery is where you find it. Homesick—To be sick of home. Egotist—A person who suffers from too much vitamin I in the system.

JEFF KEATE

"Okay, go to it! I'm a little tired of your complaining that the eggs aren't fresh or that I didn't boil them three minutes!"

COOK UP THAT SUGGESTION today

Copyright 1953 Cartoons of the Month

YOU, TOO, CAN PLAN NOW FOR *Extra* RETIREMENT INCOME

By putting away part of your earnings every pay day under the GE Employees Savings and Stock Bonus Plan, you can supplement the GE Pension you'll receive at retirement. Your money, invested in U. S. Savings Bonds will earn a sure return. At maturity these bonds will be worth 33 1/3 per cent more than the purchase price. If you retain them for 10 years beyond maturity, they will be worth 79 per cent more than you originally paid for them.

By leaving your U. S. Savings Bonds in the custody of the Company for a five year holding period as provided by the Plan, you receive a bonus payable in GE stock. This bonus will equal 15 per cent of the purchase price of the bonds. The stock you receive as a result of this bonus will mean additional income for you.

SEE HOW YOUR \$SAVING\$ CAN GROW OVER A 25 YEAR PERIOD

★ You purchase U. S. Savings Bonds under the GE Employees Savings and Stock Bonus Plan and leave these bonds on deposit with the Company for a five year holding period.

★ At the end of each five year holding period you receive:

- Your U. S. Savings Bonds
- Income applicable to your stock bonus
- The full shares of GE stock credited to your account, including any full share resulting from the accumulation of fractional interest in shares.

★ You use the income accumulated during each holding period and subsequent dividends received from the full shares of stock to purchase more U. S. Savings Bonds.

★ You cash in each bond after keeping it for 19 years and 8 months and you re-invest the money in more U. S. Savings Bonds.

★ When you retire, your extra income will be composed of the dividends from your GE stock and the money received by cashing your bonds as each reaches extended maturity value after 19 years and 8 months.

The table gives an estimate of the amount you could have available for extra retirement income if you did this for 25 years preceding retirement.

AVERAGE EXTRA MONTHLY RETIREMENT INCOME* (By 5 year periods)			
	MAXIMUM PURCHASE	AVERAGE PURCHASE	PURCHASE OF A BOND A MONTH
Purchase Price	\$43.75 per month	\$28.40 per month	\$18.75 per month
Will give you an average monthly retirement income			
During the 1st 5 year period of	\$ 90	\$ 59	\$ 38
During the 2nd 5 year period of	92	61	39
During the 3rd 5 year period of	132	85	57
During the 4th 5 year period of	202	131	87
And in addition, you will have a total GE Stock Bonus of	28 shares	18 shares	12 shares

* Assuming that the average market price of GE stock is \$70 per share and that the dividends are \$3 per share

START NOW TO GIVE YOUR RETIREMENT INCOME PROGRAM A LIFT!

'Play Ball' Sounds For Little Leaguers

Tryouts for GE Little League Nine At Hamilton Park Saturday Morning

(Map of GE Little League District Page 9)

As the sound of "Play Ball" resounds in their ears, boys between the ages of 9 and 12 will strike out for parks around the city tomorrow morning to try out for the Fort Wayne 1953 Little League teams.

Those who live in the district from which GE's team draws its players are to meet at Hamilton Park at 9 a.m., manager Charlie Wilt reported.

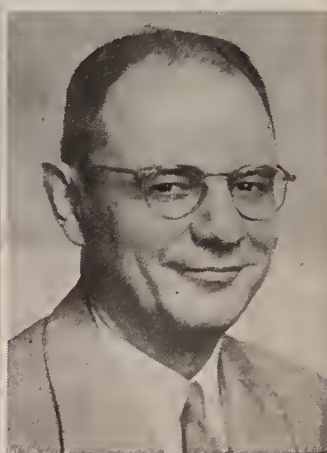

With preparations for the 1953 opening well under way, Wilt distributed blue application blanks to all of the grade schools in GE's area this week. These should be filled out by the boys and their parents and taken to the try-out session tomorrow. Boys who do not have application forms may secure them at the park ball diamond.

A Hamilton League Fathers' Club was formed by staff members of each of the four teams in the Hamilton Park League at a meeting this week. The new club will aid in keeping the diamond in shape and assist in other ways to make the 1953 season a success for the boys.

Other teams in GE's league will be sponsored by Inca, Patterson-Fletcher, and Allen Dairy.

A seventh league, the Fraternal League, has been added to the city's Little League activities. Like the other six leagues, the new one

Leslie I. Asher

Cost Accountants Elect L. I. Asher National Director

Election of Leslie I. Asher to the position of national director of the National Association of Cost Accountants for the 1953-54 year has been announced by H. A. Phapenfoth, chairman of the nominating committee and past president of the organization.

Mr. Asher's term of office, which begins July 1 this year, will extend for two years.

Manager of organization and salary administration, Mr. Asher has served as president, vice president, and treasurer of the Fort Wayne Chapter of NACA. Joining the Company in 1930, he came to the Fort Wayne plant in 1942 as assistant works accountant. In 1947, he became works accountant

FORM G AD AWARD—W. R. Boggess (left), manager of marketing for the General AC Motor Sub-Department, and W. F. Brunner, advertising and sales promotional specialist, admire the plaque received by the General Electric Company for first place in an advertising contest. A picture of the prize winning Form G ad appears on Page 4.

Form G Motor Ad Wins Top Award in Contest

A Form G fractional horsepower motor advertisement won a first place award for the General Electric Company in the 1953 Contest for Advertising in Industrial, Professional and Institutional Papers. GE's award was in Division 5 of the contest, which was limited to advertising of component parts

and materials, containers, packaging supplies ("finished" items used in the production of goods, or in packaging), such as gears, bearings, switches, tubings, castings, wrapping materials, bottles, and aluminum foil.

Judged on Reader Service

Judging was based on the campaign's service to the reader, on clearly understood objectives adequately met, sharply aimed copy, and appropriate layout and art treatment.

The purpose of the General Electric advertising campaign was to introduce a new motor of compact design, reduced weight, and modern appearance and to offer advantages of all-angle operation.

Ad in Two Colors

The judges' stated that the two-color prize-winning Form G ad's treatment of all factors contributed to its effectiveness. Headlines, copy, and illustrations were skillfully coordinated to tell a straightforward story in a believable way. The contest was sponsored by the Associated Business Publications to help make advertising in the Industrial, Institutional and Professional Press more productive.

'53 UNITED FUND HEAD—Kenneth W. Michael (right), manager of plant community relations, has been named chairman of the 1953 United Fund campaign in Fort Wayne and Allen County. Getting plans under way for the Fall opening of the Fund drive in October, Mr. Michael met this week with George W. Harwood, UF executive director (left), and Richard D. Gray, campaign manager.

COMMUNITY SERVICES FUND REPORT

Stated below are the results of activities of the Employees' Community Services Fund of Fort Wayne General Electric through December 31, 1952:

Contributions to Fund representing amounts deducted from salaries and wages earned by members and cash paid by members from effective date (Dec. 24, 1951) of Fund through Dec. 31, 1952.....	\$71,346.00
Payments as authorized by Board of Administrators from above contributions:	
Fort Wayne-Allen County Chapter American Red Cross	\$12,853.43
Allen County Community Chest and Social Planning Council	\$58,492.57
	\$71,346.00

The pledges for 1952 made to the local Red Cross and Community Chest totaled \$72,000 and it is very gratifying to note that we missed our pledge only \$654. The contributions for 1953 are coming in at a higher rate than for the early part of 1952. A statement of the results for the first quarter of 1953 will be available soon.

H. B. LEACH, Treasurer.

Different Ways of Doing Business

It may be a popular impression that capitalism is just a way of making profits—money profits. And, of course, money profits are important.

But industrial enterprises have not been started, usually, with the primary purpose of making money. Many of them have been undertaken because of the challenge to men to create or accomplish something that never before had been done.

It seems hardly likely that men built the beginnings of the automotive, the telephone and electronics, the aviation industries—to name a few—only as a means of making money. In fact, pioneers in those industries probably lost their money in trying to develop the "firsts" more often than they made money.

No, it isn't just a matter of money. It's a matter of free individuals putting their resources together to do what individually they could not do.

Which brings us to one of the differences between the free economy and the state-operated economy. If you want to contribute your money to an industrial enterprise in the American system, you are free to buy shares in it.

If later, it is your judgment that the enterprise is not being conducted to your liking, or that you would prefer to switch your contribution into some other enterprise, you are perfectly free to do so. You sell your shares and you buy others instead. In other words, you are always free to contribute or withdraw your resources, as you wish.

How do you help develop an industry in a socialistic economy? Well, you might help by being a government employee. But mainly you help by paying taxes. You have no choice of the enterprise to which you want to make your contribution. You can't decide how great your contribution is going to be, because that is ordered by the government. And, of course, you cannot withdraw your support. You may not want to support a government-operated power company, for instance, but since it is your tax money that is being used, you can't do anything about it directly.

What it boils down to is that you can't buy shares in a socialist enterprise—that's taken care of for you. And by the same token, if you don't like the way things are done, you can't take your money out of it.

* * *

Security Is Everybody's Business

American production defends the free world. The largest obstacle to the Communists' plan for world conquest is our ability to turn out material and equipment.

There are thousands of factories and plants which are vital to our defense program even though they are not making arms or ammunition. An electric power plant or a city water system may not have a defense contract, but put it out of business and you cripple ten or a hundred defense plants which depend on it.

An idle plant is a dead plant. A plant dead for lack of power or water is just as dead as one bombed dead. So is one dead from sabotage. In event of a "hot war," sabotage might cripple our industrial empire. If trains and planes were stalled for lack of fuel, or if our communications system were dead for lack of power, our ability to produce would be cut to a minimum.

Faced with this danger, every one of us must do what he can to safeguard American industry.

What can YOU do? You can take special care not to commit some negligent act which might cause a disaster. You can observe every safety regulation at the plant where you work; they are intended to protect you as well as your plant. Finally, you can be alert to what goes on around you. Don't let some subversive make a fool of you. If you notice anything that seems to threaten our national security, report it to the authorities. They'll know how to handle it.

Above all, in times like these, be a good American. Remember that security is everybody's business, and that it is one business that makes a profit for everybody.

HAROLD E. TALBOTT,
Secretary of the Air Force.

At Camp Atterbury

Pfc. Wayne A. Nichols, who worked in Bldg. 4-4 before entering the U. S. Army in January last year, is now stationed overseas, his wife reports. His present address is:

Specialty Motors

by Eileen Fitch

We all miss Mr. Wheeler since he has been on the sick list. Our best wishes for a speedy recovery and hope that you will be back at your desk real soon. . . . Welcome to Mildred Richardson and Helen Risser. Mildred will fulfill Pearl Rose's duties while Pearl is on leave of absence. We'll miss Pearl and be looking forward to her return. Helen comes to us from the Shipping Dept. at Taylor St., and will continue as a shipper in our Bldg. 6-3 office. . . . Betty Kemp was wearing a million dollar smile this week, and little wonder. That great big bundle of streamlined beauty arrived, her brand new Bel Aire. . . . When it comes to transportation, Mr. Saurbaugh thinks the helicopter is the up and coming thing. He says with all that space in the big beautiful sky, such things as crumpled fenders and heated arguments as to who zipped when he should have zagged, would all be eliminated. Maybe he's got something there at that. . . . There seems to be a lot of discussion around the shipping office concerning diets and their various results, good and bad. Ivan Doster insists he follows such a strict diet that he actually suffers hunger pains, and to make things even worse, he continues to put on the pounds. Monday, at lunch, Claudine Gladbach showed the girls what her very own original "dessert" diet consisted of. She brought a big piece of chocolate cake (double portion) and some fresh fruit. Claudine says maybe the loss of pounds isn't so great, but at least her "dessert" diet doesn't cause her any stomach discomfort. . . . Have you noticed Paul Klage's hands lately? Paul is displaying "skinned knuckles with splinters added." We understand he is taking up contracting as a side-line, with a new garage and breezeway under construction. Don't let it get you down, Paul. You'll soon be able to handle that hammer and saw every bit as good as you do that little ol' Eversharp.

I would like more information about.....

It is not necessary to sign your name. If your question is of general interest, it will be answered in the NEWS. If not, we will send you a personal answer, providing you have signed your name and address.

Signed.....

Location.....

Frank Phillips pulled a good one a few days ago. He was going out for the evening. After arriving home he gets himself all dolled up, leaves the house, closing the door which has a night latch on it. Proceeding to his car he discovered, much to his dismay, that he had failed to transfer both the car and house keys to his good trousers. There he stood, unable to get back into the house. So, he decided to hang around in the hopes that a little boy would come along who could easily be boosted through a window and unlock the door. But no such luck. After waiting an hour or so he decided to try it himself. Frank, being of generous proportions, did succeed in prying open a window and with the aid of an old car wheel and sled did manage to squeeze himself through the window, thereby saving the day. However, he has a suggestion to offer, it being that contractors make windows a little wider. . . . Norman Rider, desiring to ride in style and comfort, purchased himself a new Oldsmobile. After the

transaction was completed he discovered that due to the fact that the payments, being quite high, he would be unable to purchase gasoline for the new car. So he gathers together his remaining finances with which he purchases a motorcycle. He intends to ride it until his earning power increases and will enable him to drive the new car. . . . To anyone interested in gymnastics: It surely would be an adventure to drive to Lake Gilead, which is a short distance over the state line in Michigan, and watch George Cowan construct his new lake cottage. Once in a while he does encounter difficulties which are hard for him to master, causing great body discomfort, such as falling to the basement floor landing on the back of his neck. We notice that his face is pretty well scratched up. How this happened we do not know. . . . Clarence Stove seems to be very much perturbed over the decision of the State Conservation Department closing the fishing season for a period of 15 days. The way he has raved and ranted over this is shameful, to say the least, and we will venture a guess that the ears of every member of this commission are burning fearfully. We cannot imagine why Clarence is so put out over this matter as he never does much fishing at any time.

Appointment of Delbert Meyers As Large M-G Foreman Announced

Delbert W. Meyers has been appointed foreman in the Large Motor and Generator Department, Kenneth D. Strong, superintendent of the shop, announced this week. Mr. Meyers is in charge of commutators, cores, shafts and armature coils and winding on second shift.

When he joined General Electric in 1942, Mr. Meyers entered the Apprentice School. One year later, he joined the U. S. Army Signal Corps. After serving in the Pacific Theater, he was discharged in 1946 and returned to the Company's Apprentice School.

After graduation from the machinist-toolmaker course in 1949, Mr. Meyers became a machine operator in the General Tool Division. Later he moved to Bldg. 4-3 tool-room. He worked as a machinist and did bench work prior to entering Large M&G as a methods planner in March, 1951. This was his job at the time of his present appointment.

A member of the Foremen's Association and the Apprentice Alumni Association, Mr. Meyers is attending Purdue University Extension, where he has completed two years on the mechanical engineering course. He resides at 1311 Wall St.

Delbert W. Meyers

Final Kiddies Movie At GE Club Tomorrow

The final program of the 1952-53 GE Club entertainment series will be conducted tomorrow morning when the final movie program for children will be staged at the club auditorium beginning at 9:30 o'clock, Gordon L. Smith, club entertainment chairman, reported today.

Tomorrow morning's program will feature the movie "Little Abner," with Li'l Abner and Daisy Mae. The final episode in the serial "Trail of the Royal Mounted," will also be presented. Assorted short subjects will be shown and a color cartoon is scheduled for the program.

The show is free of charge to employees' children.

GE Vets to Elect At Spring Banquet Tomorrow Night

Tomorrow evening is the date of the General Electric War Veterans Association annual spring banquet and election of officers. The annual event will take place at the American Legion Post 47, beginning at 6:30 p.m.

Tickets, which are \$2 per person, may be secured from contact men.

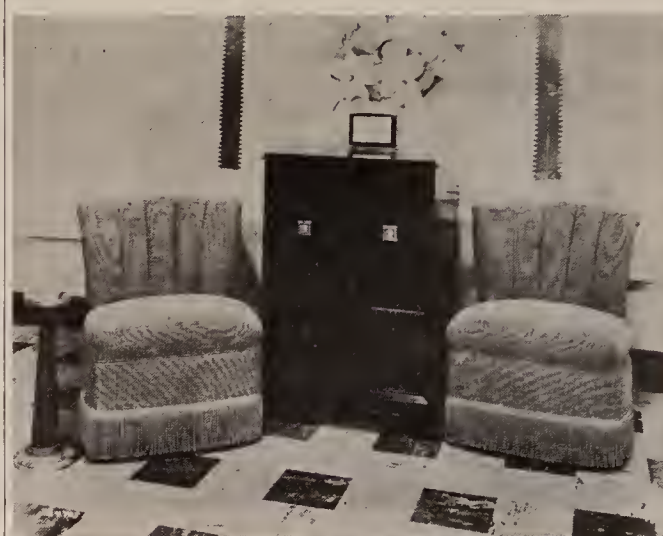

Robert Turschman, Bldg. 2-2, and Dewey Parkinson, Taylor St. Wire Mill, are candidates for president.

Other candidates for offices as announced by the nominating committee are: Roy Brower, Bldg. 4-4, and Walter Bloomberg, Bldg. 4-3, first vice president; Robert Johnston, Taylor St., and Roy Ogdon, Bldg. 4-1, second vice president.

Larry Suelzer, Winter St., and Phillip Lydy, Bldg. 17-4, secretary; Herb Koch, Bldg. 2-2, and Carl Rehling, Bldg. 20-2, treasurer, and Mahlon Grubbs, Bldg. 17-1, and Harry Feaser, Bldg. 10-2, director for three-year term.

Oh, Happy Da-ay! Warren went a-visitin' Pat Perry one Sunday. He was all dressed up in his Sunday go-to-meetin' clothes and looked right sharp. He was wondering why Pat stood in one spot and wouldn't budge. Baling wire was the reason, Pat's blue jeans were slit at an embarrassing spot and all that was holding them together was the wire. The least Warren could have done was

SPECIAL GE TV OFFER—Now available to employees at six General Electric appliance dealers, a special offer of two channel back television viewing chairs with foam rubber cushions is being given with four GE TV models. The UHF and VHF reception model shown and the two chairs are available to employees for \$394.96, while the list price for both the set and chairs is \$618.95.

Dealers Offer Two Viewing Chairs With Four GE Television Models

A special offer of two channel back television viewing chairs to be given with each of four GE television models has been announced by six General Electric appliance dealers in Fort Wayne.

Available to employees now, the offer includes two chairs in either grey, green, or red frieze material with foam rubber cushions. These are available with the following models of GE TV sets: 21-inch screen American provincial design in genuine black cherry veneers, VHF reception; same style with both VHF and UHF reception; 21-inch screen American provincial design with a mahogany cabinet, VHF reception, and the same style with both VHF and UHF reception. All four of these have the General Electric exclusive ultra-vision feature with strata power.

Prices of these four sets, which include two chairs, are: \$372.46; \$364.96; \$402.46, and \$394.96.

The following dealers in the Fort Wayne area now carry this offer: A & Y Home Appliance Co., 4315 S. Anthony Blvd.; Goodyear Service Stores, 1220 S. Harrison St.; Klaehn's Radio & Appliances, 1231 S. Anthony Blvd.; Martin Radio & Electric Shop, 1123 E. State St.; Schaper Home Appliance Co., 1622 Sherman St., and Sharkey's Radio Sales & Service, 2808 Lower Huntington Rd., Waynedale.

trying to put it back together. The testers and inspectors are offering their services as follows: Carson to furnish slightly used baling wire; Victor, glue; Bill, free instructions; Harry, river water for the battery; Timmy, one free push, and Dewey, a bucket for the left-overs. . . . Well, wish me luck, everybody, I'll be working for that man with the whip, Mr. Dalman, better known as the boss. Really, folks, Harold is a swell person to work for.

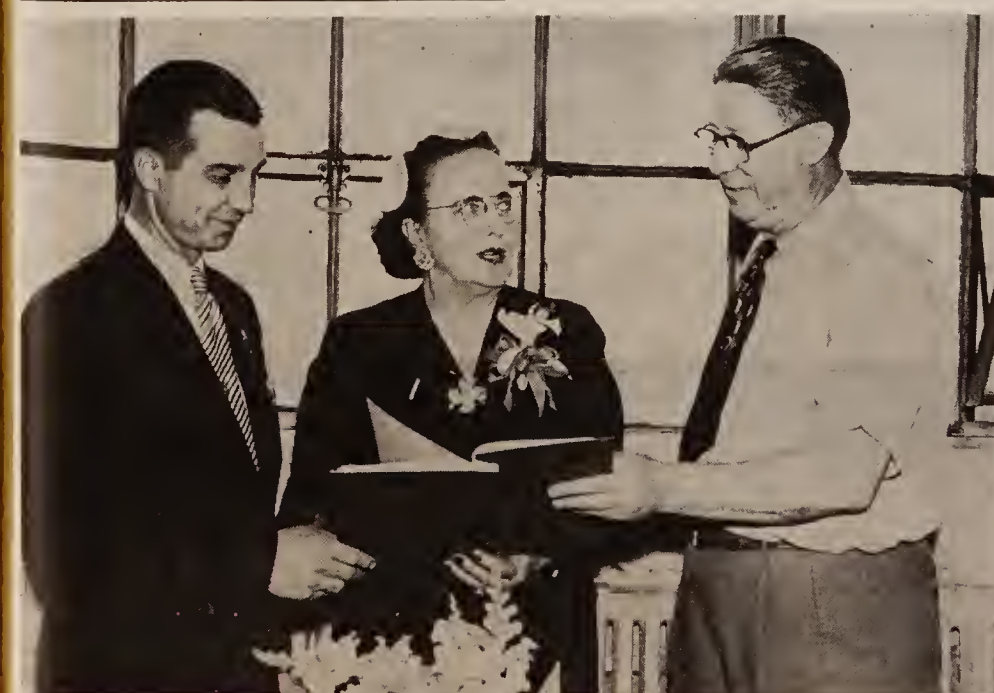

"Things are moving so fast now-a-days that people who say it can't be done are interrupted by someone doing it."

Decatur GE Club To Hold Dance Sat.

The Decatur GE Club will sponsor a square and round dance tomorrow evening at the Moose Home, Charles Cloud, chairman of the event, announced today.

Beginning at 9 p.m., the dance will feature the music of Johnny Lukens and his orchestra, with Bill (Cookie) Lee calling for square dancing.

Open to Decatur plant employees and their guests, the dance will continue until 12 p.m.

MARTHA SCHERZINGER RETIRES—Martha Scherzinger retired yesterday from the General Electric Company after 44 years of service and 28 years as the only woman foreman in the Fort Wayne plants. Miss Scherzinger is shown at a party in her honor before she left on vacation, talking with R. L. Spittler (left), and Florian C. Korte. Miss Scherzinger joined the Company in 1909 on taping work. In 1925 she became a foreman of winding, a position she held throughout her service with the Company. She has planned a trip to Europe next year to visit relatives in England.

MOTOR and GENERATOR

Thought for the week: "You can't hold a man down without staying down with him."—Booker T. Washington.

LIVING DANGEROUSLY: When news items are scarce we can always depend on Homer Campbell to do some deed worthy of note in this column. News is short this week and good old Homer came through in the pinch. According to our "Oracle," the Campbell's are re-vamping their dining room. Among the works to be performed was the building of a corner cupboard and the moving of a wall outlet. Ever a pioneer and one who loves to live dangerously, Homer decided to move the wall outlet. His report is, "I don't know just what happened, there was a flash and the lights went out. I had to go down to the basement to change the fuse by the light of my cigarette lighter." And, dear readers, we believe this might be called dangerous living. . . . **HATS OFF:** This writer tips his hat to a really nice bunch of people from Motor Generator. In these days of rush and confusion it is a fine gesture when folks take time to bring a little encouragement and cheer to someone who is ill. Howard Musselman has been ill and away from work for nine weeks. Some of the boys in the factory decided to do something to cheer him up. They developed a very clever scroll contained in a wooden case. This scroll, 38½ feet long, can be turned past a viewing window by means of shafts controlled by cranks located on the case. This scroll was passed to his friends in the factory and office with the request that each one write a message of encouragement to Howard. The scroll containing 307 messages and signatures, together with a gift collected by the group, was presented to Howard this week. This writer feels that the wishes written on the scroll will probably accomplish more toward Howard's recovery than the gift accompanying it. So again we say, "Hats off to a really swell bunch of folks."

Raconteur

Section 14, Taylor St.

by Mary Whitelock

Walt Niemeyer wishes to thank all his co-workers for their contributions to the ball pool. He's won twice in a row now and rides home in a Brink's armored car. . . . Good-by and good luck to James Cox, who leaves the assembly to join Uncle Sam. . . . The Winding Section welcomes Loretta Garrett back to work after a tonsillectomy and Wilma Bischoff, Dorothy Kell, and Marguerite Kohr, new employees. . . . Congratulations to Rosella Koons on her birthday. . . . June Spillner and her boy friend went to the Drive-In the other night and ran out of gas. H-m-m! Next time, watch your gas gauge, June. . . . We hear Vivian Tricker's husband bought her an old car to drive so she wouldn't scratch up the new

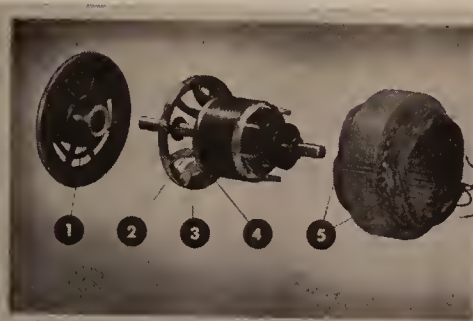

Oldsmobile. . . . Deepest sympathy to Wanda Hunt whose grandmother was killed in an automobile accident. . . . We wish a speedy recovery to the daughter of Paul Hitzeman, who is sick 'way out in Washington, D. C. . . . It is a command performance by his wife, Alda, to turn over the GE NEWS immediately when Art Bear enters his home on Friday evening. We hoped that nothing irregular would happen to Art at the plant, but it did. Art was seen trying to catch up with his uppers that were bouncing along on the floor ahead of him. . . . Mike Brayer has started a new side-line of ties. If he sells six ties, the company gives him a pair of nylon socks for free. Please, no shoving, now. Let's be orderly about this. . . . Jack Farris, Paul Clendenen, Hugh Neely, and Ralph Fishback braved the ice and snow to go on a fishing trip at Eldon Bell's palatial lodge on Little Barbee. Due to the Arctic breeze and lack of snowshoes, very little fishing was done, but, oh boy, the eats! Hugh Neely even surprised himself with the tasty filet mignons he prepared. Girls, please note: Take \$5 worth of choice steak, place each serving on a piece of foil, toss in a gob of butter, a dash of pepper, and a whiff of garlic, wrap snugly and place on the hot coals in the fireplace for 12 minutes and serve. Are you drooling? Me, too. Clendenen and Fishback, the pro euchre players, got took three games in a row Friday night by amateurs Neely and Bell. Jack Farris dropped the sugar bowl lid in his coffee and stuck his foot in the cold, cold lake. Just to make up for it the rest of the fellows cleaned two lovely bass for him to take home as a consolation prize. We hope this conforms with the story he told his wife!

by BLANCHE COWELL

WELCOME: To Kenneth Buckmaster. He is fresh from Uncle Sam's Navy and is working in the lead section. We hope he will like his job here. . . . We lost Gerald Binegar to the Air Force. He worked second trick in the lead section. . . . "An endless task," says Frank Elder, as he watched a lady go through the contents of her purse. . . . There must be such a thing as pennies from heaven, thought Kenneth Handschy. He won check pool last Wednesday and the commutator boys paid him off in pennies. When he held out his hand for them it overflowed. He spent some time playing pick up. . . . We wish a speedy recovery to Welma Charlton, who is off work because of illness. . . . Someone presented Joe Burton with a large fish head and right away he says it came from Golden Lake. His co-workers think differently. Elmer Wagner says the biggest suckers on Golden Lake are in the boat. . . . ARF! ARF! If you hear a bark, it's just Terry Bowman. He eats enough hot dogs at noon, it should cause him to bark. . . . We had a pleasant surprise last week. Al Nahrwold paid us a visit. He is on pension and by the looks of him he is enjoying life. . . . Roger Haifley is going high brow. He gave up his putt-putt bicycle and bought a Packard. He had to since his family has grown so large.

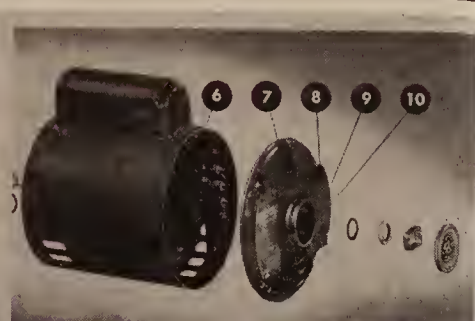

Let us remind the timid that life is a dangerous business and none of us get out of it alive.

Ten good reasons for using

1. VERSATILE—can be used for many different purposes.
2. MODERATE—costs less than other motors.
3. EFFICIENT—uses less electricity.
4. QUIET—runs without noise.
5. LONG LIFE—lasts for many years.
6. EASY TO MAINTAIN—simple to service.
7. LIGHTS—can be used for lighting.
8. BETTER LOOKING—attractive design.
9. MORE VERSATILE—can be used for many different purposes.
10. FASTER—runs faster than other motors.

GENERAL ELECTRIC

the all-new G-E Fhp motor!

GENERAL ELECTRIC'S AWARD-WINNING FORM G AD

Asher

(Continued on page 4)

and later the same year was appointed manager of finance in the Fractional Horsepower Motor Department. This was his position until his appointment to his present position January 1 this year. Mr. Asher is a member of the Foremen's Association and the Supervisors' Club. Mr. and Mrs. Asher, who have three daughters, live at 403 Englewood Ct.

by Georgia LAURENT

CENTRAL PLANNING: Out of curiosity as to how her co-workers would react, Jeanne Harnes came to work one morning wearing blue nail polish. She decided she was going to wear it all day. Half the morning went by with a few comments here and there. Bob Strain said it looked terrible. But for the most, scarcely anyone said a word. Jeanne said, "They ignored me." After lunch Ed Palguta said he could hardly enjoy his lunch just thinking about it. Jeanne claims that if you can wear red nail polish, why not blue? Do you have your answer, Jeanne? . . . We wish to extend birthday greetings to Al Wilcox. It will be celebrated May 1. . . . By the time this column is out, Viola Brooks should be home from the hospital. We all know that Viola took a sick leave. She plans to be back with us soon. . . . **ACCOUNTING:** As of last Saturday, little Alice Craig became Mrs. H. Calvin Hampshire. Maxine Williams, also of our section, was a server at Alice's wedding. Alice was back with us Tuesday. We wish her all the happiness in the world for the future. . . . **DRAFTING:** About two weeks ago the George Owens' were enjoying the evening at the Kenny Kasselmann's and discussing the topic of archery. During the course of their conversation, George and Kenny decided to shoot a few arrows for some pointers. George shot six or seven arrows in the usual way, when quite by accident, one arrow broke as George let loose. A splinter about an inch and a half long imbedded itself in his hand. Kenny called for a doctor and

George was taken to the Lutheran hospital immediately. It took two hours in the emergency room before the splinter was out completely. George is left-handed; therefore, an arrow rests between the thumb and the index finger of his right hand. The splinter was right above the bottom of his thumb and ran along his index finger. Kenny says they have spoken with experts on archery who said that never before has anything like this ever happened. We regret your unfortunate accident, George, and hope your hand heals very soon. . . . **BALLAST ENGINEERING:** The other day Larry Bishop was over in Bldg. 18-3 for an Effective Presentation class. The next day somebody found his thermos jug, and realizing it was Larry's, sent it over to him in the mail. But Larry was not happy about it, even though he was surprised. It seems he purposely left it across the street. He had been trying to get rid of it for a long time because of a few defects.

Claudia Twibell is a patient in the St. Joseph hospital. We wish her a speedy recovery. . . . To Martha Essex, who is leaving us for full-time home-making duties, we wish heaps of happiness. . . . If anyone is looking for pointers for a long happy marriage, see Oliver Tracey or Ralph Calvert. Oliver just celebrated his 40th, and Ralph his 31st. . . . We are proud of Ira Shaffer for winning a Life Saving Award because he saved a little girl from drowning last summer. . . . Birthday greetings to Don Raypole. If anyone wants to bring him a belated gift he needs nails, stones, bricks, window screens, tile, in fact just anything for his new home. Several of the girls have offered to donate a few days' labor. . . . Paul Monroe was seen buying a thermos of coffee and a bag of sandwiches to take home for his supper. Looks like he is tired of his own cooking. Bessie is spending the week in Indianapolis. . . . George thinks it's bad enough to read about himself so often but worse to see his name spelled wrong. Excuse us, George. We finally have learned,

SICK LIST

The following employees have been reported on the sick list and dismissed from the hospital.

Sick List

Hazel Niswonger, Marie Dunfee, Clarence Keener, Trulie Nelson, Welma Charlton, Jr., Clara Krauskopf, Larry Chaney, Elijah Stearns, Sharon Wiegman, John Webb, Cletes Pierson, William Morton, William Rapp, Marcella Rodman, LeRoy Self, Patricia Sheets, Raymond Land, Barbara Leonard, Betty Sovine, Charles Thomson, Robert Roberts, Gertrude Markley, Marvin Reitz, Garnet Zollinger, Viola Meeks, Helen Hall, Benny Noel, Clara Cohagen, Cleo Crews, Peter Karolyi, Edwin Howard, Edward Hormann, Sr., Walter Fagg, Geneva Curtis, Fred Castor, Levona Clark, Peggy Buuck, Dartmouth Beady, Frances Barnes, George Aikens, John Johnson, Daniel Aughenbaugh, Virginia Ballard, Orland Foltz, Donna DePew, Wesley Goss, Mary Brown, Ross Cohagen, Alice Boldt, Carol Carney, Charles Huffman, Herbert Dornte, Robert Andrews, Alberta Hudson, Alice Curry, Cecil Strong, Margaret Monnot, Walter Amacher, Mary Foster, Alberta Williams, Orpha McCreary, Ruth Lemmon, Grace Plattner, James Bryant, Milton McCombs, Gwendolyn Buzby, Perry Jefferies, Penelope Potter, and Donald Fiestroffer.

Dismissed from Hospital

William Ryerson, Helen Ritter, Claudia Twibell, Delores Stout, Elizabeth Odom, John Webb, LeRoy Self, Rena Mitchell, George Welker, Cletes Pierson, Julio Lopez, Dewey Heaston, Edwin Howard, Frances Barnes, Elizabeth Johnson, Frederico Heredia, Robert Everding, Marie Dunfee, and Mary Anderson.

It is Seabold. . . . We wish to extend our deepest sympathy to Velma Hetrick, whose mother was killed in an auto accident. Also, to Willie Mertens, who recently lost his mother.

Treat your time as Hetty Green does her money.

G-E DEATHS

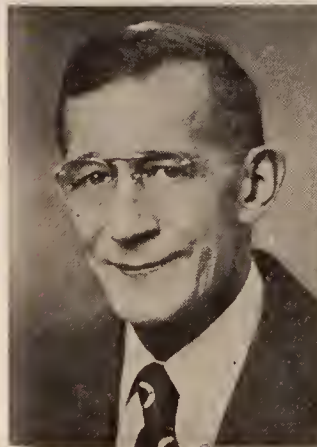

Francis J. Guillot

Rites Held April 24 For Francis Guillot

Friday, April 24, services were conducted for Francis J. Guillot, 76, a retired GE employee, by the Rev. Msgr. John Bapst. Mr. Guillot died Monday, April 20, at his home, 2811 Warsaw St. Burial was in the Catholic Cemetery.

When he came to the Company in 1917, Mr. Guillot was a machine hand. He became an inspector in Bldg. 4-2 and Bldg. 6-2 in 1919 and went to Bldg. 4-5 as an electrical tester in 1940. From 1943 until he retired June 8, 1945, Mr. Guillot was an inspector in Bldg. 4-2. He was a member of the Quarter Century Club.

Survivors include his wife, Julia; three daughters, Mrs. Leroy Knotts, Mrs. James McCarron, and Miss Rosalie; one brother, Charles; and two sisters, Mrs. Mary Terrill, and Mrs. Louis Cullen.

Arthur W. Bushing

Arthur Bushing Dies In Lutheran Hospital

A Quarter Century Club member and retired GE employee, Arthur W. Bushing, 67, died Sunday, April 26, at the Lutheran Hospital. Services were conducted Wednesday, April 29, at the Klaehn Funeral Home by the Rev. Carl W. Bruggeman. Burial was in Greenlawn Memorial Park.

Totaling more than 37 years of service, Mr. Bushing joined General Electric in January, 1913, as an inspector in the laboratory department. He held positions as a

CONGRATULATIONS: To Eileen Goehringer, who celebrated her birthday on April 30. Also, belated birthday wishes to J. J. Clarkson on April 23, and F. L. Gale on April 24. . . . **ENJOY YOURSELF?** Sally and Bob Collins spent the week-end in Cincinnati and Kentucky. . . . **A NEW ADDITION** was recently added to the Ilene Hardisty household—Boots, a black cocker spaniel puppy. . . . **HURRY BACK:** Everyone is wishing L. P. Gale a speedy recovery from his illness. . . . **HAMMERITIS:** Emmet Mills won't tell us how he injured his thumb. He says it is too embarrassing and no one will ever know. . . . **BUSY AS A BEAVER:** Virginia Davis will have her hands full for the next few weeks. Penny gave birth to five little wire-haired terriers last week-end. Sorry, they are all sold. . . . **WELCOME BACK:** We are happy to have Ruth Lowdermilk back with us after an absence of 12 weeks due to illness. We think you look much better, Ruth. We like your haircut, too. . . . **CONGRATS:** We wish a very happy birthday to John Willsey on Saturday, May 2, Mabel Waggoner on Tuesday, May 5, and Shorty Poyser on Thursday, May 7. . . . **WHISTLE BAIT PROOF VERSUS A WOMAN'S CURIOSITY:** The battle of emotions. Shirley Doster and Millie Hartman were walking down the hall last week one day, when they very distinctly heard a wolf whistle behind them. They kept their eyes straight ahead. The whistle was repeated. Still they walked straight ahead. They met Helen Conrad coming toward them and asked her who was behind them. Were you disappointed, girls, when you found it to be only another gal from your office? . . . **MRS. HARRY CONNOR**, the very kind spouse of our very considerate elevator operator, was greatly surprised at the shower of birthday cards and gifts she received from Harry's girls in Bldg. 4-6. Mrs. Connor celebrated her birthday last Sunday, April 26. We wish you very nice people many more happy days. God bless you! Sue Walton was so overcome by the wedding cake Mrs. Connor sent in for her, that she threw her arms around Harry in grateful appreciation. I'm sure Mrs. Connor will understand. . . . **OVERHEARD IN W&D's RECENTLY:** Ruth Richey charging a purchase to the account of Ruth Oetting, whereupon the clerk advised her they had no such customer on their books. Cheer up Ruthie, some people don't get used to it even after 10 years. . . . **ANOTHER GOOD MAN HITS THE DUST:** Tomorrow Marjorie Shaffer will become the bride of Donovan L. Feaster. The wedding ceremony will take place at the 10 a.m. Mass at St. Patrick's Catholic Church. After a honeymoon trip the new "Mr. and Mrs." will reside at 1537 Andrews St., Fort Wayne. . . . **HERE'S A DILLY:** Rachel Matthews lost her comb and brush set at home. After giv-

foreman, student, filer, and assembler prior to becoming a drill press operator in Bldg. 4-1 in 1942. He retired March 1, 1951.

Surviving are three brothers, William, Henry, and Oscar, all of Fort Wayne; one sister, Mrs. Arthur Condrey, Fort Wayne; a niece, Mrs. Richard Englebrecht, Boston, and a nephew, Raymond Bushing, Fort Wayne.

ing up the search for it, where do you suppose it turned up? In the refrigerator! Incidentally, the name of the refrigerator is Sanitary. . . . **THE 4-6 THESPIANS** have been at it again. Don Reek and Ricardo Thomas, specialty motor's gifts to the part time theatrical world, led their cohorts in a circus burlesque skit that brought laughs and the prize at the Squares' Club shindig Friday night. The casts of stars included Lori (Queenie) Brink, who displayed her talents while adorned in a pinkish sheet and tinkling trinkets; Kit Willsey, a sultry, sophisticated white goddess of South Africa; Bill Rutledge, the butt (i.y.w.p.t.e.) of the comedy; John Taylor, one of New York's finest; and handsmen Don Fredrickson, Frank Fleischer, and Earl Borner. Producers Reek and Thomas doubled as barker and huckster, respectively. . . . **GET WELL QUICK:** Wes Gras is recovering from an operation. . . . **SHAME, SHAME, ON YOU:** Herb Osborne didn't want to plant garden this spring. He hid the seeds and told his wife he didn't know where they were. But you know how women are, she found the seeds, so now just guess what is going to happen to Herb. . . . **A LITTLE TOO EARLY:** Dick Seely went to Covington, Ky. this week-end. What's your trouble, Dick? The Derby is not until this week-end. . . . Skeets Lahrman saw the movie, "How to Pick Up Spares." He forgot he was bowling in the league and used the first ball for the 7 pin and the second ball for a spare. We won't mention the total score. . . . **DOCTOR, I GOT A PROBLEM:** Paige Thompson wants to know how to square dance without getting so stiff. Ask Harold Dimke, he says he starts taking exercises a week ahead of the dance. . . . **SOME LIKE IT HOT, SOME LIKE IT COLD:** Betty Puff tried doing two jobs at once. She was doing the washing and scalded herself. She received first degree burns on her legs and second degree burns on her arm.

SHIPPING: Congratulations to Evelyn Mayfield today on her birthday, and to Doris Smith, Monday, and to Virgil McQuire on Thursday. Many more happy birthdays. . . . We, in the Shipping Department, are having the pleasure of touring Bldg. 26-2 and seeing how a transformer is made. . . . We say so long today to Evelyn Gaiser, who is leaving us to be a full-time housewife. . . . Martha Newell and friends spent Saturday in Chicago attending the Cardinal-Chicago Cubs baseball game. The girls came home happy the Cubs won. . . . Millie Kouder sang at her nephew's wedding Saturday afternoon. . . . Addie Levenberger, a pensioner, attended the Home Show at the Coliseum. . . . The Women's Transportation Club had a party Thursday night. Among those attending were Sophie Jessie, Emma Meyer, Helen Elbert, and Sarah Harris. They sure had a lot of beautiful prizes they gave away. . . . **TELEGRAPH:** We were all very happy to meet Tommy. No wonder Toodie has been walking on air. . . . Rosemary Ort also has stars in her eyes. She talked, by phone, to her big moment in Germany. . . . **MAILING:** The smile on Fred Kramer's face was not because it's spring, but because he heard Rae Ellen Rhoder's name mentioned.

Inquiring Reporter:

WHAT SHOULD THE U. N. DO ABOUT THE ATROCITIES COMMITTED BY COMMUNISTS AGAINST THEIR PRISONERS?

ARTHUR L. BROWN
Taylor St.

"After we (the U. N.) get all of our boys back from Communist hands, then I think the leaders responsible for the atrocities committed should be brought to trial and given the same brutal treatment our boys got and then put to death."

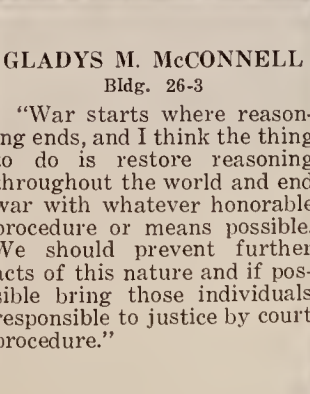

CAROLE CALKINS
Winter St.

"Not much can be done at this late date. That decision should have been made when the Police Action started."

GLADYS M. McCONNELL
Bldg. 26-3

"War starts where reasoning ends, and I think the thing to do is restore reasoning throughout the world and end war with whatever honorable procedure or means possible. We should prevent further acts of this nature and if possible bring those individuals responsible to justice by court procedure."

FRED E. PAUL
Bldg. 19-3

"An investigation should be made by the U.N. and if proved guilty of these atrocities, the men who conducted these crimes should be punished."

AMOS H. TROWBRIDGE
Bldg. 6-1

"They can do nothing at this time. If they did, it would only make things worse for the ones who are still prisoners. You can't deal with a Communist. If they want to play rough, we should use the atom bomb then after victory punish the ones responsible for the crimes."

We wonder if Ed Taylor enjoyed his ride on the elevator the other day? He claims he will never ride on "that thing" again. . . . Malinda Behrman has been confined to bed with the mumps. Sure hope you feel better soon. . . . Mary Warren probably lived all week on the French fried potatoes she forgot to serve her guests. Peggy Bahde enjoyed her birthday party, however, and received many lovely gifts. . . . Speaking of birthdays, Gladys Strong received a gorgeous Lezy Susan from her husband. Incidentally, thanks for the treats from Peggy Bahde, Gladys Strong, and Carl Kinsey. . . . Maybe Helen White shouldn't take any more trips to Indianapolis. Everything has gone wrong since. Something must have happened, as she does all her work backwards and upside down. . . . We are glad to report that Freda Copeland and Ann Lowe are both home from the hospital. . . . Augusta Gallmeier has a new roommate. It is a baby canary. Hope it is a good singer. . . . The lead section had a nice dinner on Neva Scott's birthday. Congratulations, Neva. . . . We are glad to hear that Irene Kreger is better. . . . Thelma Wyss looked bad Monday morning and it wasn't anything she ate or drank. They are in the middle of moving to the country. . . . Poor Unis Steinbarger was bitten in the leg by a rooster. What have you been feeding those birds? . . . Good-by and good luck to Marcelle Davis, who left us this week. . . . Carl Kinsey was pleasantly surprised on his birthday. His family had a big party for him and all were there but the boy who is in the Service. . . . We are sorry to hear that Pat Hatch's father is in the hospital. . . . Edith Juillaret is getting ready for her daughter's wedding which will be held soon. She also reports that her son is recovering fine from his accident. . . . If anyone has some old empty coffee cans bring them in to Emily Neirman. She wants to make boat anchors out of them. . . . A speedy recovery to Nancy Locke, who is on the sick list. . . . Olga Welch was very happy with the Sunshine Box the girls in the office sent her. . . . Signs of spring in 1x10. Floyd Steinbacher has a new Plymouth. He is so shy of trucks these days he tried to climb a post when he thought one was right behind him. . . . Marvin Rutz is back, minus his tonsils. . . . Jay Michaels is tired of getting bounced around in his Ford and is thinking of getting a Mercury. How much punishment can one take? . . . Bob Fritz is on days now. He has to help mama take care of the new baby at night. . . . Tom Rockhill was seen head and shoulders above everyone else at the Home Show. He was doing his magic on some coffee. It disappeared, too! . . . We've found it necessary to keep some extra food around the commutator department. When Ralph Mennewisch spills his lunch on the floor at noon there will be something to keep him from starving until 3:30 p.m. . . . We've heard everything! Margie Ogden had to say "Peter Piper" with her mouth full of caramels on the Ladies' Night Out program on WOWO. . . . Glen Schwartz and his wife were at an auction the other evening and both were bidding on an article. They discovered they were both bidding on the same article! They had an article there from Mamie Eisenhower and it brought more than

RINGS UP 30 YEARS—Joseph W. Shovlin (center), is congratulated on his 30th anniversary with the General Electric Company by Don Price (left), and Edward Ream. Mr. Shovlin worked in Bldg. 19-B when he joined GE in 1923 and is a sheet metal worker in Bldg. 20-1 at the present time.

anything else sold. . . . Julius Zumbum has a new Pontiac. He says he is going to deduct the \$600 difference he paid from his income tax. These Columbia City guys will try anything. . . . Dorothy Seip and Lorenz Hopkins are new folks in 1x20. We hope you like it over here. . . . John Figley is smiling again. Guess the hurt of losing that first nickel is easing. . . . Glen Ulery has his potatoes planted. He thinks those poor potato bugs have been hungry too long. . . . A speedy recovery to Glen Castle. . . . Birthday greetings to the following people: Evelyn Skelton, May 3; Edna Rohrbach, May 7; Ruth Summers, May 8; Dorothy Hoffman, May 9; Wilma Linker, May 15; Harold Frazier, May 16; Margaret Beugnot, May 19; Betty Kummer, May 20; Helen Burnam May 23; Gerna Cook, May 29, and Marian Miller, May 29. Ginny wants to wish a very special birthday greeting to Irene Stone on the 28th of May.

Besides being an excellent office girl, Mildred Messer has other talents. One of these is dancing. The other day as she was passing Ralph Garrett's cutting machine it showered her with sparks. The dance she went into would have put Salome to shame. Mildred, by the way, has bought herself an old Greyhound bus. Could be she is planning on raising a big family or else she is going to pick up a little extra money this summer running excursions to Rome City. . . . **PAUL TAKES IT ALL:** Old lucky Paul Miser won a basket of groceries on the Dinner Winner program. . . . Ferroll Hill is going into the sporting goods business. At present he is working on fishing equipment. He has designed a harness for night crawlers that is a dandy. He hasn't got it perfected yet, though. He is having a little difficulty getting the bit in the worm's mouth. He can't find the mouth. Hill is not to be discouraged easily though. He has read about the night crawlers and found that they are fond of rhubarb. So, he sits in the living room with a worm in one hand and a stock of rhubarb in the other. Then he holds the rhubarb in the worm's face (he hopes) and when it opens its mouth, he'll know

where to put the bit. . . . Anyone having some sand burrs for sale please get in touch with Pappy Wright. He'd appreciate it, as his supply has run out. . . . A tale of a pipe from Bldg. 27. Ed Minnich had an old corncob pipe that he had become attached to through the years. But those years of broiling cigar clippings in it had given it an obnoxious odor. So, several of the fellows talked to Ed and finally convinced him that it was time to discard it. Ed threw it in the scrap box and shelled out a dime for a new corncob. But the story does not end here. Old (Gib) Gibson came upon the old pipe, and thinking Ed had lost it, returned it to Ed's coat-pocket. When Ed discovered it he threw it away again only to have it return later to his pocket. By this time he had discovered who the culprit was so he put it in Gib's dinner pail. Gib's wife almost fainted when she opened the pail. After explaining that he wasn't smoking the old pipe on the sly, Gib returned it to Ed's pocket. This time Ed boxed it up and mailed it to Gib but neglected to put enough postage on it. When the package arrived Gib had to pay the extra postage. What happened to it after that the boy's don't know. Gib might have kept it, given it to his mother-in-law or maybe he threw it at the mailman.

Oh me, oh my, how some people do try to keep from getting their names in the GE NEWS. Wonder why Nora Smitley was so afraid that her name would get in the GE NEWS? Was it that bad, Nora? . . . The new Fords are still coming to town. Recently Helen Brintzenhofe became the proud owner of one. We know that she will really make use of it this summer. Any special trips planned yet, Helen? . . . Hank Stauffer just can't be satisfied with just one new Ford, so he also got a new Ford truck at the same time. . . . Hurrah, hurrah! Did you know that we have a song writer in our midst? A very well-known fellow, too, but we didn't realize that he had such talent. We know nothing as yet about this song that he had published except that it concerns Johnny Appleseed. The author's name? No one but our well-known "Spike" Cramer. . . . An item of interest to many of the friends and co-workers of Ruth Gaskill. Ruth became the mother of a baby girl last week. Congratulations, Ruth. . . . Two of our employees are members of a bowling team from Bluffton. Last weekend Elsie Peters and Catherine Young, along with the rest of the team, journeyed to Detroit to play in a tournament there. We haven't heard anything yet about the outcome of their games. Say, gals, why be so secretive about it? . . . Crows are very intelligent birds. They know it is safe to feed at the bird feed until they spot that gun being moved so very carefully around the corner of the door. Then away they go until they see George leave the house. . . . One of our pensioners, Mattie Fisher, will celebrate her 47th wedding anniversary on May 3. She says that they are going to celebrate by taking a trip. We hope that you folks will have many more years of wedded life to celebrate. . . . Service with a smile: We see that Clarence (Red) Morgan has taken another job along with all his other duties and activities. He was seen acting as a delivery boy for the Kroger store recently. . . . Emma Goldner made a trip to Cleveland last week-end to visit her grandmother. . . . The group in Bldg. 2 known as "Test"

are now known as "The Whistlers." . . . Clarence Morgan is very unhappy. Clarence worked very hard working the ground, planting the best grass seed he could buy. It grew and was looking so nice. Naturally Clarence was very proud, until he came home one evening to find that his yard doesn't extend into city property. Yes, they were tearing it up for a new street. . . . Harold McDonald is a patient at the Vets' hospital where he is under observation and medical treatment. Hurry back, Mac! . . . We wish to extend our sincerest sympathies to Ed Heshner upon the death of his father. . . . A. L. (Bert) Colchin, Decatur pensioner, has entered the Vets' hospital to undergo surgery. At the time of this writing there is no report on his condition. The old gang wishes Bert a speedy recovery. . . . John Loshe has been admitted to the St. Joseph's hospital for medical treatment and observation. We're all hoping John will be back soon. . . . Miriam (Call Me Stub) Moore is back at work after an extended absence because of a finger amputation accident. "Can't keep a good guy down," says Miriam, with the usual pep and good nature. We're happy to have you back, Miriam. . . . Ralph Bollinger of Bldg. No. 2 is now doing his bit with the Army. Best of wishes, Ralph, and remember we're expecting you back with us soon. . . . It's sure good to see Joe Meyers' smiling face again in Bldg. No. 1. Joe spent two years with Uncle Sam, most of it in the European area. Welcome back, Joe! . . . A sure sign of summer: A good number of Decatur baseball enthusiasts, under Leader Jay Moser, will attend the White Sox-Cleveland series in Chicago Saturday and Sunday.

OVER OUR WAY in 19-1 by Clara Volz

Charlie Waltemath, Bldg. 19-B, tried his darndest to bum a cigarette off of Bob Hack, but to no avail. Finally, at the end of the day, Bob's conscience must have pricked him because he sent Charlie 5 cigarette butts through the mail. Charlie thanked him for his generosity. . . . Frank Newport took over the dry cleaning business the other day. Annette Thomas came in contact with some dirty grease from a filing cabinet. Frankie, seeing a lady in distress, got out a rag with some cleaning fluid on it and fixed Annette up. . . . Charles Staley came up with a bright idea. He thinks that while the fellows are waiting in the office for their blueprints, etc., they should be served coffee and doughnuts. Maybe you want we should install a Philco (oops) a GE radio to while away your moments. . . . Sorry to hear Ed Burry has left us. Come back and see us when you get the chance, Ed. . . . Welcome to Bige Sigemore with Al Phillips' gang. Hope you like us. . . . By the way, Al is enjoying a brief vacation down in Florida. How lucky can you be? . . . I hear that Virgil Carmean's son is waiting to enter the Service any time now. Lots of good luck, fellow. . . . Willie Smith came back to work Monday after being ill. . . . Several other personalities have had their share of accidents this past week. Bob Buck sprained his big toe very badly; Kenny Strong sprained a ligament in his leg; and Jim Blake wandered out among some bushes, and got poisoned on ivy.

30 YEARS AT GE—Ted Mullen (second from right), reads a letter of congratulations he received on his 30th anniversary to (l-r) Walter J. Wolfe, Jim Stauffer, and Roy Dierstein. Mr. Mullen, who was a machine operator in Bldg. 26-4 when he joined GE, is now a foreman in Bldg. 26-B.

At The Squares Little Theatre Night...

Broadway fractional horsepower members of the GE Squares acted their way into first place in the Little Theater Night program conducted jointly by the Squares and the Women's Division of the Squares Friday, April 24, it was announced by Glenn Seabold, chairman of the program.

The P. O. Noble award, a trophy given to the group with the winning skit at the annual event, was presented Donald C. Reek, chairman of the top group. Winners of the top award presented a burlesque of a carnival as their entry in the program.

In addition to the first place award, the Broadway fractional group was rated tops in the following classifications: best male and female lead, best female costume, and best audience prop male. The Test Engineers' skit had the best male costume and the STAB skit had the best audience prop female, according to the judges.

The TE's presented a Spanish cafe musical and STAB members gave a comedy of errors. Judges for the event were Bob Drake, Warren Brighty, and M. M. Cole.

UPPER LEFT—Participants in the Test Engineers' skit, which was a Spanish cafe musical, included Barbara Winters, Bldg. 18-3, and Ramon Palazuelos, Taylor St.

LOWER LEFT—Glenn Seabold, chairman of the GE Squares annual Little Theater Night, presents the first place award to Donald C. Reek, chairman of the winning skit, composed of Broadway fractional horsepower members.

LOWER RIGHT—In a scene from the comedy presented by STAB members and their wives were (l-r): Ralph Huwe, Mrs. Russell J. Hirsh, Mrs. Richard L. Hamilton, Mrs. Gerald Doeden, and Bill Biega.

Stormy Weather
From 17-4
by Bill Hurtt and Larry Reed

We always thought that Alice Hahn had a very sweet disposition, but after hearing that she got mad because she got set four times in a euchre game we began to doubt our judgment. However, as long as there is only one person who won't play with you, Alice, your record will hold up. . . . It's either a case of not getting anything to eat at home or Ray Pflueger likes the food at the Conservation Club. It's a nice trick if you can do it, that is, being able to get out at night. . . . Dorothy Raucci says things really are getting tough when you have to resort to eating your own tongue as Maxine Baker was seen doing the other day. With all the lunch buckets here, Maxine, we believe we could take up enough of a collection to keep you from starving. . . . Famous last words: "You've got to have an order signed by the boss." . . . This is a sight you won't want to miss—the night Larry Reed buys a couple

of metal cornices 11 feet long and carries them down Calhoun St. A word to the wise should be sufficient, stay out of the way. . . . It's not so bad if your ball club is getting kicked around at the end of the season, but when the season starts out that way! All we can do is extend our sympathies to Bill Hurtt on his Cubs and tell him how much our hearts bleed for him. . . . The standard practice here has always been that you must have a gate pass to take anything out. However, if you are a big wheel like our own Cy (Soapy) Seymour, no one would even dare to think of such a thing as asking for a pass. . . . At this writing, the girls in the winding section are complaining about Phil Lydy's birthday. Not the fact that he had one but that they had a treat coming to them free and that they shouldn't have had to donate to the collection. The only redeeming feature, girls, is that if you pay for it then you can be reasonably sure you'll get it. Provided, of course, that the fellows don't beat you to it. . . . We are taking a very dim view of John (Crafty) Braden. It's very understandable why our one apprentice boy was in the hole so much on bets. Only by a flash of intelligence did we

ward off a sucker bet. So be warned, boys, he's a sharpie. . . . Two winners showed up last week. Clarence (I found it out by myself) Nussel and Howard (now I'm in the black) Brooks. We're glad to see Clarence win though. It means he can continue his usual noon donations. However, we understand since he won this much, he has invited a certain person out for a duck dinner. We are hoping he doesn't try to be a "Winpy" and insist that they bring their own duck. Remember, Clarence, that's one dinner you'd better buy or you'll get more "quacks" than you'll ever hear during duck season.

WIRE Ravelings
Art Rascal

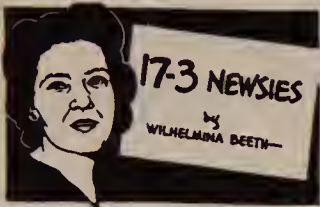

Bud Morris has decided to turn a pro-golfer. He found out what the cage was used for on the driving range. . . . Wimpy Lempersure has his days, especially when he wants to pick up an operator who lives on Electric St. Without

much knowledge, he went to the parking lot and was off when he discovered Electric St. is just across from the plant and if he had walked he could have gotten there sooner. . . . Don Pappert is

back after his two-week cruise and he has gained no less than 10 pounds. He will have to lose that to retain his bowling form! . . . Welcome back to Ralph Mertz, after serving in the military service. He has returned to his job in the packing section. . . . Herb Thompson joined the hill-billy club

the day Roy Rogers was in town. He admitted he was a friend of Joe Taylor and the "Indiana Redbirds." As Herb was passing the Van Orman Hotel, Roy accidentally stepped in front of him. Herb said it was all right, as he was a friend of Joe Taylor. After a brief conversation Roy told Herb that he could join Joe on an invitation to his ranch this summer. So, if you see Herb wearing a dude outfit or practicing his "Howdy, Partner!" greeting, just go along with him, as he wants to have his manners western style. . . . If you looked closely in last Saturday's rotogravure you would have noticed in the Zion Lutheran Choir, last row, third from left, a scowling character. It looked like fatigue, but Porky Schoenefeld said he just wasn't ready when the picture was snapped. . . . Birthday greetings to Charlie Siders on the 4th of May. . . . Paul Patton must have his days mixed occasionally. He came to work last Friday with his pajama top on. His excuse was that he thought it was one of his flashy sport shirts. But he should have had it on Saturday when he was so tired. He went fishing and he went to sleep on the boat dock!

17-3 NEWSIES

by WILHELMINA BEETH

Thirty days hath September, also April, according to our calendar. Roger Crabill must use a different one. He came out with a production schedule the other day dated April 48th. . . . Just because Phyllis Lupton is on second trick our FBI (Fun-loving Boys, Inc.) boys don't want her to think she has been forgotten. The other evening she had a difficult time getting her tools out of her locker since the box was upside down. While she was giving one of them heck, her lunch disappeared. The next evening her locker was neatly taped shut and decorated a pretty shade of red. You can't win for losing, can you, Phyl? . . . It's a happy birthday to Ruby Graves, Jerry Snyder, Jane Kessler, and Bonnie Napier. . . . Glad to see Eleanor Sellers and Millie Reynolds ringing in their clock cards again. . . . Also a welcome back to Mary Secrist. . . . We bid farewell to Cindy Ormiston, who will devote full time to household duties. . . . Also to James Carneon, who will be on Uncle Sam's payroll for awhile. . . . Bonnie Napier spent last week-end in Kentucky. . . . The next time Walter Kryder eats Joe Jensen's lunch, he hopes Joe isn't on a diet. Walter's lunch came up missing, so he ate Joe's. Since Joe is on a diet Walter had to take an extra notch up in his belt. . . . Walter also has a new DeSoto that he is getting all in tune before vacation. . . . We were glad to see some of our former co-workers from Bldg. 8 when they came over and helped us out for a day. If we'd knowd you was comin' we'd a baked a cake. . . . Kaye Dolan paid us a visit last Friday and brought in a big sack of popcorn, which we appreciated. We hope she can be back to work real soon. . . . Dick Gleim is wondering who sent him the "get well" card. There wasn't any name on it, so he can't thank them. . . . Eunice Kurtz says there is nothing like an early morning walk for a little exercise. . . . Guess we will have to get Bud Junk a little feminine wearing apparel. Since he is learning to tie, maybe he can keep up with the gals.

BADGE OF SERVICE—George E. Prince is now the wearer of a 40-year ruby General Electric service pin. Congratulating him on reaching the mark are (l-r) Clarence Hartman, C. F. Hattendorf, Bob Blee, Mr. Prince, and F. C. Korte. Mr. Prince first came to GE in 1913 as a lathe hand. He is a foreman in Bldg. 6-4 at the present time.

by Rosemary Anderson

We would like to welcome to our 2-411 group Ruth Ellenberger and Ruth Thompson. . . . Dick Potee has a real solution to the old habit of getting your pay check, taking it home, and sharing it with your wife. He picked up his wife's billfold by mistake one morning. Upon arriving home that evening he said, "Oh, well, I'm so used to giving you money any way, I just use your billfold and put the whole check in it. . . . We see Dick Goller has joined up with "Murder's Row" and at present is doing their pencil work. Also, famous last words of Dick, "Every time I get this place cranked up, Harry Keller runs out of gas." Keep on cranking, Dick. . . . Mildred Fast worried so much last week about being in this column she had to take Monday off. How ya doin', Millie? . . . Ed Englert's famous last words: "You ought to see my boy." . . . Maude Harden's sons seemed to like the Easter boxes sent to them by the Elex Club. That should prove we should support the Club all the way. Right, Maude? . . . Good-bye to Helen Petrie, who is leaving to become a full-time housewife. Welcome back to winding to Ruth Craig. . . . **OFFICE DITTIES:** Dick Rump has left the Company and Ora Cagnet is taking his place. . . . Who in the office is now known as "The P. D. Queen?" Could it be Jeanie, since she has been typing so many reports? . . . Welcome back to Gail Strong, from Bldg. 26-3. . . . It sure is easy to tell when the brass is going to a banquet. White shirts and bow ties are the order for the day. . . . Oris Cagnet, the Monroeville flash, sure smells good since taking his new office position. . . . It has been reliably reported that Dutch Norwalt had to make a complete change of outfit after riding home with Keck and his flying Hudson. Dutch is now walking home. What could the reason be?

from the finishers. . . . Lawrence Overmeyer is working for Ed Lauer as a stacker. . . . A sound argument must have more than sound. . . . Charlie Bailey is getting high-hatted now. Charlie has a desk all of his own right next to his foreman.

OWL GOLF OPENING SET FOR SATURDAY, MAY 7

GE Club Major League Entry Slates Softball Practice Session Tuesday

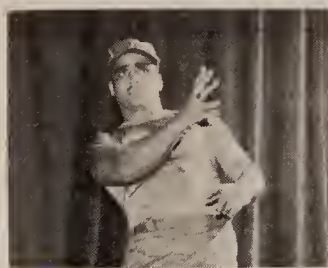

Open to Fort Wayne plant employees only, the GE Club major league softball team will meet at the club gymnasium Tuesday, May 5, for a practice session from 7 to 9 p.m., Dick Thomas and Jim Calland, co-managers, reported today.

The managers reported there are still openings on the team, and have invited any GE employees interested in the game to attend the general practice session. Employees attending the practice have been asked to take gym shoes and gloves to it.

Highlighting the roster is All-American Johnny Bright, Bldg. 17-3. An all-round athlete, Johnny holds records and honors in track, softball, football, and basketball.

Gaining national fame when he set 10 college records in football and made All-American three years in a row, Johnny began his trek to sports fame at Central High, where he was a member of the championship basketball teams from 1944 to 1948. He set the city pole vault record in track in 1948 when he cleared 12 ft. 5 in.

At Drake University, Johnny established national football records in the following classifications:

Bright

most touchdowns in one season, most yardage gained in one season, most yardage gained in one game, most touchdown passes in one season, highest pass percentage in one season, most touchdown responsibility in one season,

only player to lead the nation three years in yardage gained, highest four-year total of yardage, first sophomore to make All-American, and only player to make All-American, and only player to make All-American three years in a row.

A strong hitter, Johnny has been pitcher on the following city softball teams, Fruehauf Trailer, Maumec Theater, Que Ball Recreation, City Light, and Woodburn. The latter team won the Amateur Softball Association championship in 1951.

The Calgary Stampeders pro football team has claimed Johnny for the coming season and he will travel to Canada this fall to join the team.

three games. Winnie Scheurich was high for the winners with 116, 168, and 191 for a 475 count. Marge Meeks rolled a 178, and Joyce Brumbaugh, 170. The roll-off for the league champion will be held Friday at 6 p.m. between Holeyrollers and the second half winners, Lowlyrollers.

Decatur

In the GE Monday night league, Office won the second half ending with a record of 28½ wins and 19½ losses. The Office team also won the first half and are the league champs. Members of the champion team are John Baumann, Bill Porter, Paul Hancher, Roger Schuster, and George Laurent.

GE Fraternal League

Teepie Truck Line leads the league by one-half game with a record of 24 wins and 15 losses. In second place is Peterson Elevator with 23½ wins and 15½ losses. Third place spot is held by West End Restaurant with 21½ wins and 17½ losses. Briede scored a 613 on games of 196, 190, and 227. Petrie rolled a 198, 219, and 186 for a 603 count. Lord has a 602 on games of 210, 181, and 211. Double century scores were rolled by Baumgartner, 202 and 203; Bruick, 207; Berry, 224; House, 204 and 212; Strickler, 221; Custer, 209; and Debolt, 220.

Women's League

Team No. 2 is leading the league with 26 wins and 22 losses. In second place is Team No. 3 with 25 wins and 23 losses. M. York rolled a 186; J. York, 172; Stults, 164; Kleinhenz, 204; A. Reynolds, 167; and Miller, 165 and 165.

The Champion of Champions Tournament will be held at the GE Club alleys May 4. The men will bowl at 7 p.m. and the women at 9 p.m. All bowlers are requested to be at the alleys on time as the squads will start promptly at 7 p.m.

League Champion Hot Shot Foursome To Split Up for 1953 Owl Season

by Earl Stauffer

The first call was sounded today for players in the Owl Golf League of the GE Club. The opening has been set for Thursday, May 7, on the Brookwood links. Officers will be chosen and teams made up at the first session.

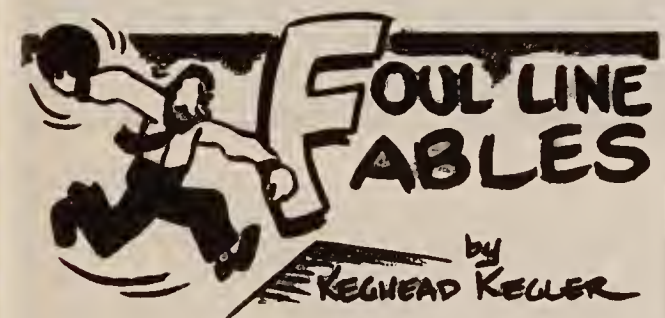

The Hot Shots, made up of Warren Wickliffe, Jim Sternberger, Lloyd Grider, and Ozzie Bunch, who have won the crown in four of the past five seasons have agreed to split up their winning foursome this season.

6-4 AIRLINERS by ELLEN BAUER

Marge Goodrick has learned her lesson, at least she won't take her shoes off again for awhile. They came up missing after she took them off the other day. . . . We are sorry to hear that Harold Dalman's father and Roxy Miller's father are in the hospital. We wish a speedy recovery to both. . . . We are glad to hear Hazel Leonard is improving. Hurry back, Hazel! . . . Louella McQueen is grandma again. We also hear she has some other congratulations due her. . . . We are glad to have Helen Shuler back with us again. . . . Harriett Minch bought a new dog collar Saturday in Decatur. What happened to the other one, Harriett?

The new league is tentatively set up as follows: If there are six teams in the league, as was the case last year, the first six men in last year's individual standings will each have a team. The next six low will be teamed, with the number seven man on the team with number six man, and the number eight man with number five, etc. It is hoped that teams will be matched as evenly as possible thus preventing big handicap spots. Other details will be worked out opening day.

League Manager Earl Stauffer said that it was important for all who intend to play to be present at the opening session. Anyone who cannot attend the first outing should contact Stauffer, Bldg. 17-4, Ext. 636, or Dave Mumma, Bldg. 20-1.

Small Motor

Two Legs Clothes won two games and finished the season with a 29 won and 19 lost record for first place. Models ended in second place with 28 won and 20 lost. R and R, Drafting, and Test finished in a tie for third place, each having won 26 while losing 22. Two Legs Clothes won both the first and second half and are the league champions. O. Doherty kegled a 230 count; E. Bowser, 202; C. Wilt, 206; K. Williams, 207; E. LeFavour, 203; L. Parrish, 217; and C. Shipman, 200. The high game of the night was kegled by H. Doehrmann, a 244 score.

Carl Lommatzch converted the 5-7-9 split.

Apparatus

Team No. 11 won the second half of the Apparatus League, leading the season with a 33 won 12 lost record. In second place was Team No. 10, with 29 wins and 16 losses. Third place went to Team No. 3, which ended the second half with 27 wins and 18 losses. Harman Westrick kegled a 200 count; Whitey Saalfrank scored a 205; Bob Knepple, 207, and scoring the high game of the evening was Bob Branning with a 210 score. This was Bob's first double century count of the year. Bob Dickey converted the 5-7-9 and the 207 splits. Louis Culbertson converted the 4-10 split and Bob Knepple converted the 6-7-10. Team No. 1 won the first half and will roll against Team No. 11 for the league championship.

Ladies' Monday Night

In the roll-off between Twisters and Holeyrollers for the first half champs, Holeyrollers came out in front by winning two out of the

Autos ended the season in the top spot, with 23 wins and 10 losses. U-I finished second, with 22 wins and 11 losses. In third place is Bells, with 21 wins and 12 losses. Burkamp, 200, and Hahn, 205, were the double century scores rolled.

Office League

The second half ended in a tie between Amplidyne and AC. A roll-off was held with Amplidyne coming out on top. Amplidyne rolled a 2647 to AC's 2607. In the roll-off for the league champion Small Motor, the first half winners, defeated Amplidyne 2937 pins to 2693. During the evening of bowling Dick Buckner kegled a 211 and 208. Carl Hattendorf, 206; Farry Carlson, 221; Bob Kallmyer, 203 and 224; and Dick Buckner rolled a 203 in the second squad.

INTERDEPARTMENT SOFTBALL MEETING

A meeting of all team managers for the Interdepartment League will be held Tuesday, May 5, at 7 p.m. in the GE Club lounge. Any team manager unable to attend should send a team representative to this meeting. Anyone interested in playing softball in the league who has not been contacted as yet should call John Leffers, League Manager, Ext. 2390.

Owl Nine to Practice

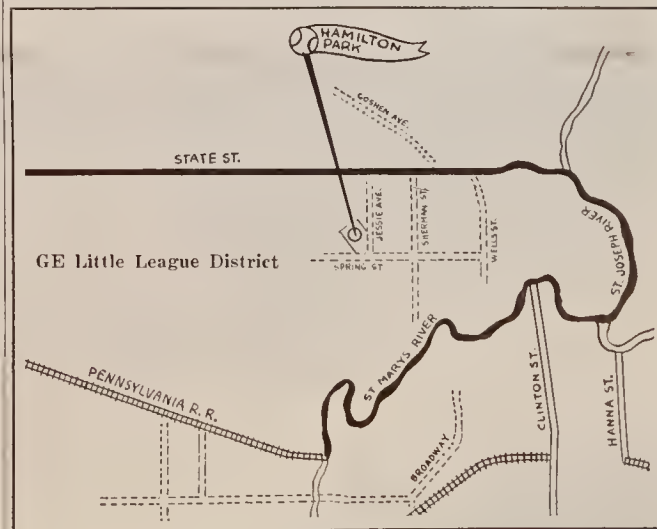

The Owl softball nine will practice Tuesday and Thursday, May 5 and May 7 on Diamond No. 4 at McMillen Park, Ben Penkul, manager, said today. Players should report to the diamond at 9:30 a.m. Penkul stated more players are needed. Those interested should report at the practice.

Little League

(Continued from page 1)

will have four teams. This brings the total of teams to 28 in the city with 420 boys participating in the program.

After schools are dismissed for summer vacations, regularly scheduled games will be set up by all teams.

TOOL BITS

BLOG 19-4-19-5
by Don Clark

The picture of Elmer Auman riding a horse so impressed Art Wolfe that he acquired a horse of his own. We don't know what kind it is except that it has four legs, a tail and two heads. That's when Art's riding it, of course. . . . Carl Bearman has joined that popular grandpa club with a 6½ lb. grandson. . . . Not only did Art Thieme convince Hayden Rice that he should work last Saturday, he borrowed Hayden's boat for his fishing trip. Boy, what a racket that is. . . . If Harold Cutler is a clock watcher, he's a mighty poor one. The other night he had his machine all cleaned up ready to leave one hour early. . . . John Fleischer's pals don't mind paying for the cokes. Not when they can trick John into going after them. . . . DIE PLANT: Harold Buell claims a trip to the Home Show paid for itself. He reaped his profits in yardsticks and what-nots. . . . Ned Gruelach is learning not to drop his bobby pins where his little boy can get them. Two pins, a light socket, and an inquisitive boy generated quite a burn and surprise for the little fellow. . . . Kenny Johnson is welcomed to the

\$10 Squeal

Die Plant. . . . Glenn Hoon snapped this picture of Jack Schemeborn, Elmer Sauerwein, and Art Dicke at Jack's daughter's wedding reception. That Schemeborn expression comes from receiving word that he was stuck for a \$10 piano tuning bill. . . . The weather was gloomy last Monday but Al Stecker helped to brighten things by paying us a visit. Al's looking good and is still keeping busy with his part time work down town. . . . Luther Schrock doesn't need a license for his hunting. He delights in hunting mice with a broom. . . . Max Poling found out that Bob Wallace has a unique method of guessing weight. Of course, Bob had learned from a good instructor—Charley Ueber. Roy Paulson and Jim Buchheit agreed to cut their "out of this world" neckties. Jim cut his close to the knot, but Roy fooled him. He snipped a short piece off the tail end of his. . . . Don Maier is welcomed to the jig bore unit. . . . Birthday greetings to Art Keller. . . . Lee Richardson is going to have some cold wet chickens for a while until he gets all eighteen of the windows back in his hen house. . . . That's a sure sign of spring and baseball. Frank Lebrecht killed a big blue racer the other evening. Frank said that the snake was six shoe lengths long. Six lengths of Frank's shoe size is really a lot of snake. . . . Circus report: It took all 40 tons of elephants in the circus, sponsored by the Waynedale Fire Dept., to push Fire Chief McCague out of the mud. . . . Carl Einsiedel even with his high ear clearance haircut is a blue blood. Gene Denig tells us that Carl's great grandfather was a baron and also was a brother-in-law to the great German ruler, Bismarck. This explains why some folks call him Carl Von Einsiedel. . . . Kurt Mar-

tin purchased a ticket to the Emmaus Lutheran Church ham supper but was unable to attend. So Walter Greiner brought him a ham sandwich that was well worth the price of the ticket. . . . Reinhold Lepper and Ralph Foust really got some good fishing in Saturday. Both got their limits in bass. They were close to game warden size. . . . Last Monday Paul Brinkroeger came to work late and claimed the daylight saving time had him all messed up. Paul set his clock back one hour instead of forward. . . . An optical illusion through our south window revealed a smoke stack in a leaning position, and Bernie Byanski checked it 5 degrees off with his protractor. Which do you think should be checked, Bernie's protractor or the smoke stack?

The BIG WIND
Taylor Street
SUB-SEC. 17
by Rachel MOUNSEY

Our deepest sympathy is extended to Rachel Milligan on the death of her husband. . . . Congratulations are in order for Delbert Logan, who became the proud father of a daughter Friday morning. She is named Linda Lue and weighed 7 lbs. 2 ozs. . . . We wish Eddie Howard a speedy recovery from the injuries received in an auto accident last week. . . . Arveda Neal is enjoying herself this week at Atlantic City. . . . Anyone wondering why there was so much tooting noise in the die cast section? Their boat was sunk last week. Just ask them. . . . Jim Linn has left first trick to go on third. We hope you like your new trick, Jim. . . . What a man won't do for a nickel. Pat Patton and Oscar Schelper were having a difference on how many shafts were in a box. In order for Pat not to lose, he put a couple of milling cutters in the bottom of the box. . . . We are wondering if old age is catching up with Ruby Chrysler. She is getting so forgetful these days. . . . We want to welcome Wanda Scare on days in the winding section. Hope you like it with us, Wanda. . . . Gladys Dunbar is very happy now that she has her little niece back again. We hope it's for good this time, Gladys.

WITH GE 35 YEARS—A 35th anniversary as a General Electric employee brought best wishes to Orville D. Coleman (center), on the day he reached his service mark. Congratulating him are Art Knoll (left), and Bob Hermely. Mr. Coleman joined the Company as a tester in 1917. He is now a methods planner in Bldg. 4-4.

30-YEAR LETTER—A big crowd was on hand to congratulate Willis P. Lautzenheiser on his 30th General Electric anniversary. Left to right are Ross A. Van Horn, Elga Grinder, Kenneth McDougal, Mr. Lautzenheiser, Erwin Richter, and Marvin Baker. Mr. Lautzenheiser is a section supervisor in Bldg. 31-2.

Imo Gene and Cliff Pitts are looking forward to a summer of fun. They've purchased camping equipment and plan to spend much of their leisure time at Pokagon Park. . . . Have you had your picture taken recently? If not, see Norm Burkhalter or Howard Hoffman. They've been having themselves a time with their camera squirt gun! . . . We're so glad it stopped snowing or Kurt Harz would still be lost. He was in a boat on Turkey Lake when that last big snow started and couldn't find his way in. He's still having a little trouble with snow blindness. . . . The big traffic jam down town on Wednesday night was caused by Art Holterman. He found a parking meter with 40 minutes left on it. It took him so long to get his car in the small space that traffic was tied up for two blocks. It still cost Art a nickel. . . . We welcome Mike Kramer back to Bldg. 4-1. . . .

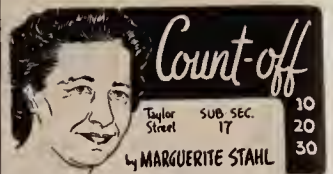

Elmer Hart spent a week-end in New York City recently. He recommends the Danny Kaye show. . . . Has George Bear been putting on weight? He rides to work with Herman Johnson and Herman has been having trouble with broken springs in his car—on the side where George sits, too! . . . Kurt Harz has a mouse snare by his machine. He props a small box with a match stick tied to some bait with a short string. He captured two mice but one has outwitted him. Each time the mouse very carefully carries the bait out from under the box before it starts to eat and is therefore on the outside when the box falls. Who's smarter, man or mouse? . . . Our sympathy to Mahlon Grubbs on the death of his father. . . . Don Vorn-dran wishes he'd have gone fishing with Roy Berdeman and his gang. They caught 22 bass last weekend. . . . We're sorry to hear of the death of Arthur Bushing. Art worked in Bldg. 4-1 until his retirement about two years ago. . . . We have a celebrity on our floor. Basil Squires won second prize in metalcraft at the Home Show.

Ramblings

Bldg. 31-2

by Julie Rice

Our congratulations and felicitations to Norm Jueschke on his winning second prize in the novelty division of the home workshop contest at the Home Show. In case you didn't see the exhibit, his entry that won the prize was an elegant casing for an electric clock. . . . Woe be unto the grocery bill! We hear that Maurice Emiling has developed a better appetite of late. But the heck with the grocery bill, we're just glad to hear that he's feeling better. . . . Thirty people! What a shindig that must have been. What's the occasion? The birthday of Mox Richter's twins, what else. . . . We hear that Dave Cook is doing right well on his golf these days. On his first round of the year he made a score of 60 (of course that's for nine holes). . . . Last Monday I was enlightened on the latest bachelor philosophy which I will now pass on to you: "Each day I get more particular and less desirable."—Fridholm.

The girl friends of Gus Harrison, Taylor St., were happy to see him at the Elex dance. . . . Elinor Ness and husband spent last week-end touring the Covington Downs in Kentucky. . . . Happy birthday to Gladys Pantazin and Ruth Cavers. Thanks for the treat, girls. . . . Frances Walker, who is one of our pensioners, gave the girls a surprise with all those cards from California. . . . COT WANTED: For Max Turnbow, so he can catch up on his sleep while running the lead stripping machine. If this proves successful Ned Altekruze will also be in need of one. . . . Leo Miller is sporting a new Dodge. . . . Since the time has changed Cozy Walper has decided to get up two hours earlier. Didn't it look awfully dark to you at 3 a.m.? . . . Morris Roe must have overslept Monday morning. The fellows are sure he had part of his pajamas on! . . . Delos Martin has always prided himself on keeping his chin out of other people's affairs, especially fishermen. Delos had a very nice weeping willow tree in his front yard which he prized very highly. One morning he awoke to find the tree missing and, of course, there were some fishermen down in front on the lake. So, he asked them if they saw anyone cutting his tree down. They said, "if you will look across the lake you will see your tree going that way." The beavers needed an extra tree for their dams. . . . Dorothy Weiler spent the week-end in Kalamazoo, Mich., attending a church convention. . . . Best of luck to the son of Marguerite Stahl, who left Tuesday for the Armed Forces.

APPRENTICE BROADCAST

by James Bird

Since summer is right around the corner the fellows are starting to practice their favorite outdoor sport. The new golf league really got off to a good start last Friday. The boys went to the driving range and practiced in the snow storm. Sure hope it pays off. . . . The past week some changes have been made and a few new faces added in the school. John Becker, Ronnell Allen, and Richard Fischer were farmed out to the different tool rooms around the plant. John Blair, Glenn Zook, and Mel Guillaume were changed to different departments. Bob Doelling returned to the school and Jerry Frye was sent to Bldg. 26-3 planning. Richard Gotschall, Bob Silk, and Bob Hill were re-engaged from the Service. Welcome back. . . . Myron Auer has replaced Woody Trostel in the office and Woody is working in the mill section. . . . Last week class representatives were elected and will get together to plan the activities for the spring term. The representatives are Bob Calkins, Tom McCrear, Bob Doelling, Paul Greenlee, and Les Fanning. . . . Anyone interested in a late souvenir? If so, see Ron Davis; he made quite a few last week when he had trouble with his screw machine. . . . Friday was clean-up day so Glenn Camp thought he would quit early and do a good job cleaning his machine. Since he did such a good job, Harry asked him to clean another one. Or was it because you quit a "wee bit" early, Glenn?

"Lost" and "Found" articles must be cleared through the Plant Protection Office, Bldg. 1, or the Plant receptionist, who will place the Ad-let and otherwise advertise the article.

No ad will be received over the telephone. Only one ad per employee may be inserted. Each ad must be limited to 20 words and cannot be repeated. All articles mentioned must be personal property of the employee. Ads will not be accepted unless accompanied by the name, pay number, and division of the employee. No plant building or telephone number may appear in any ad except transportation ads, only the home telephone number or address. Send all ads to G-E NEWS office, Bldg. 18-1.

CLOSING DATE
Monday Noon, May 4, 1953

LOST AND FOUND

- LOST—Two keys on a split ring.
- LOST—Pocket knife shaped like a key with a yellow bone handle. Knife is 2 inches long.
- LOST—Pair tinted plastic rim glasses in brown case which slides in the end. Name Cormas, Gary, Ind., on case. Lost between Bldg. 18 gate and Bldg. 4-3.
- LOST—A green gold engraved earring shaped like a wedding ring. Lost between Anthony Blvd. and Pontiac St., and Bldg. 26-2.
- LOST—A gold colored earring with a football drop. Lost between Bldg. 4-6, 4-2 and Fairfield parking lot.
- LOST—A pearl earring with one pearl drop. Lost between Bldg. 26 and Bldg. 19 gate.
- FOUND—A blue apron with red apples on it. Turned in at Bldg. 18 gate.
- FOUND—A Yale key No. N-713. Found outside of Bldg. 18 gate.
- FOUND—A Yale key No. W. F. 502. Found on Broadway near Stophlet St.

COUPLE to share my home. One month free rent in exchange for help in redecorating and spring cleaning. H-58385.

WINTER ST. JOTTINGS

It will be a five months Officers' Training Course for Richard Davenport, son of Herman Davenport, foreman in Shipping. Dick was recently promoted to the rank of second lieutenant in the Marine Corps; he will be stationed at Quantico, Virginia. . . . After his recent run-in with a hit-and-run driver, Claude Gettys has the latest fashion in cars—an accordion pleated fender. . . . Sweet Leilani: We hear that Carl Moore will be able to secure many bookings for his new act—hula dancing. The big desire of his life is to be the owner of a hula skirt. You should look real cute, Carl, but we hope you have better luck at keeping track of your skirt than you do with your car. Carl forgot he drove the other night and had to come back the next day to pick up this forgotten trivial item. . . . In the future Monica Gnau will think twice before bragging about her vast knowledge of all the "river roads." Just where did you acquire all this information, Monica? . . . To appear in South Pacific: If you're planning on seeing "South Pacific," be sure and look in the orchestra pit for Tool Room's own Fritz Woerner. Fritz has been chosen to play with the orchestra for the show's appearance here. . . . Don Voorhies is keeping his fingers crossed in hopes that his "rise and shine at 5 o'clock in the morning" dogs don't get wind of the fact that we switched to daylight saving time. Don is counting on getting an extra hour's sleep this way. . . . Dual congratulations are in order for new grandfathers this week. First, to Frank Lemish, who has a new granddaughter; and second, to Shorty Redding, Fairfield, who has a new grandson, named Blaine Dwayne Beard. Congratulations to the proud new parents. . . . A daughter was born on Thursday last week, to Mr. and Mrs. Dave Kent. Dave works in the Engineering Section. This is the first child for the Kents. . . . Vacation-bound: Traveling east for two weeks' vacation is Carl Miller, Fairfield, who has planned a trip to Pittsfield, Mass., to visit his son who works for the GE Company there. . . . A very welcome sight at the Fairfield Plant this week was Ray Slusher, who stopped in to visit with the gang after returning from Tucson, Ariz., coated with a beautiful tan that would make anyone turn green

with envy. . . . Paul Snyder's car is really shot. Not only are the windshield wipers worked manually, but now Paul is driving with a flash light to replace the head lights that "konked" out. . . . If you see Otto Figel walking with his head down, it's to serve a dual purpose; first, he is just admiring his new shoes, and secondly, he's trying to avoid any grease, chips, etc., that might take away the "new-look" of his shoes. . . . No money there: Ora Bowers received a telephone call from a woman who wanted to talk to Mr. Bowers, the bank man. Ora's morale soared until he found out the type of banks she was talking about—bank of dirt in front of a house. . . . Susie Jones is still trying to find out who the practical joker was who greased the telephone, giving Susie a grease job when she answered the phone. To top it all off, Susie cleaned up, then answered the phone again, not realizing it was a booby trap. . . . Harold Reiter has made up his mind and has his heart set on spending an exciting three weeks' vacation in New Jersey. . . . If you save your pennies, you TOO can own a black and yellow convertible like the one that belongs to Red Mathes. A 1929 Model A that can be made into a convertible simply by the use of a sharp can-opener. . . . Way to sander's heart: It's rumored that Vera Pontius has discovered a new way to avoid the high prices that professional sanders charge. Just by preparing a good chicken dinner, Vera would have many volunteers to lend a helping hand in sanding the floors in her 3x4 rooms. . . . Last Saturday, Professor Dale Weaver demonstrated to his class of two (students Pete Liebig and Bill Gentz) how to catch your limit of bass and be home before noon. They seemed to have been poorly taught as Gentz got skunked and Pete found five. Prof. Weaver helped out by getting nine. Total: 13 bass, 1 pike. Nice catch! . . . The success of the "Water Follies" that will appear soon at the Coliseum will be due partly to the enthusiastic way in which Marianne Royse has encouraged the sale of tickets. Marianne has really gone all out in her support of this project. . . . Sidewalk supervisors: The DESTRUCTION and CONSTRUCTION work at Winter St. has been a big distraction this week. Just as everyone is becoming engrossed in a very difficult operation, the whistle blows, and the task has to be finished in your imagination. . . . A big welcome goes out to Dick Arnold from the people in the Drafting Room. . . . Rosie Murphy always has enthusiasm when she

makes a mad dash up to the blue print room for some prints. Her main attraction in the drafting room seems to slacken her speed to a snail's pace and then the prints are no longer "extra special, rush!" . . . All reports concerning the Winter Street Volunteer Firemen's Party at Blondy's last Saturday tell of a wonderful time. The stag party was begun with a chicken dinner after which election of officers was held and entertainment was provided. Because of a bowling tournament in Newport, Ky., Lawrence Mag-samen was forced to miss this gala gathering. . . . We wish to extend our sympathy to Agnes Hohman, whose niece was killed in an automobile accident last week. . . . Luck of Irish: The main prize at the Traffic Bureau's card party was taken home by one of Winter St.'s employees. This lucky person was Lucille McGahey, who held the attendance number that won for her a card table and four matching chairs. Congratulations, Lucille! . . . It was learned that John Fletcher will be back at work soon after being off ill for some time; John works at the Fairfield plant. . . . Eleanor Potter, too, plans a return soon; Eleanor is recuperating from an operation. . . . Flu and sore throats took their toll this week—Muriel Bresnahan suffered from a sore throat that necessitated her absence from work. Hope you're feeling better, Muriel. Ivan Soles also has returned after a knock-out battle with the flu.

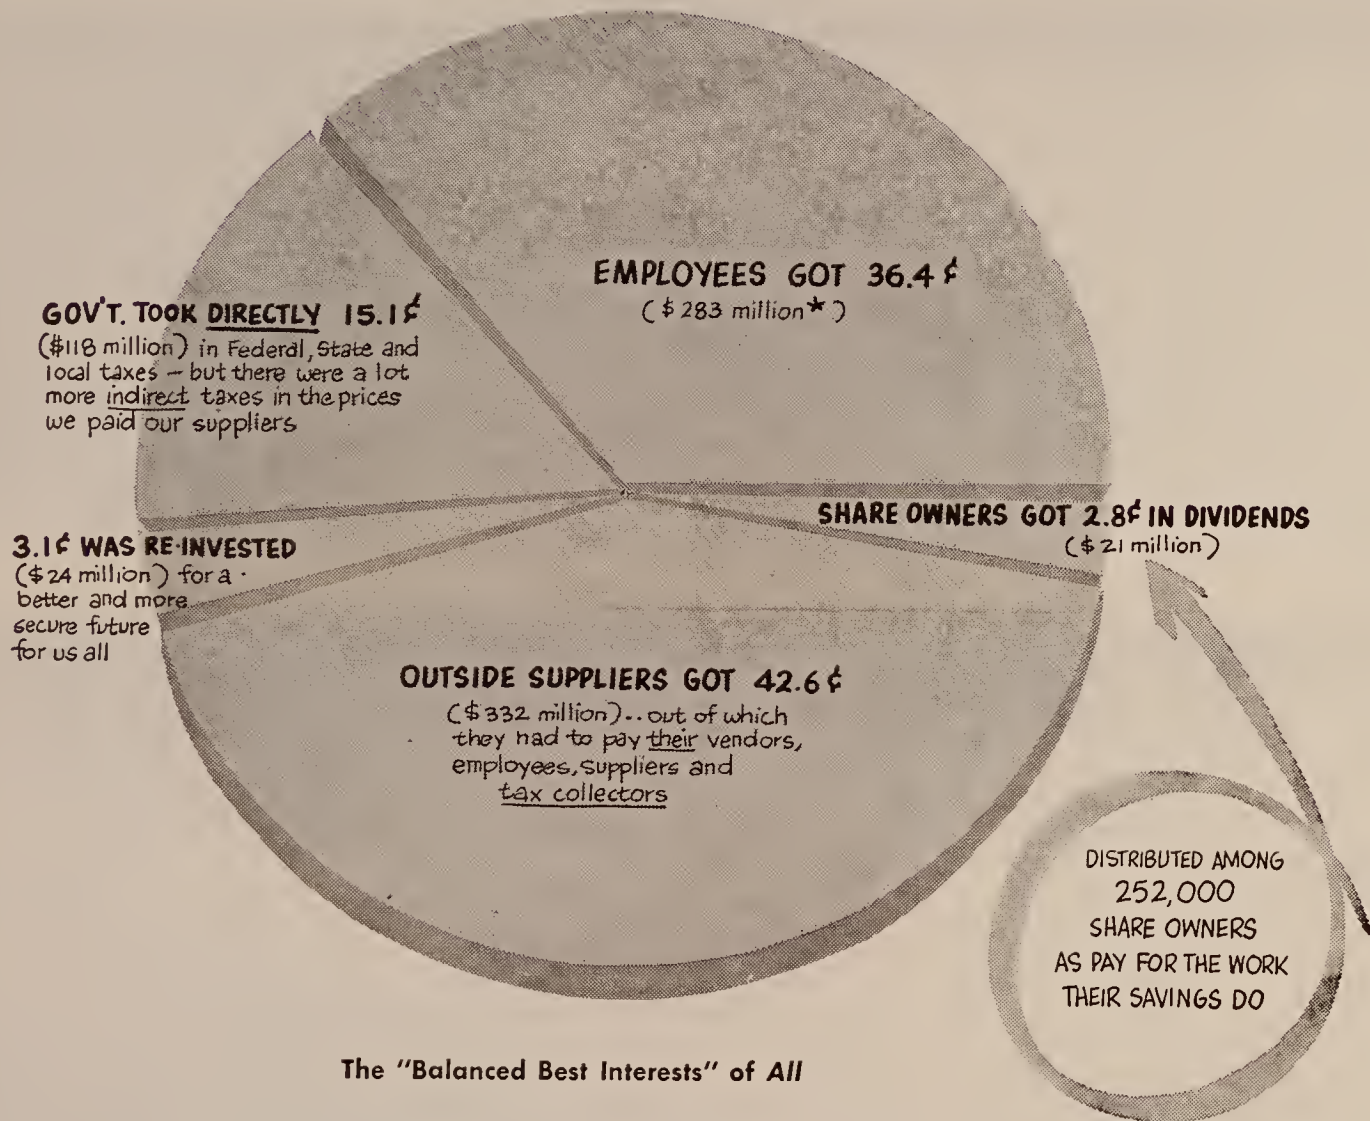

There's a rumor going around that Bill Mills bought a pack of cigarettes—king size yet! However, to this date we have no confirmation of this. . . . Margie Gross forgot to buy her driver's license and was looking for a chauffeur to take her up town. . . . GE War Vets—attention! Don't forget the banquet tomorrow night at Post 47, 6:30 p.m. Tickets are still available. See me for your membership cards and tickets. . . . The bushing section girls are rejoicing. Mary Jane Bakle was transferred to the luminous tube and ignition line. They say they're glad to get rid of her. Only kidding, of course. . . . Lucille Orr is always admiring the sweaters other girls are wearing. So, the gals on connecting made her a gift of a pretty grey and white sweater. . . . When her co-workers claim they are cold Hilda Vance complains she's too warm. But then on the warmest day so far this year, Hilda wore a sweater. Just wants to be different. . . . DAFFY DEFINITIONS: Err—Only human if "we" make the mistake. Congress—Where many operations are directed by bloc heads. Hitchhiker—One who would be completely out of luck if he lost a thumb. . . . Jordan Gunkel is now raising ducks. Last year it was bugs. Two of the ducks have names, Helen and John. One duck was named Helen because of the way it walks, the other, John, because it follows Helen around all day. . . . Best of luck to Rose Klingenberg who is leaving us today to become a full-time housewife. . . . You know that old saying, that takes the cake? Well, Mary Smith took it all right. Mary Smith, Ed Braun, Ceal Pranger, and husband, attended the Elex square dance last week. Mary took Ceal's husband, Ed, in the cake walk and walked off with the biggest cake in the place.

FOR EVERY DOLLAR RECEIVED

during January, February, March...

The "Balanced Best Interests" of All

GENERAL ELECTRIC received \$777,819,000 from customers for products and services during the first three months of 1953.

This total amount was distributed to the various claimants as shown above.

After all the other claims were met, the total profit remaining was 5.9¢ out of each dollar of sales.

*All amounts stated in nearest millions of dollars.

HONORED AT SAFETY CONFAB

William Jordan, Bldg. 18-5, was among those honored for meritorious service at the Northeastern Indiana Safety convention recently. Mr. Jordan received an award for his act of finding Cinda Lou Keller in Shriners Lake last summer when she nearly drowned. He shows the National Red Cross certificate to little Cinda Lou and Herschel L. Smith, GE safety engineer.

SPECIAL GIFT FOR MOM

Mrs. Maude Harden, Bldg. 26-4, received a special Mother's Day present recently when her son Dannie was discharged from the U. S. Army and returned home. Mrs. Harden has six sons, four of whom are in the Armed Forces. One son, Donald, who was a GE employee before entering the Service, is stationed in Korea.

VET VICTORS

1953-54 officers of the GE War Veterans' Association who were elected last Saturday are: (seated, l-r), Roy Ogden, second vice-president; Robert Turschman, president, and Mahlon Grubbs, director. Standing (l-r) are: Herbert Koch, treasurer; Clayton Schultz, sergeant-at-arms; Roy Brower, first vice-president, and Harold Ely, director. The new officers will have an organizational meeting tomorrow at 5 p.m. in the Bldg. 2-2 conference room. Larry Suelzer, newly elected secretary, was not present when the picture was taken.

Always on the Job

Critic or Author

Probably more comments are made, day in and day out, about advertising than about any other subject. Advertising let's everybody be a literary or dramatic critic—since the product stands or falls by the judgment of the people who read or hear about it through the constant efforts of the advertising staff.

There's another aspect to advertising, though. You may be a critic when the ads are about something you may or may not want to buy but otherwise have no interest in.

But suppose you see one of those beautiful color pages in one of the big magazines . . . see a presentation of TV . . . hear a radio commercial—and it's your product, the one you, as the Company employee, have helped to make, that they're talking about. You're no critic then—you're the author, with the author's pride and hopes of "best-seller."

* * *

Buying for Quality

Everybody who spends his money on a purchase—whether it is for 10 cents or 10 dollars—wants assurance that the article is the best his or her money can buy. The housewife is apt to squeeze the tomatoes, thump the melon, or apply whatever test she can think of to be sure of the quality.

The good shopper for the home prides herself, quite justly, on her ability to know quality and not to be taken in by a product of inferior standard.

There is certainly no intent here to slight the knowledge and experience of the housewife in doing one of her chief jobs—shopping. Yet when it comes to making sure that what is bought is almost certainly the best, American industry has to be even more careful than the housewife. Against the possible loss of a few cents or dollars to the housewife if she makes a poor buy, the whole reputation of a product may be at stake when a company is doing its buying. That's one reason why most industrial firms employ special technicians who apply every known scientific test to assure the quality of every ingredient.

Fort Wayne boys in Korea (l-r) Bob Derickson, Marvin Butler, formerly at Taylor St., and Larry Lee, from Bldg. 4-3.

Larry Lee, who worked in Bldg. 4-3 before entering the Service, writes in a letter to the Elex Club that he is stationed in Kusan, Korea, along with two other Fort Wayne boys, Bob Derickson, and Marvin Butler, who worked at Taylor St. prior to joining the Armed Forces. One of many letters received by Elex thanking employees for the boxes of food sent, the letter from Larry included the above snapshot of the boys.

Larry's present address is:
L. P. Lee 16406991
808 EAB (919 EAMP)
APO 970 c/o P.M.
San Francisco, Calif.

A former Bldg. 4-1 employee, Norris W. Comings, has the following address at present:
Pvt. Norris W. Comings
U. S. 55268620 Btry. A
45th AAA Gun Bw.
APO 46 c/o Postmaster
New York, New York

According to information received by the U. S. Army news bureau, John Schuchhardt, who worked in Bldg. 19-5 before becoming a Serviceman, has arrived in Korea and has been assigned as a machinist to the locomotive shops of the U. S. Army's 765th Transportation Railway Shop Battalion. This unit is the only one of its kind in Korea and repairs all UN railroad equipment.

John's address is:
Pvt. John C. Schuchhardt
RA 16406990 Co. A 765 TRSB
APO 59 c/o P.M.
San Francisco, Calif.

Nelson W. Furthmiller, Jr., who worked in Bldg. 4-2, recently returned from a year's service in Korea. He is now stationed at Cherry Point, North Carolina. Nelson is the son of N. W. Furthmiller, Sr., Bldg. 20-1, and brother of Mary F. Taylor, Bldg. 20-2. His present address is:

N. W. Furthmiller
Sgt. Nelson W. Furthmiller, Jr. 1243164
V.M.F. 531 M.A.G. 24
Cherry Point, North Carolina.

A former member of the Small Motors cage team, Dick Marquart came through with flying colors during the past season of basketball on the Air Force team at his base, Port Austin, Mich.

Formerly of Bldg. 4-3, Dick is an analysis clerk in the operations section at the base. He ended his first season as a hardwood performer on the 754th AC&W Squadron team with an average of better than 18 points per game. His team completed its season with 26 wins and 5 losses.

Another thank you note sent Elex Club for the boxes they are sending GE GI's has been received from David Gonzales, who worked in Bldg. 26-4. Now stationed in Korea, David wrote that he received the Elex Easter gift February 14, which is the Chinese New Year's Day in Korea, he said.

He would like to receive letters from any employees in Bldg. 26-4 and Bldg. 26-5 "so that I can feel like I am still there."

Pfc. Gonzales' present address is:

Pfc. David F. Gonzales 1324372
DOG Co. 2nd PLB. BN. U.S.M.C.
1st. Mar. Reg. 1st. Mar. Div. F.M.F. PAC
c/o Fleet Post Office
San Francisco, Calif.

Donald L. Harden, formerly of Bldg. 19-1, is stationed in Korea now, according to word from his mother, Mrs. Maude Harden, Bldg. 26-4. Don would like to hear from his buddies in his old location. His present address is:

Pvt. Donald L. Harden U.S. 55304088
8th. F.A.B.N. Battery B.
A.P.O. 25 c/o Post Master
San Francisco, Calif.

James L. Perry

James L. Perry, who was located in Bldg. 4-3 before joining Uncle Sam, wrote of his appreciation for the Elex boxes of food he has received. He stated "I would like to thank everyone in the Elex Club for their efforts to make our time away from home more pleasant."

A parachute jumper, Jim informs us that he has 26 jumps to his credit and enjoys it very much. He sent the picture above which shows him with all his gear. He is a supply sergeant for the Medical Detachment at Fort Campbell, Ky. Like the other boys now in Service, Jim would appreciate hearing from his former co-workers and GE employees to keep posted on events in the Summit City. His present address is:

Sgt. James L. Perry RA16356457
Med. Det. Div. Hq.
11th. Abn. Division
Fort Campbell, Kentucky

Gordon A. Perry

A3/C Gordon A. Perry, Jr.
AF 16427961
3771 Student Squadron
BKS 334
Sheppard AFB, Texas.

The following employees have entered the Armed Forces: Artie L. Taybron, Jerry S. Emenhiser, Donald H. Vorst, Charles F. May, Everett M. Faust, James J. Lewis, Robert L. Shaffer, Jack E. Diehm, Richard E. Bingham, Ronald K. Cravens, William L. Guisinger, Joseph L. Carey, Jr., Paul F. Bonar, Clarence Patton, Alan Orr, William E. Smith, Jerry L. Dodson, Donald E. Hipshire, Deane E. Parker, Robert E. Hill, Daniel E. Boyle, James C. White, and Eugene I. Grable.

6-4 AIRLINERS by ELLEN BAUER

We wish to extend our sympathy to Delores Soderquist on the death of her mother, and to Roxanna Miller on the death of her father. . . . When Ronnie Elliott builds a motor it is really a good one. Especially when he leaves out the rotor. . . . Belated birthday greetings to Carol Klinger and Roxanna Miller. . . . Well, the Airliners have done it again. This time they won the championship bowling. Now they are going to try for the Club championship and I believe they will get it. . . . We have been told why Fred Krotke always comes in late. But for goodness sakes, Fred, what happened the other day? . . . We are sorry to hear that Elizabeth Malone was operated on last week and we wish her a speedy recovery. Sunday is Mothers' Day. Don't forget YOUR mother. May God bless each and every one of them. . . . Sheep shearing time is here again, at least there have been several of the girls getting their hair cut. You look nice, girls.

OUT OUR WAY

EARN THE RUBY PIN—James V. Stouder (second from right) proudly displays his 40-year ruby service pin he received on his 40th anniversary, April 28. Mr. Stouder joined the General Electric Company as a stockkeeper in 1913. He is now in planning and rate setting work in Bldg. 31, of the Large Motor and Generator Department. Shown with him are (l-r) Frank Archbold, Jack Toole, and Bill Meyers.

Large Motor and Generator Reveals Plans For Annual Good Housekeeping Program

Plans for the second annual Large Motor and Generator Good Housekeeping and Safety program which opens this month were announced today by Kenneth D. Strong, chairman of the 1953-54 project.

With the idea that safety and good housekeeping work together, the program's steering committee has organized the project similarly to the previous year's which ended in April.

A reviewing committee will tour each of the 24 sections every month during the 12-month period and from this tour select the section which has shown the most improvement in several categories. A trophy will be awarded the winning section and a member of that section will receive a pair of safety shoes. This member will be selected through a drawing.

Keeping Posted

Keeping employees safety posted, information concerning basic rules of safety will be placed on bulletin boards throughout Large M&G each month by Herschel L. Smith, safety engineer. Quiz contests on this information will be conducted by Mr. Smith and safety tokens will be presented those with the correct answers.

The new chairman, who was selected by the steering committee, stated in announcing the second year of the program, "We have certainly made a lot of progress in safety and housekeeping in the past year. Let's look upon past accomplishments as a challenge to do even better in the future."

Rating sections poor, below average, average, above average, and excellent the reviewing committee will consider the following categories in making their decisions: floors and stairs, material arrangement, aisles, locker and washroom, fire, and machine and work area.

To Present Trophy

Presented the winning section each month, the trophy will be engraved with the section's title and month of award and will be displayed in that section's foreman's office.

The reviewing committee will consist of a member from outside the department who specializes in one aspect considered in the pro-

GE Squares Wives to Feature Grecian Program, Potluck May 12

A ladies' potluck and program "A Night in Athens," has been scheduled by members of the Women's Division of the GE Squares Tuesday, May 12, at the clubroom in the Squares Hall. Mrs. Eldon Vosburgh, chairman, revealed today. The meeting will begin at 6 p.m.

The program will feature a Grecian dance performed by 12 members in authentic costumes and a specialty dance presented by Charles Koomjohn.

Each member attending has been asked to take one dish for the potluck. Assisting the chairman are: Mrs. Stanley Antalis, co-chairman, and Mrs. George Schroeder, Mrs. Orval Doherty, Mrs. U. P. Schieble, Mrs. Richard Quinn, Mrs. Robert Bender, and Mrs. Robert Huffman.

gram, a member within the department, foreman of the area being reviewed, and an employee of the area being reviewed.

The eight-man steering committee consists of the manager of manufacturing, shop superintendent, supervisor of planning and wage rates, three general foremen, supervisor of inspection, three production specialists, and the foreman of transportation.

Squares Announce Plans For 'Bonus Ball' May 15

Friday, May 15, is the date listed on the GE Squares Club calendar of events for the "Bonus Ball," an informal dance free of charge to all members, Al Larmann, chairman of the event, announced today.

Bob Snowball and his orchestra will provide music for dancing from 9 p.m. until 12:30 a.m. at the Squares Hall, scene of the dance.

Free tickets may be secured from Squares and TE contact men. Guest tickets will be available at the door the evening of the event for \$1.75 per couple.

During intermission, the broadcast of the Marciano-Walcott fight will be tuned in on the radio in the lounge.

The committee assisting the chairman with arrangements for the "Bonus Ball" is composed of Gene Pauly, publicity chairman; Ted Briles, decoration chairman, and Dick Miller, ticket chairman.

The people who have left us for other divisions, retirement, and Armed Forces, need not worry that their memory is failing if they fail to recall many people in our column. After several years on the floor we walk through and find many people we do not know. . . . Thanks to Herh Franke, who introduced one new foreman, Earl Gebert, who in turn gave us the names of his people to us. We wish to welcome Hollis Jack, Chester Steinbarger, Charles Belot, Jean Tindall, and Marie Smith. . . . The office welcomes Dottie Baumgartner. These people came to us from Bldg. 12. Gebert has been warned. Either he gives us news about his people or we write a story about him. So, we will be reading more about his group. . . . Good luck to Marjorie Fortman, who is going to Taylor St. Also, to Alice Snyder and Mary Mowery, who have gone to Bldg. 6-2. To Irene Halley and Helen Buck, who are going to Bldg. 4-3. . . . We are happy to have Helen Spear back after a long illness. . . . Frenchie LeGras is the only early riser on his side of the lake. He won't mind it so much now that a few good buddies installed his plumbing so he can make coffee as early as he wishes.

Plan Movie Program For Stag Fish Fry

One member of the Zollner Pistons basketball team and Rodger Nelson will show movies of the 1952-53 All-Star professional basketball game at the Apprentice Alumni's Stag Fish Fry this evening at the Southwest Conservation Club.

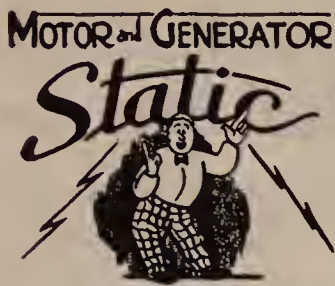

Beginning at 8 p.m., the program will include commentary on the film by the two guests. Attendance prizes will be presented and refreshments will be served. Lunch will be served at 10 p.m.

Members may secure tickets from contact men or at the door this evening. Tickets are \$1.50 per person.

RECEIVES 10 MILLIONTH U. S. SAVINGS BOND—Walter S. Kleczek, design and development engineer, Guided Missiles Department, Aeronautics and Ordnance Systems Division, Schenectady, receives the congratulations of J. D. Lockton, treasurer of the General Electric Company (center left), following the presentation of the 10 millionth U. S. Savings Bond issued by the Company.

The Company became an issuing agent for the U. S. Treasury Department in January, 1942, and since that time has run the total to the 10,000,000 mark. Also attending the presentation, held in the offices of the Employee Savings Services Section, were: O. M. Corrigan, manager of the section, extreme left; R. A. Duff, manager of Engineering, Guided Missiles Department, extreme right; and Mrs. Walter S. Kleczek.

Thought of the Week: "A job becomes work when you worry about it."—Josephine Schaeffer.

BUM STEER: Jack Toole and Bill Kayser drove downtown the other day. They spent considerable time looking for a parking spot. Suddenly Bill spied a spot that was open. "Turn in there, Jack," he exclaimed. Jack turned in, parked, and the boys got out of the car. Sometime later Jack returned to the car. There was a beautiful red ticket on the windshield. Jack looked around. Bill had steered him into a "No Parking Zone." . . . **MONUMENT TO A MAN:** Our Jim Stouder is a man who believes in sending cards on the least occasion. Birthdays, weddings, engagements, raises, cuts, in fact most anything warrants a card signed James V. Stouder. Howard Orr of the Works Laboratory has been a source of grey hair to his secretary. When Howard is concentrating it is difficult to get him to answer his phone when she buzzes for him. This went on for some time until one of the boys, taking pity on the girl, provided her with a cow

bell to ring. This did the trick, it attracted Howard's attention and created considerable comment. When the news spread, Howard received a card signed James V. Stouder congratulating him on his modern equipment. This card is now on the Laboratory bulletin board as a monument to Jim's thoughtfulness. . . . **MONOTONY:** Sometime ago Monroe Brosius pulled his masterpiece. Monroe was building a new home and in his discussion with the contractor the suggestion was made that he floor the upstairs storage area. The contractor figured that this floor would prevent anyone from stepping through the plaster. Mr. Brosius informed him that no one would be up there to step on the plaster. Later Monroe moved some lumber into this area and in the process stepped on the ceiling, knocking off a piece of plaster the size of a table. This not only broke the ceiling but tended to break the monotony of house building. . . . **SPRING OR SOMETHING:** It might not be spring but it was at least something that affected Elsie Hart the other day. She had a button to replace on her coat. Believe it or not, she sewed it on the inside of the garment. This, we admit, is a radical departure from the conventional. . . . **CHAMPS:** If you see someone with their chest puffed out like a pouter pigeon it will be Alice Rosendahl. Her bowling team, the Lowlyrollers, won the Monday night championship. Congratulations to the champs. . . . **WELCOME:** We extend an official welcome to Lela W. Terry who has accepted a position in our accounting department.

Our good wishes go with Al Winans, who is leaving to devote his full time to farming. Lots of luck, Al! . . . If any of you are looking for a nice place to spend a quiet week-end, you might like to know that Jim Crowe has bought a cottage at Blue Lake. You'll have to get the exact location from Jim. . . . Dinty Moore has been trying unsuccessfully for a long time to give away his very heavy lawn roller, but for some reason everyone returns it. He gave it to Kenny Bergman this spring and even got him some jobs rolling other people's lawns. Kenny used it on his own lawn and hurriedly returned it. Now Dinty is wondering how he's going to find time to roll all those lawns. . . . Congratulations to Mr. and Mrs. Herman Lankenau who recently celebrated their 20th anniversary. . . . Frank Lawrence is having another birthday tomorrow. Happy birthday, Frank, and many more of them. . . . We wish to make a correction in last week's column and our apologies to Mr. Grubbs. Instead of Mr. Grubbs' father, it was his mother who passed away. His father preceded her in death many years ago. . . . Avery Spade is so worried. He bought his television set too early to take advantage of the two free TV chairs they're now offering with each set. . . . That pistol packin' mama in Bldg. 4-1 was Imogene Pitts. It was only a water

pistol and was soon confiscated by officers George Bear and Bill Schwise. . . . LeRoy Ooley had a wonderful time dancing with Little Red Riding Hood at the GE Vets' banquet! . . . George Bear suggests that Herman Johnson get pontoons on his car if he's going to use it for a swamp buggy. George had to tow him out of the mud. . . . Perhaps you'd like to send Charles Strebis a card. He is still confined to his home by illness. . . . Ted Schelper paid us a visit last Monday. It was good to see him looking so well. . . . Henry Doehring brought in some samples of the beautiful pansies he grows. . . . Levi Mercer is the proud owner of a '51 Plymouth. . . . Clarence Rosselot spent the week-end in Lexington, Ky., visiting his daughter and her family. . . . Johnny and Mrs. Wilson started out for an evening of fun Saturday night, and ran into a very friendly couple. They greeted them like long lost friends and invited them to accompany them the rest of the evening. They wound up at the home of the friendly couple and had a wonderful time. Neither Johnny or Mrs. Wilson know their names or remember ever having seen them before.

R. Jan Miller left us last Friday. Jan will enter the Armed Forces on May 13. We want to wish Jan the best of luck and hope that he may soon be back with us. . . . Ronnie Davies has transferred from the inspection to the test department. When I asked Ronnie why he wanted to learn test he said that maybe someday, when Levi Carpenter is general foreman, that he could be leading operator under him. . . . Russell Kabisch, a second trick tester, has left the Company to prepare for graduation from college. . . . Spring must be here. The winding section has been sporting several new hair-do's. . . . Velma Rose is still ill and she does not know when she will be able to return to work. We hope it will be soon as we miss her smiling face in the winding section. . . . Bill Mowry is leaving. Bill has worked for Ed Lauer as a treat expeditor for some time. . . . George Mannisto is working in the office now. George was working for Willard Lenz as a tester previous to his transfer. . . . **Familiar Saying:** Give us the benefit of your present thinking. Meaning? We'll listen to what you have to say as long as it doesn't interfere with what we've already decided to do. . . . **Thought for the Day:** A self-made man is usually an example of unskilled labor.

Rites Held Friday For Decatur Woman

Services for Mrs. Ethel Myers, 52, Decatur plant employee who had been on a leave of absence for illness, were conducted Friday, May 1, at the Zwick Funeral Home, Decatur. Mrs. Myers died Monday, April 27, at a hospital in Garden City, Kansas.

Survivors include one son, Richard L.; her mother, Mrs. Della Parrish; two grandchildren; two sisters, Mrs. Fred Brunson, and Mrs. Ruth Pearson; a half-sister, Mrs. Richard Garner, and two half-brothers, Kenneth Parrish and Robert Parrish.

Attention girls! Anyone wanting their ears pierced, see Hilda Manor, punch press section. Her first victim was Ginny Webster. Any other prospects, see Hilda for booking. . . Violet Smith is really a shy violet. She answers only to the name of Honey. Shy, that is, only when candy is being passed. . . Doris Betz has a new gas stove and her hubby has her really cooking with gas. Too bad, as she is working for an electrical company. . . Business is looking up. Our credit department, Pearl Michael, treasurer, says all old accounts are now paid, including the dime loan of Marie Johnson, two cents interest and all. . . Jerry Kramer, our Lochinvar, has lost some of his prestige, at least in the winding section. The girls are wondering if they have been too hard on you, Jerry. Come up and see them again, won't you? . . . Harold Stith, now more commonly known as "The Rock," is still doing business at his old stand on the Borematic. . . Rosemary Diem loves her neighbor's children almost as much as her own—the little squirts, at least that was her comment, when one of the smallest shot her with a water pistol for not permitting her own small fry to leave her dinner to join the Wild West troop. . . Esther Weeks, our little country girl, just can't wait for summer to come. She has already started going barefooted, or at least nearly so. . . Oh, to be a child again, and join in the school festivities as Ivy Mills, Bea Webster, and Ginny Curtis are doing this week. Ivy is very proud of her daughter Joan's public speaking ability; Bea, with her pre-school arrangements, and Ginny in a spring festival with her youngest daughter. Nice going, ladies, nothing like keeping up a close interest in our children's educational activities. . . Ed Farrell and Ralph Christman have been mistaken for father and son. A compliment to both, if you should ask me. How about it, Pop? . . . Hi there! Clarence Roth, Bernard Lothamer, Barbara Beidler, and Ray Brower, nice having you aboard the good ship "Flying High." . . Sorry to bid adieu to Eleanor Huffman, who is going on days. . . After all of Harold Dalman's efforts, he finally has convinced those in authority that Yvonne is indispensable. . . It is with a sad heart that we tell you of the passing of Dolores Soderquist's mother; and surely, Dolores, you have our deepest sympathy in the loss of such a devoted mother.

Another year, another candle on the cake for Betty Frauhiger who celebrated her birthday this week. Hope that you can enjoy many more anniversaries, Betty. . . We hear that Vilas Bollinger gave quite a demonstration concerning the brakes on his new Chevie recently. . . Wanted: Wilbur Meeks would like some bubble gum, used or unused. Wilbur wants to practice blowing bubbles so he can compete with some of the young girls in Bldg. 20. . . Eddie Heshner was seen driving a new car recently. By the way, it is a Chevie. When asked why he was trying to hide the fact he laughed and replied, "Oh, it isn't new anymore, I have over 500 miles on it already." Wonder when he did all of that driving and wasn't seen by anyone from the shop? . . . We know that you have been wondering about the results of Earl Mounsey's three-hour washing record. Sad, but true, the endeavor was far from successful. For, as Earl found to his sorrow, the long washing period weakened the threads in the seams. Results? It just wasn't safe to kneel while wearing those overalls. . . Leonard Myers and wife, and Gene and Bill Coffee were among those from here who attended the K. of C. ceremonies in Fort Wayne last week-end. . . Now who forgot about the change in time this week? Louie Showalter surely did have an original alibi when he arrived at work late. Seems as though the cows either hadn't heard that the time had been changed and milking was to be done an hour earlier, or they refused to believe it. Anyway, they did not come up to be milked at the earlier hour and Louie had to go get them. . . Greetings to Marcile Jones, who celebrated her birthday last week. How many candles on the cake, Marcile? . . . George Womack is enjoying a week's vacation "just around home" he says. . . Glad to have Mable Eyanson and Jane Currie back after several weeks' illness. . . Ed Borne hobbled in after several days at home with a sprained ankle. . . Have you heard about the expert we have in our midst? We noticed a large bubble preceding Dick Schmitz down the aisle the other day. Later we heard that he really did receive a prize for his skill and ability to blow the largest bubble with his gum. Does it take much practice with that sticky, rubbery substance called bubble gum to be able to blow such large bubbles? . . . After much planning the gang managed to get together and go to the home of Jennie Owens. The occasion was in honor of Jennie's birthday on May 1. When they arrived they found her ready to leave, as she thought she was eating out that evening. But the gang was prepared for that, so they soon had everything on the table ready to eat. Those present were Alice Lake, Helen Brintzenhofe, Jo Wolpert, Nora Smitley, Mabel Eyanson, Jackie Warren, Anna Moyer, Edwina Stucky, Florence Brandyberry, Doris Garboden, Jennie, and her son Bob. Betty Koors and Nellie White were unable to attend. . . We are a little late, but we would like to announce that Sally Jane Ross of Bldg. 2, and Lester Schwartz of Bldg. 1 were married recently. Congratulations, Sally and Lester, we all hope you have many years of wedded bliss. . . Fifteen GE baseball fans, including Doye Gehres, Buford

Dull, Jake Eady, Waymon Patrick, C. Wm. Porter, Wm. Hoagland, Dwight Girod, Miles Roop, Raymond McDougal, Chet McIntosh, Charles Omlor, James Harkless, Gerald Light, Louis Laurent, and Tony Murphy bussed their way to Chicago Saturday for the ball game and remained for the double-header Sunday. Most were tired but happy except "Motts," who was just tired. . . Charlie Cloud is planning a trout supper for his friends. If and when he catches the trout. First attempt was rated 0. . . The GE Club square and round dance was a roaring success. The number attending was disappointing, but the 75 there really danced. When anyone says Johnny Lukens' orchestra is playing, plan on being there. It's really dancing music.

OVER OUR WAY

in 19-1
by Clara Volz

Rose and Bill Billue have increased the family. They done went and got a black kitten. . . Since when have they been serving such wonderful meals at the dispensary, Joan King? Now you know that's what you told Harold Misegades. While we're on the subject of Misegades, I hear that he wants a good cook and bottle washer during the first week of June. That's when Mama takes a little trip. I don't think Slim would be too hard to work for, girls. . . Whatcha doing Bill Palmer? Watching the Fords go by? . . . Paging Art Druce. It seems that Jim Wengartner, of Bldg. 19-B, was taking up a collection to buy Ed Burry a going-away gift. He didn't know Art, but he looked high and low for him. Finally in desperation he yelled, "Where in the heck is Art Druce?" Art was standing a few feet away and heard Jim. After making himself known, Art plunked out his donation, and everyone was happy. . . Arnold White celebrated his "23oid" (so he says) birthday last week, and the girls in his office had a potluck lunch for the gang. . . Sam Baumgartner sprained his ankle, but that didn't stop his going fishing the other day. When he had caught the limit (it says here) he stepped out of the boat, and forgetting his weak ankle, stepped on it with the other foot (how else?), lost his balance, toppled over, and fell smack on his kisser. Now that's his story and he's sticking with it. . . George Zies

Life of Riley received this picture from Roy Brown, who has retired from ye olde GE Company, and is living in Florida now. Looks like he's living the life of Riley, doesn't it? . . . Clarence (Pat) Bond has returned to work after a three months' absence. Nice to see you again, Pat. Don't let that happen again if you can help it.

Inquiring Reporter:

DO YOU THINK THE RICH, OFF-SHORE OIL LANDS SHOULD BE STATE OR NATIONAL PROPERTY?

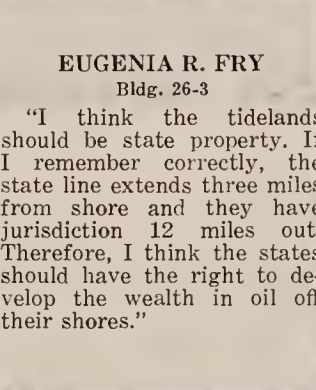

MILFORD G. CRICK
Bldg. 19-3

"This question is one that is due for quite a bit of debate. I think off-shore oil lands should be property of the state because those states need the revenue for the added expense they will have to carry."

WILLIAM L. ROACH
Winter St.

"I believe that off-shore oil lands should be state property. If this right should be vested in the national government, the next step would be to claim the same mineral rights over inland lakes and rivers and soon bring about complete control of all mineral rights."

EUGENIA R. FRY
Bldg. 26-3

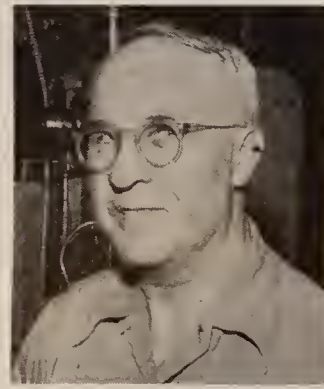

"I think the tidelands should be state property. If I remember correctly, the state line extends three miles from shore and they have jurisdiction 12 miles out. Therefore, I think the states should have the right to develop the wealth in oil off their shores."

HARVEY F. ADAIR
Bldg. 6-1

"National, because protection would be given the rights of the states, the rights of the Federal Government, and the legitimate rights of state leaseholders and federal lease applicants. It would contribute to prompt development of oil for national defense. It would recognize the tax burdens now faced by state and local governments."

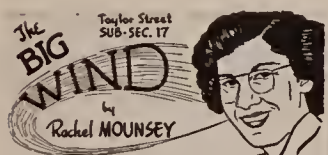

WILLIAM ALT
Taylor St.

"In my opinion, the Federal Government should control the tidelands oil. My reason for this is that the Federal Government maintains the Navy and Coast Guard which would be used to protect this oil. All of our states pay taxes to maintain this, and therefore, the income from this oil should not go to one state but to all the states."

Did you see that swell picture of a beautiful girl, Virginia Lee Miller, in the newspaper? It was an announcement of Virginia's coming marriage to the son of Bill Crouse. We should have had a picture of Virginia when she had that bubble gum smeared all over her face recently! . . . Best of luck to Bill Leech, who leaves the Company today to serve in the Armed Forces. . . . Norma Belschner doesn't have to wake up to the tune of an old alarm clock. She has a new clock radio. . . . The change to daylight time confuses a lot of people, including Eileen Motz and Mary Markey. They are reportedly doing things upside down and inside out. . . . The bushing group can hardly wait until June. By then they will have a new electric fan, they hope. . . . Welcome to first shift stacking, Lois Coleman, Kay Meyers, and Bessie Fincher. . . . The stacking girls on hermetics want an explanation as to why Margie Dennis left them to take a job on luminous tube. . . . Dortha Gaff is collecting antique salt and pepper shakers. Have you tried some of our restaurants? . . . Bill Mills confirmed it. He did break down and buy a package of cigarettes. . . . DAFY DEFINITIONS: Blush—One thing man does that an animal does not have to. Restaurant—An eating place where drugs are not sold. Consumer—One who has been hit by everything but falling prices.

Congratulations to Ernie Raypole on his new son, born April 28. Randy Lee weighed 6 lbs. 9 ozs. . . . Ruby Stucky is happy now that they have a television set at the lake cottage. We hope you enjoy yourself this summer, Ruby. . . . Geneva Harter entertained her mother and sister from Evansville over the week-end. . . . We are glad to have Joyce Shroyer, Eddie Howard, and Ed Birely all back with us again. . . . Everyone is really happy over the parking lot, even if it has a lot of oil. It still beats all that dust and holes. . . . Arveda Neal is back with us after a trip to Atlantic City, Washington, D. C., and West Virginia. She toured the White House in Washington. . . . We are sorry to see Delores Ward and Alice Decker quit, but we hope you girls will return again after a while. Hope you both have just what you want. . . . Beverly Laughmeyer and Phyllis Aumiller were walking down the aisle when we heard an awful scream. Everyone rushed out to find out what caused the noise. One of Chet Carey's pets caused it all. . . . Johnnie Kemp has a new method for rosy cheeks and no washing out the bath tub after her bath. She uses Tide and all dirt goes down the drain. . . . Did you notice the broom handle with the card tied on the end? Oscar Schelper claims that the whip will be a Johnson special and will not be used on anyone else. . . . Bob Bruer will have a little more spending money now that bowling season is over. He won't have to donate to Eifred and Patton every week. . . . We want

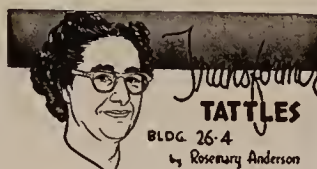

to welcome Edith Hancock to the winding section. We hope you'll like your new job, Edith, and decide to stay. . . . Eugene LeFavour will be on our missing list until May 18. The U. S. Navy decided to take him on a little trip. We'll all miss him very much. . . . Virginia Reed told the girls that she liked taffy. So the girls got together and made Virginia a great big roll of taffy that will last a lifetime. . . . We wish Hazel Hardwick a very speedy recovery from her appendectomy. . . . Sarah Pulver was made happy the other day when her sister-in-law had twin boys. Congratulations, Sarah. . . . We wish to extend our deepest sympathy to Perlene Webber, whose mother died Saturday. . . . Carman Dominguez is going to the hospital for observation.

Raconteur

Section 14. Taylor St.

by Mary Whitelock

Spring has really sprung in Section 14. Carl Reynolds is sporting a ruddy tan. He says, "Just call me Chief." He informs us the healthy look comes from playing golf. Someone else informs us that it's all from falling asleep under the sun lamp. . . . Hugh Neely and Eldon Bell are also wearing that dark outdoor look. . . . Mike Brayer is tan, too, but just on the back of his neck. Probably from gazing down at his new socks. Anyhow, he had three pretty violets on his coat lapel Monday. . . . Kathleen Jencks has been wearing summer skirts and looks real crispy cool on these warm days. . . . Anna Ruth Clements and her husband were out putting miles on that new Nash again Sunday. Had dinner in Ligonier and drove up to Sturgis, Mich. . . . Dorothy Money took her sister (from Wauseon, Ohio) to the Water Follies at the Coliseum. They enjoyed it very much, and the hot dogs, too. . . . Lucile Salas took her girl friend riding Sunday and got lost in Southwood Park. Does anyone have a spare compass or city map? . . . HAPPY BIRTHDAY to Goldie Milledge, Sylvia Cearbaugh, Vern Daseler, and Dale Irwin's little girl, Molly, who is now two years old. . . . CONGRATULATIONS to Estel Grier who celebrated his 25th year at GE and is now a member of the Quarter Century Club. Earl Greenlee celebrated 30 years with the Company Thursday and had his picture taken (reluctantly, of course, since he's so bashful). We think he should have some kind of special recognition for fixing things, too, like purses without handles or loose shoe heels and such. . . . Betty Sovine needs congratulating because she had her tonsils out. . . . Merriel Etchason is the new Elex contact girl from the winding section. . . . We are very sorry we missed little Bruce Fredericks who was standing next to his Daddy in the strawberry patch two weeks ago. We know now why the little plant objected to his Daddy's presence, it really wanted to talk to little Bruce. . . . Ted Brockmeyer has his new car now and is very happy about it. We know that he will take good care of it. . . . Fred Reese, a pensioner, bought Ted's old car and has a good 1936 Plymouth for sale, reasonably priced. Just the car for driving to and from work. . . . Someone in the John Nile's home said "Hello" when the Dinner Winner man called. John knows nothing about it, or does he?

We would like to welcome Ernie Pfeiffer to the office crew. Hope you like it here, Ernie. . . . If you saw Walt Beery searching around the second floor corners, you will be happy to know he found the "very important" papers that he had laid on the mail tray "just for a minute." The mail boy thought they were meant to be mailed. . . . We wish a speedy recovery to Levona Clark. . . . Bill Foulter's famous words: "Don't do that!" . . . We have men of great strength in our office. Don Waldrop, with the no effort, wrenched the telephone completely out of the wall with his foot. I wonder if Sam Macy minded being cut off the line so abruptly. . . . SOME PEOPLE REALLY HAVE IT: Gayle Strong lost a shoe recently. She had to look for quite awhile and finally (after giving her autograph) it turned up on the fire blanket. I'll bet days like that make you wish you had stayed in bed. . . . "Your long and faithful service was deeply appreciated," is what the discharge papers from the Air Force said. Right, Doc? . . . Is Bolinger going to have more to eat since his lunch bucket was painted such a pretty color? . . . Maude Harden's son, Glen, who is home on furlough, was married Saturday, May 2, to Betty Broeking. Congratulate them for us, Maude.

A deep freeze and beefalore! Kenneth Handschy bought a new GE freezer and lots of beef. When are we going to have our beef barbecue party? . . . Frank Enderle is still on the sick list. Betty hurry up and get well, Frank. . . . Herb Wendt is helping out in Elmer Warner's place. Elmer is on a nice vacation trip down South. . . . Why was Joe Burton's face red one morning last week on the Pontiac Special? Was someone sitting on his lap because there wasn't enough seats available? . . .

An Airplane?

The cute little fellow is Jackie Rodermund. He is the son of Mr. and Mrs. Herb Rodermund and is three years old. He likes to dress up and he must think he is an airplane ready to fly. . . . The first signs of spring are the blooming idiots along the highways.—News-ette.

Cosmetics might be defined as peach preservers.—J. B. Clark.

Herman J. Bobay

Herman J. Bobay Gets New Post In Large M-G

The appointment of Herman J. Bobay to the position of supervisor of renewal and warehouse parts in the Large Motor and Generator Department has been announced by Paul E. Bohn, supervisor of production.

When he came to the Company in 1929, Mr. Bobay was a messenger. He transferred to Winter St. in 1931 as a time clerk. Two years later he became a stock accumulator and transferred to the assembly line in 1936.

After transferring to Large M&G in 1938, Mr. Bobay was a stock accumulator. In 1940, he became a production clerk. He was named leader of renewal parts section in 1942 and had this position at the time of his present appointment.

Mr. and Mrs. Bobay and their daughter live at 1521 Strand Rd.

Flashes

from

Bldg. 4-5

by Virginia Pflueger

FLASH! Anyone interested in a teacher for a parakeet should see Mary Stewart. She is a good English teacher and specializes in parakeets. . . . A few weeks ago three fellows from Bldg. 4-5, gave the Bldg. 4-2 reporter a little news about George Seabold. George said that he may have been tired, hungry, and sleepy from the trip to Michigan, but he at least took his clothes off before going to bed. That is more than Earl Souers can say. . . . Was that Ralph McCain or a Florida beach boy seen coming in the GE gate Monday morning? Mac was wearing a crinkled nylon shirt and loafer jeans. . . . Esther Snyder's mother and dad celebrated their golden wedding anniversary Sunday, May 3. . . . The most talked about subject by the women in Bldg. 4-5 the last few weeks is, "spring housecleaning." The men are saying, "My wife had me painting screens," or "My wife wants the living room painted, and of all the colors, red!" Our poor husbands, they take a terrible beating.

SHIPPING: We wish a speedy recovery to Peggy Ford, who is in the St. Joseph hospital. . . . Congratulations to Pat Davis on her birthday next Tuesday. . . . The new bride, Carol Thurber, returned to work this morning after a two week vacation. . . . Francis Miller has been drinking a new kind of coffee lately, homogenized. . . . Dutch Wilson attended the Water Follies Sunday afternoon. . . . Vernon Leeth took a few days vacation to the southland to see his parents. He had some bad luck. He bought a second-hand Ford and he all but lost the motor out of it. This cost him a small fortune to get it fixed. Vernon had a friend that did his mechanical work for him in Alabama cheaper than in Fort Wayne. The repair job cost him nearly as much as he paid for the car in the first place. . . . TELEGRAPH: Mrs. John Nelson and Mrs. Milo Rider gave a shower Thursday evening for Lee Blake. She received some very nice gifts. . . . Why is it that Cholene no longer has to walk to the K and J to catch her ride home? . . . Delores and Ralph had a big time this week-end taking care of their nephew while his parents were out of town. . . . MAILING: We say farewell to Gary Kuhn who left us last week. . . . Belated birthday greetings to Wesley Grover.

Ramblings

Bldg. 31-2

by Julie Rice

The signs of spring are really here. As I look around me I see them in every sunburned forehead and tanned nose. There is no need to ask them what they did last week-end: the golfers, the fishermen, the gardeners are most evident. . . . New faces, new faces, all the time new faces. Who's that new guy in the drafting room? Well, what'cha know, his name is Vernon Thieme, and he hails from down around Decatur way. . . . I think we had some slightly befuddled engineers last week. Bill Reardon must have needed an extra hour's sleep on the Saturday night that the time changed. He set his clock back instead of forward. Hours aren't so bad, but when it comes to days, gosh, I don't know. . . . Phil Potts sure was mixed up last Wednesday. All day he thought it was Thursday. . . . And then we have the case of the City versus Don (Hotrod) Hilterbrick. Charge: He has been disturbing the peaceful city of Fort Wayne with his Hollywood muffler. But our rusty police force caught up with the offender, and Don turned out to be the quietest boy in town. . . . By the way, in case you see a furnished apartment running around loose, would you do me a favor and tell Paul Hasler about it? He's been looking for one recently.

What Is a Payroll Tax? One levied on the payroll of a corporation, such as one levied for old age benefits (social security tax), or one levied by the various states for unemployment benefits (unemployment tax).

SICK LIST

The following employees have been reported on the sick list, dismissed from the hospital, and returned to work:

Sick List
Douglas Hughes, Gloria Adams, Donnabelle Augspurger, Harold Blust, Mary Hancock, Vera Paul, Eva Penn, Amy Rupp, Celeste Guenther, LaMoyné Gale, Ruth Fitzgerald, Allen Erhardt, Carman Dominguez, Wayne Colby, Glen Castle, Gene Bryant, Herman Bertsch, Thelda Aker, Margaret Ford, Malinda Behrman, Mildred Huntine, John Smaxwell, Paul Bowman, Marguerite Kohr, Robert Bowles, Jr., Hans Muller, Philip Schroeder, Hazel Leonard, Fred Wheeler, Shirley Click, Virginia Decker, James Fry, Charles Roach, Milton McCombs, Howard Meredith, Maynard Spade, Donald McMahon, Hilda Rinehart, Norman Rider, Harry Magner, Forrest Reed, Mabel Liggett, John Stetler, Florence C. Miller, Robert H. Smith, Robert Sparks, Elijah Stearns, Charles Pitcher, Raymond Stanger, Elizabeth Malone, Orville Lippitt, and Norman Rider.

Dismissed from Hospital
Andrew Nichter, Patricia Sheets, Forrest Reed, William Rapp, Florence Miller, Donald McMahon, Barbara Coulter, LaMoyné Gale, Walter Fagg, Nora Doud, Westly Goss, and Gene Bryant.

Returned to Work
Charles Gibson, Ross Cohagen, Daniel Aughenbaugh, Ray Johnson, Irene Kreger, Herbert Dornte, Mary Foster, Clara Cohagen, William Geppert, Donna DePew, Cleo Crews, George Aikens, Peter Karolyi, Harold Carnahan, Thelda Aker, Max Fielitz, Grace Bullard, Delores Heaston, Robert Everding, Lenor Hanes, Clarence Bond, Glen Kumfer, Edward Bireley, Glen Castle, Edward Sarrazine, Gertrude Markley, Ruth Lowdermilk, Willard Smith, Nancy Locke, Ruth Lemmon, Helen Spear, Margaret Monnot, Julio Lopez, Marvin Rutz, Bertha Witham, Beulah Smith, Betty Powell, Kenneth McKnight, Peter Mueller, Hazel Niswonger, Bennie Noel, Raymond Land, Forrest Reed, Lillian Sainz, William Stute, Irene Miser, Leslie Ternet, William Ryerson, Nora Vanover, Joye Shroyer, Penelope Potter, James Murray, and Marybelle Armstrong.

Specialty Motors

by Eileen Fitch

We want to say welcome to the nice group of people from regional warehouse, who moved into our office Monday from Bldg. 8-2. Hope you like it here with us, gals and guys. . . . Our deepest sympathies to Claudine Gladbach, whose mother died last week. . . . Ralph Heminger really believes in reading front page news. Tuesday, at lunch time, Ralph leisurely leaned back in his chair all set to read his favorite section of the paper, the sports page. Only then did he realize he had left home with two front sections of the morning paper, leaving the sports news at home for the Mrs. to read, which isn't exactly her favorite section of the paper either. That mad rush for the office certainly can up-set the apple cart. . . . Evelyn Tibbles displayed a beautiful shiner this week and the story be-

hind this shiner isn't the most popular one. Evelyn found a much faster way to get down the stairs. Although she agrees walking is slower, it is the best way down. . . . Jimmie Lowen's motto hereafter is going to be, "I'm from Missouri." Jimmie asked Jack Joseph when they were scheduled to play baseball. Jack, seeing his chance for a funnie, told him they had a game that same evening. Jimmie rushed home from work, gulped his supper down (later suffered indigestion), tangled fenders with another motorist in a rush, and arrived at the ball diamond on time only to find Jack was only fooling. No baseball game scheduled. Well, anyway, Jimmie, we take our hats off to a darn good sport.

Belated birthday greetings to Bob Hurshey. . . . The 51 frame assembly has a song out for their line. If you ask Dorothy Hart, she will sing it for you. . . . If you men go shopping for nylon shirts and can't get any, call on Homer Huser. He has six or eight new ones. They are very pretty, Homer. . . . Birthday greetings to Faye Patten, whose birthday was Monday, and Edith Schaubert, who celebrated Friday. . . . Norma Huff will go to Virginia this week-end to see her children. . . . Dorothy Hart left Wednesday by United Air Lines for the West Coast to visit her son, Dale, and family at Redondo Beach, Calif. . . . Ruth LaPradd came in to visit us last week. We were very glad to see you, Ruth. . . . Stanley Nicholson got too close to Faye Patten and her hair caught on his shirt button. . . . We extend our sincere sympathy to Rachel Millikan on the loss of her husband. . . . Shirley Freund received a dozen red roses for her fifth wedding anniversary. . . . Jerry Ziegler is the die cast lover boy. He overslept the other afternoon and was late to work. . . . We wish to welcome Joe Adams. . . . The girls had a very nice dinner at Alma Wise's in honor of Helen Moring, who has retired. Helen was presented an orchid corsage and a camera. We all enjoyed the lovely cake. . . . Did you see Dallas Patten working first and second shift so he could check on his wife? . . . Sharon Christlieb is leaving us for a while to join her husband, who is in the Service. . . . Have you noticed Thelma Dammeier's big ears? Thelma eats so many carrots Bob Huhn told her she might turn into a rabbit. . . . Alma Bowers is a happy gal with a new range and refrigerator. And, her house cleaning is almost done. . . . Margaret Turney is another fast one. Her house cleaning is almost completed. . . . We wish to welcome Marie Seffle. . . . Aren't we glad Jessie Wass was hungry for spice cake? The cup cakes were very good. . . . Edith DeMuth and Eva Heazlit had a flat tire going home the other night and walked 2½ miles home. It was a moonlight night, wasn't it, ladies? . . . What is this about Marge Crabill sending a birthday card a month too soon? . . . Marge Bischoff, along with a lot of others, attended the Water Follies. . . . The Elex girls planned on entertaining their foremen at their luncheon, but the foremen really entertained the girls. It is rumored that our bosses would like to wear dresses so they might attend more of the Elex parties.

Did anyone recognize Perry Esterline in Sunday's sport section? It was taken 23 years ago. He is a little heavier, but other than that, he hasn't changed very much. . . . Ginny Burkett has a very nice cold she would be glad to give away. She got it from going mushroom hunting. She says they got 43 of them. . . . Carolyn Girvin is the new girl in the office. . . . Glad Glen Castle is back at work. . . . Wava Aughenbaugh and Howard Hubbard were both off work a day last week. It was reported that they were auditioning at the Citadel for an engagement. Did you get the job, Wava? . . . Seems strange that a new Kaiser would suddenly develop dirt in the gas line, especially Saturday morning. We would rather believe the sandman threw an extra hand full of sand in the eyes of Herb Slack. . . . Wonder if Mary Raub will watch the door the next time she goes out with the garbage? She had to crawl in the front window. . . . Welcome to Helen Buck, Irene Halley, Irene Stein, Hank Winchester, Betty Burch, and Ruth Albers. . . . Happy birthday to Esther Harkenrider, Modene Smith, Vi Elliott, and Ralph Gilbert. Belated greetings to Alyce Fuchshuber and Bill Widdfield. . . . Carl Kinsey was disappointed on his Michigan fishing trip. It rained cats and dogs all the while he was there. . . . Edith Jullarett's daughter, Shella, was married Sunday to Ralph Anderson. Congratulations to both. . . . Glad Hazel Niswonger is able to be back at work. . . . Bill Wickliffe is taking his third week's vacation this week. If the weather stays nice he will probably get in a lot of golf. . . . Our sympathy to Wilma Linker on the death of her brother, and to Ray O'Brian on the death of his mother. . . . Hazel Herron, who is on our retired list, has moved. Her new address is 2106 Wells St. . . . Avery Spade says his spring crop of ducks looks very good. . . . John Figley had a time deciding what to do last Saturday. He couldn't make up his mind whether to come in to work or stay home, do nothing and make \$6.00. He stayed home. . . . We wish Sam Warren would make up his mind as to which trick he wants

W. K. Dillman Named Foreman In Specialty Sub-Section 15

The appointment of Willis K. Dillman to the position of foreman in Specialty Motor Sub-Section 15 has been announced by Frank T. Gamec, superintendent. Mr. Dillman will be in charge of inspection and test of special DC motors on first shift.

In 1927, Mr. Dillman became a GE employee and entered the Apprentice School. Upon completion of the testing course in 1930, he became a relay specialist in meter experimental relays. He transferred to inspection in Bldg. 4-2 in 1934.

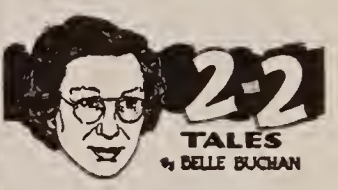

Mr. Dillman entered the repair and return section, Bldg. 4-1, in 1935. Two years later, he went to Bldg. 4-5 on test and inspection and in 1941 became group leader in the same location. This was his position until his present appointment.

Mr. and Mrs. Dillman and their two children live on R. R. 1, Spencerville.

Willis K. Dillman

to work. We suggest he consult his wife to help him make up his mind. . . . Lloyd Clark's growl is worse than his bite. He will have his new choppers before long. . . . We wonder if Ed Hines took his squirrel trophy along to the drug store after work? . . . Russell Rose said the big ones were biting up on Palmer Lake over the week-end. . . . Guess old St. Peter closed the gate and decided he wasn't ready for Dick Blust. He recovered from a virus infection and is able to be back at work. . . . We extend our sympathy to Freeman White on the death of his infant granddaughter. She was also Helen White's niece. . . . Merlin Heller is wearing the latest in air-conditioned shoes. He is going to have to be more careful where he hangs them. In front of the fan is no place for them. . . . A speedy recovery to Howard Hubbard, who is entering the hospital for the eighth operation. . . . Emily Neirman was so elated the other day that all she talked about was the frog legs she was going to have for supper. They didn't turn out as good as she expected. She forgot to take the rubber bands off before she fried them and they tasted like rubber.

They say that June is the month of brides. We have two starry-eyed girls who are rushing around like mad, getting ready for their June weddings. They are Carolyn Snoke and Martha Weeks. . . . This week we bid farewell to Louie Brunner, who is leaving to go to the Lynn plant. It has been nice working with Louie and we wish him all kinds of good luck in his new job. . . . We are not quite sure what kind of an animal Frank Conley was trying to imitate. At first it was supposed to be a horse, but no self-respecting horse would be caught making a noise like that, unless, of course, it was a nightmare. . . . Fred Fenner gets a big bang out of the Kentucky Derby. Especially when his favorite comes in first and chases the moths from his billfold.

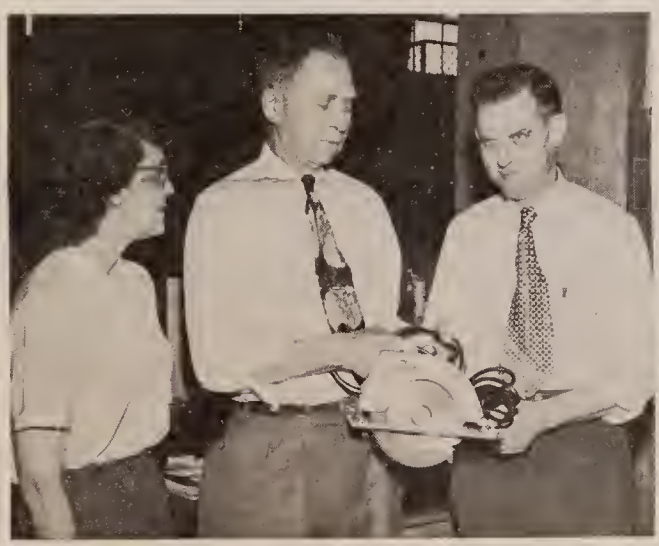

F. G. Motors

bldg. 8-1

by Mary Wright

A smile is a million dollar asset. And yet it isn't worth a dime; money can't buy it. But when you give it away, someone gives it right back.

A patient of Margaret Simmons appreciated her smile and kindness so much that she wrote her this thought in a letter of appreciation. We felt it worth passing on. . . . We wish a speedy recovery to Halie Hosler and Myrtle Morgan, who are on our sick list. Also to Zelma Wood's mother. . . . "It's a Girl!" shouted Edith Bohde when she was called to let her know she is a new grandma. . . . Happy birthday to Beulah Huff. The brownies were delicious. . . . Yours truly and Jo Matter, of Bldg. 17-3, spent the week-end at the Kentucky Derby. Besides bringing back some winnings we brought back a wonderful sunburn. But it was well worth it.

ON LAST DAY AT GE—Joseph H. Detweiler (center) shows a retirement gift he received from his co-workers to his daughter, Joan Murphy (left) and Les Hubbard. Mr. Detweiler joined General Electric in 1942 as a specialist in the training school and was an inspector in Bldg. 6-4 at retirement.

Softball League Schedules May 13 Practice Round

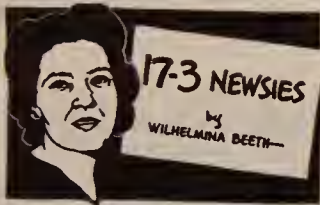

The Interdepartment Softball League will practice Wednesday, May 13, from 5:45 to 7:15 p.m. at McMillen Park on Diamonds 1, 3 and 4. The practice round is in preparation for the league opening games tentatively set for May 20.

At present there are nine teams entered in the league which hopes to operate with 10 teams, manager John Leffers reported.

Anyone interested in entering a team should call Leffers, Bldg. 4-6, Ext. 2390. Interested players should report to McMillen Park for the practice.

The following is a list of team managers and their locations:

CLIFFORD H. GRIMES
Ph. 2235, Bldg. 19-1
GE Vets.
LESTER A. HUBARTT
Ph. 2209, Bldg. 6-4
DAVID JONES
Ph. 729, Bldg. 12-4
Apprentice School
PAUL WILCOXSON
Ph. 2555, Taylor St.
MILT DEJEAN
Ph. 2146, Bldg. 4-6
Squares
DAVE BERGHORN
Ph. 29-204, Winter St.
G. A. WARWICK
Ph. 2685, Taylor St.
Works Lab.

BOB MCCLELLAND
Ph. 326, Bldg. 2-2
Mfg. Training Program

17-3 NEWSIES
by
WILHELMINA BEETH

Happy Mother's Day to all of our mothers. . . . Eleanor Beerbower attended the Kentucky Derby last week-end. Did you have anything on Dark Star? . . . We light another candle on the cake and wish a happy birthday to Elma Keiser, Opal Sample, and Margaret Hayden. . . . We bid farewell to Irene Diehlman, who is taking up a full time small garment-making job. . . . Bill Dillon was up to visit us last week. He just returned from Korea. . . . We can't understand why Elizabeth Wert takes off her glasses so she can hear better. . . . Joan Qualls went to a meeting in Grand Rapids, Mich., last week-end. She is secretary of the Omega Chapter of the Kappa Kappa Sigma. . . . Guess Walter Kryder needs a calendar, too. He was signing his slips last Friday for April 31. . . . We wish Inez Drummer lots of success in her new job. . . . Shirley Click and Hilda Rhinehart is on the sick list. Hope to see you back soon. . . . Glad that Margaret Monnot and Bertha Witham are ringing in their clock cards again. . . . Doris Lontz has joined the new car class. It's a Mercury. . . . Mary Baxter's son was home from San Diego, Calif., last week-end. . . . Do you remember way back when May 1 meant removing your longies and you could go barefooted? If you do, you're telling your age. . . . Our welcome mat is out for all our newcomers. Hope you like us. . . . It's nice to have the second trick girls share their popcorn with us. Thanks, Peggy. . . . We extend our sympathy to Roster and Emma Walker on the loss of their infant son.

30-YEAR MAN—Thirty-year man, Ralph W. Hare (second from right), receives best wishes on his anniversary with General Electric from (l-r) B. B. Gausepohl, Fred Pyle, and Howard McVey. Mr. Hare is an assistant general foreman in Specialty Sub-Section 17 at Taylor St.

This spring weather has really affected our group. Chet Burgette walked into the parking lot one evening and searched for his car. Not finding it he suddenly remembered that his wife was to pick him up at the gate that day. Doris Patton was in similar trouble, only she called her husband to drive in and pick her up. He had to remind her that he couldn't do it since she had the car. . . . Those keep moving signs don't mean much to Paul Shive's Olds. He was embarrassingly blocking traffic for some time on Broadway before he could coax the old bus into moving on. . . . Art Stahlhut has a unique way of informing his associates that he is about to partake of a delicious sandwich. They can tell by the air scented strongly with dill pickle odor. . . . Jack Waikel not only proved he can handle the family washing. He even did it in record time. . . . Harold Blauvelt seemed quite blue last week and now has a habit of wiping off all handles. . . . The lathe unit welcomes Perry Butts on the second shift. . . . Paul Weaver, king of the mushroom hunters, reports some nice ones. The stems were the size of Clayton Raquet's forearm and the heads as big as his two fists. . . . DIE PLANT: We are sure that Bob Bryan will be a very devoted husband. How do we know? Well, he brought his fiancée to town to buy a stove for the home they are building. But instead went home with draperies for the living room. Your appetite comes second, Bob. . . . The boys say welcome to Bill Niles, Kenneth Johnson, and Carl Hanke. . . . A tip to the garden growers. Don't bet with Archie Gwaltney on the size of your tomatoes until you see his "Burpee Big Boys." One to a wheelbarrow, he says. . . . Earl Lenz came to work with his "old" playboy Stetson the other day. It's spring, and youth must be served. . . . Paul Weaver thinks that the city has too many signs on Calhoun St. He read the wrong one and paid \$1.00 for parking in the right place at the wrong time. . . . Dan Baker is counting on huge vegetables in his garden this year. Kenny McCague gave him some circus fertilizer the other day. . . . Clayton Raquet and Glenn Ramsey, expert card players, talked Earl Lenz and Walter Esterline, who are supposedly novices in the science of playing cards, into play-

ing euchre the other noon. Now Clayton and Glenn know how it feels to be skunked. . . . John Neukam regards fishing as a dangerous sport since his last outing to the St. Joe river. He was assembling his gear on the river bank, preparing to go home, and clean his catch of fish. A pet coon ran up to him and playfully bit him on the leg. John likes the little fellows and didn't mind much. But when he bent over to pick up his tackle box it bit him on the arm! By this time John was not so jovial. Before he could place a well directed boot against the coon it had nipped him again on the leg. Sounds like the coon sort of liked John, too. . . . Your editor, having managed to eliminate his son's pet cat, kittens, and turtle is in the pet keeping business again. How could he avoid it when, with the family in the car, the headlights showed up a half-grown, long eared, white bunny nestled up against the curb only a block from home? Let's see, how do you build a hutch?

As you will remember, Kenny Applegate has always been an ardent Ford fan, continually extolling the virtues of this car to all of his friends. But it seems that he had a change of heart and traded his rusty Ford for a Chevrolet. For a while he was delighted with his new love, explaining to all who asked about his new car that it just could not be beat for riding comfort and economy of operation. In fact it was his idea as being the peak of perfection among automobiles. All of a sudden he seems to have lost all of his enthusiasm over his new car, condemning it bitterly. The reason why, we learned, was that it had used one quart of oil in six hundred miles. It was caused by a minor defect that was soon corrected. Nevertheless, he is thinking very seriously of going back to his first love. . . . While on his way home to Albion one evening last week, John Terry and his driver ran into a rather heavy snow squall. The falling snow before the windshield began to bother Johnnie's eyes. Turning to the driver he said, "Reach down there and turn off that television set." . . . You all heard the story of the man who built a boat in his basement and then had to tear half of the house down to get it

PONY League to Hold Second Series of Tryouts Tomorrow

As the second inning of PONY League baseball tryouts in the city opens tomorrow, future GE team members will head for Lawton Park where trial sessions begin for the North League at 9 a.m., GE team manager Sam Macy announced last week. PONY stands for "Protect Our Nation's Youth."

Boys who are 13 or 14 years old as of August 1 this year may attend the tryouts. Tomorrow's session is the second of three tryouts and boys who wish to play in the league must attend two of the three meetings. They should attend either the north or south league sessions, depending upon which area they live in. Members of the various teams last year who are still eligible will continue on their same teams and do not have to attend tryouts.

Application blanks which should be filled out by all boys going out for the sport may be secured at any Shell Oil Company service station or at any of the four diamonds on which tryouts and league play will be conducted.

The North League, of which GE and five other teams are members, has two diamonds at Lawton Park and McMillen Park is the site of two diamonds used by the six teams in the South League.

Every boy attending two trials will be assigned to a team. Selection of teams will be done by the managers on a drawing basis that gives each team a fair chance and provides keen competition.

After all boys have been placed on teams, practice will begin and by the time league play gets under way in June, each team will be narrowed down by managers and coaches to 15 members.

A new ruling by the national PONY League allows the boys to wear steel spike shoes if desired, Coach Macy revealed.

Macy has announced that anyone interested in coaching on GE's team may contact him on Ext. 734 or at home, A-65002.

Other members of the North League in addition to GE are: Allen Dairy, Huber Business Machines, "Dutch" Adams Indians, Transport Motor, and Security Cartage.

out. Harold Hart pulled one just about as bad. For weeks he has been constructing new cabinets for his kitchen and bathroom, doing all of this work in his basement workshop. Finally, completing all operations, he was ready for the installation process. But when he tried to get them out they were just too big. So he ripped out half of the basement stairs and landing. But still, no go. He finally had to dismantle them completely, taking them out piece by piece. He had to rebuild and refinish them in his kitchen. This is what one might call the acme of precision in measurement. . . . Art Drury is the proud possessor of a brand new tractor, being delighted over the many tasks it will lighten and accomplish for him. In fact he now lets the boys do all the plowing, leaving the entire operation of the tractor up to them. He also is planning on letting his wife mow their big lawn with it this summer. He intends to set on the front porch guzzling cooling, refreshing beverages while she does the work.

Major League Nine Slate Two Practices

The first outdoor tryouts for the GE Club major league softball team have been scheduled for tomorrow at Lawton Park and Wednesday, May 13, at McMillen Park, co-managers Dick Thomas and Jim Calland announced today.

Tomorrow's session will be conducted from 2 to 4 p.m. on Diamond No. 1 at Lawton Park. Wednesday's tryouts will be staged from 6 to 8 p.m. at McMillen Park.

All positions on the team are open, the managers stated, and announced that any GE employee interested in trying out for the team should be at one of these sessions or contact Thomas on Ext. 336.

When league play begins at the end of this month, GE's team will consist of 15 players. In addition to league games, the team will play exhibition games on Sundays with out-of-town teams.

Bldg. 22 welcomes George Hatch and Ollie Curry. . . . Herbert Stewart is now driving a truck on 2nd trick. . . . Adam Farrell wants it known that the stuffed duck that is sitting in front of his big picture window is not him. He sits by the side window. No kidding, that is a nice bird, Adam, but we bet you didn't shoot it. . . . Al Mason is still trying to open the electric doors without using the motor. . . . We wish a speedy recovery to Mrs. Charles Mowery. . . . Here's a little news that drifted over from Bldg. 19-1 paint shop. The boys finally put one over on Forrest (Red) Sutter. Red mislaid his dinner pail. The boys found it and gave it a coat of paint. Then they painted a lot of flattering inscriptions on it. They mailed it to the New Haven Post Office, minus the postage. Red lives on a farm east of New Haven, so when he received a card notifying him there was a package in town for him with 11 cents postage due on it, he and his wife jumped right in the car and fairly flew to town. Red's wife was trembling with excitement as she tore off the wrapping. Who could have sent them a present? What could it be? And then there it was, Red's old lunch bucket. What a trick! The guys over there in the paint shop are all like that. Even the foreman, Art Druce, wears his socks wrong side out. So, what can you expect? . . . The fellows in Bldg. 22 who have graduated to Cadillac cars are still small fry, according to Frank Romanowski. He owns two of them!

GOLFERS SWING INTO ACTION MONDAY

TEE TIME—Getting in some early practice prior to the opening of Golf League activities Monday are Bill Kayser, Bldg. 31-1 (lining up a putt), Harold Braden and Herb Koch, both of Bldg. 2-2, and Shorty Pyser, Bldg. 4-6. League play will be at the Brookwood Links.

The Champion of Champions Tournament was bowled on the GE Club alleys last Monday night with Auto's, of the Transformer League, coming out on top of the men's entries. Lowlyrollers, of the Ladies' Monday Night League, were the victors in the ladies' event. The Autos rolled a 2995 count with a 690 pin handicap. Homer Meeker paced the winners with a 519 score. Otto Fultz rolled a 507, which included a 201 score. Milo Osburn rolled a 464; Walt Berry, 437; and Paul Rowan, a 381 score. In second place was Kinney Koncessions with a 2935 score, which included a 393 pin handicap. Paul Perry lead the scoring for Kinney's with a 528; Vic Rump scored a 527; Elmer Schoenlein, 522; Les Shroyer, 491; and Charlie Wilt came up with a 474. Rolling into third was Team No. 1 representing the Apparatus League, with a 2900 count. Bob Branning, with his cigar blazing, kegled a 534 to top the team's scoring. Wes Westrick scored a 524; Don Greenler, 449; Dor Stanley, 444; and Bob Langar, 415. The total score includes a 534 pin handicap. Bob Branning rolled a 202 count. The Squares, paced by Doc Peters' 585, rolled a 2894 (447 handicap). Doc had a 226, which was the high single count for the evening. Bob Kallmyer, rolling with Small Mo-

Mollet rolled a 429 series. Team No. 4 of the Tuesday Afternoon League finished third with a 2749 (630 handicap) total. Rachel Mounsey rolled a 413 series, which included a 165 score. Luella Ternet rolled a 411; Nellie Williams, a 322; Charlotte Stanford rolled games of 161, 148, and 191 for a 500 series. Tommy Williams rolled a 473 on games of 152, 166, and 155.

The members of the championship teams received sweaters which were given by the GE Club. The members of all the league champion teams received appropriate gifts. The men received belt buckles and the ladies received bracelets.

Thus draws to a close another season of bowling. The pins that didn't fall will be long remembered. I would like to thank the league secretaries for helping make Keghead Kegler possible. If they didn't collect the news and pass it on, there couldn't be a column. Next year we will come back and really pound that pocket, and watch those averages go up. Thanks also go to Charlie Wilt and the crew who took care of the alleys, Frank, Paul, Eddie, and Satch Moe Shuster.

New GE Club Hours

The GE Club summer hours will be from 7 a.m. to 4:30 p.m. Monday through Friday, Charlie Wilt, manager, announced today. The Club will be closed Saturdays and Sundays throughout the summer months.

GE Club League to Enter Midwest Industrial Golf Tourney in July

Golf League play will open Monday, May 11, Harold Braden, GE Club golf chairman, announced today. He also revealed plans for the GE Club entry in the Midwest Industrial Golf Tourney.

League managers Charlie Briggs and Denny Pease will be in charge of opening day activities. Tuesday, May 12, Shortie Poyser's league will swing into action, and Wednesday evening, May 13, the Winter St. group will tee off. Jack Berges manages the Winter St. league. All matches will be played at Brookwood.

A 36-hole medal play tourney will be staged with the first two individual players in each league competing for the four herths in the Midwest tourney, which will take place in July.

The annual match with South Bend Studebaker will be held at South Bend this year. Low men in each league will get the bid.

The climax of the year's golf activities comes with the Blind Bogey in September.

Little League Slates Tryout Sat. Morning

The second session of Little League tryouts for the GE team and others in the Hamilton Park League will get under way tomorrow morning at 9 o'clock, manager Charlie Wilt reported today.

On hand to assist manager Wilt tomorrow and during the season with GE's team will be Perry Esterline, Carl Reynolds, Bob Guingrich, Pres Slack, and Charlie McAfee.

All boys in the age range from 9 through 12 who reported for the initial session last week should return to tomorrow's trials and any boys who wish to try out and have not done so should report to Hamilton Park.

More than 200 boys in the Hamilton Park district turned out for last Saturday's session, the manager revealed. With seven leagues throughout the city getting into shape, Wilt reminded the boys to make sure that they attend the session in the district in which they live. Anyone living north of GE's State St. boundary should attend the Fraternal League tryouts at the Elks diamond, Wilt stated.

All boys trying out should secure application forms and take these completed forms with them tomorrow along with gloves and gym shoes or rubber cleat shoes. No steel spikes are allowed in Little League play. Application forms have been distributed to all the schools in the league's district.

From the trials, 15 boys are selected for each team. Selections are made on the basis of the boy's age, his ability, and the team's standing at the end of the '52 season. The team in first place last year will get last choice. GE's team wound up the season in second place in 1952 and they will have third choice on players.

After completion of the tryouts, practice sessions will be conducted until the city schools are dismissed for summer vacation. Hamilton Park League play will begin June 15.

According to National Little League rulings, teams will compete only with others in their immediate leagues. No exhibition games will be played between teams not in the same district. In the Hamilton Park League, GE will be competing with Allen Dairy, Inca, and Patterson-Fletcher this season.

Ham League Slates Practice Sessions

Monday, May 11, and Wednesday, May 13, the Ham League will stage practice sessions at Packard Park from 6 to 7 p.m. Manager Bill Schible reported this week.

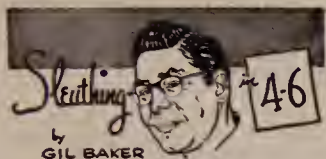

Schible has asked the players to be on time because the park is available for only the one hour each day for practice.

There are a few openings in the softball league and anyone interested in playing on the team should attend the practice sessions, the manager stated.

APPRENTICE BROADCAST

by James Bird

Best wishes to Mary Wilson and Myron Auer who became Mr. and Mrs., Saturday, May 1. . . . Congratulations to Mr. and Mrs. Vaughn Moore, who became the proud parents of a baby boy, April 28. . . . Rosie is the man to see for that new fishing pole. Of course, being made out of steel they may be a little heavy. Rosenhann says they are good for large fish or small whales. . . . Myron Auer took the afternoon off to go to the doctor and returned to class with lipstick on. Where did you say you went? . . . Dick Reinking left yesterday to visit his girl in Alabama. . . . Harold Friedrick spent last Monday at Indianapolis getting his army physical. . . . Woody Trostel, Glen Camp, and Jim Stroble have also received their notice for their army physical. . . . We are glad to hear Bob Barnes' father is recovering. He was able to return to his home.

MISTER JULIAN STARK!

Careful what you say about women drivers. We want you to know some of the best drivers are women and, besides, we know of some male drivers who wouldn't exactly take a prize. Julian's jeep was hit from the rear one day last week. In turning to see "hoodunit" he noted the car directly behind him was being driven by a woman. Apparently she had stopped in time, but the car behind her, also driven by a woman, didn't stop in time. Result: BANG BANG. Julian was heard to say, "I might have known it, a couple of blinkety-blank women." Hmm, are you sure you signaled properly? Note! This was written by a woman, or could you tell? . . . HELLO to Alma Mae Shenfeld. Alma is the dark-haired lassie you see learning the mail route from Carol Stitz. . . . GOOD-BY to Marilyn Saine who is leaving us today to become a full-fledged housewife. Good luck to you, Marilyn. . . . HAPPY BIRTHDAYS TO: Don Reek on May 8, that's TODAY, (get him boys), and to Georgia Garrett, who will celebrate her birthday next Tuesday, May 12. Also to Walt Hahn on May 14.

. . . THE BETTER TO SEE YOU: Two prominent men in Specialty Motor Engineering are wearing glasses, one trifocals and the other just reading glasses. Walter Whonseller was forced to get a new pair when he broke his old trifocals, which he claims he has had for umpteen years. Mrs. W. says it was a good thing, and so do we, if it's been that long. Walter admits the new glasses even improved his sense of smell. He also discovered two people working for him he didn't know he had. Ted Ross is trying to get used to a pair of reading glasses. Just be thankful you don't have to break in bifocals. . . . OH, HAPPY DAY: Johnny Reuille appeared at the office last Monday morning with this announcement: "Just call me Dean of Women." They have a brand new baby daughter, their fourth girl, born Sunday, 4 a.m., May 3, at St. Joseph's hospital. Ray Jones wanted to know if he was running a race with Eddie Cantor. What will you do with four daughters, John, if they're all as smart as Rita? We'll tell you what Rita did a few weeks ago. The family dined at the Shawnee Inn for Sunday dinner. After a delicious dinner, the children expressed their desire to return some time. Half way home up pipes Rita, "Here, Daddy, is that money you left on the table where we ate." Hope they don't remember you when you return.

. . . SO LONG, IT'S BEEN GOOD TO KNOW YOU: Harry Neuert left us Friday to enter his father's business located at Lombard, Ill. The Engineering Office presented Harry with a parting gift, a bill-fold. We wish you well in your new associations, Harry. . . . OUT OF THE MOUTHS OF BABES: Young Willie Rutledge always looks for the "Fat Man's Ditty" in the evening paper. The other day when on his Daddy's lap, he started poking Bill's tummy; "Um, fat man, fat man." Smart boy, Bill! . . . TWO EASY LESSONS—OR WAS IT THREE? Warren Berkheiser was having quite a bit of trouble teaching Walter Hahn how to tie a necktie, of all things, Berk without a tie. Know how now, Walt? . . . CONGRATULATIONS: To Anne

Affolder of the purchasing section who celebrated her birthday, May 7. . . . PERPLEXED: We can't understand why Bill Crane doesn't gain weight. One day he carried his lunch and later we saw him seated in the cafeteria with Emmet and Perry eating a complete meal. "What's the matter, Bill, worms?" . . . WE WELCOME Elmer Gault to the inspection and test section. . . . CONGRATULATIONS to Mr. and Mrs. Alva Zent. They are the proud parents of Julie Joan, born April 26. She weighed 5 lbs. 14 ozs. . . . WELCOME BACK to Wes Goss. It's good to see you again, Wes. . . . TEEN-AGE ROADEO: Ray Jones tried to show the teen-agers how to drive in the Roadeo, but he did not win any prize for his driving. The only trouble he had was, "the spaces to drive in were not big enough." . . . THERE'S NO PLACE LIKE HOME: Ray Hupp parked his car inside at the Allen County Motors garage and drove to Baer Field in one of the Driver's Training Cars. While he was away someone smashed into the back of his car. No matter where you park your car these days it is always in danger. . . . DANGER: On a first-aid test, a question was asked about how you would care for a boy who had fallen off a pole marked "Danger, do not climb," and had a compound fracture, not breathing, and unconscious. After a lengthy discussion, after the test, Dick Heard asked Forrie Carlson what he did with his boy. Forrie pops up and says, "Oh, I killed him." . . . FELLOW CLUB MEMBER: Carolyn Kohrman joined the Floor Sitters' Club. . . . WELCOME to Gayle Pringle. Gayle recently joined the General Accounts section. . . . POOR DAVEY: Or shall we say, "Poor Bonnie?" Bonnie Leazier was taking a nap, and unbeknownst to her, her pet parakeet, Davey, was parading up and down her jeans. Along came Pussy-Kat and nabbed the bird. Too late to rescue Davey. Bonnie, our advice is: "Get rid of that cat. Two parakeets since Christmas is just too much for us." . . . CONGRATULATIONS FROM YOUR CO-WORKERS, GIL! Because our editor, Gil Baker, is much too modest to mention it in his column, we'd like to surprise him with this item. After holding his breath since January, he finally displayed the Golden Trophy which he won at the GE Club for his GOOD 276 game bowled January 5. It was the men's high single game in league play. We are indeed proud of you.

We welcome Bill Hattendorf to the production section. He was transferred from Bldg. 12-3. . . . Birthday greetings to Joe Taylor, May 11. . . . It is rumored that Joe (The Auctioneer) Taylor and Herbert (Hawkshaw) Thompson were out at the Bargain Barn looking for sombreros and saddle blankets. They want to be well equipped for their vacation. . . . Paul (Bring 'Em Back Alive) Patton is continually bringing them in. His latest catch was a turtle, the size of a quarter. . . . Everybody lost one hour last week except Ralph Olinger, who happened to gain 23 hours by putting April 31 on his time slips instead of May 1. . . . If anyone has any pony shoes for sale be sure and notify George Miller. He is having quite a time locating seven

LETTER OF CONGRATULATIONS—George D. Foerster joined the ranks of 35-year employees April 28. He prepares to read a letter of congratulations to (l-r) R. A. McNiece and G. M. Murray. Mr. Foerster is an elevator operator in Bldg. 19.

pairs. . . . Dewey Wisner and Bill Skinner are getting desperate for bass when they land only those that are half dead and injured. If they can wait out the first 15 days of May they will have another chance. . . . Dick Quinn, Virgil Dennis, and Bill Brandt must have had haircuts at the same barber shop. Looks like there were some close calls. George Gettel's ears have been lowered, too. . . . Jack Heiniger returned to work this week after being absent for a few weeks.

STAB SALES: We wish to welcome Betty Chaster and Dorothy Long into STAB sales. Betty came from the cost department and is now working under J. P. Coughlin. Dorothy replaces Bette McMullin, who is being transferred to Bldg. 6-2 to work for Bob Parker. Good-by and good luck to you, Bette. We sure will miss you. . . . George Culp is sporting around in a brand new Ford. "The best on the market," says George. . . . Avenel Stanton's shorthand class, sponsored by the Elex Club, is growing by leaps and bounds. She had to break it up into two classes. The demand is so great that she expects to hold classes again in the Fall. . . . Rodean Dowell is having a lot of trouble trying to adjust her chair just right. She has been trying for several months now, and has been keeping the men in the office busy making the adjustments. . . . Ted Briles finds life as a social chairman of the TE's pretty rough. After working hard on getting out a flier on the forthcoming stag party, he received a fictitious phone call. The party on the other end of the line said: "This is Swager. I have your flier before me and I am questioning the sketch in the upper left hand corner (chorus girls). Now, this flier says that it is a stag party, what kind of a stag party is it?" Ted was very upset, since just the night before he had heard a talk by Mr. Swager on "Human Relations," so he replied: "I have nothing to do with the entertainment, so I don't know anything about it. It's a surprise night." The other voice replied, "Well, if there is any funny stuff going on, I'll find out about it."

WINTER ST. JOTTINGS

It's nothing but sheer ability that enables Justine Brown and Millie Clark to hand Eddie Heemsoth and Dick Szink such a "shellacking" at pinocle each noon. A big mystery is—how can Eddie Heemsoth possibly end up in the "red" each day. . . . We hope Marie Buck is over her sore throat and back at work soon. . . . We've been watching for clues to solve the mystery of the two pound box of candy that was left on the time clock last week for Carole Calkins; the occasion was her 19th birthday. Carole is curious about the mysterious sender! P. S. So are we; and, a happy birthday to Carole. . . . Welcome From Balcony: The girls on the balcony want to extend a big "welcome" to Esther Bennett. We're sure you'll like this cozy little group, Esther. . . . With all the remodeling at work and the big trucks rushing back and forth, it must have been nothing less than a bulldozer that put Pat Roehling in the condition in which she came to work—black eye and sprained ankle. The excuse to top all excuses—her son kicked her in the face! . . . Dave Berghorn is the ideal type to take on shopping trips; he'll enter any department and is a wonder at carrying packages. . . . Welcome, Mary Ann Shuman, to the drafting room! . . . Jane the Ripper: Jane Oberlin had a "ripping" good time Friday. Neglecting to arrange the minimum fullness of her pencil skirt before she sat down, Jane made a fast reach for her smock, a dash to the ladies' room and busily went to work with a needle and thread. . . . With hopes high, Charlie McClain and Harold Fremion departed on a fishing expedition, but their attempts at catching the limit proved fruitless. They arrived home at 1 o'clock in the morning with their pride and joy—one crappie. . . . Home From Korea: Loring Gotschall's son Dick is assuming his studies at Broadway's Apprentice School; Dick, a Korean Vet, was recently discharged from the Army. . . . Classifying it as "in the line of education," Don Rietdorf has taken up the pastime hobby of reading western stories. Don thinks his little son Timmy is too advanced

in his knowledge of cowboys, so Don has started his self-education program to keep up with the "small-fry." . . . It was a wonderful surprise to see Vivian Curran visiting her co-workers in the shop last Friday. Vivian is looking very well after her recent operation. . . . An interesting and exciting week-end is awaiting Vera Pontius, for she plans to visit her son Jerry for a special Mothers' Day celebration at Greencastle where Jerry attends DePauw University. . . . Here's hoping we'll be seeing Charlie Chevillot's beaming face back at work real soon. Charlie has been off ill this week. . . . It's farewell and best wishes to Elmer Gault who is leaving Winter St. for a job at Broadway, Bldg. 4-6. . . . Measles Kid: A case of measles slowed down the action of an energetic boy at the Wagoner house. Dorothy Wagoner's son had a severe case, but his spots are slowly fading away. . . . We extend our sympathy to Harvey Smelser whose brother-in-law, Richard Scott, died. Mr. Scott was previously a Winter St. employee. . . . Nothing is too good for our Charlie Foulks! So, when it was discovered that Charlie was being neglected and was without a desk, a lovely tall green one was provided, complete with a 1950 telephone book, a supply of stationery, and last, but not least, his own personal nameplate. . . . A speedy recovery to Bill Groves. Bill has been off ill for some time now. Here's hoping you're able to be back with us real soon, Bill. . . . The Maintenance Section welcomes Eddie Denzel back to Winter St. . . . Birthday congratulations were in store for Art Hickman last Saturday. How does it feel to be 29, Art? . . . Michigan Traveler: A trip to the Wolverine State highlighted the week-end for Carl Speckmann. . . . Peeping in the window before making a grand entrance at a party delayed the Schraders' arrival. Pat and Mel peeked in the window to see if the guests were having a fine time. Suddenly, a very aggressive watchdog started them on their two block run. Mel tripped and practically fell while running through the back yard, and all the dogs in the neighborhood began their chorus of barking. Panting after two blocks and shaken up by the experience, the party was decided to be "out!" . . . Two new short hair-dos were observed in the office this week. They belong to Jane Cusenberry and Marian Closson. . . . It was a boy for Mr. and Mrs. Bill Roach last week. The new addition weighed eight pounds, four ounces, and has been named Russell Marion. Mother and baby are doing fine. . . . Newlyweds: Congratulations also go out to Art Schuhler's mother and father-in-law, who celebrated their golden wedding anniversary April 28th. Their name is Mr. and Mrs. Michael B. Freehill. . . . Wonder what the other fellow looks like? If you've seen Gene Janney lately, you'll notice a patch beneath his right eye. He claims it's a "boil." . . . Carole Calkins and Jan Conroy are wondering: "Does Mr. Tirtch tell his mom everything?" . . . Ask Frank Mason how to get what you want at a bargain sale! He accomplished the task last Wednesday night. We're all anxious to see his "purty green tee shirt." . . . Looks as if it's really love! Jan and Bud Conroy celebrated their fourth wedding anniversary May 7. . . . Old Sol left his calling card on Jim Geiger and Red Mathes after the sun-filled week-end. Jim, a golf enthusiast, probably got his burn trying for a hole-in-one. What about you, Red—riding around with the top down on that "convertible?"

"Lost" and "Found" articles must be cleared through the Plant Protection Office, Bldg. 10-2, or the Plant receptionist, who will place the Ad-let and otherwise advertise the article.

No ad will be received over the telephone. Only one ad per employee may be inserted. Each ad must be limited to 20 words and cannot be repeated. All articles mentioned must be personal property of the employee. Ads will not be accepted unless accompanied by the name, pay number, and division of the employee. No plant building or telephone number may appear in any ad except transportation ads, only the home telephone number or address. Send all ads to G-E NEWS office, Bldg. 18-1.

CLOSING DATE
Monday Noon, May 11, 1953

LOST AND FOUND

LOST—Yellow gold Lions Club ring. Lost in men's rest room, Bldg. 8, or some place on the floor.
LOST—Several keys on a ring, including two identical house keys, and a small mail box key, also attached to the ring is a Veterans' Administration tag with the license No. DJ7902 on it. Lost at the Taylor St. plant.
FOUND—A yellow silk scarf with red roses in it. Found in yard by Bldg. 16.
FOUND—A small gold pin with blue center and a gold cross in the blue center. Found by Bldg. 18 gate.
FOUND—A fancy round silver button with brilliant in it. Turned in at Fairfield Ave. gate.
FOUND—A small earring with red and pearl sets around it, and an opal set in the center.
FOUND—A silk scarf with a brown border, and flowers and ladies in the design. Found under Pennsylvania Railroad elevation on Broadway.
LOST—One plaid folding umbrella in plaid carrying case. Left in Bldg. 26-4, west end. Apr. 25, 1953.
LOST—Pair black kid gloves. Lost between Bldg. 4-6 and Fairfield parking lot.
LOST—Five or six keys on chain with small knife. Lost between Bldgs. 19-5, 8-2, or Lindsey gate.

FOR SALE

STOVE—Gas. Very good condition. H-57851.
RAGING GLUTCH—Complete. Never used. For 1941 or older Ford. \$9. 1911 Brown St.

SAIL BOAT—Racing class, 11 feet long, 13-foot mast. Cypress with canvas deck. Good condition. \$50. H-66332.
LIVING ROOM SUITE—Rose davenport and green chair. H-69502.
CAR—1936 Plymouth Coach. Good rubber and runs good. \$125. 745 Taylor St.

Stormy Weather

From 17-4

by Bill Hurtt and Larry Reed

We extend a hearty welcome to our newcomer, Ann Richard, and hope she likes her job and the inmates here. . . . Comments from Forrest Carlson in Bldg. 4-6 sound very good about our column, but could that be the old oil being applied in order to grease some of his jobs? However, that brings to mind the old saying, "They can say anything they want to as long as they say something," or, "If they're talking about us, they're leaving some other pool soul alone." . . . "Crime does not pay," says Houston Williams after he went through the experience of being handcuffed to a steam pipe. Before they let him go, he began to wonder if the story was true about the key being lost. That's one way of keeping track of you, Houston. . . . You've heard of that story about the newsboy who only had one paper left to sell before he could go home. Well, John Braden's sad tale reminds us very much of that story. But we have to admit he is a pretty fair salesman. . . . Dorothy Rauceri's little boy went through a double operation the other day and at last report he is doing well. . . . Some time ago Joe Prezbindowski was going to give someone an airplane ride. To date no further word on it. Isn't that plane good competition against a Lincoln, Joe? . . . That strange sleepy-eyed person you see now on first shift is none other than that ex-second tricker, Mel Henemyer. Perhaps after a few weeks the daylight won't hurt your eyes, Mel. . . . A very joyful reunion took place last week at Ray Bower's home. They were celebrating the homecoming of Ray's brother who had spent a year and a half in Korea in the tank division. . . . FASHION SHOW: The latest style in spring fashions was modeled by Rollie Miller. Whether it was a hat or not, we don't know. Herb Buck has christened it as a "snuff protector." Does that mean it keeps you from using it or having it used on you? The snuff, we mean. He also modeled the very latest in welding caps, too. The only draw-back might be the 60-watt bulb used in it. But after all, you've got to see what you are doing. The best part of

GENERAL ELECTRIC INFORMATION CLINIC

L. C. SWAGER, Manager
Employee and Plant Community Relations
Bldg. 18-2

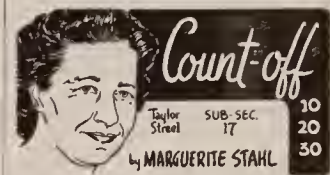

I would like more information about.....

It is not necessary to sign your name. If your question is of general interest, it will be answered in the NEWS. If not, we will send you a personal answer, providing you have signed your name and address.

Signed.....

Location.....

it is that it's portable. All you have to do is find a socket to plug in. . . . Since Hilda Wolfe learned that they're "making book" on her, she's in a whirl trying to find out if it is for, or against her. What's more curious than a curious woman? . . . The big question now is how much will Cy Seymour get for that suggestion. According to Omer Mettler, it should be worth at least 50 cents. Don't laugh, boys, remember they laughed at Edison and Franklin. That's what Cy says, anyway. . . . We welcome another new addition to our force, Bonnie Lepper. We're pretty fond of our department and feel sure you'll soon share those sentiments. . . . "Backward turn backward, oh, time in thy flight," certainly must have some meaning for Morris Mumma and Reuben Roller. They were seen unrolling some string together. Of course, this didn't make much sense until we learned that they were seen out in a field, barefooted and flying kites. . . . Monday the office girls had a pot-luck lunch for Barbara O'Connor, who is leaving us for wifely reasons. Naturally the girls all ate too much, but who could blame them since the food looked so tempting. We extend to her our very best wishes and thanks for the pleasant association we've had with her. After that long legged bird flies over your home, Babs, come back and see us.

The girls in the switch section don't know how Sarah Moore can come to work every day with a new Buick to break in. . . . Happy birthday to Oral Emrick and Pauline Settle. . . . Gladys Pantazin is all excited about her new home she is ready to have built. She reports the forms are all in, ready to pour the foundation. . . . Welcome to Mike Smith in packing, and Walter Doenges in heat run. . . . Congratulations to Mr. and Mrs. Bob Winkler who are the parents of a new daughter. . . . We are happy to report that George Ryan's wife is home from the hospital and George doesn't have to cook his supper any more. Also, he can't go to bed at 8:30 since his wife isn't working second trick. . . . Dan Bishop can't remember to take the key along to the lake for the work shop. Could it be that he would rather relax than work? . . . Ralph Keller learned that a plastic cap doesn't work too well on a jar of soup that is in the oven. . . . Laura Gerber says she isn't fond of being called out of bed at midnight. She was asked if the street light was burning and would she please blow it out. . . . Rosie Johnson brought in a large birthday cake last week. Belated birthday greetings, Rosie. . . . Welcome to Mabel Altimus, Mary Kuchnicki, and Rosemary Berry as new members in the lead section. . . . Mr. and Mrs. Charles Dunbar and Mr. and Mrs. Herman Schroeder spent the week-end in Effingham, Ill., visiting their parents. . . . Congratulations to Sydonna Fox who reigned as Queen of the May Dance at the new recreation hall. . . . Mr. and Mrs. Harry Stahl visited their son, Jay Stahl, at Fort Sheridan, Ill., Sunday. . . . Leo Miller's daughter and son-in-law of Florida are visiting relatives in Fort Wayne. . . . Mr. and Mrs. Paul LeCoque attended a family fish fry at the home of Nellie Ferckel. The fish were furnished by Mr. and Mrs. Ebbon Brown, who brought them from Florida. . . . What was Earl Fredricks thinking of when he rang his clock card upside down?

The man who makes a fresh start often gets his face slapped.

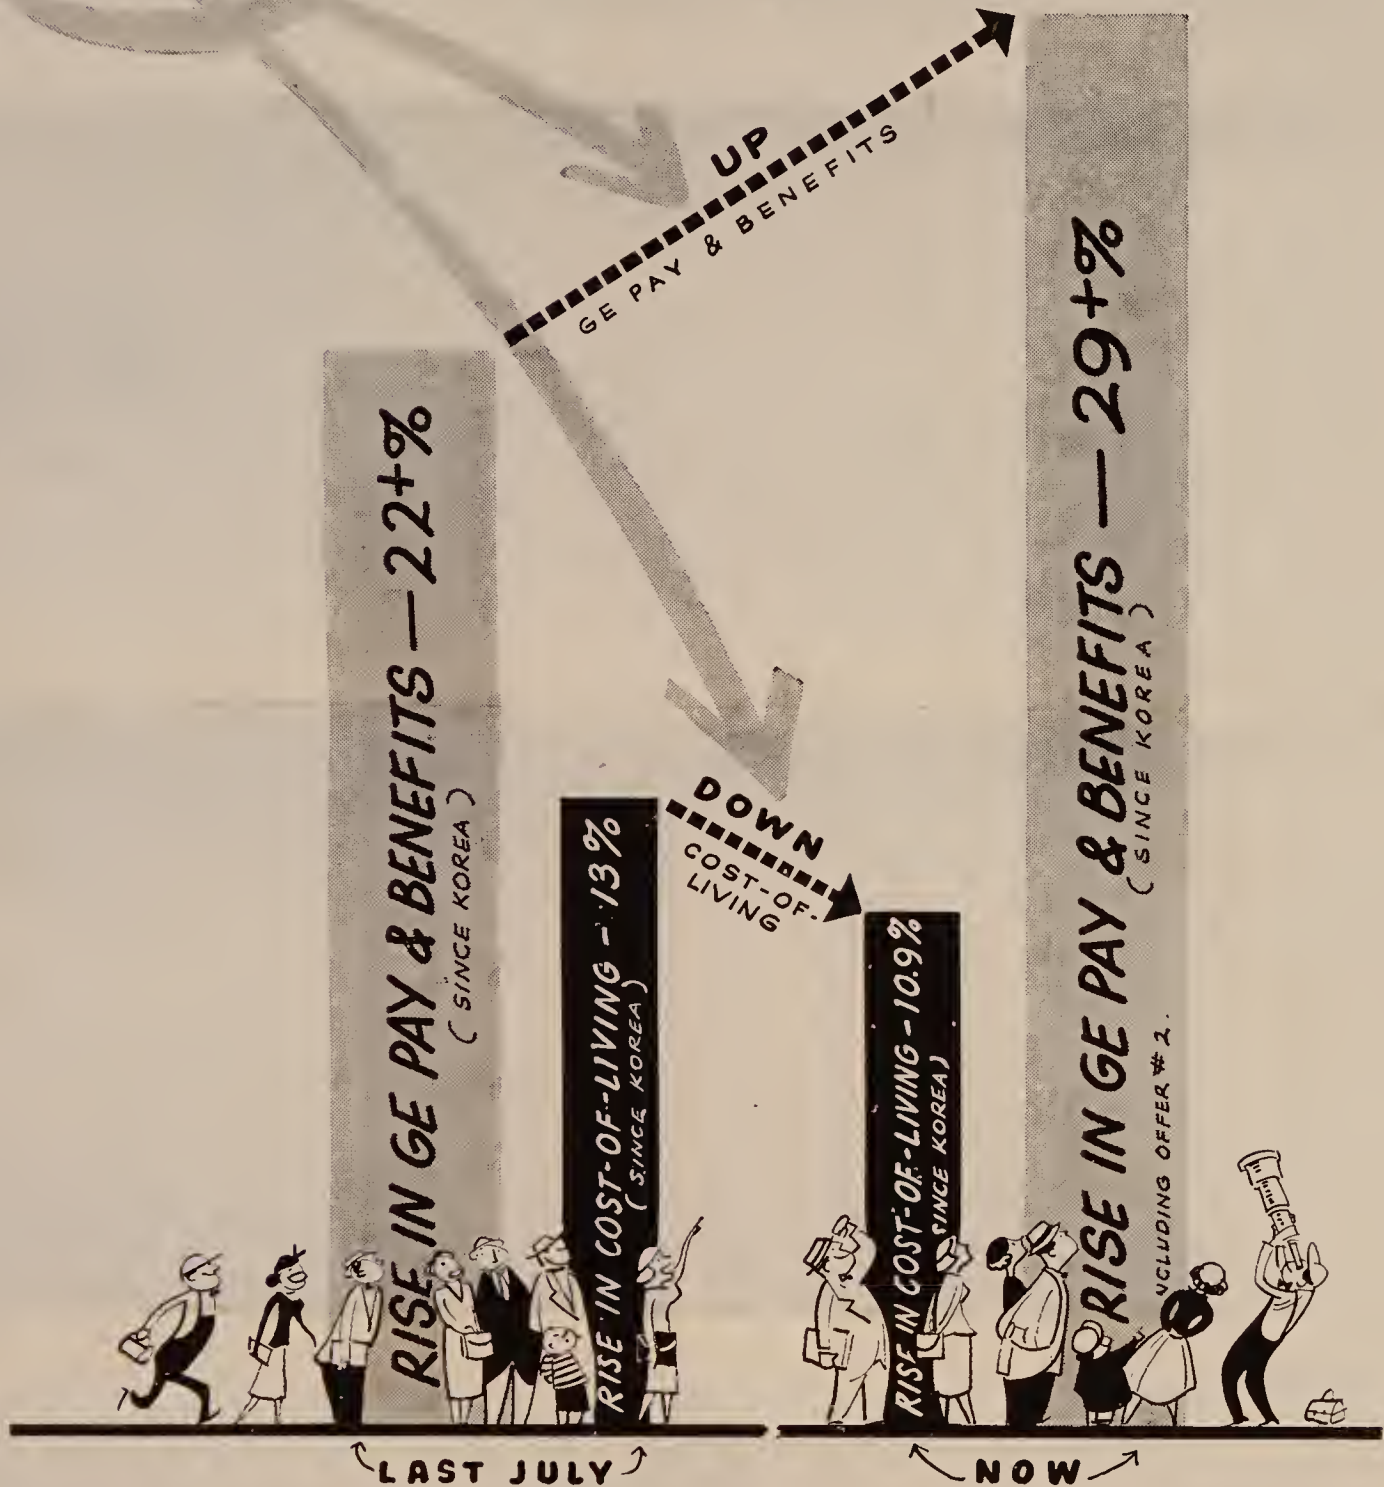

To Oil Parking Lots

The balance of the Taylor St. and Jones St. parking lots will be oiled Saturday. Employees who park in these locations are advised to bring papers so as not to soil the floors of their cars.

"Come, come, Stevens - you can think of a better reason for getting an increase than your wife keeps losing at canasta!"

BOTH ^{still *} in the right direction!

* The latest "Old Series" BLS price index figure was reported as only one tenth of one percent higher than the previous month, so the cost of living today is still a good 2% below the all time peak of last July.

GENERAL  ELECTRIC

The General Electric News

FORT WAYNE, INDIANA

SUN BRINGS OUT SHUTTER-BUGS—With the advent of good "picture taking" weather, A. R. Vegalues, chief of plant protection, issues his annual reminder to photographers that cameras are not permitted within the GE gates.

Volume 36

FRIDAY, MAY 15, 1953

No. 20

BIRTHDAY PROCLAMATION—Proclaiming to pedestrians and motorists along Broadway that 1953 is the 75th birthday of General Electric Company, an anniversary banner was raised this week on the Broadway east side grounds by guards, Irvin A. Junk and Edward J. Parisot.

Fort Wayne Leads Company In Adopting of Suggestions

With the completion of the 30th year of the General Electric Suggestion Plan in 1952, Fort Wayne's Component Products Division led all GE plants in the number of suggestions adopted. The announcement was made today by A. D. Marshall, manager of the Employee Benefits Services Department, in the 1952 Suggestions Report.

For the second consecutive year, the total of suggestions adopted per thousand employees in the Fort Wayne plant was greater than in any other plant. A total of 2,609, or 42 per cent of all suggestions acted upon, was adopted.

Commenting on the status of the current year's suggestions received here, A. C. Hartman, suggestion chairman, stated that if the number of suggestions received during the first four months of 1953 is any indication, all previous local records will be broken, not only in number received, but in awards paid.

Other new records were established in the suggestion system last year to bring the 30-year to-

tal to more than \$4,300,000 paid for employee ideas and to maintain the ratio of one out of every three suggestions submitted being adopted.

A Large Motor and Generator employee at Schenectady, Rollo G. Miller, suggested himself into a \$5,000 award, the highest ever made by the Company. Anaheim, of the Chemical Division, set the pace for the greatest number of suggestions received last year per thousand employees with a 2,625 total. Evendale had 6,959 suggestions and acted upon to take top honors in that category.

STAB to Hold GE Anniversary Award Contest

The Specialty Transformer and Ballast Department will hold a 75th Anniversary Award Contest, general manager C. H. Rinne, announced this week. Awards will be presented for outstanding work on the part of employees in their line of work, which furthers the six objectives of the General Electric 75th Anniversary celebration.

The awards will be:

- First Prize—\$300 General Electric Merchandise Certificate.
- Second Prize—\$200 General Electric Merchandise Certificate.
- Third Prize—\$100 General Electric Merchandise Certificate.
- Fourth Prize—\$50 General Electric Merchandise Certificate.
- Fifth Prize—\$50 General Electric Merchandise Certificate.
- Honorable Mention — Entries considered as deserving honorable mention will receive nominal awards.

Project Areas

Thirteen areas for accomplishment have been set up, and each item entered for evaluation must have been substantially completed during the period from Jan. 1, 1953, to Oct. 1, 1953.

The areas of opportunity and respective chairmen are:

1. Suggestions—D. E. Waldrop.
2. Cost Reduction — A. M. Krakower.
3. Standardization—O. B. Fultz.
4. Engineering Development—M. W. Sims.
5. Manufacturing Development—H. R. Korte.
6. Inventory Control—B. R. Young.
7. Documentation, Procedures, and Clerical Efficiency—E. J. Horstman.
8. Ordering and Purchasing—A. J. Lange.
9. Customer Relations and Service—P. M. Staehle.
10. Employee Relations — E. F. Paul.
11. Management Control and Financial Data—C. P. Gnaur.
12. Quality Control and Manu-

Six Clergymen Will Visit GE On B-I-R Day

Six Fort Wayne clergymen will visit the General Electric Company Tuesday as part of the city's first Business-Industry-Religion Day, sponsored by the Chamber of Commerce.

Invitations have been extended to 185 ordained clergy in the community to be guests of business firms. Participants will assemble at the Chamber at 9:30 a.m. for a brief meeting. Members of the clergy will then be taken by hosts to their firms as guests for the day.

An informal program has been planned for the guests visiting here. They will tour sections of the plant in the morning. Following lunch they will interview employees and take part in a panel discussion. Representing GE on the panel will be Irene Meyers, supervisor of women's activities; Ab Martin, general manager-Hermetic Motor Sub-Department; R. M. Hartigan, manager of manufacturing, Large Motor and Generator Department, W. E. Beer, supervisor of employee services, and L. C. Swager, manager of employee and plant community relations.

The day is patterned after the Business-Industry-Education days which have been held for the past three years.

Employee Relations Sections Set Up In Three Fort Wayne Departments

Another phase of the current decentralization program in the Component Products Division was completed this week as employee relations sections were established by general managers of three Fort Wayne operating departments.

Concurrently with the announcement, Charles E. Slater was appointed manager of employee relations in General AC Motor Sub-Department by Lisle D. Hodel, general manager; Walter H. Sunier was named manager of employee relations in Specialty Motor Sub-Department by general manager

J. J. Clarkson; and Stephen R. Capps was appointed manager of employee relations in Specialty Transformer and Ballast Department by Carl H. Rinne, general manager.

Mr. Slater became a General Electric employee in 1925. After working on shop operations, he transferred to Fractional Horsepower Motor manufacturing standards division and handled various wage rate and planning assignments.

In 1938, Mr. Slater was named supervisor of cost for FHP Sub-Sections 12 and 13. He was appointed supervisor of cost in

FHP's aircraft division in 1941. After moving to the labor relations division in 1945, he was made assistant labor relations head in 1948. In November, 1950, he was appointed manager of labor relations and has continued in this capacity until his present appointment.

Mr. Slater attended Manchester College. He is a past president of the Supervisors Club, and a member of the Quarter Century Club, the Fort Wayne Personnel and Industrial Relations Association, and the State Personnel Association.

The Slaters and their daughter, Karen, reside at 1628 Fairhill Rd.

Scholarships for Our Youth

Good news for parents whose children want to go to college but aren't sure where the money is coming from is contained in a recent report which shows that more and more scholarships are being set up for deserving youngsters.

Many of the new grants have been established by businessmen who remember their struggles to get an education and who want to make it easier for today's youth.

Scholarships vary from small sums to amounts covering most of a student's expenses. Often they cover tuition, so with some money from home, a student who is willing to work part-time can get the added education which will help him to earn a better living.

The U. S. Office of Education reports that more than 140,000 scholarships worth \$31,000,000 now are available to help young people get a college education. In addition, there are over 15,000 fellowships totaling \$10,600,000 for graduate students.

Information about scholarships can be obtained from college catalogs, the state departments of education, high school principals and faculty advisers, or by consulting sources such as the U. S. Education Office report on "Scholarships and Fellowships" in public libraries.

One need not be an "all-A" student to qualify. Generally speaking, any boy or girl who seems likely to benefit and who needs the money to continue his schooling, will be considered. In America, we're gradually moving toward the goal where no young person need go without a college education.

OUT OUR WAY

By J. R. WILLIAMS

THESE KIDS ARE GOING TO COLLEGE!

Did you have your heart set on a college education and then at the last minute discover there wasn't enough money?

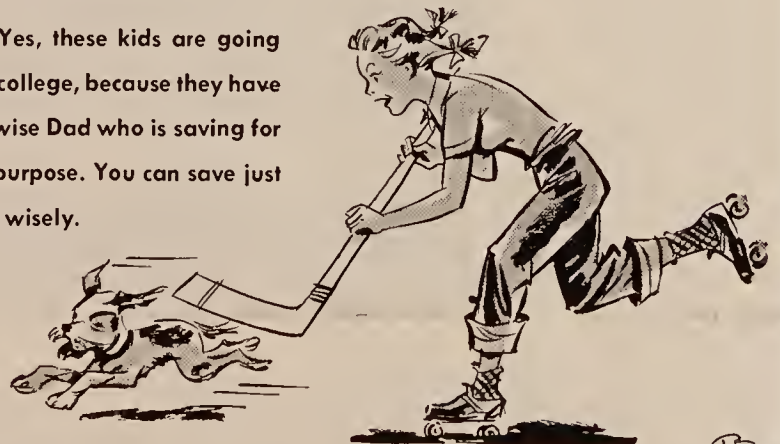

Or did you have to keep up so many paying jobs at college that you had less time than you wanted for study and other activities?

These kids aren't going to be much bothered by such troubles.

Their Dad is buying U. S. Savings Bonds under the GE Employees Savings and Stock Bonus Plan to help finance their educations. These bonds will be maturing annually while the children are in college.

And, of course, the 15 per cent bonus in GE stock that their Dad will get for participating in the Plan will be yielding dividends. These dividends will be additional income which he can use for their educations, too.

Yes, these kids are going to college, because they have a wise Dad who is saving for a purpose. You can save just as wisely.

Ask Your Supervisor to Help You....

Safety Section Distributes Hazardous Materials Manual

One of few booklets of its kind, a 240-page hazardous materials manual, prepared by the Fort Wayne plant medical section, was introduced and distributed to 125 members of management and safety committee chairmen last week, Herschel L. Smith, safety engineer, revealed.

Prepared by Dr. H. W. Garton, plant physician, and Duane R. Stroud, of the Medical Section, the manual was inaugurated by the hazardous materials committee of the Fort Wayne plant Safety Committee to provide a useful and concise source of information for the selection and safe use of hazardous materials in GE's Fort Wayne plant.

Guest speaker at the industrial hygiene meeting at which the manual was distributed was Dr. Louis Spolyar, director of Industrial Hygiene Division of the State Board of Health.

Commenting on the local GE program, Dr. Spolyar stated that this is the only plant in Indiana that has an industrial hygiene program of this kind and scope. He also stated that to his knowledge the Fort Wayne plant is the only one to have a manual such as this.

Distributed to 125 managers, purchasing agents, superintendents, general foremen, planners, and safety committee chairmen, the booklet represents approximately one year of work by Dr. Garton and Mr. Stroud in compiling a list and classification of materials used in the local plant along with other materials commonly used in manufacturing processes.

Most of the materials listed carry potential health hazards of varying degree, for which some safety precautions must be observed in order to safeguard their use. Harmless materials are also classified in the manual to answer any inquiries about them.

The manual places at the fingertips of employees who deal with materials concise information on the selection, special precautions, and safe use of hazardous materials.

Members of the hazardous materials committee are: W. E. Beer, chairman; H. L. Smith, secretary; Dr. H. W. Garton; R. E. Kohl; M. E. Langdon; E. T. Dahlin, and J. W. Buckner.

Squares 'Bonus Ball' Slated for Tonight

At 9 o'clock this evening, the Squares Hall will be opened for the GE Squares' "Bonus Ball." Music for the informal dance, which is free of charge to members, will be provided by Bob Snowball and his orchestra until 12:30 a.m.

Free tickets may be secured from Squares and TE contact men and guest tickets may be secured at the door this evening for \$1.75 per couple.

Intermission entertainment will include the broadcast of the Marciano-Walcott fight in the lounge.

Assisting chairman Al Larman are Gene Pauly, Ted Briles, and Dick Miller.

OVER OUR WAY

in 19-1

by Clara Volz

Lucile Schelper, of payroll, has taken quite a liking to pastry. Especially that which is delivered by a certain Nickle's bakery route man. . . . Tom Macy gave the girls in the office a treat of cokes on the day he left for the Armed Forces. Good luck, Tom. We'll all miss you. . . . Helen Staley took quite a beating the other day when she was helping on their new house. First, she was socked in the mouth when she pulled a piece of board up that was stuck fast to the floor. Then her hubby accidentally dropped a hammer on her head while she was stooping underneath him as he stood on a ladder. . . . George Santon is a friend in need. Art Braun and yours truly came unprepared for lunch last Thursday so George went out, in a very bad rain, and got us some hamburgers. Thanks pal. . . . Hilda Reising, of Bldg. 19-B, is leaving us to work in another department. Our loss is someone else's gain. Welcome to Betty Foreman, who will replace Hilda. . . . Harry Pfeiffer is a big tease, according to Magdalene Perrey. Just a kid at heart, eh. Harry?

George B. Howell

Howell Named Mfg. Specialist In Hermetic Dept.

Appointment of George B. Howell to the position of manufacturing plan specialist in Hermetic Motor Sub-Department has been announced by Willard H. Connor, manufacturing engineer.

In 1946, Mr. Howell joined General Electric and entered the advanced manufacturing training program at Schenectady. During the two years on the course, he was sent to the Pittsfield, West Lynn, and River Works plants.

Upon completion of the course in 1948, Mr. Howell entered the River Works plant where he was on the manager of manufacturing's staff on special assignments concerning installation facilities. One year later, he went on special assignment on planning and wage

STAB Manager to Address Decimal Minute Men May 18

Monday, May 18, the Decimal Minute Men will meet at the Chamber of Commerce at 7:30 p.m., George E. Hicks, chairman of the steering committee, announced this week.

Elmer Paul, STAB manager of manufacturing, has been slated as guest speaker for the meeting. He will discuss

"Time." Refreshments will be served and an entertainment program has been planned.

Ending the 1952-53 season of the club, two additional meetings have been scheduled, Mr. Hicks reported. Saturday, June 13, the Limerlost Country Club will be the scene of the annual stag and the organization's annual family picnic will be conducted Sunday, July 19, at Wells County State Forest.

Roller Derby Day For GE Employees

Thursday, May 21, has been set aside as a special day at the Roller Derby for GE employees. Coupons entitling employees to purchase two admissions for the price of one may be obtained from Elex Club contact girls or from Charlie Wilt in the GE Club. Admission prices are \$1.50 \$2.00.

Engineers' Club Annual Meeting Set for May 21

The annual meeting of the Fort Wayne Engineers Club has been slated for Thursday, May 21, at the Chamber of Commerce beginning at 8 p.m., C. J. Herman, president, announced this week.

Election of officers will be conducted and reports will be presented by committee chairmen, the president stated.

Guest speaker on the program will be Richard Galbreath, founder, president, and general manager of Galbreath Picture Productions, Inc. "Production of Films for Television" is the title of Mr. Galbreath's address. Producer of films for television and industry from coast to coast, he will discuss the background, development, and present status of film production in the two media with which he deals.

In addition, Mr. Galbreath will display and demonstrate an assortment of equipment used in his work and will show excerpts from typical films produced in his studios.

INDUSTRIAL HYGIENE DISPLAY—A special safety meeting last week introduced a hazardous materials manual prepared by the Fort Wayne medical section. Equipment used in testing and analyzing hazardous materials is viewed by (l-r) Dr. Louis Spolyar, director of Industrial Hygiene Division, State Board of Health; Duane R. Stroud, and Dr. H. W. Garton. Mr. Stroud and Dr. Garton prepared the manual.

A hearty welcome to the following people who are new employees to Bldg. 19-3: Betty Shambaugh, Marciel Solga, Don Parrish, and George Jennings. . . . We are happy to hear that Bill Bunyan, who has been confined at his home for an extended period of time, is now showing improvement. . . . For information concerning the use of radar in clocking speeders on city streets, see Karl Beber. . . . Nell Parr is the newest member of "I drove the car to work this morning but I forgot and went home without it" Club. . . . Best of luck to Jack E. Smith, who has left the Company to serve in the Armed Forces.

STAB Contest

(Continued from page 1)

facturing Loss Control—H. P. Koogle.

13. Improved Marketing Position—D. W. Day.

All Specialty Transformer and Ballast Department employees, except the general manager's staff, are eligible. To enter the contest, employees should enter projects on special blanks which may be obtained from area chairmen. The chairman will then submit the entry through the 75th Anniversary Committee for evaluation. The general manager's staff will make final evaluations and decisions.

Six Objectives

Judging will be based on how the project furthers the six objectives of GE's Diamond Jubilee. The six objectives are:

1. Increase the sales of General Electric products.
2. Improve service to all General Electric customers.
3. Make General Electric a better place to work.
4. Increase the opportunities for profits in the Company.
5. Contribute to the strengthening of the defense effort of the United States and the free world.
6. Contribute to the greater understanding of American Industry.

The entry blank is divided into six sections to correspond with these six objectives. In each of the sections, the entrant should describe how his project furthered the objective. There is also space provided to list the project and its objective and the names of all who participated in the accomplishment. Only those participants who made an important contribution should be listed, since where more than one participant is included on the entry blank, the award will be divided equally among the participants.

Awards will be presented at an appropriate occasion after Oct. 1, 1953. Sept. 15, 1953, is the closing date of the contest.

Serving on the STAB 75th Anniversary Committee are A. M. Krakower, chairman, R. W. Barker, C. P. Gnau, and C. D. Pease.

Employee Relations

(Continued from page 1)

When he joined the Company in 1915, Mr. Sunier entered the test engineers program. Upon completion of the course in 1916, he was assigned to service engineering.

During World War II, Mr. Sunier did special assignments in personnel work for two years. In 1945, he became administrative assistant to the Works engineer. In 1948, he was named supervisor of inspection and test in FHP. He was appointed administrative assistant to the FHP general manager in July, 1952. Prior to his present appointment, he served as supervisor of inspection and test for Specialty Motor Sub-Department.

Mr. Sunier is president of the Quality Control Association of Northeastern Indiana, past president of the GE Squares, former vice president of the Quarter Century Club, member of the Foremen's Association, Fort Wayne Association of General Electric Engineers, and Engineers Club.

He has served as chairman of the publicity and golf committees of the GE Club and served as golf columnist for the GE NEWS for eight years.

A graduate of Purdue University, Mr. Sunier received his BSEE degree in 1915. Mr. and Mrs. Sunier have one son and live at 4303 Tacoma Ave.

After entering GE in 1942, Mr. Capps entered the employment section on placement. The following year, he became supervisor of employment at Taylor St. plant. In 1944, he was named supervisor of personnel in the same location.

In August, 1945, Mr. Capps transferred to the Tiffin plant where he was supervisor of personnel. In June last year, he returned to the Fort Wayne plant where he joined the labor relations staff as negotiator and has continued in this position until his present assignment.

A graduate of Illinois College, he received his AB degree in social science in 1937 and is a member of the Supervisors Club and the Personnel and Industrial Relations Association of Fort Wayne.

The Capps and their three children live at 4632 Calumet Ave.

195 Volunteer Firemen Take Part In Annual Fire School Program

A five-week program of classes, drills, and tours on methods of combating and preventing industrial fires has been set in operation with the opening of the Fort Wayne plant's annual Fire School this month.

Approximately 195 volunteer firemen are attending the sessions which opened last week. Ernie M. Hanauer, GE fire chief, reported.

Emphasis in the 1953 school is being placed upon the Fire Triangle, which is composed of fuel, oxygen, and heat. These elements go together to bring about fires. Study of these three aspects and their chemical analysis along with properties which combat them is included in the course.

Covering all phases of fire hazards, the school will include sessions in fire chemistry, various extinguishers, drills in fighting fires, rescue work, and tours of the physical layout of plant and fire protection facilities.

During the preceding two months, similar courses will be staged at each of the Fort Wayne branch plants beginning in December next week.

SICK LIST

The following employees have been reported on the sick list, dismissed from the hospital and returned to work:

Sick List

Mae Lebold, Pat Lebold, Thomas McClure, George Porsch, Jr., Sylvia Walker, Clarence Weist, Clea Wilson, Donald Lauer, Howard Smith, Wallace McKay, Margaret Parisot, Mamie Richardson, Florence Johnson, Ralph Jacobs, Virgil Hammons, William Mauger, Bernadette Fortman, Jean Decker, Maurice Cook, Grace Bullard, Betty Bauer, Neil Anderson, Henrietta Jimison, Mary Hooper, Betty Edington, Shirley Hersberger, Marie Bruggencate, Leila Cutler, Marilyn Hardisty, John Gutermuth, Beulah Ficks, James Burris, Raymond Goeglein, Glen Calvert, Ralph Bahde, William Hartman, Edward Kraft, Victor Blumenberg, Charles Whitt, Mabel Liggett, Frank Yarman, Keith Hippensteel, Pearl Rose, Goldie Waikel, William Menze, Mary Carver, Edward Rowan, Franklin Lahmeyer, Marjorie Alles, Betty Cass, and Carl Kern.

Dismissed from Hospital

Wilbur Eytcheson, Sadie Hudlow, Viola Brooks, Ruth Fitzgerald, Betty Edington, Hazel Hartwick, Viola Meeks, Raymond Stanger, Clarence Seslar, Russell Lageman, Howard Smith, and Donald Lauer.

Returned to Work

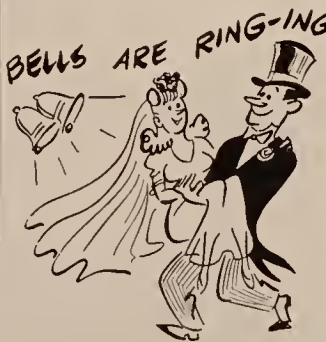

John Webb, Eva Morrison, Charles Pitcher, Alberta Williams, Henry Tucker, Norman Rider, Robert Rowles, Jr., Howard Meredith, Sharon Wiegman, Marilyn Teclaw, Evelyn Markley, Barbara Toles, Amy Rupp, John Nuckols, Ralph Lochner, William Shumaker, Doris Mavis, Edna Rohrbach, Emma Phillips, Joseph Schlein-kafer, Herbert Staak, Alma Wilkenson, Virgil Link, Betty Sovine, Allen Erhardt, Edwin Howard,

FIRE FIGHTING KNOW HOW—A group of volunteer firemen attend a session on extinguishers and plant hazards in the 1953 Fire School. Lieut. Buck Lydy, left, explains uses of a CO2 extinguisher, while Capt. Jim Daley, kneeling center, shows proper use of a dry chemical extinguisher.

Our congratulations and best wishes to Mr. and Mrs. Bob Kuehner who were married last Saturday at St. Peter's Church. Mrs. Kuehner was formerly Geney Car-

ter. They're honeymooning in Kentucky. . . . Bill Oberlin has been looking very well fed lately. His wife attended cooking school and has been trying out all the new recipes she took home. . . . Some people get snow on their TV sets, but Avery Spade gets ducks—hundreds of them running across the

Fred Castor, Orland Foltz, Wesley Goss, Evelyn Jennings, Clara Krauskopf, Edward Hormann, Sr., Mildred Huntine, Malinda Behrman, Donabelle Augspurger, Helen Hall, Donald Freistoffel, Welma Charlton, Jr., Gloria Adams, Harold Blust, Mary Hancock, Ruby DeBolt, Jack Heiniger, Mary Itt, Celeste Guenther, Frank Enderle, Marie Dunfee, and Maurice Cook.

screen. . . . The fellows are wondering who picked up the check for the big dinner Art Holterman has been talking about. . . . We'll miss Willie Everett, who has been transferred to Bldg. 19-3 tool room. . . . If you should need someone to go your bail just call on Ernie Riley. He'll come to your aid anytime of the day or night! All kidding aside, Ernie is doing a wonderful job working with his group of blind entertainers. They traveled to Warren last week where they appeared before the Kiwanis Club. . . . You haven't seen anything until you've seen Andy Sheplock demonstrate the Bunny Hop. . . . Bill Wilkerson is going to attend the Junior Prom at Central tomorrow night. . . . When a phone call came in for Roy Berdelman, Ellena Bullerman went out and called Art Holterman to the phone. Ellena says, "Well, their faces look something alike!" . . . Art Holterman laid off work last Thursday to try out his new Chevrolet. . . . Birthday greetings to Richard Fritz, Hugh Miller, Cecil McCall, Arnold Linnemeier, Miner Merriman, Dartmouth Beady, Norm Gardner, Richard Lickey, Ray Stanger, William Turbel, Ted Witte, Henry Foley, and Helen Burnam. . . . Since this is my last column I'd like to say thanks to Florence Hadjeff for typing the column each week and to each of you who have helped to make this column possible. It's been wonderful working with all of you. . . . Ruby, we're all going to miss you, and want to wish you luck on your new job.

How Many Members in the 82nd Congress? There are 50 Democrats and 46 Republicans in the Senate. There are 233 Democrats, 201 Republicans and one vacancy in the House of Representatives.

Would you live with ease? Do what you ought, and not what you please.—Benjamin Franklin.

LARGE M-G LAUNCHES PROJECT—A large sign announcing the opening of the second annual Large Motor and Generator Housekeeping and safety program this month is viewed by Kenneth D. Strong, chairman of the program; Ralph Wickliffe, Bldg. 27 garage; Clyde Mussel, Bldg. 19-2, and Arthur Bienz, Bldg. 27-A. Wickliffe, Musser, and Bienz are safety committeemen in the department.

G-E DEATHS

Albert C. Powell

Rites Held Tuesday For Albert C. Powell

Services for Albert C. Powell, 67, who died Sunday, May 9, at his home, 3712 Arlington Ave., were conducted Tuesday, May 12, at the Klaehn Funeral Home. The Rev. J. Frank Lansing officiated. Burial was in Greenlawn Memorial Park.

A retired employee, Mr. Powell joined General Electric in 1916 and went to Bldg. 6 to work as a machinist. He served as an assistant foreman in General Service in 1929. Prior to his retirement, December 9, 1943, he was a machinist in Bldg. 20-1. Mr. Powell was a Quarter Century Club member. Surviving are his wife, Minnie; two sons, Donald F., and Richard A.; three brothers, Howard, Ben-zil, and Benjamin; and five sisters, Sue and Clara Powell, Mrs. Ray Hutchinson, Mrs. Charles McBride, and Mrs. Etta Dicken.

Frank S. Didion

GE Club Employee, Frank S. Didion Dies

GE Club employee, Frank S. Didion, 64, died Wednesday, May 6, at the Lutheran hospital. Services were conducted Saturday, May 9, at the D. O. McComb & Sons Funeral Home by the Rev. Robert J. McDanel. Burial was in Greenlawn Memorial Park.

A Quarter Century Club member, Mr. Didion came to General Electric in June, 1926, as a freight handler in Bldg. 6-1. In 1933 he became a packer and five years later moved to the GE Club. He

did washing and drying in Bldg. 4-3 and worked in Bldg. 26-3 treating coils before returning to the GE Club in 1940 where he was a maintenance employee.

In addition to his wife, Clara, survivors include a son, Rudolph; three brothers, Gus, Oliver, and Mark; and two sisters, Mrs. Christine Bentley and Mrs. Trace Geyer.

Heart Ailment Fatal To Harvey F. Adair

Wednesday, May 13, services were conducted for Harvey F. Adair, 62, in the Chalfant-Perry Funeral Home. Officiating were Elder D. E. Caslow and the Rev. H. H. Hashberger. Burial was in Lindenwood Cemetery. Mr. Adair died Sunday, May 10, at his home, 2208 Chestnut St., of a heart ailment.

Employed in Bldg. 6-2 when he came to the Company in 1940, Mr. Adair was a stock accumulator. Prior to his death, he was a check-marker in Bldg. 6-1. Mr. Adair was a veteran of World War I.

Mr. Adair's wife, Clifford Angeline, and one sister, Mrs. Cloyd Ellenwood, of Chicago, survive him.

Retired Employee Dies After Two-Day Illness

A retired GE employee, Albert M. Ringle, Jr., died Sunday, May 10, in St. Joseph hospital, where he had been a patient for two days. Funeral services were conducted Wednesday, May 13, at Tom Mungovan Funeral Home and St. Peter's Catholic Church. The Very Rev. Msgr. John A. Bapst officiated. Burial was in the Catholic cemetery.

Joining the Company in 1923, Mr. Ringle entered Bldg. 19-B as a machinist. He continued in this work until July 1, 1945, when he retired from Bldg. 4-2.

Included in his survivors are his wife, Anna Oswald; two sons, Bernard and Robert; one brother, George; three sisters, Mrs. Celia Hoyer, Mrs. Margaret Gonser, and Mrs. Louis Van Auker; three grandchildren, and two great-grandchildren.

Services Held May 11 For Clarence A. Keener

Clarence A. Keener, 59, 1429 St. Marys Ave., died Monday, May 11, at 5:15 p.m. Services were conducted yesterday at the C. M. Sloan & Sons Funeral Home by the Rev. H. H. Backs. Burial was in Covington Memorial Park.

Employed in Bldg. 6-1 since August, 1952, Mr. Keener joined the Company in January last year when he entered the maintenance section.

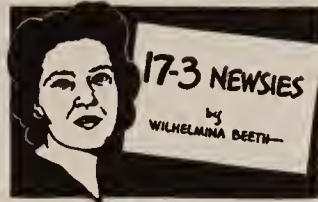

Survivors include his wife, Sophia; five sons, Paul, Wellman, Lyndall, Leland, and Jack; seven daughters, Mrs. Don Overmeyer, Mrs. Hayse Redford, Mrs. Howard Barley, Mrs. Lewis Kalotz, Mrs. Harold Wadington, Mrs. Robert Kalotz, and Miss Bonnie Lou Keener; two brothers, Laverne and Lloyd; two sisters, Mrs. Arthur Hemrick and Mrs. Dene Froelich and 26 grandchildren.

Steels W. Sponhauer Dies in Hospital

A Bldg. 6-2 employee, Steels W. Sponhauer, 64, died Saturday, May 9, at the Lutheran hospital. He resided at 4222 S. Wayne Ave. Services were conducted by the Rev. Charles Hartman at the Klaehn Funeral Home Tuesday, May 12. Burial was in Lindenwood Cemetery.

In 1951 Mr. Sponhauer became a GE employee and entered Bldg. 6-2 where he was a sub assembler of motors until February 9 of this year when he went on leave of absence for illness.

In addition to his wife, Elsie, survivors include one son, Richard; one daughter, Mrs. Virginia Seabold; two brothers, Roy and Ralph; one sister, Mrs. Maude Ladig, and one grandchild.

Congratulations to Gertie Maske and Jo Meehan, who have completed 25 years with the Company. . . . Elaine Kaye is issuing calling cards from the Bill and Lois Crawford home. Since it is her first grandchild, we know that Jerry Snyder won't spoil her. . . . Jo Matter came in a pretty cranberry pink after attending the Derby. . . . Bonnie Napier spent last week-end in Kentucky. . . . Minnie Durnell is so interested in her work, she even scraps stators in her sleep. . . . Ethel Bell and Ethel Thompson came in with pretty new short hair-do's. . . . Having a time getting your washing done? Take it out to Becky Moore's. She has a new automatic washer and she might help you out. . . . We light another candle on the cake and wish a happy birthday to Ann Kensill, Mary Potter, and Orville Kaufman. . . . The girls on 60 frame had a farewell potluck for Charlie Shidler, who is leaving us to go to Tiffin. . . . The second trick girls had a potluck for Louie Brunner, who is going to Lynn. We wish you both lots of luck in your jobs. . . . Kat Weigle locked herself out and had to remove the hinges on the door to get back in. . . . Walter Kryder was proudly displaying a watch he received from Germany. . . . Mary Murphy is all settled in her new home. Don't you think we should have a housewarming? . . . We congratulate Arla Bowers' husband on his good showing at the races. . . . Lucky new car owners include: Ivah Grandstaff, with a new Chevrolet; and Dick Gleim, stepping out with a new Oldsmobile. . . . Glad to see Alberta Williams, Evelyn Jennings, Mildred Huntine, and Bob Rawles ringing in their clock cards again. . . . Glad to hear that Alice Brockmeyer likes her new job in Bldg. 2-2. . . . On our sick list is Vera Paul and Shirley Herschberger. We wish you both a speedy recovery. . . . Also, a speedy recovery to our former co-worker, Helen Weigle Schiffle. If you want to send her a card, her address is R. R. No. 1, Laotto, Ind. . . . We extend sympathy to Edith Beatty on the loss of her mother. Also, to Paul Blount on the loss of his uncle. . . . Don't forget a card to our shut-ins. Their days have more hours than ours do.

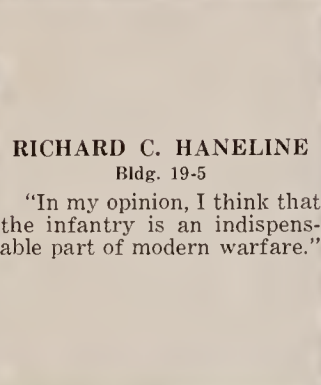

Inquiring Reporter:

WHAT DO YOU THINK THE ROLE OF THE INFANTRY IS IN MODERN WARFARE?

CLIFFORD L. GRIM
Taylor St.

"The infantry is as important in modern warfare as it has been in past wars and always will be. The infantry takes the lead in all ground fighting. My opinion is not based on actual experience because I have not been in the Service in any war."

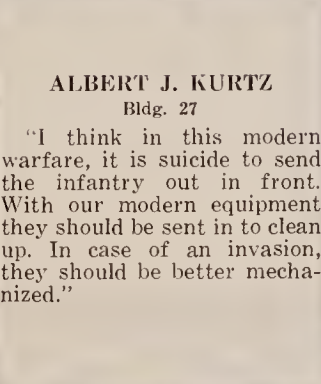

RICHARD C. HANELINE
Bldg. 19-5

"In my opinion, I think that the infantry is an indispensable part of modern warfare."

DOLORES M. BRINKER
Bldg. 26-2

"Modern inventions have not dispensed with the infantry in warfare. Successful war maneuvers cannot be made without them. I think they play an important and necessary role."

ALBERT J. KURTZ
Bldg. 27

"I think in this modern warfare, it is suicide to send the infantry out in front. With our modern equipment they should be sent in to clean up. In case of an invasion, they should be better mechanized."

ROBERT T. GAHMAN
Bldg. 17-1

"Modern infantry is capable of offensive and defensive combat on all kinds of ground against hostile ground troops including tanks. It is also equipped to deal with low-flying enemy planes. In combat, however, infantry seldom fights alone, but is usually supported by artillery, aviation and sometimes chemical troops."

Joe Ostrowski showed up with the first bad case of sunburn this spring. Rumor has it that Joe was out in the back yard in his shorts showing off his powerful physique to the neighbor women. Joe maintains his glowing health by eating one onion, one apple, one orange, and one banana a day. . . . Speaking of health, there comes a time when all of us reach our peak and then start slowly down the steep hill of old age. This, I fear, has happened to our old friend, Officer Tieman. The old boy attended the "Water Follies" and spent all his time watching the comedian! He didn't even see the girl in the "bikini" suit. . . . Kenny Evans has acquired a new daughter-in-law. Kenny was at Great Lakes the other week-end and on the way home he stopped and bought a quarters worth of snow. He stopped at a tourist cabin and they had a TV set that would play an hour if you put a quarter in it. The reception was wonderful the first night. The next morning Kenny arose bright and early and deposited a quarter in the set so he could watch the early morning program. But to his sorrow the TV station was not on that early so he was obliged to watch the snow for an hour. Kenny has a TV set at home, so naturally this made him homesick. So he woke up the rest of the family and left for home. . . . What's this we hear about Charlie Castle waiting on a side street the other night for a chance to get out on Fairfield Ave? Charlie's blood pressure rose as the endless chain of cars passed before him. And then it happened! A courteous woman driver stopped to allow Charlie to get out into the stream of traffic. Charlie nodded his appreciation and promptly killed his engine. We might have known. . . . Al (Shorty) Kleinrichart has found a way to take the barnacles off his specs. He rubs them with sandpaper. Shorty says the only trouble with that method is he can't see out of them afterwards. . . . Erv Frañce has a new Buick. . . . We're sorry to hear things aren't going so well for Dick Bodkins, Paul Gruber, Jimmy Fincher, and Henry Blair. They were spotted the other day rummaging through the trash over on Bldg. 13 dock.

Congratulations to the Dochterman family on the arrival of Arthur, who is the new member of their family. All three are getting along fine. Arthur arrived on May 10, weighing 4 lbs. 9 ozs. . . . Milt DeJean joined the Floor Sitters' Club while talking on the telephone. Of course, he kept right on talking. It must have been quite a conversation to make you fall out of your chair, Milt. . . . Also, Lois Ann Reed joined the Club shortly after she ate her lunch. Better not fall asleep next time, Lois. . . . EDIPHONE ROOM: Welcome to Mary Shields, who is living in Fort Wayne now. She is originally from Washington, D. C. She is married and has a little boy. . . . DC DIVISION: We would like to welcome a new member as of Monday, May 11. He is Calvin Wheeler, new design engineer in Max Barrow's group. Calvin comes to us off test, having

previously worked at the Evendale Plant, motor generator, Bldg. 19, and for Mr. O'Brien in Bldg. 4-5. He is a graduate of Michigan College of Mining and Technology. Graduating in 1950 with a degree in Electrical Engineering. His home town is South Haven, Mich. He is not married. . . . Sue Pearson is now a Fort Wayne resident. She and her brand new husband are living in the Fulton apartments. She is having quite a struggle remembering she has a new name. . . . On the sick list is Richard (Dick) Heard. We sincerely hope, Dick, that by the time this is published you will be back with us again. GE just cannot survive without you. . . . Moose Foltz returned to work a week ago last Tuesday after being confined to his home with the mumps. Glad to have you back. . . . Another new citizen of Fort Wayne is Arthur W. Wilson. Art finally decided that he was wasting too much of his valuable time traveling back and forth to Decatur. He is now residing at 536 East McKinnie. . . . Off to Florida for two wonderful weeks is Mr. and Mrs. Samuel Moore and son, Phil. Lucky people, hope you have a marvelous time. Watch that sunburn! . . . Jack Jennings received a chorus of "oh's and ah's" when he walked into the office last Monday. The reason being the sharp shirt he was wearing. We think that if his shirt hadn't been noticed he would have been hurt very deeply. . . . MARKETING DIVISION: Changes in the marketing crew: Mike Capano, until recently a proposition engineer for aircraft motors, is now sales engineer, New York office. Seen giving Mike a short instruction on the salesman's ready handshake were Bill Rutledge and Art Wilson. . . . Harold R. Kneuppel comes to the marketing section on his fifth test from Danville, Ill. He is a native of Palmyra, Mo., and is a graduate of the Missouri School of Mines. Harold takes the fatal step on May 23 with a Danville lass. . . . Another newcomer is Earl J. DeGrandchamp, who begins his job of marketing analysis after a tour of duty with the Air Force where he was a supply officer. Right at home in Fort Wayne, Earl has a business degree from I. U. He is married and is the father of two children.

What Is a Rider? A bill, resolution or order which ordinarily has a slim chance of passage by itself, attached to another bill on which favorable action seems assured.

HITS 30-YEAR MARK—Earl L. Greenlee (right) receives the best wishes of his friends on his 30th General Electric anniversary. With him are (l-r) Carl Reynolds, Louis Shattuck, and M. M. Brayer. Mr. Greenlee was an inspector when he joined GE and is now on planning, wage rate and methods work in GAC Sub-Section 14 at Taylor St.

Rip Van Winkle was a very sleepy fellow and his nap lasted for years and years. But "Rip Van" Gehrig's nap did not extend over such a long period of time. The way we hear it he was abruptly awakened by the sound of someone pounding on the wall. You guessed it, no one was watching. No, just a dozen or so fellows, maybe more. Who knows? . . . Betty Reichert and her sister visited Brown County last week-end. They report it is very beautiful in the Spring as well as in the Fall. . . . Oh, me, oh, my, what some folks don't think about. After he was told about a certain underground character that was looking for him, Erman Johnson saw that the wood blocks in the floor were beginning to bulge. It sure did look as though something was determined to get through that floor.

Results? We hear that Erman bribed the fellows to hurry and replace the blocks. . . . Greetings to Betty Moran and Milt Brown. Both recently celebrated birthdays. . . . Just a reminder: We don't want Leonard Miller to forget that he has a birthday this year. In the year of 1952 he forgot it. I wonder, does that make him just one year older this year or does he gain two years? It just doesn't pay to try to escape birthdays because they always catch up with you, Leonard. In case he forgot, this year his birthday was May 5. Congratulations. . . . That edible fungus, the sponge type mushroom, is now the talk of the season. The tales concerning luck in finding mushrooms seem to grow and grow just like the fish stories that we hear during the fishing season. How those mushrooms did grow, and grow, and grow according to the story told by Carroll Geisler. . . . He sure does enjoy his annual trip to Canada. Yes, Larry Franklin is leaving for that fishing trip in the wilds of Canada again. He has always managed to escape the bears and other wild animals and return back home again. We hope that he does again this vacation time. Good luck, Larry, don't let the bears get all of the fish this year. . . . "Walking isn't crowded," so they say, but it must be very tiresome judging from the rate of speed Dave Embler, James Harkless, and Tom Haubold were walking down Nutman Ave. one night recently. . . . Hazel Lichtenstiger comes to work almost every day with a new flower pinned on her blouse and dress. They are all bought by her husband. Of course, they are artificial, but pretty and look like the real thing. . . . Dort Schnepf surely has her troubles. Last Thursday evening Dort ran out of gas and she walked to the nearest house for gas. They didn't have any, but agreed to take her on home. On the way home she stopped to lock the car doors. She got some gas at home, went back to the car, and started to unlock it. The key broke. Dort then went back home for another set of keys, but couldn't find them. The last I heard the car was still parked along the road and Dort was waiting for a new set of keys to be made.

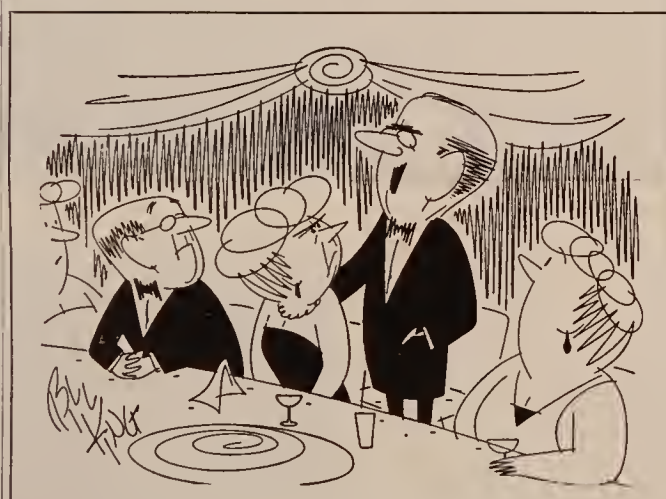

Want to go to the lake? George Golglein has been busy building a cottage at Leon Lake. With all the good help he has had it should be completed by vacation time. We are waiting for an invitation, George. . . . Our sympathy to Iva Vaughn, who recently attended the funeral of a sister at Harlan, Ky. . . . Esther Watson, who recently retired, was presented with a birthday gift from the girls. . . . Bea Adams, Marge Bischoff, and Edith Schaubert are getting ready for the summer weather with new permanents. . . . Harriet Palmer's daughter has been very ill with scarletina. . . . Edith Schaubert has a bird and a dog and says she is going to get a cow next week. We wonder where she will keep it! . . . Clara Koomler has a new grandson who arrived May 2. . . . Frances Oberholtzer, Loretta Day, and Hazel Davis attended the play, "South Pacific," which was wonderful. . . . We will miss Lura K., who has gone on days. . . . Annabelle Ungerer believes in baking her cakes well done. Annabelle and husband took a joy ride and returned 4½ hours later to find a smoke filled house and a charred cake. . . . Wayne Chapman won the 220-yard dash when he stepped on a garter snake. . . . Did you see Bob Huhn's loud, but pretty, shirt last Saturday? . . . Marge Bischoff would like to dedicate a song to Clarence Gardt. The name of it is "Tell Me a Story." . . . Spring is really here. If you don't think so come up to 17x130 group and see all the men whose fancies have turned to love. . . . Stanley Nicholson has turned traffic cop. He took his red hankie and flagged the traffic so Faye Patten could get across the street. . . . Norma Huff says she is free, white, and 21 again. . . . Jessie Harter was off Wednesday to attend her son's commencement.

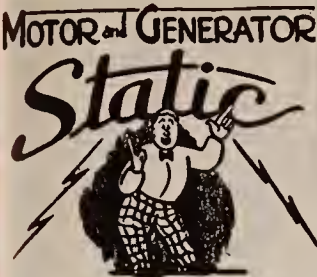

6-4 AIRLINERS

by ELLEN BAUER

We always hear of the birthdays after they are over. Belated greetings to Martha Jesse, Bessie France, Marie DeVaux, Pinky Barnes, and Jackie Keller. Jackie received some lovely red roses for her birthday and they were beautiful. . . . Moe Satterthwaite came in one morning last week with the prettiest pink card, but Moe didn't appreciate it. Don't you know that those red lights mean stop, Moe? . . . Chrissie Darling is wearing glasses and they are very becoming, Chrissie. . . . Congratulations to Mr. and Mrs. Willie Jackson on their new little bundle of joy. . . . Welcome to the new girls: Pansy Stephens, Ethel Carr, Loretta Hoffman, and Carmen Parrish. . . . Everyone seems to have had a wonderful Mothers' Day. . . . Congratulations to Jim and Carol Klinger on their wedding anniversary. Jim is in Germany with the Armed Forces. . . . Henry Bleitt seems to have a hoax on his car. Three times in the last four or five weeks his left front car door has been caved in while he was parked. Maybe you should get a different car, Henry.

"... and so in all fairness, I must share the credit for my success with my wife, whose constant nagging and insatiable desire for material wealth..."

Thought for the Week: "The human mind has an entrance and an exit. The exit is much larger."—John W. Raper.

PLENTY OF TIME: Pappy Archbold's son, Tom, came home from Purdue to spend the weekend. He was out with some friends when the evening for his departure back to school arrived. Time was growing short and the family was beginning to worry about him being able to catch the train. Finally Tom arrived home and they hurriedly loaded son and baggage into the car and rushed to the station. When they arrived the train was not in its usual spot. Then it dawned upon them. This was daylight saving time and they were one hour too early. . . . **CONGRATULATIONS:** Last week we mentioned that Alice Rosen-dahl's team, "The Lowly Rollers," won the Monday night bowling championship. Since that time this team has won the league play-off and are now GE champions. We mentioned in that article that Alice's chest was puffed out like a pouter pigeon. If she had a few feathers we would expect her to take off for a neighborhood tree or telephone pole. Again, congratulations to the champs! . . . **NEW BOY:** We have just received a report that Vija Radzins, formerly employed in Mr. Gruber's section, is now a mother of an 8 lb. 6½ oz. baby boy. The lad, named Edwin Andre, was born April 27. Congratulations and good wishes to the proud parents. . . . **FOOLED HER:** Madonna Bailey is worried. Worried that we might write an article about her mistaking white petals blowing off fruit trees for snow, or about locking both sets of car keys in her car. But we fooled her, we won't write a thing about those happenings. . . . **SLIPPING:** The "Old Men's Coffee Club," comprised of Campbell, Fisher, Stouder, and Archbold, are encountering difficulties. Every day at 10 a.m. and 2 p.m. these four patriarchs gather for a spot of coffee. Of late they disclose signs of slipping. Campbell and Fisher forgot their coffee; Stouder forgot his cup. So far, Archbold seems to be the only one fighting off the ravages of time and not forgetting something.

Little did Mrs. Elmer Auman realize the trouble she caused by calling Elmer to pick her up down town. He agreed to do so, but upon getting in the car he found he had left the keys locked inside the house. With the house sealed tight he had to rely on his buried key. That is twenty paces south and fifteen paces east from a certain corner and he dug up the container. We're happy to report an extra key was still there and Elmer was rescued from his predicament. . . . Max Baron was painting an upstairs room. Setting the paint can on a window sill he also painted the front porch roof. That hap-

pened when he kicked it off of the sill with his foot. . . . We are sure that John Roemer dislikes mice, so who would ever think of finding one in his tool box. John's now looking for the two-legged rat that tried to make a rat's nest out of his tool box compartment. . . . When John Snyder took up golf his wife insisted on playing too. When he bought her some equipment he neglected to get her a cart, although he uses one himself. Just to get even she didn't remind him to wear his cap Sunday. You might call him "sore-head" this week. . . . Vernon Burke thinks his wife doesn't appreciate her new shoes. Don't you ever go barefooted, Vernon? . . . The Sauerwein-Martin mystery still goes on about how much is left in that thirty gallon keg. Of course, we're inclined to doubt Kurt's memory a little since last week, as he forgot that he had driven to work one day and rode home on the bus. Only when he was in a hurry to go to a meeting that night did he remember where his car was. After the meeting, Otto Brunner kindly drove Kurt to the parking lot. It would have been that simple except that Kurt was a little puzzled just which lot he had parked in. Isn't this driving complicated? . . . Art Thieme has shown his eagerness to promote safety work. Didn't he show up for a 2 p.m. safety meeting at 9 a.m. last Wednesday? . . . **DIE PLANT:** A hearty welcome to Chester Platt and David Skuff. . . . Ed Stahl likes to eat at the cafeteria but his wife continually packs his lunch. It's cheaper, you know. Ed now has a workable system. He sleeps with his head under the pillow and doesn't hear the alarm. This way his wife doesn't have time to pack his lunch. Of course, there's always a drawback, he misses his breakfast, too. . . . Mart Walsh graduated from the first-aid course last week. Now he is prepared for any emergency that might befall him. . . . Woody Hursh is so proud of the way his power mower can cut grass, wire, trees, and stones that he is getting ready to change it over so it will cultivate his garden. . . . Willie Garman has become a bannister type sleep walker. According to Mrs. Garman, his sleep walking works up an appetite. The refrigerator always is hard hit during these walks, and in the morning Mrs. Garman never knows whether she will find Willie in the hall, basement, garage or out on the front porch. Gosh, a fellow has to have some fun in life, says Willie.

MARKS 30 SAFE YEARS—Herschel L. Smith (seated left) receives a letter of congratulations from L. C. Swager (right) on his 30th General Electric anniversary. Looking on (l-r) are W. E. Beer, Loyd Bodenhammer, Ed Witte, and Helen Billskie. Mr. Smith, who is the safety engineer of the Fort Wayne plant, came to the Company in 1923 in the specialist school on lathe and mill work.

Fernando Crick Finds Parakeets Answer To His Post-Retirement Plans This Summer

Developing a spare-time hobby into a full-time business, Fernando H. Crick, Bldg. 4-2, has found the answer to post-retirement plans in parakeets. When he retires this summer, Mr. Crick plans to enlarge his present part-time business of breeding the little birds which have become a household word into a full-time occupation.

Two years ago, Fern's interest in raising parakeets was kindled when he got the idea

"Home of Choice Parakeets"

from a relative in the same business in Hartford City. After doing considerable research in volumes on the birds, also known as budgies, he started his spare-time occupation with six pairs of budgies.

Since securing his first pair in March, 1951, Mr. Crick has raised more than 600 parakeets and has 100 at home now, most of whom are breeders. By enlarging his business after retirement, he hopes to have 50 pairs.

With the growth of his pastime from a hobby to a part-time business, Fern began selling his birds on both a wholesale and retail basis and hung the sign "Fair View Aviaries" in front of his home at 6800 S. Calhoun St., telling those who passed that this was "The Home of Choice Parakeets."

Fern and his wife, who assists him in his work, state that the time spent keeping supplies and records and taking care of the budgies is very interesting and satisfying.

Taking care of breeders is somewhat different from the method used by individuals who possess the talkative creatures in their homes for pets. The Cricks feed their approximately 100 birds every other day and clean out their cages once a week. In addition to small cages, they have apartment house cages with 10 apartments and a colony cage which houses 20 pairs.

Mr. Crick remarks that in breeding, extra male birds are necessary, for the female picks her mate from two or three males and sometimes two females will even fight over a male parakeet. Domesticated, but not tame, these birds do not talk because, as Fern states, they are not trained. The ones sold are too young to begin talking and the others kept by him for breeding are too numerous for him to train.

Budgies kept by Mr. Crick are watched so that they are not bred too often, and so that he can learn when they are ready for breeding. When a parakeet becomes old enough to breed, a white ring appears around the dark area of its eyes and remains there, Fern informs. He also says that a male can be distinguished from a female by the color of its crests, or nostrils. On the male, the crest is dark blue and on the female, brown. As for which is the greater talker, Mr. Crick states that authorities reveal that although a female takes longer to develop this outstanding characteristic, she has a greater vocabulary when she does begin talking.

What Is a Filibuster? When a Senator exercises his right of unlimited debate by talking continuously for as long as he desires, on any subject, in order to prevent or obstruct the vote on a bill he does not want to be passed.

The girls in the baa, baa, sheep section of switch assembly say that the next one to be sheared is Sarah Moore. Also, Ed Willey needs his upper lip sheared. He has decided he isn't as handsome with a mustache. . . . John O'Neil went fishing at Gillian Lake, in

Michigan, and reports that the fishing was good. Ed Brockhall had extra luck and caught his limit twice. Maurice Roe went trout fishing and caught some lovely rainbow trout, to the tune of 10 cents per inch. He fished fifteen minutes and the cost was \$15.50 for thirteen trout. . . . Elmer Scherer has the answer to saving the rugs at home from the oil in the parking lot. He brings his bedroom slippers in the car to work each day. . . . Congratulations to Goldie Weikel, who is celebrating 25 years with GE. . . . Thanks to Jackie Keller for the delicious candy she sent in. We wish her many more happy birthdays. . . . We are wondering if Ed Bandt is starting a new spring style. He was wearing two kinds of socks. . . . Ruth Peek said she will get married the 21st of December because that is the longest day and night of the year. . . . Laura Gerber and Linda Wahrer were very disappointed when they discovered that a certain man was checking motors and wasn't playing peek-a-bow with them. . . . Many thanks to Ruby Stoops for writing this column the last two weeks. . . . Several people would like to have the recipe for those delicious Helms hot dogs. They say they understand why they have such large crowds at the Hillcrest Drive-In. It isn't so much the movie as those ever popular Helms hot dogs. . . . Ruby Stoops has a new power lawn mower. She has offered to cut lawns for \$2 per hour and has already been offered \$3 per hour. Be careful, Ruby, we think you might have some competition. We hear Herman Watters has a new power mower, too. . . . Melvin Riley came in to work Monday all tired out from his house moving job.

1952-53 GE CLUB CHAMPION BOWLERS

TRANSFORMER—(l-r) Homer Meeker, O. Fultz, W. Berry, Paul Rowan, and M. Osburn.

SQUARES—(l-r) J. Harris, W. Hoelle, Doc Peters, A. Hickman, and Joe Burton.

SATURDAY OWL—(l-r) Junk, Billman, Bunch, Haggenjus, and Williams.

KENNY KONCESSIONS—(l-r) Paul Perry, Vic Rump, Charlie Wilt, Elmer Schoenlein, and Lester Shroyer.

WINTER ST.—(l-r) Henry J. Luedeke, Paul Snyder, John Schwartz, Elmer Gardt, and Richard Evans.

FRACTIONAL FLASHES—(l-r) Don O'Neill, Irv Cirks, Ken Wyman, Gene Kavairk, and Herb Reichart.

SERIES AND SPECIALTY—(l-r) J. Dennis, W. Manecke, F. Ross, E. Bowser, and D. Smith.

GIL BAKER proudly displays his trophy for the single high game.

LOWLY ROLLERS—(l-r) O. Kallmyer, A. Roth, Y. Rosendahl, B. Jacobs, and S. Rosendahl.

APPARATUS TEAM NO. 1—(l-r) Dorwin Stanley, Bob Branning, Herb Langer, Harman Westrick, and Don Greenler.

←
TWO LEGS CLOTHES—(l-r) B. Neuman, F. Quinn, F. Gitter, J. Carey, and G. Breinfalk.

→
AIRLINERS—(l-r) W. Dunmire, M. Satterwaite, A. Anderson, F. Beatty, and R. Hills.

STATORMEN—(l-r) E. Strong, Mike Brayer, E. Vosburgh, P. Smith, and H. Habig.

SMALL MOTOR DEVELOPMENT OFFICE LEAGUE—(l-r) F. Schlink, E. Aumann, R. Kallmyer, C. Hattendorf, and F. Carlson.

Joan Korn, Dick Bucher Take Honors In GE Club Mixed Doubles Tourney

by Les Shroyer

Joan Korn and Dick Bucher walked off with honors in the Final Mixed Doubles Tournament. They had scores of 413, 406, and 462 for a healthy 1281 total. Joan had scores of 169, 157, and 184 for a 510; and Dick had 168, 173, and 202 for a 543. They pocketed a prize of \$25 for their evening's pleasure.

In second place, good for \$15, came Liz Shearer and Vic Rump with a total of 1256. Vic shot a rousing 627 series on games of 216, 194, and 217.

The Parisots finished in show position with a total of 1247, and

\$13 prize. Butch paced the team with a 527 series featuring a 213 game.

High scores other than those listed below were as follows: Liz Shearer, 169 and 180; Rollins, 177; Mrs. Roy Meeks, 229, 196, 154 for a 579 series; Ann Lee, 197; Jean Brown, 185; Ida Yahne, 178, 169; Winnie Schuerich, 171; Ceal Romary, 179; M. Horstman, 169, 166; Joan Korn, 207. For the men Tony Koorsen, 222; Jerry Saylor, 202.

We enjoyed a nice turn out for our final tournament of the year with 37 entries. Watch next fall for the first one of the 53-54 season. Until then, happy summer to one and all.

Following is the complete prize list:

	SCORE	PRIZE
4th—Rollins-Blauvelt	1246	\$10.00
5th—Mr. and Mrs. Roy Meeks	1243	8.00
6th—Ann Lee and Carl Hattendorf	1224	8.00
7th—Jean Brown and Del Bucher	1218	7.00
8th—Ida Yahne and Serg Schuster	1213	7.00
9th—Mr. and Mrs. Tony Koorsen	1202	3.00
9th—E. Steinbacher and W. Purdue	1202	3.00

INTERDEPARTMENT SOFTBALL PLAYERS

John Leffers, manager of the Interdepartment Softball League, has announced the schedule for the opening day games to be played at McMillen Park Wednesday, May 20. They are:

HOME TEAM—	DIAMOND	TIME
Taylor St.-Winter St.	1	5:45 p.m.
M.T.P.-Bldg. 6-4	1	7:15 p.m.
Squares-Lab.	1	8:45 p.m.
TE's-Vets	4	5:45 p.m.
App. School—Bye		

Stormy Weather

From 17-4

by Bill Hurtt and Larry Reed

In a recent item concerning a euchre game we find that the wrong person was unjustly named. To that person we offer our very humble apologies. . . . The great "duck dinner" date has at last been set. Omer Mettler says that if the participants will show up at said place and time, he personally will pay for the feast. Perhaps by the time we go to press again that momentous occasion may have taken place so watch for further developments. . . . "A ball game is never over until the last man is out," certainly held true for Rolie Miller, who went to see the White Sox and the Yankees play on a Saturday. He left before the ninth inning with the Sox behind. Sure enough, they pulled it out of the fire in the ninth. We always thought you were a real fan, Rolie. . . . Ann Richard rushed the season a little by showing up with a sunburned nose. Just think, Ann, a GE sun lamp would have had you prepared for this sudden attack of old Sol. . . . Work well done is always deserving of a reward, which, in all probability, was the reason John Braden was so proudly displaying his Navy "E" pin the other day. The one stain on his armor was being seen with his wife and son sitting under the

shade of a tree, while his Vans were being beaten. If you must get mauled, you might as well relax and enjoy yourself. . . . "There's nothing like having grandchildren to make you feel old," says Carl Hattendorf as he welcomed his second granddaughter. Congratulations, Hattie. We still think you make a very youthful grandpappy. . . . If you don't think there isn't a difference between a horse and a bicycle, just ask Melvin Rose. When he tried to demonstrate horsemanship and used a bicycle for a substitute, the durn critter up and threw him. Put spurs on next time, Mel, and ride it to a finish. . . . A most welcome sight was our returning GI, Jim Schwartz. Glad to see you out, Jim, and hope you'll be back with us before too long. . . . Now that the tool crib and stock room have been covered with wire, the burning question of the day is, "Does it keep people out or in." Some comment has been that a few trees should be added for the amusement of the inmates. . . . It's only baseball players who hurt their arms throwing, but Hilda Wolf claims she did it throwing rocks. With that white salve on it we can't help but wonder why people can't identify poison ivy and endeavor to keep away from it. But, of course, this lovely spring weather does things to you. . . . When asked what he got for his birthday, Ed Klamp replied, "Two charlie horses." Upon further investigation it turned out that it took him one whole day to paste his living room, using a roller. Don't forget it, Ed, Father Time is gaining on you by leaps

Specialty Motors

by Eileen Fitch

It's good to see Dick Campbell back on the job again, after serving Uncle Sam for the past two years. Dick is mighty pleased to be a civilian once again and to be back home with his wife and little daughter. . . . Finding that ever popular "spring mushroom" is all in knowing where to look, says Mr. Uncapher. George Parker traveled 500 miles on the hunt of that delicious "fungus growth," and never as much as found a toad stool. Mr. Uncapher motored to Grovertown, Ind., and picked the prize mushroom of the season. It's said that the mushrooms averaged 3½ lbs. apiece and the size was so great that Mr. Uncapher was trying to find a cross-cut saw, so he could cut them into pieces suitable for the frying pan. Now you know where to look next year, George. . . . Belated birthday greetings to Paul Richter and John Brothers, and happy birthday this week to Mary Jane Wise, Audrey Betley, and Freddie Prince. . . . George Michael has that wanderlust look in his eye that he gets every spring. To quote George, "That old fly-rod in the corner keeps giving me the 'let's go' sign every time I walk by, and believe me, if the weather is nice next week-end, I'm going fishing." . . . Bob Younghaus has been awarded the ABC Achievement Award for bowling. This is a bronze plaque awarded to the bowler having the highest gain in average since the start of the season. . . . Dave Bridges was 15 feet away from the Coca-Cola machine, but he got there first when "Alabama" was offering free drinks to Paul Thomas and Glenn Wilson.

APPRENTICE BROADCAST

by James Bird

The guardsmen had a wonderful week-end at the firing range. . . . Rosenhahn now has a new name, "Muscles." He had so much strength he pulled a wheel off of a tail stock on the lathe machine. . . . The Golf League had a wonderful day. Duke Doepeke had the best score, which was 44. Three of the fellows had 45. Jim Stroble is leading the league with points earned. . . . Paul Zook, who is on leave from the Air Force, stopped in for a visit. The fellows in Jim Capps electricity class want to thank him and Mrs. Capps for the wonderful chicken dinner Saturday night. . . . We wish a speedy recovery to Mrs. George Hockenberry. . . . Carl Johnson had a pleasant surprise when his son came home on an unexpected leave from the Air Force. . . . Don Konow, one of our veterans who just returned from Korea, re-entered the school last Tuesday. Welcome back.

and bounds. . . . Kitchen Casualty: Edna Ward dropped a kitchen stool on her toe. From latest reports it may be broken, but we hope not.

HERMAN URICH (right) receives a trophy from Joe Kramer, GE Club bowling chairman, for the three-game high for the season—668.

SHIPPING: The person you saw flying over Fort Wayne last Sunday was only Vera Poe, taking her first airplane ride. . . . Welcome to Donald Hoopingartner, the new duplicator. . . . Sarah Harris was entertained by a trucking crew company the other day for lunch. . . . Pat Davis and friends spent the week-end in Chicago. On Sunday they attended the stock car races. . . . TELEGRAPH: Dolores made a trip to Monroe, Mich., Sunday to visit her brother and sister-in-law, and, of course, little Herbie. . . . Joan is sporting a healthy complexion. She blames it on a game of golf. . . . We extend our sympathy to Joan Gusepohl whose grandfather died recently. . . . MAILING: Congratulations to Maurice Dawkins, who was married last Saturday. . . . Welcome to David Miller, the new mail boy.

May Heit left us last Friday to become a lady of leisure. After 35 years here at the GE, she is now on the retired list. She will be missed but we know that she will enjoy her leisure time. Come see us some time, May. . . . Glad to have Edna Rohrbach and Peg Phillips back at work after a siege of illness. . . . So sorry we misspelled Ruth Abel's name last week. . . . We want to welcome Arnold Lower, Mary Catherine Rupert, Dorothy Scherry, Leona Franke, Betty Reynolds, Billy Park, Margaret Miller, Betty Riley, June Roden, Kenneth Cookman, William Emerson, Ben Sensher, John Putman, Marshall McCarthy, Ades Winchester, Irene Miser, Delores Smeltzer, and Raymond Bloehaum to section 1. . . . Francis Harter's son graduated from high school and he is a son to be proud of. He won six awards. . . . Ralph Gilbert's son came up to see the fellows. He is home on leave from the Navy. . . . Why do John Figley's ears get so red when Sam mentions anything about that little mistake he made? His first in 10 years, too, and he will never be able to regain his reputation because he doesn't have 10 years left to do it in. . . . Bonnie Wolf is very happy. The expected arrival! It is a dark green Chevy sedan. Be sure and give her plenty of room because she doesn't want those fenders scratched. . . . We extend our sympathy to Wilbur Stocks on the death of his mother. . . . Glad Fred Castor is able to be back at work. . . .

The big boys on die cast wants to know where their cigars are from Bob Winkler. They still prefer cigars to candy bars. . . . Alma Welches went to Holland, Mich., Sunday, visited the tulip fields, and then went to the lake for a picnic. . . . Congratulations to Marilyn Norton and Ed Sprunger on their marriage last Wednesday at the Trinity Methodist Church. Esther Schladenhauggen, Vi Minnick, Joye Shroyer, Phyllis Dasewell, Marilyn Meyer, Bertha Meyer, and Olga Johnson attended the wedding. . . . We wish a speedy recovery to Mildred Cutchin and to Barbara Wright, who are on the sick list. . . . We are glad to see Ruby DeBolt and Doris Gass back with us again. . . . Francis Kuzeff has left us to keep house and be with her family. . . . Bonnie Kinerk has left us to go on third trick. . . . Welcome to Leota Haverstick. . . . Rose Liby and Marg Ulrick is wondering if the Company will clean house for them now that they have their cars cleaned. . . . Jean Young says she hopes the other people get the urge to clean up their place now that it is spring house cleaning time. . . . Oscar Schelper is in Seventh Heaven again. The Daisies are back in town. . . . Frank Beatty is a real story teller. He came to work with a burned place on his elbow and his face was all skinned up. Frank claims that it wasn't a cyclone that hit him, he only fell up the stairs. . . . Dallas Patton and Peg Ballinger had the best story. They went mushroom hunting Friday and brought back almost a bushel basket full. Of course, we didn't see them so we are just taking their word for it. . . . The plowing season is over for Bob Boone and he has his horse available for riding again. So, if you feel like riding just be Bob. For a small fee you can use his horse all day. . . . Some people oversleep just a few minutes, but when Tommy Williams oversleeps she comes in late a few hours. Good sleeping weather, wasn't it, Tom?

Ham League Practice

The Ham League has slated a practice with the GE Vets team for Monday, May 18, at 6:30 p.m. at Packard Park. The Ham Nine will also practice Wednesday, May 20, from 6 to 8 p.m. at Packard Park. Bill Schible, Bldg. 20-1, manages the team.

We hope Anita Carnahan's husband, who is in the Veterans Hospital for observation, gets out real soon. . . . Andy Bordner got a big surprise last week. His daughter and family came home from Joplyn, New Mexico. The grandson gave grandpa a rough time.

"Lost" and "Found" articles must be cleared through the Plant Protection Office, Bldg. 10-2, or the Plant receptionist, who will place the Ad-let and otherwise advertise the article.

No ad will be received over the telephone. Only one ad per employee may be inserted. Each ad must be limited to 20 words and cannot be repeated. All articles mentioned must be personal property of the employee. Ads will not be accepted unless accompanied by the name, pay number, and division of the employee. No plant building or telephone number may appear in any ad except transportation ads, only the home telephone number or address. Send all ads to G-E NEWS office, Bldg. 10-1.

CLOSING DATE
Monday Noon, May 18, 1953

LOST AND FOUND

LOST—Ten keys on a ring. Left in Bldg. 4-B men's rest room.

LOST—Brown leather billfold containing \$7 or \$8 in cash, registration card, driver's license, and other valuable papers. Lost between Lindley Ave. parking lot and Bldg. 31-2. Name James Preston on papers.

FOUND—Strand of pearl beads. Found in Bldg. 4-5.

FOUND—Gold earring with a green set. Turned in at Bldg. 18 gate.

FOUND—Three keys on chain with license tag No. DJ-2294 attached. Found in Bldg. 17-3.

FOUND—A lady's transparent coin purse containing some cash. Found in ladies' wash room at Taylor St.

FOUND—Pair green wool gloves with red and blue trim. Found in Broadway employment office.

FOUND—A silver earring with a fancy design dangling from it. Found in Broadway employment office.

FOUND—Pair tweezers. Found in ladies' rest room at Taylor St.

WANTED

DOG—Free. For two newsboys whose dog was stolen. Will give good care. A-49165.

CAR—1939 or '40 Chevrolet coach or four-door. Or any good pre-war car. Must be reasonable. Phone 46F13 Arcola.

BICYCLE—Girl's 20-inch. A-50764.

TYPEWRITER—Standard. Must not be older than 20 years, and in good condition. Reasonable. A-80503.

HOUSE—Or apartment, unfurnished, with two or three bedrooms. We have two children, age 9 and 11. A-99582 between 11 a.m. and 1 p.m.

TO RENT—Or sub-let, furnished apartment from June 1 to August 1 only. A-40375 evenings.

OUTBOARD MOTOR—Prefer a 3 to 6 h.p. motor. Please write stating horsepower, price, and make. Wendell Mann, Trailer Haven, Bueter Rd.

FOR SALE

CORNER LOT—122 front and 150 deep. Fairfield and Plaza. A-76523.

HOUSE—Five rooms and bath. \$6,600. 609 Poplar. H-17293.

LOTS—Any size wanted, on private lake. Located 10 1/2 miles north from courthouse on 427. Phone Huntertown 3125. John E. Howard.

BICYCLE—Girl's 20-inch. Excellent condition. H-82666.

FORMAL—Yellow. Worn twice. Like new. Suitable for bride's attendant or graduation. Size 12. Half price. H-76025 after 4 p.m.

MOTOR BIKE—Whizzer. Excellent condition. Reasonable. 2906 John St.

CAR—1951 Plymouth, four-door. Radio, heater. Good condition. Reasonable. K-3643.

TABLE—Mahogany drum, 29 inches in diameter. Two pair printed lined draperies. K-1588.

WATER HEATER—20-gallon Welsbach, gas. Good condition. Phone New Haven 4085.

WIRE FENCE—100 feet, double woven. 30 inches high. Used two seasons. A-35173.

PLAY PEN—Birch. Like new. \$10. H-8496.

SWEEPER—Upright GE, with attachments. \$20. E-60622.

OUTBOARD MOTOR—5 h.p. Johnson. 1948 model. \$90. H-02943.

WRIST WATCH—Mon's Hamilton 17-jewel. Five years old. K-4126.

FORMAL—Pink. Size 9. Worn once; \$7. H-69581.

BOAT—And trailer. Motor and a complete camping outfit, \$200. Can be seen at 1847 California Ave.

KITCHEN SINK—36 inches wide with double drain board, faucets and piping. In very good condition. H-26132.

DAVENPORT—Wine colored frieze. Good condition. Reasonable. 2022 1/2 Brooklyn Ave.

OUTBOARD MOTOR—5 h.p. Johnson. 1949 model. In very good condition. A-99435.

GAS RANGE—All white combination. Good condition. Reasonable. A-67533 from 7 to 11 a.m. and after 4:30 p.m.

BICYCLE—Girl's 26-inch. Excellent condition. A-36306.

OIL SPACE HEATER—Superflame, twin burner. Gray silvered finish, brass trim. Includes portable fan. \$70. H-76743.

DOG BED—Wicker. Like new. \$3. K-3312.

TABLE SAW—Eight-inch, with motor. Also six grave lots in Green Lawn Memorial Cemetery. H-60025.

BICYCLE—Girl's 26-inch Schwinn. Good condition. A-89343.

BABY KITTENS—10. Mother is Persian. I'd give 'em away but I don't want to hurt the mother's feelings. One cent each. H-81107.

HAND SAW—Mall electric. Six-inch, with extra blades. A bargain. H-02622.

FORMAL—Pink, strapless, net. Size 12. E-2063.

WATER HEATER—Excel oil burner. 40-gallon. \$50. H-19326, between 8 a.m. and 1:30 p.m.

GAS STOVE—Magic Chef table top. Good condition. \$50. 122 West Creighton Ave.

PERENNIALS—And annuals. All types. Wm. Schreiber. Phone 925-3 Bluffton.

OUTBOARD MOTOR—Scott. 1950. 7.5 h.p., shift. \$135. 3323 Parnell Ave.

WASHER—Taylor Jr. apartment size. K-1683.

BICYCLE—Girl's Schwinn. Standard size. Used one year, and practically new. H-59102.

FOR RENT

APARTMENT, UNFURNISHED—Girl to share 3 rooms and bath. All private. Walking distance to GE. H-48194.

UPPER DUPLEX—Unfurnished. Near GE. Water and heat furnished. \$50 a month. A-63292 or H-1445.

MISCELLANEOUS

SPECIAL BUS will run to time trials at Indianapolis, May 16 and 23. H-19780 or E-2702 for reservations.

TRANSPORTATION

RIDE WANTED—From Dunkleberg and Winchester Rd. to Taylor St. Days. H-17175.

RIDE WANTED—From St. Joe Center Rd. to Broadway. 7 a.m. to 3:30 p.m. Helen Stanley, Ext. 487. Bldg. 19-1.

RIDE WANTED—From Greenvine Ave. off Sandpoint Rd. to Taylor St. 6:48 a.m. to 3:18 p.m. H-37770.

As it is written, "There are three ages of man."

First, The Age of Innocence—when he thinks about the wicked things he planned to do.

Second, The Age of Accomplishment—when he does the wicked things he planned to do.

Third, The Age of Retrospection—when he thinks how wicked he was in the first stage and regrets the wicked things he didn't do in the second stage.

WINTER ST. JOTTINGS

Vern Sturm, who retired last Friday, will have to do a lot of explaining to the "little woman" about the lipstick. Vern received a kiss from Susie Jones and Millie Steward on his last day at work and then spent the rest of the day trying to get off the tell-tale marks. Seriously, we think Vern should be mentioned for having achieved an outstanding record. Thirty-three and one-half years with the Company and Vern was never late for work. This is really worthy of praise! . . . Question of the week: "Is Red Mathes nickname spelled Sunny or Sonny?" . . . These city ways have Bud Pfafman confused! When the pedestrian lights were first installed, Bud, while driving his car, kept watching the pedestrian light which said "wait"; so he did. Then, when the light changed and the pedestrian light said "walk," traffic was zooming through the intersection; he had to sit and wait some more. After the traffic was jammed behind him, the able assistance of an understanding policeman got Bud back on the beam; but, only after Bud was forced to get out of the car and do some explaining. . . . The flu germ made another sneak attack on Ivan Soles, forcing him back to bed, his medicine, and aches and pains. Hope you're better soon, Ivan. . . . Three visitors from Maumee, Ohio, made Mothers' Day complete at the Kenny Betts' house. The Betts' daughter, Aileen, and two sons, paid them a visit for Mothers' Day. . . . The enticing offer of two chairs with each GE television has almost convinced Walt Scherschel that he should return his set and get a new one. . . . Sleepy Head: The night-owl hours of prom night had a "dead-sleep" effect on Carl Jenkins' son. John was supposed to play with an orchestra at 10 o'clock; he slept right through the alarm, telephone calls, and finally was awakened when his parents came home at 11. . . . Photographer's Delight: If Louie Harber is "popping a few vest buttons this week, you can be sure he has every right to. His four grandchildren were pictured in the rotogravure section of the paper; one of the four included Louie's namesake, Louis, III. A wonderful family, Louie!

. . . A speedy recovery to Dale Thompson, who underwent an operation at the Lutheran hospital last Monday. . . . It's vacation time for Susie Jones this week. Susie will visit Detroit to attend the bowling tournament there. . . . Vern Gratts is in favor of making Winter Street a stop street so the employees in the GE parking lot can get out. Vern's automobile and the Norris' car had a "run-in" when Vern thought his plan for handling the traffic problem had already been put into effect. . . . Surprise Visit: A visit from John Fletter was all that we needed for proof that he's again feeling "fit as a fiddle." Clarence Crist, pensioner, also visited the Winter Street gang this week. From all appearances, pension seems to be agreeing very well with Clarence. . . . Thinking Don Anderson needed something to boost his morale after being off all week with a cold, the third floor decided to brighten his day by sending him a card. A Mothers' Day card. Such thoughtfulness! . . . Welcome: The welcome mat was spread out for two new girls in engineering. . . . Marna Wilson and Esther Winjie. Welcome to Winter St., girls! . . . Come quitting time, meal time draws closer and thoughts automatically turns to food. The No. 6 bus riders hear of the tempting meals that are being planned each evening by Jeanette Schuckel, Pat Schrader, Audrey Fankhouser, Dot Dobler, and other domestic-minded ladies. . . . A happy birthday: To Oscar Mensch, who did his birthday celebrating last Wednesday. We hope you have many, many more, Oscar. . . . After seeing the South Pacific production, the enthusiasm of Lucille McGahey convinced many that this was a "must-be-seen" show. . . . We heard more about Carole Calkin's dog last week than the popular "doggie in the window." The loss of her dog caused Carole much worry and fret. All's calm once again; the wandering dog has returned. . . . Do you need any help? Hands will be kept busy preparing for the move. Pat and Mel Schrader have purchased a house in Waynedale and are hoping to move in within 30 days. Any help will be appreciated. . . . After Pete Skole's experience in Waynedale, the testers are going to chip in to buy him a compass. He made a wrong turn at the light and found himself in Ossian instead of Fort Wayne. "Wrong-way Corrigan" had nothing on Pete! . . . The Big Search: If the time ever comes when it is necessary to engage scouts, we know two men that

won't even be considered for the job. These two are Paul Fremion and Kenny Betts. When a huge machine was moved in the CM Section, these two guys kept close tab on its progress. The next morning, wanting to know how far the machine had been moved after they had gone home, Kenny and Paul started scouting around looking for the king-sized machine without success. The whole shop was scoured without success and the pair finally gave up the search. Then wide-eyed Earl Norris walked a few yards from the trio's work place and found the machine setting in the open, as plain as day. . . . Florence Monnot may have created a new fashion trend last Sunday. She went to church with different colored earrings on. One was white; the other purple. Very sharp!

Raconteur

Section 14, Taylor St.
by Mary Whitelock

Carl Reynolds has a new streamlined, rubber-tired lawn mower but complains that it still takes manpower to push it around the yard. . . . Vern Daseler reports his wife, Esther, is in fine shape to roll the lawn and mow the grass. . . . Mel Warner is experimenting with a new brand of tobacco and we hope it has a blend of CO 2. That last fire he had in the upper left hand drawer caused quite a stir around here. . . . Fred Campbell is getting tired of these wet week-ends and billiards. He is getting anxious to limber up the golf sticks and get in some nickel skid games. . . . Clayton Culver has a new chair now and it's so comfortable he needs an alarm clock to keep him awake. . . . GOOD-BY to Irene Anderson who leaves the winding section for a full-time job of housekeeping. . . . CONGRATULATIONS TO: Harold Butz and his wife. It's a boy! . . . Mrs. Herb Kellmermeier for winning a barrel of gasoline last week at the new Marathon station, corner of State and Spy Run. You lucky gal! . . . Mr. and Mrs. Walter Holloway on the ownership of a new Super Buick. They have been looking forward to miles of carefree driving for a long time. . . . Members of Division 14 championship bowling team for those bright and shiny belt buckles they were awarded. The lucky guys are Paul Smith, Earl Strong, Mike Brayer, Herb Habig, and Eldon Vosburgh. . . . Fred Vogt (The Goat) on the ownership of such a dazzling, golden trophy. . . . Paul Bernau on winning the consolation bowling pin, an inch and a half high on a suitable base, because he rolled a 77 game last February 19. . . . Margaret Cowan on her delicious gum drop cookies. . . . Harold Brenner for winning the check pool. . . . WELCOME TO: LeRoy Stevens, Violet Sapp, and Alma (Browneyes) Barnes to the winding section. . . . Edith Niemeyer and Joan Brackman to the switch section. . . . WONDERING IF: Herb Lindenburg will ever sit down on any more tote boxes. . . . Dorothy Klug will remember she has an umbrella in case someone wants to borrow it. . . . Fred Vogt will find it necessary to use the mallet during next year's bowling season. . . . Ivan Osterman will ever get back to the golden west. . . . Alma Barnes will ever learn to ride a bicycle.

A train of thought is all right if it doesn't develop into a midnight express.

"Our Cecil is not like other children. He lives in a little world all his own!"

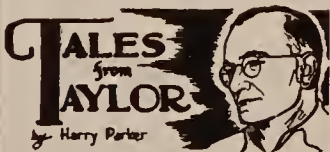

Our thanks to Thelma Kouder, our star reporter. It would be a rough job gathering news without her able assistance. . . . At the Elex Mother and Daughter Luncheon bouquets were given to Joan Armstrong's mother, for being the youngest mother present, and to her grandmother, for being a member of a third generation. . . . Rosemary Diem is forever dropping or losing something. This time it was an earring. You had better be careful or you will get housemaid's knee searching for your lost belongings. Esther Weeks is just as bad. She saw something lying on the floor and gave it a kick. She was soon seen sprawling after her favorite stick of cologne that had dropped from her purse. . . . Victor Wiegand and Harry Hedglin have developed an interest in the Madams of the Mat after witnessing a hair pulling contest by several females outside a Main Street Tavern on the way to work. The boys didn't intervene or probably would have come to work scalped. . . . Joan Armstrong, Bea Webster, and Bill Jones have really been putting each other on about serving sandwiches. Well, the girls finally came through with a large juicy hamburger for Bill and he in turn brought them a potent limburger. Hope the mice enjoy the cheese better than the girls. . . . Esther Verahaogen certainly has a dazzling smile. I'm sure you've noticed, too, as the traffic cop did. He let her off with just a warning notice after stopping her for speeding. Better drive within the limits, Esther, it might not always work. . . . Esther Johnson has some lovely new specs. In fact she likes them so well she got sun glasses to match, thanks to her thoughtful husband. . . . Thelma Kouder makes tea instead of coffee or so Simon Burge and Kenny Beery say. They complained about it being weak but finally decided if it could keep them awake it must be strong. . . . Happy birthday to Ginny Curtis, who celebrates today. . . . Welcome to our new doll, Mary Sue McGahey. . . . Bye to Howard Louthan, going on days. . . . Farewell to Violet Smith and Hilda Bander, who are returning to Bldg. 4-3. . . . Edward J. Farrell has a slight case of dropsy. When leaving the K and J recently he dropped, unknowingly, his favorite brand of stogies. A couple of his feminine co-workers retrieved them and required Ed to give positive identification before he could enjoy his after dinner smoke. . . . The shortest way around is the longest way home. This did not hold true in the case of Pedro Guiterrez. After Bill Winders had carefully told him how to get to Monroeville, gave him the distance, etc., Pedro returned the next day and said after driving 214 miles he still couldn't find the fair city. Next time take a guide, my boy. . . . Ginny Curtis came to work the other day loaded. Now don't draw any hasty conclusions. She had her thermos, umbrella, jacket, in fact all essentials but her purse. She borrowed money for a coke and Walter Wohlford opened her locker. Friend husband brought her purse in time for lunch. Such is the life of a busy lady. . . . Well, our good friend Ivy will be back on the job next week. In the meantime, thanks for all your help in keeping Flying High doing just that.

40 YEARS WITH GENERAL ELECTRIC—Joseph Wyss (seated left) earned the right to wear the ruby General Electric service pin this month, as he reached his 40th GE anniversary. Mr. Wyss joined the Company in 1913 as a punch press operator and is now a foreman in GAC Sub-Section 13 at Taylor St. Fred Schafenacker is seated at right. Standing (l-r) are H. E. Koehlinger, George Rakers, George App, and Jerry Smith.

The Birthday Club held a picnic and wiener roast in Foster Park. At which time Virginia Philo was elected president. The girls with the birthdays were: Dorothy Askren, Joan Murphy, and Joyce Horstmeyer. The hostess for this month was Carolyn Snoke. . . . George Soule is now qualified to join the "Hell Drivers." He can roll his car over three times and still walk away from it. Better take it easy, George, you may not be so lucky next time. . . . Ruth Susdorf has learned a new way to shampoo her hair. She went to see South Pacific. . . . Marinell Fry and her husband are busy getting moved into their new home. The nice part of it is, they will own it some day. . . . On our sick list this week is Wally McKay, who is hantling the flu bug.

Ralph Dunlap purchased a truck load of flagstones with which to line and beautify his driveway. Arriving home after work there was the load of stone. He was a little tired and not much in the mood for placing them, so he proceeded to gather together all of the young boys of the neighborhood. He put them on the task of placing the stones while he sat on a chair and watched them. After the job was completed he retired to the living room and stretched out on the davenport, intending to stay there until his wife, who was down town, called him to come pick her up. She tried time and again to get him on the phone but no answer. Finally, giving up, she called her brother, who picked her up and took her home. There she found Ralphie in a deep sleep. Evidently he was worn out from

watching the boys do the work he should have done. . . . Anyone interested in having their laundry done while at work should contact Wendell Neirman, who will do the job for them in an expert manner. He intends to specialize in work trousers. These he will wash and press for a nominal fee. He tells us that you must be pleased with his work, otherwise, no charge will be made. So, if any of you are interested in having your trousers cleaned up in a speedy and efficient manner contact Wendell, who will be only too glad to serve you. . . . Howard (Three Bottom) Harold gave Bruce (Cow Poke) Martin a tip that a lot of yearling calves were being given away over the northern part of

the state to anyone who would call for them. Now, Bruce, being interested in building up his herd, bought newspapers from all of the larger cities in this part of the state. He spent hours scanning these publications but failed to locate any advertisements where the young beef was being given away. He is just a bit skeptical about the truth of Howard's statement. . . . Preston Hille is up to his old tricks again. That is, eating dinner with his hat on. One day last week the cafeteria manager removed the hat from his head which did not seem to bother him in the least. Quite a number of the boys are of the opinion that Edna had better come back to work in order to keep Preston in line.

ROUNDS OUT 30 YEARS—Rounding out 30 years of service with the General Electric Company this month was Wayne Michelfelder (left). Mr. Michelfelder joined GE in 1922 as a bench hand and is currently a bullard operator at Winter St. Congratulating him are Otto Figel (center) and Fred Zurcher.

You have heard the song, "Singing in the Rain," but did you ever see anyone dancing in the rain? Well, that's exactly what Mr. and Mrs. Leo Elward were doing last week at the street lighting celebration on Brackenridge St. Leo said they were just waiting to win a prize. . . . If anyone has an idea for a rabbit trap they had better get in contact with Bill Brandt before he kills them off. He is having a bit of trouble. The rabbits are eating his cabbages as soon as he plants them. . . . Birthday greetings to Lawson Cox on the 12th and to Orval Doherty on the 16th. . . . When Skeeter Johnson goes hunting for mushrooms he finds a nice wet place surrounding a tree stump and just waits for the mushrooms to grow. He said his haul for the day was sixty. This tall tale is too far beyond realism to believe. . . . The Birthday Club boys appreciated the cake from Joe Taylor but they were a little disappointed in the decorations. Joe said he had quite a time finding the appropriate kind but finally did at a novelty store. . . . The golf league started last Wednesday (May 13) with Dick Hensler, Bill Irwin, Ray Kirk, and Don Pappert taking the first tee. Richard Quinn and Clarence Kreischer complete the roster, but only four men participate in one evening. . . . It looks like Mr. Arnold and Mr. Kierspe even rate on Mothers' Day. They each received cards on Monday.

Have you noticed the new style of glasses Doris Coddens is wearing? They look like something one would wear to a three-dimension movie. . . . Peace and quiet reigned temporarily in the hermetic winding section. Mary Odom lost her voice and was only able to whisper to her co-workers. But there are many husbands who would welcome such a situation. . . . Florence Cochran's husband is home on leave from the Navy. . . . Welcome to Dorothy Ley, who has joined the ignition assemblers. . . . Smitty had real cause to celebrate his birthday last week. He became a proud grandfather the same day. Smitty was treated to a potluck. . . . Gladys Bracht started out to work with two different shoes on. She discovered the mistake while starting her car. . . . Perhaps if Mary Blanchard had stopped to read the directions on the bottle of car wash she purchased, it would have been less expensive. Mary used the entire bottle, costing 99 cents, for the job. That was about 30 car washes, Mary. . . . If we can believe all Spike Wickliffe and Kenny Fisher say about mushrooms, they are the champion mushroom hunters. . . . Gladys Williams tried her hand at mushroom hunting, that is, until she saw a snake. Right then and there the project ended for her. . . . **DAFFY DEFINITIONS:** Coupe—Where you often find a chick. Dandruff—Just something trying to get ahead. Railroad Crossing—To which, if you race a train and it's a tie—you lose. Sexes—Male, female, and insects.

ENTIRE FORT WAYNE PLANT EARNS SAFETY AWARD OF MERIT FOR 1952

CLERGY TOUR GE—Among clergymen attending the Business-Industry-Education Religion Day program at the Fort Wayne plant this week were Rev. Walter C. Birkner, second from right, and Rev. W. Harlan Smith, right, who are watching rotor inspection performed by Mary Beaman, Bldg. 17-2. At left is Wallace McKay, Bldg. 2-2, who conducted the tour.

Employees Achieve Month of Million Man-Hours Without Disabling Injury

Employee achievement of more than 1 million man hours without a disabling injury in the Fort Wayne plant during one month of 1952 was honored this week by the National Safety Council, when announcement of presentation of the Award of Merit to the entire plant was received.

From February 4, 1952 to March 7, 1952, the approximate 11,000 employees of the Fort Wayne plant amassed a total of 1,457,960 man hours without a disabling injury.

In announcing the award, National Safety Council president Ned H. Dearborn extended "the heartiest and very special congratulations of the directors and staff of the Council on your fine safety performance—truly a job well done."

Three branch plants received awards of merit from the Council this week also for their records of more than 1,000,000 man hours without a disabling injury.

The plants and the records they chalked up are: DeKalb, 2,996,040 man hours from June 2, 1950 to December 10, 1952; Tiffin, 1,569,680 from September 1, 1951 to December 31, 1952; and Danville, 1,356,800 from September 8, 1951 to September 6, 1952.

The award plaques will be suitably inscribed and sent to the four plants at a later date.

SERVICES FUND GIVES \$21,201 TO UNITED FUND DURING FIRST QUARTER

Fort Wayne GE employees have contributed \$21,201.12 to the United Fund of Allen County during the period of Jan. 1, 1953 to March 31, 1953. H. B. Leach, treasurer, reported this week.

In the quarterly statement, the treasurer reported total contributions to the Fund, representing amounts deducted from salaries and wages earned by members and cash payments by members during this period was \$22,569.98.

The balance of contributions not yet disbursed is \$1,368.86.

GE Club Chorus Announces Plans For Reorganizing

Reorganization of the Fort Wayne plant General Electric Chorus under the direction of William Davies has been announced by Warren Berkheiser, chorus president.

Open to all city GE employees interested in choral work, the group is conducting practice sessions Tuesday evenings at the South Wayne U. B. Church beginning at 6:45 p.m.

Persons interested in joining the group may either attend the practices or contact Mr. Berkheiser on Ext. 2341, he stated. Plans are to stage rehearsals every week throughout the summer in order to prepare for the fall season. There will be a limited number of summer performances also, the president reported.

The present roster includes 25 employees.

GE War Veterans Plan Memorial Day Service

The General Electric War Veterans' 1953 Memorial service will be conducted Friday, May 29, on the Broadway west side grounds, Robert Turschman, president, announced today.

Beginning at 12 o'clock noon, the half-hour service has been planned by co-chairmen Clayton Schultz and Mahlon M. Grubbs, and the following committee, Raymond Belschner, William Hanley, Bud Curtis, and Herbert Koch.

Former members of the Armed Forces in the Fort Wayne plant are invited to participate in the service to which all employees are invited, the co-chairmen stated. Insofar as possible, the military men have been asked to attend the ceremony in uniform.

The following schedule for the

1953 Memorial service has been revealed:

Post colors, by color guard.

Introduction of Ab Martin, master of ceremonies.

Welcome to all for GE Veterans.

Invocation by Father Schoude, St. Therese Little Flower Catholic Church, Waynedale.

Address by Rabbi Frederic A. Doppelt, the Jewish Temple.

Placing of two wreaths by two GE veterans during period of silence.

Taps, the bugler.

Firing Squad by American Legion Post 47.

Benediction by the Rev. Russell E. Palmer, West Creighton Ave. Christian Church.

One minute period of silence in prayer.

Retrieve colors.

FULL-TIME OPERATION—Beginning Monday, the Employee Store repair section in Bldg. 8-1 will be operated on a regular five-day, eight-hour schedule to bring employees faster service. John Crocker, who is shown checking in parts, is the service man in the section, which previously operated on a part-time basis.

WHY AREN'T HOLIDAYS STANDARDIZED?

QUESTION:

I would like to know why holidays throughout the GE plants are not standardized. In the East, literally speaking, they have a holiday every time it rains.

ANSWER:

There are actually different kinds of holidays. There are the universal kind such as Christmas and New Year's; national holidays which are set aside by presidential proclamation, such as Thanksgiving; holidays set aside by proclamation of the State Governor, such as Bunker Hill Day in Massachusetts; and religious holidays established by churches. Therefore, it would not seem feasible to standardize holidays as you state in your question.

The recognition of certain holidays to be paid for, however, is uniform in the various contracts the General Electric Company has with over 80 different unions throughout the country.

COMPLAINS ABOUT EMPLOYEE STORE PURCHASE

QUESTION:

Why is it if an employee buys a General Electric product and it doesn't work (a toaster) they will refund your money, but won't let you buy another toaster?

ANSWER:

We have checked into your case and found that you did not wish to wait until your appliance was checked for the defect. If you had waited, you would not have had to have your money refunded, because as it turned out, your appliance was defective and would have been replaced with no inconvenience to you.

I think perhaps we should call attention to the warranty which states that any part which proves to be defective in material or workmanship will be replaced. The warranty does not state that the appliance will be replaced nor that your money will be refunded. In almost all cases, the Employee Store goes beyond the warranty and replaces the entire appliance; but first, purchasers must give the Store a chance to check the appliance to make certain it is defective or if the trouble is simply that purchasers don't understand how it works, as is often the case.

WHERE TO HAVE INSURANCE POLICIES APPRAISED

QUESTION:

I would like information about where or to whom I may take my insurance policies to have them appraised as to how much value they will be to my wife, when widowed. I'm retired, some of the policies lose value.

ANSWER:

If you are a retired employee, you may take your insurance policy to G. H. Waldschmidt, Bldg. 18-1, and he will tell you how much your policy will be worth to your wife when she is widowed. Those employees who retired prior to Dec. 1, 1950 come under the old plan. Including this date after, all other persons come under the new insurance plan.

ANOTHER TV QUESTION

QUESTION:

I would like more information about a full 70 channel UHF converter for inside a 1953 GE television set. Is GE going to make one or not, and if not, why not, as most people will want more than three UHF channels.

ANSWER:

There is no GE 70 channel UHF converter available for current GE model TV sets. However, GE's UHF 70 combination three channel and all channel UHF converter will be announced later in connection with the new 1953 GE television line to be tentatively revealed in May. The UHF 70 combination will be for use with sets having "F" or "EE" chassis. Current models can be converted with present three channel translator.

ASKS ABOUT SOCIAL SECURITY

QUESTION:

I have worked and paid into social security since it started. I will be entitled to draw at age 65. Will I be entitled to one-half of my husband's also?

ANSWER:

No, you cannot draw both your own social security and half of your husband's. If you have worked and paid into Social Security since it started, you are entitled to draw at age 65 either on your own amount or one-half of your husband's amount, whichever is the greater.
